Concord, NH 03301

RE: New Hampshire’s Initial 1915(i) Home and Community-Based Services (HCBS) State Plan Benefit TN #21-0027 for Supportive Housing

Dear Commissioner Shabinette:

The Centers for Medicare & Medicaid Services (CMS) is approving the state’s request to amend its state plan to add a new 1915(i) HCBS benefit with transmittal number 21-0027. The effective date for this 1915(i) benefit is July 1, 2022. Enclosed is a copy of the approved state plan amendment (SPA).

Since the state has elected to target the population who can receive §1915(i) State Plan HCBS, CMS approves this SPA for a five-year period expiring June, 30, 2027, in accordance with §1915(i)(7) of the Social Security Act. To renew the §1915(i) State Plan HCBS benefit for an additional five-year period, the state must submit a renewal application to CMS at least 180 days prior to the end of the approval period. CMS approval of a renewal request is contingent upon state adherence to federal requirements and the state meeting its objectives with respect to quality improvement and beneficiary outcomes.

Per 42 CFR §441.745(a)(i), the state will annually provide CMS with the projected number of individuals to be enrolled in the benefit and the actual number of unduplicated individuals enrolled in the §1915(i) State Plan HCBS in the previous year. Additionally, at least 21 months prior to the end of the five-year approval period, the state must submit evidence of the state’s quality monitoring in accordance with the Quality Improvement Strategy in their approved state plan amendment. The evidence must include data analysis, findings, remediation, and describe any system improvement for each of the §1915(i) requirements.

CMS reminds the state that the state must have an approved spending plan in order to use the money realized from section 9817 of the ARP. Approval of this action does not constitute approval of the state’s spending plan.
It is important to note that CMS approval of this new 1915(i) HCBS state plan benefit solely addresses the state’s compliance with the applicable Medicaid authorities. CMS approval does not address the state’s independent and separate obligations under federal laws including, but not limited to, the Americans with Disabilities Act, § 504 of the Rehabilitation Act, or the Supreme Court’s Olmstead decision. Guidance from the Department of Justice concerning compliance with the Americans with Disabilities Act and the Olmstead decision is available at http://www.ada.gov/olmstead/q&a_olmstead.htm.

If you have any questions concerning this information, please contact me at (410) 786-7561. You may also contact Christopher Semidey at Christopher.Semidey@cms.hhs.gov or (212) 616-2328.

Sincerely,

George P. Failla, Jr., Director
Division of HCBS Operations and Oversight

23. REMARKS:
    Pen & Ink changes made to boxes 4, 8 & 9, approved by the state on 6/30/22
1915(i) State plan Home and Community-Based Services

The state implements the optional 1915(i) State plan Home and Community-Based Services (HCBS) benefit for elderly and disabled individuals as set forth below.

1. Services. (Specify the state’s service title(s) for the HCBS defined under “Services” and listed in Attachment 4.19-B):
   - Housing Stabilization Services - Transition
   - Housing Stabilization Services - Sustaining
   - Housing Consultation Services

2. Concurrent Operation with Other Programs. (Indicate whether this benefit will operate concurrently with another Medicaid authority):

   Select one:
   - ☐ Not applicable
   - ☑ Applicable

Check the applicable authority or authorities:

☐ Services furnished under the provisions of §1915(a)(1)(a) of the Act. The State contracts with a Managed Care Organization(s) (MCOs) and/or prepaid inpatient health plan(s) (PIHP) or prepaid ambulatory health plan(s) (PAHP) under the provisions of §1915(a)(1) of the Act for the delivery of 1915(i) State plan HCBS. Participants may voluntarily elect to receive waiver and other services through such MCOs or prepaid health plans. Contracts with these health plans are on file at the State Medicaid agency. Specify:
   (a) the MCOs and/or health plans that furnish services under the provisions of §1915(a)(1);
   (b) the geographic areas served by these plans;
   (c) the specific 1915(i) State plan HCBS furnished by these plans;
   (d) how payments are made to the health plans; and
   (e) whether the 1915(a) contract has been submitted or previously approved.

