NATIONAL SUMMARY of
STATE MEDICAID MANAGED
CARE PROGRAMS

PROGRAM DESCRIPTIONS
AS OF JULY 1, 2012
2012 NATIONAL SUMMARY OF
STATE MEDICAID MANAGED CARE PROGRAMS

PROGRAM DESCRIPTIONS AS OF JULY 1, 2012

The National Summary of State Medicaid Managed Care Programs is composed annually by the Data and Systems Group (DSG) of the Centers for Medicare & Medicaid Services (CMS). The report provides descriptions of the States’ Medicaid managed care programs as of July 1, 2012. The data was collected from State Medicaid Agencies and CMS Regional Offices, and submitted for final review to DSG, The Children and Adults Health Programs Group (CAHPG), and Disabled and Elderly Health Program Group (DEHPG) and CMS Regional Offices.

Please contact Loan Swisher at 410-786-4650; e-mail: loan.swisher@cms.hhs.gov or Arun Natarajan at 410-786-7455; e-mail arun.natarajan@cms.hhs.gov if you have any questions concerning this report.

- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Obstetricians/Gynecologists
- Rural Health Centers (RHCs)

Enrollment
ALABAMA
Maternity Care Program

ADDITIONAL INFORMATION
The reimbursement methodology for the maternity program is capitated to a health entity assigned in each district throughout the State. State contracts with a primary contractor that enters into a contractual agreement with each maternity subcontractor serving the district. The providers are paid a fee once the woman delivers. The primary contractor is responsible for submitting a claim for payment. Upon receipt of payment from Medicaid, the primary contractor pays all subcontractors involved in the woman’s care.

Maternity Care primary contractors are reimbursed by a contracted global fee.

HEDIS measure listed for Medicaid

**Encounter Data**

**Collection: Requirements:**
-Must meet normal editing/auditing processes as other

**Collections - Submission Specifications:**
None

**Collection: Standardized Forms:**
None

**Validation - Methods:**
-Automated edits of key fields used for calculation (e.g. codes within an allowable range)

**PAHP conducts data accuracy check(s) on specified data elements:**
-Date of Service
-Provider ID
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes
-Revenue Codes
-Age-appropriate diagnosis/procedure
-Gender-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
No

**Performance Measures**

**Process Quality:**
None

**Health Status/Outcomes Quality:**
-Patient satisfaction with care
-Percentage of low birth weight infants

**Access/Availability of Care:**
-Access to subcontractors who are 50 miles/50 minutes of recipient

**Use of Services/Utilization:**
-Percentage of women who began prenatal care during first 13 weeks of pregnancy
-Percentage of women who enroll when already pregnant, who begin prenatal care within 6 weeks after enrolling
-Percentage of women with live births who had post-partum visit between 21-56 days after delivery
-Percentage who have recommended number of pre-natal visits per ACOG

**Health Plan Stability/ Financial/Cost of Care:**
None

**Health Plan/ Provider Characteristics:**
None

**Beneficiary Characteristics:**
None

**Performance Measures - Others:**
None

**Performance Improvement Projects**

**Project Requirements:**
-Multiple, but not all, PAHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.
-Individual PAHPs are required to conduct a project prescribed by the State Medicaid agency

**Clinical Topics:**
-Less than 39 week deliveries for Non-Medically indicated reasons
-Low birth-weight baby
-Pre-natal care
-Smoking prevention and cessation
Non-Clinical Topics:
- Appeals, grievances and other complaints
- Availability, accessibility & cultural competency of services
- Interpersonal aspects of care

QMBs for whom Medicaid pays only the Medicare premium and/or Medicare coinsurance and deductibles
SLMB, QI, and QDWI

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Non-Emergency Transportation

ADDITIONAL INFORMATION

Special Needs Children (State defined) are children with special needs due to physical and/or mental illnesses and foster care children who are categorically eligible.

QUALITY ACTIVITIES FOR PAHP

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Monitoring of PAHP Standards
- On-Site Reviews
- PAHP Standards (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures

Consumer Self-Report Data:
- State-developed Survey
Arkansas Non-Emergency Transportation

- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Requirements for PAHPs to collect and maintain encounter data
- Standards to ensure complete, accurate, timely encounter data submission

Collections - Submission Specifications:
None

Collection: Standardized Forms:
None

Validation - Methods:
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PAHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across PAHPs

PAHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility

State conducts general data completeness assessments:
Yes

Standards/Accreditation

PAHP Standards:
- State-Developed/Specified Standards

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1915(b) - Waiver Program

Statutes Utilized: 1915(b)(4), Selective Contracting

Enrollment Broker: No

Sections of Title XIX Waived:
-1902(a)(23) Freedom of Choice
-1902(a)(4) Proper and Efficient Administration of the State Plan

For All Areas Phased-In: No

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

Guaranteed Eligibility: None

SERVICE DELIVERY

Transportation PAHP - Flat Rate Per Ride

Service Delivery

Included Services: Non-Emergency Transportation

Allowable PCPs: Not applicable, contractors not required to identify PCPs

Enrollment

Populations Voluntarily Enrolled:
- Aged and Related Populations
- American Indian/Alaska Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Medically Needy
- Presumptively Eligible Pregnant Women
- Section 1931 Adults and Related Populations

Populations Mandatorily Enrolled: None
The 1915(b) authority is used to selectively contract for non-emergency transportation services with the Commission for the Transportation Disadvantaged. The reimbursement arrangement is given in a lump sum, twice a month for non-emergency transportation. This program does not meet the definition of capitation because the fixed rate is not tied to the number of riders, but rather is a fixed rate over a period of time regardless of the number of riders. Foster Care Children receiving medical care are voluntarily enrolled. Special Needs Children (State defined) are children classified as SSI. Under included populations SOBRA Pregnant Women is different than Presumptively Eligible Pregnant Women (PEPW). SOBRA and PEPW are two different programs. SOBRA is a program for women who are not pregnant. PEPW is for women who may be pregnant, but who have not confirmed their pregnancy yet (i.e., waiting to see a doctor, etc.).

Medicare Dual Eligibles Included: None
Medicare Dual Eligibles Excluded: Exclude all categories of Medicare Dual Eligibles

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

The Commission for the Transportation of the Disadvantaged

ADDITIONAL INFORMATION

The 1915(b) authority is used to selectively contract for non-emergency transportation services with the Commission for the Transportation Disadvantaged. The commission subcontracts with a single community transportation coordinator in each county. The reimbursement arrangement is given in a lump sum, twice a month for non-emergency transportation. This program does not meet the definition of capitation because the fixed rate is not tied to the number of riders, but rather is a fixed rate over a period of time regardless of the number of riders. Foster Care Children receiving medical care are voluntarily enrolled. Special Needs Children (State defined) are children classified as SSI. Under included populations SOBRA Pregnant Women is different than Presumptively Eligible Pregnant Women (PEPW). SOBRA and PEPW are two different programs. SOBRA is a program for women who are not pregnant. PEPW is for women who may be pregnant, but who have not confirmed their pregnancy yet (i.e., waiting to see a doctor, etc.).

Program Includes People with Complex (Special) Needs:
Yes
The Disease Management PAHP is specifically for persons with one or more of the following diseases: HIV/AIDS and Hemophilia. The Disease Management program reimbursement arrangement is per member per month.

PCCM enrollees receive mental health services through a capitated arrangement.

The Shared Savings Model is mostly Fee-for-Service but administrative costs are risk captitation. Excluded Populations: Under 21 residing in a Nursing Facility or ICF/MR. Community mental health services are provided in area 6 only. Reimbursement is varied throughout the program. Some vendors are paid on a per member per month basis and others are paid on a capitated basis.

All eligible children 18 to 20 years of age are mandatory for the prepaid dental health plans.

Quality Activities are not performed under the Medical-only PAHP section of this program.

FFS/Administrative Fee

**State Quality Assessment and Improvement**

**Activities:**
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)

**Use of Collected Data:**
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
FLORIDA
Managed Health Care

- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child Medicaid SSI Questionnaire
- MCO Member Satisfaction Surveys
- State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment

State conducts general data completeness assessments:
- Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Adults Access to Preventive/Ambulatory Health Services (AAP)
- Ambulatory Care
- Annual Dental Visits

Health Status/Outcomes Quality:
- Controlling High Blood Pressure (CBP)
- Patient satisfaction with care

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Breast Cancer Screening
- Child Health Checkups
- Clinical Health Care Disparities - Blood Lead Screening African American Children
- Follow-up After Discharge From Mental Health Acute Care Facility
- Improving Ambulatory Follow-up Appointments After Discharge from Inpatient Mental Health Treatment
- Improving Annual Dental Visits
- Seven and 30-day Follow-ups for Hospitalization for Mental Health
## FLORIDA
### Managed Health Care

- Timeliness of Prenatal Care
- Well Child Visits in the First 15 Months of Life - Six or More Visits

### Non-Clinical Topics:
- Behavioral Health Discharge Planning
- ER Utilization
- First Call Resolution
- Improving Member Satisfaction with Customer Service
- Language and Culturally Appropriate Access to Preventive Health Care Services
- Member Balance-Billing
- Member Service Call Answer Timeliness and Call Abandonment Rate
- Quality Assessment and Performance Improvement (QAPI)
- Timeliness of Service

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Adults access to Preventative/Ambulatory Health Services
- Ambulatory Care
- Annual Dental Visits
- Antidepressant medication management
- Appropriate Testing for Children with Paryngitis
- BMI Assessment
- Breast Cancer screening rate
- Cervical cancer screening rate
- Childhood Immunization Status (CIS) - Combo 2 and 3
- Chlamydia screening in women
- Controlling high blood pressure
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of HIV Disease Monitoring Lab Tests (CD4 and VL)
- Highly Active Antiretroviral Treatment (HAART)
- HIV-Related Medical Visits (HIVV)
- Immunizations for adolescents
- Inhibitors/Angiotensin Receptor Blocker (ARB) Therapy (ACE)
- Lead screening rate
- Lipid Profile Annually (LPA)
- Mental Health Readmission Rate
- Mental Health Readmission Rate
- Prenatal and Postpartum Care
- Prenatal Care Frequency
- Transportation Availability
- Transportation Timeliness
- Use of angiotensin-converting Enzyme
- Use of Appropriate Medications for people with asthma (ASM)
- Well-child care visit rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Controlling High Blood Pressure
- Patient satisfaction with Care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Annual Dental Visit
- Call Answer Timeliness
- Children's access to primary care practitioners
- Prenatal and Postpartum Care

Use of Services/Utilization:
- Adolescent well-care visit (AWC)
- Emergency Room visits/10,000 beneficiary
- Well-child care visit rates in 3, 4, 5, and 6 yrs of life
- Well-Child care visit rates in first 15months of life

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child Medicaid SSI Questionnaire
  - Child with Special Needs Questionnaire

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission
**Kentucky Managed Care Organization Program**

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

**State conducts general data completeness assessments:**
Yes

**Performance Measures**

**Process Quality:**
- Adolescent immunization rate
- Adolescent well-care visit rate
- Antidepressant medication management
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Colorectal Cancer Screening
- Controlling high blood pressure
- Dental services
- Depression management/care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

**Health Status/Outcomes Quality:**
- Mortality rates
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

**Access/Availability of Care:**
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of home health visits per beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Percentage of beneficiaries with at least one dental visit

**Health Plan Stability/ Financial/Cost of Care:**
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Net income
- Net worth

**Health Plan/ Provider Characteristics:**
- Board Certification
- Languages Spoken (other than English)
- Provider turnover
KENTUCKY
Kentucky Managed Care Organization Program

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Cervical cancer screening (Pap Test)
- Dental Care Children with SHCN
- Depression management
- Emergency Room service utilization
- Pharmacy management (including psychotropic)
- Reduction of Inappropriate Prescribed Antibiotics in Children
- Smoking prevention and cessation

Non-Clinical Topics:
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

Standards/Accreditation

MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards
- URAC Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Island Peer Review Organization

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Assessment of MCO information systems
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

None

Guaranteed Eligibility: No guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Ambulance, Blood Lead Testing, Case Management, Certified Mid-wife Services, Certified Pediatric and Family Nurse Practitioner, Chiropractic, Diagnostic Lab, X-Ray, and other imaging services, Disease Management, Durable Medical Equipment and Supplies, Emergency, End Stage Renal Disease Services, Family Planning, Health Education, Hearing, Hearing Aid for enrollee under 21 years of age, Home Health, Hospice, Immunization, Inpatient Hospital, Intermittent or Short-term Restorative or Rehab Skilled Nursing Care, Medically Necessary Weight Reduction Services, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outreach, Parenting and Birthing Classes, Pharmacy, Physical Therapy, Physician/Practitioner, Podiatry, Prosthetics and Orthotics, Speech/Language Therapy, Tobacco Cessation Treatment, Transplant, Transportation, Treatment for STDs, Vision, Well Child/EPSDT

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Nurse Practitioners
-Obstetricians/Gynecologists
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Physician assistants
Enrollment

Populations Voluntarily Enrolled:
- Medicare Dual Eligibles

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations

Subpopulations Excluded from Otherwise Included Populations:
- Children in child care institutions
- Enrolled in Another Managed Care Program
- Other insurance (HMO or PPO only)
- Participate in HCBS Waiver
- Persons disenrolled due to special disenrollment or medical exception
- Persons enrolled in CSHCS
- Persons in PACE
- Persons in Repatriate Assistance Program
- Persons in Traumatic Brain Injury Program
- Persons incarcerated
- Persons on Refugee Assistance
- Persons in Repatriate Assistance Program
- Persons incarcerated
- Persons on Refugee Assistance
- Persons without full medicaid coverage, including those in the state medical program or pluscare
- Reside in Nursing Facility or ICF/MR
- Spenddown

Lock-In Provision:
12 month lock-in

Medicare Dual Eligibles Included:
Include all categories of Medicare Dual Eligibles

Medicare Dual Eligibles Excluded:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

Outpatient Mental Health services are limited to twenty (20) visits per contract year.

As of October 1, 2011, Physicians Health Plan of Mid Michigan - FamilyCare changed its name to Physicians Health Plan - FamilyCare.

As of January 1, 2012, Great Lakes Health Plan changed its name to UnitedHealthcare Community Plan.

As of January 1, 2012, Health Plan of Michigan changed its name to Meridian Health Plan.

As of April 4, 2012, BlueCaid of Michigan changed its name to Blue Cross Complete of Michigan.

As of June 1, 2012, Omnicare Health Plan changed its name to CoventryCares of Michigan, Inc.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement Activities:**
- Accreditation for participation, member or applied for membership
- Complaint and Grievance Monitoring
- Compliance Reviews
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- EQR and HEDIS
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- Timely and Accurate Provider File Submissions
- Timely and Compliant Claims Reporting

**Use of Collected Data:**
- Contract Standard Compliance
- Data Mining
- Health Services Research
- Monitor quality improvement efforts
- Program Evaluation
- Public Reporting/Incentives
- Regulatory Compliance/Federal Reporting

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid.
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid.
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects.

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to promote completeness, accuracy and timeliness of encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- 837 Implementation Guidelines
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NCPDP, ASC X12 837)
- Guidelines for frequency of encounter data submission
- NCPDP Manual
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment

**State conducts general data completeness assessments:**
- Yes
### MICHIGAN Comprehensive Health Plan

- Provider ID
- Medicaid Eligibility
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Bill Type
- National Drug Code
- Place of Service

### Performance Measures

#### Process Quality:
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Childhood immunization rates
- Chlamydia screening in women
- Comprehensive Diabetic Care
- Controlling high blood pressure
- Lead screening rate
- Prenatal and Postpartum care rates
- Tobacco prevention and cessation

#### Health Status/Outcomes Quality:
- Patient satisfaction with care

#### Access/Availability of Care:
- Adult access to preventative/ambulatory health services
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

#### Health Plan Stability/Financial/Cost of Care:
None

#### Health Plan/Provider Characteristics:
None

#### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs

### Performance Improvement Projects

#### Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

#### Clinical Topics:
- Access to Care Children and Adult
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Childhood Immunization
- Childhood obesity
- Diabetes management
- Lead toxicity
- Post-natal Care
- Pre-natal care
- Tobacco prevention and cessation
- Well Child Care/EPSDT

#### Non-Clinical Topics:
- Health information technology (e.g. state implementation of...
MICHIGAN
Comprehensive Health Plan

immunization and other registries, telemedicine initiatives, etc…)
-Reducing health care disparities via health literacy, education campaigns, or other initiatives

### PROGRAM DATA

Program Service Area: County

Operating Authority: 1915(b) - Waiver Program

Statutes Utilized: 1915(b)(4), Selective Contracting

Enrollment Broker: No

For All Areas Phased-In: Yes

Guaranteed Eligibility: None

Initial Waiver Approval Date: April 01, 2009

Implementation Date: April 01, 2009

Waiver Expiration Date: December 31, 2013

Sections of Title XIX Waived:
-1902(a)(1) Statewideness  
-1902(a)(4) Proper and Efficient Administration of the State Plan

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

### SERVICE DELIVERY

**Dental PAHP - Non-risk Capitation**

Service Delivery

Included Services: Dental

Allowable PCPs:
- Dental Hygenists
- Dentists

### Enrollment

Populations Voluntarily Enrolled: None

Subpopulations Excluded from Otherwise Included Populations:
- Medicare Dual Eligibles  
- Reside in Nursing Facility or ICF/MR  
- Retroactive Eligibility

Populations Mandatorily Enrolled:
- All Title 19-Eligible Children Under 21

Lock-In Provision:
Does not apply because State only contracts with one managed care entity
MDCH contracts for the administration of the Medicaid dental benefit called Healthy Kids Dental in 65 counties and 10 expansion counties. The contractor administers the Medicaid dental benefit to all Medicaid beneficiaries under age 21 in the participating counties. The dental services provided through the contractor mimic the dental services provided through the FFS Medicaid program. Medicaid beneficiaries have access to dentists through the contractors participating dental networks. Beneficiaries must see a dentist who participates with the Healthy Kids Dental contract.

### Additional Information

PCP Clinics can include FQHCs/RHCs. Vision services for members 21 and over are limited to one eye examination every two years, services related to trauma or treatment of disease/medical condition, and one pair of eyeglasses every two years. Vision services for pregnant women 21 and over are limited to one eye examination per year, services related to trauma or treatment of disease/medical condition, and one pair of eyeglasses per year. Dental services for members 21 and older are limited to treatment of trauma to the
mouth, jaw, teeth or contiguous sites as a result of injury or services when the absence of dental treatment would adversely affect a pre-existing medical condition. Dental services for pregnant women 21 and older are limited to dentures and treatment of trauma to the mouth, jaw, teeth or contiguous sites as a result of injury and all other Medicaid State Plan dental services for pregnant members with ME Codes 18, 43, 44, 45, and 61. Medicaid eligibles in the included populations who are receiving Supplemental Security Income (SSI), who meet the SSI medical disability definition, or who receive adoption subsidy may choose to voluntarily disenroll from the MO HealthNet Managed Care Program at any time. Enrollment is mandatory for special needs children but individuals may request to opt out. HealthCare USA, Missouri Care Health Plan, and Home State Health Plan participate in the Eastern, Central, and Western Regions. MO is a 209(b) State and has no specific eligibility categories for the special needs populations. Advocates for Family Health is an ombudsman service serving the Eastern, Central, and Western regions. Legal Services of Eastern Missouri serves the following counties/city: Franklin, Jefferson, Lincoln, Macon, Madison, Marion, Monroe, Montgomery, Perry, Pike, Ralls, Shelby, St. Charles, St. Francois, St. Louis, Ste. Genevieve, Warren, Washington, and St. Louis City. Legal Aid of Western Missouri serves the following counties: Bates, Benton, Camden, Cass, Clay, Henry, Jackson, Johnson, Lafayette, Linn, Morgan, Pettis, Platte, Ray, Saline, St. Clair, and Vernon. Mid Missouri Legal Services serves the following counties: Audrain, Boone, Callaway, Chariton, Cole, Cooper, Howard, Miller, Monticello, Osage, and Randolph. Legal Services of Southern Missouri serves the following counties: Cedar, Gasconade, Laclede, Maries, Phelps, Polk, and Pulaski.

Individuals with special health care needs include those with needs due to physical and/or mental illnesses, foster care children, homeless individuals, individuals with serious and persistent mental illness and/or substance abuse, and individuals who are disabled or chronically ill with developmental or physical disabilities.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement**

**Activities:**
- Accreditation for Participation
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Enhanced/revised state managed care Medicaid quality strategy
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- CAHPS
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State uses/requirements MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries
Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Additional Payments
- Admission Date
- Amount Paid
- Capitation Indicator
- Charges
- Patient Status
- Place of Service
- Rendering Provider ID
- Statement From Date
- Statement Through Date
- Type of Admission
- Type of Bill
- Units of Service

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g., frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g., codes within an allowable range)
- Medical record validation
- Specification/source code review, such as a programming language used to create an encounter data file for submission

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Ambulatory Care
- Antidepressant medication management
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Avoidance of antibiotic treatment in adults with acute bronchitis
- Cervical cancer screening rate
- Check-ups after delivery
- Chemical Dependency Utilization
- Chlamydia screening in women
- Cholesterol screening and management
- Comprehensive diabetes care HBA1C poor control (>9.0%)
- Comprehensive diabetes care (eye exam, LDL-C screening, HBA1C testing, medical attention for nephropathy)
- Controlling high blood pressure
- Dental services
- Depression management/care
- Diabetes medication management
- Follow up for children prescribed ADHD medication
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care

Health Status/Outcomes Quality:
- Case management satisfaction for behavioral health
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants
## Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Medical assistance with smoking and tobacco use cessation
- Mental Health Utilization
- Postpartum Care
- Use of imaging studies for low back pain
- Use of spirometry testing in the assessment and diagnosis of COPD
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, and 6 years of life

## Access/Availability of Care:
- Appointment availability for psychiatrists for children <=6 years old, children 7 to 12 years old, adolescents 13 to 17 years old and adults => 18 years old (non HEDIS)
- Average distance to PCP
- Average wait time for an appointment with PCP
- Open-closed panels for psychiatrists for children <=6 years old, children 7 to 12 years old, adolescents 13 to 17 years old and adults => 18 years old (Non HEDIS)
- Open-closed panels for psychiatrists treating children, adolescents and adults (Non HEDIS)
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

## Health Plan Stability/Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Missouri Department of Insurance, Financial Institutions, and Professional Registration monitors and tracks Health Plan Stability/Financial/Cost of Care

## Use of Services/Utilization:
- Alternative services/1000 for behavioral health
- Emergency room visits/1,000 beneficiaries under the age of 19
- For mental health > outpatient visits/1000 and > emergency room visits/1000
- Identification of alcohol and other drug services (HEDIS)
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Mental health utilization (HEDIS)
- Number of PCP visits per beneficiary
- Re-admission rates of MH/SUD
- Residential days/1000 for behavioral health

## Health Plan/Provider Characteristics:
- Languages Spoken (other than English)

## Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

## Performance Measures - Others:
- Effectiveness of Care
- Satisfaction with Experience of Care

## Clinical Topics:
- Adolescent Well Care/EPSDT
- Asthma management
- Cervical Cancer Screening
- Cesarean Wound Infection
- Childhood Immunization
- Chlamydia
- Dental Utilization
- Depression management
- Diabetes management
- Emergency Room service utilization
- Follow-up with primary care providers
- Hospital Readmission
- Lead toxicity
- Obesity
- Perinatal Care
- Seven and thirty day follow-up after behavioral health admission
- Women, Infant, and Children Collaboration

## Performance Improvement Projects
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
MISSOURI
MO HealthNet Managed Care/1915b

Non-Clinical Topics:
- ADHD coordinated care
- Encounter acceptance rates
- Grievance/Appeals
- Improved Medical Record Documentation
- Member Satisfaction
- Physical/Behavioral care coordination
- Primary care provider assignment

Standards/Accreditation

MCO Standards:
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- NAIC (National Association of Insurance Commissioners) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- QIO-like entity

EQRO Name:
- Behavioral Health Concepts (BHC)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Assessment of MCO information systems
- Calculation of performance measures
- Case management record review
- Evaluate performance improvement projects
- Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by beneficiary age

Rewards Model:
Payment incentives/differentials to reward MCOs Preferential auto-enrollment to reward MCOs

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
State measures MCO achievement in reaching established standards of outcome measures

Initial Year of Reward:
2001

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

PROGRAM DATA

Program Service Area: Statewide
Initial Waiver Approval Date: August 31, 1993
Operating Authority: 1915(b) - Waiver Program
Implementation Date: January 01, 1994
Statutes Utilized: 1915(b)(1), Freedom of Choice
Waiver Expiration Date: March 31, 2014
1915(b)(2), Locality as Central Broker
1915(b)(4), Selective Contracting
Enrollment Broker: Xerox State Healthcare, LLC
Sections of Title XIX Waived:
For All Areas Phased-In: No
-1902(a)(10)(B) Amount, Duration and Scope
Guaranteed Eligibility: 1 month guaranteed eligibility
-1902(a)(23) Freedom of Choice
Sections of Title XIX Costs Not Otherwise Matchable
Granted: None

SERVICE DELIVERY

Traditional PCCM Provider - Primary Care Case Management Payments

Service Delivery

Included Services:
- Case Management, Chiropractic, Dental, Dialysis, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Home Infusion Therapy, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Geriatrics
- Indian Health Service (IHS) Providers
- Internists
- Nephrologist
- Nurse Practitioners
- Obstetricians/Gynecologists or Gynecologists
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants
- Rural Health Clinics (RHCs)
## Enrollment

**Populations Voluntarily Enrolled:**
None

**Populations Mandatorily Enrolled:**
- Aged and Related Populations
- American Indian/Alaska Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (BBA defined)
- Team Care

**Subpopulations Excluded from Otherwise Included Populations:**
- Clients who cannot find a PCP willing to provide case management.
- Eligibility Less Than 3 Months
- Enrolled in Another Managed Care Program
- Medically Needy
- Medicare Dual Eligibles
- Only Retroactive Eligibility
- Participate in HCBS Waiver
- Resides in Nursing Facility or ICF/MR
- Retroactive Eligibility
- Special Needs Children (State defined)
- Subsidized Adoption

**Medicare Dual Eligibles Included:**
None

**Medicare Dual Eligibles Excluded:**
Exclude all categories of Medicare Dual Eligibles

**Lock-In Provision:**
No lock-in
Enhanced PCCM Provider - Primary Care Case Management Payments

Service Delivery

Included Services: Case Management

Allowable PCPs:
- Federally Qualified Health Centers (FQHCs)
- Tribal Health Centers

Enrollment

Populations Voluntarily Enrolled:
- Aged and Related Populations
- American Indian/Alaskan Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Poverty-Level Pregnant Women
- Section 3191 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (BBA defined)
- Title XXI CHIP

Populations Mandatorily Enrolled:
None

Subpopulations Excluded from Otherwise Included Populations:
- Eligibility Less Than 3 Months
- Enrolled in Another Managed Care Program
- Medically Needy Individuals with Spend-down
- Medicare Dual Eligibles
- No populations are excluded
- Participate in HCBS Waiver
- Reside in Nursing Facility or ICF/MR
- Retroactive Eligibility

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Lock-In Provision:
Does not apply because State only contracts with one managed care entity

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
- Audiology, Chiropractic, Dental, Durable Medical Equipment, Emergency Medical Care, EPSDT, Family Planning, Hearing Aid Service, Home Health, Hospice, Immunization, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Medical Day Care, Medical Supplies, Optical Appliances, Optometry, Organ Transplants, Outpatient Hospitals, Outpatient Mental Health, Outpatient Rehabilitation Therapies, Outpatient Substance Use Disorders, Personal Care, Pharmacy, Physician, Podiatry, Post-acute Care, Preventive Health Care, Counseling, and Health Prevention, Prosthetics, Orthotics, Rehabilitation and Special Hospitals, Transportation, Vision, X-Ray

Allowable PCPs:
- Certified Nurse Specialists
- Family Practitioners
- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants

Enrollment

76
A number of changes were made in the 1915(b) and were effective with our amendment effective 7/1/11:

Personal care, medical day care, home health, and outpatient rehabilitation therapies were added as covered services 7/1/11.

Dual eligibles were removed from eligible group.

Special needs children (BBA defined) redefined as Medicaid eligible blind/disabled children receiving services through Title V.

Non dual DDD individuals and DDD children under 19 served by Community Care Waiver no longer eligible.

Lock-in period is 12 months.
# NEW JERSEY
## NJ FamilyCare - 1915(b)

### State Quality Assessment and Improvement

**Activities:**
- Accreditation for Participation
- Appointment Availability Studies
- Care Management
- Consumer Self-Report Data (see below for details)
- Data Analysis
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Geographic Mapping
- Independent Assessment
- MCO Marketing Material Approval Requirement
- Medical and Dental Provider Spot Checks
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- Utilization Review

### Use of Collected Data:
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

### Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Disenrollment Survey

### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

#### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

#### Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCOs

### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment

### State conducts general data completeness assessments:
- Yes
### Performance Measures

#### Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Annual monitoring for patients on persistent medications
- Appropriate Testing for Children with Pharyngitis
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical Cancer Screening
- Check-ups after delivery
- Childhood Immunizations
- Comprehensive Diabetes Care
- Diabetes medication management
- Follow up care for children prescribed ADHD medication
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Quality and utilization of dental services
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

#### Health Status/Outcomes Quality:
- BMI Assessment for Children/Adolescents
- Children with Special Needs Focused Study including DYFS Children
- Chlamydia Screening
- EPSDT Quality Study/Dental and Lead
- Follow-up after Hospitalization for Mental Illness (Clients of DDD only)
- Prenatal and Postpartum Care

#### Access/Availability of Care:
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries
- Ratio of pharmacies to number of beneficiaries

#### Use of Services/Utilization:
- Emergency room visits/1,000 beneficiaries
- Inpatient days per 1000 members
- Percentage of beneficiaries with at least one dental visit
- Percentage of Children who received one or more visits with a PCP during the measurement year
- Percentage of enrollees who receive appropriate immunizations
- Percentage of enrollees who received a blood lead test
- Percentage of enrollees who received one or more dental services during the measurement year
- Percentage of enrollees with one or more emergency room visit
- Percentage of enrollees with one or more inpatient admissions
- Pharmacy services per member
- Physician visits per 1000 members

#### Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

#### Health Plan/ Provider Characteristics:
None

#### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCOs

#### Performance Measures - Others:
- EPSDT Performance
- Lead Screening
Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Adolescent Well Care/EPSTE
- Birth Outcomes
- Child/Adolescent Dental Screening and Services
- Lead Screenings
- Post-natal Care
- Pre-natal care
- Well Child Care/EPSTE

Non-Clinical Topics:
- Children’s access to primary care practitioners
- Encounter Data Improvement
- Health information technology (e.g. state implementation of immunization and other registries, telemedicine initiatives, etc…)
- Medical Home Demonstration

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare

Accreditation Required for Participation:
- Department of Banking and Insurance Certificate of Authority

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Island Peer Review Organization (IPRO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Calculation of performance measures
- Conduct studies on access that focus on a particular aspect of clinical and non-clinical services
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Medical Record review
- Technical assistance to MCOs to assist them in conducting quality improvement activities

EQR Data included in State’s annual EQR technical report:
- Aggregate Data for all MCO Health Plans

Pay for Performance (P4P)

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1915(b) - Waiver Program

Statutes Utilized:
1915(b)(1), Freedom of Choice
1915(b)(4), Selective Contracting

Enrollment Broker: No

For All Areas Phased-In: No

Guaranteed Eligibility: No guaranteed eligibility

Initial Waiver Approval Date: May 13, 1997

Implementation Date: July 01, 1997

Waiver Expiration Date: June 30, 2013

Sections of Title XIX Waived:
-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(23) Freedom of Choice

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Ambulatory Surgical, Anesthesia, Case Management, Dental, Diagnostic Imaging and Therapeutic Radiology Services, Dialysis, Durable Medical Equipment and Medical Supplies, EPSDT, EPSDT Private Duty Nursing, Family Planning, Federally Qualified Health Center, Hearing and Audiology, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Medical Services Providers, Midwife, Nutritional, Occupational Therapy, Outpatient Hospital, Personal Care - EPSDT, Pharmacy, Physical Therapy, Physician, Podiatry, Pregnancy Termination (State Funded), Prosthetics and Orthotics, Rehabilitation, Reproductive Health, Rural Health Clinic, School Based, Speech Therapy, Telehealth, Transplant, Transportation, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Gerontologists
-Indian Health Service (IHS) Providers
-Internists
-Nurse Midwives, certified
-Nurse Practitioners, certified
-Obstetricians/Gynecologists or Gynecologists
-Other Providers who meet the MCO credentialing requirements for PCP
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Physician Assistants
-Primary Care Teams at Teaching Facilities
-Rural Health Clinics (RHCs)
Enrollment

Populations Voluntarily Enrolled: None

Populations Mandatorily Enrolled:
- Aged and Related Populations unless also covered by Medicare.
- Blind/Disabled Adults and Related Populations unless covered by Medicare or under CoLTS Waiver
- Blind/Disabled Children and Related Populations unless covered by Medicare or under CoLTS Waiver
- Foster Care Children except when recipient is out-of-state placement
- Home and Community Based Waiver except for D&E waiver or approved for MiVia waiver due to brain injury
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
- American Indian/Alaska Native (may opt in to Salud)
- Children in Out-of-State Foster Care or Adoption Placement
- Clients approved for Adult Personal Care Options Program
- Clients eligible for State Coverage Insurance
- Clients in Breast and Cervical Cancer Program
- Clients in Family Planning Waiver
- Clients in Health Insurance Premium Payment Program
- Enrolled in another Managed Care Program (CoLTS)
- Medicare Dual Eligibles
- Participating in D&E Waiver or MiVia Waiver due to Brain Injury

Medicare Dual Eligibles Included: None

Medicare Dual Eligibles Excluded: Exclude all categories of Medicare Dual Eligibles

Lock-In Provision: 12 month lock-in

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs: Yes

Strategies Used to Identify Persons with Complex (Special) Needs: None

Agencies with which Medicaid Coordinates the Operation of the Program: None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Blue Cross Blue Shield of New Mexico
Molina Healthcare of New Mexico
Lovelace Community Health Plan
Presbyterian Health Plan

ADDITIONAL INFORMATION

OptumHealth New Mexico provides behavioral services through BH providers through a PIHP waiver. Lovelace Community Health Plan, Molina Health Care, Blue Cross Blue Shield of New Mexico, and Presbyterian Salud! provide physical health services and those BH services provided by non-BH provider/practitioners. Native Americans have the choice of “opt-in” to managed care, but receive benefits under Fee for Service programs by default.
An Individual with Special Health Care Needs (ISHCN) require a broad range of primary, specialized medical, behavioral health and related services. ISHCN are individuals who have, or are at an increased risk for, a chronic physical, developmental, behavioral, neurobiological or emotional condition and who require health and related services of a type or amount beyond that required by other individuals. ISHCN have ongoing health conditions, high or complex service utilization, and low to severe functional limitations. The primary purpose of the definition is to identify these individuals so that the MCO/SE can facilitate access to appropriate services. The definition also allows for flexible targeting of individuals based on clinical justification and discontinuing targeted efforts when such efforts are no longer needed.

