Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes	X	X	X
Participating plans in Program	Banner University Family Care, Molina Complete Care of Arizona, Mercy Care, Arizona Complete Health - Complete Care Plan, Health Choice Arizona, DCS/CHP, Care 1st, UnitedHealthcare	Banner University Family Care (MLTSS), Mercy Care (MLTSS), UnitedHealthcare (MLTSS), DES/Division of Developmental Disabilities (MLTSS)	Care 1st Health Plan RBHA (SMI), Arizona Complete Health - Complete Care Plan RBHA (SMI), Mercy Care RBHA (SMI)
Program notes	Enrollment (voluntary with auto-enrollment) – members have choice and if they do not choose then there are rules for where they are auto-enrolled depending on the program. If an individual does not choose their plan prior to eligibility being determined, they are auto-enrolled in a health plan and given 90 days to choose a different plan. Most members in these groups are mandatorily enrolled, but American Indian/Alaska Native (AI/AN) members of these populations are voluntarily enrolled.	Enrollment (voluntary with auto-enrollment) – members have choice and if they do not choose then there are rules for where they are auto-enrolled depending on the program. If an individual does not choose their plan prior to eligibility being determined, they are auto-enrolled in a health plan and given 90 days to choose a different plan. Most members in these groups are mandatorily enrolled, but AI/AN members of these populations are voluntarily enrolled. Program notes	Effective 01/01/2023, the CCI demonstration ended, Cal MediConnect plans ceased operations, and all MCPs became responsible for covering MLTSS.	Effective 01/01/2023, all MCPs became responsible for covering MLTSS, including the following LTC benefit: SNF, both freestanding and hospital-based SNFs. In addition, plans were required to cover Population Health Management and provide No Wrong Door access for behavioral health services, doula services, and member records as well as provider directories via an API.	Effective 01/01/2023, the CCI demonstration ended, Cal MediConnect plans ceased operations, and all MCPs became responsible for covering MLTSS, including the following LTC benefit: SNF, both freestanding and hospital-based SNFs.	Effective 01/01/2023, SCAN expanded into San Diego County. All benefits and populations covered in their existing contract is now available for that county.	—	DMC plans offer the NEMT benefit.	In Sacramento County only, enrollment into a DMC plan became optional due to the plans not meeting parity with the dental FFS delivery system in accordance with 1915(b) Special Terms and Conditions. The voluntary enrollment was made available to all member categories that were previously enrolled mandatorily.	Effective 01/01/2023, the CCI demonstration ended, Cal MediConnect plans ceased operations, and all MCPs became responsible for covering MLTSS, including the following LTC benefit: SNF, both freestanding and hospital-based SNFs.	—

## Colorado: Managed Care Program Features as of 2023

Features	Accountable Care Collaborative (ACC)	Program of All-Inclusive Care for the Elderly (PACE)
Program type	Primary Care Case Management Entity (PCCM Entity)	Program of All-Inclusive Care for the Elderly (PACE)
Statewide or region-specific?	Statewide	Region-Specific
Federal operating authority	1915(b)	PACE
Program start date	07/01/2018	10/01/1991
Waiver expiration date (if applicable)	09/30/2028	–
If the program ended in 2023, indicate the end date	–	–
Populations enrolled: Low-income adults <u>not covered</u> under ACA Section VIII (excludes pregnant women and people with disabilities)	Mandatory	–
Populations enrolled: Low-income adults <u>covered</u> under ACA Section VIII (excludes pregnant women and people with disabilities)	Mandatory	–
Populations enrolled: Aged, Blind or Disabled Children or Adults	Mandatory	Voluntary
Populations enrolled: Non-Disabled Children (excludes children in foster care or receiving adoption assistance)	Mandatory	–
Populations enrolled: Individuals receiving Limited Benefits (excludes partial duals)	Mandatory	–
Populations enrolled: Full Duals	Mandatory	Voluntary
Populations enrolled: Children with Special Health Care Needs	Mandatory	–
Populations enrolled: Native American/Alaskan Natives	Mandatory	Voluntary
Populations enrolled: Foster Care and Adoption Assistance Children	Mandatory	Exempt
Populations enrolled: Enrollment choice period	Other	Other
Populations enrolled: Enrollment broker name (if applicable)	Maximus Health Services, Inc.	Maximus Health Services, Inc.
Populations enrolled: Notes on enrollment choice period	Beneficiaries are passively enrolled and can choose their primary care provider at any time.	There is no enrollment period; existing Medicaid members that meet the level of care may apply for PACE at any time. Members are enrolled on the first of the month.
Benefits covered: Inpatient hospital physical health	X	X
Benefits covered: Inpatient hospital behavioral health (MH and/or SUD)	X	X

Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes	X	–
Participating plans in Program	Regional Accountable Entity (RAE) 1: Rocky Mountain Health Plans; Denver Health Medicaid Choice (DHMC); RAE 7: Colorado Community Health Alliance; RAE 6: Colorado Community Health Alliance; RAE 5: Colorado Access; RAE 4: Health Colorado, Inc.; RAE 3: Colorado Access; RAE 2: Northeast Health Partners; Rocky Mountain Health Plans (RMHP) PRIME	VOANS (PACE); TRU Community Care (PACE); InnovAge – Thornton (PACE); Total Longterm Care; Rocky Mountain Health Care Services (PACE); InnovAge – Pueblo (PACE); InnovAge – Loveland (PACE); InnovAge – Lakewood (PACE); InnovAge – Aurora (PACE)
Program notes	The Accountable Care Collaborative (ACC) program has seven regional plans called RAEs. The RAEs operate as both PCCM Entity and PIHP program types. The state pays the RAEs a full-risk capitation payment for behavioral health services under the PIHP authority. The RAEs also get an administrative (not risk-based) per member per month payment for functions performed as a PCCM Entity. DHMC and RMHP PRIME both operate under MCO authority and receive a physical health capitation.	–

