# **2022 First Quarter Report**

### I. Introduction

KanCare is a managed care Medicaid program which serves the State of Kansas through a coordinated approach. The State determined that contracting with multiple managed care organizations will result in the provision of efficient and effective health care services to the populations covered by the Medicaid and Children's Health Insurance Program (CHIP) in Kansas and will ensure coordination of care and integration of physical and behavioral health services with each other and with home and community-based services (HCBS).

On August 6, 2012, the State of Kansas submitted a Medicaid Section 1115 demonstration proposal, entitled KanCare. That request was approved by the Centers for Medicare and Medicaid Services on December 27, 2012, effective from January 1, 2013, through December 31, 2017. The State submitted a one-year temporary extension request of this demonstration to CMS on July 31, 2017. The temporary extension was approved on October 13, 2017. On December 20, 2017, the State submitted an extension request for its Medicaid 1115 demonstration. On December 18, 2018 the Centers for Medicare and Medicaid Services approved a renewal of the Medicaid Section 1115 demonstration proposal entitled KanCare. The demonstration is effective from January 1, 2019 through December 31, 2023.

KanCare is operating concurrently with the state's section 1915(c) Home and Community-Based Services (HCBS) waivers, which together provide the authority necessary for the state to require enrollment of almost all Medicaid beneficiaries (including the aged, disabled, and some dual eligible individuals) across the state into a managed care delivery system to receive state plan and waiver services. This represents an expansion of the state's previous managed care program, which provided services to children, pregnant women, and parents in the state's Medicaid program, as well as carved out managed care entities that separately covered mental health and substance use disorder services. KanCare also includes a safety net care pool to support certain hospitals that incur uncompensated care costs for Medicaid beneficiaries and the uninsured, and to provide incentives to hospitals for programs that result in delivery system reforms that enhance access to health care and improve the quality of care.

This five-year demonstration will:

- Maintain Medicaid state plan eligibility;
- Maintain Medicaid state plan benefits;
- Continue to allow the state to require eligible individuals to enroll in managed care organizations (MCOs) to receive covered benefits through such MCOs, including individuals on HCBS waivers, except:
  - American Indian/Alaska Natives are presumptively enrolled in KanCare but will have the option of affirmatively opting-out of managed care.
- Provide benefits, including long-term services and supports (LTSS) and HCBS, via managed care;
- Extend the Delivery System Reform Incentive Payment program; and
- Design and implement an alternative payment model (APM) program to replace the DSRIP program
- Maintain the Safety Net Care Pool to support hospitals that provide uncompensated care to Medicaid beneficiaries and the uninsured.
- Increase beneficiary access to substance use disorder (SUD) treatment services.
- Provide work opportunities and supports for individuals with specific behavioral health conditions and other disabilities.

The KanCare demonstration will assist the state in its goals to:

- Continue to provide integration and coordination of care across the whole spectrum of health to include physical health, behavioral health, and LTSS/HCBS;
- Further improve the quality of care Kansas Medicaid beneficiaries receive through integrated care coordination and financial incentives paid for performance (quality and outcomes);
- Maintain Medicaid cost control by emphasizing health, wellness, prevention and early detection as well as integration and coordination of care;
- Continue to establish long-lasting reforms that sustain the improvements in quality of health and wellness for Kansas Medicaid beneficiaries and provide a model for other states for Medicaid payment and delivery system reforms as well;
- Help Kansas Medicaid beneficiaries achieve healthier, more independent lives by coordinating services to strengthen social determinants of health and independence and person-centered planning;
- Promote higher levels of member independence through employment programs;
- Drive performance and improve quality of care for Kansas Medicaid beneficiaries by integrating valuebased models, purchasing strategies and quality improvement programs; and
- Improve effectiveness and efficiency of the state Medicaid program with increased alignment of MCO operations, data analytic capabilities and expanded beneficiary access to SUD services.

This quarterly report is submitted pursuant to item #64 of the Centers for Medicare & Medicaid Services Special Terms and Conditions (STCs) issued regarding the KanCare 1115(a) Medicaid demonstration program, and in the format outlined in Attachment A of the STCs.

### **II.** Enrollment Information

The following table outlines enrollment activity related to populations included in the demonstration. It does not include enrollment activity for non-Title XIX programs, including the Children's Health Insurance Program (CHIP), nor does it include populations excluded from KanCare, such as Qualified Medicare Beneficiaries (QMB) who are not otherwise eligible for Medicaid. The table does include members retroactively assigned as of March 31, 2022.

Damanatuatian Damulatian	Familians at Class of	Takal Hadi indiaakad	Disenrolled in

# III. Outreach/Innovation

The KanCare website<sup>1</sup> is home to a wealth of information for providers, members, stakeholders, and policy makers. Sections of the website are designed specifically around the needs of members and providers. Information about the 1115 demonstration and its operation is provided in the interest of transparency and engagement.

The KanCare Advisory Council consists of thirteen members: one legislator representing the House, one representing mental health providers, one representing CDDOs, two representing physicians and hospitals, four representing- KanCare members, one former Kansas Senator, one representing pharmacists, one representing Aging Community, one representing Area Agencies on Aging and Aging and Disability Resource Centers. The KanCare Advisory Council occurred March 9, 2022 via Zoom. The agenda was as follows:

- Welcome and Introductions
- Review and Approval of Minutes from Council Meeting, December 7, 2021
- Old Business
  - Define the capable person policy regarding the care of our disabled kids and adults in need of care per their personal care plans – Ed Nicholas
  - What are the average nursing hours that our consumers are receiving compared to the hours that they are given according to their basis score – Ed Nicholas
- New Business (No agenda items received)
- KDHE Update Sarah Fertig, Medicaid Director, Kansas Department of Health and Environment and Chris Swartz, Director of Operations/COO, Deputy Medicaid Director, Kansas Department of Health and Environment
- KDADS Update Amy Penrod, Commissioner for Long Term Services & Supports, Kansas Department for Aging and Disability Services and Drew Adkins, Assistant Commissioner for Behavioral Health Services, Kansas Department for Aging and Disability Services
- KanCare Ombudsman Report Kerrie Bacon, Ombudsman, KanCare Ombudsman Office
- Updates on KanCare with Q&A
  - UnitedHealthcare Community Plan Jon Hamdorf
  - o Aetna Better Health of Kansas Lisa Baird
  - Sunflower State Health Plan Stephanie Rasmussen
- Adjourn

The Tribal Technical Assistance Group met February 1, 2022. The tribal members were consulted on the following items:

- State Plan Amendments (SPAs) for Global Maternity Provider Rate Increase, Optometrist services covered in RHCs and FQHCs, Varicose Veins new reimbursement codes, and Hospice Care attending physician reimbursement in an RHC and FQHC are pending approval with CMS
- State Plan Amendment for tribal comment will be sent soon for Certified Community Behavioral Health Services
- KanCare Open Enrollment Reminder that tribal members may opt out of managed care. Open enrollment closes on March 2, 2022.
- The next meeting was scheduled for May 3, 2022.

www.karicarc.ks.go

<sup>&</sup>lt;sup>1</sup> www.kancare.ks.gov

Out stationed Eligibility Workers (OEW) staff participated in 216 in-person and virtual community events providing KanCare program outreach, education, and information for the following: Harvey-Marion County CDDO Affiliate Meeting; Hispanic Task Force; Health Coalition Miami County; Central Kansas Partnership, Inc; Greater Lyon County Family Resource Council; SOAR through East Central Kansas Mental Health Center Meeting; Health Coalition of Miami County; Central Kansas Partnership; Café con Leche; Third Thursday- Cowley County; Continuum of Care of Johnson County; Republic County Resource Council; Aging Network Meeting; Miami County Health Coalition; Continuum of Care on Homelessness; Healthier Lyon County Coalition Meeting; Genesis Family Health; Finney County Community Health coalition; Harvey County Resource Council; Family Resource Council; CPAAA Aging Network; Harvey County Resource Council. Staff also met with following County Health Departments: Rice; Geary; Saline; Jefferson; Lawrence-Douglas; Stafford; Abilene; Mankato; Mitchell; Ness; Cloud; Republic; Wyandotte; Doniphan; Leavenworth; Jefferson. Staff met with the following school districts: Olathe Schools; Leavenworth USD 453; Lansing; USD 341; USD 458 Basehor-Linwood; USD 464 Tonganoxie; USD 338; USD 111; USD 429; USD 449 Easton, USD 338 Jefferson North; USD 340; USD 343; USD 341 Oskaloosa. Additional organizations that staff met with were: K-State Research and Extension offices in Sedgwick, Leavenworth, and Jefferson counties; Catholic Charities of NE Kansas Leavenworth; Public Libraries in Newton, Linwood, Geary, Tonganoxie, McPherson, Oskaloosa, Hesston, Moundridge, Johnson, Troy, Wathena, Elwood, and Ozawkie;; Johnson County Aging and Human Service; The Guidance Center; United Way; Local Clinics; Salvation Army in Leavenworth; Day Care Centers; City Buildings; HUD Housing; Senior Centers in Hesston, White City, Highland, Douglas County, Abilene; Geary, Ogden; Brookdale Assisted Living; Homeless Shelters; Kansas Assistance Network; El Centro; Vibrant Health; Growing Futures; MOCSA (Metropolitan Organization to Counter Assault); Center of Grace; Community Event at Caney; Head start centers in Johnson County, Kansas City, and Holton; Housing Authorities in Moundridge, North Newton, and Lawrence; North Central Office ECC; the following Hospitals: Geary, Labette, Coffeeville Regional Medical, Memorial Hospital, Wilson County Medical Center, Dickenson, Jewell, Huston; Konza Community Health; Community Baby Showers; Pregnancy Centers; Mental Health Clinics in: High Plains in Hays and Beth Nash; Workforce Centers; Community of Hope; WIC clinics; Kickapoo; Health Fair at the Kansas State Fair Grounds; Veteran Clinic; and ECKAN in Ottawa.

Support and assistance for KanCare members was provided by KDHE's nineteen OEWs. Staff determined eligibility for 1,288 applicants. The OEW staff also assisted in resolving 382 issues involving urgent medical needs, obtaining correct information on applications, and addressing gaps or errors in pending applications or reviews with the KanCare Clearinghouse. In addition, OEW staff assisted with 1,655 phone calls, 240 walk-ins, and 526 e-mails from the public.

