ABOUT THE SURVEY

Section 1927(g)(3)(D) of the Social Security Act (the Act) requires each state to submit an annual report on the operation of its Medicaid Drug Utilization Review (DUR) program. Such reports are to include: descriptions of the nature and scope of the prospective and retrospective DUR programs; a summary of the interventions used in retrospective DUR and an assessment of the education program; a description of DUR Board activities; and an assessment of the DUR program’s impact on quality of care as well as any cost savings generated by the program.

Note: Covered Outpatient Drugs (COD) are referenced throughout this survey and refers to participating labelers in the Medicaid Drug Rebate Program (MDRP).

This report covers the period October 1, 2020 to September 30, 2021 and is due for submission to CMS Central Office by no later than June 30, 2022. Answering the attached questions and returning the requested materials as attachments to the report will constitute compliance with the above-mentioned statutory requirement.

If you have any questions regarding the DUR Annual Report, please contact CMS via email at: CMSDUR@cms.hhs.gov.

PRA DISCLOSURE STATEMENT (CMS-R-153)

This mandatory information collection (section 4401 of the Omnibus Budget Reconciliation Act of 1990 and section 1927(g) of the Social Security Act) is necessary to establish patient profiles in pharmacies, identify problems in prescribing and/or dispensing, determine each program’s ability to meet minimum standards required for Federal financial participation, and ensure quality pharmaceutical care for Medicaid patients. State Medicaid agencies that have prescription drug programs are required to perform prospective and retrospective DUR in order to identify aberrations in prescribing, dispensing and/or patient behavior. Under the Privacy Act of 1974 any personally identifying information obtained will be kept private to the extent of the law. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The control number for this information collection request is 0938-0659 (Expires: 02/28/2025). Public burden for all of the collection of information requirements under this control number is estimated at 64 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to CMS, 7500 Security Boulevard, Attn: Paperwork Reduction Act Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

☒ I have read the information about this survey.
I. DEMOGRAPHIC INFORMATION

State Abbreviation: _______

Medicaid Program Information

Identify state person responsible for DUR Annual Report Preparation.

First Name: ____________________________________________
Last Name: ____________________________________________
Email Address: ____________________________________________
Area Code/Phone Number: ____________________________________________

1. On a monthly average, how many of your state’s Medicaid beneficiaries are enrolled in your state’s Medicaid Fee-For-Service (FFS) program that have a pharmacy benefit?

   _______ Beneficiaries

2. On a monthly average, how many of your state’s Medicaid beneficiaries are enrolled in managed care plan(s)?

   _______ Beneficiaries
II. PROSPECTIVE DUR (ProDUR)

1. Indicate the type of your pharmacy point of service (POS) vendor.
   - State-Operated
   - Contractor
   - Other
     a. Vendor Name
        ________________________________

     b. Who processes the state’s National Council for Prescription Drug Programs (NCPDP) transactions?
        - POS vendor is the fiscal agent (FA)
        - POS vendor is a separate Pharmacy Benefits Manager (PBM)
        - None

2. Identify your ProDUR table driven criteria source. This would be initial ratings such as drug to drug interactions, dose limits based on age and pregnancy severity. Check all that apply.
   - First Databank
   - Medi-Span
   - Micromedex
   - Other, please specify ________________________________

3. When the pharmacist receives a ProDUR alert message that requires a pharmacist’s review, does your system allow the pharmacist to override the alert using the “NCPDP drug use evaluation codes” (reason for service, professional service and resolution)?
   - Yes
   - Varies by alert type
   - No
     - If “Yes” or “Varies by alert type,” check all that apply.
        - Alerts can be overridden ahead of time
        - Alerts can be overridden with standard professional codes
4. Does your state receive periodic reports providing individual pharmacy providers' DUR alert override activity in summary and/or in detail?

☐ Yes
☐ No

a. How often does your state receive reports?

☐ Monthly
☐ Quarterly
☐ Annually
☐ Ad hoc (on request)
☐ Other, please explain.

b. If you receive reports, does your state follow up with those providers who routinely override with interventions?

Yes

By what method does your state follow up?

☐ Contact Pharmacy
☐ Refer to Program Integrity for Review
☐ Other, please explain.
5. Early Refill

a. At what percent threshold does your state set your system to edit?
   i. Non-controlled drugs:
      ____  %
   ii. Schedule II controlled drugs:
      ____  %
   iii. Schedule III through V controlled drugs:
      ____  %

b. For non-controlled drugs:

When an early refill message occurs, does your state require a PA?

○ Yes
○ No
○ Dependent on medication or situation

If “Yes” or “Dependent on medication or situation,” who obtains authorization?

○ Pharmacist
○ Prescriber
○ Pharmacist or Prescriber

If “No,” can the pharmacist override at the POS?

○ Yes
○ No
c. For controlled drugs:

When an early refill message occurs, does your state require a PA?

- Yes
- No

If “Yes,” who obtains authorization?

- Pharmacist
- Prescriber
- Pharmacist or Prescriber

If “No,” can the pharmacist override at the POS?

- Yes
- No

6. When the pharmacist receives an early refill DUR alert message that requires the pharmacist’s review, does your state’s policy allow the pharmacist to override for situations such as:

- Lost/stolen RX
- Vacation
- Overrides are only allowed by a pharmacist through a PA
- Other, please explain.

7. Does your system have an accumulation edit to prevent patients from continuously filling prescriptions early?

- Yes
- No

If “Yes,” please explain your edit.
FFY 2021 MEDICAID FEE-FOR-SERVICE (FFS)
DRUG UTILIZATION REVIEW (DUR) ANNUAL SURVEY

If “No,” does your state plan to implement this edit?

