Hartford, CT 06105

Re: Connecticut State Plan Amendment (SPA) 21-0016

Dear Commissioner Gifford:

We have reviewed the proposed amendment to add section 7.4 Medicaid Disaster Relief for the COVID-19 National Emergency to your Medicaid state plan, as submitted under transmittal number (TN) 21-00016. This amendment proposes to implement temporary policies, which are different from those policies and procedures otherwise applied under your Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof).

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and this
state plan provision will no longer be in effect, upon termination of the public health emergency, including any extensions.

Pursuant to section 1135(b)(5) of the Act, for the period of the public health emergency, CMS is modifying the requirement at 42 C.F.R. 430.20 that the state submit SPAs related to the COVID-19 public health emergency by the final day of the quarter, to obtain a SPA effective date during the quarter, enabling SPAs submitted after the last day of the quarter to have an effective date in a previous quarter, but no earlier than the effective date of the public health emergency.

The State of Connecticut also requested a waiver of public notice requirements applicable to the SPA submission process. Pursuant to section 1135(b)(1)(C) of the Act, CMS is waiving public notice requirements applicable to the SPA submission process. Public notice for SPAs is required under 42 C.F.R. §447.205 for changes in statewide methods and standards for setting Medicaid payment rates, 42 C.F.R. §447.57 for changes to premiums and cost sharing, and 42 C.F.R. §440.386 for changes to Alternative Benefit Plans (ABPs). Pursuant to section 1135(b)(1)(C) of the Act, CMS is approving the state’s request to waive these notice requirements otherwise applicable to SPA submissions.

The State of Connecticut also requested a waiver to modify the tribal consultation timeline applicable to this SPA submission process. Pursuant to section 1135(b)(5) of the Act, CMS is also allowing states to modify the timeframes associated with tribal consultation required under section 1902(a)(73) of the Act, including shortening the number of days before submission or conducting consultation after submission of the SPA.

These waivers or modifications of the requirements related to SPA submission timelines, public notice, and tribal consultation apply only with respect to SPAs that meet the following criteria: (1) the SPA provides or increases beneficiary access to items and services related to COVID-19 (such as by waiving or eliminating cost sharing, increasing payment rates or amending ABPs to add services or providers); (2) the SPA does not restrict or limit payment or services or otherwise burden beneficiaries and providers; and (3) the SPA is temporary, with a specified sunset date that is not later than the last day of the declared COVID-19 public health emergency (or any extension thereof). We nonetheless encourage states to make all relevant information about the SPA available to the public so they are aware of the changes.

We conducted our review of your submittal according to the statutory requirements at section 1902(a) of the Act and implementing regulations. This letter is to inform you that Connecticut Medicaid SPA Transmittal Number 21-0016 is approved effective March 1, 2020.

Enclosed is a copy of the CMS-179 summary form and the approved state plan pages.

Please contact Marie DiMartino at 617-565-9157 or by email at Marie.Dimartino@cms.hhs.gov if you have any questions about this approval. We appreciate
the efforts of you and your staff in responding to the needs of the residents of the State of Connecticut and the health care community.

Sincerely,

Alissa M. DeBoy -S

Alissa Mooney DeBoy

23. REMARKS:

FORM CMS-179 (07-92)
On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

Except as where a shorter period is specifically identified below within each specific section, all other provisions of this Section 7.4-A below apply from March 1, 2020 through the termination of the public health emergency, including any extensions.

As detailed in sections D.1, E.1, and E.4 below, coverage and rates for specified COVID-19 vaccine administration (and administration of other specified vaccines) are in effect from December 11, 2020 through the termination of the public health emergency, including any extensions.

