This guide covers the standards that are used by the Centers for Medicare & Medicaid Services (CMS) Regional Office staff to review and approve State contracts with Medicaid managed care organizations (MCO), prepaid inpatient health plans (PIHP), prepaid ambulatory health plans (PAHP), non-emergency medical transportation prepaid ambulatory health plans (NEMT PAHP), primary care case managers (PCCM), primary care case manager entities (PCCM entity), and health insuring organizations (HIO).\(^1\) The guide is intended to provide transparency on the criteria for contract approvals and to help states verify that contracts with Medicaid managed care entities meet all CMS requirements.\(^2\) This guide is an update to the 2015 State Guide to CMS Criteria for Managed Care Contract Review and Approval.

The guide is organized into four sections. Section I of this guide outlines the contract requirements based on existing federal requirements in Title XIX of the Social Security Act (referred to as “the Act”), 42 CFR §438 and other applicable laws, including requirements incorporated into the Medicaid and Children’s Health Insurance Program Managed Care Final Rule (referred to as “the Final Rule”) published May 6, 2016 and effective on July 5, 2016.\(^3\) This section is organized by topic and describes existing standards as well as standards that were updated or added by the Final Rule.\(^4\) A requirement is classified as an “existing standard” if it was in effect prior to the release of the Final Rule (i.e., in effect in 42 CFR part 438 contained in 42 CFR parts 430 to 481, edition revised as of October 1, 2015) and did not materially change within the Final Rule.

---

\(^1\) In accordance with 42 CFR 438.3(p), contracts with HIOs that began operating on or after January 1, 1986 and that the statute does not explicitly exempt from the requirements in section 1903(m) of the Social Security Act are subject to all Federal requirements outlined in 42 CFR §438 that apply to MCOs.

\(^2\) This guide is not intended as a substitute to legal advice or review of the applicable law; it does not grant rights or impose obligations. It is a tool to aid states in their contract development practices. Federal requirements outlined in statute and regulation control over this guide.

\(^3\) The Medicaid and Children’s Health Insurance Program (CHIP) Managed Care Final Rule (CMS-2390-F, 81 FR 27498) is available at: https://www.medicaid.gov/medicaid-chip-program-information/by-topics/delivery-systems/managed-care/downloads/implementation-dates.pdf.

\(^4\) To serve as a more functional tool for states’ contract development efforts, the Table of Contents is structured in the order in which requirements may be found within contracts rather than following the Code of Federal Regulations.
Each requirement in Section I contains: 1) an item number; 2) the contract requirement(s)\(^5\); 3) the entity types (i.e., MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity, HIO) to which the requirement applies; 4) the governing statutory, regulatory, and/or other policy citation(s); and 5) the date by which CMS will enforce the contract requirement. The guide also notes where the regulatory citations have changed and where existing standards have been applied to additional managed care plan (MCP) types under the Final Rule.\(^6\) As applicability dates vary within the Final Rule, many contract requirements codified in 42 CFR part 438 contained in 42 CFR parts 430 to 481, edition revised as of October 1, 2015, remain in effect for a period of time beyond July 5, 2016.

To aid states in understanding the contract requirements in effect at any given time, Section II of this guide outlines the contract requirements in effect until the applicability dates in the Final Rule are in effect (when applicability dates do not coincide with the July 5, 2016 effective date of the Final Rule). This section references the requirements outlined in the 2015 State Guide to CMS Criteria for Managed Care Contract Review and Approval. These requirements maintain their numbering and subtopic headings from the 2015 State Guide; they do not always correspond to the requirement numbering of Section I. CMS intends that once all the provisions in the Final Rule have passed the applicability dates, Section II of this guide will be obsolete.

Sections III and IV of this guide provide additional resources to help states in their contract development efforts. Section III includes tips to aid states in their interpretation of federal requirements. Asterisks (*) are used in Section I to indicate contract requirements to which a tip or tips apply in Section III. Users should consult Section III of the guide to identify items that apply to each contract requirement according to its item number. Section IV of this guide contains a glossary that describes commonly used terms and the applicable federal regulatory citations for each definition.

This guide is designed specifically for review of Medicaid managed care contracts. Separate guidance specific to the review of Children’s Health Insurance Program (CHIP) managed care provisions will be issued in the future. However, federal policy governing managed care contracts for separate CHIPS largely aligns with federal policy governing Medicaid managed care contracts. Therefore, separate CHIPS can use this guide to inform their contract development to the extent that the federal Medicaid requirements are applied to separate CHIPS. CMS will begin reviewing managed care contracts for separate CHIPS (whether included in a single contract covering both Medicaid and CHIP or are in a separate contract) covering the state fiscal year beginning on or after July 1, 2018.