○ Yes
○ No

8. Does the state Medicaid program have any policy prohibiting the auto-refill process that occurs at the POS (i.e. must obtain beneficiary's consent prior to enrolling in the auto-refill program)?

○ Yes
○ No

9. For drugs not on your Preferred Drug List (PDL), does your Medicaid program have a documented process (i.e. PA) in place, so that the Medicaid beneficiary or the Medicaid beneficiary’s prescriber may access any covered outpatient drug when medically necessary?

○ Yes

Please check all that apply:

☐ Automatic PA based on diagnosis codes or systematic review
☐ Trial and failure of first or second-line therapies
☐ Pharmacist or technician reviews
☐ Direct involvement with Pharmacy and/or Medical Director
☐ Other, please explain.

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

○ No, please explain.

________________________________________________________________________
________________________________________________________________________
a. Does your program provide for the dispensing of at least a 72-hour supply of a covered outpatient drug (COD) in an emergency situation?

○ Yes

Please check all that apply.

☐ Real-time automated process
☐ Retrospective PA
☐ Other process, please explain.

________________________________________
________________________________________
________________________________________

○ No, please explain.

________________________________________
________________________________________
________________________________________

10. Please list the requested data in each category in Table 1 – Top Drug Claims Data Reviewed by the DUR Board below.

Column 1 – Top 10 PA Requests by Drug Name, report at generic ingredient level
Column 2 – Top 10 PA Requests by Drug Class
Column 3 – Top 5 Claim Denial Reasons (i.e. Quantity Limits (QL), Early Refill (ER), PA, Therapeutic Duplications (TD), and Age Edits (AE))
Column 4 – Top 10 Drug Names by Amount Paid, report at generic ingredient level
Column 5 – From Data in column 4, determine the Percentage of Total Drug Spend
Column 6 – Top 10 Drug Names by Claim Count, report at generic ingredient level
Column 7 – From Data in Column 6, determine the Percentage of Total Claims
### Table 1: Top Drug Claims Data Reviewed by the DUR Board

<table>
<thead>
<tr>
<th>Column 1</th>
<th>Column 2</th>
<th>Column 3</th>
<th>Column 4</th>
<th>Column 5</th>
<th>Column 6</th>

<tbody>
<tr>
<td>Top 10 Prior Authorization (PA) Requests by Drug Name, report at generic ingredient level</td>
<td>Top 10 Prior Authorization (PA) Requests by Drug Class</td>
<td>Top 5 DUR Claim Denial Reasons (i.e., Quantity Limits (QL), Early Refill (ER), PA, Therapeutic Duplications (TD) and Age Edits (AE))</td>
<td>Top 10 Drug Names by Amount Paid, report at generic ingredient level</td>
<td>% of Total Spent for Drugs by Amount Paid (From data in Column 4, determine the % of total drug spend)</td>
<td>Top 10 Drug Names by Claim Count, report at generic ingredient level</td>
<td>Drugs by Claim Count % of Total Claims (From data in Column 6, determine the % of total claims)</td>
</tr>
</tbody>
</table>
11. Section 1927(g) (A) of the Social Security Act (the Act) requires that the pharmacist offer patient counseling at the time of dispensing. Who in your state has responsibility for monitoring compliance with the oral counseling requirement? Check all that apply.

☐ Medicaid Program
☐ State Board of Pharmacy
☐ Other, please explain.

__________________________________________

__________________________________________

__________________________________________
III. RETROSPECTIVE DUR (RetroDUR)

1. Indicate the type of vendor that performed your RetroDUR activities during the time period covered by this report.

- Company
- Academic Institution
- Other Institution

a. Identify, by name, your RetroDUR vendor.

b. Is the RetroDUR vendor the Medicaid Management Information System (MMIS) fiscal agent?

- Yes
- No

c. Is the RetroDUR vendor the developer/supplier of your retrospective DUR criteria?

- Yes
- No

Please explain "Yes" or "No" response.

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

2. Does your state customize your RetroDUR vendor criteria?

- Yes
- No
- Ad hoc based on state-specific needs
2. How often does your state perform retrospective practitioner-based education?

- Monthly
- Bi-monthly
- Quarterly
- Other, please specify.

a. How often does your state perform retrospective reviews that involve communication of client specific information to healthcare practitioners (through messaging, fax, or mail)? Check all that apply.

- Monthly
- Bi-Monthly
- Quarterly
- Other, please specify.

b. What is the preferred mode of communication when performing RetroDUR initiatives? Check all that apply.

- Mailed letters
- Provider phone calls
- Near real-time fax
- Near real-time messaging
- Other new technologies such as apps or Quick Response (QR) codes
- Focused workshops, case management, or WebEx training
- Newsletters or other non-direct provider communications
- Other, please specify _________
3. **Summary 1 – RetroDUR Educational Outreach**

RetroDUR Educational Outreach Summary should be a year-end report on retrospective screening and educational interventions. The summary should be limited to the most prominent problems with the largest number of exceptions. The results of RetroDUR screening and interventions should be included and detailed below.

