Dear Ms. Toback,

Re: Project Number 11-W-00245/5 – Healthy Michigan Plan

Enclosed is the quarterly report for the Healthy Michigan Plan. It covers the third quarter of calendar year 2023. The report provides operational information, program enrollment, and policy changes related to the waiver as specified in the Special Terms and Conditions.

Should you have any questions related to the information contained in this report, please contact Jacqueline Coleman by e-mail at [colemanj@michigan.gov](mailto:colemanj@michigan.gov).

Sincerely,

Keith White, Director  
Actuarial Division

Medicaid Section 1115 Eligibility and Coverage Demonstration Monitoring Report  
Michigan – Healthy Michigan Plan  
Demonstration Year 14 – January 1, 2023 – December 31, 2023  
Quarter 3 – July 1, 2023 – September 30, 2023  
Submitted on November 30, 2023

**1. Title page for the state’s eligibility and coverage policies demonstration or eligibility and coverage policies components of the broader demonstration**

<b>State</b>	<b>Michigan</b>
<b>Demonstration name</b>	<b>Healthy Michigan Plan (HMP) Project No. 11-W-00245/5</b>
<b>Approval date</b>	<b>December 21, 2018</b>
<b>Approval period</b>	<b>January 1, 2019 through December 31, 2023</b>
<b>Implementation date</b>	<b>January 1, 2020</b>

## **2. Executive summary**

On April 1, 2014, Michigan expanded its Medicaid program to include adults with income up to 133 percent of the FPL. To accompany this expansion, the Michigan “Adult Benefits Waiver” was amended and transformed to establish the HMP, through which the state intended to test innovative approaches to beneficiary cost sharing and financial responsibility for care for the new adult eligibility group, which was authorized under section 1902(a)(10)(A)(i)(VIII) of the Act (the “adult group”). Beneficiaries receiving coverage under the sunseting ABW program transitioned to the state plan and the Healthy Michigan Plan on April 1, 2014.

HMP beneficiaries receive a full health care benefit package as required under the Affordable Care Act, which includes all of the Essential Health Benefits and the requirements for an alternative benefit plan, as required by federal law and regulation, and there are no limits on the number of individuals who can enroll. Individuals in the new adult population with incomes above 100 percent of the FPL are required to make contributions equal to two percent of their family income toward the cost of their health care. In addition, all newly eligible adults with income from 0 to 133 percent of the FPL are required to pay copayments through an account operated in coordination with the Medicaid Health Plan (MHP). A MI Health Account was established for each enrolled individual to track beneficiaries’ contributions and how they were expended. Beneficiaries receive quarterly statements that summarized the MI Health Account funds balance and flows of funds into and out of the account, and the use of funds for health care service copayments. Beneficiaries have opportunities to reduce their regular monthly contributions or average utilization based contributions by demonstrating achievement of recommended Healthy Behaviors.

In September 2015, the state sought the Centers for Medicare & Medicaid Services (CMS) approval of an amendment to HMP to implement additional directives contained in the state law (Public Act 107 of 2013). CMS approved the amendment on December 17, 2015, which effectuated the Marketplace Option, a premium assistance program for a subset of HMP eligible beneficiaries. However, the Marketplace Option was never implemented. In December 2017, the state submitted an application to extend the HMP demonstration. In September 2018, the state submitted an additional application to amend certain elements of the HMP to comply with new state law provisions, and changes to eligibility for health care coverage and cost-sharing requirements for certain beneficiaries. The state also requested to end the Marketplace Option program.

As approved, beneficiaries in the demonstration between 100 percent and 133 percent of the FPL who have had 48 months of cumulative eligibility for health care coverage through HMP will be required to pay premiums of five percent of income and have completed a health risk assessment (HRA) at their next redetermination or have engaged in specified healthy behaviors within the twelve- month period prior to the annual redetermination deadline as conditions of eligibility.

## **3. Operational Updates**

The Michigan Department of Health and Human Services (MDHHS) regularly meets with Medicaid Health Plans and provider groups to address operational issues, programmatic issues, and policy updates and clarifications. Additionally, MDHHS provides updates to the Medical Care Advisory Council

Medicaid Section 1115 Eligibility and Coverage Demonstration Monitoring Report  
Michigan – Healthy Michigan Plan  
Demonstration Year 14 – January 1, 2023 – December 31, 2023  
Quarter 3 – July 1, 2023 – September 30, 2023  
Submitted on November 30, 2023

(MCAC) at regularly scheduled quarterly meetings. Overall enrollment in the Healthy Michigan Plan demonstration this year showed significant growth. This is attributable to new enrollees due to the department's suspension on certain Medicaid renewals and case closures. The department had suspended most Medicaid renewals and case closures due to the COVID-19 public health emergency. The MDHHS resumed Medicaid renewals for all programs beginning with June 2023 renewals.

#### 4. Performance Metrics

##### *Enrollment*

MDHHS began enrolling new beneficiaries into the program beginning April 1, 2014. Beneficiaries who were enrolled in the ABW were automatically transitioned into the Healthy Michigan Plan effective April 1, 2014. Potential enrollees can apply for the program via the MDHHS website, by calling a toll-free number or by visiting their local MDHHS office. At this time, MDHHS does not anticipate any changes in the population served or the benefits offered.

The following table shows this quarter's demonstration enrollment activity. Total enrollment includes the unduplicated number of beneficiaries enrolled in the demonstration at any time during the quarter. New Enrollment includes members that began a new enrollment spell during the quarter and have not had Medicaid coverage within the prior 3 months. Disenrollment for a reporting month contains individuals with program enrollment in the prior reporting month that do not have program enrollment for the current reporting month. Re-enrollments include individuals who have disenrolled and re-enrolled in the demonstration. Individuals under the re-enrollment category also include individuals that may have previously been enrolled in other Medicaid programs.