Other ongoing routine and issue-specific meetings continued by state staff engaging in outreach to a broad range of providers, associations, advocacy groups and other interested stakeholders. Examples of these meetings include:

- PACE Program (quarterly but now as needed during the Public Health Emergency (PHE))
- HCBS Provider Forum teleconferences (quarterly)
- Long-term Care Roundtable with Department of Children & Families (quarterly)
- Presentations, attendance, and information is available as requested by small groups, consumers, stakeholders, providers and associations across Kansas
- Community Mental Health Centers meetings to address billing and other concerns (monthly and quarterly)
- Series of workgroup meetings and committee meetings with the Managed Care Organizations and Community Mental Health Centers
- Regular meetings with the Kansas Hospital Association
- Series of meetings with behavioral health institutions, private psychiatric hospitals, and Psychiatric Treatment Residential Facilities (PRTFs) to address care coordination and improved integration (weekly)

- Medicaid Functional Eligibility Instrument (FE, PD & BI) Advisory Workgroup
- IDD Functional Eligibility Instrument Advisory Workgroup
- Systems Collaboration with Aging & Disability, Behavioral Health and Foster Care Agencies
- Psychiatric Residential Treatment Facility (PRTF) Stakeholder meeting (quarterly)
- Nursing Facility for Mental Health (NFMH) Directors meeting (monthly)
- CRO Directors meeting (bi-monthly)
- State Interagency Coordinating Council (bi-monthly)
- Kansas Mental Health Coalition meeting (monthly)
- Kansas Association of Addiction Professionals (monthly)
- Behavioral Health Association of Kansas (monthly)
- Heartland RADAC & Substance Abuse Center of Kansas (monthly)
- Complex Case Staffing's with MCOs (as needed M-F)
- Bi-monthly Governor's Behavioral Health Services Planning Council meetings; and monthly
  meetings with the nine subcommittees such as Suicide Prevention, Justice Involved Youth and
  Adult, and Rural and Frontier
- Monthly Nursing Facility Stakeholder Meetings
- KDADS Community Developmentally Disabled Organization (CDDO)-Stakeholder Meetings (quarterly)
- KDADS-CDDO Eligibility workgroup
- KDADS-Series of meetings with a coalition of advocacy groups including KanCare Advocates Network and Disability Rights Commission to discuss ways KDADS can provide more effective stakeholder engagement opportunities

In addition, Kansas is pursuing some targeted outreach and innovation projects, including:

### OneCare Kansas Program

A legislative proviso directed KDHE to implement a health homes program. To avoid the confusion caused by the term health homes, a new name was selected for the program – OneCare Kansas (OCK). Although the program has a similar model to the state's previous health homes program, OCK was designed as an opt-in program. The program was launched on April 1, 2020, with an expansion implemented on April 1, 2021. As of March 31, 2022, there were thirty-three contracted OCK providers across the state. Moreover, as of March 2022, the program had 3,234 members opt-in; this number continues to grow with new members enrolling each month.

The state continues to utilize the MCOs as Lead Entities (LEs) who contract with the OneCare Kansas Partners (OCKPs) in order to coordinate and offer the required six core services. Additionally, there are ongoing, monthly learning opportunities available to the provider network, including bi-monthly learning collaboratives and community of practices.

### MCO Outreach Activities

A summary of this quarter's marketing, outreach and advocacy activities conducted by the KanCare managed care organizations — Aetna Better Health of Kansas, Sunflower State Health Plan, and UnitedHealthcare Community Plan — follows below.

Information related to Aetna Better Health of Kansas marketing, outreach and advocacy activities:

### **Marketing Activities**

ABHKS has been able to provide outreach and marketing activities similar to prior to the COVID pandemic. ABHKS has been able to work with more organizations and events in person during the first quarter with some efforts remaining virtual. During the first quarter, information and education was provided to 428 individuals with community-based organizations and provider offices from around the state. ABHKS also delivered a community e-newsletter to provider offices and community-based organizations each month. The newsletter provides the latest information on ABHKS and the successes achieved by providing services to our members. The E-newsletter was sent out to over 1,500 individuals during January, February, and March.

### **Outreach Activities**

ABHKS Community Development and System of Care team staff provided both virtual and in-person outreach activities to community-based organizations, advocacy groups and provider offices throughout Kansas. ABHKS staff visited virtually or in person with 428 individuals associated with community-based organizations in Kansas including: Central Kansas Partnership in Great Bend; Liberal Area Coalition for Families in Liberal; Prairie Park Elementary School in Lawrence; Health Ministries Clinic in Newton; El Centro in Kansas City; as well as others. ABHKS also shared education information with over 1,200 members or potential members of KanCare through attendance at both in-person and virtual events.

### **Advocacy Activities**

ABHKS Member Advocates have established a relationship with the KanCare Ombudsman and received direct referrals about member issues that require intervention efforts. ABHKS Member Advocates assisted four members referred from the Ombudsman.

Information related to Sunflower State Health Plan marketing, outreach and advocacy activities:

### **Marketing Activities**

Sunflower Health Plan (SHP) marketing activities included attending and/or sponsoring nine virtual member and provider events. As cases of COVID-19 have decreased more in-person events were scheduled. Since the pandemic, the ability to communicate directly with KanCare members has been challenging, but SHP is planning to make up for lost time with our efforts. However, this list is comprehensive of attended and sponsored activity Sunflower's direct mail marketing material included member mailings for closing care gaps and new member materials. Additionally, SHP focused efforts on education of Value-Added Benefits, collaborative community group meetings, and participated in events associated with the advocacy and education around mental health

### **Outreach Activities**

SHP Quality Improvement staff provided both virtual and in-person outreach activities to community-based organizations, advocacy groups, and provider offices throughout Kansas. SHP staff visited virtually or in person with 412 individuals associated with community-based organizations in Kansas including: Made Men of Wyandotte County; Vibrant Health; Health Partnership Clinic; Sedgwick County Health Department in Wichita; CHC-SEK in Pittsburg; as well as others. SHP was able to share our education information with over 3,200 members or potential members of KanCare through attendance at both inperson and virtual events. SHP also partnered with or sponsored agencies providing COVID 19 Vaccine Clinics throughout the state with over 530 individuals receiving the vaccine.

Examples of notable member outreach activities this quarter:

- Provided support for members and potential members that had not been fully vaccinated.
- Worked with Harvesters to support self-directed members with shelf-stable food boxes
- Connected with Shoes from the Heart and distributed over 400 pairs of shoes to elementary students in Title I schools in Crawford County.

### **Advocacy Activities**

Sunflower Health Plan's advocacy efforts centered on providing COVID 19 vaccine education and awareness. Sunflower provided education and awareness materials and continued to find ways to support the State's efforts on vaccine hesitancy education and vaccine access and equity. Staff from the Social Determinants of Health and Community Outreach teams have assisted in spreading the word about vaccination and education opportunities, assessing vaccine access to minorities, and identifying ways to improve access through revision of forms, translations, and cultural awareness.

SHP continues to identify the most successful approaches and supports with funding or resources to amplify these successes. One example of this partnership is the vaccination and testing events with the Sedgwick County Health Department. The events provided an average of 125 people from underserved communities per event.

Information related to UnitedHealthcare Community Plan marketing, outreach and advocacy activities:

### **Marketing Activities**

UnitedHealthcare Community Plan of Kansas staff completed new member welcome calls and health risk assessments over the phone. UHC continued the incentive program to offer ten-dollar debit cards to new Members who completed health risk assessments. New members were sent member ID Cards and welcome kits. Handbooks and brochures are being updated to reflect 2022 changes.

### **Outreach Activities**

Outreach staff have continued to be involved in community vaccination efforts, supporting with promotion, vaccine card pouches, stickers, volunteers, translations, interpreting, etc. UHC has sponsored and co-hosted several health equity vaccination clinics. Staff have continued to reach out to providers to assess their needs and identify ways to help support them as they serve KanCare members, with special attention on increasing child well visits and vaccinations in general.

UHC hosted the member advisory meeting via conference call. Care Coordination managers attended the meeting to listen to members questions and concerns and offered support.

UHC outreach staff met with over 3,740 individuals who were members or potential members at drivethru food distributions, vaccination events, lobby sits at FQHCs, and other various community events.

Additionally, UHC outreach staff met virtually and sometimes in-person with several community agencies including: Bourbon County Coalition, Butler County Special Education, Community Health Council of Wyandotte County, Center of Grace's Hispanic Task Force, Healthier Lyon County Coalition, Healthy Food for All Workgroup, Healthy Babies Sedgwick County, Heartland Healthy Neighborhoods, His Helping Hands, El Centro Inc, Embrace, Exploration Place, COVID-19 Kansas Latino Stakeholders, Emporia Main Street, Just Food, Wichita Public Schools, Wichita Children's Home, Kansas Hispanic and Latino American Affairs Commission, Lawrence-Douglas County Health Equity Board, Greater Emporia Area Disaster Relief Fund, Family Resource Council, Kansas Civic Engagement Table, Center of Grace Hispanic Task Force, KIDS Safe Sleep, HEAT team of Emporia, LiveWell Douglas County, Mid America Assistance Coalition, Rainbows Inc, Rescare Wichita, Salvation Army Wichita, Salud y Bienestar, WILCO Interagency Coalition, Derby Recreation Center, Central KS HAT, Open Doors, Sunflower Community Action, International Rescue Committee, Kansas Nonprofit Board University, Wichita State University, Alce Su Voz, Anderson Elementary School, Reno County CDDO, Mid KS CAP Inc, USD 396 and 394, McKenny Vento Wichita, Sedgewick County Healthy Babies, St Francis Foster Center, and TFI Family Services..

UHC provider outreach staff met virtually and in-person with over twenty-five provider offices across the state.

### **Advocacy Activities**

UHC continued to support the State's efforts on vaccine hesitancy education, access, and equity. UHC staff from Social Determinants of Health and Community Outreach teams served on health equity boards and volunteered with local health departments and FQHC. Advocacy staff promoted vaccination and education opportunities, assessed vaccine access to minorities, and identified ways to improve such access through revision of forms, translations, and cultural awareness. UHC identified most successful approaches and supported with funding or resources to tried to improve chances of success.

UHC has two representatives who served on the Kansas Hispanic and Latino American Affairs Commission as Technical Advisors and one serving at the Lawrence Douglas County Health Equity Advisory Board, among other several local boards.

# IV. Operational Developments/Issues

a. Systems and reporting issues, approval and contracting with new plans: Through a variety of accessible forums and input avenues, the State is kept advised of any systems or reporting issues on an ongoing basis and such issues are managed either internally, with our MMIS Fiscal Agent, with the operating state agency and/or with the MCOs and other contractors to address and resolve the issues.

**Approved KanCare Amendments** 

Amendment Number	Subject	Submitted Date	Approved Date
13	Capitation Rates 1/1/2021-12/31/2021	2/12/2021	1/20/2022
17	Capitation Rates 1/1/2021-12/31/2021 (Revised)	12/14/2021	1/20/2022

KanCare Amendments pending CMS approval

Amendment	Subject	Submitted	Effective Date
Number		Date	
19	Capitation Rates 1/1/2022-12/31/2022	1/11/2022	Upon CMS approval

### State Plan Amendments (SPAs) approved:

SPA Number	Subject	Submitted Date	Effective Date	Approval Date
21-0020	NEMT	11/03/2021	10/01/2021	1/31/2022
21-0021	Disaster Relief – Coverage of Medications	11/22/2021	11/01/2021	1/26/2022
22-0001	Global Maternity Rate increase	1/19/2022	1/01/2022	2/18/2022
22-0003	Varicose Vein Reimbursement	1/19/2022	1/01/2022	3/23/2022
22-0004	Hospice Care – FQHC RHC	1/19/2022	1/01/2022	3/16/2022
22-0005	CHIP UPL	2/01/2022	4/01/2022	2/23/2022
22-0007	CHIP ARP	2/11/2022	3/11/2021	3/10/2022

### State Plan Amendments (SPA) pending approval:

SPA Number	Subject	Submitted Date	Effective Date
22-0002	Optometrist – FQHC RHC	1/19/2022	1/01/2022
22-0008	Medicaid ARP	3/29/2022	3/11/2022
22-0009	Qualified Clinical Trials	3/29/2022	1/01/2022
22-0010	Qualified Clinical Trials - ABP	3/29/2022	1/01/2022

Some additional specific supports to ensure effective identification and resolution of operational and reporting issues include activities described in Section III (Outreach and Innovation) above.

b. Benefits: All pre-KanCare benefits continue, and the program includes value-added benefits from each of the three KanCare MCOs at no cost to the State. A summary of the top three value-added services (VAS), as reported by each of the KanCare MCOs from January through March of 2022, follows:

MCO		Value-Added Services Calendar Year 2022	Units YTD	Value YTD
	Тор	Healthy Rewards Gift Card - Birth to Age 12 Exam	9,011	\$225,275
Aatna	Three	Adult Dental	1,283	\$181,598
Aetna	VAS	Healthy Rewards Gift Card - Diabetic Eye Exam	11,474	\$172,170
		Total of All Aetna VAS	44,622	\$1,076,305
	Тор	My Health Pays	21,452	\$348,980
Sunflower	Three	Dental Visits for Adults	1,246	\$40,717
Sumower	VAS	Caregiving Collaborations - Assessment Assistance	425	\$15,173
		Total of All Sunflower VAS	24,473	\$427,100
	Тор	Adult Dental Coverage	1,740	\$168,796
United	Three	Home Helper Catalog	970	\$49,376
Officed	VAS	Dentures	24	\$37,288
		Total of All United VAS	7,192	\$306,336

a. Enrollment issues: For the first quarter of calendar year 2022, there were four Native Americans who were eligible for KanCare, but choose not to enroll.