As detailed in section E.2 below: (1) the rate increase for inpatient hospital COVID-19 admissions is in effect from April 1, 2020 through June 30, 2020; (2) the rate add-ons for pediatric inpatient psychiatric services are in effect as follows (i) rate add-on for increasing access is in effect from June 1, 2021 through November 30, 2021 and (ii) rate add-on for increased acuity is in effect from July 1, 2021 through November 30, 2021; (3) the rate increase for private intermediate care facilities for individuals with intellectual disabilities is in effect from April 1, 2020 through June 30, 2020; (4) the rate increases for nursing facilities are as follows: (i) increase in effect from January 1, 2021 through February 28, 2021; (ii) increase in effect from March 1, 2021 through March 31, 2021; and (iv) increase in effect from April 1, 2021 through June 30, 2021; (5) the rate increase for home health aide services provided by home health agencies is in effect from September 1, 2020 through October 31, 2020; and (6) the rate increase for chronic disease hospitals is in effect from January 1, 2021 through February 28, 2021.

As detailed in section E.3 below, the separate codes for behavioral health services delivered via audio-only telephone are in effect from March 18, 2020 through May 6, 2020.
NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

Request for Waivers under Section 1135

___X___ The agency seeks the following under section 1135(b)(1)(C) and/or section 1135(b)(5) of the Act:

a. ___X___ SPA submission requirements – the agency requests modification of the requirement to submit the SPA by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 CFR 430.20.

b. ___X___ Public notice requirements – the agency requests waiver of public notice requirements that would otherwise be applicable to this SPA submission. These requirements may include those specified in 42 CFR 440.386 (Alternative Benefit Plans), 42 CFR 447.57(c) (premiums and cost sharing), and 42 CFR 447.205 (public notice of changes in statewide methods and standards for setting payment rates).

c. ___X___ Tribal consultation requirements – the agency requests modification of tribal consultation timelines specified in Connecticut’s Medicaid state plan, as described below:

Please describe the modifications to the timeline.
Tribal notice will be submitted not later than ten business days after this SPA is submitted to CMS.

Section A – Eligibility

1. ___X___ The agency furnishes medical assistance to the following optional groups of individuals described in section 1902(a)(10)(A)(ii) or 1902(a)(10)(c) of the Act. This may include the new optional group described at section 1902(a)(10)(A)(ii)(XXIII) and 1902(ss) of the Act providing coverage for uninsured individuals.

Include name of the optional eligibility group and applicable income and resource standard. COVID-19 Testing Group: The state elects to cover all uninsured individuals as defined under 1902(ss) of the Act pursuant to Section 1902(a)(10)(A)(ii)(XXIII) of the Act effective March 18, 2020.

2. _____ The agency furnishes medical assistance to the following populations of individuals described in section 1902(a)(10)(A)(ii)(XX) of the Act and 42 CFR 435.218:

a. _____ All individuals who are described in section 1905(a)(10)(A)(ii)(XX)
E.2.a. Payment increases are targeted based on the following criteria (cont’d)

Please describe criteria.

Inpatient Hospital Services – Rate Add-Ons for Specified Pediatric Inpatient Psychiatric Services: The rate add-ons detailed in this section are designed to respond to the COVID-19 public health emergency because: (1) social isolation and disruption caused by the pandemic, its effects, and related closures and social distancing protocols have dramatically increased the prevalence and acuity of pediatric behavioral health conditions among children; and (2) social distancing protocols, staffing constraints, and increased cost of personal protective equipment and other supplies have increased the cost and reduced the effective supply of behavioral health services at all levels of care.

Effective for the dates of service detailed below, each applicable in-state psychiatric hospital, each in-state chronic disease hospital with a unit dedicated to providing behavioral health services including autism spectrum disorder services, and each of the following in-state hospitals with a pediatric inpatient psychiatric unit: short-term general hospitals and children’s short-term general hospitals, will be eligible for one or both of the following rate add-ons for applicable pediatric inpatient psychiatric/behavioral health bed days:

1. Rate Add-On for Increasing Access: Effective for dates of service from June 1, 2021 through November 30, 2021 or upon termination of the public health emergency, whichever comes first, each eligible hospital that increases the hospital’s daily average number of pediatric inpatient psychiatric/behavioral health beds paid by Medicaid for dates of service in each calendar quarter by 10% (rounded to the nearest whole number) or at least 2 beds, whichever is greater, compared to the daily average number of beds paid by Medicaid for dates of service in the same calendar quarter in calendar year 2019 and complies with the requirements listed immediately below may be eligible for this add-on, except that for June 2021, the expansion will be compared to June 2019. In addition to meeting the increased bed days detailed above, the hospital must also provide the state with real-time bed tracking, conduct post-discharge follow-up with each family, and participate in the state’s care transition and suicide prevention initiatives. This rate add-on will be paid for all pediatric inpatient psychiatric/behavioral health bed days for each calendar quarter (including medically necessary discharge delay days) in which the hospital meets all requirements (or for June 2021, for that month). The amount of the add-on is as follows: (a) for general hospitals and children’s general hospitals that are currently paid in the first or second tier per diem rate of the three-tier system for inpatient psychiatric beds as set forth in Attachment 4.19-A of the Medicaid State Plan, the add-on is an amount equivalent to moving to the next per diem payment tier rate; and (b) for hospitals that do not fall into subparagraph (a) immediately above (specifically, private psychiatric hospitals, chronic disease hospitals, and general or children’s general hospitals that are already paid at the third tier per diem rate for inpatient psychiatric beds), the add-on is 10% of the hospital’s applicable per diem rate. For each hospital, the add-on takes effect no earlier than the effective date of the hospital’s increased bed capacity and is paid only for each applicable calendar quarter (or June 2021) that the hospital continues to comply with all requirements for the add-on set forth above.
E.2.a. Payment increases are targeted based on the following criteria (cont’d)

2. **Rate Add-On for High Acuity**: Effective for dates of service from July 1, 2021 through November 30, 2021 or upon termination of the public health emergency, whichever comes first, each eligible hospital detailed above will be paid a 10% rate add-on to the hospital’s inpatient psychiatric/behavioral health per diem rate applicable to pediatric beds set forth in Attachment 4.19-A of the Medicaid State Plan for the pediatric inpatient psychiatric/behavioral health bed days provided to each child whose behavior demonstrates acuity that requires additional support on the inpatient unit and is sufficiently acute that it interferes with the therapeutic participation or milieu on the inpatient unit of the child or of other children based on the condition of the child. In order for the hospital to receive this add-on, the state or its agent must approve the hospital’s prior authorization request for this add-on which must include the hospital’s documentation that the specified bed days meet the requirements set forth in this paragraph.
Section 7.4-A. Medicaid Disaster Relief for the COVID-19 National Emergency, Cont’d

b. Payments are increased through:
   i.   ___ A supplemental payment or add-on within applicable upper payment limits:
       
       Please describe.

   ___ An increase to rates as described below.

       Rates are increased:
       ___ Uniformly by the following percentage: ____________
       ___ Through a modification to published fee schedules –
           Effective date (enter date of change): _______________
           Location (list published location): ________________
       ___ Up to the Medicare payments for equivalent services.
       ___ By the following factors:

       Please describe.
       Private ICF/IIDs: Private ICF/IID rates will be increased by $49.10 per day (which is an average increase of 10%) for each facility effective from April 1, 2020 through June 30, 2020 or upon termination of the public health emergency, whichever comes first. Increases are for costs associated with the public health emergency, such as staffing and personal protective equipment (PPE), new costs related to screening of visitors, and cleaning and housekeeping supplies.

       Nursing Facilities: Increases are for costs associated with the public health emergency, such as staffing and PPE. Nursing facility rates are increased by:
       (1) 10% for all homes effective from March 1, 2020 through April 30, 2020.
       (2) 5% for all homes effective from January 1, 2021 through February 28, 2021.
       (3) 10% for all homes effective from March 1, 2021 through March 31, 2021.
       (4) 5% for all homes effective from April 1, 2021 through June 30, 2021.

       Home Health Aide Services: The rates for home health aide services provided by home health agencies (codes T1004 and T1021) are increased by 2.3% from September 1, 2020 through October 31, 2020.

       Chronic Disease Hospitals: The rates for freestanding chronic disease hospitals are increased by 2% from January 1, 2021 through February 28, 2021.

Payment for services delivered via telehealth:

TN: 21-0016  Approval Date: February 2, 2022
Supersedes TN: 21-0004  Effective Date: March 1, 2020