Participating plans in Program	AmeriHealth Caritas District of Columbia, Amerigroup District of Columbia, MedStar Family Choice - DC	Health Services for Children with Special Needs	UnitedHealthcare Community Plan of District of Columbia	Medical Transportation Management, Inc.	Edenbridge PACE

Features	Medicaid Managed Care Program	Child and Adolescent Supplemental Security Income Program	District Dual Choice	Non-Emergency Medical Transportation	Program of All-Inclusive Care for the Elderly (PACE)
Program notes	<p>Full duals are eligible for enrollment if there is a Medicaid-enrolled dependent child in the household. Nursing facilities are covered by MCO for the first 30 consecutive days.</p> <p>The managed care Pay for Performance (P4P) program is funded through a pre-determined withhold of each MCO's actuarially sound capitation payments during the applicable period of performance. The withhold is generally the established profit margin for each MCO that is factored into the base per member per month payment rate. Actual P4P results are based on MCO experience during a performance year compared to the baseline. The baseline period used to set targets for each performance metric is determined upon implementation of the P4P program. MCOs must meet the minimum threshold for improvement for all three performance measures to earn any portion of the withhold.</p> <p>The P4P program is suspended due to managed care solicitations that have limited successive contract periods and MCOs for effective administration. Department of Health Care Finance (DHCF) plans to reinstitute quality incentive requirements in future years and continues to monitor MCOs' performance, absent any monetary withhold.</p> <p>Effective 10/01/2020 (FY 2021), the District requires managed care enrollment of aged, blind, and disabled adults (age 21+) who are not dually eligible for Medicare. As a result, comprehensive managed care enrollment increased as of this date and NEMT enrollment (which is limited to FFS beneficiaries) decreased.</p>	<p>Aged, blind, or disabled children and adults are eligible up to the age of 26.</p> <p>The DHCF CASSIP contract is a comprehensive managed care program under 1915(a) authority. CASSIP enrollees receive medically necessary services for physical health, behavioral health, nursing home care, Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID), and residential treatment services. Primarily, services are furnished through the EPSDT benefit, as described in 42 USC 1905(a)(4)(B) and 1905(r), 42 CFR 440.40(b) and Subpart B of 42 CFR Part 441, unless otherwise excluded.</p>	<p>The District Dual Choice program is exclusively for dually eligible beneficiaries and aims to better coordinate their Medicare and Medicaid benefits. On 02/01/2022, the District expanded its existing Dual Choice program into a more comprehensive program that integrates Medicare and Medicaid benefits into a single program. The District Dual Choice program is a voluntary program and anyone who is a resident of the District of Columbia, is 21 years of age or older, and has both Medicare and Medicaid coverage may enroll. The District Dual Choice program is renewed each calendar year.</p>	<p>DHCF pays for NEMT only for its FFS members; NEMT for managed care members is paid by the District's Medicaid MCOs for low-income adults and children.</p> <p>Effective 10/01/2020 (FY 2021), the District requires managed care enrollment of aged, blind, and disabled adults (age 21+) who are not dually eligible for Medicare. As a result, comprehensive managed care enrollment increased as of this date and NEMT enrollment (which is limited to FFS beneficiaries) decreased.</p>	<p>The District's first PACE program was launched in March of 2023. PACE covers all Medicare and Medicaid-covered care and services and other services that the PACE team decides are necessary to improve and maintain a beneficiary's health. Individuals can join PACE if they are 55 and older, eligible for nursing home level of care, live in the service area of the PACE organization, and are able to live safely in the community.</p>

## Florida: Managed Care Program Features as of 2023

Program notes	1915(b)/1915(c) waiver authority expires: 03/31/2027	–	–	PACE is an all-inclusive program that provides HCBS and nursing facility services if necessary. Individuals must be 55 years of age or older, at risk for institutionalization, live in a designated PACE service area, and be able to live safely in the community. Enrollment is voluntary.	The CNET program provides non-emergency transportation services to Medicaid enrollees who receive Medicaid state plan services.	The current D-SNP contracts operate under various federal authorities including 42 CFR Part 422, and the Health Insurance Portability and Accountability Act (HIPAA) of 1996. The Agency does not handle D-SNP enrollment. All enrollment functions are handled by D-SNP plans and providers, not the Agency.

Populations enrolled: Enrollment broker name (if applicable)	Gainwell Technologies	Gainwell Technologies	–	–	Gainwell Technologies
Populations enrolled: Notes on enrollment choice period	–	–	Women who are enrolled in the P4HB program are granted a 30-day period to select a Care Management Organization (CMO) of their choice. Effective 01/01/2015, once a woman selects a CMO, she transitions to her selected CMO the day following her CMO selection. If a woman does not select a CMO within the 30-day choice period, she is auto-assigned to a CMO to receive P4HB services based on the Department of Community Health's (DCH) auto-assignment algorithm.	–	Members who are enrolled in Georgia Pathways to Coverage are automatically assigned to a CMO on the 1st of the following month after Pathways eligibility is received, based on DCH's auto-assignment algorithm. After the initial assignment, the member has 90 days to change to another CMO.

