Emotional Disturbance Demonstrations
Monitoring Report Template

Note: PRA Disclosure Statement to be added here

Title page for the state’s serious mental illness and serious emotional disturbance (SMI/SED) demonstration or the SMI/SED component of the broader demonstration

The state should complete this title page at the beginning of a demonstration and submit as the title page for all monitoring reports. The content of this table should stay consistent over time. Definitions for certain rows are below the table.

<i>State</i>	Utah
<i>Demonstration name</i>	Utah's Medicaid Reform 1115 Demonstration
<i>Approval period for section 1115 demonstration</i>	07/01/2022 – 06/30/2027
<i>SMI/SED demonstration start date^a</i>	12/16/2020
<i>Implementation date of SMI/SED demonstration, if different from SMI/SED demonstration start date^b</i>	01/01/2021
<i>SMI/SED (or if broader demonstration, then SMI/SED - related) demonstration goals and objectives</i>	The goal of this approval is for the state to maintain and enhance access to mental health services, opioid use disorder (OUD) and other substance use disorder (SUD) services and continue delivery system improvements for these services to provide more coordinated and comprehensive treatment to Medicaid beneficiaries with serious mental illness (SMI) and/or SUD. This demonstration will provide the state with authority to provide high quality, clinically appropriate treatment to beneficiaries with SMI while they are short-term residents in residential and inpatient treatment settings that qualify as an IMD. It will also support state efforts to enhance provider capacity, improve the availability of Medication Assisted Treatment (MAT) and improve access to a continuum of SMI evidence-based services at varied levels of intensity, including withdrawal management services.
<i>SMI/SED demonstration year and quarter</i>	SMI/SED DY5Q3
<i>Reporting period</i>	01/01/2025 through 03/31/2025

^a **SMI/SED demonstration start date:** For monitoring purposes, CMS defines the start date of the demonstration as the *effective date* listed in the state’s STCs at time of SMI/SED demonstration approval. For example, if the state’s STCs at the time of SMI/SED demonstration approval note that the SMI/SED demonstration is effective January 1, 2020 – December 31, 2025, the state should consider January 1, 2020 to be the start date of the SMI/SED demonstration. Note that the effective date is considered to be the first day the state may begin its SMI/SED demonstration. In many cases, the effective date is distinct from the approval date of a demonstration; that is, in certain cases, CMS may approve a section 1115 demonstration with an effective date that is in the future. For example, CMS may approve an extension request on 12/15/2020, with an effective date of 1/1/2021 for the new demonstration period. In many cases, the effective date also differs from the date a state begins implementing its demonstration.

^b **Implementation date of SMI/SED demonstration:** The date the state began claiming federal financial participation for services provided to individuals in institutions of mental disease.

Executive summary

The executive summary should be reported in the fillable box below. It is intended for summary-level information only. The recommended word count is 500 or less.

During this quarter, the State Medicaid system continued to experience some impacts of the Medicaid unwinding efforts as the public emergency declaration period ended. The declaration end date has continued to have impacts on enrollment rates and utilization of some services. Throughout this reporting period, the State has experienced consistent data trends from previous reporting issues with no major anomalies to note. This reporting period has continued to see an increase in the utilization of mental health services for beneficiaries across most measures. Utah will continue to monitor metrics for the effects the waiver is having on the system at large and will continue to monitor and address any issues caused by the PRISM system.