☐ Waiver(s) authorized under §1915(b) of the Act.
Specify the §1915(b) waiver program and indicate whether a §1915(b) waiver application has been submitted or previously approved:

Specify the §1915(b) authorities under which this program operates (check each that applies):

☐ §1915(b)(1) (mandated enrollment to managed care)
☐ §1915(b)(3) (employ cost savings to furnish additional services)
3. **State Medicaid Agency (SMA) Line of Authority for Operating the State plan HCBS Benefit.**

   (Select one):
   - ☑️ The State plan HCBS benefit is operated by the SMA. Specify the SMA division/unit that has line authority for the operation of the program *(select one)*:
     - The Medical Assistance Unit *(name of unit)*:
   - ☑️ Another division/unit within the SMA that is separate from the Medical Assistance Unit *(name of division/unit)*:
     - This includes administrations/divisions under the umbrella agency that have been identified as the Single State Medicaid Agency.
     - NH Department of Health and Human Services (DHHS)
     - Division of Economic and Housing Stability
     - Bureau of Housing Supports
   - ☑️ The State plan HCBS benefit is operated by *(name of agency)*:

4. **Distribution of State plan HCBS Operational and Administrative Functions.**

   *(By checking this box the state assures that)*: When the Medicaid agency does not directly conduct an administrative function, it supervises the performance of the function and establishes and/or approves
policies that affect the function. All functions not performed directly by the Medicaid agency must be delegated in writing and monitored by the Medicaid Agency. When a function is performed by an agency/entity other than the Medicaid agency, the agency/entity performing that function does not substitute its own judgment for that of the Medicaid agency with respect to the application of policies, rules and regulations. Furthermore, the Medicaid Agency assures that it maintains accountability for the performance of any operational, contractual, or local regional entities. In the following table, specify the entity or entities that have responsibility for conducting each of the operational and administrative functions listed (check each that applies):

<table>

(Specify, as numbered above, the agencies/entities (other than the SMA) that perform each function):

(By checking the following boxes the State assures that):

5. ☐ Conflict of Interest Standards. The state assures the independence of persons performing evaluations, assessments, and plans of care. Written conflict of interest standards ensure, at a minimum, that persons performing these functions are not:
related by blood or marriage to the individual, or any paid caregiver of the individual
- financially responsible for the individual
- empowered to make financial or health-related decisions on behalf of the individual
- providers of State plan HCBS for the individual, or those who have interest in or are employed by a provider of State plan HCBS; except, at the option of the state, when providers are given responsibility to perform assessments and plans of care because such individuals are the only willing and qualified entity in a geographic area, and the state devises conflict of interest protections. *(If the state chooses this option, specify the conflict of interest protections the state will implement):*
6. **Fair Hearings and Appeals.** The state assures that individuals have opportunities for fair hearings and appeals in accordance with 42 CFR 431 Subpart E.

7. **No FFP for Room and Board.** The state has methodology to prevent claims for Federal financial participation for room and board in State plan HCBS.

8. **Non-duplication of services.** State plan HCBS will not be provided to an individual at the same time as another service that is the same in nature and scope regardless of source, including Federal, state, local, and private entities. For habilitation services, the state includes within the record of each individual an explanation that these services do not include special education and related services defined in the Individuals with Disabilities Education Improvement Act of 2004 that otherwise are available to the individual through a local education agency, or vocational rehabilitation services that otherwise are available to the individual through a program funded under §110 of the Rehabilitation Act of 1973.

---

### Number Served

1. **Projected Number of Unduplicated Individuals To Be Served Annually.**

   *(Specify for year one. Years 2-5 optional):*

<table>
<thead>
<tr>
<th>Annual Period</th>
<th>From</th>
<th>To</th>
<th>Projected Number of Participants</th>

</tr>
<tr>
<td>Year 4</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Year 5</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
2. **Annual Reporting.** *(By checking this box the state agrees to):* annually report the actual number of unduplicated individuals served and the estimated number of individuals for the following year.