____________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________

____________________________________________________________________________________
IV. DUR BOARD ACTIVITY

1. Does your state have an approved Medication Therapy Management (MTM) Program?
   ○ Yes
   ○ No

Summary 2 – DUR Board Activities
DUR Board Activities Summary should include a brief descriptive of DUR activities during the fiscal year reported. This summary should:

- Indicate the number of DUR Board meetings held.
- List additions/deletions to DUR Board approved criteria:
  - For ProDUR, list problem type/drug combinations added or deleted.
  - For RetroDUR, list therapeutic categories added or deleted.
- Describe Board policies that establish whether and how results of ProDUR screening are used to adjust RetroDUR screens.
- Describe policies that establish whether and how results of RetroDUR screening are used to adjust ProDUR screens.
- Describe DUR Board involvement in the DUR education program (i.e. newsletters, continuing education, etc.).
- Describe policies adopted to determine the mix of patient or provider specific intervention types (i.e. letters, face-to-face visits, increased monitoring).
V. PHYSICIAN ADMINISTERED DRUGS (PAD)

The Deficit Reduction Act required collection of national drug code (NDC) numbers for covered outpatient physician administered drugs. These drugs are paid through the physician and hospital programs. Has your MMIS been designed to incorporate this data into your DUR criteria for:

1. ProDUR?
   - Yes
   - No

   If “No,” does your state have a plan to include this information in your DUR criteria in the future?
   - Yes
   - No

2. RetroDUR?
   - Yes
   - No

   If “No,” does your state have a plan to include this information in your DUR criteria in the future?
   - Yes
   - No
VI. GENERIC POLICY AND UTILIZATION DATA

Summary 3 – Generic Drug Substitution Policies

Generic Drug Substitution Policies should summarize factors that could affect your generic utilization percentage. In describing these factors, please explain any formulary management or cost containment measures, preferred drug list (PDL) policies, educational initiatives, technology or promotional factors, or other state specific factors that affects your generic utilization rate.

1. In addition to the requirement that the prescriber write in his own handwriting “Brand Medically Necessary” for a brand name drug to be dispensed in lieu of the generic equivalent, does your state have a more restrictive requirement?

☐ Yes
☐ No

If “Yes,” check all that apply.

☐ Require that a MedWatch Form be submitted
☐ Require the medical reason(s) for override accompany the prescription(s)
☐ Prior authorization (PA) is required
☐ Other, please explain.

________________________________________________________________________________________
________________________________________________________________________________________
________________________________________________________________________________________
Table 2: Generic Drug Utilization Data

Computation Instructions

KEY

**Single Source (S)** – Drugs having an FDA New Drug Application (NDA), and there are no generic alternatives available on the market.

**Non-Innovator Multiple-Source (N)** – Drugs that have an FDA Abbreviated New Drug Application (ANDA), and generic alternatives exist on the market.

**Innovator Multiple-Source (I)** – Drugs which have an NDA and no longer have patent exclusivity.

1. **Generic Utilization Percentage**: To determine the generic utilization percentage of all covered outpatient drugs paid during this reporting period, use the following formula:

   \[
   \frac{N}{(S + N + I)} \times 100 = \text{Generic Utilization Percentage}
   \]

2. **Generic Expenditures Percentage of Total Drug Expenditures**: To determine the generic expenditure percentage (rounded to the nearest $1000) for all covered outpatient drugs for this reporting period use the following formula:

   \[
   \frac{N\times S}{(S + N + I)\times 100} = \text{Generic Expenditure Percentage}
   \]

CMS has developed an extract file from the Medicaid Drug Rebate Program Drug Product Data File identifying each NDC along with sourcing status of each drug: S, N, or I, which can be found at Medicaid.gov (Click on the link “National Drug Code and Drug Category file [ZIP],” then open the Medicaid Drug Product File 4th Qtr. Excel file).

Please provide the following utilization data for this DUR reporting period for all covered outpatient drugs paid. Exclude Third Party Liability (TPL).

<table>
<thead>
<tr>
<th></th>
<th>Single Source (S) Drugs</th>
<th>Non-Innovator (N) Drugs</th>
<th>Innovator Multi-Source (I) Drugs</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Number of Claims</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Total Reimbursement Amount Less Co-Pay</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
2. Indicate the generic utilization percentage for all covered outpatient drugs (COD) paid during this reporting period, using the computation instructions in Table 2 – Generic Drug Utilization Data.

   Number of Generic Claims: ____________________
   Total Number of Claims: ____________________
   Generic Utilization Percentage: ________________ %

3. How many innovator drugs are the preferred product on your state PDL when multi-source drugs are available based on net pricing and rebates (i.e. brand preferred over generic)?  
   __________

4. Indicate the percentage dollars paid for generic CODs in relation to all COD claims paid during this reporting period using the computation instructions in Table 2: Generic Drug Utilization Data.

   Generic Dollars: $_________________
   Total Dollars: $_________________
   Generic Expenditure Percentage: ________________ %

5. Does your state have any policies related to Biosimilars? Please explain.

   ________________________________
   ________________________________
VII. PROGRAM EVALUATION/COST SAVINGS/COST AVOIDANCE

1. Did your state conduct a DUR program evaluation of the estimated cost savings/cost avoidance?
   - Yes
   - No

   If "Yes," identify, by name and type, the institution that conducted the program evaluation.

   Institution Type
   - Company
   - Academic Institution
   - Other Institution

   Institution Name

2. Please provide your ProDUR and RetroDUR program cost savings/cost avoidance in the chart below.

<table>
<thead>
<tr>
<th></th>
<th>Cost in Dollars</th>
</tr>
</thead>
<tbody>
<tr>
<td>ProDUR Total Estimated Avoided Costs</td>
<td></td>
</tr>
<tr>
<td>RetroDUR Total Estimated Avoided Costs</td>
<td></td>
</tr>
<tr>
<td>Other Cost Avoidance</td>
<td></td>
</tr>
<tr>
<td>Grand Total Estimated Avoided Costs</td>
<td></td>
</tr>
</tbody>
</table>

3. The Estimated Percent Impact was generated by dividing the Grand Total Estimated Avoided Costs from Question 2 above by the Total Dollar Amount provided in Section VI, Question 5, then multiplying this value by 100.

