For renewal waivers, please provide a brief history of the program(s) authorized under the waiver. Include implementation date and major milestones (phase-in timeframe; new populations added; major new features of existing program; new programs added).

The Ohio Single Pharmacy Benefit Manager (SPBM) launched on October 1, 2022. The SPBM operates as a non-risk Prepaid Ambulatory Health Plan (PAHP) and administers pharmacy benefits for all Ohio Medicaid managed care enrollees, which is approximately 90% of total state Medicaid enrollment. As the SPBM, Gainwell Technologies provides for pharmacy claims processing, performs claims review, operates a 24/7 call center, manages an extensive pharmacy network, adjudicates prior authorization requests, operates prospective and retrospective drug utilization review (DUR) programs, and performs quality improvement activities.

On July 1, 2023, Gainwell Technologies began to adjudicate pharmacy claims for the Fee-For-Service (FFS) population. While Gainwell Technologies processes FFS pharmacy claims, the FFS population is not enrolled in the SPBM PAHP. Coverage and payment policies for the FFS population are separate and distinct from SPBM coverage and payment policies.

SPBM presented materials to justify certification to CMS in December 2023. Certification was achieved on 04/25/2024.

Section A: Program Description

Part I: Program Overview

A. Statutory Authority (1 of 3)

1. **Waiver Authority.** The State's waiver program is authorized under section 1915(b) of the Act, which permits the Secretary to waive provisions of section 1902 for certain purposes. Specifically, the State is relying upon authority provided in the following subsection(s) of the section 1915(b) of the Act (if more than one program authorized by this waiver, please list applicable programs below each relevant authority):
    a. ☑ **1915(b)(1)** - The State requires enrollees to obtain medical care through a primary care case management (PCCM) system or specialty physician services arrangements. This includes mandatory capitated programs.
    -- *Specify Program Instance(s) applicable to this authority*

        ☑ **SPBM**

    b. ☐ **1915(b)(2)** - A locality will act as a central broker (agent, facilitator, negotiator) in assisting eligible

individuals in choosing among PCCMs or competing MCOs/PIHPs/PAHPs in order to provide enrollees with more information about the range of health care options open to them.
-- *Specify Program Instance(s) applicable to this authority*

☐ **SPBM**

c. ☐ **1915(b)(3) -** The State will share cost savings resulting from the use of more cost-effective medical care with enrollees by providing them with additional services. The savings must be expended for the benefit of the Medicaid beneficiary enrolled in the waiver. Note: this can only be requested in conjunction with section 1915(b)(1) or (b)(4) authority.
-- *Specify Program Instance(s) applicable to this authority*

☐ **SPBM**

d. ☑ **1915(b)(4) -** The State requires enrollees to obtain services only from specified providers who undertake to provide such services and meet reimbursement, quality, and utilization standards which are consistent with access, quality, and efficient and economic provision of covered care and services. The State assures it will comply with 42 CFR 431.55(f).
-- *Specify Program Instance(s) applicable to this authority*

☑ **SPBM**

The 1915(b)(4) waiver applies to the following programs

☐ **MCO**

☐ **PIHP**

☑ **PAHP**

☐ **PCCM** (Note: please check this item if this waiver is for a PCCM program that limits who is eligible to be a primary care case manager. That is, a program that requires PCCMs to meet certain quality/utilization criteria beyond the minimum requirements required to be a fee-for-service Medicaid contracting provider.)

☐ **FFS** Selective Contracting program
Please describe:

Part I: Program Overview

A. Statutory Authority (2 of 3)

2. **Sections Waived.** Relying upon the authority of the above section(s), the State requests a waiver of the following sections of 1902 of the Act (if this waiver authorizes multiple programs, please list program(s) separately under each applicable statute):

a. ☐ **Section 1902(a)(1) -** Statewideness--This section of the Act requires a Medicaid State plan to be in effect in all political subdivisions of the State. This waiver program is not available throughout the State.
-- *Specify Program Instance(s) applicable to this statute*

☐ **SPBM**

b. ☑ **Section 1902(a)(10)(B) -** Comparability of Services--This section of the Act requires all services for categorically needy individuals to be equal in amount, duration, and scope. This waiver program includes additional benefits such as case management and health education that will not be available to other Medicaid beneficiaries not enrolled in the waiver program.
-- *Specify Program Instance(s) applicable to this statute*

☑ **SPBM**

c. ☑ **Section 1902(a)(23)** - Freedom of Choice--This Section of the Act requires Medicaid State plans to permit all individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted. That is, beneficiaries enrolled in this program must receive certain services through an MCO, PIHP, PAHP, or PCCM.

-- *Specify Program Instance(s) applicable to this statute*

☑ **SPBM**

d. ☑ **Section 1902(a)(4)** - To permit the State to mandate beneficiaries into a single PIHP or PAHP, and restrict disenrollment from them. (If state seeks waivers of additional managed care provisions, please list here).

-- *Specify Program Instance(s) applicable to this statute*

☑ **SPBM**

e. ☐ **Other Statutes and Relevant Regulations Waived** - Please list any additional section(s) of the Act the State requests to waive, and include an explanation of the request.

-- *Specify Program Instance(s) applicable to this statute*

☐ **SPBM**

B. Delivery Systems (1 of 3)

1. Delivery Systems. The State will be using the following systems to deliver services:

a. ☐ **MCO:** Risk-comprehensive contracts are fully-capitated and require that the contractor be an MCO or HIO. Comprehensive means that the contractor is at risk for inpatient hospital services and any other mandatory State plan service in section 1905(a), or any three or more mandatory services in that section. References in this preprint to MCOs generally apply to these risk-comprehensive entities.

b. ☐ **PIHP:** Prepaid Inpatient Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments or other payment arrangements that do not use State Plan payment rates; (2) provides, arranges for, or otherwise has responsibility for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. Note: this includes MCOs paid on a non-risk basis.

○ **The PIHP is paid on a risk basis**

- ○ **The PIHP is paid on a non-risk basis**

c. ☑ **PAHP:** Prepaid Ambulatory Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments, or other payment arrangements that do not use State Plan payment rates; (2) does not provide or arrange for, and is not otherwise responsible for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. This includes capitated PCCMs.

- ○ **The PAHP is paid on a risk basis**
- ◉ **The PAHP is paid on a non-risk basis**

d. ☐ **PCCM:** A system under which a primary care case manager contracts with the State to furnish case management services. Reimbursement is on a fee-for-service basis. Note: a capitated PCCM is a PAHP.

e. ☐ **Fee-for-service (FFS) selective contracting:** State contracts with specified providers who are willing to meet certain reimbursement, quality, and utilization standards.

- ○ **the same as stipulated in the state plan**
- ○ **different than stipulated in the state plan**

Please describe:

f. ☑ **Other:** (Please provide a brief narrative description of the model.)

The Single Pharmacy Benefit Manager processes retail pharmacy benefits for all Medicaid members excluding dual eligibles enrolled in a MyCare program. The SPBM adjudicates pharmacy claims and makes payments to the pharmacies utilizing a CMS certified Ohio Medicaid Enterprise System (OMES) module. The non-risk PAHP SPBM model is paid based on actual use and not paid based on a capitation rate.

2. Procurement. The State selected the contractor in the following manner. Please complete for each type of managed care entity utilized (e.g. procurement for MCO; procurement for PIHP, etc):

☐ **Procurement for MCO**

- ○ **Competitive** procurement process (e.g. Request for Proposal or Invitation for Bid that is formally advertised and targets a wide audience)
- ○ **Open** cooperative procurement process (in which any qualifying contractor may participate)
- ○ **Sole source** procurement
- ○ **Other** (please describe)

☐ **Procurement for PIHP**

C. Choice of MCOs, PIHPs, PAHPs, and PCCMs (1 of 3)

1. Assurances.

☑ The State assures CMS that it complies with section 1932(a)(3) of the Act and 42 CFR 438.52, which require that a State that mandates Medicaid beneficiaries to enroll in an MCO, PIHP, PAHP, or PCCM must give those beneficiaries a choice of at least two entities.

☑ The State seeks a waiver of section 1932(a)(3) of the Act, which requires States to offer a choice of more than one PIHP or PAHP per 42 CFR 438.52. Please describe how the State will ensure this lack of choice of PIHP or PAHP is not detrimental to beneficiaries? ability to access services.

ODM requires the SPBM to contract with all ODM-enrolled pharmacies that are willing to execute a contract with Gainwell. In the future, ODM may direct the SPBM to limit its network to pharmacies that meet additional standards established by ODM. The SPBM?s network is required to meet all regulatory network adequacy standards, and enrollees are able to choose which network pharmacy they would like to use. Currently, SPBM maintains a robust network of pharmacies, with more than 99% of all Ohio pharmacies participating in the program. This is the largest single in-state managed care pharmacy network that has ever existed in the Ohio Medicaid program.

2. Details. The State will provide enrollees with the following choices (please replicate for each program in waiver):

Program: " **Single Pharmacy Benefit Manager.** *"*

☐ **Two or more MCOs**

☐ **Two or more primary care providers within one PCCM system.**

☐ **A PCCM or one or more MCOs**

☐ **Two or more PIHPs.**

☐ **Two or more PAHPs.**

☑ **Other:**
please describe

Individuals enrolled in the SPBM will have choice of provider for pharmacy services provided they are in the Gainwell network.

3. Rural Exception.

☐ The State seeks an exception for rural area residents under section 1932(a)(3)(B) of the Act and 42 CFR 438.52(b), and assures CMS that it will meet the requirements in that regulation, including choice of physicians or case managers, and ability to go out of network in specified circumstances. The State will use the rural exception in the following areas ("rural area" must be defined as any area other than an "urban area" as defined in 42 CFR 412.62(f)(1)(ii)):

4. 1915(b)(4) Selective Contracting.

○ **Beneficiaries will be limited to a single provider in their service area**
Please define service area.

E. Populations Included in Waiver (1 of 3)

Please note that the eligibility categories of Included Populations and Excluded Populations below may be modified as needed to fit the State?s specific circumstances.

1. Included Populations. The following populations are included in the Waiver Program:

☑ **Section 1931 Children and Related Populations** are children including those eligible under Section 1931, poverty-level related groups and optional groups of older children.

- ● **Mandatory enrollment**
- ○ **Voluntary enrollment**

☑ **Section 1931 Adults and Related Populations** are adults including those eligible under Section 1931, poverty-level pregnant women and optional group of caretaker relatives.

- ● **Mandatory enrollment**
- ○ **Voluntary enrollment**

☑ **Blind/Disabled Adults and Related Populations** are beneficiaries, age 18 or older, who are eligible for Medicaid due to blindness or disability. Report Blind/Disabled Adults who are age 65 or older in this category, not in Aged.

- ● **Mandatory enrollment**
- ○ **Voluntary enrollment**

☑ **Blind/Disabled Children and Related Populations** are beneficiaries, generally under age 18, who are eligible for Medicaid due to blindness or disability.

- ● **Mandatory enrollment**
- ○ **Voluntary enrollment**

☑ **Aged and Related Populations** are those Medicaid beneficiaries who are age 65 or older and not members of the Blind/Disabled population or members of the Section 1931 Adult population.

- ● **Mandatory enrollment**
- ○ **Voluntary enrollment**

☑ **Foster Care Children** are Medicaid beneficiaries who are receiving foster care or adoption assistance (Title IV-E), are in foster-care, or are otherwise in an out-of-home placement.

- ● **Mandatory enrollment**
- ○ **Voluntary enrollment**

☑ **TITLE XXI SCHIP** is an optional group of targeted low-income children who are eligible to participate in Medicaid if the State decides to administer the State Children?s Health Insurance Program (SCHIP) through the Medicaid program.

- ● **Mandatory enrollment**
- ○ **Voluntary enrollment**

E. Populations Included in Waiver (2 of 3)

2. Excluded Populations. Within the groups identified above, there may be certain groups of individuals who are excluded

from the Waiver Program. For example, the ?Aged? population may be required to enroll into the program, but ?Dual Eligibles? within that population may not be allowed to participate. In addition, ?Section 1931 Children? may be able to enroll voluntarily in a managed care program, but ?Foster Care Children? within that population may be excluded from that program. Please indicate if any of the following populations are excluded from participating in the Waiver Program:

☑ **Medicare Dual Eligible** --Individuals entitled to Medicare and eligible for some category of Medicaid benefits. (Section 1902(a)(10) and Section 1902(a)(10)(E))

☐ **Poverty Level Pregnant Women** -- Medicaid beneficiaries, who are eligible only while pregnant and for a short time after delivery. This population originally became eligible for Medicaid under the SOBRA legislation.

☐ **Other Insurance** --Medicaid beneficiaries who have other health insurance.

☑ **Reside in Nursing Facility or ICF/IID** --Medicaid beneficiaries who reside in Nursing Facilities (NF) or Intermediate Care Facilities for the Individuals with Intellectual Disabilities (ICF/IID).

☐ **Enrolled in Another Managed Care Program** --Medicaid beneficiaries who are enrolled in another Medicaid managed care program

☐ **Eligibility Less Than 3 Months** --Medicaid beneficiaries who would have less than three months of Medicaid eligibility remaining upon enrollment into the program.

☑ **Participate in HCBS Waiver** --Medicaid beneficiaries who participate in a Home and Community Based Waiver (HCBS, also referred to as a 1915(c) waiver).

☐ **American Indian/Alaskan Native** --Medicaid beneficiaries who are American Indians or Alaskan Natives and members of federally recognized tribes.

☐ **Special Needs Children (State Defined)** --Medicaid beneficiaries who are special needs children as defined by the State. Please provide this definition.

☐ **SCHIP Title XXI Children** ? Medicaid beneficiaries who receive services through the SCHIP program.

☑ **Retroactive Eligibility** ? Medicaid beneficiaries for the period of retroactive eligibility.

Additional Information. Please enter any additional information not included in previous pages:

Individuals enrolled in the MyCare Ohio program are excluded from the Medicaid managed care program and therefore excluded from enrollment in SPBM.

Individuals enrolled in a Medicaid managed care organization that are receiving Medicaid under the adult extension category under section 1902(a)(10)(A)(i)(VIII) of the Social Security Act, 42 U.S.C. 1396a(a)(10)(A)(i)(VIII) who reside in a NF are enrolled in the SPBM. All other individuals residing in a NF and/or ICF-IID are either covered under Medicaid FFS or enrolled in the MyCare Ohio program, are excluded from the Medicaid managed care program, and are therefore excluded from enrollment in the SPBM.

Individuals enrolled in the OhioRISE plan (acting as PIHP) and enrolled in a Medicaid managed care organization are enrolled in the SPBM.

Individuals enrolled in an Ohio Department of Developmental Disabilities (DODD) home and community-based services (HCBS) waiver or the OhioRISE HCBS waiver that are enrolled in a Medicaid managed care organization are enrolled in the SPBM. All other HCBS waiver individuals are excluded from enrollment in a Medicaid managed care organization and therefore are not enrolled in the SPBM.

Part I: Program Overview

F. Services (1 of 5)

List all services to be offered under the Waiver in Appendices D2.S. and D2.A of Section D, Cost-Effectiveness.

1. Assurances.

☑ The State assures CMS that services under the Waiver Program will comply with the following federal requirements:

- Services will be available in the same amount, duration, and scope as they are under the State Plan per 42 CFR 438.210(a)(2).
- Access to emergency services will be assured per section 1932(b)(2) of the Act and 42 CFR 438.114.
- Access to family planning services will be assured per section 1905(a)(4) of the Act and 42 CFR 431.51(b)

☑ The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of more of the regulatory requirements listed above for PIHP or PAHP programs. Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any. (See note below for limitations on requirements that may be waived).

☑ The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of 42 CFR 438.210(a)(2), 438.114, and 431.51 (Coverage of Services, Emergency Services, and Family Planning) as applicable. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

☐ This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply. The State assures CMS that services will be available in the same amount, duration, and scope as they are under the State Plan.

☑ The state assures CMS that it complies with Title I of the Medicare Modernization Act of 2003, in so far as these requirements are applicable to this waiver.

Note: Section 1915(b) of the Act authorizes the Secretary to waive most requirements of section 1902 of the Act for the purposes listed in sections 1915(b)(1)-(4) of the Act. However, within section 1915(b) there are prohibitions on waiving the following subsections of section 1902 of the Act for any type of waiver program:

- Section 1902(s) -- adjustments in payment for inpatient hospital services furnished to infants under age 1, and to children under age 6 who receive inpatient hospital services at a Disproportionate Share Hospital (DSH) facility.

- Sections 1902(a)(15) and 1902(bb) ? prospective payment system for FQHC/RHC
- Section 1902(a)(10)(A) as it applies to 1905(a)(2)(C) ? comparability of FQHC benefits among Medicaid beneficiaries
- Section 1902(a)(4)(C) -- freedom of choice of family planning providers
- Sections 1915(b)(1) and (4) also stipulate that section 1915(b) waivers may not waive freedom of choice of emergency services providers.

Part I: Program Overview

F. Services (2 of 5)

2. **Emergency Services.** In accordance with sections 1915(b) and 1932(b) of the Act, and 42 CFR 431.55 and 438.114, enrollees in an MCO, PIHP, PAHP, or PCCM must have access to emergency services without prior authorization, even if the emergency services provider does not have a contract with the entity.

   ☑ The PAHP, PAHP, or FFS Selective Contracting program does not cover emergency services.

   Emergency Services Category General Comments (optional):

   Emergency services are provided through an individual?s Medicaid managed care organization and are not included in the benefits offered through the SPBM.

3. **Family Planning Services.** In accordance with sections 1905(a)(4) and 1915(b) of the Act, and 42 CFR 431.51(b), prior authorization of, or requiring the use of network providers for family planning services is prohibited under the waiver program. Out-of-network family planning services are reimbursed in the following manner:

   ☐ The MCO/PIHP/PAHP will be required to reimburse out-of-network family planning services.

   ☐ The MCO/PIHP/PAHP will be required to pay for family planning services from network providers, and the State will pay for family planning services from out-of-network providers.

   ☐ The State will pay for all family planning services, whether provided by network or out-of-network providers.

   ☐ Other (please explain):

   ☑ Family planning services are not included under the waiver.

   Family Planning Services Category General Comments (optional):

   Family planning services are provided through an individual?s Medicaid managed care organization and are not included in the benefits offered through the SPBM.

F. Services (3 of 5)

4. **FQHC Services.** In accordance with section 2088.6 of the State Medicaid Manual, access to Federally Qualified Health Center (FQHC) services will be assured in the following manner:

☐ The program is **voluntary**, and the enrollee can disenroll at any time if he or she desires access to FQHC services. The MCO/PIHP/PAHP/PCCM is not required to provide FQHC services to the enrollee during the enrollment period.

☐ The program is **mandatory** and the enrollee is guaranteed a choice of at least one MCO/PIHP/PAHP/PCCM which has at least one FQHC as a participating provider. If the enrollee elects not to select a MCO/PIHP/PAHP/PCCM that gives him or her access to FQHC services, no FQHC services will be required to be furnished to the enrollee while the enrollee is enrolled with the MCO/PIHP/PAHP/PCCM he or she selected. Since reasonable access to FQHC services will be available under the waiver program, FQHC services outside the program will not be available. Please explain how the State will guarantee all enrollees will have a choice of at least one MCO/PIHP/PAHP/PCCM with a participating FQHC:

☑ The program is **mandatory** and the enrollee has the right to obtain FQHC services **outside** this waiver program through the regular Medicaid Program.

FQHC Services Category General Comments (optional):

The SPBM pays for pharmacy services provided by an FQHC to SPBM members regardless of network status through the Gainwell Pharmacy Network Agreement or a single case agreement.

5. EPSDT Requirements.

☑ The managed care programs(s) will comply with the relevant requirements of sections 1905(a)(4)(b) (services), 1902(a)(43) (administrative requirements including informing, reporting, etc.), and 1905(r) (definition) of the Act related to Early, Periodic Screening, Diagnosis, and Treatment (EPSDT) program.

6. 1915(b)(3) Services.

☐ This waiver includes 1915(b)(3) expenditures. The services must be for medical or health-related care, or other services as described in 42 CFR Part 440, and are subject to CMS approval. Please describe below what these expenditures are for each waiver program that offers them. Include a description of the populations eligible, provider type, geographic availability, and reimbursement method.

1915(b)(3) Services Requirements Category General Comments:

7. Self-referrals.

☑ The State requires MCOs/PIHPs/PAHPs/PCCMs to allow enrollees to self-refer (i.e. access without prior

authorization) under the following circumstances or to the following subset of services in the MCO/PIHP/PAHP/PCCM contract:

Self-referrals Requirements Category General Comments:

SPBM enrollees can access any in network pharmacy provider enrolled as an ODM provider.

8. Other.

☑ Other (Please describe)

The SPBM only provides pharmacy services. Access to emergency services and family planning services are through the individual?s Medicaid managed care organization.

Individuals with Medicare Part D coverage are excluded from Medicaid managed care enrollment and are covered either under Medicaid FFS or the MyCare Ohio program. These individuals are not enrolled in the SPBM.

A. Timely Access Standards (1 of 7)

Each State must ensure that all services covered under the State plan are available and accessible to enrollees of the 1915(b) Waiver Program. Section 1915(b) of the Act prohibits restrictions on beneficiaries? access to emergency services and family planning services.

1. Assurances for MCO, PIHP, or PAHP programs

☑ The State assures CMS that it complies with section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability of Services; in so far as these requirements are applicable.

☐ The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

☑ The CMS Regional Office has reviewed and approved the MCO, PIHP, or PAHP contracts for compliance with

the provisions of section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability of Services. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

If the 1915(b) Waiver Program does not include a PCCM component, please continue with Part II.B. Capacity Standards.

2. Details on MCO/PIHP/PAHP enrollees with special health care needs.

The following items are required.

a. ☑ The plan is a PIHP/PAHP, and the State has determined that based on the plan?s scope of services, and how the State has organized the delivery system, that the **PIHP/PAHP need not meet the requirements** for additional services for enrollees with special health care needs in 42 CFR 438.208.

Please provide justification for this determination:

The SPBM only provides pharmacy services to enrolled members. Assessments and treatment plans for individuals with special health care needs are completed by the individual?s Medicaid managed care organization. If necessary, information is shared by the MCO to the SPBM to ensure a member?s special health care needs are met.

b. ☐ **Identification**. The State has a mechanism to identify persons with special health care needs to MCOs, PIHPs, and PAHPs, as those persons are defined by the State.

Please describe:

c. ☐ **Assessment**. Each MCO/PIHP/PAHP will implement mechanisms, using appropriate health care professionals, to assess each enrollee identified by the State to identify any ongoing special conditions that require a course of treatment or regular care monitoring. Please describe:

Please describe the enrollment limits and how each is determined:

d. ☐ **Treatment Plans**. For enrollees with special health care needs who need a course of treatment or regular care monitoring, the State requires the MCO/PIHP/PAHP to produce a treatment plan.If so, the treatment plan meets the following requirements:

1. ☐ Developed by enrollees? primary care provider with enrollee participation, and in consultation with any specialists? care for the enrollee.
2. ☐ Approved by the MCO/PIHP/PAHP in a timely manner (if approval required by plan).

3. ☐ In accord with any applicable State quality assurance and utilization review standards.

Please describe:

e. ☐ **Direct access to specialists**. If treatment plan or regular care monitoring is in place, the MCO/PIHP/PAHP has a mechanism in place to allow enrollees to directly access specialists as appropriate for enrollee?s condition and identified needs.

b. ☐ Each enrollee selects or is assigned to a designated **designated health care practitioner** who is primarily responsible for coordinating the enrollee?s overall health care.

c. ☐ Each enrollee is receives **health education/promotion** information.

Please explain:

d. ☐ Each provider maintains, for Medicaid enrollees, **health records** that meet the requirements established by the State, taking into account professional standards.

e. ☐ There is appropriate and confidential **exchange of information** among providers.

f. ☐ Enrollees receive information about specific health conditions that require **follow-up** and, if appropriate, are given training in self-care.

g. ☐ Primary care case managers **address barriers** that hinder enrollee compliance with prescribed treatments or regimens, including the use of traditional and/or complementary medicine.

h. ☐ **Additional case management** is provided.

Please include how the referred services and the medical forms will be coordinated among the practitioners, and documented in the primary care case manager?s files.

c. ☐ **Selection and Retention of Providers**: This section provides the State the opportunity to describe any requirements, policies or procedures it has in place to allow for the review and documentation of qualifications and other relevant information pertaining to a provider who seeks a contract with the State or PCCM administrator as a PCCM. This section is required if the State has applied for a 1915(b)(4) waiver that will be applicable to the PCCM program.
Please check any processes or procedures listed below that the State uses in the process of selecting and retaining PCCMs. The State (please check all that apply):

1. ☐ Has a documented process for selection and retention of PCCMs (please submit a copy of that

documentation).

2. ☐ Has an initial credentialing process for PCCMs that is based on a written application and site visits as appropriate, as well as primary source verification of licensure, disciplinary status, and eligibility for payment under Medicaid.
3. ☐ Has a recredentialing process for PCCMs that is accomplished within the time frame set by the State and through a process that updates information obtained through the following (check all that apply):
   - **A.** ☐ Initial credentialing
   - **B.** ☐ Performance measures, including those obtained through the following (check all that apply):
     - ☐ The utilization management system.
     - ☐ The complaint and appeals system.
     - ☐ Enrollee surveys.
     - ☐ Other.

       Please describe:
4. ☐ Uses formal selection and retention criteria that do not discriminate against particular providers such as those who serve high risk populations or specialize in conditions that require costly treatment.
5. ☐ Has an initial and recredentialing process for PCCMs other than individual practitioners (e.g., rural health clinics, federally qualified health centers) to ensure that they are and remain in compliance with any Federal or State requirements (e.g., licensure).
6. ☐ Notifies licensing and/or disciplinary bodies or other appropriate authorities when suspensions or terminations of PCCMs take place because of quality deficiencies.

☑ The State conducts outreach to inform potential enrollees, providers, and other interested parties of the managed care program.

Please describe the outreach process, and specify any special efforts made to reach and provide information to special populations included in the waiver program:

ODM has distributed Gainwell approved language to the MCOs who distribute it to their members. This outreach includes general information about the SPBM, enrollment notices, and information on how to obtain additional information.

b. Administration of Enrollment Process

☑ State staff conducts the enrollment process.

☐ The State contracts with an independent contractor(s) (i.e., enrollment broker) to conduct the enrollment process and related activities.

☐ The State assures CMS the enrollment broker contract meets the independence and freedom from conflict of interest requirements in section 1903(b) of the Act and 42 CFR 438.810.

Broker name:

Please list the functions that the contractor will perform:

☐ choice counseling

☐ enrollment

☐ other

Please describe:

☐ State allows MCO/PIHP/PAHP or PCCM to enroll beneficiaries.

Please describe the process:

c. Enrollment . The State has indicated which populations are mandatorily enrolled and which may enroll on a voluntary basis in Section A.I.E.

☐ This is a **new** program.

Please describe the **implementation schedule** (e.g. implemented statewide all at once; phased in by area; phased in by population, etc.):

☐ This is an **existing program** that will be expanded during the renewal period.

*Please describe:*Please describe the **implementation schedule** (e.g. new population implemented statewide all at once; phased in by area; phased in by population, etc.):

☐ If a potential enrollee **does not select** an MCO/PIHP/PAHP or PCCM within the given time frame, the potential enrollee will be **auto-assigned** or default assigned to a plan.

i. ☐ Potential enrollees will have ○ **day(s)** / ○ **month(s)** to choose a plan.

ii. ☐ There is an auto-assignment process or algorithm.

In the description please indicate the factors considered and whether or not the auto-assignment process assigns persons with special health care needs to an MCO/PIHP/PAHP/PCCM who is their current provider or who is capable of serving their particular needs:

☑ The State automatically enrolls beneficiaries.

☐ on a mandatory basis into a single MCO, PIHP, or PAHP in a rural area (please also check item A.I.C.3).

☑ on a mandatory basis into a single PIHP or PAHP for which it has requested a waiver of the requirement

of choice of plans (please also check item A.I.C.1).

☐ on a voluntary basis into a single MCO, PIHP, or PAHP. The State must first offer the beneficiary a choice. If the beneficiary does not choose, the State may enroll the beneficiary as long as the beneficiary can opt out at any time without cause.

Please specify geographic areas where this occurs:

☐ The State provides **guaranteed eligibility** of ☐ months (maximum of 6 months permitted) for MCO/PCCM enrollees under the State plan.

☐ The State allows otherwise mandated beneficiaries to request **exemption** from enrollment in an MCO/PIHP/PAHP/PCCM.

Please describe the circumstances under which a beneficiary would be eligible for exemption from enrollment. In addition, please describe the exemption process:

☐ The State **automatically re-enrolls** a beneficiary with the same PCCM or MCO/PIHP/PAHP if there is a loss of Medicaid eligibility of 2 months or less.

C. Enrollment and Disenrollment (5 of 6)

2. Details (Continued)

d. Disenrollment

☐ The State allows enrollees to **disenroll** from/transfer between MCOs/PIHPs/PAHPs and PCCMs. Regardless of whether plan or State makes the determination, determination must be made no later than the first day of the second month following the month in which the enrollee or plan files the request. If determination is not made within this time frame, the request is deemed approved.

- **i.** ☐ Enrollee submits request to State.
- **ii.** ☐ Enrollee submits request to MCO/PIHP/PAHP/PCCM. The entity may approve the request, or refer it to the State. The entity may not disapprove the request.
- **iii.** ☐ Enrollee must seek redress through MCO/PIHP/PAHP/PCCM grievance procedure before determination will be made on disenrollment request.

☑ The State **does not permit disenrollment** from a single PIHP/PAHP (authority under 1902 (a)(4) authority must be requested), or from an MCO, PIHP, or PAHP in a rural area.

☐ The State has a **lock-in** period (i.e. requires continuous enrollment with MCO/PIHP/PAHP/PCCM) of ☐ months (up to 12 months permitted). If so, the State assures it meets the requirements of 42 CFR 438.56(c).

Please describe the good cause reasons for which an enrollee may request disenrollment during the lock-in period (in addition to required good cause reasons of poor quality of care, lack of access to covered services, and lack of access to providers experienced in dealing with enrollee?s health care needs):

☐ The State does not have a **lock-in**, and enrollees in MCOs/PIHPs/PAHPs and PCCMs are allowed to terminate or change their enrollment without cause at any time. The disenrollment/transfer is effective no later than the first day of the second month following the request.

☐ The State permits **MCOs/PIHPs/PAHPs and PCCMs to request disenrollment** of enrollees.

i. ☐ MCO/PIHP/PAHP and PCCM can request reassignment of an enrollee.

Please describe the reasons for which enrollees can request reassignment

ii. ☐ The State reviews and approves all MCO/PIHP/PAHP/PCCM-initiated requests for enrollee transfers or disenrollments.

iii. ☐ If the reassignment is approved, the State notifies the enrollee in a direct and timely manner of the desire of the MCO/PIHP/PAHP/PCCM to remove the enrollee from its membership or from the PCCM?s caseload.

iv. ☐ The enrollee remains an enrollee of the MCO/PIHP/PAHP/PCCM until another MCO/PIHP/PAHP/PCCM is chosen or assigned.

D. Enrollee Rights (1 of 2)

1. Assurances

☑ The State assures CMS that it complies with section 1932(a)(5)(B)(ii) of the Act and 42 CFR 438 Subpart C Enrollee Rights and Protections.

☐ The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

☑ The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of section 1932(a)(5)(B)(ii) of the Act and 42 CFR Subpart C Enrollee Rights and Protections. If this is an initial waiver, the State assures that contracts that comply with these provisions will

be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

☐ This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply.

☑ The State assures CMS it will satisfy all HIPAA Privacy standards as contained in the HIPAA rules found at 45 CFR Parts 160 and 164.

E. Grievance System (1 of 5)

1. **Assurances for All Programs** States, MCOs, PIHPs, PAHPs, and States in PCCM and FFS selective contracting programs are required to provide Medicaid enrollees with access to the State fair hearing process as required under 42 CFR 431 Subpart E, including:

    a. informing Medicaid enrollees about their fair hearing rights in a manner that assures notice at the time of an action,

    b. ensuring that enrollees may request continuation of benefits during a course of treatment during an appeal or reinstatement of services if State takes action without the advance notice and as required in accordance with State Policy consistent with fair hearings. The State must also inform enrollees of the procedures by which benefits can be continued for reinstated, and

    c. other requirements for fair hearings found in 42 CFR 431, Subpart E.

    ☑ The State assures CMS that it complies with section 1932(a)(4) of the Act and 42 CFR 438.56 Disenrollment; in so far as these regulations are applicable.

Section A: Program Description

Part IV: Program Operations

E. Grievance System (2 of 5)

2. **Assurances For MCO or PIHP programs**. MCOs/PIHPs are required to have an internal grievance system that allows an enrollee or a provider on behalf of an enrollee to challenge the denial of coverage of, or payment for services as required by section 1932(b)(4) of the Act and 42 CFR 438 Subpart H.

    ☐ The State assures CMS that it complies with section 1932(b)(4) of the Act and 42 CFR 438 Subpart F Grievance System, in so far as these regulations are applicable.

    Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

    ☐ The CMS Regional Office has reviewed and approved the MCO or PIHP contracts for compliance with the

provisions of section 1932(b)(4) of the Act and 42 CFR 438 Subpart F Grievance System. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

3. Details for MCO or PIHP programs

a. Direct Access to Fair Hearing

☐ The State **requires** enrollees to **exhaust** the MCO or PIHP grievance and appeal process before enrollees may request a state fair hearing.

☐ The State **does not require** enrollees to **exhaust** the MCO or PIHP grievance and appeal process before enrollees may request a state fair hearing.

b. Timeframes

☐ The State?s timeframe within which an enrollee, or provider on behalf of an enrollee, must file an **appeal** is [ ] days (between 20 and 90).

☐ The State?s timeframe within which an enrollee must file a **grievance** is [ ] days.

c. Special Needs

☐ The State has special processes in place for persons with special needs.

Please describe:

E. Grievance System (4 of 5)

4. Optional grievance systems for PCCM and PAHP programs. States, at their option, may operate a PCCM and/or PAHP grievance procedure (distinct from the fair hearing process) administered by the State agency or the PCCM and/or PAHP that provides for prompt resolution of issues. These grievance procedures are strictly voluntary and may not interfere with a PCCM, or PAHP enrollee?s freedom to make a request for a fair hearing or a PCCM or PAHP enrollee?s direct access to a fair hearing in instances involving terminations, reductions, and suspensions of already authorized Medicaid covered services.

☑ The State has a grievance procedure for its ☐ PCCM and/or ☑ PAHP program characterized by the following (please check any of the following optional procedures that apply to the optional PCCM/PAHP grievance procedure): The grievance procedures are operated by:

☐ the State

☐ the State?s contractor.

Please identify: [ ]

☐ the PCCM

☑ the PAHP

☑ Requests for review can be made in the PCCM and/or PAHP grievance system (e.g. grievance, appeals):

Please describe:

Gainwell has a Grievance and Appeals department where members can submit a grievance at any time through various delivery methods.

☑ Has a committee or staff who review and resolve requests for review.

Please describe if the State has any specific committee or staff composition or if this is a fiscal agent, enrollment broker, or PCCM administrator function:

Gainwell has a Grievance and Appeals department where members can submit a grievance at any time through various delivery methods.

☐ Specifies a time frame from the date of action for the enrollee to file a request for review.

Please specify the time frame for each type of request for review:

☑ Has time frames for resolving requests for review.

Specify the time period set for each type of request for review:

Grievance resolutions, including member notification, shall meet the following time frames:
(a) Within two business days if the grievance is regarding access to services.
(b) Within thirty calendar days of receipt for non claims-related grievances except if regarding access to services.
(c) Within sixty calendar days for claims-related grievances.

☑ Establishes and maintains an expedited review process.

Please explain the reasons for the process and specify the time frame set by the State for this process:

Within two business days if the grievance is regarding access to services.

☐ Permits enrollees to appear before State PCCM/PAHP personnel responsible for resolving the request for review.

☑ Notifies the enrollee in writing of the decision and any further opportunities for additional review, as well as the procedures available to challenge the decision.

☑ Other.

Please explain:

An enrollee may file a grievance at any time.

F. Program Integrity (1 of 3)

1. Assurances

☑ The State assures CMS that it complies with section 1932(d)(1) of the Act and 42 CFR 438.610 Prohibited Affiliations with Individuals Barred by Federal Agencies. The State assures that it prohibits an MCO, PCCM, PIHP, or PAHP from knowingly having a relationship listed below with:

1. An individual who is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in nonprocurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, or
2. An individual who is an affiliate, as defined in the Federal Acquisition Regulation, of a person described above.

The prohibited relationships are:

1. A director, officer, or partner of the MCO, PCCM, PIHP, or PAHP;
2. A person with beneficial ownership of five percent or more of the MCO?s, PCCM?s, PIHP?s, or PAHP?s equity;
3. A person with an employment, consulting or other arrangement with the MCO, PCCM, PIHP, or PAHP for the provision of items and services that are significant and material to the MCO?s, PCCM?s, PIHP?s, or PAHP?s obligations under its contract with the State.

☑ The State assures that it complies with section 1902(p)(2) and 42 CFR 431.55, which require section 1915(b) waiver programs to exclude entities that:

1. Could be excluded under section 1128(b)(8) of the Act as being controlled by a sanctioned individual;
2. Has a substantial contractual relationship (direct or indirect) with an individual convicted of certain crimes described in section 1128(b)(8)(B) of the Act;
3. Employs or contracts directly or indirectly with an individual or entity that is
   a. precluded from furnishing health care, utilization review, medical social services, or administrative services pursuant to section 1128 or 1128A of the Act, or
   b. could be exclude under 1128(b)(8) as being controlled by a sanctioned individual.

2. Assurances For MCO or PIHP programs

☐ The State assures CMS that it complies with section 1932(d)(1) of the Act and 42 CFR 438.608 Program Integrity Requirements, in so far as these regulations are applicable.

☐ State payments to an MCO or PIHP are based on data submitted by the MCO or PIHP. If so, the State assures CMS that it is in compliance with 42 CFR 438.604 Data that must be Certified, and 42 CFR 438.606 Source, Content, Timing of Certification.

☐ The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

☐ The CMS Regional Office has reviewed and approved the MCO or PIHP contracts for compliance with the provisions of section 1932(d)(1) of the Act and 42 CFR 438.604 Data that must be Certified; 438.606 Source, Content , Timing of Certification; and 438.608 Program Integrity Requirements. Section B: Monitoring Plan

Part I: Summary Chart of Monitoring Activities

Summary of Monitoring Activities (3 of 3)

The charts in this section summarize the activities used to monitor major areas of the waiver program. The purpose is to provide a ?big picture? of the monitoring activities, and that the State has at least one activity in place to monitor each of the areas of the waiver that must be monitored.

Please note:

- **MCO, PIHP, and PAHP** programs:
  - There must be at least one checkmark in each column.
- **PCCM and FFS selective contracting** programs:
  - There must be at least one checkmark in each column under ?Evaluation of Program Impact.?
  - There must be at least one check mark in one of the three columns under ?Evaluation of Access.?
  - There must be at least one check mark in one of the three columns under ?Evaluation of Quality.?

Section B: Monitoring Plan

Part II: Details of Monitoring Activities

Details of Monitoring Activities by Authorized Programs

For each program authorized by this waiver, please provide the details of its monitoring activities by editing each program listed below.

Programs Authorized by this Waiver:

Program	Type of Program
SPBM	PAHP;

Note: If no programs appear in this list, please define the programs authorized by this waiver on the

Section B: Monitoring Plan

Part II: Details of Monitoring Activities

Program Instance: Single Pharmacy Benefit Manager

Please check each of the monitoring activities below used by the State. A number of common activities are listed below, but the State may identify any others it uses. If federal regulations require a given activity, this is indicated just after the name of the activity. If the State does not use a required activity, it must explain why.
For each activity, the state must provide the following information:

- Personnel responsible (e.g. state Medicaid, other state agency, delegated to plan, EQR, other contractor)
- Detailed description of activity
- Frequency of use
- How it yields information about the area(s) being monitored

a. ☐ **Accreditation for Non-duplication** (i.e. if the contractor is accredited by an organization to meet certain access, structure/operation, and/or quality improvement standards, and the state determines that the organization?s standards are at least as stringent as the state-specific standards required in 42 CFR 438 Subpart D, the state deems the contractor to be in compliance with the state-specific standards)

c. ☑ **Consumer Self-Report data**

Activity Details:

-Applicable programs: A grievance reporting system, EOB mailings, FWA referrals.

-Personnel responsible: SPBM and ODM both monitor these items.

-Detailed description of activity: A grievance reporting system is monitored by SPBM in real time and reported to ODM on a monthly basis. Explanation of Benefits mailings are performed and monitored by SPBM annually and results are reviewed by ODM. Finally, Fraud Waste, and Abuse referrals are monitored by SPBM in real time and reported to ODM via standard operating procedures. Additionally, Gainwell administers customer satisfaction surveys.

-Frequency of use: Grievance reporting system is used daily and monitored monthly, EOB mailings are used and monitored annually, FWA referrals are used daily as needed.

-How it yields information about area being monitored: This consumer self-reported data gives us insight into system issues and stakeholder experiences.

☐ **CAHPS**

Please identify which one(s):

☐ **State-developed survey**

☐ **Disenrollment survey**

☐ **Consumer/beneficiary focus group**

d. ☐ **Data Analysis (non-claims)**

Please describe:

e. ☑ **Enrollee Hotlines**

Activity Details:

-Applicable programs: Enrollee Hotline

-Personnel responsible: SPBM manages this hotline, both SPBM and ODM monitor this hotline.

-Detailed description of activity: SPBM has a customer service center that is divided between technical and clinical calls. There are functional requirements that the customer service center must meet including but not limited to staffing, access, and timeliness of the hotline. Examples include requiring a minimum of 99% of all calls to be resolved during the initial call, 90% of calls answered within 30 seconds, 95% capture rate, and call back inquiries returned within one business day of receipt. All calls are recorded and retained for quality assurance with the ability to be retrieved and reviewed. SPBM has an ODM approved quality process to ensure communications are answered in a prompt and professional manner and routed correctly. SPBM utilizes a caller satisfaction methodology. SPBM performs quarterly self-audits of customer service center inquiries to ensure appropriateness, accuracy, and timeliness. SPBM monitors, tracks, and reports call values and statistics monthly to ODM. Additionally, SPBM provides ODM with unrestricted access to monitor all live incoming and outgoing customer service center activity.

-Frequency of use: This hotline is used daily, monitoring is done by SPBM daily, and by ODM weekly and monthly.

-How it yields information about area being monitored: This gives insight into stakeholder experiences and the metrics of the call center.

f. ☐ **Focused Studies** (detailed investigations of certain aspects of clinical or non-clinical services at a point in time, to answer defined questions. Focused studies differ from performance improvement projects in that they do not require demonstrable and sustained improvement in significant aspects of clinical care and non-clinical service)

Activity Details:

g. ☑ **Geographic mapping**

Activity Details:

-Applicable programs: Geographic Mapping

-Personnel responsible: SPBM performs geographic mapping, both SPBM and ODM monitor.

-Detailed description of activity: ODM and SPBM utilize a time and distance geo-mapping software that uses the Euclidean metric to measure the maximum time and distance between members and providers. The SPBM ensures that at least 90% of SPBM?s membership residing in a given county has access to at least one pharmacy within the time and distance standards.

Geographic mapping was performed at go-live and quarterly thereafter. No significant changes in SPBM operations have occurred that affected capacity and services to necessitate ad hoc geographic mapping.

-Frequency of use: This is performed quarterly and as needed.

-How it yields information about area being monitored: This monitoring helps to ensure an adequate network and minimizes access to care issues.

h. ☑ **Independent Assessment** (Required for first two waiver periods)

Activity Details:

-Applicable programs: Independent Assessment

-Personnel responsible: ODM has partnered with Mercer to perform the independent assessment.

-Detailed description of activity: ODM elected to use the EQRO, IPRO, and another vendor, the Ohio State University?s Government Resource Center (GRC) to produce the independent assessment required for the previous waiver period in accordance with CMS? Independent Assessment Requirement for Section 1915(b) Waiver Programs. The first independent assessment report included an evaluation of access to care, quality of care, and cost effectiveness covering the initial waiver period of October 1, 2022, through September 30, 2023. The most recent independent assessment was repeated in 2026 by the new EQRO that is contracted with ODM, Mercer.

-Frequency of use: This is done for each of the first two submissions of the 1915b waiver renewal.

-How it yields information about area being monitored: This provides a holistic view of the SPBM program and numerous business areas within the program.

i. ☑ **Measure any Disparities by Racial or Ethnic Groups**

Activity Details:

-Applicable programs: Measurement of disparities by racial or ethnic groups

-Personnel responsible: ODM and SPBM perform and monitor this.

-Detailed description of activity: SPBM collects data on disparities among demographics, including but not limited to racial and ethnic groups. This data is reviewed monthly and is used to dictate future improvement interventions.

-Frequency of use: This is performed and monitored monthly.

-How it yields information about area being monitored: This assists in creation and auditing of coverage and benefits policies and highlights stakeholder experiences.

j. ☑ **Network Adequacy Assurance by Plan** [Required for MCO/PIHP/PAHP]

Activity Details:

-Applicable programs: Network Adequacy Reporting

-Personnel responsible: SPBM provides this reporting, SPBM and ODM both monitor this.

-Detailed description of activity: The SPBM ensures that an adequate pharmacy network exists by attempting to contract with all ODM- enrolled pharmacies that are active in ODM?s provider network management system. The SPBM complies with all state and federal provider network requirements including but not limited to Ohio Admin. Code 5160-26-05, 42 CFR 438.206, 42 CFR 438.207, and contractual requirements. Timely access is provided for all medically necessary covered services to all members, including those with limited English proficiency or physical or mental disabilities. The SPBM monitors compliance with provider network requirements and corrective action is taken as needed. ODM monitors access and availability using multiple data sources, including but not limited to member complaints, member grievances, appeals, member satisfaction surveys, provider complaints, quality data, performance measures, utilization data, and demographic data. Network adequacy reports including appropriate range of pharmacy services, sufficient number/mix/geographic distribution is submitted quarterly, any time there is a significant change in operations, any time there is enrollment of a new population, or as requested by ODM.

-Frequency of use: This is submitted and monitored quarterly and when there are any changes to enrollment of a new population.

-How it yields information about area being monitored: This monitoring helps to ensure an adequate network and minimize access to care issues.

k. ☐ **Ombudsman**

Activity Details:

l. ☑ **On-Site Review**

Activity Details:

-Applicable programs: On-site Review

-Personnel responsible: ODM partners with our contracted EQRO vendor (formerly IPRO, now Mercer) for on-site reviews, including comprehensive administrative reviews.

-Detailed description of activity: ODM and SPBM have participated in several on-site review processes to evaluate readiness. In the spring and summer of 2022, the following reviews occurred:
1.Vendor readiness review with Mercer, final feedback submitted
2.Operational readiness review with CMS, final feedback submitted

The SPBM also participated in a comprehensive administrative review with IPRO in the Spring of 2025. The standards subject to the review included applicable federal regulations specified in the CMS EQR protocols including but not limited to coverage and authorization of services, grievance and appeal systems, subcontractual relationships and delegation, practice guidelines, and quality assessment and performance improvement programs. The review will be completed at least once every three years to comply with 42 CFR 438.358; however, focused reviews may occur on a more frequent basis at the discretion of ODM. Information from the review is used to determine compliance with state and federal regulations. If the EQRO identifies areas of non-compliance, the SPBM is required to develop and implement a Corrective Action Plan in order to remedy the deficiency.

-Frequency of use: This will be performed at least once every three years, or more frequently, as needed.

-How it yields information about area being monitored: This provides a holistic view of the SPBM program and numerous business areas within the program and is used to determine compliance with state and federal regulations.

m. ☑ **Performance Improvement Projects** [Required for MCO/PIHP]

Activity Details:

-Applicable programs: Performance Improvement Projects

-Personnel responsible: ODM and Gainwell partner to perform these projects, ODM monitors progress.

-Detailed description of activity: The SPBM performs clinical and non-clinical improvement projects that improve population health across the care continuum. The SPBM conducts improvement projects that ODM requires in coordination with other ODM-contracted managed care entities. SPBM designates a member of the senior QI leadership team as a sponsor to each project and follows rapid cycle quality improvement science techniques and monthly and yearly reporting, etc. These projects are completed yearly.

-Frequency of use: These projects are performed as needed based on data identified.

-How it yields information about area being monitored: This yields various information depending on the focus of each improvement project.

☑ **Clinical**

☑ **Non-clinical**

n. ☑ **Performance Measures** [Required for MCO/PIHP]

Activity Details:

-Applicable programs: Performance Measures

-Personnel responsible: ODM calculates these measures, SPBM and ODM monitor these measures.

-Detailed description of activity:
HEDIS AMR: Asthma Medication Ratio. In this measure, ODM utilizes SPBM to monitor disease control for the pediatric and adult population. Asthma is a disease state with great disparity with the disease burden falling largely on minority populations. Monitoring adherence to controller medications is part of an overarching goal to improve health outcomes. ODM uses SPBM?s ability to gather pharmacy prescription claims data to implement strategies aimed at improving asthma health in underserved populations. Please note that HEDIS retired the AMR measure beginning HEDIS Measurement Year 2026. In fall 2025, ODM and SPBM began tracking an ODM developed replacement measure, Asthma Controller Medication (ACM). The ACM measure tracks the percentage of children with persistent asthma who have at least one claim for a specified asthma controller medication in the previous 180 days. ACM will be tracked in place of AMR beginning in calendar year 2026.
HEDIS POD: Pharmacotherapy for Opioid Use Disorder. ODM utilizes SPBM to enhance efforts in the treatment of opioid use disorder and began to identify provider best practices. SPBM works jointly with managed care entities (MCEs) to improve access to care and increase rates of treatment. oHEDIS SAA: Adherence to Antipsychotic Medications for Individuals with Schizophrenia. Because behavioral health is a focus at ODM, SPBM measures adherence to antipsychotic medications in members with schizophrenia. ODM sets goals to improve medication adherence that will have a meaningful impact on relapse and hospitalization rates in this population.
HEDIS APM: Metabolic Monitoring for Children and Adolescents on Antipsychotics. SPBM works with the MCEs and OhioRISE to address behavioral health needs of children and provide fully integrated care. With the new model, SPBM utilizes centralized data to support care coordination provided by an entity entirely focused on the special needs of multi-system youth.
These performance measures are used to monitor member health processes and outcomes, access to care, and utilization of services, and are aligned with ODM?s overall quality strategy. Using a population health approach, ODM?s quality strategy defines specific subpopulations on which to focus monitoring activities. These population streams were developed based on prevalence and cost analysis of Covered Families and Children (CFC) and the Aged, Blind, and Disabled (ABD) child and adult populations in Ohio?s Medicaid program. Chosen HEDIS performance measures selected for this waiver align with at-risk populations served by SPBM. Data collected breaks out regional differences along with member and prescriber attributes. These measures are monitored annually and reported to by ODM.

-Frequency of use: These measures are calculated and monitored annually.

-How it yields information about area being monitored: This information helps to guide future utilization management work and performance improvement projects.

-Personnel responsible: ODM partners with SPBM on this work, ODM performs monitoring activities.

-Detailed description of activity: SPBM participates in the State?s Drug Utilization Review (DUR) program, which is a provider-oriented, educational outreach program designed to alert prescribers and pharmacists to inappropriate or medically unnecessary care. The purpose of this program is to safeguard the health of Medicaid consumers, to assess the appropriateness of drug therapy, and to reduce frequency of fraud, abuse, and gross overuse. The SPBM participates in both the DUR Committee (monthly) and Board (quarterly) meetings. The Committee and Board are overseen by ODM.

-Frequency of use: This is performed and monitored monthly.

-How it yields information about area being monitored: The information that is gathered assists in creation and auditing of coverage and benefits policies and highlights stakeholder experiences. This also is used to gauge overall population health impacts and potential FWA scenarios.

Section C: Monitoring Results

Renewal Waiver Request

Section 1915(b) of the Act and 42 CFR 431.55 require that the State must document and maintain data regarding the effect of the waiver on the accessibility and quality of services as well as the anticipated impact of the project on the State?s Medicaid program. In Section B of this waiver preprint, the State describes how it will assure these requirements are met. For an initial waiver request, the State provides assurance in this Section C that it will report on the results of its monitoring plan when it submits its waiver renewal request. For a renewal request, the State provides evidence that waiver requirements were met for the most recent waiver period. Please use Section D to provide evidence of cost-effectiveness.

CMS uses a multi-pronged effort to monitor waiver programs, including rate and contract review, site visits, reviews of External Quality Review reports on MCOs/PIHPs, and reviews of Independent Assessments. CMS will use the results of these activities and reports along with this Section to evaluate whether the Program Impact, Access, and Quality requirements of the waiver were met.

This is a renewal request.

- ○ **This is the first time the State is using this waiver format to renew an existing waiver.**The State provides below the results of the monitoring activities conducted during the previous waiver period.
- ● **The State has used this format previously**The State provides below the results of the monitoring activities conducted during the previous waiver period.

For each of the monitoring activities checked in Section B of the previous waiver request, the State should:

- **Confirm** it was conducted as described in Section B of the previous waiver preprint. If it was not done as described, please explain why.
- **Summarize the results** or findings of each activity. CMS may request detailed results as appropriate.
- **Identify problems** found, if any.
- **Describe plan/provider-level corrective action**, if any, that was taken. The State need not identify the provider/plan by name, but must provide the rest of the required information.
- **Describe system-level program changes**, if any, made as a result of monitoring findings.

The Monitoring Activities were conducted as described:

● **Yes** ○ **No**

If No, please explain:

A. Assurances

a. [Required] Through the submission of this waiver, the State assures CMS:

- The fiscal staff in the Medicaid agency has reviewed these calculations for accuracy and attests to their correctness.
- The State assures CMS that the actual waiver costs will be less than or equal to or the State?s waiver cost projection.
- Capitated rates will be set following the requirements of 42 CFR 438.6(c) and will be submitted to the CMS Regional Office for approval.
- Capitated 1915(b)(3) services will be set in an actuarially sound manner based only on approved 1915(b)(3) services and their administration subject to CMS RO prior approval.
- The State will monitor, on a regular basis, the cost-effectiveness of the waiver (for example, the State may compare the PMPM Actual Waiver Cost from the CMS 64 to the approved Waiver Cost Projections). If changes are needed, the State will submit a prospective amendment modifying the Waiver Cost Projections.
- The State will submit quarterly actual member month enrollment statistics by MEG in conjunction with the State?s submitted CMS-64 forms.

- (●) **date of payment.**
- ( ) **date of service within date of payment. The State understands the additional reporting requirements in the CMS-64 and has used the cost effectiveness spreadsheets designed specifically for reporting by date of service within day of payment. B. Expedited or Comprehensive Test

To provide information on the waiver program to determine whether the waiver will be subject to the Expedited or Comprehensive cost effectiveness test. *Note: All waivers, even those eligible for the Expedited test, are subject to further review at the discretion of CMS and OMB.*

b. ☐ The State provides additional services under 1915(b)(3) authority.

c. ☐ The State makes enhanced payments to contractors or providers.

d. ☐ The State uses a sole-source procurement process to procure State Plan services under this waiver.

e. ☐ The State uses a sole-source procurement process to procure State Plan services under this waiver. *Note: do not mark this box if this is a waiver for transportation services and dental pre-paid ambulatory health plans (PAHPs) that has overlapping populations with another waiver meeting one of these three criteria. For transportation and dental waivers alone, States do not need to consider an overlapping population with another waiver containing additional services, enhanced payments, or sole source procurement as a trigger for the comprehensive waiver test. However, if the transportation services or dental PAHP waiver meets the criteria in a, b, or c for additional services, enhanced payments, or sole source procurement then the State should mark the appropriate box and process the waiver using the Comprehensive Test.*

If you marked any of the above, you must complete the entire preprint and your renewal waiver is subject to the Comprehensive Test. If you did not mark any of the above, your renewal waiver (not conversion or initial waiver) is subject to the Expedited Test:

- Do not complete ***Appendix D3***
- Your waiver will not be reviewed by OMB *at the discretion of CMS and OMB.*

The following questions are to be completed in conjunction with the Worksheet Appendices. All narrative explanations should be included in the preprint. Where further clarification was needed, we have included additional information in the preprint.

D. PCCM portion of the waiver only: Reimbursement of PCCM Providers

Under this waiver, providers are reimbursed on a fee-for-service basis. PCCMs are reimbursed for patient management in the following manner (please check and describe):

a. ☐ **Management fees are expected to be paid under this waiver.**
The management fees were calculated as follows.

1. ☐ **Year 1:$** _____ **per member per month fee.**
2. ☐ **Year 2:$** _____ **per member per month fee.**
3. ☐ **Year 3:$** _____ **per member per month fee.**
4. ☐ **Year 4:$** _____ **per member per month fee.**

b. ☐ **Enhanced fee for primary care services.**
Please explain which services will be affected by enhanced fees and how the amount of the enhancement was determined.

c. ☐ **Bonus payments from savings generated under the program are paid to case managers who control beneficiary utilization.** Under **D.I.H.d.**, please describe the criteria the State will use for awarding the incentive payments, the method for calculating incentives/bonuses, and the monitoring the State will have in place to ensure that total payments to the providers do not exceed the Waiver Cost Projections (Appendix D5). Bonus payments and incentives for reducing utilization are limited to savings of State Plan service costs under the waiver. Please also describe how the State will ensure that utilization is not adversely affected due to incentives inherent in the bonus payments. The costs associated with any bonus arrangements must be accounted for in Appendix D3. Actual Waiver Cost.

d. ☐ **Other reimbursement method/amount.**
$ _____
Please explain the State's rationale for determining this method or amount.

E. Member Months

Please mark all that apply.

a. ☑ [Required] Population in the base year and R1 and R2 data is the population under the waiver.

b. ☑ For a renewal waiver, because of the timing of the waiver renewal submittal, the State did not have a complete R2 to submit. Please ensure that the formulas correctly calculated the annualized trend rates. *Note: it is no longer acceptable to estimate enrollment or cost data for R2 of the previous waiver period.*

c. ☑ [Required] Explain the reason for any increase or decrease in member months projections from the base year or over time:

We have reflected a decrease in enrollment from R1 to P1 driven by ODM changes to the income verification process as part of eligibility redetermination.

d. ☑ [Required] Explain any other variance in eligible member months from BY/R1 to P2:

Coupled with the decrease noted above, for October 2026 through September 2028 (P1 through P2), we assumed a 0.0% quarterly increase to enrollment levels.

e. ☑ [Required] Specify whether the BY/R1/R2 is a State fiscal year (SFY), Federal fiscal year (FFY), or other period:

R1 represents FFY 2025 (October 2024 to September 2025).

F. Appendix D2.S - Services in Actual Waiver Cost

For Conversion or Renewal Waivers:

- ☑ **[Required] Explain if different services are included in the Actual Waiver Cost from the previous period in Appendix D3 than for the upcoming waiver period in Appendix D5.**
  Explain the differences here and how the adjustments were made on Appendix D5:

No additional services are reflected in D5 than what is included in D3.

a. ☑ **[Required] Explain the exclusion of any services from the cost-effectiveness analysis.**
For States with multiple waivers serving a single beneficiary, please document how all costs for waiver covered individuals taken into account.

This waiver only covers the services related to retail pharmacy. For beneficiaries covered by other 1915(b) waiver(s) all other state plan services are included in those separate 1915(b) waivers.

G. Appendix D2.A - Administration in Actual Waiver Cost

[Required] The State allocated administrative costs between the Fee-for-service and managed care program depending upon the program structure. *Note: initial programs will enter only FFS costs in the BY. Renewal and Conversion waivers will enter all waiver and FFS administrative costs in the R1 and R2 or BY.*
The allocation method for either initial or renewal waivers is explained below:

a. ☐ **The State allocates the administrative costs to the managed care program based upon the number of waiver enrollees as a percentage of total Medicaid enrollees***Note: this is appropriate for MCO/PCCM programs.*

b. ☐ **The State allocates administrative costs based upon the program cost as a percentage of the total Medicaid budget. It would not be appropriate to allocate the administrative cost of a mental health program based upon the percentage of enrollees enrolled.***Note: this is appropriate for statewide PIHP/PAHP programs.*

c. ☑ **Other**
Please explain:

The administrative costs summarized in Appendix D2.A reflect historical administrative costs associated with the SPBM waiver and cost for the state to administer the pharmacy benefit. These costs represent cost information related to the SPBM (Gainwell), the Pharmacy Pricing and Audit Consultant (Myers & Stauffer), and rebate and unified prescription drug list (UPDL) administrative functions provided by Change Healthcare/OptumRx.

H. Appendix D3 - Actual Waiver Cost

a. ☐ The State is requesting a 1915(b)(3) waiver in **Section A.I.A.1.c** and will be providing non-state plan medical services. The State will be spending a portion of its waiver savings for additional services under the waiver.

b. ☐ **The State is including voluntary populations in the waiver.**
Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:

c. ☐ **Capitated portion of the waiver only -- Reinsurance or Stop/Loss Coverage:** Please note how the State will be providing or requiring reinsurance or stop/loss coverage as required under the regulation. States may require MCOs/PIHPs/PAHPs to purchase reinsurance. Similarly, States may provide stop-loss coverage to MCOs/PIHPs/PAHPs when MCOs/PIHPs/PAHPs exceed certain payment thresholds for individual enrollees. Stop loss provisions usually set limits on maximum days of coverage or number of services for which the MCO/PIHP/PAHP will be responsible. If the State plans to provide stop/loss coverage, a description is required. The State must document the probability of incurring costs in excess of the stop/loss level and the frequency of such occurrence based on FFS experience. The expenses per capita (also known as the stoploss premium amount) should be deducted from the capitation year projected costs. In the initial application, the effect should be neutral. In the renewal report, the actual reinsurance cost and claims cost should be reported in Actual Waiver Cost.
Basis and Method:

1. ☐ **The State does not provide stop/loss protection for MCOs/PIHPs/PAHPs, but requires MCOs/PIHPs/PAHPs to purchase reinsurance coverage privately. No adjustment was necessary.**
2. ☐ **The State provides stop/loss protection**
   Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:

d. ☐ **Incentive/bonus/enhanced Payments for both Capitated and fee-for-service Programs:**

1. ☐ **[For the capitated portion of the waiver] the total payments under a capitated contract include any incentives the State provides in addition to capitated payments under the waiver program.** The costs associated with any bonus arrangements must be accounted for in the capitated costs (Column D of Appendix D3 Actual Waiver Cost). Regular State Plan service capitated adjustments would apply.

   Document
   - **i. Document the criteria for awarding the incentive payments.**
   - **ii. Document the method for calculating incentives/bonuses, and**
   - **iii. Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs do not exceed the Waiver Cost Projection.**

2. ☐ **For the fee-for-service portion of the waiver, all fee-for-service must be accounted for in the fee-for-service incentive costs (Column G of Appendix D3 Actual Waiver Cost).**). For PCCM providers, the amount listed should match information provided in D.I.D Reimbursement of Providers. Any adjustments applied would need to meet the special criteria for fee-for-service incentives if the State elects to provide incentive payments in addition to management fees under the waiver program (See D.I.I.e and D.I.J.e)

Document:

i. **Document the criteria for awarding the incentive payments.**
ii. **Document the method for calculating incentives/bonuses, and**
iii. **Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs/PCCMs do not exceed the Waiver Cost Projection.**

J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (1 of 5)

a. State Plan Services Trend Adjustment ? the State must trend the data forward to reflect cost and utilization increases. The R1 and R2 (BY for conversion) data already include the actual Medicaid cost changes for the population enrolled in the program. This adjustment reflects the expected cost and utilization increases in the managed care program from R2 (BY for conversion) to the end of the waiver (P2). Trend adjustments may be service-specific and expressed as percentage factors. Some states calculate utilization and cost separately, while other states calculate a single trend rate. The State must document the method used and how utilization and cost increases are not duplicative if they are calculated separately. **. This adjustment must be mutually exclusive of programmatic/policy/pricing changes and CANNOT be taken twice. The State must document how it ensures there is no duplication with programmatic/policy/pricing changes.**

1. ☐ **[Required, if the State?s BY or R2 is more than 3 months prior to the beginning of P1] The State is using actual State cost increases to trend past data to the current time period (i.e., trending from 1999 to present).**

   The actual trend rate used is:

   Please document how that trend was calculated:

2. ☑ **[Required, to trend BY/R2 to P1 and P2 in the future] When cost increases are unknown and in the future, the State is using a predictive trend of either State historical cost increases or national or regional factors that are predictive of future costs (same requirement as capitated ratesetting regulations)** *(i.e., trending from present into the future).*

   i. ☑ **State historical cost increases.**

   Please indicate the years on which the rates are based: base years. In addition, please indicate the mathematical method used (multiple regression, linear regression, chi-square, least squares, exponential smoothing, etc.). Finally, please note and explain if the State?s cost increase calculation

includes more factors than a price increase such as changes in technology, practice patterns, and/or units of service PMPM.

Base years CY 2024 to 2025. The state is using a 10.0% annual trend rate for MEGs based on historical PMPM trends observed for the pharmacy benefit. These annual trend rates reflect the increases in utilization and prescription drug cost observed in the Ohio Medicaid program over the past few years. These trends are largely driven by the use of high-cost drugs and the impact that certain classes (e.g., GLP-1) have had on the pharmacy benefit.

CMS Question 3: Please describe what is contributing to the 21% increase in P1 in column H and add this detail to the waiver preprint (page 66).

The 21.0% figure reflected in Column H represents the cumulative trend applied from the R1 base period (Oct 2024 to Sept 2025) to P1 (Oct 2026 to Sept 2027). Thus, the 21% reflects the compounding of the 10.0% annual trend rate over 24 months. The 10.0% annual rate was developed from observed historical PMPM experience for the pharmacy benefit during CY 2024 and CY 2025 and reflects the combined effect of unit cost and utilization increases in the Ohio Medicaid pharmacy program. The principal drivers of this trend are:
- Continued growth in high-cost brand and specialty therapies, which represent a disproportionate and growing share of total pharmacy spend relative to their utilization volume;
- PMPM cost growth in several key therapeutic categories such as dermatologicals, antipsychotics, and ADHD / anti-obesity; and
- Utilization growth per member, driven by increases in prescriptions per member per year.

ii. ☐ **National or regional factors that are predictive of this waiver?s future costs.**
Please indicate the services and indicators used. In addition, please indicate how this factor was determined to be predictive of this waiver?s future costs. Finally, please note and explain if the State?s cost increase calculation includes more factors than a price increase such as changes in technology, practice patterns, and/or units of service PMPM.

3. ☐ **The State estimated the PMPM cost changes in units of service, technology and/or practice patterns that would occur in the waiver separate from cost increase.**
Utilization adjustments made were service-specific and expressed as percentage factors. The State has documented how utilization and cost increases were not duplicated. This adjustment reflects the changes in utilization between R2 and P1 and between years P1 and P2.

i. Please indicate the years on which the utilization rate was based (if calculated separately only).
ii. Please document how the utilization did not duplicate separate cost increase trends.