Participating plans in Program	Peach State Health Plan, CareSource Georgia, Amerigroup Community Care	Amerigroup Community Care	Peach State Health Plan, CareSource Georgia, Amerigroup Community Care	NEMT	Peach State Health Plan, CareSource Georgia, Amerigroup Community Care

Features	Georgia Families	Georgia Families 360	Planning for Healthy Babies (P4HB)	Non-Emergency Medical Transportation	Georgia Pathways to Coverage
Program notes	Georgia Families is a program that delivers health care services to members of Medicaid and Peach Care for Kids. The program is a partnership between DCH and private CMOs. Georgia Families provides members a choice of health plans, allowing them to select a health care plan that fits their needs.	Georgia Families 360 enrolls children, youth, and young adults in foster care, children and youth receiving adoption assistance, and select youth involved in the juvenile justice system.	-	NEMT services are defined as medically necessary, cost-effective transportation for any eligible Medicaid member (and escort, if required) with no other means of transportation available to any Medicaid-reimbursable service to receive treatment, medical evaluation, obtain prescription drugs or medical equipment. NEMT is a ride-share program, and multiple members may be riding in the same vehicle. To provide the necessary non-emergency medical transportation, DCH utilizes a brokerage system, and it is these two brokers, Modivcare (formerly LogistiCare) and Southeasttrans, who coordinate and provide NEMT services for the state's five regions (North, Atlanta, Central, East and Southwest). NEMT brokers are paid a monthly capitated rate based on the number of eligible Medicaid members residing in their contracted region(s). Transportation services are provided at no cost.	<p>Georgia Pathways was implemented on 07/01/2023. DCH submitted executed copies of contract Amendment #8 (Pathways) to CMS on 11/26/24. It is now pending CMS review and approval.</p> <p>The Georgia Pathways to Coverage program is a Medicaid expansion program with the following requirements:</p> <ul style="list-style-type: none"> <li>• Be a Georgia resident</li> <li>• Be a U.S. citizen or legally residing non-citizen</li> <li>• Be between 19 and 64 years of age</li> <li>• Have a household income of up to 100% of the Federal Poverty Level (FPL)</li> <li>• Complete at least 80 hours of qualifying activities per month</li> <li>• Not qualify for any other type of Medicaid</li> <li>• Not be incarcerated</li> </ul>

Participating plans in Program	YouthCare, Molina Healthcare, Meridian Health, CountyCare Health Plan, Blue Cross Community Health Plans, Aetna Better Health	Blue Cross Community Health Plans, Aetna Better Health, Molina Healthcare, Meridian Health, CountyCare Health Plan

Features	HealthChoice Illinois (HCI)	HealthChoice Illinois - Managed Long Term Services and Supports
Program notes	<p>HealthChoice Illinois (HCI) is a statewide program that was implemented on 01/01/2018. The managed care plans serve the HCI population, including families and children, adults eligible for Medicaid under the ACA; seniors and adults with disabilities who are not eligible for Medicare; enrollees under 1915(c) waivers and receiving Managed Long Term Services and Supports, and special needs children, former youth in care and youth in care. Low-income pregnant women are mandatorily enrolled into the program. Pursuant to 305 ILCS 5/5-30(a) and (h), if an MCO is serving at least 5,000 Seniors and Persons with Disabilities (SPDs) or 15,000 individuals in other populations covered by Illinois Medicaid and has received full risk capitation for at least one year, the MCO is considered eligible for accreditation and shall receive accreditation by the NCQA within two years after the date the MCO became eligible for the accreditation. Pay for Performance (P4P) and Reinvestment (P4R) measures incentivize spending on care that produces positive quality of life outcomes and align with the Department's quality strategies. P4P/P4R measures are ensured by withholding a percentage amount (withhold) from the MCO's capitation rate. The MCOs can earn back the withhold by meeting or exceeding the goals set by the P4P/P4R measures. During this reporting period, the MCOs applied annual Social Determinants of Health workplans identifying targeted interventions and goals based on MCOs analytics. All investment activities include a focus on equity and quality strategies.</p> <p>The HCI managed care program is authorized through 1932(a) of the SSA. The SNC 1915b waiver is authorized through section 1915b of the SSA. The SNC 1915b is on a temporary extension that ends 06/30/2025.</p> <p>Full duals and individuals receiving limited benefits are excluded from HCI enrollment. Regarding low-income adults not covered under ACA Section VIII, Illinois is an expansion state that extends coverage to all adults with incomes below 138% of the FPL, so the coverage gap would not exist in Illinois. All ACA adults in Illinois are eligible for managed care enrollment unless excluded for some other exclusion reason. Low-income adults either covered or not covered under ACA section VIII, are excluded from managed care enrollment. Illinois requires enrollment in the Medicaid Aid to the Aged, Blind and Disabled (AABD) to be eligible for MLTSS, so ACA adults are excluded. Regarding non-disabled children and children with special healthcare needs, Illinois requires that customers be age 21 or older at the time of MLTSS enrollment, so children are excluded. Individuals receiving limited benefits are excluded from MLTSS enrollment.</p>	<p>The MLTSS population includes Medicare-Medicaid eligible adults receiving certain long-term services and supports (LTSS). MLTSS customers receive a combination of LTSS, care coordination, and some mental health and transportation services. The program includes enrollees of multiple 1915(c) waivers, which have different end dates as follows: The current Persons with Disabilities 1915(c) waiver will expire on 06/30/2026; the current Elderly 1915(c) waiver will expire on 09/30/2026; the current Traumatic Brain Injury 1915(c) waiver will expire on 06/30/2027; the current Supportive Living Facility 1915(c) waiver will expire on 09/30/2027; and the current HIV/AIDS 1915(c) waiver will expire on 09/30/2028. Pursuant to 305 ILCS 5/5-30 (a) and (h), if an MCO is serving at least 5,000 SPDs or 15,000 individuals in other populations covered by Illinois Medicaid and has received full-risk capitation for at least one year, the MCO is eligible for accreditation and shall receive accreditation by the NCQA within two years after the date the MCO became eligible for the accreditation. P4P and P4R measures incentivize spending on care that produces positive quality of life outcomes and align with the Department's quality strategies. P4P/P4R measures are ensured by withholding a percentage amount (withhold) from the MCO's capitation rate. The MCOs can earn back the withhold by meeting or exceeding the goals set by the P4P/P4R measures. All investment activities include a focus on equity and quality strategies.</p> <p>Full duals and individuals receiving limited benefits are excluded from HCI enrollment. Regarding low-income adults not covered under ACA Section VIII, Illinois is an expansion state that extends coverage to all adults with incomes below 138% of the FPL, so the coverage gap would not exist in Illinois. All ACA adults in Illinois are eligible for managed care enrollment unless excluded for some other exclusion reason. Low-income adults either covered or not covered under ACA section VIII, are excluded from managed care enrollment. Illinois requires enrollment in the Medicaid AABD to be eligible for MLTSS, so ACA adults are excluded. Regarding non-disabled children and children with special healthcare needs, Illinois requires that customers be age 21 or older at the time of MLTSS enrollment, so children are excluded. Individuals receiving limited benefits are excluded from MLTSS enrollment.</p>