*Cost Sharing Limits*

Table 5 contains the monthly count of beneficiaries who reached the 5% of income limit on cost sharing and premiums during the month. The cost sharing limits metric this quarter was consistent with previous reports. Typically, the state sees a larger number of beneficiaries reach their cost sharing limit in the first month of the quarter than the subsequent months.

<b>Table 5: HMP Cost Sharing Limit by Subgroup</b>

*Access to Care*

The reported access to care metrics showed similar active provider participation as the previous quarter. Table 6 shows the number of primary care and specialty providers enrolled to deliver Medicaid services at the end of the quarter. Active provider participation is defined as providers enrolled to deliver Medicaid services with service claims for 3 or more HMP beneficiaries during the quarter.

<b>Table 6: HMP Access to Care July – September 2023</b>		
Provider Type	Availability	Active Participation
Primary Care Provider	60,176	17,841
Specialist Provider	95,395	42,002

*Quality of Care and Health Outcomes*

The following Quality of Care and Health Outcomes metrics reflect calendar year 2021 data. The state will review data trends on an annual basis as described in the technical specifications.

HMP population data on Medical Assistance with Smoking and Tobacco Use Cessation is illustrated in Table 7. This metric saw a decrease from 2020 to 2021. This metric consists of the following components: advising smokers and tobacco users to quit, discussing cessation medications, and discussing cessation strategies.

The percentage of beneficiaries age 18 and older with a new episode of AOD abuse or dependence who received the Initiation of AOD Treatment and Engagement of AOD Treatment is shown in tables 10 – 13. The following diagnosis cohorts are reported for each rate: (1) Alcohol abuse or dependence, (2) Opioid abuse or dependence, (3) Other drug abuse or dependence, and (4) Total AOD abuse or dependence. A total of 8 separate rates are reported for this measure.

#### *Administrative costs*

The following table shows administrative costs specific to the HMP demonstration. This includes cost of contracts or contract amendments and staff time equivalents required to administer demonstration policies, including premium collection, health behavior incentives, premium assistance, and/or retroactive eligibility waivers.

<b>Table 18: HMP Demonstration Administrative Costs</b>		
Current Quarter CY 2023 Q3	Previous Quarter CY 2023 Q2	Demonstration Year to Date CY 2023
3,601,334	\$2,028,590	\$7,101,285

## **5. Budget Neutrality and Financial Reporting Requirements**

CMS has determined that this demonstration is budget neutral based on CMS’s assessment that the waiver authorities granted for the demonstration are unlikely to result in any increase in federal Medicaid expenditures for medical assistance. No expenditure authorities are associated with the demonstration. The state does not expect program changes with financial or budget neutrality impact.

## **6. Evaluation Activities and Interim Findings**

The Michigan Department of Health and Human Services (MDHHS) has arranged for the University of Michigan’s Institute for Healthcare Policy & Innovation (IHPI) to serve as the Healthy Michigan Plan (HMP) independent evaluator. IHPI has developed a comprehensive plan to address the waiver objectives of the State and the Centers for Medicare & Medicaid Services (CMS). In accordance with the HMP §1115 Demonstration Waiver Special Terms and Conditions, on December 16, 2019, the State submitted an initial version of IHPI’s evaluation design for the demonstration period ending December 31, 2023. The evaluation design received final approval from CMS on July 15, 2021.

Demonstration evaluation activities for the Healthy Michigan Plan are conducted by an interdisciplinary team of researchers from the IHPI. Below is a summary of the key activities for the CY2023 third quarterly report:

**Objective:** Assessment of beneficiary experiences with HMP coverage and policies through new beneficiary interviews and additional analyses of beneficiary surveys.

Due to legislative action, these activities were not conducted in this quarter. The policies associated with this objective were discontinued as a result of the legislative changes signed into law in July 2023 – therefore all surveys designed to assess these policies were not conducted.

**Objective:** Describe characteristics, utilization patterns, and payment behaviors of HMP beneficiaries for surveys and utilization analyses.

During this quarter, the IHPI evaluation team extracted and updated Medicaid enrollment, demographic and administrative claims data through 12/31/2022. Additionally, MCIR immunization data was extracted and linkage to HMP enrollees was verified.

**Objective:** Assess the impact of HMP on various outcomes through external data sources (credit data, BRFSS, ACS, HCUP, and Medicare cost report data).

The IHPI evaluation team began planning for updating analyses using other external data sources (BRFSS, ACS, HCUP, and Medicare cost report data) with the intention of using the most recent data available at the time the analyses are completed for the summative report. Efforts to refine the credit data analyses continued.

Per discussions with MDHHS and CMS, the IHPI evaluation team removed the second credit data purchase and accompanying analyses of additional periods of credit data from planned analyses for the summative report because the PHE continued substantially longer than expected and the credit data available at this point in time will not support the original plan to focus on people who enrolled in HMP during the pandemic and those who were disenrolled after the end of the PHE.

**Objective:** Finalize interim evaluation report for CMS and prepare for final evaluation report.

The IHPI evaluation team continued planning and refining the template for the summative evaluation report.

## Performance Monitoring Report

### Executive Summary

This Performance Monitoring Report (PMR) is produced by the Quality Improvement and Program Development (QIPD) Section of the Managed Care Plan Division (MCPD) to track quality, access, and utilization in the Michigan Medicaid program to better support high quality care for beneficiaries.

The Michigan Department of Health and Human Services (MDHHS) monitors the performance of the State's Medicaid Health Plans (MHPs) through 34 key performance measures aimed at improving the quality and efficiency of health care services provided to the Michigan residents enrolled in a Medicaid program. These measures include Healthy Michigan Plan (HMP) Measures, MDHHS Dental Measure, CMS Core Set Measures, HEDIS Measures, Managed Care Quality Measures, Maternal Health Measures, and Chronic Conditions Measures. **This report focuses only on the following HMP Measures:**

Healthy Michigan Plan (HMP) Measures				
<i>Adults' Generic Drug Utilization</i>	<i>Completion of Annual HRA</i>	<i>Outreach &amp; Engagement to Facilitate Entry to PCP</i>	<i>Transition into Consistently Fail to Pay (CFP) Status</i>	<i>Transition out of Consistently Fail to Pay (CFP) Status</i>

Data for these measures are represented on a quarterly basis. The body of the report contains a cross-plan analysis of the most current data available for each of these measures. Measurement Periods may vary and are based on the specifications for that individual measure. Appendix A contains specific three letter codes identifying each of the MHPs. Appendix B contains the one-year plan specific analysis for each measure.