   Estimated Percent Impact: ________________%
4. **Summary 4 – Cost Savings/Cost Avoidance Methodology**

Cost Savings/Cost Avoidance Methodology Summary should include program evaluations/cost savings estimates prepared by the state or contractor. Please provide detailed summary below.

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________
VIII. FRAUD WASTE, AND ABUSE DETECTION

A. LOCK-IN or PATIENT REVIEW AND RESTRICTION PROGRAMS

1. Does your state have a documented process in place that identifies potential fraud or abuse of controlled drugs by beneficiaries?
   
   - Yes
   - No

   If “Yes,” what actions does this process initiate? Check all that apply:
   
   - Deny claims
   - Require prior authorization (PA)
   - Refer to Lock-In Program
   - Refer to Program Integrity Unit (PIU) and/or Surveillance Utilization Review (SUR) Unit for audit/investigation
   - Refer to Office of Inspector General (OIG)
   - Other, please explain.

2. Does your state have a Lock-In program for beneficiaries with potential misuse or abuse of controlled substances?
   
   - Yes
   - No

   If “Yes,” please continue.

   a. What criteria does your state use to identify candidates for Lock-In? Check all that apply:
      
      - Number of controlled substances (CS)
      - Different prescribers of CS
      - Multiple pharmacies
b. Does your state have the capability to restrict the beneficiary to:

i) Prescriber only
   - Yes
   - No

ii) Pharmacy only
    - Yes
    - No

iii) Prescriber and pharmacy
    - Yes
    - No

What is the usual Lock-In time period?
- 12 months
- 18 months
- 24 months
- As determined by the state on a case-by-case basis
- Lock-in time period is based on number of incidences/occurrences
- Other, please explain.
d. On average, what percentage of the FFS population is in Lock-In status annually?

___________ %

e. Please provide an estimate of the savings attributed to the Lock-in program for the fiscal year under review.

$_____________

3. Does your state have a documented process in place that identifies possible FWA of controlled drugs by prescribers?

☐ Yes

What actions does this process initiate? Check all that apply:

☐ Deny claims written by this prescriber
☐ Refer to Program Integrity Unit (PIU) and/or Surveillance Utilization Review (SUR) unit for audit/investigation
☐ Refer to the appropriate Medical Board
☐ Other, please explain.

________________________________________

________________________________________

________________________________________

☐ No, please explain.

________________________________________

________________________________________
4. Does your state have a documented process in place that identifies potential FWA of controlled drugs by **pharmacy providers**?

   - Yes
     
     What actions does this process initiate? Check **all** that apply:
     
     - Deny claim
     - Refer to Program Integrity Unit (PIU) and/or Surveillance Utilization Review (SUR) Unit for audit/investigation
     - Refer to Board of Pharmacy
     - Other, please explain.

   - No, please explain.

5. Does your state have a documented process in place that identifies and/or prevents potential FWA of non-controlled drugs by **beneficiaries, prescribers, and pharmacy providers**?

   - Yes
     
     Please explain your program for FWA of non-controlled substances.

   - No, please explain.
B. PRESCRIPTION DRUG MONITORING PROGRAM (PDMP)

Note: Section 5042 of the SUPPORT for Patients and Communities Act requires states to report metrics in reference to their state’s PDMP. CMS has included questions to reference these metrics to help your state establish processes to be in compliance with provisions outlined in Section 5042 and CMS reporting, beginning in FFY 2023. Please complete applicable questions below in this section of the survey.

1. Does your Medicaid program have the ability to query the state’s PDMP database?

   - Yes, receive PDMP data
     - Daily
     - Weekly
     - Monthly
     - Other ________________

   - Yes, have direct access to the database
     - Can query by client
     - Can query by prescriber
     - Can query by dispensing entity

   - No, please explain.
     ____________________________________________
     ____________________________________________
     ____________________________________________

     If “Yes,” please continue.

   a. Please explain how the state applies this information to control FWA of controlled substances.
     ____________________________________________
     ____________________________________________
     ____________________________________________
     ____________________________________________
b. Does your state also have access to Border States’ PDMP information?
   - Yes
   - No

c. Does your state also have PDMP data integrated into your point of sale (POS) edits?
   - Yes
   - No

2. Does your state or your professional board require prescribers to access the PDMP patient history before prescribing controlled substances?
   - Yes
   - No, please explain.

   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________

If “Yes,” please continue.

a. Are there protocols involved in checking the PDMP?
   - Yes, please explain.

   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________

   - No

b. Are providers required to have protocols for responses to information from the PDMP that is contradictory to the direction that the practitioner expects from the client?
   - Yes
c. If a provider is not able to conduct PDMP check, does your state require the prescriber to document a good faith effort, including the reasons why the provider was not able to conduct the check?

O Yes
O No, please explain.

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

If “Yes,” does your state require the provider to submit, upon request, documentation to the State?

O Yes
O No, please explain.

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

3. Does your State or professional board require pharmacists to check the PDMP prior to dispensing?

O Yes
O No, please explain.

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

If “Yes,” are there protocols involved in checking the PDMP?