---

### Financial Eligibility

1. **Medicaid Eligible.** *(By checking this box the state assures that):* Individuals receiving State plan HCBS are included in an eligibility group that is covered under the State’s Medicaid Plan and have income that does not exceed 150% of the Federal Poverty Line (FPL). (This election does not include the optional categorically needy eligibility group specified at §1902(a)(10)(A)(ii)(XXII) of the Social Security Act. States that want to adopt the §1902(a)(10)(A)(ii)(XXII) eligibility category make the election in Attachment 2.2-A of the state Medicaid plan.)

2. **Medically Needy (Select one):**

   - The State does not provide State plan HCBS to the medically needy.
   - The State provides State plan HCBS to the medically needy. *(Select one):*
     - The state elects to disregard the requirements section of 1902(a)(10)(C)(i)(III) of the Social Security Act relating to community income and resource rules for the medically needy. When a state makes this election, individuals who qualify as medically needy on the basis of this election receive only 1915(i) services.
     - The state does not elect to disregard the requirements at section 1902(a)(10)(C)(i)(III) of the Social Security Act.

### Evaluation/Reevaluation of Eligibility

1. **Responsibility for Performing Evaluations / Reevaluations.** Eligibility for the State plan HCBS benefit must be determined through an independent evaluation of each individual. Independent evaluations/reevaluations to determine whether applicants are eligible for the State plan HCBS benefit are performed *(Select one):*

   - Directly by the Medicaid agency
   - By Other *(specify State agency or entity under contract with the State Medicaid agency):*

2. **Qualifications of Individuals Performing Evaluation/Reevaluation.** The independent evaluation is performed by an agent that is independent and qualified. There are qualifications (that are reasonably related to performing evaluations) for the individual responsible for evaluation/reevaluation of needs based eligibility for State plan HCBS. *(Specify qualifications):*

   - The independent evaluation and reevaluation will be completed by DHHS. The individual(s) performing this function shall have the following minimum qualifications;
     - A bachelor’s degree in the social services or related field.
     - At least 2 years’ experience in the housing, mental health or social services field.
c. Demonstrates an understanding of the housing system, community-based services, and behavioral health system and its components.
d. Demonstrates an understanding of the complexity of co-occurring disorders and the impact this has on a person's housing stability.

3. Process for Performing Evaluation/Reevaluation. Describe the process for evaluating whether individuals meet the needs-based State plan HCBS eligibility criteria and any instrument(s) used to make this determination. If the reevaluation process differs from the evaluation process, describe the differences:

NH DHHS will evaluate eligibility and re-determination and perform the independent evaluation of needs based criteria. In order to determine eligibility of the needs-based State Plan HCBS eligibility criteria, NH DHHS staff will review the following information:
- Completed Coordinated Entry Housing Assessment tool (completed by Regional Access Point)
- Completed Housing Status Documentation:
  - Homeless- self certification signed by applicant and Regional Access Point
  - At-Risk of Homelessness- documentation of income, documentation of housing situation that would lead to homelessness without support
- Completed Disability Documentation:
  - Disability Verification Form which includes written diagnosis in addition to one of the following:
    - Written verification of the disability from a licensed professional;
    - Written verification from the Social Security Administration; or
    - The receipt of a disability check

During re-determination of eligibility, the completed initial Plan of Care will be reviewed, in addition to the following supporting documentation:
- Homeless- self certification signed by applicant and Regional Access Point
- At-Risk of Homelessness- documentation of income, documentation of housing situation that would lead to homelessness without support
- A letter from the 1915(i) supportive housing servicing provider with justification for ongoing services by demonstrating the household lacks sufficient resources and support networks necessary to retain housing without waived services.

4. Reevaluation Schedule. (By checking this box the state assures that): Needs-based eligibility reevaluations are conducted at least every twelve months.

5. Needs-based HCBS Eligibility Criteria. (By checking this box the state assures that): Needs-based criteria are used to evaluate and reevaluate whether an individual is eligible for State plan HCBS.