Note that this guide is not an exhaustive list of all federal requirements, and is only a tool to aid states in development of contracts with its HIOs, MCOs, PIHPs, PAHPs, NEMT PAHPs, PCCMs and PCCM entities. For example, it does not describe all the federal managed care requirements a state must comply with, only those that are required in contracts with MCPs.

\(^5\) This guide includes the contract requirement number(s) that correspond to CMS’s internal review tool to aid in conversations between states and the CMS Regional Offices during contract review.

\(^6\) CMS utilizes the term “managed care plan” to encompass all types of managed care delivery (i.e. MCO, HIO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity) to which a federal requirement applies.

Section I: Contract Requirements in Effect with the Final Rule

I.A. Contract Completeness

I.A.1.01 [Applies to all entity types]
The contract submission is signed and dated by all parties. [Existing standard]

I.A.1.02 [Applies to all entity types]
The contract submission is complete. That is: 1) All pages, appendices, attachments, etc. were submitted to CMS; 2) Any documents incorporated by reference (including, but not limited to, state statute, state regulation, or other binding document, such as a member handbook) to comply with federal regulations and the requirements of this review tool were submitted to CMS. [Existing standard]

I.A.1.03 [Applies to all entity types]
If the contract submission is an amendment, CMS has received and approved all previous amendments to the base contract. [Existing standard]

I.A.1.04 [Applies to HIO, MCO, PIHP, PAHP]*
If the contract submission implements capitation rates or a change in the contract may impact 42 CFR 438.4, CMS has received a rate certification concurrently with the state's submission of the contract action. [42 CFR 438.7(a)] [Effective: 7/5/2016]

I.A.1.05 [Applies to HIO, MCO, PIHP, PAHP]
If the contract submission implements capitation rates or a change in the contract may impact 42 CFR 438.4, the Regional Office (RO) received the state's summary description of Medical Loss Ratio (MLR) reports received from the HIO(s), MCO(s), PIHP(s) and PAHP(s) under contract with the state. [42 CFR 438.74(a)] [Effective: No later than the rating period for contracts starting on or after 7/1/2017]

I.A.1.06 [Applies to all entity types]
The contract submission complies with the federal authority(ies) approved by CMS. For example, if the contractor delivers services for a program authorized under section 1915(b)/1915(c) concurrent authority, the contract is in compliance with the approved section 1915(b)/1915(c) waivers. Another example: if the contract action includes a new benefit, assure that CMS has approved an appropriate Medicaid authority for this service. [Existing standard]

I.A.1.07 [Applies to HIO, MCO]*
If the state is providing any services to MCO enrollees using a delivery system other than the MCO delivery system, the state has provided documentation of how the requirements of 42 CFR part 438, subpart K regarding parity in mental health and substance use disorder benefits are met with the submission of the MCO contract. [42 CFR 438.3(n)(2)] [Effective: 10/2/2017]

I.A.1.08 [Applies to HIO, MCO, PIHP, PAHP]*
If the contract includes initiatives under 42 CFR 438.6(c), CMS has approved these arrangements prior to the implementation of such initiatives and these arrangements are

Section I: Contract Requirements in Effect with the Final Rule. Asterisks (*) indicate that more information is available in Section III.
described in the Managed Care Plan (MCP) contract consistent with the state’s description of the initiative approved under separate cover. [42 CFR 438.6(c)] [Effective: No later than the rating period for contracts starting on or after 7/1/2017]

I.A.1.09 - I.A.1.12 [Applies to HIO, MCO, PIHP, PAHP]*
For any contract arrangements that direct the MCP’s expenditures under 42 CFR 438.6(c)(1)(i) or (ii), the MCP contract:
- Must make participation in the value-based purchasing initiative, delivery system reform or performance improvement initiative available, using the same terms of performance, to a class of providers providing services under the contract related to the reform or improvement initiative.*
- Must use a common set of performance measures across all of the payers and providers.*
- May not set the amount or frequency of the expenditures.*
- Does not allow the state to recoup any unspent funds allocated for these arrangements from the MCO, PIHP, or PAHP.*
[42 CFR 438.6(c)] [Effective: No later than the rating period for contracts starting on or after 7/1/2017]