Native Americans within other covered categories have the option of choosing to participate in managed care due to tribal agreements.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Reporting to CMS on Medicaid/CHIP quality of care measures
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requirements MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Diabetes management/care
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Percentage of beneficiaries with at least one dental visit
- Well-child care visit rates in 3,4,5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Percentage of beneficiaries with at least one dental visit
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
- Board Certification
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

Clinical Topics:
- Adolescent Immunization
- Asthma management
- Childhood Immunization
- Diabetes management
- Emergency Room service utilization

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Children's access to primary care practitioners

SERVICE DELIVERY

PCCM Provider - Risk-based Capitation

Included Services:
Case Management, Chiropractic, Dental, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Occupational Therapy, Outpatient Hospital, Pharmacy, Physical Therapy, Physician, Podiatry, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Hospital Based Medical Clinic
-Independent Medical/Surgical Clinic
-Internists
-Nurse Midwives
-Nurse Practitioners
-Obstetricians/Gynecologists or Gynecologists
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Physician Assistants
-Rural Health Clinics (RHCs)
-Specialist Who Meets Special Needs of Client
Enrollment

**Populations Voluntarily Enrolled:**
- Aged and Related Populations
- American Indian/Alaska Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (State defined)

**Subpopulations Excluded from Otherwise Included Populations:**
- Enrolled in Another Managed Care Program
- Enrolled in Health Insurance Premium Payment (HIPP)
- Enrolled in Long Term Care Capitated Program (LTCCP)
- Incarcerated Recipients
- Medicare Dual Eligibles age 21 and over
- Reside in Nursing Facility or ICF/MR
- Residents of State Institutions
- State Blind Pension Recipients

**Medicare Dual Eligibles Included:**
QMB Plus, SLMB Plus, and Medicaid only (under age 21)

**Populations Mandatorily Enrolled:**
- Aged and Related Populations
- American Indian/Alaska Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Medicare Dual Eligibles
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (State defined)

**Lock-In Provision:**
No lock-in

**Medicare Dual Eligibles Excluded:**
SLMB, QI, and QDWI (age 21 and older)
QMB (age 21 and older)
Disease Management PAHP - Risk-based Capitation

Service Delivery

Included Services:
- Disease Management

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners

**PENNSYLVANIA**  
**ACCESS Plus Program**

---

**PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS**

Access Plus Program

---

**ADDITIONAL INFORMATION**

Special Needs Children is broadly defined as non-categorical to include all children.

The providers in the network are reimbursed on a Fee for Service basis. The Access Plus contractor receives a capitation for EPCCM Services and capitation for Disease Management Services.

Under PCCM, the reason for multiple enrollment basis for the included populations: Access Plus is the default, with exceptions. If a voluntary managed care entity is in a county with Access Plus, the recipient can choose which delivery system they want. If no choice is made, the recipient is auto-assigned to Access Plus. However, in counties where there is no voluntary managed care program recipients are mandatorily enrolled in Access Plus.

Special Needs Children is broadly defined as non-categorical to include all children.

Skilled Nursing Facility is for the first 30 days. Special Needs Children: (state defined) Broadly defined non-categorical to include all children. All consumers receiving behavioral health services are considered to be persons with special needs.

Special Needs Children is broadly defined as non-categorical to include all children. All consumers receiving behavioral health services are considered to be persons with special needs.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- ANOVA (Analysis of Variance)
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Immunization for 2 yr. olds
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- CAHPS 4.0H adult

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries
Collection: Standardized Forms:
None

MCO/HIO conducts data accuracy check(s)
on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate
- Adolescent well-care visit rates
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services
- Diabetes management/care
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Influenza vaccination rate
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Number of years Health Plan in business and total membership
- Provider turnover

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Coordination of Primary and Behavioral Health Care
- Diabetes management
- Emergency Room service utilization
- Obesity Screening/Management
- Reducing Potentially Preventable Readmissions

Non-Clinical Topics:
None

Standards/Accreditation

MCO Standards:
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Island Peer Review Organization (IPRO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

### Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid is the only payer

**Population Categories Included:**
Covers all MCO members

**Rewards Model:**
Payment incentives/differentials to reward MCOs

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

**Initial Year of Reward:**
2006

**Evaluation Component:**
The State has conducted an evaluation of the effectiveness of its P4P program

**Member Incentives:**
Not Applicable

108
NEMT services are provided in accordance with the federal regulations 42 CFR §§ 431.53, 440.170. NEMT services are arranged through competitively procured contracts with public and private transportation providers. NEMT also provides mileage reimbursement to persons enrolled as Individual Transportation Provider (ITPs). Eligible beneficiaries through age 20, may receive advance funds for meals and lodging when an overnight stay is medically necessary. The beneficiary's parent or guardian may also qualify for meals and lodging. The beneficiary or the beneficiary's parent or guardian may also receive funds in advance for mileage, when necessary.

A portion of the funding appropriated to the Medical Transportation Program (MTP) was utilized to implement a regionalized full-risk transportation brokerage model in areas of the state that can sustain such model. The brokerage model utilizes a pre-payment methodology (capitation) to reimburse the broker. The broker is a single point of contact for beneficiaries to request transportation assistance. The broker then directly arranges the least costly and most appropriate type of transportation for each beneficiary. Broker services are authorized under SEC. 1902 [42 U.S.C. 1396a] (a) (70).

### Quality Activities for PAHP

**State Quality Assessment and Improvement Activities:**
- Does not collect quality data at this time.

- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

112
TEXAS
NorthSTAR

-Performance Improvement Projects (see below for details)
-Performance Measures (see below for details)
-PIHP Standards (see below for details)
-Provider Data

Consumer Self-Report Data:
-Modified MHSIP survey

Use of HEDIS:
-The State uses SOME of the HEDIS measures listed for Medicaid
-The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
-State modifies/requires PIHPs to modify some or all NCQA specifications in ways other than continuos enrollment

Encounter Data

Collection: Requirements:
-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
-Incentives/sanctions to insure complete, accurate, timely encounter data submission
-Requirements for PIHPs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Deadlines for regular/ongoing encounter data submission(s)
-Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
-Guidelines for frequency of encounter data submission
-Guidelines for initial encounter data submission
-Use of Medicaid Identification Number for beneficiaries
-Use of unique NorthSTAR ID # (which includes Medicaid # for the Medicaid enrollees) for beneficiaries

Collection: Standardized Forms:
-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
-UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
-Automated edits of key fields used for calculation (e.g. codes within an allowable range)
-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills

PIHP conducts data accuracy check(s) on specified data elements:
-Date of Service
-Date of Processing
-Date of Payment
-Provider ID
-Type of Service
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes
-Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
-Depression management/care
-Follow-up after hospitalization for mental illness

Health Status/Outcomes Quality:
-Clinical outcomes as measures by clinical assessments
-Patient satisfaction with care
-Recidivism to intensive/acute levels of care

Children with special needs means children under 21 who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions and requires health and related services of a type or amount beyond that required by children generally, including a child who, consistent with 1932(a)(2)(A) of the Social Security Act, 42 U.S.C., Section 1396u-2(a)(2)(A): (1) is blind or disabled or in a related population (eligible for SSI under title XVI of the Social Security Act), (2) is in foster care or other out-of-home placement, (3) is receiving foster care or adoption assistance; or (4) is receiving services through a family-centered, community-based coordinated care system that receives grant funds described in section 501(a)(1)(D) of title V.

Children with special needs means children under 21 who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions and requires health and related services of a type or amount beyond that required by children generally, including a child who, consistent with 1932(a)(2)(A) of the Social Security Act, 42 U.S.C., Section 1396u-2(a)(2)(A): (1) is blind or disabled or in a related population (eligible for SSI under title XVI of the Social Security Act), (2) is in foster care or other out-of-home placement, (3) is receiving foster care or adoption assistance; or (4) is receiving services through a family-centered, community-based coordinated care system that receives grant funds described in section 501(a)(1)(D) of title V.

Children with special needs means children under 21 who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions and requires health and related services of a type or amount beyond that required by children generally, including a child who, consistent with 1932(a)(2)(A) of the Social Security Act, 42 U.S.C., Section 1396u-2(a)(2)(A): (1) is blind or disabled or in a related population (eligible for SSI under title XVI of the Social Security Act), (2) is in foster care or other out-of-home placement, (3) is receiving foster care or adoption assistance; or (4) is receiving services through a family-centered, community-based coordinated care system that receives grant funds described in section 501(a)(1)(D) of title V.

The contract is non-risk. Medicaid reimburses the PAHP the amount the PAHP pays its providers plus an administrative fee.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

**Use of Collected Data:**
- Beneficiary Plan Selection
- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Collections: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Use of Medicaid Identification Number for beneficiaries
Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g., frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g., codes within an allowable range)
- Comparison to benchmarks and norms (e.g., comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Possible Duplicate Encounter

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Use of imaging studies for low back pain
- Well-child care visit rates in 3,4,5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of adults 50 and older who received an influenza vaccine

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners

Use of Services/Utilization:
None

Health Plan Stability/ Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Net income
- Total revenue

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

Beneficiary Characteristics:
None

Performance Measures - Others:
None

ADDITIONAL INFORMATION

This program is used for the non-emergency transportation for traditional Medicaid clients who are not in a nursing home at the state hospital.

Children with special needs means children under 21 who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions and requires health and related services of a type or amount beyond that required by children generally, including a child who, consistent with 1932(a)(2)(A) of the Social Security Act, 42 U.S.C., Section 1396u-2(a)(2)(A): (1) is blind or disabled or in a related population (eligible for SSI under title XVI of the Social Security Act), (2) is in foster care or other out-of-home placement, (3) is receiving foster care or adoption assistance; or (4) is receiving services through a family-centered, community-based coordinated care system that receives grant funds described in section 501(a)(1)(D) of title V.

QUALITY ACTIVITIES FOR PAHP

State Quality Assessment and Improvement Activities:
- Enrollee Hotlines
- Monitoring of PAHP Standards

Use of Collected Data:
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Track Health Service provision

Consumer Self-Report Data:
None

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the
Standards/Accreditation

**PAHP Standards:**
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

ADDITIONAL INFORMATION

The department contracts with entities to provide/coordinate all mental health services in 9 of the 11 mental health service areas. Under the PMHP foster children receive inpatient services only.

QUALITY ACTIVITIES FOR PIHP
State Quality Assessment and Improvement

Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Monitoring of PIHP Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- MHSIP satisfaction surveys are used by the PMHPs.
- OQ/YOQ outcomes instruments are used by the PMHPs.

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires PIHPs to modify some or all NCQA specifications in ways other than continuous enrollment

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Per member per month analysis and comparisons across PIHPs
- State monitoring of consistency in encounters over time

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Duplicate encounters

State conducts general data completeness assessments:
- Yes

Performance Measures

Process Quality: None

Health Status/Outcomes Quality: None
Access/Availability of Care:
-Average time for intake

Use of Services/Utilization:
None

Health Plan Stability/ Financial/Cost of Care:
-State minimum reserve requirements

Health Plan/ Provider Characteristics:
-Information on providers by designated provider groupings

Beneficiary Characteristics:
None

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
-PIHPs are required to conduct a project(s) of their own choosing

Clinical Topics:
-Coordination of primary and behavioral health care

Non-Clinical Topics:
-Increase in detection of co-occurring substance use disorders
-Increase in OQ/YOQ questionnaire administrations
-Increase in rate of concurrent documentation of services
-Reduction of no show rates

Standards/Accreditation

PIHP Standards:
-Performance measures or improvement projects aligned with CMS recommended priorities (e.g. Child Core Quality Measures)

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Name:
-State Office of Health Care Statistics

EQRO Organization:
-QIO-like entity

EQRO Mandatory Activities:
-Review of PIHP compliance with structural and operational standards established by the State
-Validation of performance improvement projects
-Validation of performance measures

EQR Data included in State’s annual EQR technical report:
None

EQRO Optional Activities
-Technical assistance to PIHPs to assist them in conducting quality activities

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Performance Measures

Process Quality:
- Data quality and completeness
- Follow-up after hospitalization for mental illness
- Timeliness of assessment
- Timeliness of routine care

Access/Availability of Care:
- Access to Appointment
- Availability of MHPs
- Average Distance to Service

Health Status/Outcomes Quality:
None

Use of Services/Utilization:
- Crisis Contacts
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Outpatient Mental Health Hours
## Performance Improvement Projects

### Project Requirements:
- PIHPs are required to conduct a project(s) of their own choosing

### Clinical Topics:
- Consumer Voice in Treatment Planning
- Decrease in the Days to Medication Evaluation Appointment After Request for Service
- Employment Outcomes for Adult Consumers
- Healthy Living Program
- High-Fidelity Wraparound
- Impact of Care Management on Child Readmissions to Inpatient Care
- Improving Treatment Outcomes for Adults Diagnosed with a New Episode of Major Depressive Disorder
- Increased Continuity of Care as a Result of Rehabilitation Case Management
- Metabolic Syndrome Screening and Intervention
- Permanent Supported Housing
- Provision of Outpatient Mental Health Services via TeleHealth System
- Reducing Self-Reported Symptoms of Depression through Participation in Group Psychotherapy
- Treatment Plan Review Following Extraordinary Events

### Non-Clinical Topics:
- Consumer Residential Satisfaction
- Improved Delivery of Non-Crisis Outpatient Appointments After Psychiatric Hospitalization
- Improvement in Inpatient Capacity and Placement Using Evaluation and Treatment
- Improving Coordination of Care and Outcomes
- Improving Early Engagement in Outpatient Services
- Improving Enrollee Engagement
- Improving Percentage of Medicaid Clients Who Receive an Intake Service within 14 Days of Service Request
- Improving the Submission of Correct and Timely Reauthorization Requests
- Increased Penetration Rate for Older Adults Enrolled in the Medicaid Program
- Reporting Mental Health Specialist Consultations
- Weight Monitoring

## Standards/Accreditation

### PIHP Standards:
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

### Accreditation Required for Participation:
None

### Non-Duplication Based on Accreditation:
None

### EQRO Organization:
- External quality review organization (Acumentra)

### EQRO Name:
- Acumentra Health

### EQRO Mandatory Activities:
- Information systems capability assessment
WASHINGTON
Washington State Integrated Community Mental Health Program

EQR Data included in State’s annual EQR technical report:
None

EQRO Optional Activities
- Encounter validation training
- PIP Training

- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
WEST VIRGINIA
Mountain Health Trust

PROGRAM DATA

Program Service Area: Statewide
Initial Waiver Approval Date: July 01, 2010

Operating Authority: 1915(b) - Waiver Program
Implementation Date: July 01, 2010

Statutes Utilized:
1915(b)(1), Freedom of Choice
1915(b)(2), Locality as Central Broker
1915(b)(4), Selective Contracting
Waiver Expiration Date: June 30, 2014

Enrollment Broker:
Automated Health Systems, Inc.
Sections of Title XIX Waived:
-1902(a)(17) Comparability of Eligibility Standards
-1902(a)(23) Freedom of Choice

For All Areas Phased-In:
No
Sections of Title XIX Costs Not Otherwise Matchable
Granted:
None

Guaranteed Eligibility:
Continuous eligibility for children under age 19

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Chiropractic, Dental, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Occupational Therapy, Outpatient Hospital, Physical Therapy, Physician, Podiatry, Speech Therapy, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Impactists
-Nurse Practitioners
-Obstetricians/Gynecologists or Gynecologists
-Pediatricians
-Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled: 

Populations Mandatorily Enrolled: 
WEST VIRGINIA
Mountain Health Trust

-Section 1931 Adults and Related Populations
-Section 1931 Children and Related Populations

-Poverty-Level Pregnant Women
-Special Needs Children (State defined)

Subpopulations Excluded from Otherwise Included Populations:
-Medicare Dual Eligibles
-Participate in HCBS Waiver
-Reside in Nursing Facility or ICF/MR

Lock-In Provision:
1 month lock-in

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

PCCM Provider - Fee-for-Service

Included Services:
Case Management, Chiropractic, Dental, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Institutional, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Nurse Midwives
-Nurse Practitioners
-Obstetricians/Gynecologists or Gynecologists
-Pediatricians
-Rural Health Clinics (RHCs)

Service Delivery

Enrollment

Populations Voluntarily Enrolled:
-Blind/Disabled Adults and Related Populations
-Blind/Disabled Children and Related Populations
-Foster Care Children

ADDITIONAL INFORMATION

Any child who is enrolled in the States Children with Special Health Care Needs Program administered by the Office of Maternal, Child, Family Health

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Complaints, Grievances, and Disenrollment Data
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Consumer Self-Report Data:
- Disenrollment Survey
- State-developed Survey
- State-developed Survey of Children with Special Health Needs

Encounter Data

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Specification/source code review, such as a programming language used to create an encounter data file for submission

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- Not Applicable

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Comprehensive Diabetes Care
- Controlling high blood pressure
- Frequency of on-going prenatal care
- Heart Attack care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Call Answer Abandonment
- Call Timeliness
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Ambulatory Surgery/Procedures/1,000 members months
- Days/1000 an average length of stay of IP administration, ER
visits, ambulatory surgery, maternity care, newborn care
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Maternity - Discharges/1,000 Member Months, Days/1,000 Member Months, and ALOS
- Medicine - Discharges/1,000 member months, Days/1,000 member months, and ALOS
- Number of OB/GYN visits per adult female beneficiary
- Observation Room Stays/1,000 member months
- Outpatient Visits/1,000 member months
- Surgery - Discharges/1,000 member months, Days/1,000 Member Months, and ALOS
- Total Inpatient-Discharge/1,000 member months, days/1,000 member months and ALOS

Health Plan Stability/ Financial/Cost of Care:
None

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Health Plan/ Provider Characteristics:
- Board Certification

Performance Measures - Others:
- Prevention and Screening
Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- Asthma
- Childhood Immunization
- Childhood Obesity
- Emergency Room service utilization

**Non-Clinical Topics:**
- Adults access to preventive/ambulatory health services

**Standards/Accreditation**

**MCO Standards:**
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Name:**
Delmarva Foundation for Medical Care

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

Pay for Performance (P4P)

**Implementation of P4P:**
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future

**Program Payers:**
Medicaid is the only payer

**Population Categories Included:**
Covers all MCO members

**Rewards Model:**
Payment incentives/differentials to reward MCOs
Preferential auto-enrollment to reward MCOs

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

**Initial Year of Reward:**
Not Applicable

**Evaluation Component:**
Not Applicable

**Member Incentives:**

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for PIHPs to collect and maintain encounter data

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
ARIZONA
Arizona Health Care Cost Containment System (AHCCCS)

- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across PIHPs
- PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills

PIPHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Appropriateness of services
- Coordination of care with acute contractors/pcp's
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Health Status/Outcomes Quality:
- Coordination of Care
- Patient satisfaction with care
- Symptomatic and functional improvement

Access/Availability of Care:
- Access to care/ appointment availability
- Appointment Standards
- Ratio of mental health providers to number of beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Agency performance bond requirements
- Financial Viability Ratios (i.e., Current Ratio, Medical Expense, Administrative, Equity/Member)
- Net income
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Languages Spoken (other than English)
ARIZONA
Arizona Health Care Cost Containment System (AHCCCS)

Beneficiary Characteristics:
- Geographic
- Information of beneficiary ethnicity/race
- Percentage of beneficiaries who are auto-assigned to PIHPs
- PIHP/PCP-specific disenrollment rate

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- All PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Access to Care
- Behavior health assessment - birth to 5 years of age
- Coordination of primary and behavioral health care
- Follow-up after hospitalization
- Informed consent for psychotropic medication prescription
- Pharmacy management

Non-Clinical Topics:
- Availability of language interpretation services

Standards/Accreditation

PIHP Standards:
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards
- URAC Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Name:
- Health Care Excel

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services

EQR Data included in State's annual EQR technical report:
- Specific Health Plan Data only

## SERVICE DELIVERY

### Traditional PCCM Provider - Primary Care Case Management Fee

#### Service Delivery

**Included Services:**  
Case Management, Chiropractic, Durable Medical Equipment, EPSDT, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Personal Care, Physical Therapy, Physician, Podiatry, Speech Therapy, X-Ray

**Allowable PCPs:**  
- Area Health Education Centers (AHECs)  
- Family Practitioners  
- Federally Qualified Health Centers (FQHCs)  
- General Practitioners  
- Internists  
- Obstetricians/Gynecologists or Gynecologists  
- Pediatricians

#### Enrollment

**Populations Voluntarily Enrolled:**  
None

**Populations Mandatorily Enrolled:**  
- 1115 Demonstration Waiver (AR Kids B  
- Aged and Related Populations  
- Blind/Disabled Adults and Related Populations
Subpopulations Excluded from Otherwise Included Populations:
- Eligibility Period that is Retroactive
- Family planning waiver
- Medically Needy "Spenddown" Categories
- Medicare Dual Eligibles
- Participate in HCBS Waiver
- Poverty Level Pregnant Woman
- Reside in Nursing Facility or ICF/MR

Medicare Dual Eligibles Included: None
Medicare Dual Eligibles Excluded: Exclude all categories of Medicare Dual Eligibles

CALIFORNIA
Bridge to Reform Demonstration: Geographic Managed Care Model

- Focused Studies
- MCO Standards (see below for details)
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries submission

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Procedure Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Ambulatory Care

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to
- Avoidance of antibiotic treatment in adults with acute Bronchitis
- Cervical cancer screening rate
- Child and Adolescent Immunizations
- Children and Adolescents' Access to Primary Care Practitioners
- Diabetes Management/Care
- Initiation of prenatal care - timeliness of
- Monitoring for Patients on Persistent Medications
- Postpartum care
- Use of imaging studies for low back pain
- Weight assessment & counseling for nutrition & physical activity for children & adolescents
- Well-child care visit rates in 3, 4, 5, and 6 years of life

**Access/Availability of Care:**
- Average distance to PCP
- Average wait time for an appointment with PCP
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Emergency room visits/1,000 beneficiary
- Frequency of selected procedures
- Inpatient admissions/1,000 beneficiary

**Health Plan Stability/ Financial/Cost of Care:**
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

**Beneficiary Characteristics:**
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO

**Health Plan/ Provider Characteristics:**
- Board Certification
- Languages Spoken (other than English)
- Provider Turnover

**Performance Measures - Others:**
None

**Performance Improvement Projects**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- All-Cause Readmissions
- Cervical cancer screening among seniors and persons with disabilities
- Childhood obesity
- Children and Adolescents' Access to Primary Care Practitioners
- Comprehensive Diabetes Care
- Hypertension management
- Improving Treatment of Chronic Obstructive Pulmonary Disease (COPD)
- Postpartum care

**Non-Clinical Topics:**
None

**Standards/Accreditation**

-1903(m)(2)(A)(xii) Network Adequacy
-1903(m)(2)(A)(xii) Provider Choice
-1903(m)(2)(A)(xii) State Quality Strategy

Guaranteed Eligibility: None

SERVICE DELIVERY

Medical-only PIHP (risk or non-risk, non-comprehensive with inpatient hospital) - Other

Included Services:
Durable Medical Equipment, Emergency Care, Inpatient Hospital, Laboratory, Mental Health, Outpatient Hospital, Pharmacy, Physical Therapy, Physician, Prescription Drugs, Prosthetic and Orthotic Devices, Radiology, Transportation

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Nurse Practitioners
CALIFORNIA
Bridge to Reform Demonstration: LIHP Model

ADDITIONAL INFORMATION

Low Income Health Programs (LIHPs) are county-based elective programs that consist of two components, the Medicaid Coverage Expansion (MCE) and the Health Care Coverage Initiative (HCCI). The services listed are the minimum benefits that must be provided to the MCE population. HCCI minimum benefits exclude mental health and transportation. While LIHPs must provide the minimum benefit packages many also offer additional services, which vary by program.

The Low Income Health Program began with all local programs reimbursed as fee-for-service. The California Department of Health Care Services is waiting for final approval for eight local programs to be reimbursed as risk-based capitation retroactive to the July 1, 2011, beginning of the program. These eight local programs are paid on a cost-basis using certified public expenditures on an interim basis until the capitation rates are approved by CMS.

### SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

**Program Includes People with Complex (Special) Needs:** Yes

**Strategies Used to Identify Persons with Complex (Special) Needs:** None

**Agencies with which Medicaid Coordinates the Operation of the Program:** None

### PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

- Alameda Alliance for Health
- CalViva Health
- Health Plan of San Joaquin
- Kern Family Health Care
- Molina Healthcare of California Partner Plan, Inc.-TPMP
- Santa Clara Family Health Plan
- Anthem Blue Cross Partnership Plan-TPMP
- Health Net Community Solutions, Inc.-TPMP
- Inland Empire Health Plan
- LA Care Health Plan
- San Francisco Health Plan

### ADDITIONAL INFORMATION

Eligibles may choose to join either a local initiative plan or a commercial plan selected by the State. Transportation services are included when medically necessary. This program operates under the 1115 Demonstration Waiver.

### QUALITY ACTIVITIES FOR MCO/HIO

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)

**Use of Collected Data:**
- Beneficiary Plan Selection
CALIFORNIA

Bridge to Reform Demonstration: Two-Plan Model

- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Ombudsman
- On-site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  Adult Medicaid AFDC Questionnaire
  Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Procedure Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate

Health Status/Outcomes Quality:
- Patient satisfaction with care
CALIFORNIA
Bridge to Reform Demonstration: Two-Plan Model

- Ambulatory Care
- Avoidance of Antibiotic Treatment in Adults With Acute Bronchitis
- Cervical cancer screening rate
- Child and Adolescent Immunizations
- Children and Adolescents’ Access to Primary Care Practitioners
- Diabetes Management/Care
- Initiation of prenatal care - timeliness of
- Monitoring for Patients on Persistent Medications
- Postpartum Care
- Use of imaging studies for low back pain
- Weight assessment & counseling for nutrition & physical activity for children & adolescents
- Well-child care visit rates in 3, 4, 5, and 6 years of life

Access/Avaliability of Care:
- Average distance to PCP
- Average wait time for an appointment with PCP
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Emergency room visits/1,000 beneficiary
- Frequency of selected procedures
- Inpatient admissions/1,000 beneficiary

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Adolescent obesity
- All-Cause Readmissions
- Asthma management
- Attention deficit hyperactivity disorder management
- Cervical cancer screening among seniors and persons with disabilities
- Childhood obesity
- Comprehensive diabetic quality improvement
- Diabetic testing & retinal exam screening
- Hypertension management
- Improving Diabetes Management
- Improving HbA1c testing rates (Diabetes)
- Improving postpartum care rates

Non-Clinical Topics:
- Improving the patient experience
**CALIFORNIA**

**Bridge to Reform Demonstration: Two-Plan Model**

### Standards/Accreditation

**MCO Standards:**
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Name:**
- Health Services Advisory Group

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Technical assistance to MCOs to assist them in conducting quality activities

**EQR Data included in State's annual EQR technical report:**
- Aggregate Data for all MCO Health Plans

### Pay for Performance (P4P)

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid is the only payer

**Population Categories Included:**
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

**Rewards Model:**
Preferential auto-enrollment to reward MCOs

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)
Utilization of safety net providers by MCOs

**Initial Year of Reward:**
2005

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

**Member Incentives:**
Not Applicable

Lock-In Provision:
12 month lock-in

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Delaware Physicians Care, Inc

UnitedHealthcare Community Plan
The Diamond State Health Plan (DSHP) is a state-wide mandatory managed care program. Approximately 82% of the Delaware Medicaid population is included in this program with the exception of members in other community-based waivers and Medicare dual eligibles. The DSHP includes an expansion population of adults with incomes below 100% of FPL.

Unison Health Plan of Delaware, Inc. is now rebranded UnitedHealthcare Community Plan

Under the MCO managed care entity, Special Needs Children (State-defined): All children below 21, no income or resource limit that meet the SSN Functional Disability Requirements. Vision and hearing services are provided to children under 21.

### QUALITY ACTIVITIES FOR MCO/HIO

#### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

#### Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation

#### Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child with Special Needs Questionnaire
- Consumer/Beneficiary Focus Groups
- State-developed Survey

#### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

#### Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing

#### Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Per member per month analysis and comparisons across MCO
data between trading partners, such as hospitals, long term care facilities, etc.

