July 26, 2022

Sarah Fertig, State Medicaid Director Kansas Department of Health and Environment Division of Health Care Finance Landon State Office Building 900 SW Jackson, Suite 900 N Topeka, KS 66612-1220

Re: Kansas State Plan Amendment (SPA) 22-0014

Dear Ms. Fertig:

The Centers for Medicare & Medicaid Services (CMS) reviewed your Medicaid State Plan Amendment (SPA) submitted under transmittal number (TN) 22-0014. This amendment establishes coverage of Certified Community Behavioral Health Centers (CCBHCs) and reimbursement of CCBHC services in Kansas' Alternative Benefit Plan.

We conducted our review of your submittal according to statutory requirements in Title XIX of the Social Security Act and implementing regulations 42 CFR § 440 and 42 CFR § 447. This letter is to inform you that Kansas Medicaid SPA 22-0013 was approved on July 26, 2022, with an effective date of May 1, 2022.

If you have any questions, please contact Michala Walker at 816-426-6503 or via email at michala.walker@cms.hhs.gov.

Sincerely,

Ruth A. Hughes, Acting Director Division of Program Operations

Alternative Benefit Plan Cost-Sharing

Any cost sharing described in Attachment 4.18-A applies to the Alternative Benefit Plan.

Attachment 4.18-A may be revised to include cost sharing for ABP services that are not otherwise described in the state plan. Any such cost sharing must comply with Section 1916 of the Social Security Act.

The Alternative Benefit Plan for individuals with income over 100% FPL includes cost-sharing other than that described in Attachment 4.18-A.

Other Information Related to Cost Sharing Requirements (optional):

3. Participants, with the assistance of the assessor, and other significant persons if desired, develop an emergency back-up plan, document this plan on the Emergency Back-Up Plan form, and submit this to the Managed Care Organization (MCO) Case Manager for approval. The Emergency Back-up Plan is used to identify who will provide assistance in high-risk and emergency situations. MCO Case Managers review the Emergency Back-Up Plan to determine whether it includes the necessary safeguards, and either approves the plan, or returns it to the consumer and assessor with recommendations. Consumers, MCO Case Managers, Independent Living Counselors and State program staff maintain a copy of the Emergency Back-Up Plan and make it available as appropriate. 4. State program staff review the Needs Assessment, the Health Related form, the Emergency Back-Up Plan, the Consumer Agreement form and the Individualized Budget to assess whether they appear to meet the needs of the participant, that all information is complete, and that forms are signed by the participant or representative. 5. Assistive technology and home/vehicle modifications are available to participants who demonstrate a need for these for health and safety reasons. With the assistance of their IL Counselors, participants complete an Assistive Services Request Form, which is sent to their MCO Case Manager for approval. 6. Assessors, IL Counselors and MCO Case Managers are required to report any concerns regarding consumers living situations, emotional and physical abuse, neglect, exploitation and fiduciary abuse to KDHE and the Department of Children and Families (DCF). DCF is responsible for follow-up and investigation. B. The tools or instruments used to mitigate identified risks are described below. 1. The Needs Assessment tool is an assessment of functional limitations and is designed to identify support needs for Activities of Daily Living (ADL), Instrumental Activities of Daily Living (IADL), and Employment Supports. The Needs Assessment tool requires a face-to-face meeting, and discussion with participants/representatives and anyone else they choose to include in the process, such as Independent Living Counselors (ILCs), other family members, and friends. The program is developed to provide needed support and yet encourage as much independence as possible. The tool looks at the following for each ADL and IADL: o Can the member perform these tasks independently? o How much time does it require for the member to perform these tasks independently? o Does the member need assistance but currently use unpaid natural support to perform the task? o If natural support is currently used to accomplish these tasks, describe the nature of the natural support. o Is assistive technology or home modifications currently used, or needed, to increase independence? o If assistive technology is used or needed, describe the type of assistive technology or the home modifications. o Would personal assistance or assistive services reduce the amount of time? o How much personal assistance is needed, or what assistive technology is needed, to increase safety and independence. 2. The Health Related Information within the Needs Assessment tool includes an assessment of: o home and neighborhood safety o safety equipment such as carbon monoxide and smoke detectors o functionality of utilities o health and physical safety o egress safety, and o questions related to abuse, neglect and exploitation. Participants may use their monthly allocation to purchase safety equipment such as smoke and carbon monoxide detectors. The intent to purchase safety items are documented on the participant's Individualized Budget. 3. The Emergency Back-up Plan provides the following information: o who should be contacted in the event a personal assistant does not come o who to contact in the event of an emergency o contacts who will provide assistance in an emergency/natural disaster o contacts to care for service pet in the event of an emergency, and

o contact who is authorized to make decisions or sign documents.

