STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT
STATE: CALIFORNIA

4. Effective July 1, 2014, the payment augmentation amount for each emergency air medical transportation service will be calculated as described in section (a).
- (a) Base rates for emergency air medical transportation services are the State Agency's rates per procedure code as posted on the Medi-Cal Rates website: <https://files.medi-cal.ca.gov/Rates/RatesHome.aspx>
 - (b) Payment augmentation amounts for emergency air medical transportation services will be calculated by multiplying the augmentation rate by the date of service projected utilization.
 - i. The augmentation rate is the difference between the base rate and the maximum allowable amount per transport based on the state average of providers' usual and customary rates charged to the general public for an emergency air medical transport.
 - ii. For the 2019/20 rate year, the maximum annual amount available for the payment augmentation will be based on a total pool amount of \$10,000,000. Payments from this pool amount will be distributed to eligible air medical transportation providers, using the methodology described in b(i) and subject to the limitations of b(v), for the dates of service period July 1, 2019 through June 30, 2020, until the annual pool amount is exhausted.
 - iii. For the 2020/21 rate year, the maximum annual amount available for the payment augmentations will be based on a total pool amount of \$13,000,000. Payments from this pool amount will be distributed to eligible air medical transportation providers, using the methodology described in b(i) and subject to the limitations of b(v), for the dates of service period July 1, 2020 through June 30, 2021, until the annual pool amount is exhausted.
 - iv. For the 2021/22 rate year, the maximum annual amount available for the payment augmentations will be based on a total pool amount of up to \$10,000,000. Payments from this pool amount will be distributed to eligible air medical transportation providers, using the methodology described in b(i) and subject to the limitations of b(v), for the dates of service period July 1, 2021 through June 30, 2022, until the available annual pool amount up to \$10,000,000 is exhausted.
 - v. The total computable augmentation amount for each rate year shall not exceed the applicable total allowable under b(ii), and b(iii), b(iv).