MHPs are contractually obligated to achieve specified standards for most measures. The following table displays the number of MHPs meeting or exceeding the standards for the performance measure versus total MHPs, as reported in the Performance Monitoring Report, during the listed quarter for fiscal year 2023 unless otherwise noted.

**Table 1: Fiscal Year 2023<sup>1</sup>**

Quarterly Reported Measures	Reported in 1 <sup>st</sup> Quarter		Reported in 2 <sup>nd</sup> Quarter		Reported in 3 <sup>rd</sup> Quarter		Reported in 4 <sup>th</sup> Quarter

<sup>1</sup> Results with a denominator less than 9 for the Transition into or out of CFP Status measure do not include those with a result of "N/A".

## Healthy Michigan Plan Enrollment

Michigan Medicaid Managed Care (HMP-MC) enrollment has decreased slightly over the past year. In September 2023, enrollment was 769,338, down 21,885 enrollees (2.8%) from October 2022. A decrease of 25,412 enrollees (3.2%) was realized between August 2023 and September 2023.

**Figure 1: HMP-MC Enrollment, October 2022 – September 2023**

**Figure 2: HMP-MC Enrollment by Medicaid Health Plan, September 2023**

## **Medicaid Health Plan News**

The Performance Monitoring Report contains data for all Michigan Medicaid Health Plans, where data is available. Ten Medicaid Health Plans are contracted with the State of Michigan to provide comprehensive health care services.

As of October 1, 2023, HAP Empowered (HAP) has changed their name to HAP CareSource (HCS). All references to HAP in this report should now reflect the new HCS acronym.

## **Cross-Plan Performance Monitoring Analyses**

The following section includes a cross-plan analysis for each performance measure. An analysis of the most current data available for each performance measure is included. For detailed questions regarding measurement periods or standards, see the Performance Monitoring Specifications.

## Adults' Generic Drug Utilization

### Measure

The percentage of generic prescriptions filled for adult members of health plans during the measurement period.

### Standard

At or above 80% (as shown on bar graph below)

### Measurement Period

February 2023 – April 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** All plans met or exceeded the standard. Results ranged from 86.71% to 89.42%.

**Table 2: Comparison across Medicaid Programs**

Medicaid Program		Denominator	Percentage
Michigan Medicaid All	4,082,306	4,605,099	88.65%
Fee for Service (FFS) only	5,638	6,477	87.05%
Managed Care only	4,057,453	4,576,924	88.65%
MA-MC	1,853,192	2,092,089	88.58%
HMP-MC	2,180,251	2,458,009	88.70%

**Figure 3: Adults' Generic Drug Utilization**

### Adult's Generic Drug Utilization Percentages

\*Numerator depicts the number of eligible beneficiaries who had generic prescriptions filled. Denominator depicts the total number of eligible beneficiaries.

## Completion of Annual Health Risk Assessment (HRA)

### Measure

The percentage of Healthy Michigan Plan members enrolled in a health plan who had an incentive eligible Health Risk Assessment (HRA) completed during the measurement period.

### Standard

At or above 12% (as shown on bar graph below)

### Measurement Period

April 2022 – March 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** None of the plans met or exceeded the standard, while eight plans. Results ranged from 2.51% to 11.96%.

**Table 3: Program Total**

Medicaid Program	Numerator	Denominator	Percentage
HMP-MC	46,738	701,881	6.66%

**Figure 4: Completion of Annual HRA**

### Completion of Annual HRA Percentages

\*Numerator depicts the number of eligible beneficiaries who completed at least one incentive eligible HRA with an attestation date during the measurement period. Denominator depicts the total number of eligible beneficiaries.

## Outreach and Engagement to Facilitate Entry to Primary Care

### Measure

The percentage of Healthy Michigan Plan members who have an ambulatory or preventive care visit within 150 days of enrollment into a health plan who had not previously had an ambulatory or preventive care visit since enrollment in Healthy Michigan Plan.

### Standard

N/A – Informational Only

### Enrollment Dates

September 2022 – January 2023

October 2022 – February 2023

November 2022 – March 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** Results ranged from 28.68% to 47.05%.

**Table 4: Program Total<sup>2</sup>**

Medicaid Program	Numerator	Denominator	Percentage
HMP-MC	8,854	18,389	48.15%

**Figure 5: Outreach & Engagement to Facilitate Entry to Primary Care**

### Outreach & Engagement to Facilitate Entry to Primary Care Percentages

\*Numerator depicts the number of eligible beneficiaries who had an ambulatory or preventive care visit within 150 days of enrollment in a health plan. Denominator depicts the total number of eligible beneficiaries.

<sup>2</sup> This includes visits during the HMP FFS period prior to enrollment in a Medicaid health plan.

### Transition into Consistently Fail to Pay (CFP) Status

#### Measure

The percentage of Healthy Michigan Plan members who transitioned from non-CFP status into CFP status during the last quarter of the measurement period.

#### Standard

Income level over 100% FPL – At or **below** 30%  
Income level up to 100% FPL – At or **below** 7%

#### Measurement Period

August 2022 – September 2023

#### Data Source

MDHHS Data Warehouse

#### Measurement Frequency

Quarterly

***\*\*This is a reverse measure. A lower rate indicates better performance.***

#### Summary:

In **Cohort 1**, for income levels over 100% FPL, all plans met or exceeded the standard. Results ranged from 3.05% to 7.32%. For income levels up to 100% FPL, all plans met or exceeded the standard. Results ranged from 2.43% to 3.84%.