All KanCare eligible members were defaulted to a managed care plan. The table below represents the enrollment change categories for the first quarter.

Enrollment Reason Categories	Total
Newborn Assignment	2,224
KDHE - Administrative Change	555
WEB - Change Assignment	15
KanCare Default - Case Continuity	1,511
KanCare Default – Morbidity	1,381
KanCare Default - 90 Day Retro-reattach	676

- c. Quality of care: Please see <u>Section IX</u> "Quality Assurance/Monitoring Activity" below. <u>The HCBS</u> Quality Review Report for July-September 2021 is attached to this report.
- d. Changes in provider qualifications/standards: None.
- e. Access: Members who are not in their open enrollment period are unable to change plans without a good cause reason (GCR) pursuant to 42 CFR 438.56 or the KanCare STCs. Most GCR requests were about provider choice, which is not an acceptable reason to switch plans outside of open enrollment. The reduction in GCR requests in January and February is the result of a high volume of members being in their annual open enrollment period.

If a GCR is denied by KDHE, the member is given appeal/fair hearing rights. No fair hearings were requested for denied GCRs this quarter. A summary of GCR actions this quarter is as follows:

Status	Jan	Feb	Mar
Total GCRs filed	8	10	38
Approved	1	2	1
Denied	5	6	30
Withdrawn (resolved, no need to change)	0	0	1
Dismissed (due to inability to contact the member)	2	2	6
Pending	0	0	0

Providers are constantly added to the MCOs' networks, with much of the effort focused upon HCBS service providers. The counts below represent the unique number of NPIs—or, where NPI is not available—provider name and service locations (based on the KanCare county designation identified in the KanCare Code Guide). This results in counts for the following:

- Providers with a service location in a Kansas county are counted once for each county.
- Providers with a service location in a border area are counted once for each state in which they have a service location that is within 50 miles of the KS border.
- Providers for services provided in the home are counted once for each county in which they are contracted to provide services.

KanCare MCO	# of Unique Providers as of 6/30/2021	# of Unique Providers as of 9/30/2021	# of Unique Providers as of 12/31/2021	# of Unique Providers as of 3/31/2022
Aetna	45,115	45,284	47,714	51,079
Sunflower	40,878	41,810	36,332	39,654
UHC	43,754	44,490	44,059	44,947

- f. Payment rates: There were no payment rate changes for the quarter ending 3/31/2022.
- g. Health plan financial performance that is relevant to the demonstration: All KanCare MCOs remain solvent.
- h. MLTSS implementation and operation: Kansas placed 88 people on HCBS IDD waiver services, and 386 people on HCBS PD waiver services.

- i. DSRIP was replaced with a Bridge Gap Year from January 1, 2021 through December 31, 2021. The State is using §438.6(c)(1)(iii)(B) to provide a uniform percentage increase to contracted rates between the large public teaching hospitals and border city children's hospitals and the MCOs for inpatient and outpatient hospital services provided in CY2021. As a condition of receiving the uniform increase on inpatient and outpatient utilization, the covered hospitals will be required to report the following metrics to KDHE on a quarterly basis, as these measures will inform the State's development of an APM directed payment: (1) Number of flu vaccinations administered by age; (2) Hospital-specific counts for emergency room visits; (3) Lung Cancer Screenings with low dosage CT (Large Public Teaching Hospital); (4) Number of hospitals or clinics contacted regarding diabetes protocols and number of diabetes protocols received and reviewed; the protocols will not be distributed; and (5) Hospital-specific reporting to support the evaluation of the directed payment. The preprint for the Bridge Gap Year was approved on March 31, 2021. The first Bridge Gap year payment was made November 19, 2021.
- j. Information on any issues regarding the concurrent 1915(c) waivers and on any upcoming 1915(c) waiver changes (amendments, expirations, renewals):
  - The State continues to work with CMS regarding amendments to the seven HCBS waivers, including amendments to performance measures, unbundling Assistive Services, and provisional plans of care.
  - The State is engaged in regular technical assistance meetings offered through CMS.
  - The State is currently working with CMS to renew the SED and Autism waivers.
- k. Legislative activity: The Kansas Legislature convened on January 10, 2022. KDADS presented to several legislative committees including Senate Ways and Means, House Appropriations, House Social Service Budget Committee, Senate Public Health and Welfare, House Health and Human Services, and House Children and Seniors. Topics included workforce issues, nursing homes, HCBS Programs, Mental Health Programs, State Hospitals, and budget updates. Specific issues covered were HCBS and Nursing Facility reimbursement rates, the I/DD Waiver, HCBS FMAP Enhancement Projects, Certified Community Behavioral Health Clinics (CCBHCs) implementation, and COVID updates.

The Robert G. (Bob) Bethell Joint Committee on Home and Community Based Services and KanCare Oversight met February 4, 2022. The Committee heard presentations from individuals, providers, and organizations related to KanCare, KDHE and KDADS.

KDADS highlighted CMS approval of the narrative and spending plans for the ARPA HCBS 10% FMAP enhancement, implementation of CCBHCs, the Nursing Facilities for Mental Health Settlement Agreement implementation, recruitment and retention of staff at State Hospitals, and budget enhancements recommended by the Governor.

KDHE leadership presented their respective updates during the Robert G. (Bob) Bethell Joint Committee meeting. Janet Stanek, KDHE Secretary, opened the meeting with an introduction and remarks. Sarah Fertig, State Medicaid Director, gave a KanCare program update, which included information on: Medicaid provider rates, the KanCare 3.0 and MCO contract procurement, extending postpartum coverage to twelve months, the American Rescue Plan Act 10% FMAP for HCBS, Health Care Access Improvement Panel (HCAIP), Support and Training to Employ People Successfully (STEPS) Program, KanCare COVID-19, and KanCare analytics and performance metrics. LaTonya Palmer, Director of Eligibility, gave an eligibility update, which included information on Medicaid eligibility applications, federally facilitated marketplace open enrollment, transition of Medicaid application eligibility processing, KDHE staffing, status of the Clearinghouse contract, and the preparation for the eventual end of the PHE.

Overview of changes made to the Medicaid program during the PHE (not a complete list):

- Delay annual eligibility reviews; will not remove anyone from program during the PHE except if the person ceases to be a resident of the state, or voluntarily withdraws from the program (required for enhanced FMAP)
- Applicants and beneficiaries have an additional 120 days to request a fair hearing, if the original 33-day deadline falls between March 2020 and the end of the Public Health Emergency
- Remove all cost sharing for COVID-19 testing/treatment/vaccines for KanCare members
- Allow for greater flexibility of day service location for HCBS members
  - Services can be rendered in home by family member, with reimbursement to family member
- Suspend provider revalidation, allowing for continuity of care
- Allow for out of state, non-KanCare providers to provide services in Kansas
- Suspend PASRR Level 1 and Level 2 requirements for thirty days
- Temporarily cease all physical visits from MCOs to providers/members
- Allow for early refill of maintenance prescriptions; increase level of pharmacy delivery and mail order availability
- Temporarily allow for documented verbal consent on person-centered plans of care
- I. Other Operational Issues: Eligibility workers continued alternative work schedules. Staff work from home and work in the office on alternate days and times to control the spread of COVID-19. This effort has resulted in keeping staff safe and Medicaid applications processed timely.

# V. Policy Developments/Issues

General Policy Issues: Kansas addressed policy concerns related to managed care organizations and state requirements through weekly KanCare Policy Committee, monthly KanCare Steering Committee and monthly joint and one-on-one meetings between KDHE, KDADS and MCO leadership. Policy changes are also communicated to MCOs through other scheduled and ad hoc meetings as necessary to ensure leadership and program staff are aware of the changes. All policies affecting the operation of the Kansas Medicaid program and MMIS are addressed through a defined and well-developed process that is inclusive (obtaining input from and receiving review by user groups, all affected business areas, the state Medicaid policy team, the state's fiscal agent and Medicaid leadership) and results in documentation of the approved change.

# VI. Financial/Budget Neutrality Development/Issues

Budget neutrality: The State has updated the Budget Neutrality template provided by CMS and has submitted this through the PMDA system. The expenditures contained in the document reconcile to Schedule C from the CMS 64 report for quarter ending March 31, 2022.

General reporting issues: KDHE continues to work with Gainwell Technologies, the fiscal agent, to modify reports as needed to have all data required in an appropriate format for efficient Section 1115 demonstration reporting. KDHE communicates with other state agencies regarding any needed changes.

# VII. Member Month Reporting

This section reflects member month counts for each Medicaid Eligibility Group (MEG) by Demonstration Year (DY).

### VIII. Consumer Issues

A summary of the consumer issues is below:

Issue	Resolution	Action Taken to Prevent Further Occurrences
Members are having issues with locating and/or maintaining in home personal care workers (PCS).	Upon review, there is a staffing shortage for in home care providers. Some of this concern is related to the Public Health Emergency, the State has also done a review and found that pay rates for PCS workers needs reviewed for consistency across waivers.	The State is currently working on standardizing pay rates across waivers for PCS.
Members have had concerns with having home modifications completed that were part of their PCSP.	Upon review, there was a breakdown in communication between the MCO CC/CM and the families. The MCO has provided additional coaching to those workers to prevent this in the future.	The State has requested ongoing (at minimum) annual training on this process to prevent this issue in the future.