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Adults’ Access to Preventive/Ambulatory Health Services
- Ambulatory Care
- Antidepressant medication management
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rates
- Cervical cancer screening rate
- Cholesterol screening and management
- Comprehensive Diabetes Care
- Controlling high blood pressure
- Immunizations for two year olds
- Inpatient Utilization
- Lead screening rates
- Mental Health Utilization
- Prenatal and Postpartum Care
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Blood tests results for diabetes
- Obesity rates for adolescents
- Patient satisfaction with care
- Percentage of low birth weight infants
- Provider surveys

Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children’s access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of PCP visits per beneficiary

Health Plan Stability/Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Total revenue

Health Plan/Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None

Performance Improvement Projects

Clinical Topics:
DELAWARE
DIAMOND STATE HEALTH PLAN

- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Childhood Immunization
- Coordination of care for persons with physical disabilities
- Diabetes management
- Emergency Room service utilization
- Low birth-weight baby
- Pharmacy management
- Pre-natal care

Non-Clinical Topics:
- Availability of language interpretation services
- Health information technology (e.g. state implementation of immunization and other registries, telemedicine initiatives, etc.)
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

Standards/Accreditation

MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Mercer Government Human Services

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future

Program Payers:
Medicaid has collaborated with a private sector entity to support the P4P program

Population Categories Included:
A subset of MCO members, defined by disease and medical condition

Rewards Model:
To be determined

Clinical Conditions:
Possible clinical conditions not yet identified

Measurement of Improved Performance:
To be determined

Initial Year of Reward:
Not Applicable

Evaluation Component:
Not Applicable

**SERVICE DELIVERY**

**MCO (Comprehensive Benefits) - Risk-based Capitation**

**Included Services:**

- Case Management
- Dental
- Durable Medical Equipment
- Family Planning
- Hearing
- Home Health
- Hospice
- Immunization
- Inpatient Hospital
- Inpatient Mental Health
- Inpatient Substance Use Disorders
- Institutional
- Laboratory
- Occupational Therapy
- Outpatient Hospital
- Outpatient Mental Health
- Outpatient Substance Use Disorders
- Pharmacy
- Physical Therapy
- Physician
- Podiatry
- Skilled Nursing Facility
- Speech Therapy
- Transportation
- Vision
- X-Ray

**Allowable PCPs:**

- Clinical Social Workers
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Nurse Practitioners
- Obstetricians/Gynecologists or Gynecologists
- Other Addiction Professionals (i.e. Substance Use Disorder counselors, alcohol and drug counselors)
- Pediatricians
- Physician Assistants
- Psychiatrists
- Psychologists

State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Plan Reimbursement

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
None

 Encounter Data

Collection: Requirements:
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter

Collections: Submission Specifications:
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

ADDITIONAL INFORMATION

The Childless Adult 1115 Demonstration provides eligibility to childless adults (age 21-64) between 133-200 FPL. Enrollees select one of two managed care organizations, and are enrolled via enrollment broker. They receive the same comprehensive Medicaid benefits package that all Medicaid managed care enrollees receive, and there are no exceptions or limits in place for this population. It was implemented in concert with a state plan amendment (under ACA authority) providing coverage to childless adults up to 133% FPL.

ADDITIONAL INFORMATION

The Provider Service Networks are reimbursed on a fee-for-service basis for all Florida state plan covered services. Under Reform, the fee-for-service PSN must cover transportation, which is done on a capitated basis.

The Childrens Medical Services Network is classified as a Provider Service Network and a specialty plan under Medicaid Reform. This plan was developed to serve children with special health care needs as defined by Florida statutes on a voluntary basis.

AIDS Healthcare Foundation of Florida (AHF MCO), d/b/a Positive Health Care, is a specialty plan (HMO) for beneficiaries living with HIV/AIDS.

Those children whose serious or chronic physical or developmental conditions require extensive preventive and maintenance care beyond that required by typically healthy children.

EQRO Organization:
- Health Services Advisory Group
- Private accreditation organization

EQRO Name:
- Health Services Advisory Group (HSAG)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

-Well-child care visit rates in first 15 months of life
FLORIDA
Florida Medicaid Reform

EQR Data included in State’s annual EQR technical report:
- Aggregate and Specific Health Plan Data
- Aggregate Data for all MCO Health Plans

EQRO Optional Activities:
- Assessment of MCO information systems
- Calculation of performance measures
- Conduct of performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical Assistance
- Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future

Program Payers:
Unknown at this time

Population Categories Included:
Unknown at this time

Rewards Model:
Unknown at this time

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Unknown at this time

Initial Year of Reward:
Not Applicable

Evaluation Component:
Not Applicable

Member Incentives:
Not Applicable

QUALITY ACTIVITIES FOR MENTAL HEALTH PIHP

State Quality Assessment and Improvement Activities:
- Accreditation for Participation (see below for details)
- Call Abandonment
- Call Answer Timeliness
- Children and adolescents access to primary care practitioners
- Consumer Self-Report Data (see below for details)
- Focused Studies
- Monitoring of PIHP Standards
- Network Data
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)
- Provider Data

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid SSI Questionaire (Modified)
  - Adult Medicaid TANF Questionaire (Modified)
  - Children Medicaid SSI Questionaire (Modified)
  - Children Medicaid TANF Questionaire (Modified)

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- State uses/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

## FLORIDA
### Florida Medicaid Reform

- Follow-up within Seven Days After Acute Discharge for a Mental Health Diagnosis
- HIV/AIDS Prevention and/or Management
- Well Child Care/EPSDT

### Standards/Accreditation

#### PIHP Standards:
- CMS’s Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

#### Accreditation Required for Participation:
- PIHPs not required to be accredited at this time, as they are fee-for-service

#### Non-Duplication Based on Accreditation:
- None

#### EQRO Organization:
- Private accreditation organization

#### EQRO Name:
- Health Systems Advisory Group (HSAG)

#### EQRO Mandatory Activities:
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

#### EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct of performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to PIHPs to assist them in conducting quality activities

#### EQR Data included in State’s annual EQR technical report:
- Aggregate and Specific Health Plan Data
- Aggregate Data for all MCO Health Plans

### Non-Clinical Topics:

- Adults access to preventive/ambulatory health services
- Decreasing the Time from Claims Receipt to Claims Payment
- FARS/CFARS Submission Rates
- Improvement of Documentation Related to Coordination of Care between Mental Health Providers and PCPs within a Prepaid Mental Health Plan
- Improving Assessment to Care by Reducing Abandoned Call Rate

### EQRO Data included in State’s annual EQR technical report:

- Aggregate and Specific Health Plan Data
- Aggregate Data for all MCO Health Plans

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1115(a) - Demonstration Waiver Program

Statutes Utilized: Not Applicable

Enrollment Broker: ACS

Initial Waiver Approval Date: July 16, 1993

Implementation Date: August 01, 1994

Waiver Expiration Date: June 30, 2013

Sections of Title XIX Waived:
- 1902(a)(10)(B) Amount, Duration and Scope
- 1902(a)(10)(C)
- 1902(a)(17)
- 1902(a)(23) Freedom of Choice
- 1902(a)(34)

For All Areas Phased-In:
No

Sections of Title XIX Costs Not Otherwise Matchable Granted:
- HCBS
- MCO Definition 1903(m)(1)(A)
- MCO Limits Disenrollment Rights 1903(m)(2)(A)(vi)
- MCO Payments in non-rural areas to the extent necessary if a plan exceeds its enrollment cap 1903(m)(2)(A)(xii)

Guaranteed Eligibility:
No guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Included Services:
- Cornea and Kidney Transplants and Bone Grafts, Dental,
- Dietary, Durable Medical Equipment, EPSDT, HCBS,
- Hearing, Home Health, Hospice, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders,
- Intermediate Care Facility, Laboratory, Language/Interpreter,
- Long Term Care, Maternity, Occupational Therapy,
- Optometry, Certified Nurse Midwife, Nurse Practitioner,
- Physician Assistant, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy,
- Physical Therapy, Physician, Preventive, Skilled Nursing Facility, Speech Therapy, Sterilization/Hysterectomies,
- Subacute Care (when cost appropriate), Transportation, X-

Allowable PCPs:
- Advanced Practice Registered Nurse
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Licensed Physician Assistant
- Obstetricians/Gynecologists or Gynecologists
- Pediatricians
- Rural Health Clinics (RHCs)
Enrollment

Populations Voluntarily Enrolled: None

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Breast and Cervical Cancer Treatment Group
- Childless Adults who meet Medicaid asset limits
- Foster Care Children
- Medically Needy AFDC-related Adults and Children
- Medicare Dual Eligibles
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
- No populations are excluded

Lock-In Provision:
12 month lock-in

Medicare Dual Eligibles Included:
Include all categories of Medicare Dual Eligibles

Medicare Dual Eligibles Excluded:
None

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

QUALITY ACTIVITIES FOR MCO/HIO
State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries
- Use of state proprietary forms

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes

State conducts general data completeness assessments:
Yes
## Performance Measures

### Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Annual monitoring for patients on persistent medication
- Antidepressant medication management
- Appropriate treatment for children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Avoidance of antibiotic treatment in adults with acute bronchitis
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Childhood immunizations
- Chlamydia screening in women
- Cholesterol management for patients with cardiovascular conditions
- Comprehensive diabetes care
- Controlling high blood pressure
- Dental services
- Diabetes medication management
- Flu shots for older adults
- Follow-up after hospitalization for mental illness
- Follow-up of care for children prescribed ADHD medication
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Medication reconciliation post-discharge
- Osteoporosis testing in older women
- Persistence of B blocker treatment after a heart attack
- Pneumonia vaccination status for older adults
- Smoking prevention and cessation
- Use of appropriate medications for people with asthma
- Use of high-risk medications in the elderly
- Well-child care visit rates in first 15 months of life
- Well-child care visit rates in 3, 4, 5, and 6 years of life

### Health Status/Outcomes Quality:
- Blood pressure control
- Cholesterol control (LDL)
- Diabetes care (ALC)
- Inpatient admissions
- Patient satisfaction with care

### Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Average wait time for an appointment with PCP
- CAHPS survey - getting care quickly/getting needed care
- Children’s access to primary care practitioners
- Initiation and engagement of alcohol and other drug dependence treatment
- Prenatal and postpartum care
- Ratio of PCPs to beneficiaries

### Use of Services/Utilization:
- Ambulatory care
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Inpatient utilization - general hospital/acute care
- Mental health utilization - percentage of members receiving inpatient, day/night care and ambulatory services
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of PCP visits per beneficiary
- Rate of preventable hospital admissions
- Re-admission rates of MH/SUD
- Well-child visits in first 15 months of life
- Well-child visits in the third, fourth, fifth and sixth year of life

### Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan

### Health Plan/ Provider Characteristics:
- Board Certification
HAWAII
Hawaii QUEST Expanded (QEx)

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- URAC Standards

Accreditation Required for Participation:

Serving People with Complex (Special) Needs

Program Includes People with Complex (Special) Needs: Yes

Strategies Used to Identify Persons with Complex (Special) Needs: None

Agencies with which Medicaid Coordinates the Operation of the Program: None

Participating Plans/PCCM and Other Programs

| Anthem-Healthy Indiana Plan | Enhanced Services Plan (ESP)-Healthy Indiana Plan |
| Managed Health Services-Healthy Indiana Plan | MDwise-Healthy Indiana Plan |

Additional Information

The HIP Enhanced Services Plan (ESP) is designated for certain individuals with health care conditions that require additional support. These conditions include internal cancers, HIV/AIDS, hemophilia, aplastic anemia and organ transplants. ESP is delivered fee for service and it offers the same benefit package as the MCO under this program except for the disease and case management services particular to their health condition. ESP is administered by contract with vendors that administer the Indiana Comprehensive Health Insurance Association (ICHIA). The ESP plan includes a wide selection of providers throughout the State, as every Medicaid or Indiana Health Coverage Program provider is included in the network. Additionally, all ESP members will receive disease and case management services particular to their health condition. The ESP plan has experience with providing health care to persons with significant and serious health conditions. The State reimburses the ESP plan update to the Medicaid allowable. In addition ESP is paid a per member per month fee for administering the health plan.

Quality Activities for MCO/HIO

State Quality Assessment and Improvement Activities:
-Encounter Data (see below for details)
-Enrollee Hotlines

Use of Collected Data:
-Contract Standard Compliance
-Data Mining
INDIANA
Healthy Indiana Plan

- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
None

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

## INDIANA
Hoosier Healthwise (1115)

### Populations Voluntarily Enrolled:
None

### Populations Mandatorily Enrolled:
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations

### Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Hospice
- Medicare Dual Eligibles
- Reside in Nursing Facility or ICF/MR

### Medicare Dual Eligibles Included:
None

### Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

### Lock-In Provision:
12 month lock-in

## SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

### Program Includes People with Complex (Special) Needs:
Yes

### Strategies Used to Identify Persons with Complex (Special) Needs:
None

### Agencies with which Medicaid Coordinates the Operation of the Program:
None

## PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

- Anthem-Hoosier Healthwise
- Managed Health Services (MHS)-Hoosier Healthwise
- MDwise-Hoosier Healthwise

## ADDITIONAL INFORMATION

Hoosier Healthwise is authorized by both an 1115(a) Demonstration and a 1915(b) Waiver. The MCHIP and Presumptively Eligible Pregnant Women populations are the only populations still on the 1915(b). The 1115(a) demonstration was established for the Healthy Indiana Plan. The remainder of the Hoosier Healthwise population was placed onto that 1115(a) demonstration for budget neutrality purposes.

State defined special needs children are children who have or at increase risk for a chronic physical, developmental, behavioral, or emotional condition.

## QUALITY ACTIVITIES FOR MCO/HIO

### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

### Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
**INDIANA**
Hoosier Healthwise (1115)

- **Provider Data**

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to ensure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - Uniform Billing - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparisons to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
- Yes

**Performance Measures**

**Process Quality:**
- Adolescent well-care visit rate
- Annual Monitoring for Persistent Medications
- Antidepressant medication management
- Appropriate Testing and Treatment for COPD
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

### EQRO Optional Activities:
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Provider Survey

## Pay for Performance (P4P)

### Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

### Program Payers:
Medicaid is the only payer

### Population Categories Included:
A subset of MCO members, defined by beneficiary age
A subset of MCO members, defined by disease and medical condition

### Rewards Model:
Payment incentives/differentials to reward MCOs
Withholds as an incentive

### Clinical Conditions:
Cervical Cancer Screening
Comprehensive Diabetes Care-LDL-C Screening
Follow-Up Care for Children Prescribed ADHD Medication
Follow-Up after inpatient mental health hospitalization-Seven Day
Frequency of Ongoing Prenatal Care
Timeliness of Post Partum Visit
Timeliness of Prenatal Care
Well Child Visit in the Third-Sixth Years of Life, One or More Visits
Well-Child Visits, First 15 Months, Six or More Visits

### Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

## Non-Clinical Topics:
- Program Integrity
- Provider Network Services
Initial Year of Reward: 2008

Member Incentives: Not Applicable

Evaluation Component: The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future.

- Reside in Nursing Facility or ICF/MR
- Retroactive Eligibility
- Special Needs Children (BBA defined)
- Special Needs Children (State defined)

Lock-In Provision:
No lock-in

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Greater New Orleans Community Health Connection (GNOCHC)

ADDITIONAL INFORMATION

The array of services described below is provided under the Greater New Orleans Community Health Connection (GNOCHC) Waiver and must be delivered on an outpatient basis. Requests for pre-admission certification for inpatient hospitalization and inpatient hospital services are not covered.

GNOCHC services fall into two broad categories: core services and specialty services. Core services are medically necessary services coverable under section 1905(a) of the Social Security Act which each GNOCHC provider is expected to provide or purchase on behalf of recipients. Core services include both primary care and behavioral health care services. Specialty services are medically necessary services which each GNOCHC primary care provider is expected to provide to recipients directly or by referral from the primary care provider.

There is no annual visit limit; however, only one primary care visit and/or one behavior health care visit is allowed for the same date of service.

An eligible HealthChoice enrollee may be permitted to disenroll "for cause" from an MCO and enroll in another MCO outside of his/her annual right to change period if he/she is not hospitalized. The Department is responsible for purchase, examination, or fitting of hearing aids and supplies, tinnitus maskers, dental services provided for enrollees under 21 years old and pregnant women of any age, OT, PT, and ST for children under 21. There are additional optional services that some MCOs provide for their enrollees such as dental services for adults. Pregnant women in the Maryland Childrens Health Program are guaranteed eligibility for the duration of the pregnancy and 2 months postpartum. PAC enrollees with diabetes receive DME, podiatry and vision services.

### QUALITY ACTIVITIES FOR MCO/HIO

#### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- Report Card

#### Consumer Self-Report Data:
- CAHPS
  - Medicaid Adult/ Version 4.0
  - Medicaid Children Version 4.0
  - Special Needs Children with Chronic Conditions

#### Use of Collected Data:
- Beneficiary Plan Selection
- Consumer Report Card
- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

#### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

#### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

#### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

#### Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Ambulatory Care for SSI Children and Adults
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Diabetes Management
- Frequency of on-going prenatal care
- HEDIS-Prenatal and Postpartum Care
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Lead screening rate
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Call Abandonment
- Call Answer Timeliness
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Emergency room visits/1,000 beneficiary

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Percentage of beneficiaries who are auto-assigned to MCO

Performance Measures - Others:
None
## Performance Improvement Projects

### Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

### Clinical Topics:
- Adolescent Well Care/EPSDT
- Cervical cancer screening (Pap Test)
- Initiation and Engagement of Alcohol and Other Drug Services
- Substance Use Disorders treatment after detoxification service

### Non-Clinical Topics:
None

## Standards/Accreditation

### MCO Standards:
- CMS's Quality Improvement System for Managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

### Accreditation Required for Participation:
None

### Non-Duplication Based on Accreditation:
None

### EQRO Organization:
- Quality Improvement Organization (QIO)

### EQRO Name:
- Delmarva Foundation for Medical Care

### EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

### EQRO Optional Activities:
- Calculation of performance measures
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of encounter data

## Pay for Performance (P4P)

### Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

### Program Payers:
Medicaid is the only payer

### Population Categories Included:
A subset of MCO members, defined by disease and medical condition

### Rewards Model:
Payment incentives/differentials to reward MCOs

### Clinical Conditions:
- Adolescent Well Care
- Ambulatory Care for SSI Adults
- Ambulatory Care for SSI Children
- Asthma
- Cervical Cancer Screening
- Childhood immunizations
- Diabetes Eye Exam
- Lead Screening
- Postpartum Care
- Well-child visits

### Initial Year of Reward:
2002

### Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

### Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program
Member Incentives:
Not Applicable

QUALITY ACTIVITIES FOR PAHP

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Monitoring of PAHP Standards
- Network Data
- PAHP Standards (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Beneficiary Plan Selection
- Fraud and Abuse
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

Consumer Self-Report Data:
- State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State use/requires PAHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:

PROGRAM DATA

Program Service Area: Statewide
Operating Authority: 1115(a) - Demonstration Waiver Program
Statutes Utilized: Not Applicable
Enrollment Broker: MAXIMUS

Initial Waiver Approval Date: April 24, 1995
Implementation Date: July 01, 1997
Waiver Expiration Date: June 30, 2014

Sections of Title XIX Waived:
-1902(a)(1) Statewidenss
-1902(a)(10)(A) Eligibility Procedures and Standards
-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(10)(C)(i-iii)
-1902(a)(13) insofar as 1923 DSH Requirements
-1902(a)(17) Eligibility Procedures and Standards
-1902(a)(23) Freedom of Choice
-1902(a)(32) Direct Provider Reimbursements
-1902(a)(34) Retroactive Eligibility
-1902(a)(52) Extended Eligibility

Sections of Title XIX Costs Not Otherwise Matchable Granted:
-BCCTP
-Diversionary Behavioral Health
-Early Intervention for Autism
-ELE
-Peds Asthma Project
-Population Expansion
-Premium Assistance
-SNCPs

Guaranteed Eligibility:
No guaranteed eligibility

SERVICE DELIVERY

PCCM Provider - Fee-for-Service

Service Delivery

Included Services: Abortion, Adult Day Health Services, Adult Foster Care Services, Ambulance Services, Ambulatory Surgery,

Allowable PCPs: Board Certified Outpatient Hospital Providers, Family Practitioners
MASSACHUSETTS
Mass Health

Audiology Services, Chapter 766: home assessments and participation in team meetings, Chiropractic, Chronic Disease and Rehab Inpatient Services, Community Health Center, Day Habitation Services, Dental, Diabetes Self-Management Training, Durable Medical Equipment, Early Intervention, EPSDT, Family Planning, Hearing, Hearing Aid, Home Health, Immunoization Administration, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Medical Nutrition Therapy, Medical/Surgical Supplies, Nurse Midwife, Nurse Practitioner, Nursing Facility Services, OB/GYN and Prenatal, Occupational Therapy, Orthotic, Outpatient Hospital, Outpatient Mental Health and Substance Use Disorder services, Oxygen and Respiratory Therapy services and equipment, Personal Care, Pharmacy, Physical Therapy, Physician, Podiatry, Primary Care and Specialty Care Visits, Private Duty Nursing Services, Prosthetics, Radiology and diagnostic services, Rehabilitation services, Renal Dialysis Services, Speech Therapy, Tobacco Cessation, Transportation, Vision, X-Ray

-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Nurse Practitioners
-Obstetricians/Gynecologists or Gynecologists
-Other Board Certified Specialists Approved on a Case-by-Case Basis
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled:
-Foster Care Children

Populations Mandatorily Enrolled:

ADDITIONAL INFORMATION

PCCM:

Overview of the PCC Plan
The PCC Plan is a statewide Primary Care case management program administered by MassHealth. MassHealth Members who are eligible for managed care may choose to enroll in one of the MCOs or the PCC Plan. If a Member chooses to enroll in the PCC Plan, the Member reports to MassHealth's Enrollment Broker which PCC the Member has selected as his or her Primary Care Practitioner. MassHealth may assign the Member to the PCC Plan and to a specific PCC if, after a certain time frame, the Member has not selected an MCO or PCC.
The PCC Plan contracts with approximately 1,040 Primary Care Clinicians (PCCs) that practice at 1,540 PCC service locations. PCCs are individual physicians or nurse practitioners, group practices, community health centers, hospital-licensed health centers, or hospital outpatient departments. PCCs must sign a PCC Provider Contract in addition to a MassHealth Provider Agreement.
The PCC Plan currently pays MassHealth providers on a Fee-for-Service (FFS) basis. In addition, MassHealth pays PCCs an enhanced fee whenever a PCC delivers primary or preventive health care services to one of the Enrollees in their panel.

Enrollees are eligible to receive all Medically Necessary covered services available under their MassHealth Coverage Type. PCCs deliver or refer for most health care services for their Enrollees. Enrollees can obtain non-behavioral health medical services from any willing MassHealth provider, subject to any PCC referral requirements, and other MassHealth prior authorization (PA) requirements that exist.
The vendor administering the behavioral health benefit also assists in the administration of the PCC Plan, including providing management support to the PCCs, including quality improvement focused site visits, and a PCC hotline.

PIHP:

The MassHealth PCCM ensures that enrollees receive all needed behavioral health covered services by contracting with a MH/SUD PIHP. The PIHP provides a network of behavioral health service providers of acute, emergency, diversionary and ambulatory care. There are programmatic standards to ensure access to, and availability of, behavioral health services. The MH/SUD PIHP is responsible for quality management, and network management of the providers in their network, and is responsible to conduct utilization management of the behavioral health covered services. The MH/SUD PIHP also delivers intensive care coordination for enrollees having complex and co-morbid conditions.

The MH/SUD PIHP is responsible to provide the same array of services and supports to certain youth who are in the care and or custody of certain State agencies: the department of Youth Services and the Department of Children and Families.

The MH/SUD PIHP is also responsible to provide certain services specific to the Children Behavioral Health Initiative to youth with third party liability and to MassHealth Fee For Service youth.

Through an interagency service agreement between the Department of Mental Health and MassHealth, The same MH/SUD PIHP also administers 3 special programs for the Commonwealth: The Emergency Service Program of mobile behavioral health crisis evaluation and stabilization teams; The Forensic Evaluation 18a Program of psychological evaluation of the safety of jailed detainees prior to their arraignment; and The Massachusetts Children's Psychiatric Access Program of urgent psychiatric and psychopharmacologic consultation to all Massachusetts pediatricians.

The MH/SUD PIHP also provides Management Support Services to the Primary Care Clinicians in the PCCM.
The MassHealth Managed Care Organizations (MCO) Program provides medical, pharmacy and behavioral health services through capitated arrangements with five MCOs. Enrollees are eligible to receive all Medically Necessary covered services available under their MassHealth Coverage Type. MCOs are responsible for providing all capitated covered services and arranging for or coordinating non-capitated/non-covered services (or wrap services such as non-emergent transportation, non-medical vision care, and most community Long Term Services and Supports. The MCOs are required to provide varying levels of care management including complex and intensive care management depending on members' care needs.

Excluded from managed care are:
"Members < 65
"*Dual eligibles (Medicare and Medicaid)
"Third Party Liability (TPL) or other health insurance
"Children in the care and custody of the Department of Children and Families (DCF) are required to enroll in managed BH/SUD PIHP unless they choose to enroll in the PCC Plan or an MCO

Managed care eligible members may choose to enroll in any MassHealth managed care option plan operating in their respective service areas. Members may switch managed care plans at any time.

*Dual Eligibles - Normally dual eligibles are excluded from participation in the MassHealth managed care plans, however, 141 (as of 7/01/2012) Enrollees are enrolled in one of the MassHealth MCOs (Neighborhood Health Plan/NHP). These dual eligibles Enrollees were grandfathered in managed care as they were enrolled in either the HIV/AIDS or severely disabled pilot programs with NHP (prior to 7/01/2010, the start of the MCO reprocurement). These dual members receive their pharmacy benefit from Medicare Part D Drug Plan which includes OTCs, Barbiturates and Benzodiazepines and legislatively mandated drugs.

Effective 1/01/2011, Neighborhood Health Plan (NHP) was awarded the MassHealth state-wide contract for the Special Kids/Special Care (SK/SC) Program, formerly a pilot program. This Program serves children with special health care needs that are in the custody of the Department of Children and Families (DCF) and living in a foster home at the time of enrollment. NHP provides and arranges for the full range of medical and behavioral health services. The clinical criteria consists of: complex medical management and direct administration of skilled nursing care requiring complex nursing procedures; or skilled assessment and/or monitoring related to an unstable medical condition on a regular basis over a prolonged period of time. As of 07/01/2012, NHP served approximately 142 children in the SK/SC program.

Skilled Nursing Facility services are provided in the Institutional Care benefit (which also includes chronic or rehabilitation hospital) for up to 100 days per enrollee per calendar year.

Abortion services are provided under a separate contract with the MCOs.

Quality improvement and quality improvement projects with required deliverables and goals to receive incentive payments.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement**

*Activities:*
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

*Use of Collected Data:*
- ANOVA (Analysis of Variance)
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Provider Profiling
- Regulatory Compliance/Federal Reporting
- State Medicaid Managed Care Quality Strategy
- Track Health Service provision

**Consumer Self-Report Data:**

- State-developed Survey

*Use of HEDIS:*

- The State uses SOME of the HEDIS measures listed for
MASSACHUSETTS
Mass Health

Medicaid
-The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
-State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

Encounter Data

Collection: Requirements:
-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
-Incentives/sanctions to insure complete, accurate, timely encounter data submission
-Requirements for data validation
-Requirements for MCOs to collect and maintain encounter data
-Requirements for PIHPs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Deadlines for regular/ongoing encounter data submission(s)
-Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
-Guidelines for frequency of encounter data submission
-Guidelines for initial encounter data submission
-Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
-ANSI ASC X12 837 - transaction set format for transmitting health care claims data
-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
-UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
-Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
-Automated edits of key fields used for calculation (e.g. codes within an allowable range)
-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
-Per member per month analysis and comparisons across MCO
-Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
-Date of Service
-Date of Processing
-Date of Payment
-Provider ID
-Type of Service
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes
-Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
-Adolescent immunization rate
-Adolescent well-care visit rate
-Asthma care - medication use
-Breast Cancer screening rate
-Cervical cancer screening rate
-Check-ups after delivery
-Chlamydia screening in women

Health Status/Outcomes Quality:
-Mortality rates
-Patient satisfaction with care
-Percentage of beneficiaries satisfied with their ability to access care
### Mass Health

- Controlling high blood pressure
- Dental services
- Depression management/care
- Diabetes management/care
- Follow-up care for children prescribed ADHD medication
- Follow-up after hospitalization for mental illness
- Frequency of ongoing prenatal care
- Hearing services for individuals less than 21 years of age
- Identification of Substance Use Disorders
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Initiation of prenatal care - timeliness of
- Pediatric behavioral health screening
- Percentage of beneficiaries with at least one dental visit
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in first 15 months of life
- Well-child care visit rates in 3, 4, 5, and 6 years of life

### Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children’s access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

### Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

### Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Audited Financial Statements
- Cost/Utilization
- Days in unpaid claims/claims outstanding
- Debt ratio
- Division of Insurance (DOI) statutory financial reports
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, vision, etc.)
- Liquidity ratios (current ratio and acid test ratio)
- Medical loss ratio
- Net income
- Net worth
- Rate of return on assets
- Statutory minimum reserve requirements
- Total revenue

### Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

### Performance Measures - Others:
- None

### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries auto-assigned to a PCP
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

### Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/EPDS
- Asthma management
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Child/Adolescent Dental Screening and Services

---

**Performance Improvement Projects**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**
- Adolescent Immunization
- Adolescent Well Care/EPDS
- Asthma management
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Child/Adolescent Dental Screening and Services

### Non-Clinical Topics:

- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children’s access to primary care practitioners
- Reducing health care disparities via health literacy, education campaigns, or other initiatives

### Clinical Conditions:

- Child/Adolescent Hearing and Vision Screening and Services
- Childhood Immunization
- Coordination of Primary and Behavioral Health care
- Depression management
- Diabetes management
- Emergency Room service utilization
- ETOH and other substance abuse screening and treatment
- Hospital Discharge Planning
- Inpatient maternity care and discharge planning
- Pharmacy management
- Post-natal Care
- Pre-natal care
- Prescription drug abuse
- Primary Care Medical Home Initiative; Motivational Interviewing
- Smoking prevention and cessation
- Substance Use Disorders treatment after detoxification service
- Well Child Care/EPSDT

### EQRO Data included in State’s annual EQR technical report:

- Aggregate and Specific Health Plan Data

<td></td>
</tr>
</tbody>
</table>

**Consumer Self-Report Data:**
- MHQP Member Exp. Pilot Survey
- PIHP developed survey

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

---

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PIHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Per member per month analysis and comparisons across PIHPs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

**PIHP conducts data accuracy check(s) on specified data elements:**
- Date of Service

**State conducts general data completeness assessments:**
- Yes
MASSACHUSETTS
Mass Health

-Date of Processing
-Date of Payment

-Type of Service
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes

Performance Measures

Process Quality:
-Antidepressant medication management
-Follow-up after hospitalization for mental illness

Health Status/Outcomes Quality:
-Patient satisfaction with care
-Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
-Timely access to MH/SUD services after hospitalization for MH/SUD condition.

Use of Services/Utilization:
-Average number of visits to MH/SUD providers per beneficiary
-Continuing Care Rate
-Inpatient admission for MH/SUD conditions/1,000 beneficiaries
-Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
-Re-admission rates of MH/SUD
-Timeliness of Post discharge after care

Health Plan Stability/Financial/Cost of Care:
-Actual reserves held by plan
-Days cash on hand
-Days in unpaid claims/claims outstanding
-Expenditures by Behavioral Health category of covered service
-Net income
-State minimum reserve requirements
-Total revenue

Health Plan/Provider Characteristics:
-Board Certification
-Languages Spoken (other than English)
-Provider turnover

Beneficiary Characteristics:
-Information of beneficiary ethnicity/race
-Information on primary languages spoken by beneficiaries
-Percentage of beneficiaries who are auto-assigned to PIHPs
-PIHP/PCP-specific disenrollment rate

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
-All PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
-Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
-Coordination of primary and behavioral health care
-Depression management
-Emergency room service utilization for MH/SUD conditions
-ETOH and other substance abuse screening and treatment
-Hospital Discharge Planning for MH/SUD conditions
-Substance Use Disorders treatment after detoxification service

Non-Clinical Topics:
-Member Access to Behavioral Health Services
-Reducing health care disparities via health literacy, education campaigns, or other initiatives

Standards/Accreditation

### QUALITY ACTIVITIES FOR PCCM

#### Quality Oversight Activities:
- Consumer Self-Report Data (see below for details)  
- Enrollee Hotlines  
- Focused Studies  
- Network Data  
- Performance Improvement Projects (see below for details)  
- Performance Measures (see below for details)  
- Provider Data

#### Consumer Self-Report Data:
- Member Satisfaction collected biennial by PCC Plan

#### Process Quality:
- Adolescent immunization rate  
- Adolescent well-care visits rates  
- Asthma care - medication use  
- Behavioral Health screening in children  
- Breast Cancer screening rate  
- Cervical cancer screening rate  
- Check-ups after delivery  
- Chlamydia screening in women  
- Controlling high blood pressure  
- Depression medication management  
- Diabetes management/care  
- Follow-up after hospitalization for mental illness  
- Frequency of on-going prenatal care  
- Immunizations for two year olds  
- Initiation and engagement of SUD treatment  
- Initiation of prenatal care - timeliness of  
- Well-child care visit rates in 3, 4, 5, and 6 years of life  
- Well-child care visit rates in first 15 months of life

#### Health Status/Outcomes Quality:
- Percentage of children with Behavioral Health (BH) screen with BH need identified  
- Percentage of children with Behavioral Health need identified who received follow up.