In **Cohort 2**, for income levels over 100% FPL, all plans met or exceeded the standard. Results ranged from 4.29% to 7.11%. For income levels up to 100% FPL, all plans met or exceeded the standard. Results ranged from 2.24% to 3.40%.

In **Cohort 3**, for income levels over 100% FPL, all plans met or exceeded the standard. Results ranged from 3.90% to 6.38%. For income levels up to 100% FPL, all plans met or exceeded the standard. Results ranged from 1.95% to 3.46%.

### Transition out of Consistently Fail to Pay (CFP) Status

#### Measure

The percentage of Healthy Michigan Plan members who transitioned from CFP status to non-CFP status during the last quarter of the measurement period.

#### Standard

Income level over 100% FPL – At or above 2%  
Income level up to 100% FPL – At or above 2%

#### Measurement Period

August 2022 – September 2023

#### Data Source

MDHHS Data Warehouse

#### Measurement Frequency

Quarterly

#### Summary:

In **Cohort 1**, for income levels over 100% FPL, all plans met or exceeded the standard. Results ranged from 2.37% to 6.63%. For income levels up to 100% FPL, eight plans (**BCC, HCS, MCL, MER, MOL, PRI, UNI and UPP**) met or exceeded the standard, while one plan (**AET**) did not. Results ranged from 1.86% to 6.01%.

In **Cohort 2**, for income levels over 100% FPL, all plans met or exceeded the standard. Results ranged from 2.30% to 6.01%. For income levels up to 100% FPL, all plans met or exceeded the standard. Results ranged from 2.43% to 5.35%.

In **Cohort 3**, for income levels over 100% FPL, all plans met or exceeded the standard. Results ranged from 2.30% to 4.52%. For income levels up to 100% FPL, all plans met or exceeded the standard. Results ranged from 2.20% to 4.09%.

## **Appendix A: Three Letter Medicaid Health Plan Codes**

Below is a list of three letter codes established by MDHHS identifying each Medicaid Health Plan.

AET	Aetna Better Health of Michigan
BCC	Blue Cross Complete of Michigan
HCS	HAP CareSource
MCL	McLaren Health Plan
MER	Meridian Health Plan of Michigan
MOL	Molina Healthcare of Michigan
PRI	Priority Health Choice
UNI	UnitedHealthcare Community Plan
UPP	Upper Peninsula Health Plan

## Executive Summary

This Dental Performance Monitoring Report (PMR) is produced by the Quality Improvement and Program Development (QIPD) Section of the Managed Care Plan Division (MCPD) to track quality, access, and utilization in the Michigan Medicaid program to better support high quality care for beneficiaries.

The Michigan Department of Health and Human Services (MDHHS) monitors the performance of the State's Medicaid Health Plans (MHPs) through 34 key performance measures aimed at improving the quality and efficiency of health care services provided to the Michigan residents enrolled in a Medicaid program. These measures include Healthy Michigan Plan (HMP) Measures, MDHHS Dental Measure, CMS Core Set Measures, HEDIS Measures, Managed Care Quality Measures, Maternal Health Measures, and Chronic Conditions Measures. **This report focuses only on the following MDHHS Dental Measures:**

MDHHS Dental Measures		
<i>Diagnostic Dental Services</i>	<i>Preventive Dental Services</i>	<i>Restorative (Dental Filings) Dental Services</i>
<i>Comprehensive Diabetes Care: Diagnostic Dental Exam</i>	<i>Comprehensive Diabetes Care: Preventive Dental Visit</i>	<i>Comprehensive Diabetes Care: Restorative Dental Visit</i>
<i>Diagnostic Dental Visits in Pregnant Women</i>	<i>Preventive Dental Visits in Pregnant Women</i>	<i>Restorative Dental Visits in Pregnant Women</i>
<i>Adults: Any Dental</i>		

Data for these measures will be represented on a quarterly basis. The body of the report contains a cross-plan analysis of the most current data available for each of these measures. Measurement Periods may vary and are based on the specifications for that individual measure. Appendix A contains specific three letter codes identifying each of the MHPs. Appendix B contains the one-year plan specific analysis for each measure.

The following table displays the number of MHPs meeting or exceeding the standards for the performance measure versus total MHPs, as reported in the Performance Monitoring Report, during the listed quarter for fiscal year 2023 unless otherwise noted.

## Performance Monitoring Report

**Table 1: Fiscal Year 2023<sup>1</sup>**

Quarterly Reported Measures	Reported in 1 <sup>st</sup> Quarter	Reported in 2 <sup>nd</sup> Quarter	Reported in 3 <sup>rd</sup> Quarter	Reported in 4 <sup>th</sup> Quarter
Diagnostic Dental Services	0/9	0/9	0/9	0/9
Preventive Dental Services	1/9	1/9	1/9	1/9
Restorative (Dental Fillings) Dental Services	0/9	0/9	0/9	0/9
Comprehensive Diabetes Care: Diagnostic Dental Exam	N/A	N/A	N/A	N/A
Comprehensive Diabetes Care: Preventive Dental Visit	2/9	2/9	2/9	2/9
Comprehensive Diabetes Care: Restorative Dental Visit	N/A	N/A	N/A	N/A
Diagnostic Dental Visits in Pregnant Women	2/10	1/9	1/9	1/9
Preventive Dental Visits in Pregnant Women	N/A	N/A	N/A	N/A
Restorative Dental Visits in Pregnant Women	N/A	N/A	N/A	N/A
Adults: Any Dental Visit	N/A	N/A	N/A	N/A

### Managed Care Enrollment

Michigan Medicaid Managed Care (MA-MC) enrollment has dropped slightly over the past year. In September 2023 enrollment was 2,210,101, down 55,406 enrollees (2.5%) from October 2022. A decrease of 56,002 enrollees (2.4%) was realized between August 2023 and September 2023.