I.A.1.13 [Applies to HIO, MCO, PIHP, PAHP, PCCM entity]
If the state is implementing a managed care program, whether the program is voluntary or mandatory, the state has submitted a readiness review in accordance with 42 CFR 438.66(d)(2), (d)(3), and (d)(4). [42 CFR 438.66(d)(1)(i)] [Effective: No later than the rating period for contracts starting on or after 7/1/2017]

I.A.1.14 [Applies to HIO, MCO, PIHP, PAHP, PCCM entity]
If the MCP has not previously contracted with the state, the state has submitted a readiness review in accordance with 42 CFR 438.66(d)(2), (d)(3), and (d)(4). [42 CFR 438.66(d)(1)(ii)] [Effective: No later than rating the rating period for contracts starting on or after 7/1/2017]

I.A.1.15 [Applies to HIO, MCO, PIHP, PAHP, PCCM entity]
If the MCP currently contracting with the state will provide or arrange for the provision of covered benefits to new eligibility groups, the state has submitted a readiness review in accordance with 42 CFR 438.66(d)(2), (d)(3), and (d)(4). [42 CFR 438.66(d)(1)(iii)] [Effective: No later than the rating period for contracts starting on or after 7/1/2017]

I.B. Enrollment and Disenrollment

I.B.1 No Discrimination

I.B.1.01 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract requires the MCP to accept new enrollment from individuals in the order in which they apply without restriction, unless authorized by CMS, up to the limits set under the contract. [42 CFR 438.3(d)(1)] [Existing standard. The federal regulatory citation changed effective 7/5/2016]

I.B.1.02 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract prohibits the MCP from discriminating against individuals eligible to enroll on

Section I: Contract Requirements in Effect with the Final Rule. Asterisks (*) indicate that more information is available in Section III.
the basis of health status or need for health care services. [42 CFR 438.3(d)(3)] [Existing standard. The federal regulatory citation changed effective 7/5/2016]

I.B.1.03 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]

I.B.1.04 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract prohibits the MCP from using any policy or practice that has the effect of discriminating against individuals eligible to enroll on the basis of race, color, national origin, sex, sexual orientation, gender identity, or disability. [42 CFR 438.3(d)(4)] [Effective: 7/5/2016]

I.B.1.05 [Applies to PCCM]
The contract prohibits the MCP from discriminating in enrollment, disenrollment, and re-enrollment against individuals on the basis of health status or need for health care services. [42 CFR 438.3(q)(4)] [Existing standard. The federal regulatory citation will change effective 7/1/2017]

I.B.2 Choice of Doctor
I.B.2.01 [Applies to HIO, MCO, PIHP, PAHP]
The contract requires that for enrollees who qualify under the rural resident exception (under which a state may limit a rural area resident to a single MCP), the limitation on the enrollee’s freedom to change between primary care providers (PCP) can only be as restrictive as the limitations on disenrollment from the MCP as requested by the enrollee in accordance with 42 CFR 438.56(c). [42 CFR 438.52(b) - (d); 42 CFR 438.56(c)] [Existing standard]

I.B.2.02 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract requires the MCP to allow each enrollee to choose his or her network provider to the extent possible and appropriate. [42 CFR 438.3(l)] [Existing standard. The federal regulatory citation changed effective 7/5/2016]

I.B.3 Opt Out
I.B.3.01 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract provides that MCP enrollment is voluntary, except when CMS has approved federal authority allowing the state to mandate enrollment. [42 CFR 438.3(d)(2)] [Existing standard. The federal regulatory citation changed effective 7/5/2016]

I.B.4 Reenrollment
I.B.4.01 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
If specified by the federal authority (State Plan Amendment (SPA) or waiver) approved by CMS, the contract provides for automatic reenrollment of a recipient who is disenrolled solely because he or she loses Medicaid eligibility for a period of 2 months or less. [42 CFR 438.56(g)] [Existing standard]
I.B.5 Disenrollment

I.B.5.01 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract specifies the reasons for which the MCP may request disenrollment of an enrollee. [42 CFR 438.56(b)(1)] [Existing standard]

I.B.5.02 - I.B.5.05 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract provides that the MCP may not request disenrollment because of:
- An adverse change in the enrollee's health status.
- The enrollee’s utilization of medical services.
- The enrollee’s diminished mental capacity.
- The enrollee’s uncooperative or disruptive behavior resulting from his or her special needs (except when his or her continued enrollment seriously impairs the MCPs ability to furnish services to the enrollee or other enrollees).
[Section 1903(m)(2)(A)(v) of the Act; 42 CFR 438.56(b)(2)] [Existing standard]