O Yes, please explain.
4. In the State’s PDMP system, which of the following pieces of information with respect to a beneficiary is available to prescribers as close to real-time as possible? Check all that apply.

- PDMP drug history
- The number and type of controlled substances prescribed to and dispensed to the beneficiary during at least the most recent 12 month period
- The name, location, and contact information, or other identifying number, such as a national provider identifier, for previous beneficiary fills
- Other, please explain.

a. Are there barriers that hinder the Medicaid agency from fully accessing the PDMP that prevent the program from being utilized the way it was intended to be to curb FWA?

- Yes, please explain the barriers (i.e. lag time in prescription data being submitted, prescribers not accessing, pharmacists unable to view prescription history before filling script).

- No
5. (Optional) Please specify below the following information for the 12-month reporting period for this survey. Note: Mandatory reporting will be required in FFY2023 under section 1927(g)(3)(D) of the Act.

   a. The percentage of covered providers who checked the prescription drug history of a beneficiary through a PDMP before prescribing a controlled substance to such an individual:

       ________%

   b. Average daily morphine milligram equivalent (MME) prescribed for controlled substances per covered individuals:

       ________ MME

   c. Average daily MME prescribed for controlled substances per covered individuals who are receiving opioids.

       ________ MMEs

   d. Please complete Tables 3, 4, 5 and 6 below. Specify the controlled substances prescribed based on prescriptions dispensed (by generic ingredient(s)) and within each population during this 12-month FFY reporting period.
Table 3: Opioid Controlled Substances by Population

Table 6: Populations on 2 or more Controlled Substances in Different Drug Categories

When listing the controlled substances in different drug categories, for the purpose of Table 6 below, please consider long and short acting opioids to be in the same category. Please follow this approach for long and short acting ADHD medications and benzodiazepines in this table as well. Please note, Column 2 and Column 4 are requesting an average monthly value based on the 12 month reporting period.

i. If there is additional information you want to provide for the previous 12-month reporting period, please explain below or specify N/A if not applicable.

______________________________________________________________________________

______________________________________________________________________________

______________________________________________________________________________

ii. If any of the information requested is not being reported above, please explain below or specify N/A if not applicable.

______________________________________________________________________________

______________________________________________________________________________

6. Have you had any changes to your state’s PDMP during this reporting period that have improved the Medicaid program’s ability to access PDMP data?

- Yes, please explain.
  _____________________________________________________________________________
  _____________________________________________________________________________
  _____________________________________________________________________________

- No

7. In this reporting period, have there been any data or privacy breaches of the PDMP or PDMP data?

  - Yes
  - No

  If “Yes,” please summarize the breach, the number of individuals impacted, a description of the steps the State has taken to address each such breach, and if law enforcement or the affected individuals were notified of the breach.
C. OPIOIDS

1. Does your state currently have a POS edit in place to limit the days’ supply dispensed of an initial opioid prescription for opioid naïve patients?
   
   O Yes, for all opioids  
   O Yes, for some opioids  
   O No  
   Please explain response above  

   _____________________________________________
   _____________________________________________
   _____________________________________________

If the answer to question 1 is “Yes, for all opioids” or “Yes, for some opioids,” please continue.

   a. What is the maximum number of days allowed for an initial opioid prescription for an opioid naïve patient?
      
      _____ # of days

   b. Does your state have POS edits in place to limit days’ supply of subsequent opioid prescriptions? If yes, please indicate your days supply limit.
      
      O 24-day supply  
      O 30-day supply  
      O 45-day supply  
      O 90-day supply  
      O Other ________  
      O No

   Please explain above response.
2. Does your state have POS edits in place to limit the quantity dispensed of short-acting (SA) opioids?

- Yes, please specify limit. _____# of units
- No, please explain.

3. Does your state currently have POS edits in place to limit the quantity dispensed of long-acting (LA) opioids?

- Yes, please specify limit. _____# of units
- No, please explain.

- Other, please explain.
4. Does your state have measures other than restricted quantities and days’ supply in place to either monitor or manage the prescribing of opioids?

☐ Yes
☐ No

If “Yes,” check all that apply.

☐ Pharmacist override
☐ Deny claim and require PA
☐ Intervention letters
☐ MME daily dose program
☐ Step therapy or clinical criteria
☐ Requirement that patient has a pain management contract or Patient-Provider agreement
☐ Requirement that prescriber has an opioid treatment plan for patients
☐ Require documentation of urine drug screening results
☐ Require diagnosis
☐ Require PDMP checks
☐ Workgroups to address opioids
☐ Other, please specify.

__________________________________________

__________________________________________

Please provide details on these opioid prescribing controls in place.
If “No,” please explain what you do in lieu of the above or why you do not have measures in place to either manage or monitor the prescribing of opioids.

__________________________________________________________________________________

__________________________________________________________________________________

5. Does your state have POS edits to monitor duplicate therapy of opioid prescriptions? This excludes regimens that include a single extended-release product and a breakthrough short acting agent?

☐ Yes  ☐ No

Please explain above response.
__________________________________________________________________________________
__________________________________________________________________________________

6. Does your state have POS edits to monitor early refills of opioid prescriptions dispensed?

☐ Yes  ☐ No

Please explain answer above.
__________________________________________________________________________________
__________________________________________________________________________________

7. Does your state have comprehensive automated retrospective claim reviews to monitor opioid prescriptions exceeding these state limitations (early refills, duplicate fills, quantity limits and days’ supply)?
8. Does your state currently have POS edits in place or automated retrospective claim reviews to monitor opioids and benzodiazepines being used concurrently?