**Figure 1: Medicaid Managed Care Enrollment, October 2022 – September 2023**

<sup>1</sup> N/A will be shown for measures where the standard is Informational Only. Also, measures with a denominator less than 10 do not include Total Health Care (THC).

**Figure 2: Medicaid Managed Care Enrollment by Health Plan, September 2023**

### Medicaid Health Plan News

The Performance Monitoring Report contains data for all Michigan Medicaid Health Plans, where data is available. Nine Medicaid Health Plans are contracted with the State of Michigan to provide comprehensive health care services.

As of October 1, 2023, HAP Empowered (HAP) has changed their name to HAP CareSource (HCS). All references to HAP in this report should now reflect the new HCS acronym.

### Cross-Plan Performance Monitoring Analyses

The following section includes a cross-plan analysis for each performance measure. An analysis of the most current data available for each performance measure is included. For detailed questions regarding measurement periods or standards, see the Performance Monitoring Specifications.

## Diagnostic Dental Services

### Measure

The percentage of Healthy Michigan Plan members between the ages of 19 and 64 who received at least one diagnostic dental service within the measurement period.

### Standard

At or above 30% (as shown on bar graph below)

### Measurement Period

April 2022 – March 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** None of the health plans met or exceeded the standard. Results ranged from 17.70% to 26.11%.

**Table 2: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
HMP Fee for Service (FFS) Only	1,270	11,486	11.06%
HMP Managed Care (MC) Only	152,349	662,251	23.00%

**Figure 3: Diagnostic Dental Services**

Diagnostic Dental Services Percentages

\*Numerator depicts the number of eligible beneficiaries between the ages of 19 and 64 who had at least one diagnostic dental service. Denominator depicts the total number of eligible beneficiaries.

## Preventive Dental Services

### Measure

The percentage of Healthy Michigan Plan members between the ages of 19 and 64 who received at least one preventive dental service within the measurement period.

### Standard

At or above 17% (as shown on bar graph below)

### Measurement Period

April 2022 – March 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** One plan (UPP) met or exceeded the standard, while eight plans (AET, BCC, HCS, MCL, MER, MOL, PRI, and UNI), did not. Results ranged from 9.23% to 18.80%.

**Table 3: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
HMP Fee for Service (FFS) Only	644	11,486	5.61%
HMP Managed Care (MC) Only	92,854	662,251	14.02%

**Figure 4: Preventive Dental Services**

Preventive Dental Services Percentages

\*Numerator depicts the number of eligible beneficiaries between the ages of 19 and 64 who had at least one preventive dental service. Denominator depicts the total number of eligible beneficiaries.

## Restorative (Dental Fillings) Services

### Measure

The percentage of total eligible Healthy Michigan Plan members between the ages of 19 and 64 who received at least one restorative (dental fillings) dental service within the measurement period.

### Standard

At or above 14% (as shown on bar graph below)

### Measurement Period

April 2022 – March 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** None of the plan met or exceeded the standard. Results ranged from 6.13% to 12.05%.

**Table 4: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
HMP Fee for Service (FFS) Only	425	11,486	3.70%
HMP Managed Care (MC) Only	56,162	662,251	8.48%

**Figure 5: Restorative (Dental Fillings) Dental Services**

Restorative (Dental Fillings) Dental Services Percentages

\*Numerator depicts the number of eligible beneficiaries between the ages of 19 and 64 who had at least one restorative dental service. Denominator depicts the total number of eligible beneficiaries.

### Comprehensive Diabetes Care: Diagnostic Dental Exam

#### Measure

The percentage of Healthy Michigan Plan members between the ages of 19 and 64 with Type 1 or Type 2 Diabetes who received at least one diagnostic dental service within the measurement period.

#### Standard

N/A – Informational Only

#### Measurement Period

April 2022 – March 2023

#### Data Source

MDHHS Data Warehouse

#### Measurement Frequency

Quarterly

**Summary:** Results ranged from 23.98% to 29.50%

**Table 5: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
HMP Fee for Service (FFS) Only	172	776	22.16%
HMP Managed Care (MC) Only	15,591	56,848	27.43%

**Figure 6: Comprehensive Diabetes Care: Diagnostic Dental Exam**

Comprehensive Diabetes Care: Diagnostic Dental Exam Percentages

\*Numerator depicts the unduplicated number of all eligible members with diabetes who received at least one diagnostic dental service. Denominator depicts the unduplicated number of all eligible members with diabetes.

### Comprehensive Diabetes Care: Preventive Dental Visit

#### Measure

The percentage of Healthy Michigan Plan members between the ages of 19 and 64 with Type 1 or Type 2 Diabetes who received at least one preventive dental service within the measurement period.

#### Standard

At or above 17% (as shown on bar graph below).

#### Measurement Period

April 2022 – March 2023

#### Data Source

MDHHS Data Warehouse

#### Measurement Frequency

Quarterly

**Summary:** Two plans (MCL and UPP) met or exceeded the standard, while seven plans (AET, BCC, HCS, MER, MOL, PRI, and UNI). Results ranged from 11.61% to 18.04%

**Table 6: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
HMP Fee for Service (FFS) Only	74	776	9.54%
HMP Managed Care (MC) Only	8,296	56,848	14.59%

**Figure 7: Comprehensive Diabetes Care: Preventive Dental Visit**

Comprehensive Diabetes Care: Preventive Dental Visit Percentages

\*Numerator depicts the unduplicated number of all eligible members with diabetes who received at least one preventive dental service. Denominator depicts the unduplicated number of all eligible members with diabetes.

### Comprehensive Diabetes Care: Restorative Dental Visit

#### Measure

The percentage of Healthy Michigan Plan members between the ages of 19 and 64 with Type 1 or Type 2 Diabetes who received at least one restorative dental service within the measurement period.