The following chart contains the quarterly results from HCBS consumer assessments. The questions and answers provide insight into consumer satisfaction with the health plan, satisfaction with the services received, and with general satisfaction with life. These results show an overwhelmingly positive view of the MCOs' services and the HCBS providers in KanCare. The MCOs were asked to provide HCBS consumer satisfaction data on a quarterly basis, starting with quarter three 2021. Some MCOs relied upon the annual CAHPS surveys to provide this information to the health plan/KDHE, consequently they are still building their process to provide quarterly updates. Below is the information received for the HCBS satisfaction for the first quarter:

Assessment	Jan - 22	Feb - 22	Mar - 22	Total	% Total
How satisfied are you with the Health Plan?					
Satisfied	750	712	842	2304	60.66%
Very Satisfied	572	434	479	1485	39.10%
Dissatisfied	2	0	2	0	0.11%
Very Dissatisfied	2	1	2	0	0.13%
How satisfied are you with your Adult Day Center Provider?					
Satisfied	252	205	290	747	62.46%

Very Dissatisfied	0	1	2	3	2.16%					
How satisfied are you with the availability of home providers?										
Satisfied	0	0	4	4	66.67%					
Very Satisfied	0	0	2	2	33.33%					
Dissatisfied	0	0	0	0	0.00%					
Very Dissatisfied	0	0	0	0	0.00%					
How satisfied are you with wait times for services in the home?	?									
Satisfied	0	0	3	3	42.86%					
Very Satisfied	0	0	3	3	42.86%					
Dissatisfied	0	0	1	1	14.29%					
Very Dissatisfied	0	0	0	0	0.00%					
Do you have a paid or volunteer job in the community?										
Yes	244	207	246	697	13.68%					
No	1489	1355	1554	4398	86.32%					
Do you feel safe in your home/where you live?										
Yes	1723	1570	1798	5091	99.47%					
No	7	10	10	27	0.53%					
Are you able to make decisions about your daily routine?										
Yes	1707	1556	1764	5027	97.63%					
No	33	39	50	122	2.37%					
Are you able to do things you enjoy outside of your home and with whom you want to?										
Yes	1654	1462	1709	4825	93.60%					
No	91	119	120	330	4.40%					

Can you see or talk to your friends and family (who do not live with you) When you want to?								
Yes	1687	1526	1759	4972	97.15%			
No	43	50	53	146	2.85%			
In general, do you like where you are living right now?								
Yes	1713	1535	1765	5013	98.22%			
No	22	30	39	91	1.78%			

# IX. Quality Assurance/Monitoring Activity

The State Quality Management Strategy (QMS) is designed to provide an overarching framework for the State to allocate resources in an efficient manner with the objective of driving meaningful Quality Improvement (QI). Underneath the QMS lies the State's monitoring and oversight activities, across KDHE and KDADS, that act as an early alert system to more rapidly address MCO compliance issues and reported variances from expected results. Those monitoring and oversight activities represent the State's ongoing actions to ensure compliance with Federal and State contract standards. The framework of the QMS has been redesigned to look at the KanCare program and the population it serves in a holistic fashion to address all physical, behavioral, functional and social determinants of health and independence needs of the enrolled population. The QMS serves as the launch pad from which the State will continue to build and implement continuous QI principals in key areas of the KanCare program. The State will continue to scale the requirements of the QMS to address and support ongoing system transformation.

A requirement for approval of the 1115 waiver was development of a State QMS to define waiver goals and corresponding statewide strategies, as well as all standards and technical specifications for contract performance measurement, analysis, and reporting. CMS finalized new expectations for managed care service delivery in the 2017 Medicaid and CHIP Managed Care Final Rule. A Quality Strategy Toolkit was released in June 2021 and the State has updated the QMS to closely follow these recommendations. The intent of this updated QMS is to comply with the Final Rule, to establish regular review and revision of the State quality oversight process and maintain key State values of quality care to Medicaid recipients through continuous program improvement. The regular review and revision features processes for stakeholder input, tribal input, public notification, and publication to the Kansas Register.

The current QMS defines technical specifications for data collection, maintenance, and reporting to demonstrate recipients are receiving medically necessary services and providers are paid timely for service delivery. The original strategy includes most pre-existing program measures for specific services and financial incentives called pay for performance (P4P) measures to withhold a percentage of the capitation payment the MCOs can earn by satisfying certain quality benchmarks. Many of the program-specific, pre-existing measures were developed for the 1915(c) disability waivers designed and managed by the operating agency, KDADS, and administered by the single State Medicaid agency, KDHE. Regular and consistent cross-agency review of the QMS will highlight progress toward State goals and measures and related contractor progress. The outcome findings will demonstrate areas of compliance and non-compliance with Federal standards and State contract requirements. This systematic review will advance trending year over year for the State to engage contractors in continuous monitoring and improvement activities that ultimately impact the quality of services and reinforce positive change.

The State participated in the following activities:

- Ongoing automated report management, review, and feedback occurred between the State and the MCOs. Reports from the MCOs consist of a wide range of data reported on standardized templates. The State is preparing to add Provider Satisfaction Survey results to the Report Administration system. This would include MCO submission of survey tools and methodology for State approval prior to survey implementation.
- Developed specific templates for reporting key components of performance for the KanCare program through cross-agency and MCO collaboration. The process of report management, review, and feedback is now automated to ensure efficient access to reported information and maximum utilization/feedback related to the data. The team identified gaps in reporting contract requirements and reports that could improve the quality of data reported.
- Monitored the External Quality Review Organization (EQRO) work plan. KFMC, the State's EQRO, and the State used established tools to track EQRO, State, and MCO deliverables due dates. The tool is updated daily by KFMC and distributed to the State and MCOs quarterly. The State uses this mechanism to prepare for upcoming due dates.
- Participated in meetings with the EQRO, MCOs, KDADS, and KDHE to discuss EQRO activities and concerns.
- KDHE and KDADS performed the State 2021 Annual Contract Review and additional audits. The State provided preliminary audit findings to MCOs for rebuttal and review. The State adopted a new review to fully review the KanCare contract within a three-year timeframe. This change helps the State to better focus on each contract area when completing the quality review. All onsite meetings for 2021 were held virtually through Microsoft Teams due to COVID-19.
- Participated in Medicaid Fraud Control Unit monthly meetings with the Attorney General's office
  to address fraud, waste, abuse cases, referrals to MCOs and State, and collaborate on solutions
  to identify and prevent fraud, waste, and abuse.
- Continued state staff participation in cross-agency long-term care meetings to report quality assurance and programmatic activities to KDHE for oversight and collaboration.
- Discussed program issues and work collaboratively towards solutions at new monthly HCBS waiver meetings with KDADS, KDHE and the MCO waiver staff.
- Continued participation in weekly calls with each MCO to discuss ongoing provider and member issues, and to troubleshoot operational problems. Progress is monitored through these calls and through issue logs.
- Discussed issues and improvements with KanCare. Leadership from KDADS, KDHE and the three MCOs each month.
- Monitored large, global system issues through a weekly log issued to all MCOs and the State's
  fiscal agent. The resulting log is posted on the KanCare website for providers and other interested
  parties. Continued monthly meetings to discuss trends and progress.
- Monitored member or provider specific issues through a tracking database that is shared with MCOs and KDADS for weekly review.
- Attended various provider training and workshops presented by the MCOs. Monitored for accuracy, answer questions as needed.

- KanCare 2.0 requires each MCO to participate in six PIPs. All eighteen PIPs have approved methodologies and have moved to the technical specification and data reporting phase. PIP activities focused on developing strong technical specifications that will be reported to the State and the EQRO via our data reporting system intermittently. This process went smoothly with KFMC and the State developing and providing a template as well as examples to act as a guide. Once technical specifications are approved, the MCOs begin reporting data on the PIP's interventions. The State can review the data at will in order to assess the success or need for adjustments in the interventions. PIP meetings occur twice per quarter (or as needed) where the State, EQRO and MCO can have in depth discussions related to PIP concerns and enhancements.
- A member-friendly table of all the MCOs' PIPs, with a simplified description of their interventions, is available on the KanCare website<sup>2</sup>. The file is in PDF for ease of access under 'Performance Improvement Projects'.
- KDHE and KDADS held the first Quality Steering Committee meeting to review progress on the objectives in the QMS. This is a biannual meeting to monitor for any concerns related to objectives of the QMS.
- For the programs administered by KDADS: The Quality Assurance (QA) process is designed to give continuous feedback to KDADS, KDHE, and stakeholders regarding the quality of services being provided to KanCare members. KDADS quality assurance staff are integrated in the Long Term Services and Supports (LTSS) Commission to align staff resources for efficient and timely performance measurement. QA staff review random samples of individual case files to monitor and report compliance with performance measures designated in Attachment J of the MCO contracts. The measures are monitored and reviewed in collaboration with program staff in the LTSS Commission and reported through the Financial and Information Services Commission at KDADS. This oversight is enhanced through collaboration with the Department of Children and Families and the Department of Health and Environment. A quality assurance protocol and interpretative guidelines are utilized to document this process and have been established with the goal of ensuring consistency in the reviews.
- Below is the timeline that the KDADS Quality Review Team follows regarding the quality review process.

HCBS Quality Review Rolling Timeline								
	FISC/IT	A&D CSP	MCO/Assess	A&D CSP	FISC	A&D CSP	CSP

# X. Managed Care Reporting Requirements

a. A description of network adequacy reporting including GeoAccess mapping:

KDHE has continued to give MCOs feedback on the accuracy and completeness of their quarterly reports. As MCOs improve their reporting, feedback has expanded from reporting basic errors (duplicates) to include more detailed data issues (at the provider level). The State used a portion of the annual contract review onsite sessions to present individualized feedback and ask questions of each MCO. Based on these conversations, the State completed another round of meetings with all three MCOs to collaborate and resolve issues concerning provider network reporting processes. The State team has been working on improvements to the Provider Network report, Provider Directory, Access and Availability Report, the NEMT report, the feedback report, mapping formats, Non-Participating Provider Reliance Report, and a HCBS Service Delivery Report. The team continues to match the MCOs' reports against additional data sources to give a clearer picture of the reports' accuracy and completeness. For example, the national NPI database is referenced for matching of NPI types/specialties and taxonomies.

In addition, the State began collecting the data files for MCO provider directories, in order to give feedback to the MCOs when differences between the directory and network report are found. This process will give the State insight into information such as office hours, cultural competency, and ADA capabilities. The State also developed a tool to analyze the MCOs online provider directory compliance with contract requirements. The tool will give the MCO a percentage of compliance score and feedback on which metrics need the most improvement. The State also began work to standardize the MCOs submission of their online directory via a format that can be uploaded by KDHE.

In partnership with KDHE Department of Administration, the State developed an automated procedure, using ArcGIS Pro, to map providers based on the MCOs provider network report submissions. These maps serve multiple purposes including a compare between the GeoAccess map that the MCO submits, to find errors, omissions, and verify gaps in coverage. Using these maps, the team began to implement our exceptions request process. The team chose to focus on OBGYNs. MCOs have begun to close gaps, by adding new providers, and documenting activities to close any remaining gaps.

KDHE also began to compare the dental networks of the three managed care organizations and all fee-for-service enrolled providers. Using the comparison, gaps in coverage could be analyzed to determine if there was a Medicaid provider in an area or not. Letters were sent to each MCO when a gap in care was identified and if there were any Medicaid enrolled providers in that area. The State will continue this effort with other high-profile provider types and looking at commercial insurance networks as well for comparison.

Examples of maps mentioned in this report are below. All the maps are available on the KanCare Network Adequacy Reporting website<sup>3</sup>.

KanCare First Quarter Report to CMS - Quarter Ending 03.31.2022

### KanCare Managed Care Organization Network Access As of April 1, 2022

The KDHE and KDADS GeoAccess standards are posted on our KanCare website<sup>4</sup>. The State standards are found in two main documents:

- MCO Network Access:
  - This report pulls together a summary table from each MCO and provides a side-by-side comparison of the access maps for each plan by specialty.
- HCBS Providers by Waiver Service:
  - o Includes a network status table of waiver services for each MCO.

