Dear Greg Woods:

In accordance with 42 CFR 438.6(c), the Centers for Medicare & Medicaid Services (CMS) has reviewed and is approving New Jersey's submission of a proposal for a state directed payment (SDP) under Medicaid managed care plan contract(s). The proposal was received by CMS on April 1, 2025, and a final revised preprint was received on November 14, 2025. The proposal has a control name of NJ_Fee_IPH.OPH1_Renewal_20250701-20260630.

CMS has completed our review of the following Medicaid managed care SDP(s):

- Uniform increase for inpatient and outpatient hospital services provided by Burlington County hospitals for the rating period covering July 1, 2025 through June 30, 2026, incorporated in the capitation rates through a separate payment term amount of up to \$161,590,174

This letter satisfies the regulatory requirement in 42 CFR 438.6(c)(2) for SDPs described in 42 CFR 438.6(c)(1). This letter pertains only to the actions identified above and does not apply to other actions currently under CMS's review. This letter does not constitute approval of any specific Medicaid financing mechanism used to support the non-federal share of expenditures associated with these actions. All relevant federal laws and regulations apply. CMS reserves its authority to enforce requirements in the Social Security Act and the applicable implementing regulations.

Based on CMS's preliminary determination, this SDP proposal likely qualifies for the temporary grandfathering period in section 71116(b) of Public Law 119-21 (hereinafter referred to as "section 71116"). CMS acknowledges that this determination is preliminary in nature and policies will be finalized as part of notice and public comment rulemaking. CMS will enforce all federal requirements, including section 71116, and CMS's assessment may be revised if further information is identified that alters the initial assessment.

Until the phase down required by section 71116 begins, the total dollar amount of a grandfathered SDP (as specified in item 4 of the current SDP preprint form) cannot increase and a state cannot increase this total dollar amount under any change or revision to the grandfathered SDP, including an amendment to the SDP, or subsequent renewal of this SDP for a future rating period. For rating periods beginning on or after January 1, 2028, grandfathered SDPs must comply with the specified phase down requirements.

The state is required to submit contract action(s) and related capitation rates that include all SDPs, including those that do not require written prior approval as specified in 42 CFR 438.6(c)(2)(i). Additionally, all SDPs must be addressed in the applicable rate certifications.

CMS recommends that states share this letter and the preprint(s) with the certifying actuary. Documentation of all SDPs must be included in the initial rate certification as outlined in Section I, Item 4, Subsection D, of the [Medicaid Managed Care Rate Development Guide](#). The state and its actuary must ensure all documentation outlined in the Medicaid Managed Care Rate Development Guide is included in the initial rate certification. Failure to provide all required documentation in the rate certification will cause delays in CMS review.

Approval of this SDP proposal for the applicable rating period does not preclude CMS from requesting additional materials from the state, revision to the SDP proposal design, or any other modifications to the proposal for this rating period or future rating periods, if CMS determines that such modifications are required for the state to meet relevant federal requirements.

If you have any questions concerning this letter, please contact StateDirectedPayment@cms.hhs.gov.

Sincerely,

John Giles

Dear Mr. Woods:

The Centers for Medicare & Medicaid Services (CMS) is providing this letter as a companion to the approval of New Jersey's submission of Medicaid managed care state directed payment (SDP) preprints¹ for the rate year July 1, 2025 - June 30, 2026. CMS is concerned that the state's use of revenues derived from certain health care-related taxes as a source of non-federal share for payments under these preprints may not comply with certain requirements in section 1903(w)(4) of the Social Security Act (the Act) and implementing regulations in 42 CFR § 433.68(f)(3).

New Jersey's County Option Hospital Fee Program involves county-imposed health care-related taxes that appear broad-based and uniform and that fund the non-federal share of individual county-specific SDP reimbursement methodologies. In all counties associated with these preprints², CMS's analysis showed that taxpaying providers received at least 100 percent of the tax cost back through increased Medicaid payments funded by the tax. The payment methodologies outlined in the preprints vary tremendously by county. For example, some counties have per inpatient day or discharge add-ons around \$3,800, while others are paid as high as \$24,000 per inpatient day. These county variances raise concerns whether the payment methodologies may be structured in a manner that functions to hold taxpayers harmless for the cost of the tax.