Medicaid program and subsume an employer's responsibilities under Title I of the Americans with Disabilities Act (ADA), and the Kansas Act Against Discrimination. For any Home and Community Based Services benefits as permitted in 1915(i) in ABP5, the state assures that:

1. The service(s) are provided in settings that meet HCB setting requirements;

2. The service(s) meet the person-centered service planning requirements;

3. Individuals receiving these services meet the state-established needs-based criteria that are not related solely to age, disability, or diagnosis, and are less stringent than criteria for entry into institutions. Services can be accessed as needed, even if the individuals have needs that are below institutional level of care. The \$7500.00 annual limit may be exceeded based on medical necessity.

Provider Qualifications: Community organizations eligible to enroll as providers of Assistive Services must be providers of DME, orthotics and prosthetics or be one of the following: CDDO or CDDO Affiliate, CIL, or licensed Home Health Agency.

■ 7. Essential Health Benefit: Rehabilitative and habilitative services and devices

Collapse All

The state/territory assures that it is not imposing limits on habilitative services and devices that are more stringent than imits on rehabilitative services (45 CFR 156.115(a)(5)(ii)). Further, the state/territory understands that separate coverage limits must also be established for rehabilitative and habilitative services and devices. Combined rehabilitative and habilitative limits are allowed, if these limits can be exceeded based on medical necessity.

Service Delivery Systems

Provide detail on the type of delivery system(s) the state/territory will use for the Alternative Benefit Plan's benchmark benefit package or benchmark-equivalent benefit package, including any variation by the participants' geographic area.

Type of service delivery system(s) the state/territory will use for this Alternative Benefit Plan(s).

Select one or more service delivery systems:

Managed care.

Managed Care Organizations (MCO).

- Prepaid Inpatient Health Plans (PIHP).
- Prepaid Ambulatory Health Plans (PAHP).

Primary Care Case Management (PCCM).

Fee-for-service.

Other service delivery system.

Managed Care Options

Managed Care Assurance

✓ The state/territory certifies that it will comply with all applicable Medicaid laws and regulations, including but not limited to sections 1903(m), 1905(t), and 1932 of the Act and 42 CFR Part 438, in providing managed care services through this Alternative Benefit Plan. This includes the requirement for CMS approval of contracts and rates pursuant to 42 CFR 438.6.

Managed Care Implementation

Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts.

The State received approval to implement "KanCare", managed care for the majority of its Medicaid enrollees, including individuals enrolled in the Benchmark Benefit Plan WORK. KanCare was authorized by CMS under the 1115 authority, and began January 2013. Prior to submitting the 1115 waiver application, the Administration sought public input through an open process that included a Request for Information in February 2011, and an open-door policy with stakeholders and advocates. In the summer of 2011, the State of Kansas facilitated a Medicaid public input and stakeholder consultation process, during which more than 1,700 participants engaged in discussions on how to reform the Kansas Medicaid system. Participants produced more than 2,000 comments and recommendations for reform. After three public forums in Topeka, Wichita and Dodge City, web teleconferences were held with stakeholders representing Medicaid population groups and providers. The State also made an online comment tool available, and a fourth, wrap-up public forum was conducted in Overland Park in August 2011. The State carefully considered the input from this process and from meetings with advocates and provider associations. In November 2011, Kansas announced a comprehensive Medicaid reform plan that incorporated the themes that had emerged from the public process, including integrated, whole-person care; preserving and creating paths to independence; alternative access models; and enhancing community-based services. The State released a Request for Proposals (RFP) on November 8, 2011, and submitted to CMS a Section 1115 Demonstration Project proposal in the form of a concept paper on January 26, 2012. Advance notice of the Demonstration Project was distributed to tribal representatives, and an initial tribal consultation meeting with representatives of each tribal government was conducted on February 22, 2012. Statewide educational tours where stakeholders provided additional input were conducted from August 2012 through February 2013. In addition, weekly "Rapid Response" calls were held with consumers, providers and other stakeholders from January through June 2013 in order to address concerns as quickly as possible.

OMB Control Number: 09381148

ABP8

hment 3.1-L-	

MCO: Managed Care Organization

The managed care delivery system is the same as an already approved managed care program.

The managed care program is operating under (select one):

○ Section 1915(a) voluntary managed care program.

○ Section 1915(b) managed care waiver.

○ Section 1932(a) mandatory managed care state plan amendment.

• Section 1115 demonstration.

C Section 1937 Alternative (Benchmark) Benefit Plan state plan amendment.