3. Access to Continuum of Care, Including Crisis Stabilization (Milestone 3)			
3.1. Metric trends			
3.1.1. The state reports the following metric trends, including all changes (+ or -) greater than 2 percent related to Milestone 3.		<p>#13: Mental Health Services Utilization – Inpatient</p> <p>#15: Mental Health Services Utilization – Outpatient</p> <p>#16: Mental Health Services Utilization – ED</p> <p>#17: Mental Health Services Utilization - Telehealth</p> <p>#18: Mental Health Services Utilization – Any Services</p>	<p>#13: The number of beneficiaries in the demonstration population who use inpatient services related to mental health increased by 6.9%. This increase is comparable to previous reporting periods.</p> <p>#15: The number of beneficiaries in the demonstration population who used outpatient services related to mental health increased by 3.6%.</p> <p>#16: The number of beneficiaries in the demonstration population who use emergency department services for mental health decreased by 68.7%. Large percentage changes are normal for this metric due to the small amount of beneficiaries in this metric. This metric has had large percentage swings in previous reporting periods and remains consistent.</p> <p>#17: The number of beneficiaries in the demonstration population who utilized telehealth services for mental health decreased by 2.9% this reporting period. This data has continued to decrease since the unwinding of the public health emergency and as beneficiaries have sought out in person services.</p> <p>#18: The number of beneficiaries in the demonstration population who used any services related to mental health decreased by 2.5% despite Medicaid numbers decreasing due to unwinding activities and fluctuations in enrollment. Decreases in this metric may also be attributable to continued PRISM encounter date issues.</p>

7.2. Implementation update		
7.2.1. Compared to the demonstration design and operational details, the state expects to make the following changes to: 7.2.1a. The state's strategy to conduct annual assessments of the availability of mental health services across the state and updates on steps taken to increase availability	X	
7.2.1b. Strategies to improve state tracking of availability of inpatient and crisis stabilization beds	X	
8. Maintenance of effort (MOE) on funding outpatient community-based mental health services		
8.1. MOE dollar amount		
8.1.1. Provide as a dollar amount the level of state appropriations and local funding for outpatient community-based mental health services for the most recently completed state fiscal year.		<i>SFY24 Outpatient Community-Based Mental Health Services</i> <i>Sum of Federal Funds: \$347,189,191.63</i> <i>Sum of State General Funds: \$25,117,118.83</i> <i>Sum of State County Funds: \$71,074,487.80</i> <i>Sum of Total Funds \$442,780,935.06</i>
8.2. Narrative information		
8.2.1. Describe and explain any reductions in the MOE dollar amount below the amount provided in the state's application materials. The state should confirm that it did not move resources to increase access to treatment in inpatient or residential settings at the expense of community-based services.		<i>The state has not reduced the MOE dollar amount below what was provided in the state's application materials. The state has increased funding for community-based services.</i>

Prompt	State has no trends/update to report (place an X)	State response
9. SMI/SED financing plan		
9.1. Implementation update		
9.1.1. Compared to the demonstration design and operational details, the state expects to make the following changes to: 9.1.1a. Increase availability of non-hospital, non-residential crisis stabilization services, including services made available through crisis call centers, mobile crisis units, and observation/assessment centers, with a coordinated community crisis response that involves law enforcement and other first responders	X	
9.1.1b. Increase availability of on-going community-based services, e.g., outpatient, community mental health centers, partial hospitalization/day treatment, assertive community treatment, and services in integrated care settings such as the Certified Community Behavioral Health Clinic model	X	
10. Budget neutrality		
10.1. Current status and analysis		
10.1.1. Describe the current status of budget neutrality and an analysis of the budget neutrality to date. If the SMI/SED component is part of a broader demonstration, the state should provide an analysis of the SMI/SED-related budget neutrality and an analysis of budget neutrality as a whole.		<i>For the current 1115 Waiver, the state estimates the SMI eligibility group will be budget neutral.</i>
10.2. Implementation update		
10.2.1. The state expects to make the following program changes that may affect budget neutrality.	X