As articulated to the state in an April 30, 2026 email, as currently structured, CMS is concerned that the state's proposed non-federal source may not comply with federal law and regulations. Specifically, the county-based health care-related taxes that finance these SDPs raise concerns under the hold harmless requirements of the Act and implementing regulations. Section 1903(w)(4)(C) of the Act and implementing regulations at 42 CFR § 433.68(b)(3) and (f) prohibit arrangements in which a state or other unit of government provides for a payment,

offset, or waiver that directly or indirectly guarantees to hold taxpayers harmless for all or any portion of their tax costs.

Specifically, section 1903(w)(4)(C) of the Act provides that a hold harmless provision exists where “the state or other unit of government imposing the tax provides (directly or indirectly) for any payment, offset, or waiver that guarantees to hold taxpayers harmless for any portion of the costs of the tax.” Implementing regulations at 42 CFR § 433.68(f)(3) further provide that a hold harmless arrangement exists where “the state (or other unit of government) imposing the tax provides for any direct or indirect payment, offset, or waiver such that the provision of the payment, offset or waiver directly or indirectly guarantees to hold taxpayers harmless for all or any portion of the tax amount.” In discussing the application of this provision, CMS explained in the preamble to the 2008 final rule amending the above referenced regulation that “[a] direct guarantee will be found when a state payment is made available to a taxpayer or a party related to the taxpayer in the reasonable expectation that the payment would result in the taxpayer being held harmless for any part of the tax,” 73 Federal Register 9694-9695 (Feb. 22, 2008) (confirming proposed rule preamble statement in 72 Federal Register 13730 (Mar. 23, 2007)).

Within a letter dated May 21, 2026, New Jersey outlined a commitment to working with CMS to make modifications to the program necessary to address CMS’s concerns effective October 1, 2026. Given the state’s commitment and the fact that this program has been in place for periods prior to this preprint, CMS concurs with the next steps outlined in the letter, including approving these preprints, working with New Jersey on preprints covering the period July 1, 2026 through September 30, 2026, and establishing a working team to expeditiously address CMS’s hold harmless concerns.

Consistent with this approach, CMS is providing this letter as a companion to the SDP preprint approvals, to convey our concurrence with the steps outlined in your letter. We further wish to reiterate our concerns regarding the interaction of the county-imposed taxes and associated SDP payment methodologies within the eight counties, as well as CMS’s expectation that New Jersey will work with CMS to address these concerns prospectively to resolve our concerns effective not later than October 1, 2026.

CMS takes its responsibility for financial oversight of the Medicaid program seriously to ensure its long-term health and financial stability. CMS remains committed to ensuring that the non-federal share of Medicaid expenditures complies with all applicable federal requirements, including those related to health care-related taxes in section 1903(w)(4) of the Act and federal regulations at 42 CFR § 433.68(f) (3). Should the state not take appropriate action to address CMS’s concerns and ensure prospective compliance effective not later than October 1, 2026, CMS may initiate a deferral or disallowance of federal financial participation, consistent with section 1903(w)(1)(A)(iii) of the Act.

CMS appreciates the state's partnership on the issues outlined in this letter and is committed to providing technical assistance regarding these issues. Should you require further details or have any questions regarding this matter, please contact taxwaiver@cms.hhs.gov.