I.B.5.06 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
The contract specifies the methods by which the MCP assures the state that it does not request disenrollment for reasons other than those permitted under the contract. [42 CFR 438.56(b)(3)] [Existing standard]

I.B.5.07 - I.B.5.10 [Applies to HIO, MCO, PIHP, PAHP, NEMT PAHP, PCCM, PCCM entity]
For states that limit disenrollment, the contract requires that enrollees have the right to disenroll from their MCP:
- For cause, at any time.
- Without cause 90 days after initial enrollment or during the 90 days following notification of enrollment, whichever is later.
- Without cause at least once every 12 months.
- Without cause upon reenrollment if a temporary loss of enrollment has caused the enrollee to miss the annual disenrollment period.
[42 CFR 438.3(q)(5); 42 CFR 438.56(c)(1); 42 CFR 438.56(c)(2)(i) - (iii)] [Existing standard]

I.B.5.11 [Applies to HIO, MCO, PCCM, PCCM entity]*

3. outline in the contract the process by which the state will share the model enrollee handbook; or
4. use another method.

For NEMT PAHPs under 42 CFR 438.10(g)(2)(xi), the handbook must only include fair hearing procedures and timeframes; grievance and appeal requirements do not apply.

I.C.2.31 - I.C.2.44

States must develop model handbooks in accordance with 42 CFR 438.10(c)(4)(ii). CMS must assure that the model enrollee handbook that the MCP is required to utilize meets all the requirements at 42 CFR 438.10(g). How a state chooses to meet these federal requirements may vary. For example, a state may:
1. include the model enrollee handbook that outlines these federal requirements as an attachment to the contract;
2. stipulate each requirement of 42 CFR 438.10(g) within the MCP contract in addition to outlining them in the model enrollee handbook;
3. outline in the contract the process by which the state will share the model enrollee handbook; or
4. use another method.

I.C.2.45

Pursuant to 42 CFR 438.207(c)(3), the state defines what constitutes a "significant change."

The amount of payment for performance—in this context, the final capitation rate—is a primary component of any contract and must be included for purposes of verifying claims for FFP on the CMS-64. In the Final Rule at page 27595, in the context of risk adjustment, CMS suggested that the payment terms under the contract could be identified in an appendix, or additional supporting documentation, to the contract for ease of updating the information when risk adjustment is applied. The state must submit a formal contract amendment when the final capitation rates differ from the payment terms in an approved contract.</td>

I.F.12.08  
Applies to MCOs or a PIHP or PAHP providing services to an MCO enrollee, in states covering medical/surgical and mental health or substance use disorder services under the state plan.

I.F.13.03  
If the MCP is required to provide services that could be authorized through sections 1915(c), 1915(i), or 1915(k) of the Act, and the 42 CFR 441.301(c)(4) settings requirements do apply to the MCP contract period under review, the contract must specify that the LTSS are provided in a setting which complies with the 42 CFR 441.301(c)(4) requirements for home and community-based settings.

If the MCP contract provides for the delivery of services that could be authorized through 1915(c), 1915(i), or 1915(k) authority and were initially approved by CMS, under any federal authority, on or after 3/17/14, the MCP contract must comply with the settings requirements. If the MCP contract provides for the delivery of services that could be authorized through 1915(c), 1915(i), or 1915(k) authority and were initially approved by CMS, under any federal authority, prior to 3/17/14, the MCP contract must comply with settings requirements based on the timeframe described in the state’s settings transition plan approved by CMS. The Home and Community-Based Services (HCBS) settings requirements apply to services that are authorized through a 1915(c) waiver, a 1915(i) SPA, or a 1915(k) SPA. The settings requirements also apply to services authorized under any federal authority that “could be” authorized through a 1915(c) waiver, a 1915(i) SPA, or a 1915(k) SPA. For instance, a service authorized under 1115 waiver or 1915(b)(3) authority must meet the settings requirements when the service is of a nature that “could be” authorized under 1915(c), 1915(i), or 1915(k).