#### Standard

N/A – Informational Only

#### Measurement Period

April 2022 – March 2023

#### Data Source

MDHHS Data Warehouse

#### Measurement Frequency

Quarterly

**Summary:** Results ranged from 6.71% to 12.18%

**Table 7: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
HMP Fee for Service (FFS) Only	37	776	4.77%
HMP Managed Care (MC) Only	5,195	56,848	9.14%

**Figure 8: Comprehensive Diabetes Care: Restorative Dental Visit**

Comprehensive Diabetes Care: Restorative Dental Visit Percentages

\*Numerator depicts the unduplicated number of all eligible members with diabetes who received at least one restorative dental service.  
Denominator depicts the unduplicated number of all eligible members with diabetes.

### Diagnostic Dental Visits in Pregnant Women

#### Measure

The percentage of pregnant women who received at least one diagnostic dental service either during their pregnancy or 90 days postpartum.

#### Standard

At or above 30% (as shown on bar graph below)

#### Measurement Period

April 2022 – March 2023

#### Data Source

MDHHS Data Warehouse

#### Measurement Frequency

Quarterly

**Summary:** One plan (UPP) met or exceeded the standard, while eight plans (AET, BCC, HCS, MCL, MER, MOL, UNI and UPP), did not. Results ranged from 20.79% to 32.34%

**Table 8: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
Michigan Medicaid All	7,287	32,611	22.34%
Fee for Service (FFS) only	69	371	18.60%
Managed Care only	6,276	25,797	24.33%
MA-MC	3,328	14,896	22.34%

**Figure 9: Diagnostic Dental Visits in Pregnant Women**

#### Diagnostic Dental Visits in Pregnant Women

\*Numerator depicts the unduplicated number of all eligible pregnant members who received at least one diagnostic dental service. Denominator depicts the unduplicated number of all eligible pregnant members.

## Preventive Dental Visits in Pregnant Women

### Measure

The percentage of pregnant women who received at least one preventive dental service either during their pregnancy or 90 days postpartum.

### Standard

N/A – Informational Only

### Measurement Period

April 2022 – March 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** Results ranged from 11.44% to 21.99%

**Table 9: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
Michigan Medicaid All	4,247	32,611	13.02%
Fee for Service (FFS) only	38	371	10.24%
Managed Care only	3,706	25,797	14.37%
MA-MC	1,756	14,896	11.79%

**Figure 10: Preventive Dental Visits in Pregnant Women**

### Preventive Dental Visits in Pregnant Women

\*Numerator depicts the unduplicated number of all eligible pregnant members who received at least one preventive dental service. Denominator depicts the unduplicated number of all eligible pregnant members.

## Restorative Dental Visits in Pregnant Women

### Measure

The percentage of pregnant women who received at least one restorative dental service either during their pregnancy or 90 days postpartum.

### Standard

N/A – Informational Only

### Measurement Period

April 2022 – March 2023

### Data Source

MDHHS Data Warehouse

### Measurement Frequency

Quarterly

**Summary:** Results ranged from 5.44% to 13.77%

**Table 10: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
Michigan Medicaid All	2,257	32,611	6.92%
Fee for Service (FFS) only	26	371	7.01%
Managed Care only	1,933	25,797	7.49%
MA-MC	939	14,896	6.30%

**Figure 11: Restorative Dental Visits in Pregnant Women**

### Restorative Dental Visits in Pregnant Women

\*Numerator depicts the unduplicated number of all eligible pregnant members who received at least one restorative dental service. Denominator depicts the unduplicated number of all eligible pregnant members.

**Adults: Any Dental Visit****Measure**

The percentage of Healthy Michigan Plan members between the ages of 19 and 64 who received at least one dental service within the measurement period.

**Standard**

N/A – Informational Only

**Measurement Period**

April 2022 – March 2023

**Data Source**

MDHHS Data Warehouse

**Measurement Frequency**

Quarterly

**Summary:** Results ranged from 19.30% to 28.93%

**Table 11: Comparison across Medicaid Programs**

Medicaid Program	Numerator	Denominator	Percentage
HMP Fee for Service (FFS) Only	1,418	11,486	12.34%
HMP Managed Care (MC) Only	164,420	662,251	24.83%

**Figure 12: Adults: Any Dental Visit**

Adults: Any Dental Visit

\*Numerator depicts the unduplicated number of all eligible pregnant members who received at least one dental service. Denominator depicts the unduplicated number of all eligible members.

## **Appendix A: Three Letter Medicaid Health Plan Codes**

Below is a list of three letter codes established by MDHHS identifying each Medicaid Health Plan.

AET	Aetna Better Health of Michigan
BCC	Blue Cross Complete of Michigan
HCS	HAP CareSource
MCL	McLaren Health Plan
MER	Meridian Health Plan of Michigan
MOL	Molina Healthcare of Michigan
PRI	Priority Health Choice
UNI	UnitedHealthcare Community Plan
UPP	Upper Peninsula Health Plan

## Performance Monitoring Report

### Appendix B: One Year Plan-Specific Analysis

#### Aetna Better Health of Michigan – AET

#### MDHHS DENTAL MEASURES:

Performance Measure	Measurement Period	Standard	Plan Result	Standard Achieved
Diagnostic Dental Services	Jul 21 – Jun 22	30%	18.85%	No
	Oct 21 – Sep 22	30%	18.23%	No
	Jan 22 – Dec 22	30%	17.86%	No
	Apr 22 – Mar 23	30%	17.70%	No

## Introduction

Pursuant to PA 208 of 2013, sections 105d(1)e and 105d(12), a Health Risk Assessment has been developed for the Healthy Michigan Plan (form DCH-1315). It is designed as a two part document, where the beneficiary completes the first three sections and the health care provider completes the last section. It includes questions on a wide range of health issues, a readiness to change assessment, and a discussion about behavior change between the beneficiary and the health care provider. The topics in the assessment cover all of the behaviors identified in PA 208 including alcohol use, substance use disorders, tobacco use, obesity and immunizations. It also includes the recommended healthy behaviors identified in the Michigan Health and Wellness 4X4 Plan, which include annual physicals, healthy diet, regular physical exercise and reducing tobacco use. As of April 2018, three new questions were added on the topics of annual dental visit, access to transportation and unmet basic needs. The question on anxiety and depression was removed and replaced with a question on chronic stress based on feedback regarding the most meaningful ways to ask about self-reported behavioral health status.

