8. Treatment of a transfer of income-

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

— For transfers of individual income payments, the agency will impose partial month penalty periods using the methodology selected in 6. above.

X For transfers of the right to an income stream, the agency will base the penalty period on the combined actuarial value of all payments transferred.

9. Imposition of a penalty would work an undue hardship--

The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would work an undue hardship. The agency will use the following criteria in making undue hardship determinations:
