Ms. Jami Snyder
Director
Arizona Health Care Cost Containment System
801 East Jefferson Street
Phoenix, Arizona 85034

Dear Ms. Snyder:

We are writing to inform you that the Centers for Medicare & Medicaid Services (CMS) is approving Arizona's request to update its demonstration, Arizona Health Care Cost Containment System (AHCCCS) (Project Number 11-W-00275/9) with the Emergency Preparedness and Response Attachment K in order to respond to the COVID-19 pandemic. Specifically this approval provides the state authority to make lump sum payment to qualifying providers who provide American Rescue Plan (ARP) services, which includes: attendant care, respite care, home health, home delivered meals, personal care, therapy services, homemaker services, adult day health, habilitation services and assisted living facilities/adult foster care (including supervision, service coordination, personal care/directed services and recreation and socialization). This has been incorporated into the demonstration's Special Terms and Conditions (STC) as Attachment K.

The authorities that the state has requested in the Attachment K are effective from January 1, 2022, through the end of the calendar quarter in which the public health emergency ends, and apply in all locations served by the demonstration for anyone impacted by COVID-19 who receives home and community-based services through the demonstration. We have included the approved Attachment K pages with this correspondence.

If you need assistance, feel free to contact your CMS project officer, Ms. Kelsey Smyth, at Kelsey.Smyth@cms.hhs.gov or at (410) 786-7915.

Sincerely,

APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.¹ This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

¹ Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.

The Administration shall make a lump sum payment to registered network providers who provide qualifying American Rescue Plan Act (ARPA) services with Arizona Fee for Service (FFS) Medicaid utilization for service periods during the PHE, and will use October 1, 2020 to March 31, 2021 as proxy utilization data for the lump sum payment. Registered network providers which qualify for these increases are outlined in the following link-
<https://azahcccs.gov/AHCCCS/downloads/Initiatives/ARPA/EligibleProviderTypesNon-DDD.pdf>.

These lump sum payments are to compensate providers for costs of covered services furnished to Arizona Medicaid beneficiaries to improve the member's experience of care. Each registered network provider's lump sum payment shall be determined as follows:

1. Determine each provider's actual Medicaid utilization of qualifying services from October 1, 2020, to March 31, 2021.
2. Multiply the actual Medicaid utilization determined in item 1 by two.
3. The uniform percentage increase for providers will be 17.8%
4. The Administration will multiply the appropriate uniform percentage increase listed in item three by the total utilization determined in item two to calculate the lump sum payment for each provider.

Providers are required to distribute at least 80% of the lump sum amount to Direct Service Provider staff in the form of a temporary increase in salary, wages, bonuses, hiring/retention incentives, and/or stipends, including employee related expense costs.

For the lump sum payment above, the qualifying HCBS services include: Attendant care, respite care, home health, home delivered meals, personal care, therapy services, homemaker services, adult day health, habilitation services and assisted living facilities/adult foster care (including supervision, service coordination, personal care/directed services and recreation and socialization).

AHCCCS will not make any payments to providers that have a total lump sum payment of less than \$1,000.

g. Temporarily modify person-centered service plan development process and individual(s) responsible for person-centered service plan development, including qualifications.

[Describe any modifications including qualifications of individuals responsible for service plan development, and address Participant Safeguards. Also include strategies to ensure that services are received as authorized.]

h. Temporarily modify incident reporting requirements, medication management or other participant safeguards to ensure individual health and welfare, and to account for emergency circumstances. [Explanation of changes]

i. Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.

[Specify the services.]

j. Temporarily include retainer payments to address emergency related issues.

[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]

k. ___ Temporarily institute or expand opportunities for self-direction.

[Provide an overview and any expansion of self-direction opportunities including a list of services that may be self-directed and an overview of participant safeguards.]

[Explain the reason for the increase and list the current approved Factor C as well as the proposed revised Factor C]
