

1. Title page for the state’s substance use disorder (SUD) demonstration or the SUD component of the broader demonstration

The state should complete this title page at the beginning of a demonstration and submit as the title page for all monitoring reports. The content of this table should stay consistent over time. Definitions for certain rows are below the table.

State	<i>Oklahoma</i>
Demonstration name	<i>Institutions for Mental Diseases Waiver for Serious Mental Illness/Substance Use Disorder</i>
Approval period for section 1115 demonstration	<i>12/22/2020-12/31/2025</i>
SUD demonstration start date^a	<i>12/22/2020</i>
Implementation date of SUD demonstration, if different from SUD demonstration start date^b	<i>01/18/2021</i>
SUD (or if broader demonstration, then SUD -related) demonstration goals and objectives	<i>Increased rates of identification, initiation and engagement in treatment for SUD/OD; Increased adherence to and retention in treatment for SUD/OD; Reduced utilization of emergency department and inpatient hospital settings where utilization is preventable or medically inappropriate; Improved access to care for physical health conditions; Fewer preventable/medically inappropriate readmissions to the same or higher level of care; Reduction in overdose death, particularly those due to opioids.</i>
SUD demonstration year and quarter	<i>SUD DY2 Q4</i>
Reporting period	<i>10/1/2022-12/31/2022</i>

^a **SUD demonstration start date:** For monitoring purposes, CMS defines the start date of the demonstration as the *effective date* listed in the state’s STCs at time of SUD demonstration approval. For example, if the state’s STCs at the time of SUD demonstration approval note that the SUD demonstration is effective January 1, 2020 – December 31, 2025, the state should consider January 1, 2020, to be the start date of the SUD demonstration. Note that the effective date is considered to be the first day the state may begin its SUD demonstration. In many cases, the effective date is distinct from the approval date of a demonstration; that is, in certain cases, CMS may approve a section 1115 demonstration with an effective date that is in the future. For example, CMS may approve an extension request on 12/15/2020, with an effective date of 1/1/2021 for the new demonstration period. In many cases, the effective date also differs from the date a state begins implementing its demonstration.

^b **Implementation date of SUD demonstration:** The date the state began claiming federal financial participation for services provided to individuals in institutions for mental disease.

2. Executive summary

The executive summary should be reported in the fillable box below. It is intended for summary-level information only. The recommended word count is 500 words or less.

With the approval of the demonstration on December 22, 2020, the State began implementation of the SUD portion of the demonstration on January 18, 2021.

Medicaid expansion was implemented in the state on July 1, 2021, and has added approximately 358,992 newly eligible adults to the Medicaid program as of the end of this reporting quarter. This change allows newly eligible adults access to Medicaid physical and mental health services and providers previously unavailable to them.

SB 1337 was signed into state law on May 26, 2022. This bill requires implementation of managed care for most Medicaid populations by October 1, 2023, or upon CMS approval. The State is working toward an effective date of February 1, 2024, for prepaid ambulatory health plans (PAHP) dental program and April 1, 2024, for managed care organization (MCO) Medical and Children's Specialty programs in partnership with CMS.

The State continues to work with providers and partners to expand access to vital behavioral health services and strengthen and improve coordination of the statewide network. The Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS) is leading a statewide planning effort to support a comprehensive, statewide crisis response system in coordination with the new national 988 crisis number that was launched in July 2022. During this reporting period, the State experienced a 30-day average call volume of 3,159 calls during this reporting quarter. Part of this effort also includes expansion of crisis services within Urgent Recovery Clinics (URCs) in strategic areas of the state.

5. Sufficient Provider Capacity at Critical Levels of Care including for Medication Assisted Treatment for OUD (Milestone 4)			
5.1 Metric trends			
5.1.1 The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 4		<i>Metric 23</i>	<i>Decrease in Emergency Department Utilization for SUD per 1,000 Medicaid beneficiaries</i> <i>This continues to be a trend the State is monitoring. The most significant decrease was seen in the adult (18-64) age group, which could be attributed to new adult coverage for behavioral health authorized through the waiver and other state policy changes.</i>
5.2 Implementation update			
5.2.1 Compared to the demonstration design and operational details, the state expects to make the following changes to: Planned activities to assess the availability of providers enrolled in Medicaid and accepting new patients in across the continuum of SUD care	X		
5.2.2 The state expects to make other program changes that may affect metrics related to Milestone 4	X		
6. Implementation of Comprehensive Treatment and Prevention Strategies to Address Opioid Abuse and OUD (Milestone 5)