The criteria take into account the individual's support needs, and may include other risk factors. (Specify the needs-based criteria):
To be eligible for this 1915(i) benefit, an individual shall meet the following needs-based HCBS eligibility criteria:

1. Requires assistance with achieving and maintaining housing as a result of a disability or disabling condition, as indicated by a need for assistance with at least one of the following:
   a. Mobility;
   b. Decision-making;
   c. Maintaining healthy social relationships;
   d. Assistance with at least one basic need such as self-care, money management, bathing, changing clothes, toileting, getting food or preparing meals; or
   e. Managing challenging behaviors; and
2. Is experiencing housing instability as evidenced by one of the following risk factors:
   a. Is chronically homeless—an individual is considered chronically homeless if they are living in a place not meant for human habitation or a shelter, have been continuously homeless for at least one (1) year or on at least four (4) separate occasions in the last three (3) years;
   b. Is at risk of chronic homelessness—an individual is considered at risk of chronic homelessness if they are living in a place not meant for human habitation or a shelter, have been continuously homeless for less than one (1) year and less than four (4) separate occasions in the last three (3) years, lack sufficient resources and support networks to assist them in obtaining permanent housing; or
   c. Has a history of chronic homelessness—an individual is considered to have a history of chronic homelessness if they are currently housed, previously met the chronically homeless criteria, and are at risk of returning to homelessness without this 1915(i) benefit.

6. **Needs-based Institutional and Waiver Criteria.** *(By checking this box the state assures that):* There are needs-based criteria for receipt of institutional services and participation in certain waivers that are more stringent than the criteria above for receipt of State plan HCBS. If the state has revised institutional level of care to reflect more stringent needs-based criteria, individuals receiving institutional services and participating in certain waivers on the date that more stringent criteria become effective are exempt from the new criteria until such time as they no longer require that level of care. *(Complete chart below to summarize the needs-based criteria for State Plan HCBS and corresponding more-stringent criteria for each of the following institutions):*

<table>
<thead>
<tr>
<th>State plan HCBS needs-based eligibility criteria</th>
<th>NF (NF LOC waivers)</th>
<th>ICF/DD (ICF/DD LOC waivers)</th>
<th>Applicable Hospital* LOC (Hospital LOC waivers)</th>
</tr>
</thead>
</table>

---
To be eligible for this §1915(i) benefit, an individual shall meet the following needs-based HCBS eligibility criteria:
1. Requires assistance with achieving and maintaining housing as a result of a disability or disabling condition, as indicated by a need for assistance with at least one of the following:
   a. Mobility;
   b. Decision-making;
   c. Maintaining healthy social relationships;
   d. Assistance with at least one basic need such as self-care, money management, bathing, changing clothes, toileting, getting food or preparing meals; or
   e. Managing challenging behaviors; and
2. Experiencing housing instability as evidenced by one of the following risk factors:
   a. Is chronically homeless—an individual is considered chronically homeless if they are living in a place not meant for human habitation or a shelter, have been continuously homeless for at least one (1) year or on at least four (4) separate occasions in the last three (3) years;
   b. Is at risk of chronic homelessness—an individual is considered at risk of chronic homelessness if they are living in a place not meant

A person must meet one of the following categories of need:
- Dependency in two or more activities of daily living;
- Need the assistance of another person or constant supervision to begin and complete toileting, transferring, or positioning, and the assistance cannot be scheduled;
- Significant difficulty with memory, using information, daily decision making, or behavioral needs that require intervention;
- Need clinical monitoring at least once per day; or
- The person lives alone, or would live alone or be homeless without his or her current housing type, and meets one of the following:
  - Is at risk of maltreatment or neglect by another person, or is at risk of self-neglect;
  - Has had a fall resulting in a fracture within the last 12 months;
  - Has a sensory impairment

A person must meet all of the following:
- Need skilled assessment and intervention multiple times during a 24-hour period to maintain health and prevent deterioration of health status;
- Have both predictable health needs and the potential for changes in condition that could lead to rapid deterioration or life-threatening episodes;
- Require a 24-hour plan of care; and
- An inability to apply skills learned in one environment to a new environment,