#### Use of Collected Data:
- Health Services Research  
- Monitor Quality Improvement  
- Program Evaluation  
- Program Modification, Expansion, or Renewal  
- Provider Profiling  
- Regulatory Compliance/Federal Reporting  
- State Medicaid Managed Care Quality Strategy

#### Use of Services/Utilization:
- Drug Utilization

#### SERVICE DELIVERY

**MCO (Comprehensive Benefits) - Risk-based Capitation**

**Service Delivery**

| Included Services: | Case Management, Chiropractic, Dental, Durable Medical Equipment, Emergency Room, EPSDT, Family Planning, Hearing, Home Health, Hospice, ICF/MR, Community-Based, IEP, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Interpreter, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Preventive Visits, Respiratory Therapy, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray  
| Allowable PCPs: | -Not applicable, contractors not required to identify PCPs  

253
Enrollment

Populations Voluntarily Enrolled:
None

Populations Mandatorily Enrolled:
- American Indians as defined in 25 U.S.C. 1603(c)
- Children under age 19 who are in state subsidized foster care or other out of home placement
- Children under age 19 who are receiving adoption assistance under Title IV-E
- Children under age 19 who are receiving foster care under Title IV-E
- Children under age 19 with special health care needs who are receiving services under a care system
- Disabled children under age 19 who are eligible for SSI under Title XVI who are not using a disabled
- MA One year olds
- Medicare Dual Eligibles
- MinnesotaCare Caretaker Adults
- MinnesotaCare Children < 21
- MinnesotaCare Pregnant Women

Subpopulations Excluded from Otherwise Included Populations:
- Blind and disabled recipients under age 65
- Enrolled in Another Managed Care Program
- Had other health insurance during preceding 4 months (not including Medical Assistance, GAMC, TricCare/CHAMPUS)
- Individuals with household income above 150% of poverty with other health insurance
- Medicare Dual Eligibles
- Non-documented alien recipients who receive only emergency MA under Minn. Stat. 256B.06(4)
- Non-institutionalized recipients eligible on spend down basis
- Pregnant Women Up to 275 of FPG With Other Insurance
- Recipients residing in state institutions
- Recipients with private coverage through a MCO not participating in Medicaid
- Recipients with terminal or communicable diseases at time of enrollment
- Refugee Assistance Program recipients

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only
Under 65 and not using a disabled basis of eligibility

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Lock-In Provision:
12 month lock-in

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:

MINNESOTA
Minnesota Prepaid Medical Assistance Project Plus-1115(a)

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services

Standards/Accreditation

MCO Standards:  
- NCQA (National Committee for Quality Assurance) Standards

Non-Duplication Based on Accreditation:  
- NCQA (National Committee for Quality Assurance)

EQRO Organization:  
- Quality Improvement Organization (QIO)

EQRO Name:  
- MetaStar (QIO)  
- Michigan Performance Review Organization

EQRO Mandatory Activities:  
- Review of MCO compliance with structural and operational standards established by the State  
- Validation of performance improvement projects  
- Validation of performance measures

EQRO Optional Activities:  
- Administration or validation of consumer or provider surveys

Pay for Performance (P4P)

Implementation of P4P:  
The State has implemented a Pay-for-Performance program with MCO

Program Payers:  
MCOs  
Medicaid has collaborated with a public sector entity to support the P4P program

Population Categories Included:  
A subset of MCO members, defined by disease and medical condition

Rewards Model:  
Payment incentives/differentials to reward MCOs

Clinical Conditions:  
Cardiac Care  
Diabetes

Measurement of Improved Performance:  
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)  
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:  
1999

Evaluation Component:  
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

Member Incentives:  
Not Applicable

- Pneumococcal Vaccine  
- Sexually transmitted disease screening

Non-Clinical Topics:  
- Adults access to preventive/ambulatory health services

PROGRAM DATA

Program Service Area: Statewide
Initial Waiver Approval Date: December 30, 2009

Operating Authority: 1115(a) - Demonstration Waiver Program
Implementation Date: January 01, 2010

Statutes Utilized: Not Applicable
Waiver Expiration Date: September 30, 2014

Enrollment Broker: No
Sections of Title XIX Waived:

-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(17) Financial Eligibility Standards
-1902(a)(23) Freedom of Choice
-1902(a)(34) Retroactive Eligibility
-1902(a)(4) Proper and Efficient Administration of the State Plan

For All Areas Phased-In: No
Sections of Title XIX Costs Not Otherwise Matchable Granted:

-Eligibility Expansion
-MCO Choice {1932(a)(3)}
-MCO Limits Disenrollment Rights 1903(m)(2)(A)(vi)

Guaranteed Eligibility: 12 months guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Diagnosics, Disease Management, Durable Medical Equipment, Emergency, Home Health, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Maternity, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Pre/Post Natal Care, Preventive, Speech Therapy, Urgent Care

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Indian Health Service (IHS) Providers
-Nurse Midwives
-Nurse Practitioners
-Obstetricians/Gynecologists or Gynecologists
-Other providers who meet the MCO credentialling requirements for PCP.
-Other Specialists Approved on a Case-by-Case Basis
-Physician Assistants
-Primary care teams at teaching facilities.
-Rural Health Clinics (RHCs)
NEW MEXICO
New Mexico State Coverage Insurance Section 1115 Demonstration

Enrollment

Populations Voluntarily Enrolled:
- Non-pregnant childless adults age 19-64 with incomes < 200% FPL

Subpopulations Excluded from Otherwise Included Populations:
- Eligible only for TB-related Services
- Enrolled in Another Managed Care Program
- May not be eligible for regular Medicaid.
- May not have voluntarily dropped private health insurance within the last six months.
- Medically Needy Individuals with Spend-down
- Medicare Dual Eligibles
- Other Insurance
- Participate in HCBS Waiver
- Reside in Nursing Facility or ICF/MR
- Retroactive Eligibility
- Special Needs Children (BBA defined)
- Special Needs Children (State defined)

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Lock-In Provision:
12 month lock-in

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Lovelace Community Health Plan
Molina Healthcare of New Mexico
Presbyterian Health Plan

ADDITIONAL INFORMATION

Each beneficiary is limited to $100,000 maximum per benefit year. The SCI program requires co-payments for services and prescriptions, and monthly premiums to be paid by the beneficiary and the employer. When Medicare eligibility is verified, SCI members are disenrolled from the SCI program prospectively and provided with adverse action. SCI enrollment may coexist when only Medicare Part A coverage is issued retroactively to SCI members in order to maintain coverage for services other than hospitalization that were provided through the SCI program. An adjusted capitation payment is provided to the managed care organization in such instances.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:

NEW MEXICO
New Mexico State Coverage Insurance Section 1115 Demonstration

Consumer Self-Report Data:
- CAHPS
  Adult Medicaid AFDC Questionnaire
- Consumer/Beneficiary Focus Groups

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO

State conducts general data completeness assessments:
- Yes

Performance Measures

Process Quality:
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Diabetes medication management
- Frequency of on-going prenatal care
- Initiation of prenatal care - timeliness of

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
### NEW MEXICO
New Mexico State Coverage Insurance Section 1115 Demonstration

#### Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Ratio of PCPs to beneficiaries

#### Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary

#### Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Administrative Costs
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Fidelity Bond Coverage
- Medical loss ratio
- Net income
- Net worth
- Profit (Loss)
- Risk Based Capital
- State minimum reserve requirements
- Total revenue
- Value Added Services

#### Health Plan/Provider Characteristics:
- Board Certification
- Provider turnover

#### Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries

#### Performance Measures - Others:
None

### Performance Improvement Projects

#### Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

#### Non-Clinical Topics:
- Adults access to preventive/ambulatory health services

#### Clinical Topics:
- Asthma management
- Diabetes management
- Emergency Room service utilization

### Standards/Accreditation

#### MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards

#### Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

#### Non-Duplication Based on Accreditation:
None

#### EQRO Name:
- HealthInsight New Mexico dba New Mexico Medical Review Association

#### EQRO Organization:
- Quality Improvement Organization (QIO)

#### EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

#### EQRO Optional Activities:
- Technical assistance to MCOs to assist them in conducting quality activities

PROGRAM DATA

Program Service Area: County

Operating Authority: 1115(a) - Demonstration Waiver Program

Statutes Utilized: Not Applicable

Enrollment Broker: MAXIMUS

Initial Waiver Approval Date: September 30, 2006

Implementation Date: October 01, 2006

Waiver Expiration Date: March 31, 2014

Sections of Title XIX Waived:
-1902(a)(1) Statewideness
-1902(a)(23) Freedom of Choice
-1902(a)(25) Third Party Liability
-1902(a)(3) Access to State Fair Hearing
-1902(a)(4)(a) MEQC

Sections of Title XIX Costs Not Otherwise Matchable Granted:
-Designated State Health Programs
-Dual-Eligibles Appeals
-Exemption from MEQC disallowances {1903(u)}
-Facilitated Enrollment Services
-Institute For Mental Disease Expenditures
-Twelve Month Continuous Eligibility

Guaranteed Eligibility: 6 months guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Ambulance, Bone Mass Measurement, Chiropractic,
Colorectal Screening, Dental, Diabetes Monitoring, Durable
Medical Equipment, Emergency Room, Hearing, Home
Health, Immunization, Inpatient Hospital, Inpatient Mental
Health, Inpatient Substance Use Disorders, Laboratory,
Mammograms, Non-covered Medicare visits, Occupational
Therapy, Outpatient Mental Health, Outpatient Substance
Use Disorders, Outpatient Surgery, Pap Smear and Pelvic
Exams, PCP visits, Pharmacy, Physical Therapy, Podiatry,
Private Duty Nursing, Prostate Cancer Screening,
Prosthetics, Radiation therapy, Routine Physical Exam

Allowable PCPs:
-Not Applicable
Enrollment

Populations Voluntarily Enrolled:
- Medicare Dual Eligibles

Populations Mandatorily Enrolled:
- None

Subpopulations Excluded from Otherwise Included Populations:
- Eligible for Family Planning services only
- Eligible for TB related services only
- Eligible for the Medicaid buy-in for the working disabled program who pay a premium
- Eligible less than 6 months
- Eligible for treatment for breast or cervical cancer only
- Enrolled in hospice at the time of enrollment
- In the LTHHCP, except for the DD
- In the Restricted Recipient Program
- Individuals enrolled in a long term care demonstration
- Medicare Dual Eligibles
- Other Insurance
- Persons with ESRD at the time of enrollment, unless meet the Medicare exception
- Placed in a State OMH family care home
- Residents of Residential Health Facility at enrollment whose stay is classified as permanent
- Residents of State operated Psych facilities or residents of State certified treatment facilities for children and youth
- Spend downs

Lock-In Provision:
- No lock-in

Medicare Dual Eligibles Included:
- QMB Plus, SLMB Plus, and Medicaid only
- QMB

Medicare Dual Eligibles Excluded:
- SLMB, QI, and QDWI
- QMB

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
- Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

The Medicaid Advantage program serves only dual eligibles on a voluntary enrollment basis. Transportation and dental services are optional outside of NYC. Within NYC these services are required.

### QUALITY ACTIVITIES FOR MCO/HIO

**State Quality Assessment and Improvement Activities:**
- Encounter Data (see below for details)
- MCOs must comply with Medicare requirements for quality in 42 CFR 422

**Use of Collected Data:**
- Program Evaluation
- Regulatory Compliance/Federal Reporting

**Consumer Self-Report Data:**
None

**Use of HEDIS:**
- The State DOES NOT use any of the HEDIS measures

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
None

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

**State conducts general data completeness assessments:**
No

### ADDITIONAL INFORMATION

This program enrolls ABD populations statewide & AFDC populations in specific counties into mandatory managed care. MCO Optional Services: Dental, Family Planning, and Transportation are included at the option of the MCO.

PCCMs are capitated for primary care services, only.

Enrollment in a PCCM is voluntary. There is no auto-assignment to PCCMs in mandatory counties.

### QUALITY ACTIVITIES FOR MCO/HIO

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

**Use of Collected Data:**
- Beneficiary Plan Selection
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Encounter Data**

**Collection: Requirements:**

- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- None

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency)
NEW YORK
F-SHRP - Medicaid Managed Care

MCO/HIO conducts data accuracy check(s)
on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness
assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Adult BMI Assessment
- Annual monitoring of patients on persistent medications
- Antidepressant medication management
- Appropriate testing for pharyngitis
- Appropriate use of antibiotics for URI
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia testing
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services
- Diabetes medication management
- Drug therapy for rheumatoid arthritis
- Follow up ADHD medication - new prescription
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- HIV/AIDS care
- Imaging studies for low back pain
- Immunizations for two year olds
- Influenza immunization for adults (50 - 64 years)
- Initiation of prenatal care - timeliness of
- Lead Screening rate
- Medical assistance with tobacco use cessation
- Pharmacotherapy for COPD exacerbation
- Spirometry in COPD assessment
- Weight, nutrition, physical activity for children & adolescents
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Children's access to primary care practitioners
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Frequency of selected procedures/1,000 beneficiaries
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
### Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs

### Performance Improvement Projects

#### Project Requirements:
- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

#### Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Children's access to primary care practitioners

### Standards/Accreditation

#### MCO Standards:
- State-Developed/Specified Standards

#### Accreditation Required for Participation:
- None

#### EQRO Organization:
- Quality Improvement Organization (QIO)

#### EQRO Name:
- Island Peer Review Organization

#### EQRO Mandatory Activities:
- Validation of performance improvement projects
- Validation of performance measures

#### EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Conduct performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities
- Validation of client level data, such as claims and encounters

### Pay for Performance (P4P)

#### Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

#### Program Payers:
Medicaid is the only payer
Population Categories Included:
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

Rewards Model:
Payment incentives/differentials to reward MCOs
Preferential auto-enrollment to reward MCOs
Public reporting to reward MCOs

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Assessing patient satisfaction measures
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
2000

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

NEW YORK
Partnership Plan - Family Health Plus

Benefits Limitations (per calendar year): Home Health is limited to 40 visits; Outpatient Substance Use Disorders and Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physician, Radiation Therapy, Chemotherapy, Hemodialysis, Smoking cessation products, Transportation, Vision, X-Ray

Effective April 1, 2008, implemented Family Health Plus Premium Assistance Program. Persons with access to qualified cost-effective Employer Sponsored Health Insurance (ESHI) must enroll in the ESHI. The State subsidizes the premiums and reimburses any deductibles and co-pays, to the extent that the co-pays exceed the amount of the enrollees co-payment obligations under FHPlus. The State also pays for any FHPlus benefits not covered by the ESHI when the service is obtained from a Medicaid fee-for-service provider.

Univera Community Health

ADDITIONAL INFORMATION

Benefit Limitations (per calendar year): Home Health is limited to 40 visits; Outpatient Substance Use Disorders and Outpatient Mental Health are limited to 60 visits combined. Inpatient Mental Health and Inpatient Chemical Dependence stays are limited to 30 days per year combined.

Effective April 1, 2008, implemented Family Health Plus Premium Assistance Program. Persons with access to qualified cost-effective Employer Sponsored Health Insurance (ESHI) must enroll in the ESHI. The State subsidizes the premiums and reimburses any deductibles and co-pays, to the extent that the co-pays exceed the amount of the enrollees co-payment obligations under FHPlus. The State also pays for any FHPlus benefits not covered by the ESHI when the service is obtained from a Medicaid fee-for-service provider.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement
Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
Use of Collected Data:
- Beneficiary Plan Selection
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
NEW YORK
Partnership Plan - Family Health Plus

- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Consumer Self-Report Data:
- CAHPS
  Adult Medicaid AFDC Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adult BMI assessment
- Asthma care - medication use
- Avoidance of antibiotics for bronchitis

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of low birth weight infants
**NEW YORK**  
**Partnership Plan - Family Health Plus**

### Standards/Accreditation

- Breast Cancer screening rate  
- Cervical cancer screening rate  
- Check-ups after delivery  
- Chlamydia screening  
- Cholesterol screening and management  
- Controlling high blood pressure  
- Dental services  
- Depression management/care  
- Diabetes medication management  
- Drug therapy for rheumatoid arthritis  
- Follow-up after hospitalization for mental illness  
- Frequency of on-going prenatal care  
- HIV/AIDS care  
- Imaging studies for low back pain  
- Influenza immunization for adults (50-64 years)  
- Initiation of prenatal care - timeliness of  
- Medical assistance with tobacco use cessation  
- Monitoring of patients on persistent medications  
- Pharmacotherapy for COPD exacerbation  
- Spirometry in COPD assessment

### Access/Availability of Care:

- Ratio of PCPs to beneficiaries

### Use of Services/Utilization:

- Average number of visits to MH/SUD providers per beneficiary  
- Drug Utilization  
- Emergency room visits/1,000 beneficiary  
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries  
- Inpatient admissions/1,000 beneficiary  
- Number of OB/GYN visits per adult female beneficiary  
- Number of PCP visits per beneficiary  
- Number of specialist visits per beneficiary

### Health Plan Stability/Financial/Cost of Care:

- Actual reserves held by plan  
- Days cash on hand  
- Days in unpaid claims/claims outstanding  
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)  
- Net income  
- Net worth  
- State minimum reserve requirements  
- Total revenue

### Health Plan/Provider Characteristics:

- Board Certification  
- Languages Spoken (other than English)

### Beneficiary Characteristics:

- Information of beneficiary ethnicity/race  
- MCO/PCP-specific disenrollment rate  
- Percentage of beneficiaries who are auto-assigned to MCO

### Performance Measures - Others:

None

### Performance Improvement Projects

#### Project Requirements:

- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

#### Clinical Topics:

- Eliminating disparities in asthma care  
- Reducing potentially preventable readmissions

#### Non-Clinical Topics:

- Adults access to preventive/ambulatory health services

### Performance Measures

#### Process Quality:
- Adolescent preventive care
- Adult BMI assessment
- Antidepressant medication management
- Appropriate testing for pharyngitis
- Appropriate use of antibiotics for URI
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia testing
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services
- Diabetes medication management
- Drug therapy for rheumatoid arthritis
- Follow-up ADHD medication - new prescription
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- HIV/AIDS care
- Imaging studies for low back pain
- Immunizations for two year olds
- Influenza immunization for adults (50-64 years)
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Medical assistance with tobacco use cessation
- Monitoring patients on persistent medications
- Pharmacotherapy for COPD exacerbation
- Spirometry in COPD assessment
- Weight, nutrition, physical activity for children & adolescents
- Well care visits for ages 12-21
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

#### Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

#### Access/Availability of Care:
- Adults access to preventive & ambulatory care
- Children's access to primary care
- Ratio of PCPs to beneficiaries

#### Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
- Durable Medical Equipment
- EPSDT
- Family Planning
- Hearing, Home Health, Hospice
- Immunization, Inpatient Hospital
- Inpatient Mental Health
- Inpatient Substance Use Disorders
- Laboratory, Outpatient Hospital
- Outpatient Mental Health
- Outpatient Substance Use Disorders
- Pharmacy, Physician, Skilled Nursing Facility, Transportation
- Vision, X-Ray

Allowed PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Indian Health Service (IHS) Providers
- Internists
- Nurse Practitioners
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants
- Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled:
None

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Medicare Dual Eligibles
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Other Insurance
- QMB and MN Spenddown

Medicare Dual Eligibles Included:
Include all categories of Medicare Dual Eligibles

Medicare Dual Eligibles Excluded:
None

Lock-In Provision:
6 month lock-in

Serving People with Complex (Special) Needs

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

Participating Plans/PCCM and Other Programs

- Access Dental Plan
- Accountable Behavioral Health
- Advantage Dental Services
- Capitol Dental Care, Inc.
- CareOregon
- Cascade Comprehensive Care
- Clackamas County Mental Health
- Doctors of the Oregon Coast South
- Douglas County IPA
- Family Dental Care
- FamilyCare (Mental Health)
- FamilyCare Health Plans
OREGON
Oregon Health Plan Plus

ADDITIONAL INFORMATION

A $6.00 Case Management Fee is paid on a per member/per month basis. This fee is not a capitation payment. The Oregon PCCM program is fee-for-service.

Children 18 years and under are guaranteed 12 months continuous eligibility.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On Site Reviews as needed
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child Medicaid SSI Questionnaire
  - Child with Special Needs Questionnaire
  - Disenrollment Survey
  - State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data

Collections: Submission Specifications:
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries
OREGON
Oregon Health Plan Plus

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- CMS 1500
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Per member per month analysis and comparisons across MCO

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well care visits
- Adult access to preventive/ambulatory care
- Breast Cancer screening rate
- Cervical cancer screening rate
- Children and Adolescents access to primary care practitioners
- Chlamydia screening
- Colon Rectal Cancer Screening Rate
- Dental Preventive Services (all ages)
- Follow-up after hospitalization for mental illness
- Immunizations for two year olds
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of child beneficiaries with at least one dental visit
- Percentage of ED visits with a follow up outpatient visit within 30 days
- Percentage of hospital visits with a follow up outpatient visit within 30 days
- Percentage of members with persistent asthma
- Percentage of members with persistent asthma who had a hospital visit for asthma
- Percentage of members with persistent asthma who had an ED visit for asthma
- Percentage of members with persistent asthma who had an outpatient visit for asthma
- Percentage of members with persistent asthma who overused rescue medicine
- Percentage of members with persistent asthma who received an influenza immunization
- Percentage of members with persistent asthma who received at least one maintenance medicine dispensing
- Percentage of members with persistent asthma who received at least one rescue medicine dispensing

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with obtaining care
### OREGON
Oregon Health Plan Plus

- Percentage of members with persistent asthma with a satisfactory asthma medicine ratio
- Percentage of members with persistent asthma with good asthma medicine ratio
- Smoking prevention and cessation
- Well child visits in 3rd, 4th, 5th and 6th years of life
- Well child visits in first 15 months of life

#### Access/Availability of Care:
- Average wait time for an appointment with PCP
- Prevention Quality Indicator - Ambulatory Care Sensitive Conditions Hospitalizations

#### Use of Services/Utilization:
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Percentage of child beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

#### Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

#### Health Plan/Provider Characteristics:
None

#### Performance Measures - Others:
None

#### Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Non-Clinical Topics:**
- Physical Health and Behavioral Health Integration

**Clinical Topics:**
- Asthma management
- Childhood Immunization
- Diabetes management
- Emergency Room service utilization
- ETOH and other substance abuse screening and treatment
- Pre-natal care
- Smoking prevention and cessation

#### Standards/Accreditation

**MCO Standards:**
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Name:**
- Accumentra

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:**
- Administration or validation of consumer or provider surveys
- Conduct of performance improvement projects

**EQR Data included in State’s annual EQR technical report:**
- Aggregate and Specific Health Plan Data

Connect Care Choice is a primary care case management program for adults with Medicaid coverage who are 21 years old or older. The goal is to provide improved access to a person's primary care doctor and nurse case manager so they can better manage chronic illnesses and conditions. Emphasis is placed on preventive and primary care and teaching self-management skills to optimize wellness and reduce illness and hospitalizations.

To be able to enroll, individuals must not have other comprehensive health insurance coverage and must live in the community: at home, in assisted living, or in a group home.

Under Data Element: Section of Title XIX Waived: 1902(a)(14) Cost Sharing Requirements in so far as it incorporates 1916

- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison of State data with plan-specific data
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Monitoring submission processes from providers to health plans to assure complete and timely submissions
- Per member per month analysis and comparisons across MCOs

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Rhody Health Partners

Standards/Accreditation

MCO Standards:
-State-Developed/Specified Standards

Accreditation Required for Participation:
-NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
-None

EQRO Name:
-IPRO, Inc.

EQRO Organization:
-Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
-Review of MCO compliance with structural and operational standards established by the State
-Validation of performance measures

EQRO Optional Activities:
-Administration or validation of consumer or provider surveys
-Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
-Validation of encounter data

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by disease and medical condition
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Adult preventive care
Cervical Cancer screening
Depression
Diabetes
Obesity
Smoking and Tobacco Use

Measurement of Improved Performance:
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Assessing patient satisfaction measures

Initial Year of Reward:
2010

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

311
Since September 2003, Children with Special Health Care Needs are offered enrollment in Rite Care unless they have comprehensive medical insurance from another source -- these children include SSI recipients, children eligible through Katie Beckett provisions, and children in subsidized adoption settings. Managed care enrollment is mandatory for these groups, but is not offered if children are covered by comprehensive third-party insurance. Coordination with other agencies in the care of Children with Special Health Care Needs takes place through the CEDARR program, available to children in managed care as well as to those in fee-for-service Medicaid -- this program combines evaluation, diagnosis, referral, reevaluation and a range of other services for families of Children with Special Needs. Definition of Special Needs Children (State defined): SSI/State Supplement-eligible child; Child eligible under
**RHODE ISLAND**

**Rite Care**

Katie Beckett provisions; Child in subsidized adoption setting. Rite Care was first implemented in August 1994 under a distinct 1115 Demonstration waiver. Effective January 16, 2009 it was incorporated into the RI Global Consumer Choice Compact 1115(a) Demonstration, which encompasses almost the entire RI Medicaid Program. Enrollment became mandatory in October 2008.

Global Consumer Choice Compact program includes Connect Care Choice, Rhody Health Partners, Rite Care and Rite Smiles.

Under Data Element: Section of Title XIX Waived: 1902(a)(14) Cost Sharing Requirements in so far as it incorporates 1916

Children who have or at increased risk for a chronic physical, developmental, behavioral, or emotional condition and who also require health and related services of a type or amount beyond that required by children generally.

STATE OF TENNESSEE

TennCare II

CONTACT INFORMATION

State Medicaid Contact: Gary Smith
TennCare
(615) 507-6493

State Website Address: http://www.tn.gov/tenncare

PROGRAM DATA

Program Service Area: Statewide

Operating Authority: 1115(a) - Demonstration Waiver Program

Statutes Utilized: Not Applicable

Enrollment Broker: No

District Medicaid Contact: Gary Smith
TennCare
(615) 507-6493

State Website Address: http://www.tn.gov/tenncare

PROGRAM INFORMATION

Initial Waiver Approval Date: May 30, 2002

Implementation Date: July 01, 2002

Waiver Expiration Date: June 30, 2013

Sections of Title XIX Waived:
-1902(a)(1)
-1902(a)(10)
-1902(a)(10)(B) Amount, Duration and Scope
-1902(a)(17)
-1902(a)(23)
-1902(a)(34)
-1902(a)(4)(A)
-1902(a)(54)
-1902(a)(8)

Sections of Title XIX Costs Not Otherwise Matchable Granted:
-CHIP-Related Medicaid Expansion Demonstration Population Children
-Continuing Receipt of Home and Community-Based Services
-Continuing Receipt of Nursing Facility Care
-Expenditures for Expanded Benefits and Coverage of Cost-Effective Alternative Services
-Expenditures for Pool Payments
-Expenditures Related to Eligibility Expansion
-Expenditures Related to Expansion of Existing Eligibility Groups
-Expenditures related to MCO Enrollment and Disenrollment
-HCBS Services for SSI-Eligibles
-Indirect Payment of Graduate Medical Education
-LTC Partnership
-Payments for Non-Risk Contractor
-The 217-Like HCBS Group

Guaranteed Eligibility: No guaranteed eligibility

SERVICE DELIVERY

321
MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
Case Management, Chiropractic, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Institutional, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Personal Care, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
-Not applicable

Enrollment

Populations Voluntarily Enrolled:
None

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Institutionalized adults
- Institutionalized children
- Medically Needy (Pregnant Women and Children)
- Medicare Dual Eligibles
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- SSI eligible children
- Uninsurable children (Title XIX)
- Uninsured children (Title XXI)

Subpopulations Excluded from Otherwise Included Populations:
- Medicare Dual Eligibles
- No populations are excluded

Lock-In Provision:
No lock-in

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI
Dental PAHP - Non-Risk Capitation

Service Delivery

Included Services: Dental

Allowable PCPs: Not Applicable, contractors are not required to identify PCPs

Enrollment

Populations Voluntarily Enrolled: None

Populations Mandatorily Enrolled:
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Medicare Dual Eligibles
- SSI Children

Subpopulations Excluded from Otherwise Included Populations:
- Medicare Dual Eligibles

Medicare Dual Eligibles Included:
Medicare dual eligibles (under 21)

Pharmacy PAHP - Risk-based Capitation

Service Delivery

Included Services: Pharmacy

Allowable PCPs: Not required

Enrollment

Populations Voluntarily Enrolled: None

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Title XXI CHIP

Subpopulations Excluded from Otherwise Included Populations:
- Medicare Dual Eligibles

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles
TENNESSEE  
TennCare II  

Medical-only PIHP (risk or non-risk, non-comprehensive) - Other 

Service Delivery

Included Services:
Case Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Outpatient Hospital, Physician, Transportation, Vision, X-Ray

Allowable PCPs:

AmeriGroup Community Care
Delta Dental of Tennessee
United Healthcare - Middle TN
Volunteer State Health Plan (Bluecare) - East
Volunteer State Health Plan (TennCare Select)

Catamaran
United Healthcare - East TN
United Healthcare - West TN
Volunteer State Health Plan (Bluecare) - West

ADDITIONAL INFORMATION

1. Continuous Eligibility is offered to Pregnant Women only - 60 days post delivery. The total period of eligibility will vary depending on the number of months the enrollees was pregnant at the time eligibility was granted.
2. Not all categories included in TennCare are mandatory Medicaid categories.

3. MCO/PIHP included Services: Chiropractic, Hearing, and Methadone Clinic Services are covered as medically necessary for under 21. Private Duty Nursing services are subject to specific limitations and medical necessity. Emergency Air and Ground Transportation is covered. Non-Emergency Transportation including Ambulance services is covered.

4. PIHP: TennCare Select is a prepaid inpatient health plan (PIHP) (as defined in 42 CFR 438.2) which operates in all areas of the State and covers the same services as the MCOs for the individuals described in paragraph 7 below. The State's TennCare Select contractor is reimbursed on a partial risk basis for services rendered to covered populations, and in addition receives fees from the State to offset administrative costs. TennCare Select is at risk for meeting EPSDT Screening Rate targets as reported annually on the CMS 416 report. TennCare Select is also at risk for medical and mental health services.

5. Lock-in: MCOs: Enrollees have 45 days after initial enrollment to change plans, after which they must stay in their plan until the annual re-determination unless there is a good cause reason.

6. Lock-in: PIHP: Children eligible for SSI, children receiving care in a NF or Intermediate Care Facility for Persons with Mental Retardation, and children and adults in a Home and Community Based Services 1915(c) Waiver for individuals with mental retardation are not locked into TennCare Select and may enroll in an MCO if one is available. Children in State custody and children leaving State custody for six months post-custody who remain eligible and enrollees living in areas where there is insufficient capacity to serve them are locked into TennCare Select.

7. MCO/PIHP: Full Benefit Medicare Dual Eligibles are enrolled in managed care programs. QMB only, SLMB only, QI and QDWI are not full benefit eligible hence they are not enrolled in managed care.

9. In both the DBM and the PBM, full benefit dual eligibles under age 21 are included. Partial benefit dual eligibles of any age and full benefit dual eligibles age 21 and older are excluded.

10. Some of our managed care entities have separate Medicare Advantage Plans, but these are independent of the Medicaid Program. The Bureau of TennCare does not have separate contracts with these plans for passive enrollment of dual eligibles into their Medicare Advantage Plans.

Lock-in: Enrollees have 45 days after initial enrollment to change plans, after which they must stay in their plan until annual re-determination unless there is a good cause reason.

Partial Capitation

The Pharmacy Benefits Manager (PBM) is a PAHPs and paid an Administrative Services Fee. The manager handles claims administration and is reimbursed for the claims amount(s). The PBM is currently non-risk but may be renegotiated as at risk. Provider rates are established in accordance with the State plan for the PBM.