Sincerely,

Section 438.6(c) Preprint

42 C.F.R. § 438.6(c) provides States with the flexibility to implement delivery system and provider payment initiatives under MCO, PIHP, or PAHP Medicaid managed care contracts (i.e., state directed payments). 42 C.F.R. § 438.6(c)(1) describes types of payment arrangements that States may use to direct expenditures under the managed care contract. Under 42 C.F.R. § 438.6(c)(2)(ii), contract arrangements that direct an MCO's, PIHP's, or PAHP's expenditures under paragraphs (c)(1)(i) through (c)(1)(ii) and (c)(1)(iii)(B) through (D) must have written approval from CMS prior to implementation and before approval of the corresponding managed care contract(s) and rate certification(s). This preprint implements the prior approval process and must be completed, submitted, and approved by CMS before implementing any of the specific payment arrangements described in 42 C.F.R. § 438.6(c)(1)(i) through (c)(1)(ii) and (c)(1)(iii)(B) through (D). Please note, per the 2020 Medicaid and CHIP final rule at 42 C.F.R. § 438.6(c)(1)(iii)(A), States no longer need to submit a preprint for prior approval to adopt minimum fee schedules using State plan approved rates as defined in 42 C.F.R. § 438.6(a).

Submit all state directed payment preprints for prior approval to:
StateDirectedPayment@cms.hhs.gov.

- c.** Describe how will the uniform increase be paid out by plans (e.g., upon processing the initial claim, a retroactive adjustment done one month after the end of quarter for those claims incurred during that quarter).
- d.** Describe how the increase was developed, including why the increase is reasonable and appropriate for network providers that provide a particular service under the contract

SECTION III: PROVIDER CLASS AND ASSESSMENT OF REASONABLENESS

20. In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(B), identify the class or classes of providers that will participate in this payment arrangement by answering the following questions:

 - ☐ Other:
- b.** Please define the provider class(es) (if further narrowed from the general classes indicated above).

- c. Provide a justification for the provider class defined in Question 20b (e.g., the provider class is defined in the State Plan.) If the provider class is defined in the State Plan, please provide a link to or attach the applicable State Plan pages to the preprint submission. Provider classes cannot be defined to only include providers that provide intergovernmental transfers.
21. In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(B), describe how the payment arrangement directs expenditures equally, using the same terms of performance, for the class or classes of providers (identified above) providing the service under the contract.
22. For the services where payment is affected by the state directed payment, how will the state directed payment interact with the negotiated rate(s) between the plan and the provider? Will the state directed payment:
- a. ☐ Replace the negotiated rate(s) between the plan(s) and provider(s).
 - b. ☐ Limit but not replace the negotiated rate(s) between the plans(s) and provider(s).
 - c. ☐ Require a payment be made in addition to the negotiated rate(s) between the plan(s) and provider(s).
23. For payment arrangements that are intended to require plans to make a payment in addition to the negotiated rates (as noted in option c in Question 22), please provide an analysis in Table 2 showing the impact of the state directed payment on payment levels for each provider class. This provider payment analysis should be completed distinctly for each service type (e.g., inpatient hospital services, outpatient hospital services, etc.). This should include an estimate of the base reimbursement rate the managed care plans pay to these providers as a percent of Medicare, or some other standardized measure, and the effect the increase from the state directed payment will have on total payment. *Ex: The average base payment level from plans to providers is 80% of Medicare and this SDP is expected to increase the total payment level from 80% to 100% of Medicare.*
- If the state needs more space, please use Addendum 2.A and check this box:

Please note, states and actuaries should consult the most recent [Medicaid Managed Care Rate Development Guide](#) for how to document state directed payments in actuarial rate certification(s). The actuary's certification must contain all of the information outlined; if all required documentation is not included, review of the certification will likely be delayed.)

c. If not currently captured in the State's actuarial certification submitted to CMS, note that the regulations at 42 C.F.R. § 438.7(b)(6) requires that all state directed payments are documented in the State's actuarial rate certification(s). CMS will not be able to approve the related contract action(s) until the rate certification(s) has/have been amended to account for all state directed payments. Please provide an estimate of when the State plans to submit an amendment to capture this information.