A person must meet all of the following:
- In need of continuous active treatment and supervision to participate in life activities;
- Have a diagnosis of intellectual or developmental disability, or a related condition;
- Require a 24-hour plan of care; and
- An inability to apply skills learned in one environment to a new environment;
for human habitation or a shelter, have been continuously homeless for less than one (1) year and less than four (4) separate occasions in the last three (3) years, lack sufficient resources and support networks to assist them in obtaining permanent housing; or c. Has a history of chronic homelessness – an individual is considered to have a history of chronic homelessness if they are currently housed, previously met the chronically homeless criteria, and is at risk of returning to homelessness without this 1915(i) benefit.

that substantially impacts functional ability and maintenance of a community residence.

*Long Term Care/Chronic Care Hospital

**LOC= level of care

7. **Target Group(s).** The state elects to target this 1915(i) State plan HCBS benefit to a specific population based on age, disability, diagnosis, and/or eligibility group. With this election, the state will operate this program for a period of 5 years. At least 90 days prior to the end of this 5 year period, the state may request CMS renewal of this benefit for additional 5-year terms in accordance with 1915(i)(7)(C) and 42 CFR 441.710(e)(2). *(Specify target group(s)): \**
Individuals enrolled in this 1915(i) benefit program shall be:
1. 18 years of age and older; and
2. Have a documented disability or disabling condition, as defined below:
   i. Disability means the term as defined at 42 U.S.C. § 416(i), except that the required minimum
duration of the impairment shall be 48 months.
   ii. Disabling condition means an injury, substance use disorder, mental health condition,
or illness, as diagnosed by a qualified health professional, that is expected to cause an
extended or long-term incapacitation but does not meet the definition of disability in
subsection (2)(i) above.

☐ Option for Phase-in of Services and Eligibility. If the state elects to target this 1915(i) State plan
HCBS benefit, it may limit the enrollment of individuals or the provision of services to enrolled individuals
in accordance with 1915(i)(7)(B)(ii) and 42 CFR 441.745(a)(2)(ii) based upon criteria described in a phase-
in plan, subject to CMS approval. At a minimum, the phase-in plan must describe: (1) the criteria used to
limit enrollment or service delivery; (2) the rationale for phasing-in services and/or eligibility; and (3)
timelines and benchmarks to ensure that the benefit is available statewide to all eligible individuals within
the initial 5-year approval. (Specify the phase-in plan):

(By checking the following box the State assures that):

8. ☐ Adjustment Authority. The state will notify CMS and the public at least 60 days before exercising
the option to modify needs-based eligibility criteria in accord with 1915(i)(1)(D)(ii).

9. Reasonable Indication of Need for Services. In order for an individual to be determined to need the
1915(i) State plan HCBS benefit, an individual must require: (a) the provision of at least one 1915(i)
service, as documented in the person-centered service plan, and (b) the provision of 1915(i) services at
least monthly or, if the need for services is less than monthly, the participant requires regular monthly
monitoring which must be documented in the person-centered service plan. Specify the state’s policies
concerning the reasonable indication of the need for 1915(i) State plan HCBS:

<table>
<thead>
<tr>
<th></th>
<th>Minimum number of services.</th>
</tr>
</thead>
</table>
| i. | The minimum number of 1915(i) State plan services (one or more) that an individual must require
in order to be determined to need the 1915(i) State plan HCBS benefit is: |
|   | One |

<table>
<thead>
<tr>
<th></th>
<th>Frequency of services. The state requires (select one):</th>
</tr>
</thead>
<tbody>
<tr>
<td>i.</td>
<td>The provision of 1915(i) services at least monthly</td>
</tr>
</tbody>
</table>
(By checking the following box the State assures that):

1. **Home and Community-Based Settings.** The State plan HCBS benefit will be furnished to individuals who reside and receive HCBS in their home or in the community, not in an institution. (Explain how residential and non-residential settings in this SPA comply with Federal home and community-based settings requirements at 42 CFR 441.710(a)(1)-(2) and associated CMS guidance. Include a description of the settings where individuals will reside and where individuals will receive HCBS, and how these settings meet the Federal home and community-based settings requirements, at the time of submission and in the future):

(Note: In the Quality Improvement Strategy (QIS) portion of this SPA, the state will be prompted to include how the state Medicaid agency will monitor to ensure that all settings meet federal home and community-based settings requirements, at the time of this submission and ongoing.)
These 1915(i) services are provided to recipients living in their own home where the recipient controls the services they receive and who provides them.

