RE: Arizona State Plan Amendment Transmittal Number 24-0016

Dear State Medicaid Director Heredia:

The Centers for Medicare & Medicaid Services (CMS) has reviewed the proposed Arizona state plan amendment (SPA) to Attachment 4.19-D AZ-24-0016, which was submitted to CMS on November 18, 2024. This plan amendment updates the nursing facility Differential Adjusted Payment (DAP) program for contract year ending 2025.

We reviewed your SPA submission for compliance with statutory requirements, including in sections 1902(a)(2), 1902(a)(13), 1902(a)(30), and 1903 as it relates to the identification of an adequate source for the non-federal share of expenditures under the plan, as required by 1902(a)(2), of the Social Security Act and the applicable implementing Federal regulations.

Based upon the information provided by the state, we have approved the amendment with an effective date of October 1, 2024. We are enclosing the approved CMS-179 and a copy of the new state plan pages.

FOR LONG TERM CARE FACILITIES

Nursing Facility Differential Adjusted Payment

As of October 1, 2024, through September 30, 2025 (Contract Year Ending (CYE) 2025), Nursing Facilities(Provider Type 22), that are located in Arizona with Arizona Medicaid utilization that meet AHCCCS established value-based performance metrics requirements below will receive Differential Adjusted Payments described below. The Differential Adjusted Payment Schedule represents a positive adjustment to the AHCCCS Fee-For-Service reimbursement rates. These payment adjustments will occur for all dates of service in CYE 2025 only. The purpose of the Differential Adjusted Payment is to distinguish facilities which have committed to supporting designated actions that improve patients' care experience, improve members' health, and reduce cost of care growth.

- iii. Milestone #3: No later than May 31, 2024, facilities that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the HIE organization, if required by the external reference lab, to have all outsourced lab test results flow to the HIE on their behalf.
- iv. Milestone #4: No later than May 31, 2024, the facility must electronically submit the following patient identifiable information to the production environment of the HIE organization: ADT information from within the nursing facility; continuity of care documents reflecting a summary of care within the nursing facility including (if applicable): laboratory and radiology information; medication information; immunization data; active problem lists

FOR LONG TERM CARE FACILITIES

Facilities which submitted a DAP SOW and received an increase for CYE 2024 but failed to achieve one or more milestones in the DAP SOW or failed to maintain its participation in the milestone activities are ineligible to receive a DAP in CYE 2025.

If a provider is receiving a DAP in CYE 2025 and cannot meet a milestone and/or cannot maintain its participation in milestone activities, the provider must immediately notify AHCCCS. This notification must be made prior to the milestone deadline and must state the reason the milestone cannot be met. When applicable, DAP participants are subject to audits, at the discretion of AHCCCS. Within 30 days of AHCCCS being notified of a missed milestone, becoming aware of the provider's failure to maintain participation, and/or determining that the provider has failed a DAP audit, AHCCCS will remove the participant's eligibility for the DAP, effective immediately and for the remainder of the year.

If a facility receives a DAP increase for the entire CYE 2025 but it is determined subsequently that it did not meet the CYE 2025 milestones or failed to maintain its participation in the milestone activities in CYE 2025, that facility will be ineligible to receive this DAP for CYE 2026 if a DAP is available at that time.