## Health Risk Assessment Part 1

### Health Risk Assessments completion through Michigan ENROLLS

In February 2014, the enrollment broker for the Michigan Department of Health and Human Services (Michigan ENROLLS) began administering the first section of the Health Risk Assessment to Healthy Michigan Plan beneficiaries who call to enroll in a health plan. In addition to asking new beneficiaries all of the questions in Section 1 of the Health Risk Assessment, call center staff inform beneficiaries that an annual preventive visit, including completion of the last three sections of the Health Risk Assessment, is a covered benefit of the Healthy Michigan Plan.

Completion of the Health Risk Assessment is voluntary; callers may refuse to answer some or all of the questions. Beneficiaries who are auto-assigned into a health plan are not surveyed. Survey results from Michigan ENROLLS are updated daily in CareConnect360 for secure transmission to the appropriate health plan to assist with outreach and care management.

The completion of the Health Risk Assessment with the enrollment broker was temporarily put on hold in May 2019.

## Health Risk Assessment Part 2

### Health Risk Assessments completion with Provider Attestation

In April 2014, the Healthy Michigan Plan was launched, and an initial preventive health visit to a primary care provider was promoted for all new beneficiaries. Beneficiaries were also encouraged to complete the last section of the Health Risk Assessment at this initial appointment. This final section of the Health Risk Assessment is designed as a tool for identifying annual healthy behavior goals.

Completion of this section of the Health Risk Assessment is also voluntary. Healthy Michigan Plan Beneficiaries who complete a Health Risk Assessment with a health care provider attestation and agree to maintain or address healthy behaviors are eligible for an incentive. Beginning in April 2018, in discussion with the beneficiary, health care providers also choose between 4 statements to attest to whether the beneficiary achieved or made significant progress towards the healthy behavior goal(s) he or she had previously selected to work on the year before. Only beneficiaries who both made significant progress towards the previous year goal AND select one or more goals for the upcoming year are eligible for an incentive.

The data displayed in Part 2 of this report reflect the healthy behavior goals selected in the final section of the Health Risk Assessment. As shown in Table 13, a total of 23,852 Health Risk Assessments were completed in the April-June 2023 quarter. Health Risk Assessment completion is reported by age, gender and Federal Poverty Level in Table 14.

Among beneficiaries who completed the Health Risk Assessment, 18,644 or 78.2% of beneficiaries agreed to address health risk behaviors. In addition, 4,844 or 20.3% of beneficiaries who completed the Health Risk Assessment chose to maintain current healthy behaviors, meaning that 98.5% of beneficiaries are choosing to address or maintain healthy behaviors. The healthy behaviors goal statements selected are reported in Table 15. Healthy behavior goal statements are also reported by age and FPL in Figures 15-2 and 15-3.

Of the 18,644 beneficiaries who agreed to address health risk behaviors, 54.5% chose to address more than one healthy behavior. Tables 13 and 14 report the most frequently selected health risk behaviors to address, alone and in combination.

## Health Risk Assessment Completion with Health Care Provider

**Table 13. Count of Health Risk Assessments (HRA) Completed with Attestation by Month submitted**

MONTH	COMPLETE	TOTAL
July 2022	5,534	539,793
August 2022	6,903	546,696
September 2022	6,802	553,498
October 2022	5,767	559,265

April - June 2023**

## Healthy Behaviors Statement Selection

**Section 4. Healthy Behaviors:** In discussion with the beneficiary, health care providers choose between 5 statements to attest to the healthy behaviors goals that the beneficiary will strive for this year. The 5 statements are:

- A. Patient does not have health risk behaviors that need to be addressed at this time.
- B. Patient has identified at least one behavior to address over the next year to improve their health.
- C. Patient has a serious medical, behavioral or social condition or conditions which precludes addressing unhealthy behaviors at this time.
- D. Unhealthy behaviors have been identified, patient's readiness to change has been assessed, and patient is not ready to make changes at this time.
- E. Patient has committed to maintain their previously achieved Healthy Behavior Goal(s).

Figures 10-2 through 10-4 show Healthy Behaviors Statement Selections for the total population, and by age and FPL.

**Table 15. Healthy Behaviors Statement Selection  
April - June 2023**

CHECK-UP	TOTAL	PERCENT
A. No Health Risk Behaviors	4,372	18.33%
B. Address Health Risk Behaviors	18,644	78.17%
C. Condition(s) Preclude Addressing Health Risk Behaviors	221	0.93%
D. Not Ready	143	0.60%
E. Maintain Previous Healthy Behavior Goals	472	1.98%
<b>TOTAL</b>	<b>23,852</b>	<b>100.00%</b>

April - June 2023

**Figure 15-3. Statement Selection by FPL**  
April - June 2023

## Selection of Health Risk Behaviors to Address

**Section 4. Healthy Behaviors:** In discussion with the beneficiary, when Statement B, "Patient has identified at least one behavior they intend to address over the next year to improve their health" is selected, providers choose one or more of the following 11 statements to identify the healthy behaviors the beneficiary has chosen to address for the year:

1. Increase physical activity, Learn more about nutrition and improve diet, and/or weight loss.
2. Reduce/quit tobacco use.
3. Annual Influenza vaccine.
4. Agrees to follow-up appointment for screening or management (if necessary) of hypertension, cholesterol and/or diabetes.
5. Reduce/quit alcohol consumption.
6. Treatment for Substance Use Disorder.
7. Dental Visit.
8. Follow-up appointment for maternity care/reproductive health.
9. Follow-up appointment for recommended cancer or other preventative screening(s).
10. Follow-up appointment for mental health/behavioral health.
11. Other: explain \_\_\_\_\_

