

State of Utah

GARY R. HERBERT Governor

SPENCER J. COX Lieutenant Governor

Utah Department of Health

Richard G. Saunders Interim Executive Director

Division of Medicaid and Health Financing

Nate Checketts Director, Division of Medicaid and Health Financing

December 30, 2020

Seema Verma Administrator Centers for Medicare and Medicaid Services (CMS) U.S. Department of Health and Human Services 200 Independence Avenue, S.W. Washington, D.C. 20201

Dear Administrator Verma:

I am pleased to submit an amendment to the State of Utah's Special Terms and Conditions for the 1115 Primary Care Network (PCN) Demonstration Waiver. This amendment seeks approval to allow the State to provide in vitro fertilization services and genetic testing for Medicaid eligible individuals who have one of the following conditions: Cystic fibrosis, spinal muscular atrophy, Morquio syndrome, myotonic dystrophy, or sickle cell anemia.

The State of Utah appreciates your consideration of this amendment request. We look forward to the continued guidance and support from CMS in administering Utah's 1115 PCN Waiver.

Respectfully,

Emma Chacon Operations Director Medicaid and Health Financing

Utah 1115 Primary Care Network Demonstration Waiver

Amendment Request

In Vitro Fertilization and Genetic Testing for Qualified Conditions

State of Utah

Section 1115 Demonstration Amendment In Vitro Fertilization and Genetic Testing for Qualified Conditions

Section I. Program Description and Objectives

During the 2020 General Session of the Utah State Legislature, House Bill 214 "Insurance Coverage Modifications" was passed, and signed into law by Governor Herbert. This legislation requires the Utah Department of Health, Division of Medicaid and Health Financing (DMHF) to seek 1115 waiver approval from the Centers for Medicare and Medicaid Services (CMS) to provide in vitro fertilization services and genetic testing for Medicaid eligible individuals who have specific qualified conditions. These qualified conditions include:

- Cystic fibrosis
- Spinal muscular atrophy
- Morquio syndrome
- Myotonic dystrophy
- Sickle cell anemia

Goals and Objectives

Under Section 1115 of the Social Security Act, States may implement "experimental, pilot or demonstration projects which, in the judgment of the Secretary [of Health and Human Services] is likely to assist in promoting the objectives of [Medicaid]". The State believes this demonstration is likely to promote the objectives of Medicaid by improving health outcomes for Medicaid populations and reducing Medicaid costs to ensure the sustainability of Medicaid.

Providing these services will make it possible for Medicaid eligible individuals who have, or who carry serious inherited disorders to decrease the risk of passing the disorder on to their child.

Operation and Proposed Timeline

The demonstration will operate statewide. The State intends to implement the proposed benefit as soon as possible after approval. The State requests to operate the demonstration through the end of the current waiver approval period, which is June 30, 2022.

Demonstration Hypotheses and Evaluation

With the help of an independent evaluator, the State will develop a plan for evaluating the hypothesis indicated below. Utah will identify validated performance measures that adequately assess the impact of the demonstration to beneficiaries. The State will submit the evaluation plan to CMS for approval.

The State will conduct ongoing monitoring of this demonstration, and will provide information regarding monitoring activities in the required quarterly and annual monitoring reports.

The following hypothesis will be tested during the approval period:

Hypothesis	Anticipated Measure(s)	Data Sources	Evaluation Approach
This demonstration will decrease Medicaid expenditures associated with the conditions identified in this demonstration	 Total Medicaid expenditures associated with these conditions 	Claims data	Independent evaluator will design quantitative and qualitative measures to include experimental or quasi- experimental comparisons

Section II. Demonstration Eligibility

Individuals eligible under this demonstration must be Medicaid eligible individuals who meet all of the following requirements:

- 1. Be age 18 through 35
- 2. Has been diagnosed by a physician as having a genetic trait associated with a qualified condition listed below:
 - a. Cystic fibrosis
 - b. Spinal muscular atrophy
 - c. Morquio Syndrome
 - d. Myotonic dystrophy, or
 - e. Sickle cell anemia; and,
- 3. Intends to get pregnant with a partner who has been diagnosed by a physician as having a genetic trait associated with the same qualified condition as the individual.

Projected Enrollment

The projected enrollment for the demonstration population is approximately 50 individuals per year.

Section III. Demonstration Benefits and Cost Sharing Requirements

If approved under this demonstration, qualified Medicaid members will be eligible to receive the following services:

- 1. Preimplantation genetic diagnosis to test embryos for specific genetic disorders prior to transfer to the uterus; and
- 2. In vitro fertilization services.

Qualified Medicaid members may receive these services once per lifetime.

Cost sharing requirements will not differ from those provided under the state plan.

Section IV. Delivery System

Services for Demonstration individuals will be provided initially through fee for service (FFS). At a future date, the State may continue delivery of these services through FFS or may transition delivery of these services to managed care under 1915(b) authority or by amendment to the Demonstration.