The State also posts to the KanCare website the maps that the MCOs submitted. The State includes a trending graph to show change between quarters.

b. Customer service reporting, including total calls, average speed of answer, and call abandonment rates, for MCO-based and fiscal agent call centers, January – March 2022:

KanCare Customer Service Report – Member

MCO/Fiscal Agent	Average Speed of Answer (Seconds)	Call Abandonment Rate	Total Calls
Aetna	8.57	1.81%	42,809
Sunflower	22.00	1.94%	34,598

- d. Enrollee complaints and grievance reports to determine any trends: This information is included at items IV(d) and X(c) above.
- e. Summary of ombudsman activities: The <u>report for the first quarter of calendar year 2022</u> is attached.
- f. Summary of MCO critical incident report:

The Adverse Incident Reporting (AIR) system is a critical incident management reporting and monitoring system for the detection, prevention, reporting, investigation and remediation of critical incidents with design components to ensure proper follow-up and resolution occurs for all defined adverse incidents. Additional requirements have been implemented to confirm review and resolutions regarding instances of seclusion, restraint, restrictive intervention, and death followed appropriate policies and procedures. The Kansas Department for Aging and Disability Services (KDADS) implemented enhancements to the AIR system on 9/17/18. These enhancements allow KDADS, KDHE, and MCOs to manage specific critical incidents in accordance with KDADS' AIR Policy.

All the Managed Care Organizations (MCOs) have access to the system. MCOs and KDADS staff may now both read and write information directly into the AIR system. Creating an Adverse Incident Report is forward facing, so anyone from a concerned citizen to an MCO Care Coordinator can report into the AIR system by visiting the KDADS website at www.kdads.ks.gov and selecting Adverse Incident Reporting (AIR) under the quick links. All reports are input into the system electronically. Determinations received from the Kansas Department for Children and Families (DCF) are received by KDADS staff who review the AIR system and attach to an existing report, or manually enter reports that are not already in the AIR system. After reports are received and reviewed and waiver information is verified by KDADS staff in MMIS, MCOs receive notification of assigned reports. MCOs have the ability to provide follow-up information within the AIR system and address corrective action plans issued by KDADS as appropriate. To protect member protected health information, MCO access is limited to only their enrolled members.

KDADS Program Integrity continues providing AIR training to Community Service Providers and any interested parties statewide upon request. Access to training materials and contact information to request a training is located on the KDADS website. Along with provider and individual training, KDADS provides updated trainings to the MCOs as requested for new staff and as a refresher to ensure efficient and consistent processes.

AIR is not intended to replace the State reporting system for abuse, neglect and exploitation (ANE) of individuals who are served on the behavioral health and HCBS programs. ANE substantiations are reported separately to KDADS from the Department of Children and Families (DCF) and monitored by the KDADS program integrity team. The program integrity team ensures individuals with reported ANE are receiving adequate supports and protections available through KDADS programs, KanCare, and other community resources. A summary of the 2022 AIR reports through the guarter ending March 31, 2022 follows:

Critical Incidents	1 <sup>st</sup> Quarter	2 <sup>nd</sup> Quarter	3 <sup>rd</sup> Quarter	4 <sup>th</sup> Quarter	YTD
Critical incluents	AIR Totals	AIR Totals	AIR Totals	AIR Totals	TOTALS
Reviewed	2,980				2,980
Pending Resolution	12				12
Total Received	2,992				2,992
APS Substantiations*	192				192

<sup>\*</sup>The APS Substantiations exclude possible name matches when no date of birth is identified. One adult may be a victim/alleged victim of multiple types of allegations. The information provided is for adults on HCBS programs who were involved in reports assigned for investigation and had substantiations during the quarter noted. An investigation may include more than one allegation.

# **XI.** Safety Net Care Pool

The Safety Net Care Pool (SNCP) is divided into two pools: The Health Care Access Improvement Program (HCAIP) Pool and the Large Public Teaching Hospital/Border City Children's Hospital (LPTH/BCCH) Pool. The DY 10 first quarter HCAIP UCC Pool payments will be issued in June 2022. The DY 10 first quarter LPTH/BCCH UC Pool payment was issued March 24, 2022.

SNCP and HCAIP reports for the first quarter of DY 10 are attached to this report.

Disproportionate Share Hospital payments continue, as does support for graduate medical education.

# XI. Demonstration Evaluation

The entity selected by KDHE to conduct KanCare Evaluation reviews and reports is the Kansas Foundation for Medical Care, now known as KFMC Health Improvement Partners (KFMC). KFMC worked with KDHE to develop a draft evaluation design that was accepted by CMS February 26, 2020.

# XIII. Other (Claims Adjudication Statistics; Waiting List Management)

a. Post-award forumsNo post-award forum was held during the January-March 2022 quarter.

- b. Claims Adjudication Statistics
   KDHE's summary of the <u>KanCare MCOs' claims adjudication reports covering January through</u>
   March of 2022 is attached.
- c. Waiting List Management

PD Waiting List Management

For the quarter ending March 31, 2022:

- Current number of individuals on the PD Waiting List: 2,135.
- Number of individuals added to the waiting list: 413
- Number of individuals removed from the waiting list: 555
  - 245 started receiving HCBS-PD waiver services
  - o 48 were deceased
  - 262 were removed for other reasons (refused services, voluntary removal, etc.)

I/DD Waiting List Management

For the quarter ending March 31, 2022:

- Current number of individuals on the I/DD Waiting List: 4,684
- Number of individuals added to the waiting list: 144
- Number of individuals removed from the waiting list: 154
  - o 32 started receiving HCBS-I/DD waiver services
  - o 3 were deceased
  - o 119 were removed for other reasons (refused services, voluntary removal, etc.)

# Level of Care Performance Measures 1 & 2

Beginning with the January to March 2018 Quality Review period, KDADS will perform a data pull to determine compliance for Level of Care Performance Measures 1 & 2. This change will apply to each waiver, except Autism, which remains a record review.

# **Level of Care Performance Measure 1**

Number of waiver participants who were determined to meet Level of Care requirements prior to receiving HCBS services

**Numerator:** Number of waiver participants who were determined to meet Level of Care requirements prior to receiving HCBS services

**Denominator:** Total number of initial enrolled waiver participants

For Level of Care Performance Measure 1, KDADS will review all waiver participants who
became newly eligible during the review period, as determined by MMIS eligibility data. KAMIS
assessment data is then pulled for these individuals. Waiver participants are considered
"Compliant" if they have had a functional assessment within 365 days prior to their eligibility
effective date.

# **Level of Care Performance Measure 2**

Number and percent of waiver participants who receive their annual Level of Care evaluation within 12 months of the previous Level of Care determination

**Numerator:** Number of waiver participants who receive their annual Level of Care evaluation within 12 months of the previous Level of Care determination

**Denominator:** Number of waiver participants who received Level of Care redeterminations

• For Level of Care Performance Measure 2, KDADS will review 100% of waiver participants throughout the four quarters of the year. MMIS eligibility data will be used to determine the denominator, which is the total number of existing waiver participants who had an eligibility effective month within the quarter being reviewed. KAMIS assessment data is then pulled for these individuals. Waiver participants are considered "Compliant" if they received an assessment within 365 days of their previous assessment.

#### **Explanation of Findings:**

For this Performance Measure, KDADS is utilizing KAMIS assessment data and MMIS eligibility data to determine compliance for five of the waivers. The Autism and SED waiver compliance is determined through a record review.

IDD: Potential reasons for non-compliance include HCBS eligibility/coding date predating the qualifying functional assessment.

#### Remediation:

CDDO/KDADS meeting was held on March 17, 2022 and discussion of plan to ensure IDD waiver members have been appropriately closed out and how to clearly indicate member is utilizing Appendix K exception.

Next meeting for follow up will occur 08/18/2022.

#### Level of Care

PM 2: Number and percent of waiver participants who receive their annual Level of Care evaluation within 12 months of the previous Level of Care determination

Numerator: Number of waiver participants who receive their annual Level of Care evaluation within 12 months of the previous Level of Care determination

Denominator: Number of waiver participants who received Level of Care redeterminations

Review Period: 07/01/2021 - 09/30/2021

### **Explanation of Findings:**

For this Performance Measure, KDADS is utilizing KAMIS assessment data and MMIS eligibility data to determine compliance for five of the waivers. The Autism compliance is determined through a record review.

Explanation of Findings for administrative data pull (PD, FE, BI): The individual has not had a functional assessment within the last 365 calendar days or the individual did not have a functional assessment within 365 days of the previous assessment.

COVID exception granted for re-assessments that fall between 1/27/2020-until rescinded through Appendix K Guidance, which could explain some of the cases considered non-compliant utilizing the data pull.

### Remediation:

KDADS is working through a clean-up project with the ADRCs to clean-up overdue assessments, identify specifically why they became overdue (i.e., duplicates, 3161 process errors etc.) KDADS will be tracking these identified errors and provide feedback for correction with the ADRC and KDHE as appropriate.

ADRCs were sent consumer data on 04/19/2022 for members who had not had an assessment prior to COVID exception with Appendix K. ADRCs have been tasked with conducting outreach with these members and determine if cases should be closed or not.

Level of Care

PM 3: Number and percent of waiver participants whose Level of Care (LOC) determinations used the state's approved screening tool

Numerator: Number of waiver participants whose Level of Care determinations used the approved screening tool

Denominator: Number of waiver participants who had a Level of Care determination

Review Period: 07/01/2021 - 09/30/2021

#### **Explanation of Findings:**

PD: Functional assessment not current for audit period, therefore unable to determine if approved screening tool was used

SED: Functional assessment not current for audit period, therefore unable to determine if approved screening tool was used

#### Remediation

Currently, KDADS HCBS does not have administrative authority over the CMHCs who conduct the SED assessments.

Re-evaluations: The CMHCs upload the participant's Annual LOC documents into KAMIS for KDADS review. KDADS Quality Review Team reviews a sample of the CMHCs reassessments quarterly to assure all documents reflect the ongoing LOC for continuation on the waiver.

Level of Care

PM 4: Number and percent of initial Level of Care (LOC) determinations made by a qualified assessor

Numerator: Number of initial Level of Care (LOC) determinations made by a qualified assessor

# Explanation of Findings:

PD, FE, IDD, BI, AU, SED: Providers did not meet background check requirements set out in waiver and KDADS policy

### Remediation:

All three contracted MCOs are on Quality Improvement Plans (QIPs) for this measure. KDADS requested a LEGEND and further explanation of how Averifi conducted and tracked background checks on 04/22/2022. From reviews it appears that MCOs only conducted the Nurse Registry check on those individuals who held the licenses of RN, LPN, CMA, etc..

#### **Explanation of Findings:**

PD, FE, IDD, BI, TA, AU, SED: Providers did not meet background check requirements set out in waiver and KDADS policy

### Remediation:

Current policy requires change to include Motor Vehicle checks being conducted only for staff that drive.

MCOs are working with Averifi and contracted providers to ensure policy is followed and marked consistently across all MCOs to ensure the background check policy is being followed. MCOs met with Averifi on April 22, 2022 to request follow up with KDADS regarding clarification of whether Nurse Registry checks were conducted on all staff. Request for update sent to MCOs on April 26, 2022.