Partial Risk Contract

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Non-Duplication Based on Accreditation
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Reporting to CMS on Medicaid/CHIP quality of care measures
- Track Health Service provision

325
Consumer Self-Report Data:
- CAHPS
  - Health Plan Survey 5.0H Adult
  - Health Plan Survey 5.0H Child
- Children with Chronic conditions

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
- State uses/requirements MCOs/PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collection: Standardized Forms:
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate

Health Status/Outcomes Quality:
- Mortality rates
- Patient satisfaction with care
TENNESSEE
TennCare II

- Adolescent well-care visit rate
- Antidepressant medication management
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management
- Controlling high blood pressure
- Dental services
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Ratio of addictions professionals to number of beneficiaries
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of home health visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Improvement Projects

Clinical Topics:

Project Requirements: None
**TENNESSEE**  
**TennCare II**

-MCOs/PIHPs are required to conduct a project(s) of their own choosing  
-All MCOs/PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency  

**MCO Standards:**  
-NAIC (National Association of Insurance Commissioners) Standards  
-NCQA (National Committee for Quality Assurance) Standards  
-Performance measures or improvement projects aligned with CMS recommended priorities (e.g. Child Core Quality Measures)  
-State-Developed/Specified Standards  

**Non-Duplication Based on Accreditation:**  
-NCQA (National Committee for Quality Assurance)  

**EQRO Organization:**  
-Quality Improvement Organization (QIO)  

**EQRO Name:**  
-Q Source  

**EQRO Mandatory Activities:**  
-Review of MCO compliance with structural and operational standards established by the State  
-Validation of performance improvement projects  
-Validation of performance measures  

**EQRO Optional Activities:**  
-Administration or validation of consumer or provider surveys  
-Calculation of performance measures  
-Technical assistance to MCOs to assist them in conducting quality activities  
-Validation of encounter data  
-Validation of Performance Improvement Projects  

**Standards/Accreditation**  

**Accreditation Required for Participation:**  
-NCQA (National Committee for Quality Assurance)  

**Pay for Performance (P4P)**

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO  

**Program Payers:**
Medicaid is the only payer  

**Population Categories Included:**
Covers all MCO members  

**Rewards Model:**
Payment incentives/differentials to reward MCOs  

**Clinical Conditions:**
Not Applicable  

**Measurement of Improved Performance:**
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)  
Using clinically-based outcome measures (e.g., HEDIS, EQR Data included in State's annual EQR technical report:
-Aggregate and Specific Health Plan Data  
-Aggregate Data for all MCO Health Plans  
-Specific Health Plan Data only  

**Non-Clinical Topics:**
-Administrative or validation of consumer or provider surveys  
-Calculation of performance measures  
-Technical assistance to MCOs to assist them in conducting quality activities  
-Validation of encounter data  
-Validation of Performance Improvement Projects  

**EQRO Data included in State’s annual EQR technical report:**  
-Aggregate and Specific Health Plan Data  
-Aggregate Data for all MCO Health Plans  
-Specific Health Plan Data only  

**EQRO Data included in State’s annual EQR technical report:**
-Aggregate and Specific Health Plan Data  
-Aggregate Data for all MCO Health Plans  
-Specific Health Plan Data only  

**EQRO Data included in State’s annual EQR technical report:**
-Aggregate and Specific Health Plan Data  
-Aggregate Data for all MCO Health Plans  
-Specific Health Plan Data only  

**Program Payers:**
Medicaid is the only payer  

**Rewards Model:**
Payment incentives/differentials to reward MCOs  

**Measurement of Improved Performance:**
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)  
Using clinically-based outcome measures (e.g., HEDIS,
TENNESSEE
TennCare II

Initial Year of Reward:
2006

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future.

Member Incentives:
Not Applicable

QUALITY ACTIVITIES FOR MENTAL HEALTH PIHP

State Quality Assessment and Improvement Activities:
- Accreditation for Participation (see below for details)
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Monitoring of PIHP Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement
Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid AFDC Questionnaire
  - Child Medicaid SSI Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- 837 transaction format
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. 837I, 837P, 837D, NCPDP.D.0)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- NCPDP D.0 - National Council for Prescription Drug Programs Post-Adjudication Pharmacy Claim Transaction
- X12 5010 837 Professional, Institutional and Dental - transactions

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to submitted...
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Preparing HEDIS and risk adjustment software

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rates
- Annual pediatric hemoglobin (HbA1C) testing
- Annual Percentage of Asthma patients with one or more Asthma
- Asthma care - medication use
- Cervical cancer screening rate
- Childhood Immunization Status
- Chlamydia screening in women
- Depression management/care
- Diabetes care and control
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Good access to behavioral treatment or counseling
- Good access to routine care
- Good access to special therapies
- Good access to specialist referral
- Good access to urgent care
- High blood pressure control
- Human papillomavirus (HPV) vaccine for female Adolescents
- Initiation of prenatal care - timeliness of
- No delays for approval
- No exam room wait > 15 minutes
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Prenatal/postnatal care
- Readmission w/in 30 days after an inpatient stay for mental health
- Related Emergency Room Visit(s)
- Smoking prevention
- Wellcare visits
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- AHRQ Pediatric Quality Indicators
- AHRQ Prevention Quality Indicators
- Patient satisfaction with care
- Percentage of low birth weight infants

Access/Availability of Care:
- Access to network pharmacies
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of PCP visits per beneficiary
TEXAS STAR

- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Total revenue
- Ratio of mental health providers to number of beneficiaries
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Languages Spoken (other than English)
- Provider turnover
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

EQRO Organization:
- QIO-like entity

EQRO Name:
- Institute for Child Health Policy, University of Florida

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Assessment of performance improvement projects
- Calculation of performance measures
- Conduct of studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

Accreditation Required for Participation:
- None

Non-Duplication Based on Accreditation:
- None

EQRO Data included in State's annual EQR technical report:
- Aggregate and Specific Health Plan Data

Performance Measures - Others:
- Member use of services/utilization/satisfaction
Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future.

Program Payers:
Medicaid is the only payer.

Population Categories Included:
Covers all MCO members.

Rewards Model:
5% At-risk Premium. HMO at risk for 5% of the capitation rate(s) dependent on the outcome of pre-identified performance measures.
Payment incentives/differentials to reward MCOs.
Quality challenge pool award. Based on specific pre-identified clinical performance measures.

Clinical Conditions:
Not Applicable.

Measurement of Improved Performance:
5% At-risk Premium. Standards are established for the calendar year time period that must be met in order to retain the point value and
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Assessing patient satisfaction measures.
Assessing the timely submission of complete and accurate electronic encounter/claims data.
Quality Challenge Pool Award is based on a point value and performance standard assigned to the clinical performance measures and overall ranking of managed care organization score.
Using clinically-based outcome measures (e.g., NCQA, HEDIS, AHRQ, etc.)

Initial Year of Reward:
Not Applicable.

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future.

Member Incentives:
Not Applicable.

- Validation of client level data, such as claims and encounters
- Validation of encounter data

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:  
Case Management, Durable Medical Equipment, EPSDT,
Family Planning, Hearing, Home Health, Immunization,

Allowable PCPs:  
-Family Practitioners
-Federally Qualified Health Centers (FQHCS)
Texas STAR+PLUS

Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Long Term Care, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Physician, Vision, X-Ray

- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Obstetricians/Gynecologists
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants
- Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled:
- Blind/Disabled Children and Related Populations
- Medicare Dual Eligibles under 21

Populations Mandatorily Enrolled:
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Medicare Dual Eligibles
- Medicare Dual Eligibles 21 and older

Subpopulations Excluded from Otherwise Included Populations:
- Medicare Dual Eligibles
- Reside in a Nursing Facility or ISF/MR, Reside in a state school or other 24 hour facility, Participating in a HCBS waiver other than the 1915 (c) Nursing Facility Waiver

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Serving People with Complex (Special) Needs

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

Participating Plans/PCCM and Other Programs

Amerigroup (STAR+PLUS)
Molina (STAR+Plus)
United Health Care

Health Spring
Superior HealthPlan (STAR+Plus)

Additional Information

Blind/disabled/aged adults who are SSI or deemed SSI by CMS are mandatory to participate in the MCO model. Blind/disabled children who are SSI or deemed SSI by CMS have the choice of participating in the MCO model or the PCCM model.

Quality Activities for MCO/HIO
**TEXAS STAR+PLUS**

### State Quality Assessment and Improvement

**Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

**Use of Collected Data:**
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Track Health Service provision

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
- State-developed Survey

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills)
- Medical record validation
- Per member per month analysis and comparisons across MCOs

**Collection: Standardized Forms:**
- NCPDP D.0 - National Council for Prescription Drug Programs Post–Adjudication Pharmacy Claim Transaction
- X12 5010 837 Professional, Institutional and Dental - transactions

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Medicaid Eligibility
- Plan Enrollment
- Preparing HEDIS and risk adjustment software

**State conducts general data completeness assessments:**
- Yes

-1902(a)(30)
-1902(a)(32)
-1902(a)(34)
-1902(a)(4)
-1902(a)(8)

Sections of Title XIX Costs Not Otherwise Matchable Granted:
-Expenditures related to additional services
-Expenditures related to defining the uninsured
-Expenditures related to Eligibility Expansion Demo Populations 3-10
-Expenditures related to MCO cap payment
-MCO Limits Disenrollment Rights 1903(m)(2)(A)(vi)
-Populations 3-10

Guaranteed Eligibility:
No guaranteed eligibility

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery
The Vermont Agency of Human Services was granted permission through a 1115 waiver (our Global Commitment to health waiver) to make improvements to the way we deliver certain Medicaid services. According to our Global Commitment’s Special Terms and Included Services:

- Case Management, Chiropractic, Dental, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Nursing Home Health, Occupational Therapy, Outpatient Addiction, Outpatient Hospital, Outpatient Mental Health, Personal Care, Pharmacy, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Included Services:

- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Indian Health Service (IHS) Providers
- Internists
- Nurse Practitioners
- Obstetricians/Gynecologists or Gynecologists
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Rural Health Clinics (RHCs)

Allowable PCPs:

Enrollment

Populations Voluntarily Enrolled: None

Populations Mandatorily Enrolled:

- Aged and Related Populations
- American Indian/Alaska Native
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Medicare Dual Eligibles
- Poverty-Level Pregnant Women
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
- Special Needs Children (BBA defined)
- Special Needs Children (State defined)

Subpopulations Excluded from Otherwise Included Populations:

- CHIP XXI
- Individuals covered under Choices for Care 1115 Waiver except those Community Rehabilitation and Treatment Program
- Unqualified Alients, Documented and Undocumented

Medicare Dual Eligibles Included:

Include all categories of Medicare Dual Eligibles

Medicare Dual Eligibles Excluded:

None

Lock-In Provision:

No lock-in

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

None

Agencies with which Medicaid Coordinates the Operation of the Program:

None

Global Commitment to Health

PACE

ADDITIONAL INFORMATION

The Vermont Agency of Human Services was granted permission through a 1115 waiver (our Global Commitment to health waiver) to make improvements to the way we deliver certain Medicaid services. According to our Global Commitment’s Special Terms and
VERMONT
Global Commitment to Health

Conditions (STCs), Vermont operates its managed care model in accordance with federal managed care regulations found at 42 CFR 438. The Agency of Human Services (AHS), as Vermont’s Single State Medicaid Agency, is responsible for oversight of the managed care model. DVHA operates the Medicaid program as if it were a Managed Care Organization in accordance with federal managed care regulations. Program requirements and responsibilities are delineated in an inter-governmental agreement (IGA) between AHS and DVHA. CMS reviews and approves the IGA annually to ensure compliance with Medicaid Managed Care contract requirements.

DVHA also has sub-agreements with the other State entities that provide specialty care for Global Commitment enrollees (e.g., mental health services, developmental disability services and specialized child and family services). As such, since the inception of the Global Commitment Demonstration, DVHA has modified operations to meet managed care program requirements including requirements related to network adequacy, access to care, beneficiary information, grievances, quality assurance, and quality improvement. Additionally, in its role as the designated unit responsible for operation of the traditional Medicaid program (including long term care, CHIP and DSH), DVHA is responsible for meeting requirements defined in federal regulations at 42 CFR 455 for those services excluded from the Global Commitment waiver.

For the purposes of mental health: Children with severe emotional disturbance having a DSM diagnosis, a GAF score less than or equal to 60 and are ages 6-17.

Globally the state provides financial assistance and cost sharing in support of CSHN, but there is no set administratively defined roll.

The federal definition defines the scope of a subpopulation for the purposes of public health.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement

Activities:
- Encounter Data (see below for details)
- Enrollee Hotlines
- Grievances and Appeals
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Ombudsman
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Data Mining
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requirements MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
None

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for MCOs to collect and maintain encounter data

Collection: Standardized Forms:
None

Collections: Submission Specifications:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
No

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Adult Access to Preventative/Ambulatory Health Services
- Asthma care - medication use
- Children and Adolescent access to Primary Care Practitioners
- Dental services
- Increasing adherence to evidence-based pharmacy guidelines for members diagnosed with CHF
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Anti-depressant medication management

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Annual Dental Visit
- Children's access to primary care practitioners

Use of Services/Utilization:
- Adolescent well-care visits utilization
- Inpatient admissions/1,000 beneficiary
- Well-child visits in the first 15 months of life
- Well-child visits in the 3, 4, 5, and 6 years of life

Health Plan Stability/Financial/Cost of Care:
None

Performance Improvement Projects

Project Requirements: Clinical Topics:
VERMONT
Global Commitment to Health

- MCOs are required to conduct a project(s) of their own choosing
  - Increasing adherence to Evidence Based Guidelines in Members with Congestive Heart failure

Non-Clinical Topics:
- None

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Name:
- Health Services Advisory Group

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance measures

EQRO Optional Activities:
- Technical assistance to MCOs to assist them in conducting quality activities

EQR Data included in State's annual EQR technical report:
- Specific Health Plan Data only

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

Program Payers:
- Not Applicable

Population Categories Included:
- Not Applicable

Rewards Model:
- Not Applicable

Clinical Conditions:

None

**Agencies with which Medicaid Coordinates the Operation of the Program:**

None

**Participating Plans/PCCM and Other Programs**

- Amerigroup
- Community Health Plan
- Coordinated Care
- Molina Healthcare
- United Health Care

**Additional Information**
Enrollees may terminate their enrollment at any time, however, depending on the reason for the termination, an enrollee may not be allowed to reenroll for a period of at least 12 months and may first have to have their name added to the established wait list before they may reapply.

Basic Health is intended for low-income Washington residents who are not eligible for other state-purchased health programs. It has historically been fully state funded, but is now partially funded through federal funds under the Transitional Bridge waiver. Federal approval of the waiver required some eligibility changes, which led to changes in state law regarding program eligibility. For example, today an enrollee must be a U.S. citizen or qualified noncitizen and the program no longer covers children, who are by definition eligible for other state programs. The program also includes enrollee cost sharing in the form of premiums based on the family’s gross income in addition to point of service co-pays, deductibles, and coinsurance. Enrollee cost sharing is limited to a yearly per-person maximum based on the deductible and coinsurance.

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- Non-Duplication Based on Accreditation
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

**Consumer Self-Report Data:**
- Use the most recent HEIDIS version of the commercial adult questionnaire or as instructed by NCQA for 2012 CAHPS surveys

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

**Process Quality:**
- Antidepressant medication management

**Health Status/Outcomes Quality:**
- Ambulatory Care - Out Patient and Emergency Department Visits
- Inpatient Utilization General Acute Care
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

**Access/Availability of Care:**
- Average distance to PCP
- Average wait time for an appointment with PCP
- Percent of PCPs with open or closed patient assignment panels
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Drug Utilization

**Health Plan Stability/Financial/Cost of Care:**
- Actual reserves held by plan
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Net income
- Reinsurance Premium Paid
- Reinsurance Recoveries
- State minimum reserve requirements
- Third-Party Liability (TPL) Recoveries

**Health Plan/Provider Characteristics:**
- Board Certification
- Languages Spoken (other than English)
- Whether the provider is accepting new BH enrollees as patients
Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Percentage of beneficiaries who are auto-assigned to PCP

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services: Case Management, Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Pharmacy, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs: Addictionologists, Clinical Social Workers, Family Practitioners, Federally Qualified Health Centers (FQHCs), General Practitioners, Internists, Nurse Midwives, Nurse Practitioners, Obstetricians/Gynecologists or Gynecologists, Other Specialists Approved on a Case-by-Case Basis, Pediatricians, Psychiatrists, Psychologists

Enrollment

365
**DISTRICT OF COLUMBIA**
District of Columbia Medicaid Managed Care Program

### ADDITIONAL INFORMATION

Adult Day Treatment applies to Mental Health Retardation. TANF HIV patients can opt out of managed care, pregnant women do not have opt out provision unless they are HIV positive or have AIDS.

Children with Special Health Care Needs: Those children who have, or are at increased risk for, chronic physical, developmental, behavioral, or emotional conditions and who also require health and related services of a type or amount beyond those required by children generally. This definition includes children who receive Supplemental Security Income (SSI), children whose disabilities meet the SSI definition, children who are or have been in foster care, and children who meet the standard of limited English proficiency.

### SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs: Yes

**Strategies Used to Identify Persons with Complex (Special) Needs:**

None

**Agencies with which Medicaid Coordinates the Operation of the Program:**

None

### PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

- DC Chartered Health Plan, Incorporated
- United Healthcare Community Plan

### ADDITIONAL INFORMATION

Adult Day Treatment applies to Mental Health Retardation. TANF HIV patients can opt out of managed care, pregnant women do not have opt out provision unless they are HIV positive or have AIDS.

Children with Special Health Care Needs: Those children who have, or are at increased risk for, chronic physical, developmental, behavioral, or emotional conditions and who also require health and related services of a type or amount beyond those required by children generally. This definition includes children who receive Supplemental Security Income (SSI), children whose disabilities meet the SSI definition, children who are or have been in foster care, and children who meet the standard of limited English proficiency.
DISTRICT OF COLUMBIA
District of Columbia Medicaid Managed Care Program

Consumer Self-Report Data:
None

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State uses/require MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCOs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent immunization rate
- Check-ups after delivery

Health Status/Outcomes Quality:
- Number of children with diagnosis of rubella (measles) / 1,000 children
-Dental services
-Depression management/care
-Follow-up after hospitalization for mental illness
-Hearing services for individuals less than 21 years of age
-HIV/AIDS care
-Immunizations for two year olds
-Initiation of prenatal care - timeliness of
-Lead screening rate
-Percentage of beneficiaries who are satisfied with their ability to obtain care
-Percentage of beneficiaries with at least one dental visit
-Vision services for individuals less than 21 years of age
-Well-child care visit rates in first 15 months of life
-Well-child care visits rates in 3, 4, 5, and 6 years of life

Access/Availability of Care:
-Average distance to PCP
-Average wait time for an appointment with PCP
-Children's access to primary care practitioners
-Ratio of dental providers to beneficiaries
-Ratio of mental health providers to number of beneficiaries
-Ratio of PCPs to beneficiaries

Use of Services/Utilization:
-Average number of visits to MH/SUD providers per beneficiary
-Drug Utilization
-Emergency room visits/1,000 beneficiary
-Inpatient admission for MH/SUD conditions/1,000 beneficiaries
-Number of specialist visits per beneficiary
-Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
-Percentage of beneficiaries with at least one dental visit
-Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
-Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
-Medical loss ratio
-Net income
-Net worth
-Total revenue

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
-All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
-Adolescent Immunization
-Adolescent Well Care/ EPSDT
-Adult hearing and vision screening
-Asthma management
-Beta Blocker treatment after a heart attack
-Child/Adolescent Dental Screening and Services
-Child/Adolescent Hearing and Vision Screening and Services
-Childhood Immunization
-Cholesterol screening and management
-Depression management
-Diabetes management/care
-Low birth-weight baby
-Newborn screening for heritable diseases
-Post-natal Care
-Pre-natal care
-Primary and behavioral health care coordination
-Well Child Care/EPSDT

Non-Clinical Topics:
-Adults access to preventive/ambulatory health services
-Availability of language interpretation services
-Children’s access to primary care practitioners
DISTRICT OF COLUMBIA
District of Columbia Medicaid Managed Care Program

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
- AAAHC (Accreditation Association for Ambulatory Health Care)
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations)
- MCO must be accredited by appropriate body
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation: None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Delmarva Foundation for Medical Care

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Validation of client level data, such as claims and encounters

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
Covers all MCO members

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Assessing patient satisfaction measures
Ratio of Encounter to Financial Data
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
2006

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Network Data
- Non-Duplication Based on Accreditation
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision
Consumer Self-Report Data:
- CAHPS

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- CMS1500
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Age-appropriate diagnosis/procedure
- A unique TCN
- All required CMS1500 and UB04 codes
- CMO Paid Amount
- Date of Birth
- Diagnosis Primary and Secondary
- Facility Code
- NPI Number
- Patient Name
- Place of Service
- Tax Identification Number
- Treating Provider
- Units of Service

Validation - Methods:
- A monthly reconciliation of submitted encounters
- Periodic audit of encounter transaction to source document

State conducts general data completeness assessments:
- Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Appropriate treatment for Children with Upper Respiratory Infection (URI)

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
### GEORGIA
Georgia Families

- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Comprehensive Diabetes Management
- Dental services
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

#### Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children’s access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

#### Use of Services/Utilization:
- Emergency room visits/1,000 member months
- Inpatient admissions/1,000 member months
- Re-admission rates of MH/SUD

#### Health Plan Stability/ Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Total revenue

#### Health Plan/ Provider Characteristics:
None

#### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to MCO

#### Performance Measures - Others:
None

### Performance Improvement Projects

#### Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

#### Clinical Topics:
- Adult Access
- Blood Lead Screening
- Dental
- Emergency Room Service Utilization
- Immunization
- Obesity
- Well Child Care/EPSDT

#### Non-Clinical Topics:
None

### Standards/Accreditation

#### MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards

Integrated Care Program

Enrollment

**Populations Voluntarily Enrolled:**
- American Indian/Alaskan Native

**Populations Mandatorily Enrolled:**
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations (Age 19 and older)

**Subpopulations Excluded from Otherwise Included Populations:**
- Children under 19 years of age
- Enrolled in CDC BCCT Program
- Medicaid beneficiaries in programs with presumptive eligibility
- Medically Needy Individuals with Spend-down
- Medicare Dual Eligibles
- Other Insurance
- Poverty Level Pregnant Woman (SOBRA)

**Lock-In Provision:**
12 month lock-in

**Medicare Dual Eligibles Included:**
None

**Medicare Dual Eligibles Excluded:**
Exclude all categories of Medicare Dual Eligibles

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

**Program Includes People with Complex (Special) Needs:**
Yes

**Strategies Used to Identify Persons with Complex (Special) Needs:**
None

**Agencies with which Medicaid Coordinates the Operation of the Program:**
None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Aetna Better Health
IlliniCare Health Plan, Inc.

ADDITIONAL INFORMATION

Serves Aged, Blind and Disabled Medicaid clients age 19 and older, including those enrolled in Home and Community Based Waivers.

QUALITY ACTIVITIES FOR MCO/HIO

**State Quality Assessment and Improvement Activities:**
- Access to Care Standards monitoring
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Enrollee Satisfaction Survey
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Contract Standard Compliance
- Data Mining
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision
## ILLINOIS
### Integrated Care Program

### Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid AFDC Questionnaire

### Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

### Encounter Data

#### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

#### Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

#### Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

#### MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

#### Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- Specification/source code review, such as a programming language used to create an encounter data file for submission

#### State conducts general data completeness assessments:
No

### Performance Measures

#### Process Quality:
- Ace Inhibitor/ARB Therapy
- Adult BMI assessment
- Ambulatory Care Follow-up after inpatient discharge
- Antidepressant medication management
- Appropriate Follow-up with any provider following first behavioral health diagnosis
- Behavioral Health risk assessment and follow-up
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate

#### Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
ILLINOIS
Integrated Care Program

- Cervical cancer screening rate
- Cholesterol screening and management
- Chronic Objective Pulmonary Disease
- Colorectal Cancer Screening
- Coronary Artery Disease
- Dental services
- Depression management/care
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Follow-up visit within 14 days of every inpatient discharge
- Heart Failure care
- Influenza vaccination rate
- Medication reviews
- Percentage of beneficiaries with at least one dental visit

**Access/Availability of Care:**
- Access to Substance Abuse Treatment
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Average number of visits to MH/SUD providers per beneficiary
- ED reduction with primary diagnosis dental
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of PCP visits per beneficiary
- Percentage of beneficiaries with at least one dental visit
- Re-admission rates of MH/SUD

**Health Plan Stability/Financial/Cost of Care:**
- Actual reserves held by plan
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

**Beneficiary Characteristics:**
None

**Performance Measures - Others:**
None

**Performance Improvement Projects**

**Clinical Topics:**
- Ambulatory Care Follow-up
- Care Coordination
- Inpatient Hospital Readmissions

**MCO Standards:**
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

**Standards/Accreditation**

**Accreditation Required for Participation:**
None
ILLINOIS
Integrated Care Program

Non-Duplication Based on Accreditation:
None

EQRO Organization:
-External Quality Review Organization

EQRO Name:
-Health Service Advisory Group

EQRO Mandatory Activities:
-Review of MCO compliance with structural and operational standards established by the State
-Validation of performance improvement projects
-Validation of performance measures

EQRO Optional Activities:
-Administration or validation of consumer or provider surveys
-Assessment of MCO information systems
-Calculation of performance measures
-Conduct of performance improvement projects
-Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
-Technical assistance to MCOs to assist them in conducting quality activities
-Validation of encounter data

EQR Data included in State's annual EQR technical report:
-Aggregate and Specific Health Plan Data

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
Covers all MCO members

Rewards Model:
Bonus
Withholds as an incentive

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Assessing patient satisfaction measures
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
2012

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

Member Incentives:
Not Applicable

Performance Measures

Process Quality:
- Adolescent well care visits, ages 12-21, one or more visits

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Annual dental visit for ages 21-64
- Annual dental visits for ages 3-20
- Annual medical attention for Nephropathy for those with diabetes
- Annual monitoring for members on ACE inhibitors or ARB
- Asthma Medications, use of appropriate medications
- Breast Cancer Screening for ages 52-69
- Comprehensive diabetes care, LDL-C screening
- ER bounce back measure
- Follow-Up after mental health hospitalization, 7 days
- Inpatient bounce back measure
- Well child visits in the 3rd through 6th years of life, one or more visits

**Access/Availability of Care:**
- Adult access to preventive/ambulatory health services

**Use of Services/Utilization:**
- Drug Utilization
- Emergency room visits/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiaries
- Percentage of beneficiaries with at least one dental visit

**Provider Characteristics:**
- Languages spoken (other than English)
- Provider turnover

**Beneficiary Characteristics:**
- Disenrollment rate
- Information of beneficiary ethnicity/race
- Percentage of beneficiaries who are auto-assigned to PCCM

**Performance Measures - Others:**
None

**Performance Improvement Projects**

**Clinical Topics:**
- Adolescent Well Care Visits
- Annual dental visits, for ages 21-64
- Annual dental visits, for ages 3-20
- Asthma management
- Behavioral Health Seven Day Follow-Up
- Breast cancer screening, ages 21-64
- Diabetes: LDL-C Screening
- ER bounce back measure
- Inpatient bounce back measure
- Well child visits in the 3rd through 6th years of life, one or more visits
- Well child visits, ages 7 through 11, one or more visits

**Non-Clinical Topics:**
- Adults access to preventive/ambulatory health services
- Children's access to primary care practitioners

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Annual Monitoring for Persistent Medications
- Antidepressant medication management
- Appropriate Testing and Treatment for COPD
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
INdiana

Hoosier Healthwise (1932)

- Controlling high blood pressure
- Depression management/care
- Diabetes Management
- Follow-up after hospitalization for mental illness
- Follow-Up for Children Prescribed ADHD Medication
- Frequency of on-going prenatal care
- Immunizations for two year olds
- Initiation and engagement of SUD treatment
- Initiation of Prenatal Care
- Lead screening rate
- Use of Imaging Studies for Low Back Pain
- Utilization for Ambulatory, Inpatient, and Mental Health Treatment
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
- Administrative Cost Ratio
- Claims Payable per Member
- Cost per Member
- Days cash on hand
- Days in Claims Receivable
- Days in unpaid claims/claims outstanding
- Equity per member
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- Ratio Assets to Liabilities
- Revenue per Member
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Grievance and Appeal Timeliness
- Languages Spoken (other than English)
- Provider Complaints
- Provider turnover

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- ADHD Medication Follow-Up: Initiation Phase
- Adolescent Well-Care Visits
- Behavioral Health Seven Day Follow-Up
- Cervical Cancer Screening
- Diabetes-LDL-C, HbA1c, and Eye Exam
- Frequency of ongoing prenatal care
INDIANA
Hoosier Healthwise (1932)

MCO Standards:

- Provider Network Services

Pay for Performance (P4P)

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by beneficiary age
A subset of MCO members, defined by disease and medical condition

Rewards Model:
Payment incentives/differentials to reward MCOs
Public reporting to reward MCOs
Withholds as an incentive

Clinical Conditions:
Annual dental visits ages 21-64 (state)
Annual dental visits ages 3-20 (state)
Appropriate use of asthma medications ages 5-56 (HEDIS)
Breast cancer screening (mammogram) for women ages 52-69 (HEDIS)
Comprehensive diabetes care - LDL-C screening
ER bounce back - percentage of ER visits that result in a second ER visit within 30 days (state)
Follow-up after hospitalization to mental health illness within 7 days
Inpatient bounce back - percentage of inpatient stays that result in a second stay within 30 days (state)
Well-Child Visits (3-6 years) - one or more visits

Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)
Well-Child Visits for children 7-11 years old (state)

**Initial Year of Reward:**
2008

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

**Member Incentives:**
Not Applicable

- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Provider ID
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Random medical record validation

**State conducts general data completeness assessments:**
Yes

**Standards/Accreditation**

**MCO Standards:**
- NCQA (National Committee for Quality Assurance)

**Accreditation Required for Participation:**
- NCQA (National Committee for Quality Assurance)

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)

Use of Collected Data:
- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
KANSAS HealthWave 19

-Performance Measures (see below for details)
-Provider Data

Consumer Self-Report Data:
-CAHPS
  Adult Medicaid AFDC Questionnaire
  Child Medicaid AFDC Questionnaire
  Child with Special Needs Questionnaire

Use of HEDIS:
-The State uses SOME of the HEDIS measures listed for Medicaid
-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
-State uses/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects, BUT modifies the continuous enrollment requirement for some or all of the measures

Encounter Data

Collection: Requirements:
-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
-Requirements for data validation
-Requirements for MCOs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Deadlines for regular/ongoing encounter data submission(s)
-Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
-Guidelines for frequency of encounter data submission
-Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
-ANSI ASC X12 837 - transaction set format for transmitting health care claims data
-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
-Automated edits of key fields used for calculation (e.g. codes within an allowable range)
-Medical record validation

MCO/HIO conducts data accuracy check(s) on specified data elements:
-Date of Service
-Provider ID
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
-Adolescent immunization rate
-Adolescent well-care visit rates
-Asthma care - medication use
-Hearing services for individuals less than 21 years of age
-Immunizations for two year olds
-Lead screening rate
-Percentage of beneficiaries who are satisfied with their ability to obtain care
-Vision services for individuals less than 21 years of age
-Well-child care visit rates in first 15 months of life
-Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
-Asthma treatment outcomes
-Patient satisfaction with care
-Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
-Average distance to PCP
-Average wait time for an appointment with PCP

Use of Services/Utilization:
-Drug Utilization
-Emergency room visits/1,000 beneficiary
**KANSAS**  
HealthWave 19

- **Children's access to primary care practitioners**

MaineCare Primary Care Case Management

---

### Additional Information

Included Services: Certain family planning services and family planning are different in the sense that all family planning services are exempt when provided in a family clinic. Certain family planning services generally refers to services in other setting such as a physician's office. Clinic services may include FQHCs and RHCs.

Special Needs Children (State defined) are children who have or are at increased risk for a chronic, physical, developmental, behavioral, or emotional condition and who also require health and related services of a type or amount beyond that required by children generally.