- Yes, POS edits
- Yes, automated retrospective claim reviews
- Yes, both POS edits and automated retrospective claim reviews

Please explain above response and detail the scope and nature of these reviews and edits. Additionally, please explain any potential titration processes utilized for those patients chronically on benzodiazepines and how the state justifies pain medications, i.e., oxycodone/APAP, for breakthrough pain without jeopardizing patient care (i.e., quantity limits/practitioner education titration programs).

- No, please explain.
10. Does your state currently have POS edits in place or automated retrospective claim reviews to monitor opioids and antipsychotics being used concurrently?
   ○ Yes, POS edits only
   ○ Yes, automated retrospective claim reviews
   ○ Yes, both POS edits and automated retrospective claim reviews
   Please explain in detail scope and nature of reviews and edits.

   _____________________________________________________________
   _____________________________________________________________
   _____________________________________________________________
   _____________________________________________________________

   ○ No, please explain.

   _____________________________________________________________
   _____________________________________________________________
   _____________________________________________________________
   _____________________________________________________________

11. Does your state have POS safety edits or perform automated retrospective claim reviews and/or provider education in regard to beneficiaries with a diagnosis history of opioid use disorder (OUD) or opioid poisoning diagnosis (check all that apply)?
   ○ Yes, POS edits
   ○ Yes, automated retrospective claim reviews
Yes, provider education

If "Yes, automated retrospective claim reviews and/or "provider education," please indicate how often.

- Monthly
- Quarterly
- Semi-Annually
- Annually
- Ad hoc
- Other, please specify.

Please explain the nature and scope of edits, reviews and/or provider education reviews performed.

If "No," does your state plan on implementing POS edits, automated retrospective claim reviews and/or provider education in regard to beneficiaries with a diagnosis history of OUD or opioid poisoning in the future?

- Yes, when does your state plan on implementing?

- No, please explain.
12. Does your state Medicaid program develop and provide prescribers with pain management or opioid prescribing guidelines?

- Yes
- No

If “Yes,” please check all that apply.

- Your state Medicaid program refers prescribers to the Center for Disease Control (CDC) Guideline for Prescribing Opioids for Chronic Pain.
- Other guidelines, please identify.

If “No,” please explain why no guidelines are offered.

13. Does your state have a drug utilization management strategy that supports abuse deterrent opioid use to prevent opioid misuse and abuse (i.e. presence of an abuse deterrent opioid with preferred status on your preferred drug list)?

- Yes, please explain.
- No
14. Were there COVID-19 ramifications on edits and reviews on controlled substances during the public health emergency?

- [ ] Yes, please explain.

- [ ] No
D. MORPHINE MILLIGRAM EQUIVALENT (MME) DAILY DOSE

1. Have you set recommended maximum MME daily dose measures?
   
   O Yes
   O No

   If “Yes,” please continue.

   a. What is your maximum morphine equivalent daily dose limit in milligrams?
      
      O Less than 50 MME, please specify __________mg per day
      O 50 MME
      O 70 MME
      O 80 MME
      O 90 MME
      O 100 MME
      O 120 MME
      O 200 MME
      O Greater than 200 MME, please specify __________mg per day
      O Other, please specify __________mg per day

   b. Please explain nature and scope of dose limit (i.e. Who does the edit apply to? Does the limit apply to all opioids? Are you in the process of tapering patients to achieve this limit?)
      
      ___________________________________________________
      ___________________________________________________
      ___________________________________________________
      ___________________________________________________

   If “Yes,” please explain the measure or program you utilize.
      
      ___________________________________________________
      ___________________________________________________
      ___________________________________________________
      ___________________________________________________
2. Does your state have an edit in your POS system that alerts the pharmacy provider that the MME daily dose prescribed has been exceeded?

   ○ Yes
   ○ No

   If “Yes,” does your state require PA if the MME limit is exceeded?

   ○ Yes
   ○ No

3. Does your state have automated retrospective claim reviews to monitor the MME total daily dose of opioid prescriptions dispensed?

   ○ Yes
   ○ No

   Please explain.

   __________________________________________________________
   __________________________________________________________
   __________________________________________________________

4. Do you provide information to your prescribers on how to calculate the MME daily dosage or do you provide a calculator developed elsewhere?

   ○ Yes
   ○ No

   If “Yes,” please continue.

   a. Please name the developer of the calculator:

      ○ CDC
      ○ Academic Institution
      ○ Other, please specify.
b. How is the information disseminated? Check all that apply.

☐ Website
☐ Provider notice
☐ Educational seminar
☐ Other, please explain.
E. OPIOID USE DISORDER (OUD) TREATMENT

1. Does your state have utilization controls (i.e. preferred drug list (PDL), prior authorization (PA), quantity limit (QL)) to either monitor or manage the prescribing of Medication Assisted Treatment (MAT) drugs for OUD?
   - Yes, please explain.
   - ______________________________________________________________
   - ______________________________________________________________
   - ______________________________________________________________
   - No

2. Does your Medicaid program set total mg per day limits on the use of buprenorphine and buprenorphine/naloxone combination drugs?
   - Yes
   - No

   If “Yes,” please specify the total mg/day:
   - 12 mg
   - 16 mg
   - 24 mg
   - 32 mg
   - Other, please explain.
   - ______________________________________________________________
   - ______________________________________________________________

3. What are your limitations on the allowable length of this treatment?
   - No limit
   - 3 months or less
   - 6 months
4. Does your state require that the maximum mg per day allowable be reduced after a set period of time?

- Yes
- No

If “Yes,” please continue.

a. What is your reduced (maintenance) dosage?