Of the 18,644 HRAs submitted through April-June 2023 where the beneficiary chose to address health risk behaviors, 54.52% of beneficiaries chose more than one healthy behavior to address. The top 10 most selected behavior combinations and the rate that each behavior was selected in combination and alone are presented in the tables below:

**Table 16. Health Risk Behaviors Selected in Combination and Alone**

Health Risk Behavior	Chose this behavior and at least one more	Chose ONLY this behavior
Weight Loss	67.23%	25.12%
Tobacco Cessation	19.82%	4.18%
Immunization Status (Annual Flu Vaccine)	22.44%	1.50%
Follow-up for Chronic Conditions	32.42%	3.89%
Addressing Alcohol Abuse	4.58%	0.28%
Addressing Substance Abuse	1.57%	0.17%
Dental visit	18.65%	2.30%
Follow-up appointment for maternity care/reproductive health	2.38%	0.18%
Follow-up appointment for recommended cancer or other preventative screening(s)	22.27%	2.38%
Follow-up appointment for mental health/behavioral health	10.94%	1.94%
Other	8.13%	3.57%

**Table 17. Top 10 Most Selected Health Risk Behavior Combinations**

<b>Health Risk Behavior Combination</b>	<b>Count</b>	<b>Percent</b>
1. Weight Loss ONLY	4,684	25.12%
2. Weight Loss, Follow-up for Chronic Conditions	948	5.09%
3. Tobacco Cessation ONLY	779	4.18%
4. Follow-up for Chronic Conditions	725	3.89%
5. Weight Loss, Immunization Status	675	3.62%
6. Other	665	3.57%
7. Weight Loss, Tobacco Cessation	571	3.06%
8. Cancer Screening	443	2.38%
9. Weight Loss, Follow-up for Chronic Conditions, Cancer Screening	365	1.96%
10. Follow-up for Behavioral Health	361	1.94%
Total for Top 10	10,216	54.80%
Total for All Other Combinations	8,428	45.21%
<b>Total</b>	<b>18,644</b>	<b>100.00%</b>

## Healthy Behaviors Goals Progress

Section 4. Healthy Behaviors Goals Progress: In discussion with the patient, health care providers choose between 4 statements to attest to whether the patient achieved or made significant progress towards the health behavior goal(s) he or she had previously selected to work on the year before. The 4 statements are:

- A. Not applicable - this is the first known Healthy Michigan Plan Health Risk Assessment for this patient.
- B. Yes.
- C. No.
- D. Patient had a serious medical, behavioral, or social condition or conditions which precluded addressing unhealthy behaviors.

968 Health Risk Assessments were submitted during this quarter where this question was not available because the Healthy Behavior Goals Progress question was not available on the original form of the Health Risk Assessment.

Figures 18-1 through 18-3 show Healthy Behavior Goals Progress for the total population, and by age and FPL.

**Table 18. Healthy Behaviors Goals Progress  
April - June 2023**

GOALS PROGRESS	TOTAL	PERCENT
A. First known HRA	13,409	58.60%
B. Achieved Goal(s)	8,026	35.07%
C. Did Not Achieve Goal(s)	1,349	5.90%
D. Condition(s) Preclude Addressing Health Risk Behaviors	100	0.44%
<b>TOTAL</b>	<b>22,884</b>	<b>100.00%</b>

**Figure 15-3. Statement Selection by FPL  
April - June 2023**

## **Additional Healthy Behaviors**

To improve the ability of individuals to participate in the Healthy Behaviors Incentives Program, additional mechanisms to document healthy behaviors were added April 1, 2018 for individuals who may have completed healthy behavior activities but do not have a submitted Health Risk Assessment for documentation. The mechanisms include documented participation in approved wellness and population health management programs and claims/encounters review for beneficiaries who utilize preventive and wellness services. Completion of these additional healthy behavior options is also voluntary. The data displayed in this section of the report reflect counts of the number of wellness programs and preventive services completed by beneficiaries. Beneficiaries may choose to complete one or more of these programs in a given 12 month period, however, they will still only be eligible for one incentive per year. The last section of this report focuses on the number of distinct HMP beneficiaries who completed one or more healthy behavior activities.

A total of 4,272 wellness programs were completed in the April-June 2023 quarter. Wellness Program completion is reported by age, gender and Federal Poverty Level in Table 20. Wellness Programs are reported by health domain in Table 21.

A total of 443,415 Preventive Services were completed in the April-June 2023 quarter. Preventive Services completion is reported by age, gender and Federal Poverty Level in Table 23. Preventive Services are reported by health domain in Table 24.

A total of 394,982 distinct HMP beneficiaries completed at least one healthy behavior in the previous twelve months, July 01, 2022-June 30, 2023. Healthy Behavior completion is reported by type of healthy behavior activity in Table 25.

## Wellness Programs

**Table 19. Count of Wellness Programs Reported for Total population by Month submitted**

**Figure 19-1. Wellness Program Reported for Total Population**  
April - June 2023

**Wellness Programs:** The Managed Care Plans offer a range of wellness and population health management programs to their members as part of the Healthy Behaviors Incentives Program. All Managed Care Plans offer a tobacco cessation program which follows standardized criteria. For this reason, 93.68% of wellness programs reported are tobacco cessation programs. Completed wellness programs by program type are displayed in Table 21 for the quarter April-June 2023.

**Table 21. Wellness Program Completion by Type of Wellness Program

April - June 2023**

**Preventive Services Reported:** All Healthy Michigan Plan Enrollees can participate in the Healthy Behaviors Incentives Program by utilizing select preventive services. Utilization of these services are identified through claims/encounter review. The preventive services utilized and their percentage of total preventive services reported are displayed in Table 24 for the quarter April-June 2023. The associated codes for the selected preventive services can be found in Appendix 1.