11. SMI/SED-related demonstration operations and policy		
11.1. Considerations		
11.1.1. The state should highlight significant SMI/SED (or if broader demonstration, then SMI/SED-related) demonstration operations or policy considerations that could positively or negatively impact beneficiary enrollment, access to services, timely provision of services, budget neutrality, or any other provision that has potential for beneficiary impacts. Also note any activity that may accelerate or create delays or impediments in achieving the SMI/SED demonstration's approved goals or objectives, if not already reported elsewhere in this document. See Monitoring Report Instructions for more detail.	X	
11.2. Implementation update		
11.2.1. The state experienced challenges in partnering with entities contracted to help implement the demonstration (e.g., health plans, credentialing vendors, private sector providers) and/or noted any performance issues with contracted entities.	X	
11.2.2. The state is working on other initiatives related to SMI/SED.	X	
11.2.3. The initiatives described above are related to the SMI/SED demonstration as described (The state should note similarities and differences from the SMI/SED demonstration).	X	
11.2.4. Compared to the demonstration design and operational details, the state expects to make the following changes to: 11.2.4a. How the delivery system operates under the demonstration (e.g. through the managed care system or fee for service)	X

11.2.4c. Partners involved in service delivery	X	
11.2.4d. The state Medicaid agency's Memorandum of Understanding (MOU) or other agreement with its mental health services agency	X	
12. SMI/SED demonstration evaluation update		
12.1. Narrative information		
12.1.1. Provide updates on SMI/SED evaluation work and timeline. The appropriate content will depend on when this report is due to CMS and the timing for the demonstration. There are specific requirements per the Code of Federal Regulations (CFR) for annual reports. See Monitoring Report Instructions for more details.		The revised evaluation design was submitted to CMS on December 20, 2024. On February 25, 2025, the State received feedback from CMS on this report. The evaluator is currently revising the report to include this feedback. The final version will be submitted to CMS by June 1, 2025.
12.1.2. Provide status updates on deliverables related to the demonstration evaluation and indicate whether the expected timelines are being met and/or if there are any real or anticipated barriers in achieving the goals and timeframes agreed to in the STCs.		CMS approved the Summative Evaluation Report on November 4, 2024. This report covers the demonstration period from November 1, 2017, through June 2022.
12.1.3. List anticipated evaluation-related deliverables related to this demonstration and their due dates.		<i>The SUD and SMI/SED Mid-Point Assessment will be submitted to CMS by June 30, 2025.</i>
13. Other demonstration reporting		
13.1. General reporting requirements		
13.1.1. The state reports changes in its implementation of the demonstration that might necessitate a change to approved STCs, implementation plan, or monitoring protocol.	X

13.1.2. The state anticipates the need to make future changes to the STCs, implementation plan, or monitoring protocol, based on expected or upcoming implementation changes.	X	
13.1.3. The state identified real or anticipated issues submitting timely post-approval demonstration deliverables, including a plan for remediation.	X	
13.1.4. Compared to the demonstration design and operational details, the state expects to make the following changes to: 13.1.4a. The schedule for completing and submitting monitoring reports	X	
13.1.4b. The content or completeness of submitted monitoring reports and/or future monitoring reports	X	
13.2. Post-award public forum		
13.2.1. If applicable within the timing of the demonstration, provide a summary of the annual post-award public forum held pursuant to 42 CFR § 431.420(c) indicating any resulting action items or issues. A summary of the post-award public forum must be included here for the period during which the forum was held and in the annual monitoring report.		The annual public forum was held on January 6, 2025, during the Medical Care Advisory Committee (MCAC) meeting. An overview of the 1115 Demonstration populations was provided. One commenter expressed concern about the State's AEM enrollment and that the number seems to drop each month and is not stable. The commenter indicated she did not expect a response but just wanted to provide the comment. No other issues or concerns were raised.

14. Notable state achievements and/or innovations		
14.1. Narrative information		
14.1.1. Provide any relevant summary of achievements and/or innovations in demonstration enrollment, benefits, operations, and policies pursuant to the hypotheses of the SMI/SED (or if broader demonstration, then SMI/SED related) demonstration or that served to provide better care for individuals, better health for populations, and/or reduce per capita cost. Achievements should focus on significant impacts to beneficiary outcomes. Whenever possible, the summary should describe the achievement or innovation in quantifiable terms, e.g., number of impacted beneficiaries.	X