An individual or entity that would provide services through an individual or entity debarred, suspended, or excluded under 42 CFR 438.610(a) or (b) is an individual or entity that intends to meet its contractual obligations by subcontracting or employing an individual or entity debarred, suspended, or excluded under 42 CFR 438.610(a) or (b). For example, a MCO contracts with a Pharmacy Benefits Manager (PBM), which subcontracts to a pharmacy, which employs a debarred pharmacist. Abuse: Provider practices that are inconsistent with sound fiscal, business, or medical practices, and result in an unnecessary cost to the Medicaid program, or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes beneficiary practices that result in unnecessary cost to the Medicaid program. [42 CFR 438.2; 42 CFR 455.2]

Access: As used in part 438 subpart E and pertaining to external quality review, the timely use of services to achieve optimal outcomes, as evidenced by MCPs successfully demonstrating and reporting on outcome information for the availability and timeliness elements defined under 42 CFR §438.68 (Network adequacy standards) and §438.206 (Availability of services). 2. The reduction, suspension, or termination of a previously authorized service.
3. The denial, in whole or in part, of payment for a service.
4. The failure to provide services in a timely manner, as defined by the state.
5. The failure of an MCO, PIHP, or PAHP to act within the timeframes provided in 42 CFR 438.408(b)(1) and (2) regarding the standard resolution of grievances and appeals.

7. The denial of an enrollee's request to dispute a financial liability, including cost sharing, copayments, premiums, deductibles, coinsurance, and other enrollee financial liabilities. [42 CFR 438.400(b)]

Aggregate lifetime dollar limit: A dollar limitation on the total amount of specified benefits that may be paid under a MCO, PIHP, or PAHP. [42 CFR 438.900]

Annual dollar limit: A dollar limitation on the total amount of specified benefits that may be paid in a 12-month period under a MCO, PIHP, or PAHP. [42 CFR 438.900]

Appeal: A review by an MCO, PIHP, or PAHP of an adverse benefit determination. [42 CFR 438.400(b)]

(2) Provides necessary information and support to ensure that the individual directs the process to the maximum extent possible, and is enabled to make informed choices and decisions;

(3) Is timely and occurs at times and locations of convenience to the individual;

(4) Reflects cultural considerations of the individual and is conducted by providing information in plain language and in a manner that is accessible
to individuals with disabilities and persons who are limited English proficient, consistent with 42 CFR 435.905(b);

In these cases, the state must devise conflict of interest protections including separation of entity and provider functions within provider entities, which must be approved by CMS. Individuals must be provided with a clear and accessible alternative dispute resolution process;

(7) Offers informed choices to the individual regarding the services and supports they receive and from whom;

(8) Includes a method for the individual to request updates to the plan as needed;

**Person-centered service plan:**

A person-centered plan must reflect the services and supports that are important for the individual to meet the needs identified through an assessment of functional need, as well as what is important to the individual with regard to preferences for the delivery of such services and supports. Commensurate with the level of need of the individual, and the scope of services and supports available under the state's 1915(c) HCBS waiver, the written plan must:

(1) Reflect that the setting in which the individual resides is chosen by the individual. The state must ensure that the setting chosen by the individual is integrated in, and supports full access of individuals receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community to the same degree of access as individuals not receiving Medicaid HCBS;

(2) Reflect the individual's strengths and preferences;

(3) Reflect clinical and support needs as identified through an assessment of functional need;

(4) Include individually identified goals and desired outcomes;

(5) Reflect the services and supports (paid and unpaid) that will assist the individual to achieve identified goals, and the providers of those services and supports, including natural supports. Natural supports are unpaid supports that are provided voluntarily to the individual in lieu of 1915(c) HCBS waiver services and supports;
(6) Reflect risk factors and measures in place to minimize them, including individualized back-up plans and strategies when needed;

(7) Be understandable to the individual receiving services and supports, and the individuals important in supporting him or her. At a minimum, for the written plan to be understandable, it must be written in plain language and in a manner that is accessible to individuals with disabilities and persons who are limited English proficient, consistent with 42 CFR 435.905(b) of this chapter;

(8) Identify the individual and/or entity responsible for monitoring the plan;

(9) Be finalized and agreed to, with the informed consent of the individual in writing, and signed by all individuals and providers responsible for its implementation;

(10) Be distributed to the individual and other people involved in the plan;

(11) Include those services, the purpose or control of which the individual elects to self-direct;

(12) Prevent the provision of unnecessary or inappropriate services and supports;

(13) Document that any modification of the additional conditions, under paragraph (c)(4)(vi)(A) through (D) of 42 CFR 431.301, must be supported by a specific assessed need and justified in the person-centered service plan. [42 CFR 431.301(c)(2)]

[42 CFR 438.114(a)]
