RE: Arizona State Plan Amendment Transmittal Number 20-0016

Dear Ms. Heredia:

We have reviewed the proposed amendment to Attachment 4.19-A of your Medicaid State plan submitted under transmittal number (TN) 20-0016. This amendment, effective October 1, 2020, updates the Arizona disproportionate share hospital (DSH) pool 5 payment amount and participant list, for the DSH state plan rate year ending 2021.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C. This is to inform you that Medicaid State plan amendment 20-0016 is approved effective October 1, 2020. The CMS-179 and the amended plan page(s) are attached.

If you have any additional questions or need further assistance, please contact Mark Wong at (415) 744-3561 or mark.wong@cms.hhs.gov.

Sincerely,

Rory Howe
Director

costs (whether positive or negative) is the hospital's OBRA limit.

Group 5 Eligibility Determination

The Administration will make additional payments, as specified in Exhibit 3, for hospitals that qualify for funding in groups 1, 1A, 2, 2A or 4. Group 5 DSH payments are in addition to the Groups 1, 1A, 2, 2A, and 4 DSH payments, but no individual hospital will receive aggregate DSH payments that exceed its OBRA limit. For hospitals that qualify for Group 5, a "LOM" score will be calculated by multiplying the hospital's LIUR times the hospital's full OBRA limit, times the hospital's MIUR.

Example: Hospital A

OBRA = \$50,000,000, MIUR = 0.3500, LIUR = 0.3000

Group 5 LOM score for Hospital A = \$50,000,000 x 0.3500 x 0.3000 = \$5,250,000

Priority for Pool 5 payments will be given in the following order to qualifying and participating private and governmental hospitals:

1. Located in a county with a population fewer than four hundred thousand persons
2. Located in a county with a population of at least four hundred thousand persons but fewer than nine hundred thousand persons
3. Located in a county with a population of at least nine hundred thousand persons.

The following iterative distribution steps are performed for hospitals within the highest priority group first, until each hospital within the priority group has either been distributed total DSH payments at its OBRA limit or been distributed Group 5 DSH payments at its Group 5 payment cap as stated in Exhibit 3, or aggregate Group 5 funding in Exhibit 3 has been exhausted. As long as there remains available Group 5 funding, this process is performed for each priority group, in the above order.

For the first round of distributions, each participating hospital's percentage of the total LOM score will be calculated using the hospital's LOM score as the numerator and the total of all participating hospitals' LOM scores as the denominator.

The total amount of DSH available for Group 5, as specified in Exhibit 3 will be multiplied by each hospital's LOM percentage of this first round. If the allocation is higher than a hospital's OBRA limit (remaining after Group 1, 1A, 2, 2A, and 4 DSH distributions) or higher than the maximum amount allocated for the hospital in Exhibit 3, the lower of those three limits will be recorded as the allocation for round one.

Subsequent rounds will be open to qualifying hospitals that have not hit their OBRA limit or the maximum amount allocated for the hospital in Exhibit 3. The LOM score for those hospitals will be totaled. Each hospital's percentage of the total LOM score for that round will be calculated. The total amount of Group 5 DSH funds remaining for that round, as specified in Exhibit 3 will be multiplied by each hospital's LOM percentage for that round. If any allocation from any round is higher than a hospital's remaining OBRA limit or the maximum amount allocated for the hospital in Exhibit 3, the lower of those three limits will be recorded as the allocation for that round. Distribution rounds will continue until all Group 5 DSH funds for the hospitals are distributed, or all hospitals that have reached their individual OBRA limits or the maximum amount allocated for the hospital in Exhibit 3 whichever comes first.

The Administration will specify the hospitals which may be eligible for Group 5 and the amount of funding in Exhibit 3. The Administration may include multiple pools within Group 5, to be specified in Exhibit 3.