 - b. ☐ Separate payment term(s) which are captured in the applicable rate certification(s) but paid separately to the plans from the monthly base capitation rates paid to plans.
 - c. ☐ Other, please describe:
- 32.** States should incorporate state directed payment arrangements into actuarial rate certification(s) as an adjustment applied in the development of the monthly base capitation rates paid to plans as this approach is consistent with the rate development requirements described in 42 C.F.R. § 438.5 and consistent with the nature of risk-based managed care. For state directed payments that are incorporated in another manner, particularly through separate payment terms, provide additional justification as to why this is necessary and what precludes the state from incorporating as an adjustment applied in the development of the monthly base capitation rates paid to managed care plans.
- 33.** ☐ In accordance with 42 C.F.R. § 438.6(c)(2)(i), the State assures that all expenditures for this payment arrangement under this section are developed in accordance with 42 C.F.R. § 438.4, the standards specified in 42 C.F.R. § 438.5, and generally accepted actuarial principles and practices.

SECTION VI: FUNDING FOR THE NON-FEDERAL SHARE

- c.** Provide information or documentation regarding any written agreements that exist between the State and healthcare providers or amongst healthcare providers and/or related entities relating to the non-federal share of the payment arrangement. This should include any written agreements that may exist with healthcare providers to support and finance the non-federal share of the payment arrangement. Submit a copy of any written agreements described above.

36. For any state directed payments funded by provider taxes/assessments (option c in Question 34),

- a.** Provide the following (respond to each column for all entries). If there are more entries than space in the table, please provide an attachment with the information requested in the table.

37. For any state directed payments funded by **provider donations (option d in Question 34)**, please answer the following questions:

- a.** Is the donation bona-fide? ☐ Yes ☐ No
- b.** Does it contain a hold harmless arrangement to return all or any part of the donation to the donating entity, a related entity, or other provider furnishing the same health care items or services as the donating entity within the class?
☐ Yes ☐ No

38. ☐ **For all state directed payment arrangements**, use the checkbox to provide an assurance that in accordance with 42 C.F.R. § 438.6(c)(2)(ii)(E), the payment arrangement does not condition network provider participation on the network provider entering into or adhering to intergovernmental transfer agreements.

SECTION VII: QUALITY CRITERIA AND FRAMEWORK FOR ALL PAYMENT ARRANGEMENTS

- 39.** ☐ Use the checkbox below to make the following assurance, “In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(C), the State expects this payment arrangement to advance at least one of the goals and objectives in the quality strategy required per 42 C.F.R. § 438.340.”
- 40.** Consistent with 42 C.F.R. § 438.340(d), States must post the final quality strategy online beginning July 1, 2018. Please provide:
- a.** A hyperlink to State’s most recent quality strategy:
 - b.** The effective date of quality strategy.
- 41.** If the State is currently updating the quality strategy, please submit a draft version, and provide:
- a.** A target date for submission of the revised quality strategy (month and year):
 - b.** Note any potential changes that might be made to the goals and objectives.

Note: The State should submit the final version to CMS as soon as it is finalized. To be in compliance with 42 C.F.R. § 438.340(c)(2) the quality strategy must be updated no less than once every 3-years.

- 42.** To obtain written approval of this payment arrangement, a State must demonstrate that each state directed payment arrangement expects to advance at least one of the goals and objectives in the quality strategy. In the Table 7 below, identify the goal(s) and objective(s), as they appear in the Quality Strategy (include page numbers), this payment arrangement is expected to advance. If additional rows are required, please attach.

- 43.** Describe how this payment arrangement is expected to advance the goal(s) and objective(s) identified in Table 7. If this is part of a multi-year effort, describe this both in terms of this year's payment arrangement and in terms of that of the multi-year payment arrangement.

44. Please complete the following questions regarding having an evaluation plan to measure the degree to which the payment arrangement advances at least one of the goals and objectives of the State's quality strategy. To the extent practicable, CMS encourages States to utilize existing, validated, and outcomes-based performance measures to evaluate the payment arrangement, and recommends States use the [CMS Adult and Child Core Set Measures](#), when applicable.