Section V. Enrollment in Demonstration

Eligible individuals will be enrolled in the demonstration as of the implementation date of this amendment.

Section VI. Demonstration Financing and Budget Neutrality

Refer to Budget Neutrality- Attachment 1 for the State's historical and projected expenditures for the requested period of the demonstration.

Below is the projected enrollment and expenditures for the remaining demonstration year.

	DY20 (SFY 22)
Enrollment	50
Expenditures	\$860,000

Section VII. Proposed Waiver and Expenditure Authority

The State requests the following proposed waivers and expenditure authority to operate the demonstration.

Waiver and Expenditure Authority	Reason and Use of Waiver
Section 1902(a)(10)(B)- Amount, Duration, and Scope of Services and Comparability	To enable the State to vary the amount, duration, and scope of services provided to individuals in the demonstration group.
Section 1902(a)(23)(A)- Freedom of Choice	To enable the State to restrict freedom of choice of providers for the population affected by this demonstration.

Expenditure Authority

The State requests expenditure authority to provide in vitro fertilization and genetic testing services for qualified Medicaid members.

Section VIII. Compliance with Public Notice and Tribal Consultation

Public Notice Process

Public Notice of the State's request for this demonstration amendment, and notice of Public Hearing were advertised in the newspapers of widest circulation, and sent to an electronic mailing list. In addition, the abbreviated public notice was posted to the State's Medicaid website at https://medicaid.utah.gov/1115-waiver.

Two public hearings to take public comment on this request were held. The first public hearing was held on December 14, 2020 from 4:00 p.m. to 5:00 p.m. The second public hearing was held on December 17, 2020 from 2:00 p.m. to 4:00 p.m., during the Medical Care Advisory Committee (MCAC) meeting. Due to

the COVID-19 public health emergency and state social distancing guidelines, both public hearings were held via video and teleconferencing. Two comments in support of this amendment were submitted during the public hearings. No issues or concerns were submitted.

Public Comment

The public comment period was held November 25, 2020 through December 25, 2020. No additional public comments were submitted during the public comment period.

Tribal Consultation

In accordance with the Utah Medicaid State Plan, and section 1902(a)(73) of the Social Security Act, the State ensures that a meaningful consultation process occurs in a timely manner on program decisions impacting Indian Tribes in the State of Utah. DMHF notified the UDOH Indian Health Liaison of the waiver amendment. As a result of this notification, DMHF began the tribal consultation process by attending the Utah Indian Health Affairs Board (UIHAB) meeting on December 11, 2020 to present this demonstration amendment. Members of the board expressed support for this amendment. No issues or concerns were raised.

Tribal Consultation Policy

The consultation process will include, but is not limited to:

- An initial meeting to present the intent and broad scope of the policy and waiver application to the UIHAB.
- Discussion at the UIHAB meeting to more fully understand the specifics and impact of the proposed policy initiation or change;
- Open meeting for all interested parties to receive information or provide comment;
- A presentation by tribal representatives of their concerns and the potential impact of the proposed policy;
- Continued meetings until concerns over intended policy have been fully discussed;
- A written response from the Department of Health to tribal leaders as to the action on, or outcome of tribal concerns.

Tribal consultation policy can be found at: <u>http://health.utah.gov/indianh/consultation.html</u>.

Section IX. Demonstration Administration

Public Notice Requirements

Entity: Department of Health

Body: Medicaid Expansion Workgroup

Subject:	Medicaid
Notice Title:	Utah 1115 Waiver Amendment
Meeting Location:	Video/Teleconference
	Salt Lake City UT
Event Date & Time:	December 14, 2020 December 14, 2020 04:00 PM - December 14, 2020 05:00 PM
Description/Agenda:	PUBLIC NOTICE Utah 1115 Waiver Amendment
	The Utah Department of Health, Division of Medicaid and Health Financing (DMHF), will hold public hearings to discuss an amendment to the State's 1115 Demonstration Waiver. The Department will also accept public comment regarding the demonstration amendment during the 30-day public comment period from November 25, 2020, through December 25, 2020.
	The DMHF is requesting authority to implement provisions of House Bill 214 'Insurance Coverage Modifications', which passed during the 2020 Utah Legislative General Session. This amendment seeks approval from the Centers for Medicare and Medicaid Services (CMS) to provide in vitro fertilization services and genetic testing for Medicaid eligible individuals who have specific qualified conditions. These qualified conditions include: Cystic fibrosis Spinal muscular atrophy Morquio Syndrome Myotonic dystrophy Sickle cell anemia
	Public Hearings: The Department will conduct two public hearings to discuss the demonstration amendment. The dates and times are listed below. Due to the COVID-19 public health emergency and state social distancing guidelines, both public hearings will be held via video and teleconferencing. Monday, December 14, 2020, from 4:00 to 5:00 p.m. o Video Conference: Google Hangout Meeting (only works in the Chrome web browser) meet.google.com/yqr-syem-wcz