Program notes	Home health and nursing facility care is covered for a short period of time, no more than 100 days under HIP Basic and HIP Plus plan. State plan beneficiaries do not have home health or nursing facility limitations. IMD stays are primarily covered under Indiana's Serious Mental Illness (SMI) waiver. NEMT is covered only for HIP State Plan and HIP Maternity. Chiropractic service is limited to 6 spinal manipulations per year under HIP Plus Plan and 50 units per year under HIP State Plan and HIP Maternity.	Home health and nursing facility care is covered for a short period of time, no more than 30 days. IMD stays are primarily covered under Indiana's SMI waiver.	IMD stays are primarily covered under Indiana's SMI waiver. Nursing facility and home health care are limited to short term needs, up to 60 days from the date of admission.	The PACE SPA was approved with an effective date of 10/1/2012, but Indiana's first PACE program agreement was not effective until 01/01/2015. In 2023, the state saw an expansion to its PACE programs, adding one new plan.

Program notes	<p>Personal care (State Plan option) services are available to enrollees aged 0–20.</p> <p>Mandatory vs. voluntary enrollment for Aged, Blind, or Disabled Children and Adults: Some disabled children can voluntarily opt out.</p>	<p>This is a limited benefit MCO program. Only behavioral health services and NEMT are covered. These enrollees are individuals who receive FFS Medicaid for most of their health services, including physical health services and prescription benefits.</p> <p>The limited benefit MCO program covers BH services for residents in LTC facilities as well as those outside of LTC facilities.</p>	<p>The PIHP is required to report on a single HEDIS measure pertaining to follow-up care after hospitalization for mental illness since program inception.</p>	<p>Adult Intermediate Care Facilities and Intellectual or Developmental Disabilities (ICF/IDD) – program effective 05/01/2023, provides comprehensive dental coverage to Medicaid beneficiaries 21 years of age and older who reside in an ICF/IDD.</p>	<p>Benefits covered -- according to 42 CFR 460.92, the PACE benefit package must include for all participants regardless of source of payment: 1) all Medicare-covered services; 2) all Medicaid covered services (as approved in the state's Medicaid plan); and 3) and other services determined necessary by the participants interdisciplinary team.</p>

Program notes	Services, other than behavioral health and certain primary care services, provided to PCACO Plan enrollees are paid for by MassHealth through FFS directly to providers and not through capitation. Behavioral health services are provided by the Massachusetts Behavioral Health Partnership. Certain primary care services are paid for by the PCACOs as approved by CMS per MA's 1115 waiver. Regarding quality assurance and improvement, MassHealth does not require PCACOs to calculate HEDIS measures but rather calculates select HEDIS and other performance measures using a certified HEDIS vendor. Additionally, MassHealth conducts a CAHPS survey for the PCACOs.	Services, other than behavioral health, provided to PCC Plan enrollees are paid for by MassHealth through FFS directly to providers and not through capitation. Behavioral health services are provided by the Massachusetts Behavioral Health Partnership. Regarding quality assurance and improvement, MassHealth calculates HEDIS and other performance measures using a certified HEDIS vendor. Additionally, MassHealth conducts a CAHPS survey for the PCC Plan.	Private duty nursing is covered under capitation for SKSC population only.	–	Full duals are only enrolled mandatorily if under 21 years of age.	The SCO Program is a voluntary program offered to MassHealth members aged 65 and older residing in the service area of a SCO. The SCO program is available in 12 of the 14 counties in Massachusetts. The SCO program covers all medically necessary Medicaid and Medicare covered services through its provider network. Each enrollee selects a PCP upon enrollment, receives care coordination, and participates in and signs off on the development of his/her care plan. Each SCO is also designated by CMS as a Medicare Advantage Special Needs Plan for individuals dually eligible for Medicare and Medicaid.	The enrollment numbers do not include private pay enrollees, if any.

