Dear Mr. Morancy:

This letter serves as the New York State Department of Health's (Department) acknowledgement and acceptance of the Centers for Medicare and Medicaid Services approval of New York's request to amend its section 1115(a) demonstration project, titled "Medicaid Redesign Team (MRT)" (Project Number 11-W-00114/2) to allow the state to provide continuous eligibility to all children (including children in the state's separate CHIP program) up to age six, from birth through the end of the month in which their sixth birthday falls.

The Department accepts the November 14, 2024 amended Special Terms and Conditions (STCs) of the 1115 demonstration.

We look forward to continuing to work with you and your colleagues. If you have any questions, please contact Simone Milos of my staff at 518-473-0868.