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as used its and doubt the participant of the participa

MCOs will continue to complete Service Plan (\$Ps) processes by telephone or video and begin sending \$P's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCSV Walver Programs COVID-18 guidance exception that was rescrided in September 2020, KDADS as continued to coordinate with the MCOs in education. their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in Febr

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all waivers; however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-Dec 2021 review.

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

# Remediation

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality improvement Plan (Qill) meetings until measures meet 86% or greater. Noci cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure. MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mail with self addressed stamped evelopes so that participants can sign and return. With the earlier Intel'SB Waiver Programs COVID-19 guidance exception that was rescribed in September 2020, KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process amound signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurance and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all waivers; however, most measures are not meeting the required threshold. IOAGS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and week areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-De 2021 review.

#### Current observations:

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The

2020 Jan - Mar 2021 Apr-Jun 2021 Jul - Sept 2021

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Qualify improvement Plan (QPI) meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure.

MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCBS Walver Programs COVID-19 guidance exception that was resinded in September 2020, KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOS in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly, Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all walvers; however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on OIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-Dec 2021 review

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing walvers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

#### Service Plan

PM 5: Number and percent of waiver participants (or their representatives) who were present and involved in the development of their service plan Numerator: Number of waiver participants (or their representatives) who were present and involved in the development of their service plan Denominator: Number of waiver participants whose service plans were reviewed Review Period: 07/01/2021 - 09/30/2021

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all walvers: however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of OIP implementation and the finalized results for the Oct-Dec 2021 review.

Current observations:

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

<sup>\*</sup>Audit methodology has changed for this question, effective April-June 2021

#### Remediation

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality improvement Plan (QIP) meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure.

MCDs will continue to complete Service Plan [SP4] processes by telephone or video and begin sending SP9 to participants via also mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCSS Wather Programs COVID-19 guidance exception that was rescinded in September 2000, KDAIDS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequasted, complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to

KDADS has received CIII's from the contracted MOS to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure intellines are being followed or to mitigate susues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

This sulft for period July-Sept 2021 shows overall improvement from all three MCDs across all waivers; however, most measure are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Orbe-2021 review.

#### Current observations:

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 28.3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

### Service Plan

PM 9: Number and percent of survey respondents who reported receiving all services as specified in their service plan Numerator: Number of survey respondents who reported receiving all services as specified in their service plan Denominator: Number of waiver participants interviewed by QMS staff Review Period: 07/01/2021 - 09/30/2021

### Explanation of Findings:

BI: Individual reports not receiving services as indicated on service plan AU: Responsible party reporting individual is not receiving as indicated on service

### Remediation:

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality Improvement Plan (QIP) meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure.

MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCBS Waiver Programs COVID-19 guidance exception that was rescinded in September 2020. KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all waivers; however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-Dec 2021 review.

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

### **Explanation of Findings:**

BI: Service plan not provided or does not cover entire review period, no meeting date on service

AU: Service plan or documentation of choice not provided or does not cover entire review period

### Remediation:

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality Improvement Plan (QIP) meetings until measures meet B6% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that paglis were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure.

MCOs will continue to complete Service Plan (\$Ps) processes by telephone or video and begin sending \$P's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCSS Waiver Programs COVID-19 guidance exception that was rescinded in September 2020, KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Knass will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

 $This \ audit \ for \ period \ July-Sept \ 2021 \ shows \ over all \ improvement \ from \ all \ three \ MCOs \ across \ all \ waivers; \ however, most$ measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, NADOs will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-Dec 2021 review.

Current observations:
United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well.

### \*Audit methodology has changed for this question, effective April-June 2021

Compliance Trends

# Remediation:

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality Improvement Plan (QP) meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were address with the participants. KDADS believes what is a signed service plan will improve the compliance with the performance measure.

MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mall with self addressed stamped envelopes so that participants can sign and return. With the earlier HCBS Waiver Programs COVID-19 guidance exception that was rescrided in September 2020, KADAS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCDs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarter.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all waivers; however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-Dec 2021 review.

### Current observations

Current observations:
United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

\*Audit methodology has changed for this question, effective April-June 2021

### Remediation

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality Improvement Plan (QIP) meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure.

MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCBS Waiver Programs COVID-19 guidance exception that was rescinded in September 2020, KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Stevice Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception. which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C. D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kanass will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kanass has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all waivers; however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 3022 to review progress on QPs and will be provided detailed information as to their strong and weak areas with discussion of Inther improvement plans for any measure that is under 30%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Ot-Dec 2012 review.

### Current observations:

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

# **Explanation of Findings:**

SED: No valid signature and/or date, service plan not provided or does not cover
entire review period

# Remediation:

Currently, KDADS HCBS does not have administrative authority over the CMHCs who conduct the SED assessments.

Revaluations: The CMHCs upload the participant's Annual LOC documents into KAMIS for KDADS review. KDADS Quality Review Team reviews a sample of the CMHCs reassessments quarterly to assure all documents reflect the ongoing LOC for continuation on the waiver.

### Explanation of Findings:

Aetna had two reports of unexpected death where preventable causes were identified. One report for both the PD and the IDD waiver. The IDD report was marked as preventable causes in error. There were no preventable causes identified, the member passed in the hospital due to COVID complications. The PD report identified preventable causes as this is a case of homicide and an arrest was made. There were no concerns of ANE by the provider.

Sunflower had four reports of unexpected death where preventable causes were identified. Two reports were identified for the FE waiver and one report was identified for both the PD and the IDD waiver.

The member on the PD waiver was informed of proper medical care but refused treatments.

The member on the IDD waiver passed away due to complications from a heart condition that was flared up after they began choking on food. There were no concerns of ANE for this incident.

The two reports on the FE waiver where preventable causes were identified included refusal of medical care with knowledge of decline and the other had a history of falls and passed in the hospital during rehabilitation.

United had two reports of unexpected death where preventable causes were identified. One on the FE waiver and the other on the BI waiver. The member on the FE waiver passed unexpectedly due to long term refusal of medical treatment. The member on the BI waiver had been refusing medications and then used the medications to overdose and passed overnight. There were restrictions of only one week of medications being provided at a time as overdose was not a concern of the

### Remediation:

No remediation needed.

# Explanation of Findings:

Sunflower had one FE report identified as not following the appropriate policy and procedure. This report was marked due to staff error. There are no concerns for this report.

Remediation:
No remediation is needed.

### Explanation of Findings:

BI: Service plan not provided or does not cover entire review period, no meeting date on

AU: Service plan not provided or does not cover entire review period

### Remediation:

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality improvement Plan (QIP) meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure.

MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCBS Waiver Programs COVID-19 guidance exception that was rescribed in September 2020, KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures in compiliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022 high.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address OP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of elight consecutive quarters.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all waivers; however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-Dec 2021 review.

### Current observations

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score

### **Explanation of Findings:**

Aetna had two IDD reports of restraint or seclusion indicating that did not follow proper procedure per waiver. The restraints were medically necessary and conducted by medical professionals. There is no concern of ANE.

 $Sunflower\ had\ six\ IDD\ reports\ of\ improperly\ following\ procedures\ per\ waiver.\ These\ restrictions\ were\ initiated\ by\ law$ enforcement or medical professionals. One instance where another member served restricted movement but was redirected immediately by staff. There is no concerns of ANE.

United had seven reports identified as not following proper procedure per waiver. One report on the PD waiver and six on the IDD waiver.

The PD waiver the intervention was conducted by law enforcement. There is no concern of ANE.

There were six IDD reports identified where proper follow-up procedures were not followed. The restrictions were initiated by law enforcement or outlined in an individuals Behavior Support Plan or pre-approved by Guardian. There is not concerns of

### Remediation:

KDADS Program Integrity team was advised to track provider initiated restrictive measures and not those by medical professionals or law enforcement.

# Explanation of Findings:

Sunflower had one IDD report of improper use of restrictive measures. This restraint was marked incorrectly as improper. It was initiated by law enforcement not the provider. There is no concern of ANE.

United had two IDD reports of improper use of restrictive measures. These restrictive measures were marked improperly as the reports indicate that law enforcement initiated the restraint not the provider. There is no concern of ANE.

### Remediation:

KDADS Program Integrity team was advised to track provider initiated restrictive measures and not those by medical professionals or law enforcement.

### Explanation of Findings:

PD: Evidence of physical exam not provided for review and/or did not meet physical exam requirement, physical exam documentation submitted not current for review period

FE: Evidence of physical exam not provided for review and/or did not meet physical exam requirement, physical exam documentation submitted not current for review period

BI: Evidence of physical exam not provided for review and/or did not meet physical exam requirement, physical exam documentation submitted not current for review period

### Remediation:

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled query meetings averaged with MCOs at scheduled query meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance measure.

MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCSS Waiver Programs COVID-19 guidance exception that was rescinded in September 2020, KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PSCP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix F exception which the state informed MCOs in February 2022 that these plans can extend up through June 30, 2022.

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

This audit for period July-Sept 2021 shows overall improvement from all three MCOs across all waivers; however, most measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on QIPs, and will be provided detailed information as to their strong and week areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP immeementation and the finalized results for the CIPs CPAD 272 review.

### urrent observations:

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver.

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs

Numerator	Not a Waiver Performance Measure				
Denominator					

### Explanation of Findings:

BI: Service plan not provided or does not cover entire review period, no meeting date on service plan

AU: Service plan not provided or does not cover entire review period

### Remediation:

Data reviews and audit requirements will continue to be discussed and reviewed with MCOs at scheduled quarterly meetings as well as individual Quality Improvement Plan (QIP) meetings until measures meet 86% or greater. Root cause analysis has found that there are not signed service plans that can be used to validate that goals were addressed with the participants. KDADS believes having a signed service plan will improve the compliance with the performance

MCOs will continue to complete Service Plan (SPs) processes by telephone or video and begin sending SP's to participants via mail with self addressed stamped envelopes so that participants can sign and return. With the earlier HCBS Waiver Programs COVID-19 guidance exception that was rescinded in September 2020, KDADS has continued to coordinate with the MCOs in educating their Care Coordinators on how to adequately complete a Person-Centered Service Plan (PCSP).

All three contracted MCOs now have electronic signature platforms with Aetna beginning Adobe Sign in February 2022. The ability to accept electronic signatures will help bring most Service Plan Measures into compliance due to the changes made in the document review process around signatures. Verbal signatures continue to be accepted during the Appendix K exception which the state informed MCOs in February 2022 that these plans can extend up through June 30,

Each MCO met on January 13, 2022 and reviewed the QIPs for performance measures at that time, MCOs were requested to create additional QIPs for Appendices C, D and G.

KDADS has received QIPs from the contracted MCOs to address QP Performance measures. KDADS has accepted the plan and monitors on a quarterly basis to ensure timelines are being followed or to mitigate issues as they arise. Kansas will continue to evaluate New Editions recommendations for change to meet the assurances and adjust the standard operating procedures accordingly. Kansas has a goal to of bringing these performance measures into full compliance of eight consecutive quarters.

 $This \ audit \ for \ period \ July-Sept \ 2021 \ shows \ over all \ improvement \ from \ all \ three \ MCOs \ across \ all \ waivers; \ however, \ most$ measures are not meeting the required threshold. KDADS meets with each MCO on May 9, 2022 to review progress on OIPS and will be provided detailed information as to their strong and weak areas with discussion of further improvement plans for any measure that is under 50%. Additionally, KDADS will discuss the rotation of a complete year of QIP implementation and the finalized results for the Oct-Dec 2021 review.