Features	Comprehensive Health Care Program	Healthy Michigan Plan	Program of All-Inclusive Care for the Elderly (PACE)	Specialty Prepaid Inpatient Health Plan	Healthy Kids Dental	MI Choice
Program notes	Due to a policy change, Medicare eligibles are excluded from the Healthy Michigan Plan. To provide greater access and support coordination of care for behavioral health services, the Michigan Department of Health and Human Services (MDHHS) removed the 20-visit maximum limitation for outpatient behavioral services (psychotherapy services). The restriction is lifted for both FFS and Medicaid health plan beneficiaries effective for dates of service on or after 10/01/2017.	Due to a policy change, Medicare eligibles are excluded from Healthy Michigan Plan. To provide greater access and to support coordination of care of behavioral health services, MDHHS removed the 20-visit maximum limitation for outpatient behavioral services (psychotherapy services). The restriction is lifted for both FFS and Medicaid health plan beneficiaries effective for dates of service on or after 10/01/2017.	Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients. The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage, and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the state administering agency. The Medicaid capitation must be less than the amount that would have been paid under the state plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility. The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid-covered services, as specified in the state's approved Medicaid individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.	7,478 beneficiaries received HCBS as of 07/01/2023. Enrollment choice period varies or is open for another amount of time means that there is no lock-in period for this population.	MDHHS contracts for the administration of the Medicaid dental benefit called Healthy Kids Dental in all 83 counties. The contractor administers the Medicaid dental benefit to all Medicaid beneficiaries under age 21 in the participating counties. Dental services provided through the contractors mimic the dental services provided through the FFS Medicaid program. Medicaid beneficiaries have access to dentists through the contractors' participating dental networks. Beneficiaries must see a dentist who participates with the Healthy Kids Dental contract.	Covers HCBS only. Must be elderly or a disabled adult (at least 18 years of age), meet Nursing Facility Level of Care (NFLOC), and require supports coordination and at least one additional waiver service to qualify.  Attestation is not required, but some plans do this voluntarily.

Participating plans in Program	Show Me Healthy Kids, UnitedHealthcare, Healthy Blue, Home State Health	MTM Transit	New Horizons PACE St. Louis
Program notes	1915(c) waivers are HCBS waivers and provide HCBS.  1915(c) waiver services are not covered under the managed care plans. All 1915(c) waiver services are carved out. Home health services provided through managed care are limited to 100 visits per year and are intended to be covered for a short term.	Missouri's NEMT broker, MTM, only covers NEMT services for FFS participants and carves out mental health services. For Missouri managed care participants, the three general plans (Home State Health, UnitedHealthcare, and Healthy Blue) and the Show Me Healthy Kids Specialty Plan (Home State Health) provide NEMT services that are covered under their own contracts with MTM.	PACE is an all-inclusive program; therefore, the only services not included in the "benefits covered" section are those that CMS has specific definitions for that require authority outside of PACE.

Participating plans in Program	Blue Cross Blue Shield of NM; Presbyterian Health Plan, Inc.; Western Sky Community Care, Inc.	Total Community Care dba as InnovAge greater NM PACE
Program notes	–	Under the authority of sections 1894 and 1934 of the Social Security Act, PACE organizations provide pre-paid, capitated, comprehensive health care services to frail elders. To be eligible to enroll, individuals must be 55 years of age or older, be determined by the state administering agency to need a nursing facility level of care and reside in the service of a PACE organization. At the time of enrollment, an individual must be able to live in a community setting without jeopardizing his or her health or safety. Enrollment is voluntary and is not restricted to individuals who are Medicare beneficiaries and/or Medicaid recipients. The PACE organization receives a prospective monthly payment for each Medicare participant based on a rate similar to the rate paid to Medicare Advantage, and a prospective monthly payment for each Medicaid participant that is negotiated between the PACE organization and the state administering agency. The Medicaid capitation must be less than the amount that would have been paid under the state plan if the individuals were not enrolled in PACE. PACE organizations may charge a premium to individuals who do not have Medicaid eligibility. The PACE benefit package for all participants, regardless of the source of payment, must include all Medicaid covered services, as specified in the state's approved Medicaid plan, all Medicare covered services, and other services determined necessary by the interdisciplinary team to improve and maintain the individual's overall health status. While enrolled in a PACE program, the participant must receive all Medicare and Medicaid benefits solely through the PACE organization.

Features	Medicaid Managed Care (MMC)	PACE	Health and Recovery Plans (HARPs)	Medicaid Advantage Plus (MAP)	Managed Long Term Care (MLTC)	FIDA-IDD
Program notes	Effective 07/01/2019, partial hospitalization is applicable to eligible children under age 21 as well as adults aged 21 and over. Fidelis Care covers emergency and non-emergency transportation in Rockland County only. MMC includes children's HCBS authorized under the state's 1915(c) Children's waiver and 1115 MRT waiver.	Waiver Expiration Date not applicable; PACE is a joint state/federal program. In regard to waiver authority, the state uses the 1115 waiver authority to enhance the PACE program, but it is not a demonstration. Enrollment includes both full and partial dually eligibles, as well as qualified and specified low income (QMB/SLMB) Medicare Support programs, must be 55 years of age or older. PACE has a comprehensive mandate to cover all services deemed necessary by IDT. Covered Benefits include non-hospice palliative care. GYN is mandated with a minimum age of 55 years. Quality Incentive is a plan performance incentive. It is comprised of measures of satisfaction, quality, compliance and efficiency which equate to points. A financial incentive payment is made to plans achieving a score at or above the thresholds.	The covered benefit partial hospitalization only applies to enrollees 21 years of age and older. CMS has approved HCBS within the HARP program under 1115(a) authority. Nursing Home stays are for short term stays only. Long-term stays are excluded from HARPs.	In regard to waiver authority, the state uses the 1115 waiver authority to enhance the MAP program, but it is not a demonstration. Quality Incentive is a plan performance incentive. It is comprised of measures of satisfaction, quality, compliance, and efficiency which equate to points. A financial incentive payment is made to plans achieving a score at or above the thresholds.	Some, but not all, HCBS waiver services are covered by MLTC plans. 1115 waiver authority is used to enhance the MLTC program, but it is not a demonstration. Quality Incentive is a plan performance incentive. It is comprised of measures of satisfaction, quality, compliance, and efficiency which equate to points. A financial incentive payment is made to plans achieving a score at or above the thresholds.	-