---

### Quality Activities for PCCM

**Quality Oversight Activities:**
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)

**Use of Collected Data:**
- Beneficiary Provider Selection
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
MaineCare Primary Care Case Management

- Performance Measures
  - see below for details
  - Program Evaluation
  - Program Modification, Expansion, or Renewal
  - Provider Profiling
  - Regulatory Compliance/Federal Reporting
  - Track Health Service provision

Consumer Self-Report Data:
- Asthma Dx For Pediatrics
- HIV/AIDS Survey
- Pregnancy Status
- SCHIP Survey
- Smoking Status
- State-developed Survey

Performance Measures

Process Quality:
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate
- Adolescent well-care visits rates
- Appropriate testing for children with Pharyngitis
- Appropriate treatment for children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Cholesterol screening and management
- Colorectal Cancer Screening
- Dental services
- Diabetes management/care
- HIV/AIDS care
- Immunizations for two year olds
- Influenza vaccination rate
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Patient satisfaction with care

Access/Availability of Care:
- Adult access to preventive/ambulatory health services
- Average distance to primary care case manager
- Average wait time for an appointment with primary care case manager
- Children’s access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels
- Ratio of dental providers to beneficiaries
- Ratio of primary care case managers to beneficiaries

Use of Services/Utilization:
- Drug Utilization
- Emergency room visits/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiaries
- Number of OB/GYN visits per adult female beneficiary
- Number of primary care case manager visits per beneficiary
- Percentage of beneficiaries with at least one dental visit

Provider Characteristics:
- Board Certification
- Languages spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Disenrollment rate
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to PCCM
- Pregnancy at time of enrollment in PCCM, for women giving birth during the reporting period

Performance Measures - Others:
None
Performance Improvement Projects

Clinical Topics:
- Adolescent Immunization
- Adolescent Well Care/EPSDT
- Asthma management
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Child/Adolescent Dental Screening and Services
- Childhood Immunization
- Diabetes management
- Emergency Room service utilization
- HIV/AIDS Prevention and/or Management
- Lead toxicity
- Otitis Media management
- Prescription drug abuse
- Prevention of Influenza
- Smoking prevention and cessation
- Well Child Care/EPSDT

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children's access to primary care practitioners

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Included Services:
Case Management, Chiropractic, Dental, Durable Medical Equipment, Emergency Room, EPSDT, Family Planning, Hearing, Home Health, Hospice, ICF/MR, Community-Based, IEP, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Interpreter, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physical Therapy, Physician, Podiatry, Preventive Visits, Respiratory Therapy, Skilled Nursing Facility, Speech Therapy, Transportation, Vision, X-Ray

Allowable PCPs:
-Not applicable, contractors not required to identify PCPs

Enrollment

Populations Voluntarily Enrolled:
-Enrolled in another managed care program
-Medicare Dual Eligibles

Populations Mandatorily Enrolled:
-Aged and Related Populations
-Poverty-Level Pregnant Women
Subpopulations Excluded from Otherwise Included Populations:
- Blind and disabled recipients under age 65
- Medicare Dual Eligibles
- Non-documentated alien recipients who receive only emergency MA under Minn. Stat. 256B.06(4)
- Non-institutionalized recipients eligible on spend down basis
- Recipients residing in state institutions
- Recipients with private coverage through a MCO not participating in Medicaid
- Recipients with terminal or communicable diseases at time of enrollment
- Refugee Assistance Program recipients

Lock-In Provision:
12 month lock-in

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

Serving People with Complex (Special) Needs

Program Includes People with Complex (Special) Needs:

-Blind/Disabled Children and Related Populations

Populations Mandatorily Enrolled:
None
MississippiCAN is a statewide Medicaid coordinated care program. The program is limited to no more than 15% of the entire Medicaid population. Currently, beneficiaries in the following categories of eligibility are eligible to participate: SSI, Disabled Child Living at Home, Working Disabled, Department of Human Services Foster Care, and Breast/Cervical Cancer Group. There are exclusions to this program. Beneficiaries in these categories of eligibility cannot participate if they are locked-in to any waiver program, dual eligible (Medicare/Medicaid), and those who at the time of application are institutionalized (i.e., Nursing Facility, ICF-MR, Correctional Facility, etc.). The program is voluntary and there is an annual open enrollment period.

The Mississippi Division of Medicaid has contracted with Magnolia Health Plan and United HealthCare to provide services to Medicaid beneficiaries enrolled in MississippiCAN. These health plans must provide, at a minimum, the same comprehensive services as Medicaid, with the exception of inpatient hospital services, mental health services and non-emergency transportation which are carved out of the program and covered by Medicaid. Both Magnolia and United offer additional benefits, i.e., additional office visits, additional prescriptions, etc. Both are required to have disease management programs which include, but are not limited to, diabetes, asthma, hypertension, organ transplants, obesity, hemophilia and congestive heart disease.

Serving People with Complex (Special) Needs:

Program Includes People with Complex (Special) Needs: Yes

Strategies Used to Identify Persons with Complex (Special) Needs: None

Agencies with which Medicaid Coordinates the Operation of the Program: None

Participating Plans/PCCM and Other Programs:

**Lock-in Provision:**

12 month lock-in

### Serving People with Complex (Special) Needs

Program Includes People with Complex (Special) Needs:

Yes

Strategies Used to Identify Persons with Complex (Special) Needs:

None

Agencies with which Medicaid Coordinates the Operation of the Program:

None

### Participating Plans/PCCM and Other Programs

- Amerigroup Community Care
- Health Plan of Nevada

### Additional Information

Temporary Assistance for Needy Families/Child Health Assurance Program is included in the Mandatory Program. Severely Emotionally Disturbed Children, Seriously Mentally Ill Adults, Children with Special Health Care Needs and American Indians are provided voluntary enrollment and/or disenrollment at any time.

Transportation is included but for emergency only.

Special Needs Children (State defined) is any child with a parent that deems them to have a special need.

### Quality Activities for MCO/HIO

**State Quality Assessment and Improvement Activities:**

- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Network Data
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data
- State's Quality Assessment and Performance Improvement Strategy and Work Plan

**Use of Collected Data:**

- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
NEVADA
Mandatory Health Maintenance Program

**Consumer Self-Report Data:**
- CAHPS
  - Adult Medicaid AFDC Questionnaire
  - Child Medicaid AFDC Questionnaire

**Use of HEDIS:**
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- ADA - American Dental Association dental claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCOs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
- Yes

**Performance Measures**

**Process Quality:**
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use

**Health Status/Outcomes Quality:**
- Blood Lead Screening
- Diabetes
- Improving Immunization Rates
NEVADA
Mandatory Health Maintenance Program

- Check-ups after delivery
- Dental services
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Mental Health Utilization
- Percentage of beneficiaries receiving inpatient, day/night care and ambulatory service
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of beneficiaries with at least one dental visit
- Screening for Human Immunodeficiency Virus
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Access/Availability of Care:
- Children's access to primary care practitioners
- Ratio of mental health providers to beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Available emergency room visits
- Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Childhood Immunization
- Decreasing avoidable emergency ER visits
- Diabetes management
- Lead toxicity

Non-Clinical Topics:
None

-On-Site Reviews
-Performance Improvement Projects (see below for details)
-Performance Measures (see below for details)
-Provider Data
-Utilization Review

Consumer Self-Report Data:
-CAHPS
  Adult Medicaid AFDC Questionnaire
  Adult Medicaid SSI Questionnaire
  Adult with Special Needs Questionnaire
  Child Medicaid AFDC Questionnaire
-Disenrollment Survey

Use of HEDIS:
-The State uses SOME of the HEDIS measures listed for Medicaid
-The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
-State uses requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
-Incentives/sanctions to insure complete, accurate, timely encounter data submission
-Requirements for data validation
-Requirements for MCOs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Deadlines for regular/ongoing encounter data submission(s)
-Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
-Guidelines for frequency of encounter data submission
-Guidelines for initial encounter data submission
-Use of "home grown" forms
-Use of Medicaid Identification Number for beneficiaries

Validation - Methods:
-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
-Automated edits of key fields used for calculation (e.g. codes within an allowable range)
-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
-Per member per month analysis and comparisons across MCOs

MCO/HIO conducts data accuracy check(s) on specified data elements:
-Date of Service
-Date of Processing
-Date of Payment
-Provider ID
-Type of Service
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
-Adolescent immunization rate
-Adolescent well-care visit rate
-Annual monitoring for patients on persistent medications
-Appropriate Testing for Children with Pharyngitis
-Appropriate treatment for Children with Upper Respiratory Infection (URI)
-Asthma care - medication use
-BMI Assessment for Children/Adolescents
-Breast Cancer screening rate
-Cervical cancer screening rate
-Check-ups after delivery
-Childhood Immunizations
-Chlamydia screening in women
-Comprehensive Diabetes Care
-Follow up care for children prescribed ADHD medication
-Follow-up after hospitalization for mental illness
-Follow-up Care for Children Prescribed ADHD Medication (Initial Phase Only)
-Frequency of Ongoing Prenatal Care
-Frequency of on-going prenatal care
-Initiation of prenatal care - timeliness of
-Lead screening rate
-Prenatal and Postpartum Care
-Quality and utilization of dental services
-Well-child care visit rates in 3,4,5, and 6 years of life
-Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
-Children with Special Needs Focused Study including DYFS Children
-EPSDT Quality Study/Dental and Lead

Access/Availability of Care:
-Average distance to PCP
-Average wait time for an appointment with PCP
-Children's access to primary care practitioners
-Percent of PCPs with open or closed patient assignment panels
-Ratio of dental providers to beneficiaries
-Ratio of mental health providers to number of beneficiaries
-Ratio of PCPs to beneficiaries
-Ratio of pharmacies to number of beneficiaries

Use of Services/Utilization:
-Emergency room visits/1,000 beneficiaries
-Inpatient admissions/1,000 beneficiary
-Percentage of children who received one or more visits with a PCP during the measurement year
-Percentage of enrollees who received appropriate immunizations
-Percentage of enrollees who received a blood lead test
-Percentage of enrollees who received one or more dental services during the measurement year
-Percentage of enrollees with one or more emergency room visit
-Percentage of enrollees with one or more inpatient admissions
-Pharmacy services/per beneficiaries
-Physician visits/per 1,000 beneficiaries

Health Plan Stability/ Financial/Cost of Care:
-Actual reserves held by plan
-Days in unpaid claims/claims outstanding

### PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Community Care of North Carolina

### ADDITIONAL INFORMATION

Community Care of North Carolina (CCNC) is a public-private partnership comprised of 14 individual individual community based networks of physicians, nurses, pharmacists, hospitals, health departments, social service agencies and other community organizations. Participating practices receive support from local Community Care networks to help manage medical care across their patient populations, coordinate care across their patient populations, coordinate care with other health care professionals and integrate behavioral care through the Medical Home model. This approach matches each patient with a primary care physician who leads a health care team that addresses the patients health needs. Community Care of North Carolina emphasizes team-based care and careful management of hand-offs between providers and care settings.

The Community Care Networks and primary care providers receive a PCCM care management fee to coordinate care, implement disease management initiatives, target preventive activities, and manage the enrolled beneficiaries. The medical care provided by primary care providers is reimbursed through a fee for service model.

### QUALITY ACTIVITIES FOR PCCM

#### Quality Oversight Activities:

#### Use of Collected Data:
Consumer Self-Report Data:
-CAHPS
  Adult Medicaid AFDC Questionnaire
  Child Medicaid AFDC Questionnaire
-Consumer/beneficiary Focus Groups

Process Quality:
-Adolescent well-care visits rates
-Asthma care - medication use
-Beta-blocker treatment after heart attack
-Breast Cancer screening rate
-Cervical cancer screening rate
-Check-ups after delivery
-Cholesterol screening and management
-Colon Cancer screening rates
-Controlling high blood pressure
-Depression medication management
-Diabetes management/care
-Follow-up after hospitalization for mental illness
-Hearing services for individuals less than 21 years of age
-Heart Failure care
-Impatience and engagement of SUD treatment
-LVF Assessment
-Percentage of beneficiaries with at least one dental visit
-Primary cesarean section rates among term patients with a singleton, vertex fetus
-Smoking prevention and cessation
-Vision services for individuals less than 21 years of age
-Well-child care visit rates in 3, 4, 5, and 6 years of life
-Well-child care visit rates in first 15 months of life

Access/Availability of Care:
-Adult access to preventive/ambulatory health services
-Average distance to primary care case manager
-Average wait time for an appointment with primary care case manager
-Children's access to primary care practitioners
-Percent of PCPs with open or closed patient assignment panels
-Ratio of primary care case managers to beneficiaries

Health Status/Outcomes Quality:
-Asthma Emergency Department Visit Rates
-Asthma Inpatient Rates
-Congestive heart failure readmissions rate
-Diabetes eye exams
-ED & Hospitalization Rates
-HbA1C Testing
-Patient satisfaction with care
-Percentage of beneficiaries who are satisfied with their ability to obtain care
-Percentage of low birth weight infants
-Preventable Hospital Readmissions
-Well visit rates

Use of Services/Utilization:
-Average number of visits to MH/SUD providers per beneficiary
-Only Aged, Blind, Disabled population
-Drug Utilization
-Emergency room visits/1,000 beneficiaries
-Inpatient admissions for MH/SUD conditions/100 beneficiaries
-Inpatient admissions/1,000 beneficiaries
-Inpatient Readmission
-Inpatient Stays
-Number of primary care provider visits per beneficiary
-Number of specialist visits per beneficiary
-Percent of well visit exams
-Percentage of beneficiaries under 21 with at least one dental visit

Provider Characteristics:
-Best Practices for Asthma and Diabetes
-Best Practices for Heart Failure/Cardiovascular disease
-Board Certification

Beneficiary Characteristics:
-Beneficiary need for interpreter
-Information of beneficiary ethnicity/race
-Information on primary languages spoken by beneficiaries
NORTH CAROLINA
Community Care of North Carolina

Performance Measures - Others:
None

Performance Improvement Projects

Clinical Topics:
- Adolescent Well Care/EPSDT
- Asthma management
- Beta Blocker treatment after a heart attack
- Breast cancer screening (Mammography)
- Cardiovascular Disease Management
- Cervical cancer screening (Pap Test)
- Child developmental screening (behavioral)
- Child developmental screening (physical)
- Child/Adolescent Dental Screening and Services
- Child/Adolescent Hearing and Vision Screening and Services
- Cholesterol screening and management
- Colorectal Cancer Screening
- Coordination of primary and behavioral health care
- Depression management
- Developmental Screening
- Diabetes management
- Emergency Room service utilization
- ETOH and other substance abuse screening and treatment
- Hospital Discharge Planning
- Hypertension management
- Low birth weight baby
- Obesity screening/management
- Palliative Care
- Pharmacy management
- Post natal care
- Pre-natal care
- Prevention of Influenza
- Service coordination for high-risk children
- Smoking prevention and cessation
- Transition of care
- Well Child Care/EPSDT

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children's access to primary care practitioners
- Clinical integrity
- Engagement, education and empowerment of patients
- Health Information Technology
- Practice Readiness for Quality Improvement
- Reducing health care disparities

- Title XXI CHIP

Populations Mandatorily Enrolled:
None
This program is available to individuals with one or more of the following chronic diseases: Asthma, Diabetes, Chronic Obstructive Pulmonary Disease (COPD) and Congestive Heart Failure (CHF). The program offers participants education and coordination of care related to their chronic disease condition(s). In providing this Health Management program, the North Dakota State Department of Human Services proposes to give clients a tool to improve their health and by doing so increase fiscal savings. These services are provided by a nurse case manager.

**Subpopulations Excluded from Otherwise Included Populations:**
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- Other Insurance
- Receiving services related to transplants, HIV/AIDS, cancer, end stage renal disease and hospice
- Recipients with spend-down
- Reside in Nursing Facility or ICF/MR
- Those that are incarcerated

**Medicare Dual Eligibles Included:** None

**Medicare Dual Eligibles Excluded:** Exclude all categories of Medicare Dual Eligibles

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS
Primary Care Case Management

ADDITIONAL INFORMATION
The PCCM program requires that eligible recipients choose a Primary Care Provider (PCP) who will provide the majority of their health care and give referrals for the services that are needed when it is a service that the PCP cannot provide. The services are paid for on a fee-for-services basis. There is also a $2.00 PMPM rate paid but, RHC, FQHC and IHS are excluded from this due to the encounter fee paid to these facilities. The objective of this program is to assure Medicaid recipients receive: Adequate access; Coordination and continuity of Health care services; and Quality Care.

This Managed Care Entity is paid for by Fee For Service

### PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

- Amerigroup Ohio
- Buckeye Community Health Plan
- CareSource
- Molina Healthcare of Ohio
- Paramount Advantage
- United Healthcare Community Plan of Ohio
- WellCare of Ohio

### ADDITIONAL INFORMATION

MCEC, identifies the health plan to which the beneficiary will be assigned if a health plan is not selected by a date specified in the notice.

The Managed Care Contract Administration Section within the Office of Medical Assistance (OMA) is responsible for developing the MCP procurement and selection process, administering contracts with the MCPs, and serving as the primary contact with the MCPs. In awarding contracts to MCPs, the state places strong emphasis on an applicant's ability to provide care coordination and healthcare services necessary for improving health outcomes. Selected MCPs must successfully complete a readiness review process, demonstrating their ability to meet all program requirements, prior to executing a signed contract. OMA generally executes contracts with MCPs on an annual basis. The programmatic goal is to develop stable and long-term relationships with successful MCPs over many years. Other sections within OMA oversee additional managed care administrative functions such as enrollment and payment activities, rate setting, quality assurance, and performance assessment.

### QUALITY ACTIVITIES FOR MCO/HIO

-Performance Measures (see below for details)
-Provider complaints
-Provider Data
-State hearings

Consumer Self-Report Data:
-CAHPS
  Adult Medicaid AFDC Questionnaire
  Adult Medicaid SSI Questionnaire
  Child Medicaid AFDC Questionnaire
  Child with Special Needs Questionnaire
-State-developed Survey

Use of HEDIS:
-The State uses SOME of the HEDIS measures listed for Medicaid
-The State generates from encounter data ALL of the HEDIS measures listed for Medicaid
-State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
-Actuarial reviews
-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
-Encounter Data Testing
-EQRO accuracy studies
-Incentives/sanctions to insure complete, accurate, timely encounter data submission
-ISCAT (EQRO), as needed
-Requirements for data validation
-Requirements for MCO data certification
-Requirements for MCOs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
-Certification Letters for Encounter Data Submissions
-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Deadlines for regular/ongoing encounter data submission(s)
-Delivery Payment Submission Specifications
-Encounter EDI 837 Companion Guides
-Encounters to be submitted based upon national standardized forms (e.g., UB-92, NCPDP, NSF)
-Guidelines for frequency of encounter data submission
-Guidelines for initial encounter data submission
-Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
-ANSI ASC X12 837 - transaction set format for transmitting health care claims data
-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
-Actuarial review
-Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
-Automated edits of key fields used for calculation (e.g. codes within an allowable range)
-Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
-EQRO studies
-ISCAT (EQRO), as needed
-Medical record validation
-Per member per month analysis and comparisons across MCOs
-Specification/source code review, such as a programming language used to create an encounter data file for submission
MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Type of Provider, Specialty Code

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rates
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Care management of high-risk members
- Check-ups after delivery
- Cholesterol screening and management
- Controlling high blood pressure
- Diabetes management/care
- Emergency Department Utilization Rate of Members In High Risk Care Management
- Follow-up after hospitalization for mental illness
- Follow-Up Care for Children Prescribed ADHD Medication
- Frequency of on-going prenatal care
- Heart Attack care
- Heart Failure care
- Initiation and engagement of SUD treatment
- Initiation of prenatal care - timeliness of
- Inpatient Hospitalization Rate of Members In High Risk Care Management
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in 3, 4, 5, and 6 years of life

Health Status/Outcomes Quality:
- Annual Number of Asthma Patients with One or More Asthma-Related Emergency Department Visits
- Cholesterol Management for Patients with Cardiovascular Conditions - LDL-C Control (<100 mg/dL)
- Comprehensive Diabetes Care - Blood Pressure Control (<140/90 mm Hg)
- Comprehensive Diabetes Care - HbA1c Control (<8.0%)
- Controlling High Blood Pressure
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants

Access/Availability of Care:
- Adult’s access to preventive/ambulatory health services
- Children’s access to primary care practitioners
- Provider Panel Requirements for PCP Capacity and Provider Type, by Region and County

Use of Services/Utilization:
- Ancillary services/1,000 member months
- Behavioral health services/1,000 member months
- Dental visits/1,000 member months
- Durable medical equipment/supply services/1,000 member months
- Emergency Department Utilization Rate of Members in High Risk Care Management
- Emergency room visits/1,000 member months
- Inpatient discharges/1,000 member months
- Inpatient Hospitalization Rate of Members in High Risk Care Management
- Maternity/deliveries/1,000 member months
- Pharmacy prescriptions/1,000 member months
- Primary care visits/1,000 member months
- Vision visits/1,000 member months

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan
- Administrative Expense Ratio
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient,

Health Plan/Provider Characteristics:
- Provider Panel by specialty and service area and capacity

- Date of Discharge Invalid
- Dollar amount billed not greater than zero
- Drug Quantity Units not greater than zero
- Invalid Drug Unit Type
- Prescribing Provider Number Not on File
- Submitting Provider Not on File

State conducts general data completeness assessments:
Yes

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- Specification/source code review, such as a programming language used to create an encounter data file for submission

Performance Measures

Process Quality:
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate
- Adolescent well-care visit rate
- Appropriate Testing for Children with Pharyngitis
- Appropriate treatment for Children with Upper Respiratory Infection (URI)
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Cholesterol screening and management

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants
-Controlling high blood pressure
-Dental services
-Depression management/care
-Diabetes medication management
-Follow-up after hospitalization for mental illness
-Frequency of on-going prenatal care
-Hearing services for individuals less than 21 years of age
-Heart Attack care
-Heart Failure care
-HIV/AIDS care
-Immunizations for two year olds
-Initiation of prenatal care - timeliness of
-Lead screening rate
-Pregnancy Prevention
-Smoking prevention and cessation
-Vision services for individuals less than 21 years of age
-Well-child care visit rates in 3, 4, 5, and 6 years of life
-Well-child care visit rates in first 15 months of life

Access/Availability of Care:
-Average distance to PCP
-Average wait time for an appointment with PCP
-Children’s access to primary care practitioners
-Percent of PCPs with open or closed patient assignment panels
-Ratio of PCPs to beneficiaries

Use of Services/Utilization:
-Drug Utilization
-Emergency room visits/1,000 beneficiary
-Inpatient admissions/1,000 beneficiary
-Re-admission rates of MH/SUD

Health Plan Stability/ Financial/Cost of Care:
-Actual reserves held by plan
-State minimum reserve requirements

Health Plan/ Provider Characteristics:
-Board Certification
-Languages Spoken (other than English)
-Provider turnover

Beneficiary Characteristics:
-Information on primary languages spoken by beneficiaries
-MCO/PCP-specific disenrollment rate
-Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
-MCOs are required to conduct a project(s) of their own choosing
-Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
-(Newborn) Failure to thrive
-Adolescent Immunization
-Adolescent Well Care/EPSDK
-Asthma management
-Beta Blocker treatment after a heart attack
-Breast cancer screening (Mammography)
-Cervical cancer screening (Pap Test)
-Child/Adolescent Dental Screening and Services
-Child/Adolescent Hearing and Vision Screening and Services
-Childhood Immunization
-Cholesterol screening and management
-Coronary artery disease prevention
-Depression management
-Diabetes management
-Emergency Room service utilization
-Hypertension management
-Inpatient maternity care and discharge planning
-Lead toxicity
-Low birth-weight baby
-Otitis Media management
-Pharmacy management
-Post-natal Care
-Pregnancy Prevention
SOUTH CAROLINA
Health Maintenance Organization (HMO)

MCO Standards:
- JCAHO (Joint Commission on Accreditation of Healthcare Organizations) Standards
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards
- URAC Standards

Accreditation Required for Participation:
- AAAHC (Accreditation Association for Ambulatory Health Care)
- NCQA (National Committee for Quality Assurance)
- URAC

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Carolinas Center for Medical Excellence

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Assessment of MCO information systems
- Calculation of performance measures
- Conduct performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future

Program Payers:
Medicaid is the only payer

Population Categories Included:
A subset of MCO members, defined by disease and medical condition

Rewards Model:
Payment incentives/differentials to reward MCOs
Preferential auto-enrollment to reward MCOs

Clinical Conditions:
Asthma
Diabetes
Obesity
Perinatal Care
Well-child visits

Measurement of Improved Performance:
Assessing patient satisfaction measures
Assessing the adoption of systematic quality improvement processes
Assessing the timely submission of complete and accurate electronic encounter/claims data
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

### Encounter Data

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Provided data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Use of Medicaid Identification Number for beneficiaries
- Use of Medicaid Provider Identification Numbers for providers

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

**State conducts general data completeness assessments:**
Yes

### Performance Measures

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Consumer Self-Report Data:
None

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g., NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g., frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g., codes within an allowable range)
- Per member per month analysis and comparisons across MCOs

State conducts general data completeness assessments:
Yes
Wisconsin
BadgerCare Plus

Performance Measures

Process Quality:
- Breast Cancer screening rate
- Children with at least one comprehensive EPSDT well-child visit in the look-back period at age 3-5 years, 6-14 years, and 15-20 years
- Children with at least one non-EPSDT well-child visit in the look-back period at ages birth-1 year, 1-2 years, 3-5 years, 6-14 years and 15-20 years
- Comprehensive EPSDT well-child visits for children age birth to two years for those receiving 5, 6 and 7 or more visits
- Dental services
- Diabetes management
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- Antidepressant medication management

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Provider network data on geographic distribution
- Ratio of dental providers to beneficiaries
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

Use of Services/Utilization:
- Drug Utilization

Health Plan Stability/Financial/Cost of Care:
- OCI certification
- Review of medical loss ratios

Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

Beneficiary Characteristics:
None

Performance Measures - Others:
- Accreditation
- Enrollee Satisfaction Survey

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Asthma management
- Breast cancer screening (Mammography)
- Childhood Immunization
- Depression management
- Diabetes management
- Emergency Room service utilization
- Improving Birth Outcome Project
- Increase Utilization of Preventative Dental Care
- Inpatient maternity care and discharge planning
- Lead toxicity
- Low birth-weight baby
- Post-natal Care
- Pre-natal care
- Prescription drug abuse
- Smoking prevention and cessation
- Substance Use Disorders treatment after detoxification service
WISCONSIN
BadgerCare Plus

Non-Clinical Topics:
-Adults access to preventive/ambulatory health services

Standards/Accreditation

MCO Standards:
-State-Developed/Specified Standards

- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Indian Health Service (IHS) Providers
- Internists
- Nurse Midwives
- Nurse Practitioners
- Obstetricians/Gynecologists
- Other Specialists Approved on a Case-by-Case Basis
- Pediatricians
- Physician Assistants
- Rural Health Centers (RHCs)

Enrollment

Populations Voluntarily Enrolled: 478
Populations Mandatorily Enrolled: 478

WISCONSIN
Medicaid SSI Managed Care Program

- American Indians
- Blind/Disabled Adults and Related Populations
- Medicare Dual Eligibles

Subpopulations Excluded from Otherwise Included Populations:
- Beneficiaries Who After Enrollment Are Placed In A Nursing Home For Longer Than 90 Days
- Children Under Age 19
- Enrolled in Another Managed Care Program
- In Family Care
- Medicare Dual Eligibles
- Participate in HCBS Waiver
- Reside in Nursing Facility or ICF/MR

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB
SLMB, QI, and QDWI

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

CompCare - SSI
Independent Care Health Plan -- SSI
Molina Health Plan -- SSI
UnitedHealthcare Community Plan of WI -- SSI

Group Health Cooperative of Eau Claire County SSI
Managed Health Services -- SSI
Network Health Plan - SSI

ADDITIONAL INFORMATION

SSI Managed Care Program is for SSI and SSI-related Medicaid recipients, age 19 or older not living in an institution and not participating in a home and community based waiver. Dually eligible persons and Medicaid Purchase Plan recipients may enroll on a voluntary basis. Targeted Case Management, Community Support Program Services, and Crisis Intervention Services are covered under fee-for-service for enrollees in this program.

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision
WISCONSIN
Medicaid SSI Managed Care Program

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data ALL of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. NSF, UB-04, NCPDP, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- Per member per month analysis and comparisons across MCOs

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Admission Source
- Admission Type
- Days Supply
- Modifier Codes
- Patient Status Code
- Place of Service Codes
- Quantity

State conducts general data completeness assessments:
- Yes

Performance Measures

Process Quality:
- Breast Cancer screening rate
- Cervical cancer screening rate
- Dental services

Health Status/Outcomes Quality:
- Patient satisfaction with care
WISCONSIN
Medicaid SSI Managed Care Program

- Diabetes management/care
- Follow-up after hospitalization for mental illness and substance abuse at 7 and 30 days
- Initiation and engagement of SUD treatment

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services

Health Plan Stability/ Financial/Cost of Care:
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
  - OCI certification
  - Review of medical loss ratios

Non-Duplication Based on Accreditation:
None

Use of Services/Utilization:
- Number of hospital admissions per member per year
- Number of hospital days per member per year

Protection of Privacy:
- Confidentiality
- Security
- Retention

Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

Beneficiary Characteristics:
- Beneficiary need for interpreter

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

Clinical Topics:
- Breast cancer screening (Mammography)
- Diabetes management
- ETOH and other substance abuse screening and treatment
- Follow-up After Mental Health Hospitalization
- Substance Use Disorders treatment after detoxification service

Non-Clinical Topics:
- Access to and availability of services
- Care Management for SSI Members
- Cultural competency of the HMO and its providers
- Grievances, appeals and complaints
- Satisfaction with services for enrollees with special health care needs

Standards/Accreditation

MCO Standards:
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- MetaStar

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Assessment of MCO information systems
- Case Management Review
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality activities

EQR Data included in State's annual EQR technical report:
- Aggregate and Specific Health Plan Data
- Aggregate Data for all MCO Health Plans
Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Population Categories Included:
A subset of MCO members, defined by disease and medical condition
A subset of MCO members, defined by Medicaid beneficiary Maintenance Assistance Status and Basis of Eligibility

Clinical Conditions:
Breast cancer screening
Diabetes
Follow-up after MH Hospitalization
Substance abuse

Initial Year of Reward:
2005

Member Incentives:
HMOs pay a max of $25 pmpm for disease prev. activities.

Program Payers:
Medicaid is the only payer

Rewards Model:
Member incentives in the MCO P4P program
Payment incentives/differentials to reward MCOs
Public reporting to reward MCOs
Withholds as an incentive

Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

Senior Care Action Network

ADDITIONAL INFORMATION

SCAN Health Plan was formerly a Social HMO operating under an 1115(a)-Demonstration waiver program authority which expired December 31, 2007. Effective January 1, 2008, SCAN Health Plan is now a Fully Integrated Dual Eligible (FIDE) Special Needs Plan (SNP) that contracts with the Department of Health Care Services to provide services for the dual eligible Medicare/Medi-Cal population subset residing in Los Angeles, San Bernardino, and Riverside counties. SCAN is a managed care organization operating under Section 1915(a) of the Social Security Act. SCAN provides all services in the Medi-Cal State Plan; including home and community based services to SCAN members who are assessed at the Nursing Facility Level of Care and nursing home custodial care, following the member in the nursing facility. The eligibility criteria for SCAN specifies that a member be at least 65 years of age, have Medicare A and B, have full scope Medi-Cal with no share of cost and live in SCAN’s approved service areas of Los Angeles, Riverside, and San Bernardino counties. SCAN does not enroll individuals with End Stage Renal Disease.

QMB

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None
MCO options and PIHP options are available and vary by county. A monthly payment (capitation payment) is made by the State agency to each contractor on behalf of each recipient enrolled under a contract for the provision of medical services. The State agency makes the payment regardless of whether the particular recipient receives services during the period covered by the payment. Contractors are required to provide the same services as those covered under the State plan.

The State Agency makes a full capitated payment for comprehensive physical health services on behalf of each client enrolled in the MCO. The State Agency makes a partially capitated payment for administrative services on behalf of each client enrolled in the non-risk PIHP.

