RE: TN 21-0004

Dear Ms. Stehle:

We have reviewed the proposed Arkansas State Plan Amendment (SPA) to Attachment 4.19-B (TN) 21-0004, which was submitted to the Centers for Medicare & Medicaid Services (CMS) on August 24th, 2021. This plan amendment updates the base reimbursement of Long-Acting Reversible Contraceptives (LARCs) on wholesale acquisition cost.

Based upon the information provided by the State, we have approved the amendment with an effective date of December 1, 2021. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

If you have any additional questions or need further assistance, please contact Robert Bromwell at 410-786-5914 or Robert.bromwell@cms.hhs.gov.

Sincerely,

Todd McMillion
Director
Division of Reimbursement Review

23. REMARKS
4.c. Family Planning Services

Reimbursement is based on the lesser of the amount billed or the maximum Title XIX (Medicaid) charge allowed. State developed fee schedule rates are the same for both public and private providers.

1. The Title XIX (Medicaid) maximum for Family Planning services is one hundred percent (100%) of the current physician Medicaid maximum.

At the beginning of each calendar year, the State Agency will negotiate with the affected provider group representatives to arrive at a mutually acceptable increase or decrease from the maximum rate. Market forces, such as private insurance rates, medical and general inflation figures, changes in practice costs and changes in program requirements, will be considered during the negotiation process. Any agreed upon increase or decrease will be implemented at the beginning of the following State Fiscal Year, July 1, with any appropriate State Plan changes.

2. Long-Acting Reversible Contraceptives (LARCs)

Effective for claims with dates of service January 1, 2014 and after, the intrauterine device (IUD) is reimbursed based on one hundred percent (100%) of the manufacturer’s list price as of April 15, 2011.

Effective for claims with dates of service October 1, 2014 and after, the fifty-two milligrams (52) mg Levonorgestrel-Releasing Intrauterine Contraceptive System is reimbursed based on one hundred percent (100%) of the manufacturer’s list price as of November 18, 2013. Effective for claims with dates of service October 1, 2014 and after, the 13.5 mg Levonorgestrel-Releasing Intrauterine Contraceptive System is reimbursed based on one hundred percent (100%) of the manufacturer’s list price as of January 1, 2013.

Effective for claims with dates of service December 1, 2021, and after, the reimbursement of Food and Drug Administration approved Long-Acting Reversible Contraceptives (LARCs) to include the IUD and contraceptive implants, will be based on Wholesale Acquisition Cost as of December 1, 2021. Reimbursement will also apply to replacement of LARCs per manufacturer recommendations, or sooner if medically necessary. Reimbursement information can be found at the following Physician Fee Schedule.