Participating plans in Program	ND Medicaid Expansion	Primary Care Case Management	Program of All-Inclusive Care for the Elderly
Program notes	For the state to provide Medicaid Expansion MCO through private carriers including mandatory enrollment, an initial 1915(b) waiver allowing managed care enrollment of the new adult group for Medicaid expansion was submitted to CMS with authority granted. The 1915(b) waiver renewal was submitted to CMS for 2016-2017 and 2018-2019 with authority granted. In addition, CMS granted initial authority through an 1115 waiver to ensure compliance as related to having one health plan choice for those Medicaid Expansion recipients in urban areas of the state. CMS extended this 1115 waiver authority until such time that the Final Medicaid Managed Care rules were published on 05/06/2016 - with the changes noted at 42 CFR 438.52(b)(1) and (b)(3) the 1115 waiver was no longer needed thus it was allowed to expire. Per the Medicare Advantage Health Service Delivery (HSD) Reference file for the applicable calendar year, ND no longer has any counties designated as being urban; therefore, the state may limit rural area residents to a single MCO.	–	–

CareSource; Buckeye Community Health Plan; Aetna; UnitedHealthcare Community Plan of Ohio, Inc.; Molina Healthcare of Ohio, Inc.	McGregor PACE

Features	Ohio Medicaid Managed Care Program	MyCare Ohio Opt-Out Program	Ohio Program of All-Inclusive Care for the Elderly (Ohio PACE)
Program notes	<p>Ohio Medicaid divides Ohio's 88 counties into three regions for administrative purposes and requires participating managed care plans to provide services to individuals on a statewide basis (e.g., in all three regions). However, on 07/01/2021, Paramount Advantage was only providing services in two regions (Northeast &amp; West). Ohio Medicaid allowed Paramount Advantage to terminate service delivery in the Central/Southeast region effective 07/01/2020.</p>	<p>Regarding mandatory enrollment, the individuals that must enroll are full duals who are age 18 or older and this includes children in foster care and children receiving adoption assistance who are duals and age 18 and older.</p>	<p>Regarding coverage of HCBS, Ohio has chosen to offer the same covered benefits in the PACE program that are available to individuals enrolled on a 1915(c) waiver to better ensure the assessed needs of individuals with an intermediate level of care are met, and better promote the health and welfare of PACE participants.</p>

Providence Elder Place, AllCare PACE
Program notes	<p>Oregon transitioned from using Fully Capitated Health Plans to CCOs in 2013. As authorized under an 1115 waiver demonstration Oregon's delivery system has transitioned from using Managed Care Entities (MCEs) known as Fully Capitated Health Plans, Dental Care Organizations (DCOs), and Mental Health Organizations to CCOs beginning in August 2012. Initially, CCOs were required to provide both medical and behavioral health services (formerly provided under different MCEs). As of 2014 CCOs have a formal contractual relationship with any DCO in its service area.</p> <p>CCOs are located throughout the state. Most eligibility groups are mandatorily enrolled, including the ACA newly eligible adult population. The AI/AN population must opt in to be enrolled in a CCO. OHA also transitioned NEMT from the 1915(b) waiver authority to the 1115 Demonstration for both coordinated care and FFS beneficiaries.</p>	<p>The PACE coordinator is: Cindy Susee, APD PACE Coordinator, 971-345-1168 or you can contact the following:</p> <p>Department of Human Services Aging and People with Disabilities PACE Coordinator 1-844-224-7223.</p>

Features	Adult Community Autism Program (ACAP)	Medical Assistance Transportation Program (MATP)	Behavioral Health HealthChoices	Living Independence for the Elderly (LIFE)	Community HealthChoices (CHC)	Physical Health HealthChoices
Program notes	ACAP is a PIHP with MLTSS.	–	1115(a) authority is for Residential Drug and Alcohol services. 09/30/2027 is the waiver expiration date for 1115(a). Prescription drug coverage is Methadone only.	PACE programs cover specialists of all disciplines as needed. PACE does not operate under a waiver. There is no limitation to scope or duration for services.	Populations enrolled - participants go through choice counseling at initial enrollment and can change their plan at any time.	Full duals under 21 years of age are mandatory.  Full duals over 21 years of age and older without Medicare Part D, are mandatory in PH HealthChoices.  Full duals over 21 years of age and older with Part D, are transitioned from PH HealthChoices to Community HealthChoices (CHC). Individuals enrolled in PH HealthChoices can change their plans at any time. Individuals in PH HealthChoices that go into a nursing facility are evaluated for long-term care and moved to CHC if long-term care is necessary. Also, personal care and shift nursing services are provided to kids under EPSDT.