United ranks poorly in measures 4, 5, & 6 relating to Appendix D with focus on their poorest performing waivers - BI, PD, FE indicating more involvement between the ADRCs and the MCOs.

Sunflower Health Plan - no particular measure could be identified, however, needs to focus on the BI and IDD waiver, indicating the need for education or increased attention to tasks for this waiver

Aetna - requires attention to all measures with the exception of measures 2&3 of which they score exceptionally well. The poorest performing waivers - BI, PD, FE, indicate the need for more involvement between the ADRCs and the MCOs.

# **Explanation of Findings:**

As defined in the KanCare 2.0 RFP: Clean claim means one that can be processed without obtaining additional information from the Provider of the service or from a third party. It does not include a claim from a Provider who is under investigation for Fraud or Abuse, or a claim under review for Medical Necessity.

Performance Measure threshold achieved for all waivers.

### Remediation:

No remediation necessary.		

Financial Accountability

PM 2: Number and percent of payment rates that were certified to be actuarially sound by the State's actuary and approved by CMS

Numerator: Number of payment rates that were certified to be actuarially sound by the State's actuary and approved by CMS

Denominator: Total number of capitation (payment) rates

# II. Highlights/Dashboard

# A. Contacts:

Initial Contacts continue to be at a reduced amount due to lower call volume during the pandemic emergency order.

Initial Contacts	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4
2020	903	478	562	601
2021	564	591	644	566
2022	524			

# **B.** Volunteer Program

The KanCare Ombudsman Office has seven volunteers taking calls (including three that are being mentored). Four days are covered in each Satellite Office for responding to calls to our toll free number. The offices have rebounded from the drop in volunteers during the COVID-19 pandemic.

# C. New resource

The Psychiatric Residential Treatment Facility (PRTF) fact sheet was created in partnership with the Kansas Department for Aging and Disability Services (KDADS) Behavior Health for Children and Youth Team and the KanCare Ombudsman Office.

# KanCare General Information Fact Sheet

# Psychiatric Residential Treatment Facility (PRTF)

# 1. What is a Psychiatric Residential Treatment Facility (PRTF)?

A PRTF is a sub-acute level of psychiatric care for children in the state of Kansas. It is not a permanent or long-term placement, but a treatment facility. A PRTF is a treatment facility in a residential setting that will provide all psychiatric services needed by the child with family/guardian involvement. PRTFs are paid a daily rate for the services.

A PRTF, which is a Kansas Medicaid billable service for Kansas based PRTFs, is not the same as a Residential Treatment Center (RTC). Kansas does not have RTCs and RTC's are not reimbursable by Medicaid.

# 2. How can parents/guardians avoid using a PRTF?

If children start receiving psychiatric services earlier in the process from the local Community Mental Health Center (CMHC) or local provider, the need for PRTF for a child may not be necessary.

# III. KanCare Ombudsman Purpose

The KanCare Ombudsman Office helps Kansas Medicaid members and applicants, with a priority on individuals participating in long-term supports and services through KanCare. The KanCare Ombudsman Office assists KanCare members and applicants with access, service, and benefit problems. The KanCare Ombudsman office helps with:

- Answers to questions
- Resolving issues
- Understanding letters from KanCare
- Responding when you disagree with a decision or change
- Completing an application or renewal
- Filing a complaint (grievance)
- Filing an appeal or fair hearing
- Learning about in-home services, also called Home and Community Based Services (HCBS)

The Centers for Medicare and Medicaid Services <u>Special Terms and Conditions (2019-2023)</u>, <u>Section 36</u> for KanCare, provides the KanCare Ombudsman program description and objectives.

# IV. Accessibility to the Ombudsman's Office

# A. Initial Contacts

The KanCare Ombudsman Office was available to members and applicants of KanCare/Kansas Medicaid by phone, email, written communication, social media and the Integrated Referral and Intake System (IRIS) during first quarter of 2022.

Initial Contacts is a measurement of the number of people who have contacted our office, not the number of contacts within the time of helping them. Our tracking system is set up to keep the information of all contacts for that person in one file for ease of reviewing a case and maintaining ongoing information on a case. We may help a person who contacts our office with one call, or it may take many emails and phone calls to resolve. This chart shows only the number of people who have contacted us.

The last several quarters of contacts are down; we believe it is due to the policy of not dropping members from coverage during the federal pandemic emergency order.

Initial Contacts	Qtr. 1	Qtr. 2	Qtr. 3	Qtr. 4
2017	825	835	970	1,040
2018	1,214	1,059	1,088	1,124
2019	1,060	1,097	1,071	915
2020	903	478	562	601
2021	564	591	644	566
2022	524			

The chart below shows an example of one other organization that has had a significant decrease in calls during the COVID-19 pandemic as well. According to this information it appears that the Clearinghouse contacts have a similar decrease to first quarter of 2020 as the KanCare Ombudsman office.

	KanCare Ombudsman Office Contacts	% +/- Comparison to Q1/20	KanCare Clearing- house Contacts	% +/- Comparison to Q1/20
Q4/19	915		126,682	
Q1/20	903		128,033	
Q2/20	478	-47%	57,720	-55%
Q3/20	562	-38%	57,425	-55%
Q4/20	601	-33%	59,161	-54%
Q1/21	564	-38%	81,398	-36%
Q2/21	591	-35%	64,852	-49%
Q3/21	644	-29%	65,156	-49%
Q4/21	566	-37%	50,009	-61%
Q1/22	524	-42%	52,821	-59%

# B. Accessibility through the KanCare Ombudsman Volunteer Program

The KanCare Ombudsman Office has two satellite offices for the volunteer program: one in Kansas City Metro and one in Wichita. The volunteers in both satellite offices answer KanCare questions, help with issues and assist with filling out KanCare applications (by phone only during the COVID-19 pandemic).

During first quarter, there have been four volunteers assisting in the offices. In addition, we have two volunteers that have completed their training and are being mentored with taking calls; and we have five volunteers that are in training. Both satellite offices follow COVID-19 protocol for people in the buildings and the number of people in the buildings have been very limited. Calls to the toll-free number are covered by volunteers in the satellite offices, and when there is a gap in coverage, the Topeka staff cover the phones.

Office	Volunteer Hours	# of Volunteers	# of hours covered/wk.	Area Codes covered
Kansas City Office	Mon: 9:00 to noon Tues: 1:00 to 4:00pm Wed. 9am to noon Thurs. 1:00pm to 4:00pm	4	12	Northern Kansas Area Codes 785, 913, 816
Wichita Office	Mon: 9:00 to noon Tues: 9:00 to noon Wed. 9am to noon Fri. 9am to noon	3	12	Southern Kansas Area Codes 316, 620

As of April 8, 2022

# V. Outreach by KanCare Ombudsman Office

The KanCare Ombudsman Office is responsible for helping members and applicants understand the KanCare application process, benefits, and services, and provide training and outreach to the managed care organizations, providers, and community organizations. The office does this through:

- resources provided on the KanCare Ombudsman web pages
- · resources provided with contacts to members, applicants, and providers
- outreach through presentations, conferences, conference calls, video calls, social media, and in-person contacts.

The large increase in outreach for during third and fourth quarters was directly related to our AmeriCorps VISTA volunteers. They updated our KanCare Application Assistance Guide that lists organizations that help with filling out KanCare applications. The VISTAs contacted all Local Public Health Departments and other community organizations that have the potential to provide that type of assistance. The VISTAs explained what our organization does, what resources we have available and asked if they would like a packet of our brochures to share with staff and consumers. We are very excited about this outreach and hope that it will create new opportunities for collaboration across the state.

The below chart shows the outreach efforts by the KanCare Ombudsman Office.

	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
Outreach	49	171	348	142	77

For the full listing of outreach, see Appendix A.

# VI. Data for the KanCare Ombudsman Office

Data for the KanCare Ombudsman Office includes data by region, office location, contact method, caller type, program type, issue categories, action taken, and priority.

# A. Data by Region

# 1. Initial Contacts to KanCare Ombudsman Office by Region

KanCare Ombudsman Office coverage is divided into four regions. The map below shows the counties included in each region. The north/south dividing line is based on the state's approximate area code coverage (785 and 620).

The chart, by region, shows that most KanCare Ombudsman contacts come from the Northeast and Southeast part of Kansas.

- 785, 913 and 816 area code toll-free calls go to the Kansas City Metro Satellite office.
- 316 and 620 area code toll-free calls go to the Wichita Satellite office.
- The remaining calls, direct calls and complex calls, and emails go to the Topeka (main) office unless people call the direct number for the satellite offices (found on KanCare Ombudsman web pages under Contact Us.)

This chart shows the calls by region to the KanCare Ombudsman Office

# KanCare Ombudsman Office

REGION	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
Northeast	80	147	94	80	76
Southeast	60	134	96	93	73
Northwest	10	7	8	8	6
Southwest	16	19	12	14	11
Unknown	400	284	433	368	354
Out of State	0	1	1	3	4
Total	566	592	644	566	524

# 2. Kansas Medicaid members by Region

The below chart shows the **Kansas Medicaid population** by the KanCare Ombudsman regions. Most of the Medicaid population is in the eastern two regions. Most Medicaid members are not being dropped at this time due to the pandemic emergency order, so the total Medicaid number is increasing each quarter.

This data includes **all** Medicaid members; KanCare and Fee for Service members.

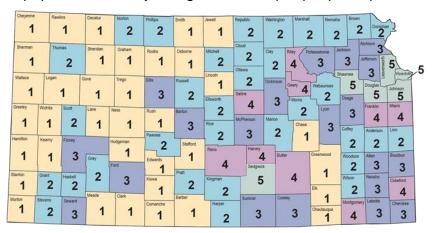

M	ec	dic	ai	d
	J		•	

Region	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
Northeast	218,205	222,688	227,276	231,064	235,371
Southeast	198,235	202,161	206,092	209,226	213,493
Northwest	14,310	14,409	14,817	15,087	15,281
Southwest	41,958	42,834	43,910	44,639	45,647
Total	472,708	482,092	492,095	500,016	509,792

# 3. Kansas Population Density

This map shows the population density of Kansas and helps in understanding why most of the Medicaid population and KanCare Ombudsman calls are from the eastern part of Kansas.

This map is based on 2015 Census data. The <u>Kansas Population Density map</u> shows population density using number of people per square mile (ppsm).

- 5 Urban 150+ ppsm
- 4 Semi-Urban 40-149.9 ppsm
- 3 Densely Settled Rural 20 to 39.9 ppsm
- 2 Rural 6 to 19.9 ppsm
- 1 Frontier less than 6 ppsm

# B. Data by Office Location

During first quarter, we had the assistance of volunteers in the satellite offices about four days per week (including new volunteers being mentored on the phones). When there was no volunteer coverage for the day, the Ombudsman Administrative Specialist or the Ombudsman Volunteer Coordinator took the toll-free number calls.

Contacts by Office	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
Main - Topeka	387	432	458	410	347
Kansas City Metro	74	90	104	46	78
Wichita	103	69	82	110	99
Total	564	591	644	566	524

# C. Data by Contact Method

The contact method most used continues to be telephone and email. The "Other" category includes the use of the Integrated Referral and Intake System (IRIS) and Healthify, a community partner tool designed to encourage warm handoffs among community partners, keeping providers updated along the way.