- a.** ☐ In accordance with 42 C.F.R. § 438.6(c)(2)(ii)(D), use the checkbox to assure the State has an evaluation plan which measures the degree to which the payment arrangement advances at least one of the goals and objectives in the quality strategy required per 42 C.F.R. § 438.340, and that the evaluation conducted will be *specific* to this payment arrangement. *Note:* States have flexibility in how the evaluation is conducted and may leverage existing resources, such as their 1115 demonstration evaluation if this payment arrangement is tied to an 1115 demonstration or their External Quality Review validation activities, as long as those evaluation or validation activities are *specific* to this payment arrangement and its impacts on health care quality and outcomes.

- b.** Describe how and when the State will review progress on the advancement of the State's goal(s) and objective(s) in the quality strategy identified in Question 42. For each measure the State intends to use in the evaluation of this payment arrangement, provide in Table 8 below: 1) the baseline year, 2) the baseline statistics, and 3) the performance targets the State will use to track the impact of this payment arrangement on the State's goals and objectives. Please attach the State's evaluation plan for this payment arrangement.

1. If the State will deviate from the measure specification, please describe here. If a State-specific measure will be used, please define the numerator and denominator here. Additionally, describe any planned data or measure stratifications (for example, age, race, or ethnicity) that will be used to evaluate the payment arrangement.

- c. If this is any year other than year 1 of a multi-year effort, describe (or attach) prior year(s) evaluation findings and the payment arrangement's impact on the goal(s) and objective(s) in the State's quality strategy. Evaluation findings must include 1) historical data; 2) prior year(s) results data; 3) a description of the evaluation methodology; and 4) baseline and performance target information from the prior year(s) preprint(s) where applicable. If full evaluation findings from prior year(s) are not available, provide partial year(s) findings and an anticipated date for when CMS may expect to receive the full evaluation findings.

Evaluation Metrics							
Data source(s) and Year(s) of data used to calculate the evaluation metrics.			The data used to calculate the evaluation metrics was sourced from hospital information management systems (Electronic Medical Records, Administrative data, Hospital safety reporting) for the periods identified in the table above.				
Please confirm that the data used to calculate the evaluation metrics was limited to Medicaid Managed Care Enrollees.			We confirm that the data used to calculate the evaluation metrics was limited to Medicaid Managed Care enrollees.				
Please confirm that the data used to calculate the evaluation metrics was limited to providers participating in the payment arrangement.			We confirm that the data used to calculate the evaluation metrics was limited to providers participating in the payment arrangement.				
Evaluation Methodology							
Please identify the entity conducting the evaluation.			New Jersey Division of Medical Assistance and Health Services' (DMAHS) contracted vendor.				
Please describe the analytic methods used to understand the impact of the payment arrangement. For example, comparison groups, pre-post study design, etc.			Comparison to baselines and targets.				
Please share any limitations of the state's evaluation plan.			This evaluation is limited by reporting limitations of program participants, which are described above.				
Findings							
Please share the state's assessment of the impact of this payment arrangement.			This program has demonstrated a positive impact on the Medicaid population and overall drive to improve the quality of healthcare throughout the state.				
Please share any relevant context (e.g., changes to the managed care program, COVID-19) that may have impacted the evaluation results.			This directed payment program was implemented during the national health emergency caused by COVID-19, which has resulted in dramatic changes in utilization and patient health habits. At this time, it is unknown how the pandemic will impact long-term measure performance.				
For all evaluation metrics that did not improve over baseline, please share any plans the state has to address declining performance.			Perfomance has improved on the <i>Clostridium difficile (C.diff.) intestinal infections</i> and <i>Screening for Metabolic Disorders</i> measures, but declined very slightly on the <i>Average (median) time patients spent in the ED before leaving from the visit</i> . Given the change in performance equates to 6 additional minutes spent by patients in the Emergency Department, the State views performance as relatively consistent but will monitor future years' data for additional insight.