An eligible household means individuals living together who meet Medicaid eligibility when needs, income, and/or resources are combined together, in addition to meeting the HCBS Supportive Housing criteria in section 5. Household composition is determined by the adult members of the group living together that intends to apply for benefits.

These 1915(i) services are individualized, provided in the community or the recipient’s own home, and allow full access to the broader community according to individual needs and preferences.
Person-Centered Planning & Service Delivery

(By checking the following boxes the state assures that):

1. X There is an independent assessment of individuals determined to be eligible for the State plan HCBS benefit. The assessment meets federal requirements at 42 CFR §441.720.

2. X Based on the independent assessment, there is a person-centered service plan for each individual determined to be eligible for the State plan HCBS benefit. The person-centered service plan is developed using a person-centered service planning process in accordance with 42 CFR §441.725(a), and the written person-centered service plan meets federal requirements at 42 CFR §441.725(b).

3. X The person-centered service plan is reviewed, and revised upon reassessment of functional need as required under 42 CFR §441.720, at least every 12 months, when the individual’s circumstances or needs change significantly, and at the request of the individual.

4. Responsibility for Face-to-Face Assessment of an Individual’s Support Needs and Capabilities. There are educational/professional qualifications (that are reasonably related to performing assessments) of the individuals who will be responsible for conducting the independent assessment, including specific training in assessment of individuals with need for HCBS. (Specify qualifications):
Community Based Housing Navigators will be responsible for conducting a face-to-face assessment of an individual’s support needs and capabilities. Housing Navigators are employed by the Regional Access Points (RAP) and have met all the requirements of being a housing navigator. Housing Navigators may assist applicants with gathering the necessary documentation needed to complete formal housing applications. Families, individuals, youth, and people experiencing chronic homelessness who require navigation support and are not already linked to an Outreach Worker or Case Manager able to provide this level of support will be matched to a Housing System Navigator as capacity allows.

Housing Navigators employed by the RAP must demonstrate the following:

**Education:**
- Bachelor’s degree from a recognized college or university with major study in social work, sociology, psychology, counseling, nursing or a related field; or
- A high school diploma or equivalency; and
  - a. Was a participant in, or is a direct caregiver, or was a direct caregiver of an individual who has lived experience in the homeless services system; and
  - b. Meets the training requirements for housing navigator.

**Experience:**
- Two years of professional experience providing direct service to individuals, youth, or families experiencing homelessness in social work, psychology, human services, counseling, mental health or equivalent.

**License/Certification:**
- Valid State driver’s license and/or access to transportation with liability coverage as required by state laws for travel throughout the State of NH.

Upon hire, housing navigators must complete the required trainings within one year of hire date, including, but not limited to:
- Orientation
- Regional Access Point training
- Case Conferencing training
- Coordinated Entry System training.

---

5. **Responsibility for Development of Person-Centered Service Plan.** There are qualifications (that are reasonably related to developing service plans) for persons responsible for the development of the individualized, person-centered service plan. *(Specify qualifications):*

- For recipients receiving Medicaid-funded case management, the recipient’s case manager will be responsible for the development of the person-centered service plan. If the recipient does not already have an assigned case manager, one will be assigned by the Housing Navigator during the Plan of Care creation.

- Assigned case managers are responsible to respond to the range of the participant’s needs, including acting as the primary contact for applicants, which includes providing proactive help to facilitate applicants applying for assistance or accessing services from other providers.