Contact Method	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
Telephone	473	449	510	446	377
Email	86	139	126	106	144
Letter	1	1	1	3	0
Face-to-Face Meeting	0	0	3	5	2
Other	2	1	3	5	0
Social Media	4	2	1	1	1
CONTACT METHOD TOTAL	566	592	644	566	524

# **Data by Caller Type**

Most Consumer contacts are from applicants, members, family, friends, etc. The "Other type" callers are usually state employees, school social workers, lawyers and students/researchers looking for data, etc.

The provider contacts that are not for an individual member, are forwarded to Kansas Department of Health and Environment/Health Care Finance (KDHE/HCF.)

CALLER TYPE	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
Provider	62	100	82	60	93
Consumer	465	434	478	447	364
MCO Employee	2	4	10	5	2
Other Type	37	54	74	54	65
CALLER TYPE TOTAL	566	592	644	566	524

# D. Data by Program Type

Nursing facility issues and Physical Disability (PD) waiver are the top program concerns within the Program Type contacts received for first quarter

PROGRAM TYPE	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
PD	9	14	11	12	26

INSTITUTIONAL TRANSITION FROM MH/BH	1	1	0	0	0
INSTITUTIONAL TRANSITION FROM PRISON/JAIL	0	0	0	0	0
PROGRAM TYPE TOTAL	70	91	77	99	104

There may be multiple selections for a member/contact.

# E. Data by Priorities

The Ombudsman Office is tracking priorities for two purposes:

- This allows our staff and volunteers to pull up pending cases, review their status and possibly request an update from the partnering organization that we have requested assistance from.
- This helps provide information on the more complex cases that are worked by the Ombudsman Office.

The priorities are defined as follows:

- HCBS Home and Community Based Services
- Long Term Care/NF Long Term Care/Nursing Facility
- Urgent Medical Need 1) there is a medical need, 2) if the need is not resolved in 5-10 days, the person could end up in the hospital.
- Urgent a case that needs a higher level of attention.
- Life Threatening If not resolved in 1-4 days person's life could be endangered. (should not be used very often.)

PRIORITY	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
HCBS	21	33	28	29	29
Long Term Care / MF	14	22	19	34	28
Urgent Medical Need	9	15	8	10	8
Urgent	15	30	24	24	17
Life Threatening	2	2	0	1	2
PRIORITIES TOTAL	61	102	79	98	84

# F. Data by Issue Categories

The Issue Categories have been divided into three groups for easier tracking and reporting purposes. The three groups are:

- 1. Medicaid Issues
- 2. Home and Community Based Services/Long Term Supports and Services Issues (HCBS/LTSS)
- 3. Other Issues: Other Issues may be Medicaid related but are tied to a non-Medicaid program, or an issue that is worthy of tracking.

# 1. Medicaid Issues

The top Medicaid issues are Medicaid General issues, Medicaid Application assistance, Medicaid Eligibility Issues, Medicaid Info/status, and Billing Issues.

MEDICAID ISSUES	Q1/2021	Q2/2021	Q3/2021	Q4/2021	Q1/2022
Access to Providers (usually Medical)	9	11	11	14	12

# G. Data by Managed Care Organization (MCO)

See Appendix B

# VII. Action Taken

This section reflects the action taken by the KanCare Ombudsman Office and the related organizations assisting the KanCare Ombudsman Office. This data shows information on:

- 1. response rates for the KanCare Ombudsman office (Responding to members)
- 2. response rates to resolve the question/concern for related organizations that are asked to assist by the Ombudsman office
- 3. information on resources provided (Action Taken)
- 4. how contacts are resolved (Resolution of Issues)

# A. Responding to Issues

# 1. KanCare Ombudsman Office response to members/applicants

The Ombudsman Office goal is to respond to a contact within two business days.

		% Responded 0-2 Days	% Responded in 3-7 Days	% Responded 8 or More Days
Q1/2021	566	88%	12%	0%
Q2/2021	592	89%	10%	1%
Q3/2021	644	87%	12%	1%
Q4/2021	566	87%	12%	2%
Q1/2022	524	92%	8%	0%

# 2. Organizational final response to Ombudsman requests

The KanCare Ombudsman office sends requests for review and assistance to various KanCare related organizations. The following information provides data on the **resolution rate** for organizations the Ombudsman's office requests assistance from and the amount of time it takes to resolve.

Quarter/yr. : Q1/2022								
Nbr Referrals	Referred to	% Responded 0-2 Days	% Responded 3-7 Days	% Responded 7-30 Days	% Responded 31 or More Days			
49	Clearinghouse	100%	0%	0%	0%			
2	DCF	50%	50%	0%	0%			
1	KDADS-Behavior Health	0%	100%	0%	0%			
3	KDADS-HCBS	100%	0%	0%	0%			
1	KDADS-Health Occ. Cred.	100%	0%	0%	0%			
17	KDHE-Eligibility	41%	24%	29%	6%			
2	KDHE-Program Staff	50%	0%	50%	0%			
4	KDHE-Provider Contact	100%	0%	0%	0%			
3	KMAP	100%	0%	0%	0%

# 4. Ombudsman Office Resolution of Issues

The average days to close/resolve an issue has been improving over the last year.

Qtr./Year	Nmbr. Of Contacts	Avg Days To Completion	%Completed 0-2 Days	%Completed in 3-7 Days	%Completed 8 or More Days
Q1/2021	552	5	71%	16%	13%
Q2/2021	578	4	72%	16%	12%
Q3/2021	630	4	74%	15%	11%
Q4/2021	543	3	76%	14%	10%
Q1/2022	495	3	78%	13%	9%

# VIII. Enhancements

# A. Enhancement: PRTF Fact Sheet

The Psychiatric Residential Treatment Facility (PRTF) fact sheet was created in partnership with the Kansas Department for Aging and Disability Services (KDADS) Behavior Health for Children and Youth team and the KanCare Ombudsman Office.

The goal was to provide information for members, families, providers, and state agency staff regarding the PRTF process prior to entering a PRTF, during a PRTF stay, transitioning out of a PRTF and the state fair hearing process for members and providers. The document has been reviewed and received comments from stakeholders. It has been provided to the PRTF Stakeholder group and agency staff to provide to families currently using a PRTF, those on the waiting list, and those inquiring about PRTFs. The picture below is a sample of the first half of page 1 of 11 pages.

# KanCare General Information Fact Sheet

# Psychiatric Residential Treatment Facility (PRTF)

# 1. What is a Psychiatric Residential Treatment Facility (PRTF)?

A PRTF is a sub-acute level of psychiatric care for children in the state of Kansas. It is not a permanent or long-term placement, but a treatment facility. A PRTF is a treatment facility in a residential setting that will provide all psychiatric services needed by the child with family/guardian involvement. PRTFs are paid a daily rate for the services.

A PRTF, which is a Kansas Medicaid billable service for Kansas based PRTFs, is not the same as a Residential Treatment Center (RTC). Kansas does not have RTCs and RTC's are not reimbursable by Medicaid.

# 2. How can parents/guardians avoid using a PRTF?

If children start receiving psychiatric services earlier in the process from the local Community Mental Health Center (CMHC) or local provider, the need for PRTF for a child may not be necessary.

# IX. Appendix A: Outreach by KanCare Ombudsman Office

This is a listing of KanCare Ombudsman Outreach to members, providers and community organizations through conferences, newsletters, social media, training events, direct outreach, and public comments sessions by the state for KanCare related issues, etc.

## A. Outreach through Education and Collaboration

Outreach includes Community events and presentations such as education, networking, and referrals.

- 1/18/22 sent a promotional item to Amazing Aging for publication
- 1/27/22, attended the Livable Neighborhoods Monthly Meeting from 9am-10am in KC Metro area.
- 1/10: WSU CEI staff and VISTA/MSW practicum student met via Zoom with Wendi Herron, Continuum of Care Manager/Outreach at BreakThru Withdrawal Management Services at Susan B Allen Memorial Hospital
- 1/20: WSU CEI staff attended via Zoom Emporia SOAR program presentation
- 1/20: WSU CEI staff emailed with Healthier Harvey County Coalition contacts
- 1/20: WSU CEI staff emailed with Healthier Bourbon County Coalition contacts
- 1/27: WSU CEI staff attended via Zoom Sedgwick County IRIS network quarterly meeting
- 1/28: WSU CEI staff attended via Zoom Sedgwick County CDDO quarterly meeting
- 1/28: VISTA/MSW practicum student attended via Zoom monthly Veterans Coalition meeting
- 1/28: WSU CEI staff emailed with BCBS Pathways to Healthier Kansas CEI staff seeking outreach contacts
- 2/2: WSU CEI staff attended Healthier Harvey County Coalition meeting via Zoom
- 2/10: VISTA/MSW practicum student attended Healthier Lyon County Coalition meeting via Zoom
- 2/24/22: attended the Livable Neighborhoods Monthly meeting in KC Metro area.
- 2/24/22: attended the Latino Health for all meeting in KC Metro area.
- 2/16/22 Reached out to community organizations to raise our profile among providers and the community in KC Metro area.
- 2/10/2022 Hispanic/Latino Day at the capital
- 2/16/22 Sent staff at Disability Rights Center our resource page
- 2/16/22 Johnson County Mental Health Center requested information/resources to put on their website and internal newsletter.

- 3/2: VISTA/MSW practicum student attended CPAAA monthly networking meeting via Zoom.
- 3/3: WSU CEI staff emailed with organizers of Public Health New Leader Orientation conference session; subsequently, Ombudsman Office brochure and description was included in routine session materials at the 3/30/22 Orientation session of the Governor's Conference on Public Health.
- 3/4: WSU CEI staff and Johnson County Ombudsman Office staff recruited and exhibited at the WSU Social Work POWER virtual conference, directly interacting with approx. 25 people.
- 3/8/22, 3/22, and 3/29 Attended Latino Health for All Stakeholder Meeting in the Kansas City Metro area.
- 3/8: Sunflower Senior Center, St. John, Sent link to Resources on our website.
- WSU CEI staff registered to exhibit at several upcoming conferences.
- WSU CEI staff updated <u>www.findhelp.org</u>.
- 3/22/22, Attended the Group B KDHE Meeting with Stakeholders
- 3/23: WSU CEI staff and VISTA/MSW practicum student joined VISTA
   Coordinator Angela Gaughan at the WSU Career Fair for Health
   Professions on WSU campus. This was both recruitment and outreach, as
   we connected with several providers from across Kansas.
- 3/24/22, Attended the Livable Neighborhoods meeting from 9-11:30am for Kansas City Metro area.
- 3/30-3/31 Two staff attended the Governor's Public Health Conference in Manhattan. Also had an outreach booth. Approx. 500 people in attendance.
- 3/31: VISTA/MSW practicum student spoke about Ombudsman Office at Social Work in Criminal Justice Conference via Zoom.
- KanCare Ombudsman participated in monthly meetings (Monthly Joint MCO meeting, KanCare Long Term Care Team meeting, KanCare Complex BH Cases workgroup
- 1/4/22 KanCare Ombudsman presented annual report to Bethell Joint Committee on HCBS and KanCare Oversight
- 3/9/22 KanCare Ombudsman presented annual report to the KanCare Advisory Committee
- 3/16/22 KanCare Ombudsman was invited to present the annual report to the Governor's BHS Planning Council