Features	Program of All-Inclusive Care for the Elderly	TennCare III
Performance incentives: Withholds tied to performance metrics	–	X
Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes	–	X
Participating plans in Program	Alexian Brothers Community Services	UnitedHealthcare Community Plan, OptumRx, DentaQuest USA Insurance Company, Amerigroup, Volunteer State Health Plan (TennCare Select), Volunteer State Health Plan (BlueCare)
Program notes	<p>CLARIFICATION CONCERNING "FEDERAL OPERATING AUTHORITY" SECTION: A segment of Tennessee's PACE population qualifies for coverage solely by virtue of the TennCare III demonstration (Tennessee's 1115 Medicaid demonstration waiver) and not via Tennessee's Medicaid state plan. TennCare III has a demonstration-only population referred to as the "PACE Carryover Group", which consists of individuals who were enrolled in a PACE program as of 06/30/2012, but who upon redetermination no longer qualify for enrollment due solely to the state's modification of its nursing facility level of care criteria.</p> <p>ADDITIONAL INFORMATION FOR "ENROLLMENT" TAB:</p> <ul style="list-style-type: none"> <li>Individuals enroll in the PACE program voluntarily, but once enrolled, are required to participate in managed care. There is no "FFS" option for PACE services. Individuals who enroll in TennCare but opt not to participate in PACE are mandatorily enrolled in an MCO.</li> <li>The category of "Aged, Blind, or Disabled Children and Adults" has been checked because PACE applicants and recipients must meet the nursing facility level of care criteria (i.e., be disabled) to qualify for the program. It should be noted that children may not qualify for PACE, since they do not meet the requirement that recipients must be age 55 or older.</li> </ul> <p>ADDITIONAL INFORMATION FOR "QUALITY ASSURANCE" TAB: Tennessee's PACE program complies with all quality assessment and performance improvement requirements outlined in federal regulation (42 CFR Part 460 Subpart H).</p> <p>ADDITIONAL INFORMATION FOR "PERFORMANCE INCENTIVES" TAB: The contract between TennCare and Alexian Brothers Community Services does provide for liquidated damages to be assessed on Alexian Brothers if provisions of the contract are not fulfilled.</p>	<p>ADDITIONAL INFORMATION FOR "BENEFITS COVERED" TAB:</p> <ul style="list-style-type: none"> <li>TennCare covers services only when they are determined to be medically necessary.</li> <li>TennCare MCOs are required to contract with at least one rural health clinic and one FQHC in each service area. TennCare's SSA Section 1945-authorized health home program (named "Tennessee Health Link") became effective on 01/01/2017. Tennessee Health Link provides health home services to adults and children with severe and persistent mental illness and/or emotional disturbances through TennCare's MCOs.</li> <li>Prior to 01/01/2023, dental services (preventive, diagnostic, and treatment) were available to TennCare enrollees under age 21, and to pregnant and postpartum women age 21 and older. Other enrollees ages 21 and older were not entitled to dental services except the EMTALA screening and treatment of an emergency medical condition when an enrollee presented to an Emergency Department with a dental problem. This policy changed on 01/01/2023, when TennCare began covering dental services for all adult enrollees.</li> <li>HCBS waiver services are available to members of TennCare CHOICES (TennCare's program of long-term services and supports for individuals who are elderly or who have physical disabilities), and to members of TennCare Employment and Community First CHOICES (TennCare's program of long-term services and supports for individuals who have intellectual or developmental disabilities). Both programs were approved by CMS as part of TennCare's 1115 Medicaid demonstration waiver to ensure that long-term services and supports are fully integrated with the physical health services and behavioral health services delivered to enrollees by TennCare's managed care organizations.</li> <li>Nursing facility services are available to members of TennCare CHOICES.</li> <li>On 01/01/2022, TennCare began covering chiropractic services as medically necessary for adult enrollees (prior to that date, chiropractic services had been</li> </ul>

Features	Program of All-Inclusive Care for the Elderly	TennCare III
		<p>covered as medically necessary only for children under age 21.)</p> <ul style="list-style-type: none"> <li>Effective 04/01/2022, TennCare began providing 12 months of postpartum coverage, whereas previously TennCare had provided approximately 60 days of postpartum coverage.</li> <li>Effective 06/01/2023, TennCare began covering lactation support services as medically necessary for TennCare enrollees.</li> <li>The "ICF-IDD" box has not been checked because such services are reimbursed outside the TennCare III demonstration (even though recipients of the benefit are still enrolled in managed care for other benefits).</li> </ul> <p><b>ADDITIONAL INFORMATION FOR "ENROLLMENT" TAB:</b></p> <ul style="list-style-type: none"> <li>TennCare does not cover any populations that could be characterized as "individuals receiving limited benefits," since all enrollees are provided a comprehensive package of health care benefits. Individuals eligible for coverage solely by virtue of the TennCare III demonstration are not entitled to certain state plan services but still receive a wide range of physical health services, behavioral health services, and long-term services and supports. Members of the Medicaid Diversion group receive limited benefits, but they are not considered TennCare enrollees.</li> <li>Both partial duals and members of the Medicaid Diversion group do not qualify for TennCare and, therefore, are not enrolled in a TennCare MCO.</li> </ul> <p><b>ADDITIONAL INFORMATION FOR "ENROLLMENT - SP. POPS &amp; OTHER OPTIONS" TAB:</b></p> <ul style="list-style-type: none"> <li>Regarding "Native American / Alaskan Native" enrollment, Tennessee does not have any federally recognized Indian tribes and, therefore, does not have a separate enrollment process for Native Americans or Alaskan Natives.</li> <li>In reference to the "Enrollment Choice Period", individuals newly approved for TennCare are pre-assigned to an MCO but have a 90-day period in which they may transfer to a different MCO without cause. (Prior to 07/01/2019, this transfer period was only 45 days long.)</li> </ul> <p><b>ADDITIONAL INFORMATION FOR "PLANS" TAB:</b> As of 07/01/2023, most TennCare members were enrolled in more than one of the six plans identified, i.e., one MCE for physical health services, behavioral health services, and long-term services and supports; a second MCE for pharmacy benefits; and a third MCE for dental benefits.</p>