- 8 mg
- 12 mg
- 16 mg
- Other, please explain.

b. What are your limitations on the allowable length of the reduced dosage treatment?

- No limit
- 6 months
- 12 months
- Other, please explain.
5. Does your state have at least one buprenorphine/naloxone combination product available without PA?
   - Yes
   - No

6. Does your state currently have edits in place to monitor opioids being used concurrently with any buprenorphine drug or any form of MAT?
   - Yes
   - No
   - Other, please explain.

   If “Yes,” can the POS pharmacist override the edit?
   - Yes
   - No

7. Is there at least one formulation of naltrexone for OUD available without PA?
   - Yes
   - No

8. Does your state have at least one naloxone opioid overdose product available without PA?
   - Yes
   - No
9. Does your state retrospectively monitor and manage appropriate use of naloxone to persons at risk of overdose?

○ Yes
○ No, please explain.

10. Does your State Board of Professional Regulations/Board of Pharmacy/Board of Medicine and/or state Medicaid program allow pharmacists to dispense naloxone prescribed independently or by collaborative practice agreements, standing orders, or other predetermined protocols?

○ Yes, State Board of Professional Regulations/Board of Pharmacy/Board of Medicine and/or state Medicaid program under protocol
○ Yes, prescribed independently
○ No
F. OUTPATIENT TREATMENT PROGRAMS (OTP)

1. Does your state cover OTPs that provide Behavioral Health (BH) and MAT services?
   - Yes
   - No, please explain.

   If “Yes”, is a referral needed for OUD treatment through OTPs?
   - Yes
   - No
   Please explain.

2. Does your state Medicaid program cover buprenorphine or buprenorphine/naloxone for diagnoses of OUD as part of a comprehensive MAT treatment plan through OTPs?
   - Yes
   - No, please explain.

3. Does your state Medicaid program cover naltrexone for diagnoses of OUD as part of a comprehensive MAT treatment plan?
   - Yes
   - No, please explain.
4. Does your state Medicaid program cover Methadone for a substance use disorder (i.e., OTPs, Methadone Clinics)?

- Yes
- No
G. PSYCHOTROPIC MEDICATION

ANTIPSYCHOTICS

1. Does your state currently have restrictions in place to limit the quantity of antipsychotic drugs?
   - Yes
   - No
   
   Please explain restrictions or N/A.
   
   ____________________________________________________________
   ____________________________________________________________
   ____________________________________________________________

2. Does your state have a documented program in place to either manage or monitor the appropriate use of antipsychotic drugs in children?
   - Yes
   - No
   
   If "Yes," please continue.
   
   a. Does your state either manage or monitor:
      - Only children in foster care
      - All children
      - Other, please explain.
      
      ____________________________________________________________
      ____________________________________________________________
      ____________________________________________________________

   b. Does your state have edits in place to monitor (check all that apply):
      - Child’s age, please specify age limit: _______years
      - Dosage
      - Indication
c. Please briefly explain the specifics of your documented antipsychotic monitoring program(s).

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

If “No,” please continue.

Does your state plan on implementing an antipsychotic monitoring program in the future?

☐ Yes, please specify when you plan on implementing a program to monitor the appropriate use of antipsychotic drugs in children.

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

☐ No, please explain why you will not be implementing a program to monitor the appropriate use of antipsychotic drugs in children.

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

STIMULANTS

3. Does your state currently have restrictions in place to limit the quantity of stimulant drugs?
4. Does your state have a documented program in place to either manage or monitor the appropriate use of stimulant drugs in children?

- Yes
- No

If “Yes,” please continue.

a. Does your state either manage or monitor:

- Only children in foster care
- **All** children
- Other, please explain.

b. Does your state have edits in place to monitor (check all that apply):

- Child’s age, please specify age limit: _______ years
- Dosage
- Indication
- Polypharmacy
- Other, please explain.

c. Please briefly explain the specifics of your documented stimulant monitoring program(s).
If “No,” please continue.

Does your state plan on implementing a stimulant monitoring program in the future?

- Yes, please specify when you plan on implementing a program to monitor the appropriate use of stimulant drugs in children.

- No, please explain why you will not be implementing a program to monitor the appropriate use of stimulant drugs in children.

ANTIDEPRESSANTS

5. Does your state have a documented program in place to either manage or monitor the appropriate use of antidepressant drugs in children?

- Yes
- No

If “Yes,” please continue.

a. Does your state either manage or monitor:

- Only children in foster care
- All children
- Other, please explain.
b. Does your state have edits in place to monitor (check all that apply):

☐ Child’s age, please specify age limit: ________ years
☐ Dosage
☐ Indication
☐ Polypharmacy
☐ Other, please explain.

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

c. Please briefly explain the specifics of your documented antidepressant monitoring program(s).

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

If “No,” please continue.

Does your state plan on implementing an antidepressant monitoring program in the future?

☐ Yes, please specify when you plan on implementing a program to monitor the appropriate use of antidepressant drugs in children.

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

☐ No, please explain why you will not be implementing a program to monitor the appropriate use of antidepressant drugs in children.
MOOD STABILIZERS

6. Does your state have a documented program in place to either manage or monitor the appropriate use of mood stabilizing drugs in children?

☐ Yes
☐ No

If “Yes,” please continue.

a. Does your state either manage or monitor:

☐ Only children in foster care
☐ All children
☐ Other, please explain.

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

b. Does your state have edits in place to monitor (check all that apply):

☐ Child’s age, please specify age limit: _______
☐ Dosage
☐ Indication
☐ Polypharmacy
☐ Other, please explain.

