RE: Connecticut 22-0018

Dear Commissioner Gifford:

We have reviewed the proposed amendment to Attachment 4.19-D of your Medicaid State plan submitted under transmittal number (TN) 22-0018. Effective April 1, 2022, this amendment proposes rate increases for nursing facility services. Specifically, it implements a 10 percent increase to base rates, and effective July 1, 2022 a benefit and pension per diem rate increase with a pool amount of $30.8 million.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30) and 1903(a) of the Social Security Act and the implementing Federal regulations at 42 CFR 447 Subpart C.

This is to inform you that Medicaid State plan amendment TN 22-0018 is approved effective April 1, 2022. The CMS-179 and the amended plan page(s) are attached.

If you have any additional questions or need further assistance, please contact Novena James-Hailey at (617) 565-1291 or Novena.JamesHailey@cms.hhs.gov.

Sincerely,

Rory Howe  
Director

Instructions on Back
Effective from April 1, 2022 through May 31, 2022, nursing facility rates will temporarily increase by 10%. This rate increase applies to the base rate in effect on June 30, 2021 and does not compound any other rate increases effective July 1, 2021.
Effective for dates of service from July 1, 2022 through June 30, 2023, within a total pool of $30.8 million, the state pays a targeted rate increase to nursing facility to the extent necessary to enable implementation of an enhanced employee health care and/or pension benefit. For each nursing facility that applies for and is approved for this rate increase, the state will calculate the specific rate increase amount as the allowable documented costs for increasing the nursing facilities’ health care and/or pension costs. If a facility receives a rate increase but does not provide enhanced health care and/or pension benefits, DSS may decrease the rate by the same amount as the rate increase. This per diem Medicaid rate add-on shall be determined as follows:

A. Each participating nursing facility shall submit to the commissioner a schedule of additional costs in the benefit categories listed below and the effective date of such benefit increases. These costs shall reflect new annualized costs incurred on or after July 1, 2022 for the following:
   1. Increase in health care benefits
   2. Increase in pension plan benefits

B. The Medicaid utilization rate shall be calculated by dividing the nursing facility’s Medicaid days by total days as reported on the facility’s 2021 cost report.

C. For each nursing facility, the costs identified for each item identified above shall be multiplied by item B to calculate the total allowable Medicaid costs.

D. For each nursing facility, each benefit component identified in item C shall be divided by the aggregate sum of all item C components for all nursing facilities.

E. For each nursing facility, the results of component item D shall be multiplied by the available benefit enhancement funding which totals $30,800,000.

F. The results of item E shall be divided by the facility's Medicaid days as reported on the facility’s 2021 cost report. This will result in the Medicaid benefit enhancement per diem rate increase. The rate increase related benefit increases will be effective July 1, 2022 and will based on the implementation date provided by the facility.

G. Verification procedures will be performed on benefit enhancements in cost year 2022, 2023 and 2024. If expenditure increases within the benefit categories listed in item A are less than the additional costs identified in item A, accounting for implementation date and pro-ration, the Medicaid per diem rate increase shall be adjusted downward, as necessary, to reflect the Medicaid pro-rata portion of the actual cost of benefit increases implemented in the fiscal year ending June 30, 2023.
