

Overview of State Reporting of the 2025 Child Core Set Measures

			Number of Core Set Measures Reported																							
Total			Number of Provisional Measures Reported																							
			Follow-Up After ED Visit for Substance Use: Ages 13 to 17 (FUA-CH)																							
			Follow-Up After ED Visit for Mental Illness: Ages 6 to 17 (FUM-CH)																							
			Follow-Up After Hospitalization for Mental Illness: Ages 6 to 17 (FUH-CH)																							
			Follow-Up Care for Children Prescribed ADHD Medication (ADD-CH)																							
			Use of First-Line Psychosocial Care for Children and Adolescents on Antipsychotics (APP-CH)																							
			Metabolic Monitoring for Children and Adolescents on Antipsychotics (APM-CH)																							
			Screening for Depression and Follow-Up Plan: Ages 12 to 17 (CDF-CH)																							
			Well-Child Visits in the First 30 Months of Life (W30-CH)																							
			Child and Adolescent Well-Care Visits (WCV-CH)																							
			Childhood Immunization Status (CIS-CH)																							
			Immunizations for Adolescents (IMA-CH)																							
			Lead Screening in Children (LSC-CH)																							
			Developmental Screening in the First Three Years of Life (DEV-CH)																							
			Chlamydia Screening in Women Ages 16 to 20 (CHL-CH)																							
			Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents (WCC-CH)																							
			Prenatal and Postpartum Care: Under Age 21 (PPC2-CH)																							
			Live Births Weighing Less Than 2,500 Grams (LBW-CH)																							
			Low-Risk Cesarean Delivery: Under Age 20 (LRCD-CH)																							
			Contraceptive Care – Postpartum Women Ages 15 to 20 (CCP-CH)																							
			Contraceptive Care – All Women Ages 15 to 20 (CCW-CH)																							
			Avoidance of Antibiotic Treatment for Acute Bronchitis/Bronchiolitis: Ages 3 Months to 17 Years (AAB-CH)																							
			Asthma Medication Ratio: Ages 5 to 18 (AMR-CH)																							
			Oral Evaluation, Dental Services (OEV-CH)																							
			Topical Fluoride for Children (TFL-CH)																							
			Sealant Receipt on Permanent First Molars (SFM-CH)																							
			CAHPS Health Plan Survey 5.1H – Child Version Including Medicaid and Children with Chronic Conditions Supplemental Items (CPC-CH)																							
			Postpartum Depression Screening and Follow-Up: Under Age 21 (PDS-CH)*																							
			Prenatal Immunization Status: Under Age 21 (PRS-CH)*																							
			Oral Evaluation During Pregnancy: Ages 15 to 20 (OEVP-CH)*

Overview of State Reporting of the 2025 Child Core Set Measures (*continued*)

Source: Mathematica analysis of the Quality Measure Reporting (QMR) system reports for the 2025 Core Set as of April 28, 2026; Centers for Disease Control and Prevention Wide-ranging Online Data for Epidemiologic Research (CDC WONDER) data as of October 30, 2025; and Agency for Healthcare Research and Quality (AHRQ) and Centers for Medicare & Medicaid Services (CMS) analysis of the AHRQ CAHPS Database for the July 2024 to June 2025 data collection period as of January 20, 2026.

Notes: The term “states” includes the 50 states, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands.

ADHD = Attention-Deficit/Hyperactivity Disorder; CAHPS = Consumer Assessment of Healthcare Providers and Systems, ED = Emergency Department

The 2025 Child Core Set includes 26 measures. Information about the updates to the 2025 Core Sets is available at [2025 Updates to the Child and Adult Core Health Care Quality Measurement Sets and Mandatory Reporting Guidance](#). This table includes all 2025 Child Core Set measures, including measures that were reported by states using “other specifications” and measures for which the rates are not publicly reported due to CMS data suppression rules.

Starting with the 2024 Core Set, reporting of the Child Core Set is mandatory for the 50 states, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands. More information is available in the [Mandatory Reporting Final Rule](#) and [Initial Core Set Mandatory Reporting Guidance State Health Official Letter](#).

*The PDS-CH, PRS-CH, and OEVP-CH measures are provisional measures for 2025 reporting. Provisional measures are voluntary and are not considered part of the 2025 Child Core Set. For more information, see <https://www.medicaid.gov/federal-policy-guidance/downloads/sho24001.pdf>.

X = measure was reported by the state; - = measure was not reported by the state.
