Krista Fremming
Interim Director
Medical Services Division
North Dakota Department of Health and Human Services
600 East Boulevard Avenue Dept 325
Bismarck, ND 58505-0250

Re: North Dakota State Plan Amendment (SPA) 25-0025

Dear Director Fremming:

The Centers for Medicare & Medicaid Services (CMS) reviewed your Medicaid State Plan Amendment (SPA) submitted under transmittal number (TN) 25-0025. This amendment proposes coverage for Community Health Worker services.

We conducted our review of your submittal according to statutory requirements in section 1905(a)(13) of the Social Security Act and CFR 440.130(c). This letter informs you that North Dakota's Medicaid SPA TN 25-0025 was approved on January 21, 2026, with an effective date of October 1, 2025.

Enclosed are copies of Form CMS-179 and approved SPA pages to be incorporated into the North Dakota's State Plan.

If you have any questions, please contact Tyson Christensen at (816) 426-6440 or via email at Tyson.Christensen@cms.hhs.gov.

Sincerely,

Wendy E. Hill Petras
Acting Director, Division of Program Operations

22. REMARKS

13.c Preventive Services

North Dakota Medicaid assures coverage for approved adult vaccines recommended by the Advisory Committee on Immunization Practices (ACIP) and the vaccine administration. North Dakota Medicaid also assures that changes to ACIP recommendations will be incorporated into coverage and billing codes as necessary.

Community Health Workers

Coverage of community health workers (CHWs) is added as a preventive service as defined in 1905(a)(13) of the Act and 42 CFR 440.130(c). CHWs are frontline public health workers who serve as liaisons, links or intermediaries between ND Medicaid individuals and health care and social service systems. CHWs can help engage individuals with necessary care and increase individual health knowledge/literacy and self-sufficiency resulting in healthier individuals.

This includes teaching individuals how to effectively self-manage their chronic condition or delay development of a chronic condition.

The following component services are covered when performed by CHWs to prevent disease, disability, and other health conditions or their progression; to prolong life; and to promote physical and mental health and efficiency within the scope of their practice:

- Health system navigation and resource coordination includes:
 - Helping to engage, re-engage, or ensure member-led follow-up in primary care, routine, preventive care, adherence to treatment plans, and/or self-management of chronic conditions, including assisting beneficiaries to access covered services and other community resources necessary to promote health, address health care barriers, and health-related social needs.
- Health promotion and coaching:
 - Providing information and training to members that enables them to make positive contributions to their health status, such as screening for health-related social needs, setting goals and creating an action plan, and providing information and/or coaching.
- Health education and training:
 - Training and/or increasing the member's awareness of methods and measures that have been proven effective in avoiding illness and/or lessening its effects. The content of education must be consistent with established or recognized healthcare standards.

Community health workers must be certified by the North Dakota Department of Health and Human Services by meeting the requirements as outlined in North Dakota Administrative Code.

State: North Dakota

Attachment to Page 6 of
Attachment 3.1-A
Page 2

CHW services must be recommended by a physician or Other Licensed Practitioner within their scope of practice according to state law. A referring practitioner may establish a standing order or protocol for recommending CHW services.