8.2 Implementation update			
8.2.1 Compared to the demonstration design and operational details, the state expects to make the following changes to: 8.2.1.i. How health IT is being used to slow down the rate of growth of individuals identified with SUD	X		<i>This is not an objective in the State's approved implementation plan for SUD.</i>
How health IT is being used to treat effectively individuals identified with SUD			
8.2.1.ii. How health IT is being used to effectively monitor “recovery” supports and services for individuals identified with SUD	X		<i>This is not an objective in the State's approved implementation plan for SUD.</i>
8.2.1.iii. Other aspects of the state’s plan to develop the health IT infrastructure/capabilities at the state, delivery system, health plan/MCO, and individual provider levels			<i>The State HIE, OKSHINE, will implement an eCQM tool module and dashboard. The implementation will include training documents and a companion guide. This module is projected to be operational in Q1 of 2024. Operations include continual parsing and analysis of CCD data, performance reporting, and eCQM support. In 2022, the state passed a law requiring all health care providers in Oklahoma to report data to and utilize the HIE beginning 7/1/2023. This requirement will greatly expand the amount of health care information captured in the HIE then becoming a greater utility to participants of the HIE assisting them in providing higher quality care. Additionally, OHCA has required its MCOs to participate with the HIE to assist with their ability to provide quality care.</i>

10.1 Current status and analysis		
10.1.1 If the SUD component is part of a broader demonstration, the state should provide an analysis of the SUD-related budget neutrality and an analysis of budget neutrality as a whole. Describe the current status of budget neutrality and an analysis of the budget neutrality to date.		<i>State staff worked with its third-party/independent evaluator (PHPG) on the budget neutrality design for the separate 1115 SMI/SUD waiver. The budget neutrality design for this 1115 waiver demonstration was submitted on March 1, 2023, and State staff continue to support the independent evaluator to ensure necessary data is included for the upcoming budget neutrality quarterly report.</i>
10.2 Implementation update		
10.2.1 The state expects to make other program changes that may affect budget neutrality		<i>The State implemented Medicaid expansion on July 1, 2021, bringing approximately 358,992 newly eligible adults into the program as of this reporting period.</i>
11. SUD-related demonstration operations and policy		
11.1 Considerations		
11.1.1 The state should highlight significant SUD (or if broader demonstration, then SUD-related) demonstration operations or policy considerations that could positively or negatively affect beneficiary enrollment, access to services, timely provision of services, budget neutrality, or any other provision that has potential for beneficiary impacts. Also note any activity that may accelerate or create delays or impediments in achieving the SUD demonstration's approved goals or objectives, if not already reported elsewhere in this document. See report template instructions for more detail.		<i>The State implemented Medicaid expansion on July 1, 2021, bringing approximately 358,992 newly eligible adults into the program as of this reporting period.</i>
11.2 Implementation update		
11.2.1 Compared to the demonstration design and operational details, the state expects to make the following changes to: 11.2.1.i. How the delivery system operates under the demonstration (e.g. through the managed care system or fee for service)		<i>The State implemented Medicaid expansion on July 1, 2021, bringing approximately 358,992 newly eligible adults into the program as of this reporting period.</i>

11.2.1.iii. Partners involved in service delivery	X	
11.2.2 The state experienced challenges in partnering with entities contracted to help implement the demonstration (e.g., health plans, credentialing vendors, private sector providers) and/or noted any performance issues with contracted entities	X	
11.2.3 The state is working on other initiatives related to SUD or OUD		<i>With the launch of the national 988 crisis number, the ODMHSAS is serving as the central organizing body for the comprehensive, statewide crisis response system in Oklahoma. The project integrates the national 988 number with the statewide crisis call center system, which provides triage and referral for all callers and mobile crisis response when appropriate. The system also assists law enforcement to appropriately refer and manage crisis situations.</i>
11.2.4 The initiatives described above are related to the SUD or OUD demonstration (The state should note similarities and differences from the SUD demonstration)		<i>The initiative above supports the State's efforts related to Milestone 6: Improved Care Coordination and Transitions between Levels of Care.</i>
12. SUD demonstration evaluation update		
12.1 Narrative information		
12.1.1 Provide updates on SUD evaluation work and timeline. The appropriate content will depend on when this report is due to CMS and the timing for the demonstration. There are specific requirements per Code of Federal Regulations (CFR) for annual reports. See report template instructions for more details.		<i>During this reporting period, the State worked with its independent evaluator, Pacific Health Policy Group (PHPG), and the work for the mid-point assessment due August 15, 2023.</i>

13.2.2 If applicable within the timing of the demonstration, provide a summary of the annual post-award public forum held pursuant to 42 CFR § 431.420(c) indicating any resulting action items or issues. A summary of the post-award public forum must be included here for the period during which the forum was held and in the annual report.	X	
14. Notable state achievements and/or innovations		
14.1 Narrative information		
14.1.1 Provide any relevant summary of achievements and/or innovations in demonstration enrollment, benefits, operations, and policies pursuant to the hypotheses of the SUD (or if broader demonstration, then SUD related) demonstration or that served to provide better care for individuals, better health for populations, and/or reduce per capita cost. Achievements should focus on significant impacts to beneficiary outcomes. Whenever possible, the summary should describe the achievement or innovation in quantifiable terms, e.g., number of impacted beneficiaries.		<i>With the launch of the national 988 crisis number, the ODMHSAS is serving as the central organizing body for the comprehensive, statewide crisis response system in Oklahoma.