Participating plans in Program	Molina Integrated, Health Choice Integrated, Select Health Integrated, Healthy U Integrated	HOME	Modivcare	Healthy U, Molina, Health Choice, Select Health	Davis Behavioral Health, Central Utah Counseling Center, Four Corners Community Behavioral Health, Healthy U Behavioral Health, Northeastern Counseling Center, Salt Lake County Division of Behavioral Health Services, Southwest Behavioral Health Center, Wasatch Behavioral Health, United Behavioral Health, Weber Human Services, Bear River Mental Health	MCNA Dental, Premier Access

Features	Utah Medicaid Integrated Care	UNI HOME	Transportation	Choice of Health Care Delivery	Prepaid Mental Health	Dental
Program notes	<p>Medicaid integration pilot program set up for Medicaid Expansion</p> <p>Adults in Salt Lake, Utah, Davis, Weber, and Washington counties.</p> <p>Enrollment is mandatory for eligible individuals.</p> <p>Enrollees will be provided with both physical and behavioral health services. They will not enroll in a separate Prepaid Mental Health Plan.</p> <p>Individuals may only enroll in one MCO program. For example, if an individual is enrolled under the Utah Medicaid Integrated Care, they may not also be enrolled in Choice of Health Care Delivery program, and vice-versa.</p>	<p>1915(a) is the operating authority.</p> <p>Individuals may only enroll in one MCO program. For example, if an individual is enrolled under the Choice of Health Care Delivery, they may not also be enrolled in UNI HOME, and vice-versa.</p>	–	<p>Each of the enrollment subgroups can be voluntarily or mandatorily enrolled, depending on the county where they reside. 13 counties have mandatory enrollment, and 16 have voluntary enrollment. Mandatory enrollment is required in the following 13 counties: Box Elder, Cache, Davis, Iron, Morgan, Rich, Salt Lake, Summit, Tooele, Utah, Wasatch, Washington, and Weber. All other counties are voluntary enrollment in the plans.</p> <p>Individuals may only enroll in one MCO program. For example, if an individual is enrolled under the Choice of Health Care Delivery, they may not also be enrolled in UNI HOME or an Integrated Plan, and vice-versa.</p>	–	<p>Pregnant women are an enrollment group covered by Dental. The only other options available to select (Low Income Adults) excluded pregnant women. Only Foster Care children are exempt from Dental PAHP enrollment. Those qualifying for subsidized adoption are mandatorily enrolled in a Dental PAHP.</p>

Participating plans in Program	PACE	Multiple Sites	UnitedHealthcare, Molina Health Care of Washington, Community Health Plan, Coordinated Care of Washington, Amerigroup	Coordinated Care of Washington, Community Health Plan of Washington, Amerigroup, UnitedHealthcare, Molina Health Care	Multiple Primary Care Providers
Program notes	<p>State-level MLTSS enrollment data is restricted to users of those services, not total enrollees in the program that cover LTSS, and does not include services received under a PACE Program.</p> <p>There are three PACE providers - Providence Elderplace located in King, Spokane, and Snohomish counties; International Community Health Services, only located in King County; and Pacific Northwest PACE Partners, located in Pierce and King counties.</p>	<p>Washington delivers the optimal Health Home Medicaid/Medical Benefit both in the FFS system and through MCOs. For individuals in Comprehensive MCOs, the MCOs are at risk for health home services plus a broad array of benefits including inpatient, outpatient, physician services, pharmacy, etc.</p> <p>For individuals in PCCMs, MCOs administer health home services separate from the PCCM program.</p>	<p>Please note, nursing home care under managed care coverage would be for rehabilitation care only; custodial care is covered under FFS and not a benefit under managed care.</p>	<p>Clients who have factors that disqualify them for Integrated Health Care and need behavioral health services will fall under this service.</p>	<p>Indian Health Services administers this program through three service units: Colville Service Unit, Wellpinit Service Unit and Yakama Service Unit. Two FQHCs participate in this program: Seattle Indian Health Board and NATIVE Project of Spokane. Seven Tribes participate in this program: Confederated Tribes of the Colville Indian Reservation (through the Lake Roosevelt Community Health Centers for the half of the reservation that is outside of the Indian Health Service Colville Service Unit Service Area), lower Elwha Clallam Tribe, Lummi Nation, Nooksack Tribe, Puyallup Tribe, Quinault Indian Nation, and Shoalwater Bay Tribe.</p>

Performance incentives: Public reports comparing plan performance on key metrics	–
Performance incentives: Withholds tied to performance metrics	–
Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes	–
Participating plans in Program	CME Statewide
Program notes	The Children's Mental Health Waiver operates under a 1915(c) waiver. The CME operates under a 1915(b) waiver; the state has been operating the programs as a 1915(b)/(c) combo, but they are discrete functions. Not all children on the 1915(b) (CME) are receiving HCBS-like services but instead are receiving enhanced wraparound mental health care services. The CME operates as a PAHP, and although it is labeled in this report as a BHO, it does not provide any patient-direct behavioral health services.