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________
c. Please briefly explain the specifics of your documented mood stabilizer monitoring program(s).

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

If “No,” please continue.

Does your state plan on implementing a mood stabilizer monitoring program in the future?

◯ Yes, please specify when you plan on implementing a program to monitor the appropriate use of mood stabilizing drugs in children.

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

◯ No, please explain why you will not be implementing a program to monitor the appropriate use of mood stabilizing drugs in children.

__________________________________________________________________________

__________________________________________________________________________

__________________________________________________________________________

ANTIANXIETY/SEDATIVES

7. Does your state have a documented program in place to either manage or monitor the appropriate use of antianxiety/sedative drugs in children?

  ◯ Yes
  ◯ No

If “Yes,” please continue.

a. Does your state either manage or monitor:

  ◯ Only children in foster care
FFY 2021 MEDICAID FEE-FOR-SERVICE (FFS)
DRUG UTILIZATION REVIEW (DUR) ANNUAL SURVEY

☐ All children
☐ Other, please explain.

________________________________________________________
________________________________________________________
________________________________________________________

b. Does your state have edits in place to monitor (check all that apply):
☐ Child’s age, please specify age limit: _____
☐ Dosage
☐ Indication
☐ Polypharmacy
☐ Other, please explain.

________________________________________________________
________________________________________________________
________________________________________________________

_______________

(If “No,” please continue.)

Does your state plan on implementing an antianxiety/sedative monitoring program in the future?
☐ Yes, please specify when you plan on implementing a program to monitor the appropriate use of antianxiety/sedative drugs in children.

________________________________________________________
________________________________________________________
________________________________________________________
No, please explain why you will not be implementing a program to monitor the appropriate use of antianxiety/sedative drugs in children.
IX. INNOVATIVE PRACTICES

1. Does your state participate in any demonstrations or have any waivers to allow importation of certain drugs from Canada or other countries that are versions of FDA approved drugs for dispensing to Medicaid beneficiaries?

- Yes, please explain.
- No

2. Summary 5 – Innovative Practices

Innovative Practices Summary should discuss development of innovative practices during the past year (i.e. Substance Use Disorder, Hepatitis C, Cystic Fibrosis, MME, and Value Based Purchasing). Please describe in detailed narrative below any innovative practices that you believe have improved the administration of your DUR program, the appropriateness of prescription drug use and/or have helped to control costs (i.e., disease management, academic detailing, automated PA, continuing education programs).

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
X. **MANAGED CARE ORGANIZATIONS (MCOs)**

1. How many MCOs are enrolled in your state Medicaid program?

   ______ MCO(s) (Insert the number of MCOs in the space provided including 0 if none)

   If “Zero” or “None”, please skip the rest of this section.

2. Is your pharmacy program included in the capitation rate (carved in)?
   
   ○ Yes
   ○ No
   ○ Partial

   Please specify the drug categories that are carved out:

   ___________________________________________
   ___________________________________________
   ___________________________________________

3. Contract updates between state and MCOs addressing DUR provisions in Section 1004 Support for Patients and Communities Act are required based on 1902(oo). If covered outpatient drugs are included in an MCO’s covered benefit package, has the State updated their MCOs’ contracts for compliance with Section 1004 of the SUPPORT for Patients and Communities Act?

   ○ Yes, contracts are updated to address each provision. Please specify effective date:

   __________________________

   ○ No, contracts are not updated, please explain.

   ___________________________________________
   ___________________________________________
   ___________________________________________

   a. Is the state complying with Federal law and monitoring MCO compliance on the SUPPORT for Patients and Communities Act provisions?

FOR INFORMATIONAL USE ONLY - NOT FOR SUBMISSION
Yes, state is complying with Federal law and monitoring MCO compliance on SUPPORT for Patients and Communities Act provisions. Please explain monitoring activities.

________________________________________

________________________________________

________________________________________

No, please explain.

________________________________________

________________________________________

________________________________________

4. Does the state set requirements for the MCO’s pharmacy benefit (i.e. same preferred drug list, same ProDUR/RetroDUR)?

- Yes
- No

If “Yes,” please continue.

a. Please check all requirements that apply below:

- [ ] Formulary Reviews
- [ ] Same PDL
- [ ] Same ProDUR
- [ ] Same RetroDUR
- [ ] No state PDL

b. Please briefly explain your policy.

________________________________________

________________________________________

________________________________________
If “No,” does your state plan to set standards in the future?

☐ Yes
☐ No, please explain.

________________________________________________________
________________________________________________________
________________________________________________________

5. Is the RetroDUR program operated by the state or by the MCOs or does your state use a combination of state interventions as well as individual MCO interventions?

☐ State operated
☐ MCO operated
☐ State uses a combination of state interventions as well as individual MCO interventions

6. Indicate how the State oversees the FFS and MCO RetroDUR programs? Please explain oversight process.

________________________________________________________
________________________________________________________
________________________________________________________

7. How does the state ensure MCO compliance with DUR requirements described in Section 1927(g) of the Act and 42 CFR part 456, subpart K?

________________________________________________________
________________________________________________________
________________________________________________________

8. Did all of your managed care plans submit their DUR reports?

☐ Yes
☐ No, please explain.
XI. EXECUTIVE SUMMARY

Executive Summary should provide a brief overview of your program. It should describe FFY 2021 highlights of the program, FFS initiatives, improvements, program oversight of managed care partners when applicable, and statewide (FFS and MCO) initiatives.