Identify the date the managed care program was approved by CMS:

Describe program below:

KanCare is delivering whole-person, integrated care to more than 360,000 consumers across the state. Kansas has contracts with three health plans, or managed care organizations (MCOs), to coordinate health care for nearly all Medicaid beneficiaries. The Kansas Department of Health and Environment (KDHE) and the Kansas Department for Aging and Disability Services (KDADS) administers KanCare within the State of Kansas. KDHE maintains financial management and contract oversight of the KanCare program while KDADS administers the Medicaid waiver programs for disability services, mental health and substance abuse, as well as operates the state hospitals and institutions. Each Medicaid consumer has a choice at application for benefits regarding from which MCO they want to receive services. If they do not choose at application, they will be randomly assigned to an MCO. Consumers in KanCare receive all the same services provided under the previous Medicaid delivery system, plus additional services. However the inclusion of services provided through the Home and Community Based Services waiver for consumers with intellectual or developmental disabilities (I/DD) was delayed for one year and became part of KanCare on January 1, 2014. In addition to the services that were available to Medicaid consumer prior to 2013, the three health plans offer new services to their members, such as preventive dental care for adults, heart/lung transplants and bariatric surgery. Consumers have the option during open enrollment season once a year to change to a different KanCare health plan if they prefer to do so. The open season corresponds with their anniversary month of enrollment in the program. All pre-2013 Medicaid services are provided through the KanCare health plans. These include physical health services such as doctor appointments and hospital visits, behavioral health services, dental and vision care, pharmacy, transportation, and nursing facility care. All the services offered through the State's Home and Community Based Services waivers are part of KanCare (with the exception of the previously noted waiver services for people with I/DD, which became part of KanCare February 1, 2014). The KS Medicaid Buy-In program, Working Healthy, and the supplemental Benchmark Benefit WORK, are also in KanCare. KanCare health plans are required to coordinate all of the different types of care a consumer receives. The goals of the KanCare program are to improve overall health outcomes while slowing the rate of cost growth over time. This will be accomplished by providing the right care, in the right amount, in the right setting, at the right time. The health plans focus on ensuring that consumers receive the preventive services and screenings they need and ongoing help with managing chronic conditions.

January 1, 2013

The Alternative Benefit Plan will be provided through primary care case management (PCCM) consistent with applicable managed care requirements (42 CFR Part 438, section 1903(m) of the Social Security Act, and section 1932 of the Social Security Act).

#type# Procurement or Selection Method

Indicate the method used to select #type#s:

• Competitive procurement method (RFP, RFA).

Other procurement/selection method.

Transmittal Number: KS-22-0014 Approval Date: July 26, 2022 Supersedes Transmittal Number: KS-22-0010 Effective Date: May 1, 2022

Yes

Describe the method used by the state/territory to procure or select the MCOs:
Other MCO-Based Service Delivery System Characteristics
One or more of the Alternative Benefit Plan benefits or services will be provided apart from the managed care organization.
MCO service delivery is provided on less than a statewide basis. No
#type# Participation Exclusions
Individuals are excluded from MCO participation in the Alternative Benefit Plan: No
General #type# Participation Requirements
Indicate if participation in the managed care is mandatory or voluntary:
Mandatory participation.
○ Voluntary participation. Indicate the method for effectuating enrollment:
Describe method of enrollment in MCOs:
Participants are defaulted to an MCO, but given 90 days to make a change. Yearly, during the open enrollment process, participants are given 90 days to make a new MCO choice or to remain with the current MCO. Participants are also able to change MCOs outside of Open Enrollment for a good cause reason as defined in 42 CFR 438(d)(2). Native Americans can opt out of Managed Care at any time.
Additional Information: #type# (Optional)
Provide any additional details regarding this service delivery system (optional):

Employer Sponsored Insurance and Payment of Premiums

The state/territory provides the Alternative Benefit Plan through the payment of employer sponsored insurance for participants with such coverage, with additional benefits and services provided through a Benchmark or Benchmark-Equivalent Benefit Package.

Provide a description of employer sponsored insurance, including the population covered, the amount of premium assistance by population, employer sponsored insurance activities including required contribution, cost-effectiveness test requirements, and benefit information:

The state assures that employer sponsored insurance (ESI) coverage is established in sections 3.2 and 4.22(h) of the state's approved Medicaid state plan. The beneficiary will receive a benefit package that includes a wrap of benefits around the employer sponsored insurance plan that equals the benefit package in the alternative benefits plan known as the KS Working Healthy/Work plan. The beneficiary will not be responsible for payment of premiums or other cost sharing that exceeds nominal levels as established at 42 CFR part 447 subpart A.

The state/territory otherwise provides for payment of premiums.

Other Information Regarding Employer Sponsored Insurance or Payment of Premiums:

General Assurances

Economy and Efficiency of Plans

 \checkmark The state/territory assures that Alternative Benefit Plan coverage is provided in accordance with Federal upper payment limit requirements and other economy and efficiency principles that would otherwise be applicable to the services or delivery system through which the coverage and benefits are obtained.

Economy and efficiency will be achieved using the same approach as used for Medicaid state plan services.

Compliance with the Law

- The state/territory will continue to comply with all other provisions of the Social Security Act in the administration of the state/territory plan under this title.
- CFR 430.2 and 42 CFR 440.347(e).
- ✓ The state/territory assures that all providers of Alternative Benefit Plan benefits shall meet the provider qualification requirements of the Base Benchmark Plan and/or the Medicaid state plan.
