Dear State Medicaid Director:

The purpose of this letter is to call your attention to four Defense Enrollment Eligibility Reporting System (DEERS) related items of considerable importance to the Center for Medicaid and State Operations (CMSO) and to your State. They are:

1. 1999 DEERS data match schedule for States;
2. DEERS On-Line Access;
3. Electronic Media Claims (EMC) Submissions; and
4. Where to file TRICARE [formerly known as Civilian Health and Medical Program of the Uniformed Services (CHAMPUS)] claims.

DEERS Data Match Schedule

The schedule for data matches between DEERS and the State Medicaid agencies for calendar year 1999 is attached for your information. Please forward a copy of this notice to the appropriate staff or contractor personnel responsible for conducting this data match. If there is a need for any change or modification to the schedule as it now stands, please contact the CMSO staff person identified later in this letter.

The DEERS is to receive a computer tape or cartridge (cartridge is the preferred media) from each State one week before the assigned match date. The cartridge or tape as well as the external package should be labeled indicating the originating source and appropriate contact persons. Be sure to show the name of the State contact even if a contractor is performing the match. A transmittal sheet should be included in the package showing the contact person's name, address and phone number, State contact and phone number, media type, and number of records.

Permanent State code numbers have been assigned for use in positions 2-3 of the DEERS State Query Record. Please ensure use of the numbers indicated on the enclosed match schedule. Also, cartridges received by DEERS should contain, at a minimum, the social security number, name, date of birth, and address for each Medicaid eligible who is suspected to have TRICARE/ CHAMPUS eligibility. Only those beneficiaries who are suspected of having TRICARE/ CHAMPUS eligibility are to be sent to DEERS to be matched. There is no set order in which the records need to be sequenced, but social security number ascending order is preferred. Cartridges should be mailed to:

DEERS On-Line Access

For the purpose of verifying eligibility and coverage periods for TRICARE/CHAMPUS eligibles, States can supplement the DEERS data match by having ongoing on-line access to the DEERS database. On-line access is particularly helpful in situations where claims have been rejected by the TRICARE claims processor and additional information is needed from the DEERS database before resubmitting the claim.

In order to participate, State agency staff need to contact Ms. Dianne Hadley, Chief, Medical Requirements Branch, at the DEERS/RAPIDS Program Office at the Defense Manpower Data Center in Arlington, Virginia, and request to participate in the on-line process. Ms. Hadley can be reached at (703) 696-6771/5865.

User identifications and passwords will be assigned by DEERS. Questions or problems accessing on-line to DEERS

should be made directly to the DEERS field service representative in your area. If you do not know the field service representative for your area, call (703) 578-5211 and ask for the name and phone number of the representative who services your area.

A copy of your cover letter and completed application forms should also be mailed, or faxed to Joe Dulany at the following address:

If you are not using on-line access, I urge you to make application today to use this enhancement.

Electronic Media Claims (EMC)

In order for you to process claims via EMC you must first have on-line access to the DEERS database to verify eligibility. On-line accessibility facilitates prior verification of eligibility and coverage from the DEERS database and can reduce the likelihood of denials when claims are submitted to the TRICARE claims processor.

Since TRICARE claims processors are using proprietary formats for EMC processing, we urge you to make contact with the claims processor handling claims from your State now to begin the process of conversion to EMC processing. Currently there are two claims processing contractors handling claims for all TRICARE Regions worldwide. Points of contact for EMC at the two claims processing contractors are as follows:

Palmetto Government Benefits Administrators

Mr. Rob Root

(800) 288-2227 extension 66087

Wisconsin Physician Services

Ms. Marcia Green

(608) 221-5056

Where to File TRICARE/CHAMPUS Claims

The TRICARE Management Activity - Aurora, formerly the Office of Civilian Health and Medical Program of the Uniformed Services (OCHAMPUS) maintains a home page at <http://www.ochampus.mil>. Under the "Related Sites" heading you can identify the claims processor that handles claims for your State.

If your staff needs assistance with any TRICARE/CHAMPUS/Medicaid matter they should contact Joe Dulany at (410) 786-0665 or e-mail jdulany@hcfa.gov or Sandy White for claims resolution/dispute resolution at (303) 844-2121 extension 376 or e-mail swhite2@hcfa.gov.

Sincerely,

Sally Richardson