Appendix D4 ? Adjustments in Projection

Section D: Cost-Effectiveness

Part I: State Completion Section

J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (2 of 5)

b. State Plan Services Programmatic/Policy/Pricing Change Adjustment: This adjustment should account for any programmatic changes that are not cost neutral and that affect the Waiver Cost Projection. For example, changes in rates, changes brought about by legal action, or changes brought about by legislation. For example, Federal mandates, changes in hospital payment from per diem rates to Diagnostic Related Group (DRG) rates or changes in the benefit

coverage of the FFS program. **This adjustment must be mutually exclusive of trend and CANNOT be taken twice. The State must document how it ensures there is no duplication with trend.** If the State is changing one of the aspects noted above in the FFS State Plan then the State needs to estimate the impact of that adjustment. *Note: FFP on rates cannot be claimed until CMS approves the SPA per the 1/2/01 SMD letter. Prior approval of capitation rates is contingent upon approval of the SPA.* The R2 data was adjusted for changes that will occur after the R2 (BY for conversion) and during P1 and P2 that affect the overall Medicaid program.

Others:

- Additional State Plan Services (+)
- Reductions in State Plan Services (-)
- Legislative or Court Mandated Changes to the Program Structure or fee
- Graduate Medical Education (GME) Changes - This adjustment accounts for **changes** in any GME payments in the program. 42 CFR 438.6(c)(5) specifies that States can include or exclude GME payments from the capitation rates. However, GME payments must be included in cost-effectiveness calculations.
- Copayment Changes - This adjustment accounts for changes from R2 to P1 in any copayments that are collected under the FFS program, but not collected in the MCO/PIHP/PAHP capitated program. States must ensure that these copayments are included in the Waiver Cost Projection if not to be collected in the capitated program. If the State is changing the copayments in the FFS program then the State needs to estimate the impact of that adjustment.

1. ☐ The State has chosen not to make an adjustment because there were no programmatic or policy changes in the FFS program after the MMIS claims tape was created. In addition, the State anticipates no programmatic or policy changes during the waiver period.

2. ☑ An adjustment was necessary. The adjustment(s) is(are) listed and described below:

i. ☐ The State projects an externally driven State Medicaid managed care rate increases/decreases between the base and rate periods.

Section D: Cost-Effectiveness

Part I: State Completion Section

J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (3 of 5)

c. Administrative Cost Adjustment: This adjustment accounts for changes in the managed care program. The administrative expense factor in the renewal is based on the administrative costs for the eligible population participating in the waiver for managed care. Examples of these costs include per claim claims processing costs, additional per record PRO review costs, and additional Surveillance and Utilization Review System (SURS) costs; as well as actuarial contracts, consulting, encounter data processing, independent assessments, EQRO reviews, etc. *Note: one-time administration costs should not be built into the cost-effectiveness test on a long-term basis. States should use all relevant Medicaid administration claiming rules for administration costs they attribute to the managed care program.* If the State is changing the administration in the fee-for-service program then the State needs to estimate the impact of that adjustment.

1. ☐ No adjustment was necessary and no change is anticipated.

2. ☑ An administrative adjustment was made.

i. ☐ Administrative functions will change in the period between the beginning of P1 and the end of P2.
Please describe:

ii. ☑ Cost increases were accounted for.

A. ☐ Determine administration adjustment based upon an approved contract or cost allocation plan amendment (CAP).

B. ☐ Determine administration adjustment based on pending contract or cost allocation plan amendment (CAP).

C. ☐ State Historical State Administrative Inflation. THe actual trend rate used isPMPM size of adjustment

Please describe:

D. ☑ Other

Please describe:

The assumed impact of administrative cost inflation was 6.1% for the 2-year period between R1 and P1, or 3.0% annually. Similarly, we increased the administrative costs by a projected annual trend assumption of 3% from P1 to P2. The 3.0% assumption is based on historical state administrative cost trend and consistent with assumptions utilized in other 1915(b) waiver projections.

iii. ☐ [Required, when State Plan services were purchased through a sole source procurement with a governmental entity. No other State administrative adjustment is allowed.] If cost increase trends are unknown and in the future, the State must use the lower of: Actual State administration costs trended forward at the State historical administration trend rate or Actual State administration costs trended forward at the State Plan services trend rate.
Please document both trend rates and indicate which trend rate was used.

A. Actual State Administration costs trended forward at the State historical administration trend rate.

Please indicate the years on which the rates are based: base years

In addition, please indicate the mathematical method used (multiple regression, linear regression, chi-square, least squares, exponential smoothing, etc.). Finally, please note and explain if the State?s cost increase calculation includes more factors than a price increase.

B. Actual State Administration costs trended forward at the State Plan Service Trend rate.
Please indicate the State Plan Service trend rate from Section D.I.J.a. above

Section D: Cost-Effectiveness

Part I: State Completion Section

J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (4 of 5)

d. 1915(b)(3) Adjustment: The State must document the amount of State Plan Savings that will be used to provide additional 1915(b)(3) services in ***Section D.I.H.a*** above. The Base Year already includes the actual trend for the State Plan services in the program. This adjustment reflects the expected trend in the 1915(b)(3) services between the Base Year and P1 of the waiver and the trend between the beginning of the program (P1) and the end of the program (P2). Trend adjustments may be service-specific and expressed as percentage factors.

1. ☐ [Required, if the State?s BY is more than 3 months prior to the beginning of P1 to trend BY to P1] The State is using the actual State historical trend to project past data to the current time period (i.e., trending from 1999 to present).
   The actual documented trend is:
   Please provide documentation.

2. ☐ [Required, when the State?s BY is trended to P2. No other 1915(b)(3) adjustment is allowed] If trends are unknown and in the future (i.e., trending from present into the future), the State must use the lower of State historical 1915(b)(3) trend or State?s trend for State Plan Services. Please document both trend rates and indicate which trend rate was used.

   i. **A. State historical 1915(b)(3) trend rates**

      1. Please indicate the years on which the rates are based: base years
      2. Please provide documentation.

   B. State Plan Service trend

   Please indicate the State Plan Service trend rate from Section D.I.J.a. above

e. Incentives (not in capitated payment) Trend Adjustment: If the State marked **Section D.I.H.d ,** then this adjustment reports trend for that factor. Trend is limited to the rate for State Plan services.

1. List the State Plan trend rate by MEG from Section D.I.I.a
2. List the Incentive trend rate by MEG if different from Section D.I.I.a
3. Explain any differences:

Section D: Cost-Effectiveness

Part I: State Completion Section

J. Appendix D4 - Conversion or Renewal Waiver Cost Projection and Adjustments. (5 of 5)

p. *Other adjustments* including but not limited to federal government changes.

- If the federal government changes policy affecting Medicaid reimbursement, the State must adjust P1 and P2 to reflect all changes.
- Once the State?s FFS institutional excess UPL is phased out, CMS will no longer match excess

institutional UPL payments.

- Excess payments addressed through transition periods should not be included in the 1915(b) cost effectiveness process. Any State with excess payments should exclude the excess amount and only include the supplemental amount under 100% of the institutional UPL in the cost effectiveness process.
- For all other payments made under the UPL, including supplemental payments, the costs should be included in the cost effectiveness calculations. This would apply to PCCM enrollees and to PAHP, PIHP or MCO enrollees if the institutional services were provided as FFS wrap around. The recipient of the supplemental payment does not matter for the purposes of this analysis.

- **Pharmacy Rebate Factor Adjustment (Conversion Waivers Only)** *: Rebates that States receive from drug manufacturers should be deducted from Base Year costs if pharmacy services are included in the capitated base. If the base year costs are not reduced by the rebate factor, an inflated BY would result. Pharmacy rebates should also be deducted from FFS costs if pharmacy services are impacted by the waiver but not capitated.

  Basis and Method:

  1. ☐ Determine the percentage of Medicaid pharmacy costs that the rebates represent and adjust the base year costs by this percentage. States may want to make separate adjustments for prescription versus over the counter drugs and for different rebate percentages by population. States may assume that the rebates for the targeted population occur in the same proportion as the rebates for the total Medicaid population **which includes accounting for Part D dual eligibles**. Please account for this adjustment in **Appendix D5.**
  2. ☐ The State has not made this adjustment because pharmacy is not an included capitation service and the capitated contractor?s providers do not prescribe drugs that are paid for by the State in FFS **or Part D for the dual eligibles**.
  3. ☐ Other

     Please describe:

1. ☐ No adjustment was made.

2. ☐ This adjustment was made. This adjustment must be mathematically accounted for in Appendix D5. Please describe

M. Appendix D7 - Summary

a. Please explain any variance in the overall percentage change in spending from BY/R1 to P2.

1. Please explain caseload changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in Section D.I.E.c & d:

   We have reflected a decrease in enrollment from R1 to P1 due to the income verification process as part of eligibility redeterminations. Additionally, we have assumed no enrollment changes from October 2026 through September 2028.

2. Please explain unit cost changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in the State?s explanation of cost increase given in Section D.I.I and D.I.J:

   The state is using a 10.0% annual trend rate for all MEGs based on historical PMPM trends observed for the pharmacy benefit. These annual trend rates reflect the increases in utilization and prescription drug cost observed in the Ohio Medicaid program over the past few years. These trends reflect the impact due to increase in the use of high-cost drugs and the impact that certain classes (e.g., GLP-1) have had on the pharmacy benefit

3. Please explain utilization changes contributing to the overall annualized rate of change in Appendix D7 Column I. This response should be consistent with or the same as the answer given by the State in the State?s explanation of utilization given in Section D.I.I and D.I.J:

   We have not separately identified utilization and unit cost trend for purposes of the waiver renewal and the trends noted above are on a PMPM basis including both unit cost and utilization.

b. Please note any other principal factors contributing to the overall annualized rate of change in Appendix D7 Column I.

The program change column represents the projected impact to reflect acuity changes that have been observed in the different MEGs due to the enrollment changes from R1 to P1.