**State Quality Assessment and Improvement**

- Accreditation for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Consumer Self-Report Data:**

- CAHPS
  - Adult Medicaid SSI Questionnaire
  - Child Medicaid SSI Questionnaire

**Use of Collected Data:**

- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

**Use of HEDIS:**

- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future
- State modifies/requires MCOs to modify some or all NCQA specifications in ways other than continuous enrollment

**Encounter Data**

**Collection: Requirements:**

- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**

- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries
COLORADO
Managed Care Program

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Revenue Codes
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Adolescent well-care visit rate
- Annual Monitoring for Patients on Persistent Medications
- Childhood Immunization Status
- Chlamydia screening in women
- Controlling high blood pressure
- Depression management/care
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- CAHPS Health Plan
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Survey 4.0 H - Adult
- Survey 4.0 H - Child

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Prenatal and Postpartum Care

Use of Services/Utilization:
- Antibiotic Utilization
- Frequency of Selected Procedures
- Inpatient Utilization - General Hospital/Acute Care Ambulatory Care

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Managed Care is performing a focus study
Colorado
Managed Care Program

Non-Clinical Topics:
- Coordination of Care

Standards/Accreditation

MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- QIO-like entity

EQRO Name:
- Health Services Advisory Group, Inc.

EQRO Mandatory Activities:
- Site Reviews
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
Covers all MCO members

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
2007

Evaluation Component:
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

Quality Activities for PIHP

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Focused Studies
- Monitoring of PIHP Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Enhanced/Revise State managed care Medicaid Quality Strategy
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
COLORADO
Managed Care Program

Consumer Self-Report Data:
- CAHPS
  - Adult Medicaid 4.0 H
  - Child Medicaid 4.0 H

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State DOES NOT generate from encounter data any of the HEDIS measures, but plans to generate SOME or ALL of the HEDIS measures listed for Medicaid in the future
- State use/requirements PIPHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Process Quality:
- Adolescent well-care visit rate
- Annual Monitoring for Patients on Persistent Medications
- Antidepressant medication management
- Childhood Immunization Status
- Chlamydia screening in women
- Controlling high blood pressure
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

Health Status/Outcomes Quality:
- CAHPS Health Plan
- Survey 4.0 H- Adult
- Survey 4.0 H- Child

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners
- Prenatal and Postpartum Care

Use of Services/Utilization:
- Ambulatory Care
- Antibiotic Utilization
- Frequency of Selected Procedures
- Inpatient Utilization-General Hospital/Acute Care
- Use of Imaging Studies for lower back pain

Health Plan Stability/ Financial/Cost of Care:
None

Beneficiary Characteristics:
None

Performance Measures

Performance Improvement Projects

Project Requirements:
- PIHPs are required to conduct a project(s) of their own choosing
- All PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Non-Clinical Topics:
- Improving coordination of care for members with Behavioral Health Conditions

Clinical Topics:
- Improving well care visits for Children and Adolescents

Standards/Accreditation

PIHP Standards:
- CMS's Quality Improvement System for managed Care
- QISMC Standards for Medicaid and Medicare
- NCQA (National Committee for Quality Assurance) Standards

Accreditation Required for Participation:
None

PROGRAM DATA

Program Service Area: Statewide
Operating Authority: 1915(a) - Voluntary
Statutes Utilized: 1915(b)(4)
Enrollment Broker: No
For All Areas Phased-In: No
Guaranteed Eligibility: None

Initial Waiver Approval Date: Not Applicable
Implementation Date: February 01, 1996
Waiver Expiration Date: Not Applicable
Sections of Title XIX Waived: None
Sections of Title XIX Costs Not Otherwise Matchable Granted: None

SERVICE DELIVERY

Medical-only PIHP (risk or non-risk, non-comprehensive) - Risk-based Capitation

Service Delivery

Included Services:
- Home Health, Hospice, Immunization, Inpatient Hospital,
- Inpatient Mental Health, Inpatient Substance Use Disorders,
- Laboratory, Outpatient Hospital, Outpatient Mental Health,
- Outpatient Substance Use Disorders, Pharmacy, Physician,
- Skilled Nursing Facility, Transportation, Vision, X-Ray

Allowable PCPs:
- Nurse Practitioners

Enrollment

Populations Voluntarily Enrolled:
- Special Needs Children (State defined)

Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles

Populations Mandatorily Enrolled: None

Lock-In Provision:
Does not apply because State only contracts with one managed care entity
ADDITIONAL INFORMATION

This is no longer a demonstration program but a cost-base reimbursement program and there is no risk involved for providers. Program provides Emergency Transportation only and Skilled Nursing Facility for first 30 days.

Children with Special Health Care Needs: Those children who have, or are at increased risk for, chronic physical, developmental, behavioral, or emotional conditions and who also require health and related services of a type or amount beyond those required by children generally. This definition includes children who receive Supplemental Security Income (SSI), children whose disabilities meet the SSI definition, children who are or have been in foster care, and children who meet the standard of limited English proficiency.

- Childhood immunization status
- Chlamydia screening in women
- Diabetes management/care

#### Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care
- Percentage of low birth weight infants
- Percentage of very low birth weight infants
## MCO Standards:
- CMS Quality Improvement Systems - for performance improvement
- NCQA for HEDIS
- State-Developed/Specified Standards

## Accreditation Required for Participation:
None
ILLINOIS
Voluntary Managed Care

Non-Duplication Based on Accreditation: None

EQRO Name: -Health Services Advisory Group

EQRO Organization: -External Quality Review Organization

EQRO Mandatory Activities: -Review of MCO compliance with structural and operational standards established by the State
-Validation of performance improvement projects
-Validation of performance measures

EQRO Optional Activities: -Assessment of MCO information systems
-Calculation of performance measures
-Technical Assistance - to state for Readiness Review
-Technical assistance to MCOs to assist them in conducting quality activities

EQR Data included in State’s annual EQR technical report: -Aggregate and Specific Health Plan Data

EQRO Optional Activities: -Assessment of MCO information systems
-Calculation of performance measures
-Technical Assistance - to state for Readiness Review
-Technical assistance to MCOs to assist them in conducting quality activities

Pay for Performance (P4P)

Implementation of P4P: The State has implemented a Pay-for-Performance program with MCO

Program Payers: Health Care and Family Services is the only payer

Population Categories Included: Covers all MCO members meeting the P4P criteria

Rewards Model: Payment for well child visits under age 5
Payment incentives/differentials to reward MCOs
Payment of Withold as an incentive for meeting P4P criteria

Clinical Conditions: Not Applicable

Measurement of Improved Performance: Use of services, e.g., immunization rates
well child visits under the age of 5

Initial Year of Reward: 2006

Evaluation Component: The State HAS NOT conducted an evaluation of the effectiveness of its P4P program, but plans to conduct an evaluation in the future

Member Incentives: Not Applicable

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- Non-Duplication Based on Accreditation
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Use of Collected Data:
- Assess program results
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track access and utilization

Consumer Self-Report Data:
- CAHPS
  Adult Medicaid AFDC Questionnaire
  Adult Medicaid SSI Questionnaire

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS
MINNESOTA
Special Needs Basic Care

Adult with Special Needs Questionnaire
-Disenrollment Survey

measures listed for Medicaid
-State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
-Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
-Requirements for data validation
-Requirements for MCOs to collect and maintain encounter data
-Specifications for the submission of encounter data to the Medicaid agency
-Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
-Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
-Deadlines for regular/ongoing encounter data submission(s)
-Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
-Guidelines for frequency of encounter data submission
-Guidelines for initial encounter data submission
-Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
-ANSI ASC X12 837 - transaction set format for transmitting health care claims data
-NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
-None

MCO/HIO conducts data accuracy check(s) on specified data elements:
None

State conducts general data completeness assessments:
No

Performance Measures

Process Quality:
-Adult preventive visits
-Antidepressant medication management
-Asthma care - medication use
-Beta-blocker treatment after heart attack
-Breast Cancer screening rate
-Cervical cancer screening rate
-Chlamydia screening in women
-Colorectal cancer screening
-Dental services
-Diabetes screening
-Mental health discharges
-Osteoporosis care after fracture

Health Status/Outcomes Quality:
-Patient satisfaction with care
-Percentage of beneficiaries who are satisfied with their ability to obtain care

Access/Availability of Care:
-Adult's access to preventive/ambulatory health services

Use of Services/Utilization:
-CD initiating and treatment
-Mental health discharges
-Percentage of beneficiaries with at least one dental visit

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None
MINNESOTA
Special Needs Basic Care

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

Clinical Topics:
- Aspirin therapy
- Asthma management
- Asthma-reduction of emergency department visits
- Breast cancer screening (Mammography)
- Calcium/Vitamin D
- Cholesterol screening and management
- Colon cancer screening
- Depression management
- Diabetes management
- Diabetic statin use, 40 to 75 year olds
- Human papillomavirus
- Hypertension management
- Mental health/chemical dependency dual diagnoses
- Obesity
- Pneumococcal vaccine

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services

Standards/Accreditation

MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
- NCQA (National Committee for Quality Assurance)

EQRO Name:

Adult Community Autism Program/Keystone Autism Services

---

**ADDITIONAL INFORMATION**

ACAP functions as a managed care organization for Adults (age 21+) with Autism Spectrum Disorder who require Intermediate Care Facility level services but can live in a community setting and is responsible for clinical and administrative oversight of all services provided pursuant to an individual care plan. ACAP manages all health services for its clients, including hospital, diagnostic, laboratory and pharmacy services. ACAP contracts with a small provider network of physicians, psychologists and nutritionists. The participant can not require more than 16 hours of care per day. It is a voluntary program. It has a contract with Keystone Autism Services.

PENNSYLVANIA
Adult Community Autism Program (ACAP)/Keystone Autism Services

- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)

Consumer Self-Report Data:
- Consumer/Beneficiary Focus Groups
- Disenrollment Survey

Use of HEDIS:
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of home health visits per beneficiary

Encounter Data

Collection: Requirements:
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Specifications for the submission of encounter data to the Medicaid agency

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of "home grown" forms
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- Per member per month analysis and comparisons across PIHPs

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
No

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Performance Measures

Process Quality:
None

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Average wait time for an appointment with PCP
- Ratio of addictions professionals to number of beneficiaries
- Ratio of mental health providers to number of beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of home health visits per beneficiary
PENNSYLVANIA
Adult Community Autism Program (ACAP)/Keystone Autism Services

## SERVICE DELIVERY

### MCO (Comprehensive Benefits) - Risk-based Capitation

#### Service Delivery

**Included Services:**  
Case Management, Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Outpatient Hospital, Pharmacy, Physician, Skilled Nursing Facility, Transportation, Vision, X-Ray

**Allowable PCPs:**  
- Family Practitioners  
- Federally Qualified Health Centers (FQHCs)  
- General Practitioners  
- Internists  
- Nurse Midwives  
- Nurse Practitioners  
- Obstetricians/Gynecologists  
- Other Specialists Approved on a Case-by-Case Basis  
- Pediatricians  
- Rural Health Centers (RHCs)

#### Enrollment

**Populations Voluntarily Enrolled:**  
- Aged and Related Populations  
- Blind/Disabled Adults and Related Populations

**Populations Mandatorily Enrolled:** None
Subpopulations Excluded from Otherwise Included Populations:

- Enrolled in Another Managed Care Program
- Enrolled in Health Insurance Premium Payment (HIPP) with HMO Coverage
- Enrolled in Long Term Care Capitated Program (LTCCP)
- Incarceration
- Medicare Dual Eligibles
- Monthly Spend Downs
- Reside in Nursing Facility or ICF/MR
- Residence in a State Facility
- State Blind Pension Recipients

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only (under age 21)

Medicare Dual Eligibles Excluded:
QMB (age 21 and over)
SLMB, QI, and QDWI (age 21 and over)

Serving People with Complex (Special) Needs:

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

Participating Plans/PCCM and Other Programs:
Not Applicable

Additional Information:
Special Needs Children: (state defined) Broadly defined non-categorical to include all children. Skilled Nursing Facility is provided for the first 30 days. Transportation services only includes emergency ambulance services.

Quality Activities for MCO/HIO:

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- ANOVA (Analysis of Variance)
- Beneficiary Plan Selection
- Contract Standard Compliance
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Track Health Service provision
**Performance Measures**

**Process Quality:**
- Ace Inhibitor/ARB Therapy
- Adolescent immunization rate
- Asthma care - medication use
- Breast Cancer screening rate
- Cervical cancer screening rate
- Check-ups after delivery
- Cholesterol screening and management
- Dental services
- Diabetes Management/Care
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- HIV/AIDS care
- Immunizations for two year olds
- Influenza vaccination rate
- Initiation of prenatal care - timeliness of
- Lead screening rate
- Percentage of beneficiaries with at least one dental visit
- Smoking prevention and cessation
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

**Access/Availability of Care:**
- Adult's access to preventive/ambulatory health services
- Average distance to PCP
- Children's access to primary care practitioners
- Percent of PCPs with open or closed patient assignment panels

**Use of Services/Utilization:**
- All use of services in HEDIS measures
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary
- Number of home health visits per beneficiary
- Number of OB/GYN visits per adult female beneficiary
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percentage of beneficiaries with at least one dental visit

**Health Plan Stability/ Financial/Cost of Care:**
- Actual reserves held by plan
- Days cash on hand
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (i.e., inpatient, ER, pharmacy, lab, x-ray, dental, vision, etc.)
- Medical loss ratio
- Net income
- Net worth
- State minimum reserve requirements
- Total revenue

**Beneficiary Characteristics:**
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCOs
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

**Health Plan/ Provider Characteristics:**
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

**Performance Measures - Others:**
- None
Performance Improvement Projects

Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
- Coordination of Primary and Behavioral Health Care
- Diabetes management
- Emergency Room service utilization
- Obesity Screening/Management
- Reducing Potentially Preventable Readmissions

Non-Clinical Topics:
None

Standards/Accreditation

MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Island Peer Review Organization (IPRO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Conduct performance improvement projects
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services

EQR Data included in State’s annual EQR technical report:
- None

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
Medicaid is the only payer

Population Categories Included:
Covers all MCO members

Rewards Model:
Payment incentives/differentials to reward MCOs

Clinical Conditions:
Not Applicable

Measurement of Improved Performance:
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

Initial Year of Reward:
2006

Evaluation Component:
The State has conducted an evaluation of the effectiveness of its P4P program

Member Incentives:
Not Applicable

-Medical record validation

MCO/HIO conducts data accuracy check(s)
on specified data elements:
-Date of Service
-Date of Payment
-Type of Service
-Diagnosis Codes
-Procedure Codes
-Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
No

Performance Measures

Process Quality:
-Annual monitoring of patients on persistent medications
-Antidepressant medication management
-Beta-blocker treatment after heart attack
-Breast Cancer screening rate
-Cholesterol management for patients with cardiovascular conditions
-Colorectal Cancer Screening
-Comprehensive Diabetes Care
-Controlling high blood pressure
-Disease Modifying Anti-Rheumatic Drug Therapy in Rheumatoid Arthritis
-Follow-up after hospitalization for mental illness
-Glaucoma screening in older adults
-Osteoporosis management in women who had a fracture
-Pharmacotherapy Management of COPD Exacerbation
-Potentially Harmful Drug-Disease Interactions in the Elderly
-Use of High-Risk Medications in the Elderly
-Use of spirometry testing in assessment and diagnosis of COPD

Health Status/Outcomes Quality:
-Effectiveness of care

Access/Availability of Care:
-Adult's access to preventive/ambulatory health services
-Call abandonment
-Call answer timeliness
-Initiation and engagement of alcohol and other drug dependence treatment

Use of Services/Utilization:
-Ambulatory care
-Antibiotic utilization
-Drug Utilization
-Frequency of selected procedures
-Identification of Alcohol and Other Drug Services
-Inpatient Utilization - General Hospital / Acute Care
-Inpatient Utilization - Non-Acute Care
-Mental Health Utilization

Health Plan Stability/ Financial/Cost of Care:
-Relative resources used for people with cardiac conditions
-Relative resources used for people with COPD
-Relative resources used for people with diabetes
-Relative resources used for people with uncomplicated hypertension

Health Plan/ Provider Characteristics:
-Board Certification
-Enrollment by Product Line
-Enrollment by State
-Language Diversity of Membership
-Race / Ethnicity Diversity of Membership

Beneficiary Characteristics:
None

Performance Measures - Others:

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

APS Healthcare - MBHO
Humana Health Plans of Puerto Rico, Inc.- MCO
Puerto Rico's Health Care Program is not a voluntary program. It is a mandatory managed care program which requires no waiver authority because Puerto Rico is statutory exempt from Freedom of Choice requirements. PRHIA main duty is to obtain health insurance coverage for the medically indigent. Vision and hearing services are only included under physician services and other ancillary services. Mental Health and Abuse program is separated and handled by MBHOs. There are no QMBs dual eligibles in Puerto Rico.

### QUALITY ACTIVITIES FOR MCO/HIO

#### State Quality Assessment and Improvement

**Activities:**
- Encounter Data (see below for details)
- Monitoring of MCO Standards
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

**Use of Collected Data:**
- Contract Standard Compliance

**Consumer Self-Report Data:**
None

**Use of HEDIS:**
- The State uses ALL of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

### Encounter Data

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency

**Collections: Submission Specifications:**
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
None

**Validation - Methods:**
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Payment
- Type of Service
- Diagnosis Codes
- Procedure Codes
- Gender-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
No

### Performance Measures

#### Process Quality:
- Ambulatory Care
- Appropriate treatment for Children with Upper Respiratory

#### Health Status/Outcomes Quality:
- Patient satisfaction with care

### Access/Availability of Care:

- Adolescent Well-Care Visits
- Adult's access to preventive/ambulatory health services
- Children's access to primary care practitioners

### Use of Services/Utilization:

- Inpatient Utilization - General Hospital / Acute Care
- Inpatient Utilization - Non-Acute Care
- Relative Resource Use for People with Asthma
- Relative Resource Use for People with Cardiovascular Conditions
- Relative Resource Use for People with Diabetes

### Health Plan Stability/ Financial/Cost of Care:

None

### Health Plan/ Provider Characteristics:

- Board Certification

### Beneficiary Characteristics:

None

### Performance Measures - Others:

None

### Performance Improvement Projects

**Project Requirements:**

- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

**Clinical Topics:**

- Asthma management
- Diabetes management
- Hypertension management
- Retinopathy Screening and Long Term Control in Diabetic Population

**Non-Clinical Topics:**

- Clinical Edits Improvement Project

### Pre-Duplication Based on Accreditation:

None
EQR Data included in State's annual EQR technical report:
- Aggregate Data for all MCO Health Plans

EQRO Optional Activities:
- Assessment of education and prevention programs

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

Sections of Title XIX Costs Not Otherwise Matchable Granted: None

Service Delivery

MCO (Comprehensive Benefits) - Risk-based Capitation

Included Services:
Dental, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Immunization, Inpatient Hospital, Inpatient Mental Health, Laboratory, Long Term Care, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physician, Service Management, Transportation, Vision, X-Ray

Allowable PCPs:
-Family Practitioners
-Federally Qualified Health Centers (FQHCs)
-General Practitioners
-Internists
-Nurse Midwives
-Nurse Practitioners
-Obstetricians/Gynecologists or Gynecologists
-Other Specialists Approved on a Case-by-Case Basis
-Pediatricians
-Physician Assistants
-Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled: Children and young adults in DFPS conservatorship

Populations Mandatorily Enrolled: None
-Emancipated minors or members age 18-22 who voluntarily agree to continue in foster placement
-Young adults age 21 through the month of their 23rd birthday enrolled in an institute of higher educ
-Young adults who have exited care and are participating in foster care youth transitional program

Subpopulations Excluded from Otherwise Included Populations:
- Determined Manifestly Dangerous and placed in a state hospital
- Medicare Dual Eligibles
- Placed with TYC or TJPC
- Reside in a state school or other 24 hour facility
- Reside in Nursing Facility or ICF/MR

Medicare Dual Eligibles Included:
None

Medicare Dual Eligibles Excluded:
Exclude all categories of Medicare Dual Eligibles

Lock-In Provision:
No lock-in

SERVING PEOPLE WITH COMPLEX (SPECIAL) NEEDS

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

QUALITY ACTIVITIES FOR MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Focused Studies
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

Use of Collected Data:
- Contract Standard Compliance
- Fraud and Abuse
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Track Health Service provision

Consumer Self-Report Data:
- CAHPS
  - Child Medicaid Questionnaire
- State-developed Survey

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State user requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects
**Encounter Data**

**Collection: Requirements:**
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**
- 837 transaction format
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**
- NCPDP D.0 - National Council for Prescription Drug Programs Post-Adjudication Pharmacy Claim Transaction
- X12 5010 837 Professional, Dental and Institutional transactions

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across MCO
- State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills

**MCO/HIO conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Preparing HEDIS and risk adjustment software

**State conducts general data completeness assessments:**
Yes

**Performance Measures**

**Process Quality:**
- Access to behavioral health treatment
- Access to Dental care
- Access to emergent care
- Access to routine care
- Access to specialist care
- Access to urgent care
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use

**Health Status/Outcomes Quality:**
- Patient satisfaction with care
- Percentage of low birth weight infants
- Cervical cancer screening rate
- Check-ups after delivery
- Chlamydia screening in women
- Colorectal Cancer Screening
- Depression management/care
- Diabetes care and control
- Diabetes medication management
- Follow-up after hospitalization for mental illness
- Frequency of on-going prenatal care
- Hearing services for individuals less than 21 years of age
- Immunizations for two year olds
- Initiation of prenatal care - timeliness of
- Percentage of beneficiaries with at least one dental visit
- Pregnancy Prevention
- Vision services for individuals less than 21 years of age
- Well-child care visit rates in 3, 4, 5, and 6 years of life
- Well-child care visit rates in first 15 months of life
- Well-child care visits rates in adolescents

**Access/Availability of Care:**
- Average distance to PCP
- Average wait time for an appointment with PCP
- Children’s access to primary care practitioners
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

**Use of Services/Utilization:**
- Drug Utilization
- Emergency room visits/1,000 beneficiary
- Inpatient admission for MH/SUD conditions/1,000 beneficiaries
- Inpatient admissions/1,000 beneficiary
- Number of days in ICF or SNF per beneficiary over 64 years
- Number of PCP visits per beneficiary
- Number of specialist visits per beneficiary
- Percent of beneficiaries accessing 24-hour day/night care at MH/SUD facility
- Re-admission rates of MH/SUD

**Health Plan Stability/ Financial/Cost of Care:**
- None

**Health Plan/ Provider Characteristics:**
- Languages Spoken (other than English)

**Beneficiary Characteristics:**
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- MCO/PCP-specific disenrollment rate
- Percentage of beneficiaries who are auto-assigned to MCO
- Provider Turnover
- Weeks of pregnancy at time of enrollment in MCO, for women giving birth during the reporting period

**Performance Measures - Others:**
- Health Status/Outcomes Process

**Performance Improvement Projects**

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- Multiple, but not all, MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by the State Medicaid agency.

**Clinical Topics:**
- Diabetes care and management
- Influenza Immunizations

**Non-Clinical Topics:**
- None

**Standards/Accreditation**
# MCO Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

## Accreditation Required for Participation:
None

## Non-Duplication Based on Accreditation:
None

## EQRO Organization:
- Institute for Child Health Policy, University of Florida

## EQRO Name:
- Institute for Child Health Policy

## EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**SERVICE DELIVERY**

**MCO (Comprehensive Benefits) - Risk-based Capitation**

**Service Delivery**

**Included Services:**
- Case Management, Diabetes Self-management, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Laboratory, Occupational Therapy, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Personal Care, Physical Therapy, Physician, Podiatry, Skilled Nursing Facility if less than 30 days, Speech Therapy, Vision, X-Ray

**Allowable PCPs:**
- Family Practitioners
- General Practitioners
- Internists
- Nurse Practitioners
- Pediatricians
- Psychiatrists
- Psychologists

---

**Enrollment**

**Populations Voluntarily Enrolled:**
- Blind/Disabled Adults and Related Populations
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Medicare Dual Eligibles

**Populations Mandatorily Enrolled:**

None
Enrollees with special health care needs are enrollees who have or are at increased risk for chronic physical, developmental, behavioral, or emotional conditions and who also require services of a type or amount beyond that required by adults and children in general. The Medicaid agency pays HOME a monthly prepayment for each HOME client. Total prepayments made to HOME are reconciled against its covered encounter records total costs.

**QUALITY ACTIVITIES FOR MCO/HIO**

**State Quality Assessment and Improvement Activities:**
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- MCO Standards (see below for details)
- Monitoring of MCO Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

**Use of Collected Data:**
- Contract Standard Compliance
- Program Evaluation
- Rate Setting

**Consumer Self-Report Data:**

- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Performance Measures

Process Quality:
- Antidepressant medication management
- Appointment Availability by Provider Type

Access/Availability of Care:
- Average wait time for an appointment with PCP
- Ratio of addictions professionals to number of beneficiaries
- Ratio of mental health providers to number of beneficiaries
- Ratio of PCPs to beneficiaries

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

Use of Services/Utilization:
- Inpatient admissions/1,000 beneficiary
- Number of specialist visits per beneficiary
- Re-admission rates of MH/SUD

Health Plan Stability/Financial/Cost of Care:
- Actual reserves held by plan

Health Plan/Provider Characteristics:
- Availability of Providers by Specialty
- Board Certification
- HOME Requires at least dual Board Certification (Medical and Mental Health)

Beneficiary Characteristics:
- Beneficiaries have a dual diagnosis (mental health and developmental disability)

Performance Measures - Others:
- Health Promotion
Performance Improvement Projects

**Project Requirements:**
- MCOs are required to conduct a project(s) of their own choosing
- Individual MCOs are required to conduct a project prescribed by the State Medicaid agency

**Clinical Topics:**
- Coordination of care for persons with physical disabilities
- Diabetes management
- Impact of care coordination on hospital bed days
- Physical Activity Questionnaire and Impact on BMI

**Non-Clinical Topics:**
- Client access to preventive/ambulatory health services

Standards/Accreditation

Populations Voluntarily Enrolled:
- American Indian/Alaska Native
- Blind/Disabled Children and Related Populations
- Foster Care Children
- Section 1931 Children and Related Populations
- Title XXI CHIP

Populations Mandatorily Enrolled:
None
Program goal is to keep children with severe emotional disturbances out of institutions and to serve these children and their families in the community. The state reallocates previous funding for institutional placement into community based care. It uses a "wraparound," integrated services approach with multi-agency and multi-disciplinary collaboration. Key components include intensive case management, crisis intervention, and a flexible array of services and supports (including some not traditionally covered under Medicaid) based on highly individualized plans of care. This mental health and substance abuse carve-out program does not designate a primary care provider for physical health care. All enrollees must have a special needs to be eligible for enrollment.

Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Medicare Dual Eligibles
- Participate in HCBS Waiver

Medicare Dual Eligibles Included: None

Lock-In Provision: Does not apply because State only contracts with one managed care entity

Medicare Dual Eligibles Excluded: Exclude all categories of Medicare Dual Eligibles

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

QUALITY ACTIVITIES FOR PIHP

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Focused Studies
- Monitoring of PIHP Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement
- Program Evaluation
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Consumer Self-Report Data:
- State-developed Survey

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures

Performance Measures

Process Quality:
- Collaboration and teamwork
- Family-based and community-based service delivery
- Follow-up after hospitalization for mental illness

Health Status/Outcomes Quality:
- Cost-effectiveness comparison of this managed care program to non-managed care program
- Criminal offenses and juvenile justice contracts of enrollees,
Children Come First (CCF)

- PIHP Standards:
  - State-Developed/Specified Standards

- Accreditation Required for Participation:
  - None

- Non-Duplication Based on Accreditation:
  - None

- EQRO Organization:
  - Quality Improvement Organization (QIO)

- EQRO Name:
  - MetaStar

- EQRO Mandatory Activities:
  - Review of PIHP compliance with structural and operational standards established by the State
  - Validation of performance improvement projects
  - Validation of performance measures

- EQRO Optional Activities:
  - Administration or validation of consumer or provider surveys
  - Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
  - Technical assistance to PIHPs to assist them in conducting quality activities

- EQR Data included in State's annual EQR technical report:
  - None

- Project Requirements:
  - PIHPs are required to conduct a project(s) of their own choosing

- Non-Clinical Topics:
  - Program Transition

- Clinical Topics:
  - None

- Performance Improvement Projects

- Access/Availability of Care:
  - Identification and process=service care coordinators (case managers)
  - Membership and process=child and family reams (plan of care teams)
  - Percentage of beneficiaries who are satisfied with their ability to obtain care
  - Process and content=plans of care

- Use of Services/Utilization:
  - Pretest and post-test
  - Functional impairment of enrollees, pre-test, post-test
  - Patient satisfaction with care
  - Restrictiveness of living arrangements for enrollees, pre-test, and post-test
  - School attendance and performance of enrollees, pre-test, and post-test

- Health Plan Stability/Financial/Cost of Care:
  - None

- Health Plan/Provider Characteristics:
  - Internal quality assurance review of sub-contracted providers

- Performance Measures - Others:
  - None

- Beneficiary Characteristics:
  - Information of beneficiary ethnicity/race
  - Other demographic, clinical, and service system characteristics of enrollees
  - PIHP/PCP-specific disenrollment rate

- Use of Services/Utilization:
  - Internal and external quality assurance audits of monitoring plans of care and tracking actual service utilization

- Use of Services/Utilization:
  - Internal and external quality assurance audits of monitoring plans of care and tracking actual service utilization

Solutions
ValueOptions-Kansas

Consumer Self-Report Data:
- Member Satisfaction Survey
- State-developed Survey

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation
- Specification/source code review, such as a programming language used to create an encounter data file for submission

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing

State conducts general data completeness assessments:
Yes

- Medical record validation
- Specification/source code review, such as a programming language used to create an encounter data file for submission
KANSAS
Mental Health and Substance Abuse Services

PAHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Age-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Decreased utilization of institutional care
- Rates of competitive employment for adults
- Rates of school attendance for youth
- Rates of youth residing in permanent family home

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries satisfied with their ability to obtain care

Access/Availability of Care:
- Adult's access to preventive/ambulatory health services
- Ratio of mental health providers to number of beneficiaries

Use of Services/Utilization:
- Average number of visits to MH/SUD providers per beneficiary
- Service penetration rates
- Service utilization post-inpatient care

Health Plan Stability/Financial/Cost of Care:
- Business continuity plan
- Corporate Compliance Plan, including Fraud and Abuse
- Days in unpaid claims/claims outstanding
- Expenditures by medical category of service (ER, pharmacy, lab, x-ray, dental, vision, etc.)
- IBNR claims report (lag report)
- Key Personnel Changes
- Net income
- Net worth
- Subcontractor terms and conditions
- TPL/COB information

Health Plan/Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)
- Provider turnover

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to PAHPs

Performance Measures - Others:
None

Standards/Accreditation

PAHP Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

Living at Home Case Management Waiver

Additional Information

The Department of Health and Mental Hygiene, Office of Health Services has full administrative authority over the Living at Home Waiver program, located within the Living at Home Waiver Division. Historically, the Living at Home Waiver program was responsible for procuring, maintaining, and monitoring contracts for two administrative services available for waiver participants. Fiscal intermediary and case management contractors are selected through a competitive bid process and are available statewide. On October 31, 2009, the contract for case management services ended; the program moved from the administrative case management model to providing administrative, transitional, and ongoing case management as billable services to eligible applicants and participants effective November 1, 2009.

Reimbursement for case management waiver services in the amendment to the 1915(c) Living at Home Waiver (MD 0353) is based on a rate defined in COMAR. Maryland used a competitive solicitation process to select its case management provider that provides case management as an administrative and waiver service.

Serving People with Complex (Special) Needs

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:

QUALITY ACTIVITIES FOR PIHP

576
State Quality Assessment and Improvement

Activities:
- CMHSP Certification for Participation
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- External Quality Review
- Monitoring of PIHP Standards
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- PIHP Standards (see below for details)

Use of Collected Data:
- Actuarial analysis
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Consumer Self-Report Data:
- MHSIP Consumer Survey

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Use of HEDIS:
- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

Encounter Data

Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Use of electronic file formats
- Use of Medicaid Identification Number for beneficiaries

Collections: Standardized Forms:
- 5010 - transaction set format for transmitting health care claims data
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

PIHP conducts data accuracy check(s) on specified data elements:
None
- Provider ID
- Type of Service
- Medicaid Eligibility
- Diagnosis Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure
- Age
- Gender
- Race/Ethnicity
- Social Security

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Follow-up after hospitalization for mental illness

Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percent readmitted to inpatient care within 30 days of discharge
- Rates of rights complaints/1000 served
MICHIGAN
Specialty Prepaid Inpatient Health Plans

Access/Availability of Care:
- Penetration rates for special populations
- Timelines and screening for inpatient
- Wait time for commencement of service(s)
- Wait time for first appointment with PCP

Use of Services/Utilization:
None

Health Plan Stability/ Financial/Cost of Care:
None

Health Plan/ Provider Characteristics:
None

Beneficiary Characteristics:
None

Performance Measures - Others:
None

Standards/Accreditation

PIHP Standards:
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
- Health Service Advisory Group, Phoenix, AZ

EQRO Mandatory Activities:
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities
- ER and Hospitalization Use Study

EQR Data included in State's annual EQR technical report:
None

Project Requirements:
- PIHPs are required to conduct a project(s) of their own choosing
- All PIHPs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Clinical Topics:
None

Non-Clinical Topics:
- Each PIHP performs two PIP within the 2-year cycle

Performance Improvement Projects

- Rates of sentinel events/1000 served

Use of Services/Utilization:
None

EQR Data included in State's annual EQR technical report:
None

- Performance Measures (see below for details)

**Contract Standard Compliance**

- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting
- Track Health Service provision

---

**Consumer Self-Report Data:**

- **CAHPS**
  - Adult Medicaid AFDC Questionnaire
  - Adult Medicaid SSI Questionnaire
  - Adult with Special Needs Questionnaire
  - Disenrollment Survey

**Use of HEDIS:**

- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State use/requires MCOs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

---

**Encounter Data**

**Collection: Requirements:**

- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

**Collections: Submission Specifications:**

- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

**Collection: Standardized Forms:**

- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form

**Validation - Methods:**

- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to MCO commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)

**MCO/HIO conducts data accuracy check(s) on specified data elements:**

- Date of Payment

**State conducts general data completeness assessments:**

- No

---

**Performance Measures**

### Process Quality:

- Adult preventive visits
- Antidepressant medication management
- Asthma care - medication use
- Beta-blocker treatment after heart attack
- Breast Cancer screening rate
- Cervical cancer screening rate
- Chlamydia screening in women
- Colorectal Cancer Screening
- COPD-spirometry testing

### Health Status/Outcomes Quality:

- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

**Pay for Performance (P4P)**

**Implementation of P4P:**
The State has implemented a Pay-for-Performance program with MCO

**Program Payers:**
Medicaid has collaborated with a public sector entity to support the P4P program

**Population Categories Included:**
A subset of MCO members, defined by disease and medical condition

**Rewards Model:**
Payment incentives/differentials to reward MCOs

**Clinical Conditions:**
Dental

**Measurement of Improved Performance:**
Assessing improvements in, or reaching established standards in, administrative processes (e.g., timeliness of MCO response to grievances, improving customer service, etc.)
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

**Initial Year of Reward:**
1999

**Evaluation Component:**
The State HAS NOT conducted an evaluation of the effectiveness of its P4P program

**Member Incentives:**
Not Applicable

ADDITIONAL INFORMATION

Individuals with Special Health Care Needs (ISHCN) are individuals who have, or are at an increased risk for, a chronic physical, developmental, behavioral, neurobiological or emotional condition and who require health and related services of a type or amount beyond that required by other individuals. ISHCN have ongoing health conditions, high or complex service utilization, and low to severe functional limitations. The primary purpose of the definition is to identify these individuals so that the MCO/SE can facilitate access to appropriate services. The definition also allows for flexible targeting of individuals based on clinical justification and discontinuing targeted efforts when such efforts are no longer needed.

None

Beneficiary Characteristics:
- Beneficiary need for interpreter
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries

Performance Improvement Projects

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing

Clinical Topics:
- Asthma management
- Breast cancer screening (Mammography)
- Cervical cancer screening (Pap Test)
- Coordination of care for persons with physical disabilities
- Coordination of Primary and Behavioral Health care
- Diabetes management

Non-Clinical Topics:
- Adults access to preventive/ambulatory health services
- Availability of language interpretation services
- Children's access to primary care practitioners

Standards/Accreditation

MCO Standards:
- NCQA (National Committee for Quality Assurance) Standards

Accreditation Required for Participation:
- NCQA (National Committee for Quality Assurance)

Non-Duplication Based on Accreditation:
None

EQRO Name:
- HealthInsight dba New Mexico Medical Review Organization

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Technical assistance to MCOs to assist them in conducting quality activities

EQR Data included in State's annual EQR technical report:
- Aggregate and Specific Health Plan Data

Pay for Performance (P4P)

Implementation of P4P:
The State has implemented a Pay-for-Performance program with MCO

Program Payers:
- Medicaid is the only payer

### QUALITY ACTIVITIES FOR PIHP

#### State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Monitoring of PIHP Standards
- Network Data

#### Use of Collected Data:
- Contract Standard Compliance
- Health Services Research
- Monitor Quality Improvement
- Plan Reimbursement
- Program Evaluation
- Program Modification, Expansion, or Renewal
NORTH CAROLINA
Mental Health Developmental Disabilities & Substance Abuse Services

-Non-Duplication Based on Accreditation
-Regulatory Compliance/Federal Reporting
-Ombudsman
-Track Health Service provision
-On-Site Reviews
-Performance Measures
-Other
-Performance Improvement Projects (see below for details)
-PIHP Standards (see below for details)
-Provider Data

Consumer Self-Report Data:
-State Approved Survey

Use of HEDIS:
-The State uses SOME of the HEDIS measures listed for Medicaid
-The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid
-State use/requires PIHPs to follow NCQA specifications for all of the HEDIS measures listed for Medicaid that it collects

Encounter Data

Collection: Requirements:
-Specifications for the submission of encounter data to the Medicaid agency

Collection: Standardized Forms:
-ANSI ASC X12 837 - transaction set format for transmitting health care claims data
-NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
-UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

PIHP conducts data accuracy check(s) on specified data elements:
-Date of Service
-Date of Processing
-Date of Payment
-Provider ID
-Type of Service
-Medicaid Eligibility
-Plan Enrollment
-Diagnosis Codes
-Procedure Codes
-Revenue Codes
-Age-appropriate diagnosis/procedure
-Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Validation - Methods:
None

Collections: Submission Specifications:
-Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)

Performance Measures

Process Quality:
-Ambulatory follow up within 7 days after discharge from Mental health facility
-Ambulatory follow up within 7 days after discharge from substance abuse facility
-Follow-up after hospitalization for mental illness

Health Status/Outcomes Quality:
-Number of Consumers moved from institutional care to community care
-Patient satisfaction with care
-Readmission rates for mental health
-Readmission rates for substance abuse

<th>Populations Mandatorily Enrolled:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

593
- Adults with Developmental Disability or Mental Retardation
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Medicare Dual Eligibles

Subpopulations Excluded from Otherwise Included Populations:
- Certain Medicare Dual Eligibles
- Enrolled in Another Managed Care Program
- Have an Eligibility Period that Is Only Retroactive
- Medicare Dual Eligibles

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
SLMB, QI, and QDWI
QMB

Lock-In Provision:
No lock-in
WISCONSIN
Family Care

Structured Member Outcome Interviews

- Medicaid
  - The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
  - State modifies/requires PIHPs to modify some or all NCQA specifications in ways other than continuous enrollment

Encounter Data

Collection: Requirements:
- Certification
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for PIHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Certification of Data Submissions
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
None

Validation - Methods:
- Automated analysis of encounter data submission to help determine data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation

PIHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Procedure Codes
- Revenue Codes

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
- Appeals and Grievances
- Member LTC outcomes present
- Outcomes achieved or in process
- Outcomes fully supported
- Quality and functional assessment

Health Status/Outcomes Quality:
- Member health and safety outcomes present
- Members in integrated Employment
- Patient satisfaction with care
- Pressure sores
- Support for member health and safety outcomes provided
- Vaccination rates (Influenza and Pneumococcal)

Access/Availability of Care:
- Dental visits
- State assessment of adequate network capacity

Use of Services/Utilization:
- NF and ICF-MR utilization
- Preventable Hospitalizations and ER visits

Health Plan Stability/ Financial/Cost of Care:
- Actual reserves held by plan
- State minimum reserve requirements

Health Plan/ Provider Characteristics:
- Board Certification
- Consumers on governance boards
- State review for cultural competency
### Wisconsin Family Care

</tr>
</tbody>
</table>

#### Performance Improvement Projects

**Project Requirements:**
- PIHPs are required to conduct a project(s) of their own choosing
- Individual PIHPs are required to conduct a project prescribed by the State Medicaid agency

**Clinical Topics:**
- Assessing pain in Family Care Members
- Care Transitions
- Colorectal Cancer Screening
- Diabetes Care Coordination
- Fall Prevention
- Reducing Hospital Re-Admits within 30 days of discharge

**Non-Clinical Topics:**
Not Applicable - PIHPs are not required to conduct common project(s)

#### Standards/Accreditation

**PIHP Standards:**
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
None

**Non-Duplication Based on Accreditation:**
None

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Name:**
- MetaStar, Inc.

**EQRO Mandatory Activities:**
- Review of PIHP compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities**
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to PIHPs to assist them in conducting quality activities

**EQR Data included in State’s annual EQR technical report:**
None

## SERVICE DELIVERY

### MCO (Comprehensive Benefits) - Risk-based Capitation

#### Service Delivery

**Included Services:**
1915(c) Waiver Services, Case Management, Clinic, Dental, Drugs, Durable Medical Equipment, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Inpatient Mental Health, Inpatient Substance Use Disorders, Laboratory, Outpatient Hospital, Outpatient Mental Health, Outpatient Substance Use Disorders, Pharmacy, Physician, Skilled Nursing Facility, Transportation, Vision, X-Ray

**Allowable PCPs:**
- Family Practitioners
- Internists

#### Enrollment

**Populations Voluntarily Enrolled:**
- Adults with Developmental Disability or Mental Retardation
- Aged and Related Populations
- Blind/Disabled Adults and Related Populations
- Medicare Dual Eligibles

**Populations Mandatorily Enrolled:**
None
The Wisconsin Partnership Program began operating under a 1115 dual Medicaid--Medicare waiver in January 1999. This program provides comprehensive Medicaid and Medicare services for older adults (ages 65+) and people with disabilities (ages 18-64). The Partnership Program integrates health and long-term support services and includes home- and community-based care, physician services, and all other medical care. Services are delivered in the participants' home or a setting of their choice. Team-based care management is a key component of the program. Enrollees must meet either a nursing home or an ICF/MR level of care. The Partnership Program goals are to: improve quality of health care and service delivery while containing costs; reduce fragmentation and inefficiency in the existing health care delivery system; increase the ability of people to live in the community and participate in decisions regarding their own health care. Other special characteristics: same goals as PACE Program; nurse practitioners play a key role in linking services; recipients can bring their own provider as PCP; external committee evaluation data techniques.

Subpopulations Excluded from Otherwise Included Populations:
- Enrolled in Another Managed Care Program
- Medicaid Only - Have an eligibility period that is only retroactive
- Medicare Dual Eligibles

Medicare Dual Eligibles Included:
QMB Plus, SLMB Plus, and Medicaid only

Medicare Dual Eligibles Excluded:
QMB, SLMB, QI, and QDWI

Program Includes People with Complex (Special) Needs:
Yes

Strategies Used to Identify Persons with Complex (Special) Needs:
None

Agencies with which Medicaid Coordinates the Operation of the Program:
None

Participating Plans/PCCM and Other Programs:

| Care Wisconsin Health Plan, Inc. (Partnership) | Community Care Health Plan, Inc. (Partnership) |
| Independent Care Health Plan (SNP) | Partnership Health Plan, Inc. |

Additional Information

The Wisconsin Partnership Program began operating under a 1115 dual Medicaid--Medicare waiver in January 1999. This program provides comprehensive Medicaid and Medicare services for older adults (ages 65+) and people with disabilities (ages 18-64). The Partnership Program integrates health and long-term support services and includes home- and community-based care, physician services, and all other medical care. Services are delivered in the participants' home or a setting of his or her choice. Team-based care management is a key component of the program. Enrollees must meet either a nursing home or an ICF/MR level of care. The Partnership Program goals are to: improve quality of health care and service delivery while containing costs; reduce fragmentation and inefficiency in the existing health care delivery system; increase the ability of people to live in the community and participate in decisions regarding their own health care. Other special characteristics: same goals as PACE Program; nurse practitioners play a key role in linking services; recipients can bring their own provider as PCP; external committee evaluation data techniques.

Quality Activities for MCO/HIO

State Quality Assessment and Improvement Activities:
- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Monitoring of MCO Standards
- Ombudsman
- On-Site Reviews
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)

Consumer Self-Report Data:
- Consumer satisfaction survey
- Member satisfaction survey
- Structured member interviews

Use of Collected Data:
- Contract Standard Compliance
- Monitor Quality Improvement and Identify Improvement Opportunities
- Monitor Quality Improvement
- Performance Measurement
- Program Evaluation
- Program Modification, Expansion, Renewal
- Regulatory Compliance/Federal Reporting

Use of HEDIS:
- The State uses SOME of the HEDIS measures listed for Medicaid
- The State generates from encounter data SOME of the HEDIS measures listed for Medicaid
- State modifies/requires MCOs to modify some or all NCQA
Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Incentives/sanctions to insure complete, accurate, timely encounter data submission
- Requirements for data validation
- Requirements for MCOs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

Collections: Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)
- Guidelines for frequency of encounter data submission
- Guidelines for initial encounter data submission
- Use of Medicaid Identification Number for beneficiaries

Collection: Standardized Forms:
- ADA - American Dental Association dental claim form
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data
- NCPDP - National Council for Prescription Drug Programs pharmacy claim form
- NSF - (National Standard Format) - the CMS approved electronic flat file format for transmitting non-institutional billing data between trading partners, such as physicians and suppliers
- UB-04 (CMS 1450) - (Uniform Billing) - the CMS approved electronic flat file format for transmitting institutional billing data between trading partners, such as hospitals, long term care facilities, etc.

Validation - Methods:
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)

MCO/HIO conducts data accuracy check(s) on specified data elements:
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

State conducts general data completeness assessments:
Yes

Performance Measures

Process Quality:
None

Health Status/Outcomes Quality:
- Member health and safety outcomes present
- Members in Integrated Employment
- Patient satisfaction with care
- Pressure sores
- Support for member health and safety outcomes provided
- Vaccination rates (influenza and pneumococcal

Access/Availability of Care:
None

Use of Services/Utilization:
- Emergency room visits/1,000 beneficiary
- Number of hospital admissions per member per year
- Number of hospital days per member per year
WISCONSIN
Wisconsin Partnership Program

- State-Developed/Specified Standards

Accreditation Required for Participation:
None

Non-Duplication Based on Accreditation:
None

EQRO Organization:
- Quality Improvement Organization (QIO)

EQRO Name:
-MetaStar

EQRO Mandatory Activities:
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

EQRO Optional Activities:
- Administration or validation of consumer or provider surveys
- Calculation of performance measures
- Conduct studies on quality that focus on a particular aspect of clinical or non-clinical services
- Technical assistance to MCOs to assist them in conducting quality services

Standards/Accreditation

Performance Improvement Projects

Clinical Topics:
- Assessing Pain in Family Care Members
- Care Transitions
- Colorectal Cancer Screening
- Diabetes Care Coordination
- Falls Prevention
- Reducing Hospital Re-Admits within 30 days of discharge

Project Requirements:
- MCOs are required to conduct a project(s) of their own choosing
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

Non-Clinical Topics:
- Increasing use of Self-Directed Supports
- Service Authorization
- Service Decision Method

Pay for Performance (P4P)

Implementation of P4P:
The State HAS NOT implemented a Pay-for-Performance program with the MCO

SERVICE DELIVERY

MCO (Comprehensive Benefits) - Risk-based Capitation

Service Delivery

Included Services:
- Chiropractic, Dental, Disease Management, Durable Medical Equipment, EPSDT, Family Planning, Hearing, Home Health, Hospice, Immunization, Inpatient Hospital, Laboratory, Occupational Therapy, Outpatient Hospital, Physical Therapy, Physician, Podiatry, Speech Therapy, Vision, X-Ray

Allowable PCPs:
- Family Practitioners
- Federally Qualified Health Centers (FQHCs)
- General Practitioners
- Internists
- Nurse Midwives
- Nurse Practitioners
- Obstetricians/Gynecologists or Gynecologists
- Pediatricians
- Rural Health Clinics (RHCs)

Enrollment

Populations Voluntarily Enrolled:
- Categorically Needy Caretaker under Section 1931

Populations Mandatorily Enrolled:
- Poverty Level Infants and Children
- Section 1931 Adults and Related Populations
- Section 1931 Children and Related Populations
Under this program, if the member signs the "Member Agreement" and enrolls into Enhanced services, they will receive additional benefits. The enhanced benefits include: cardiac and pulmonary rehabilitation, nutritional counseling, tobacco cessation, and weight management services. If the member chooses not to sign the "Member Agreement" they will remain in Basic for one year.

Poverty Level Infants and Children are mandatorily enrolled under Sections 1902(a)(10)(A)(i)(V)-(VII) and under Section 1902(a)(10)(A)(ii)(IX) and (XIV).

Children are guaranteed one year eligibility. Adults do not have guaranteed eligibility.

Caretaker/relatives have voluntary enrollment choices.

### Performance Measures

#### Process Quality:
- Adolescent immunization rate
- Adolescent well-care visit rate
- Asthma care - medication use
- Check-ups after delivery

#### Health Status/Outcomes Quality:
- Patient satisfaction with care
- Percentage of beneficiaries who are satisfied with their ability to obtain care

#### Access/Availability of Care:
- Average distance to PCP

#### Use of Services/Utilization:
- Emergency room visits/1,000 beneficiary
- Inpatient admissions/1,000 beneficiary

#### Health Plan Stability/ Financial/Cost of Care:
None

#### Health Plan/ Provider Characteristics:
None

#### Beneficiary Characteristics:
None

### Performance Improvement Projects

#### Project Requirements:
- All MCOs participating in the managed care program are required to conduct a common performance improvement project(s) prescribed by State Medicaid agency

#### Clinical Topics:
- Adolescent Immunization
- Asthma management
- Childhood Immunization
- Diabetes management
- Emergency Room service utilization
### Standards/Accreditation

**MCO Standards:**
- CMS's Quality Improvement System for managed Care (QISMC) Standards for Medicaid and Medicare
- State-Developed/Specified Standards

**Accreditation Required for Participation:** None

**Non-Duplication Based on Accreditation:** None

**EQRO Organization:**
- Quality Improvement Organization (QIO)

**EQRO Name:** Delmarva Foundation for Medical Care

**EQRO Mandatory Activities:**
- Review of MCO compliance with structural and operational standards established by the State
- Validation of performance improvement projects
- Validation of performance measures

**EQRO Optional Activities:** None

**EQR Data included in State’s annual EQR technical report:**
- Aggregate and Specific Health Plan Data
- Aggregate Data for all MCO Health Plans
- Specific Health Plan Data only

### Pay for Performance (P4P)

**Implementation of P4P:**
The State HAS NOT implemented a Pay-for-Performance program with the MCO, but plans to implement one in the future

**Program Payers:** Medicaid is the only payer

**Population Categories Included:**
Covers all MCO members

**Rewards Model:**
Payment incentives/differentials to reward MCOs
Preferential auto-enrollment to reward MCOs

**Clinical Conditions:**
Not Applicable

**Measurement of Improved Performance:**
Using clinically-based outcome measures (e.g., HEDIS, NQF, etc.)

**Initial Year of Reward:**
Not Applicable

**Member Incentives:**
Not Applicable

**Evaluation Component:**
Not Applicable

None

PARTICIPATING PLANS/PCCM AND OTHER PROGRAMS

Medical Transportation Management Inc. (MTM)

ADDITIONAL INFORMATION

The Broker handles scheduling of NEMT transportation statewide and authorizes the least expensive and most appropriate ancillary services based on confirmed eligibility. The Broker enlists a network of transportation providers across the state to provide service utilizing sedan, lift van, and public transportation when appropriate. The Broker has internal controls, policies and procedures in place to prevent, detect, and review and report to the Medicaid state agency instances of suspected fraud and abuse by providers, subcontractors and recipients.

QUALITY ACTIVITIES FOR PAHP

STATE QUALITY ASSESSMENT AND IMPROVEMENT ACTIVITIES:

- Consumer Self-Report Data (see below for details)
- Encounter Data (see below for details)
- Enrollee Hotlines
- Focused Studies
- Network Data
- On-Site Reviews
- PAHP Standards (see below for details)
- Performance Improvement Projects (see below for details)
- Performance Measures (see below for details)
- Provider Data

USE OF COLLECTED DATA:

- Beneficiary Plan Selection
- Contract Standard Compliance
- Data Mining
- Fraud and Abuse
- Monitor Quality Improvement
- Program Evaluation
- Program Modification, Expansion, or Renewal
- Regulatory Compliance/Federal Reporting

USE OF HEDIS:

- The State DOES NOT use any of the HEDIS measures
- The State DOES NOT generate from encounter data any of the HEDIS measure listed for Medicaid

ENCOUNTER DATA

645
## KANSAS
Non-Emergency Medical Transportation (NEMT)

### Collection: Requirements:
- Definition(s) of an encounter (including definitions that may have been clarified or revised over time)
- Requirements for data validation
- Requirements for PAHPs to collect and maintain encounter data
- Specifications for the submission of encounter data to the Medicaid agency
- Standards to ensure complete, accurate, timely encounter data submission

### Collections - Submission Specifications:
- Data submission requirements including documentation describing set of encounter data elements, definitions, sets of acceptable values, standards for data processing and editing
- Deadlines for regular/ongoing encounter data submission(s)
- Guidelines for frequency of encounter data submission
- Use of Medicaid Identification Number for beneficiaries

### Collection: Standardized Forms:
None

### Validation - Methods:
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Medical record validation

### PAHP conducts data accuracy check(s) on specified data elements:
- Date of Service
- Provider ID
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes

### State conducts general data completeness assessments:
Yes

### Performance Measures

#### Process Quality:
- Not Applicable

#### Access/Availability of Care:
- Adult's access to preventive/ambulatory health services

#### Health Plan Stability/ Financial/Cost of Care:
- Total revenue

#### Beneficiary Characteristics:
- Information of beneficiary ethnicity/race
- Information on primary languages spoken by beneficiaries
- Percentage of beneficiaries who are auto-assigned to PAHPs

### Health Status/Outcomes Quality:
- Not Applicable

#### Use of Services/Utilization:
- Not Applicable

#### Health Plan/ Provider Characteristics:
- Board Certification
- Languages Spoken (other than English)

#### Performance Measures - Others:
None

### Performance Improvement Projects

- Special Needs Children (State defined)
OHCA contracts with the vendor, LogistiCare, to establish a comprehensive public transit program, known as SoonerRide, for Oklahoma Medicaid members. LogistiCare manages the operations of the SoonerRide program, including creating a network of providers, receiving prior authorizations for transportation, and outreach.

OHCA uses a transportation brokerage system to provide the most cost-effective and appropriate form of transportation to members. The contracted transportation broker is reimbursed on a Capitation rate, per-member-per-month basis (which is broken down by ABD and TANF) members.

### Subpopulations Excluded from Otherwise Included Populations:

- Encounters to be submitted based upon national standardized forms (e.g. UB-04, NCPDP, ASC X12 837, ADA)

**Collection: Standardized Forms:**
- ANSI ASC X12 837 - transaction set format for transmitting health care claims data

**Validation - Methods:**
- Automated analysis of encounter data submission to help determine to data completeness (e.g. frequency distributions, cross-tabulations, trend analysis, etc.)
- Automated edits of key fields used for calculation (e.g. codes within an allowable range)
- Comparison to benchmarks and norms (e.g. comparisons to State FFS utilization rates, comparisons to PAHP commercial utilization rates, comparisons to national norms, comparisons to submitted bills or cost-ratios)
- Medical record validation
- Per member per month analysis and comparisons across PAHPs
- Specification/source code review, such as a programming language used to create an encounter data file for submission

**PAHP conducts data accuracy check(s) on specified data elements:**
- Date of Service
- Date of Processing
- Date of Payment
- Provider ID
- Type of Service
- Medicaid Eligibility
- Plan Enrollment
- Diagnosis Codes
- Procedure Codes
- Revenue Codes
- Age-appropriate diagnosis/procedure
- Gender-appropriate diagnosis/procedure

**State conducts general data completeness assessments:**
- Yes

Standards/Accreditation

**PAHP Standards:**
- State-Developed/Specified Standards

**Accreditation Required for Participation:**
- None

**Non-Duplication Based on Accreditation:**
- None

MOBILE, AL 36607
(251) 287-8420

ADDITIONAL INFORMATION

Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provides pre-paid, capitated, comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.
Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provide prepaid, capitated, comprehensive health care services to frail elders.

Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provides pre-paid, capitated, comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provide pre-paid, capitated, comprehensive health care services to frail elders.

To be eligible to enroll, individuals must be 55 years of age and older, certified by the State administering agency as needing a nursing facility level of care, and reside in the approved service area of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to
individuals who are Medicare beneficiaries and/or Medicaid recipients.

The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the State administering agency. The Medicaid capitation must be less than the amount that would have been paid under the State plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility.

The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the State's approved Medicaid plan, all Medicare-covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

</table>
1905(t) Voluntary PCCM managed care program in which enrollment is voluntary and therefore does not require a waiver.

1937 Alternative Benefit Package Benchmark Program – Managed care program operates under this authority through a State plan amendment.

1902(a)(70) Option for States to amend their Medicaid state plans to establish Non-Emergency Medical Transportation Brokerage program, without regard to the statutory requirements for comparability, statewideness, and freedom of choice.

1902(a)(1) Statewideness. This section of the Act requires a Medicaid State plan to be in effect in all political subdivisions of the State. Waiving 1902(a)(1) indicates that this waiver program is not available throughout the State.

1902(a)(10)(B) Comparability of Services. This section of the Act requires State Medicaid plans to permit all individuals eligible for Medicaid to obtain medical assistance. Waiving 1902(a)(10)(B) indicates that the scope of services offered to beneficiaries enrolled in this program are broader than those offered to beneficiaries not enrolled in the program.

1902(a)(23) Freedom of Choice. This section of the Act requires State Medicaid plans to permit all individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted.

Section: Service Delivery--Managed Care Entity Terms

PCCM Primary Care Case Management (PCCM) Provider is usually a physician, physician group practice, or an entity employing or having other arrangements with such physicians, but sometimes also including nurse practitioners, nurse midwives, or physician assistants who contracts to locate, coordinate, and monitor covered primary care (and sometimes additional services). This category include PCCMs and those PIHPs which act as PCCMs.
**PIHP**

Prepaid Inpatient Health Plan (PIHP) – A PIHP is a prepaid inpatient health plan that provides less than comprehensive services on an at-risk or other than state plan reimbursement basis; and provides, arranges for, or otherwise has responsibility for the provision of any inpatient hospital or institutional services. {Comprehensive services are defined in 42 CFR 438.2} There are several types of PIHPs that States use to deliver a range of services (i.e. Mental Health (MH) PIHP is a managed care entity provides only mental health services.

**PAHP**

Prepaid Ambulatory Health Plan (PAHP) – A PAHP is a prepaid ambulatory health plan that provides less than comprehensive services on an at-risk or other than state plan reimbursement basis, and does not provide, arrange for, or otherwise have responsibility for the provision of any inpatient hospital or institutional services. {Comprehensive services are defined in 42 CFR 438.2} There are several types of PAHPs that States use to deliver a range of services. For example, a Dental PAHP is a managed care entity that provides only dental services.

**MCO**

Managed Care Organization is a health maintenance organization, an eligible organization with a contract under §1876 or a Medicare-Choice organization, a provider sponsored organization or any other private or public organization which meets the requirements of §1902 (w) to provide comprehensive services.

**HIO**

Health Insuring Organization is an entity that provides for or arranges for the provision of care and contracts on a prepaid capitated risk basis to provide a comprehensive set of services.

**Section: Service Delivery--Reimbursement Arrangement Terms**

**Fee-For-Service**

The managed care entity is paid for providing services to enrollees solely through fee-for-service payments, plus in a PCCM, a case management fee.

**Risk-based Capitation**

The managed care entity is paid for providing services to enrollees primarily through capitation. (There may be other payments
under the contract such as incentive arrangements or risk-sharing.)

**Non-risk Capitation**
The managed care entity is paid for providing services to enrollees through capitation, but payments are settled at the end of the year at amounts that do not exceed the FFS cost for services actually provided, plus an amount for administration.

**Section: Quality Activity Terms**

**Accreditation for Deeming**
Some States use the findings of private accreditation organizations, in part or in whole, to supplement or substitute for State oversight of some quality related standards. This is referred to as "deemed compliance" with a standard.

**Accreditation for Participation**
State requirement that plans must be accredited to participate in the Medicaid managed care program.

**Consumer Self-Report Data**
Data collected through survey or focus group. Surveys may include Medicaid beneficiaries currently or previously enrolled in a MCO, PIHP, or PAHP. The survey may be conducted by the State or a contractor to the State.

**Encounter Data**
Detailed data about individual services provided to individual beneficiaries at the point of the beneficiary's interaction with a MCO, PIHP, PAHP institutional or practitioner provider. The level of detail about each service reported is similar to that of a standard claim form. Encounter data are also sometimes referred to as "shadow claims".

**Enrollee Hotlines**
Toll-free telephone lines, usually staffed by the State or enrollment broker that beneficiaries may call when they encounter a problem with their MCO, PIHP, PAHP. The people who staff hotlines are knowledgeable about program policies and may play an "intake and triage" role or may assist in resolving the problem.

**Focused Studies**
State required studies that examine a specific aspect of health
care (such as prenatal care) for a defined point in time. These projects are usually based on information extracted from medical records or MCO, PIHP, PAHP administrative data such as enrollment files and encounter/claims data. State staff, EQRO staff, MCO, PIHP, PAHP staff or more than one of these entities may perform such studies at the discretion of the State.

**MCO/PIHP/PAHP**
These are standards that States set for plan structure, operations, and the internal quality improvement/assurance system that each MCO/PIHP/PAHP must have in order to participate in the Medicaid program.

**Monitoring of Standards**
Activities related to the monitoring of standards that have been set for plan structure, operations, and quality improvement/assurance to determine that standards have been established, implemented, adhered to, etc.

**Ombudsman**
An ombudsman is an individual who assists enrollees in resolving problems they may have with their MCO/PIHP/PAHP. An ombudsman is a neutral party who works with the enrollee, the MCO/PIHP/PAHP, and the provider (as appropriate) to resolve individual enrollee problems.

**On-Site Reviews**
Reviews performed on-site at the MCO/PIHP/PAHP health care delivery system sites to assess the physical resources and operational practices in place to deliver health care.

**Performance Improvement Projects**
Projects that examine and seek to achieve improvement in major areas of clinical and non-clinical services. These projects are usually based on information such as enrollee characteristics, standardized measures, utilization, diagnosis and outcome information, data from surveys, grievance and appeals processes, etc. They measure performance at two periods of time to ascertain if improvement has occurred. These projects are required by the State and can be of the MCO/PIHP/PAHPs choosing or prescribed by the State.

**Performance Measures**
Quantitative or qualitative measures of the care and services delivered to enrollees (process) or the end result of that care and
services (outcomes). Performance measures can be used to assess other aspects of an individual or organization’s performance such as access and availability of care, utilization of care, health plan stability, beneficiary characteristics, and other structural and operational aspect of health care services. Performance measures included here may include measures calculated by the State (from encounter data or another data source), or measures submitted by the MCO/PIHP/PAHP.

Provider Data

Data collected through a survey or focus group of providers who participate in the Medicaid program and have provided services to enrolled Medicaid beneficiaries. The State or a contractor of the State may conduct survey.

HEDIS Measures from Encounter Data

*Health Plan Employer Data and Information Set (HEDIS)* measures from encounter data as opposed to having the plans generate HEDIS measures. HEDIS is a collection of performance measures and their definitions produced by the National Committee for Quality Assurance (NCQA).

EQRO

Federal law and regulations require States to use an *External Quality Review Organization (EQRO)* to review the care provided by capitated managed care entities. EQROs may be Peer Review Organizations (PROs), another entity that meets PRO requirements, or a private accreditation body.

Pay for Performance (P4P)

P4P programs are designed to improve patients’ quality of care by recognizing and rewarding high standards of care. This section identifies the States’ implementation of a P4P program with any MCOs participating in the State’s managed care program.