- Once a participant has been assigned a case manager, the identified case manager should provide services to include support for the following:
6. **Supporting the Participant in Development of Person-Centered Service Plan.** Supports and information are made available to the participant (and/or the additional parties specified, as appropriate) to direct and be actively engaged in the person-centered service plan development process. *(Specify: (a) the supports and information made available, and (b) the participant’s authority to determine who is included in the process):

- Development of an individualized housing stability plan;
- Close work with housing providers regarding eligibility documentation/verification;
- Follow-up on referrals to housing to support enrollment;
- Completion of housing applications;
- Assistance with submitting rental applications and understanding leases;
- Housing search and placement, sometimes in conjunction with local Landlord Liaisons;
- Education and training on the role, rights and responsibilities of the tenant and landlord;
- Finding resources to support move-in (security deposit, moving costs, furnishings, other one-time costs);
- Ensuring living environment is safe and ready for move in (facilitate inspections);
- Assistance in arranging for/supporting move (set-up utilities, moving arrangements, etc.);
- Work to address barriers to housing admissions (e.g., criminal record, credit report, utility arrears, and unfavorable references).

Servicing case managers must demonstrate the following:

**Education:**

i. Bachelor’s degree from a recognized college or university with major study in social work, sociology, psychology, counseling, nursing or a related field; or

ii. A high school diploma or equivalency; and

a. Was a participant in, or is a direct caregiver, or was a direct caregiver of an individual who has lived experience in the homeless services system; and

b. Meets the training requirements for case management.

**Experience:**

i. Two years of professional experience providing direct service to individuals, youth, or families experiencing homelessness in social work, psychology, human services, counseling, mental health or equivalent.

**License/Certification:**

i. Valid State driver’s license and/or access to transportation with liability coverage as required by state laws for travel throughout the State of NH.
Every person experiencing homelessness should be treated with dignity, offered at least minimal assistance, and participate in their own person-centered service plan development. Individuals, youth and families should be provided with ongoing opportunities for participation in the development, oversight, and evaluation of coordinated assessment and the Coordinated Entry System (CES). Beneficiaries would be provided opportunities for ongoing participation through regularly scheduled follow-up sessions between assigned case manager and beneficiary. Beneficiaries would be provided information regarding these opportunities and the opportunity for outreach outside of sessions as needed during the Person-Centered Service Plan creation period.

The Coordinated Assessment is the part of the Person-Centered Service plan that connects the beneficiary to the Coordinated Entry System which will assist the beneficiary in being connected with other potential supportive opportunities and funds. This is included as part of the Person-Centered Service Plan to ensure connection to available community resources while preventing duplication of services.

People should be offered person-centered choices and solutions whenever possible. Components of this approach include:

- Engaging recipients, their representatives and other people chosen by the recipient;
- Providing information necessary for the participant to make informed choices and decisions in order to direct the process to the maximum extent possible. This may include training, referral options, and relocation options if desired;
- Is timely and occurs at a time and location convenient to the participant;
- Reflects cultural considerations and is conducted by providing information in plain language and in a manner that is accessible to individuals with disabilities and persons who are limited English proficient;
- Offers choices to the participant regarding the services and supports they receive and from whom;
- Includes methods for updating the service delivery plan; and
- Records the alternative HCBS settings considered by the participant.
- Use of an assessment process developed using trauma-informed principles, which are based in part on an applicant’s strength, goals, risk, and protective factors;
- Use of tools and processes which are clearly explained and easily understood, provision for modifications to processes where needed for accessibility, and availability of interpretation, translation, and screening for applicants who are non-English speaking in order to provide a sustained focus on the provision of culturally and linguistically appropriate services;
- Provision of training for referral partners, assessment partners, and housing navigators regarding trauma-informed communication and minimization of risk and harm;
- Provision of choice to applicants regarding decisions such as location and type of housing, level and type of services, and other program characteristics, as well as assessment processes that provide options and recommendations that guide and inform applicant choice; and
- Clear and understandable referral protocols, which ensure that applicants will be able to easily understand to which program they are being referred, what the program expects of them, what they can expect of the program, and evidence of the program’s rate of success.

7. Informed Choice of Providers. (Describe how participants are assisted in obtaining information about and selecting from among qualified providers of the 1915(i) services in the person-centered service plan):
Case managers and providers of housing consultation services will assist the recipient in developing a person-centered plan by providing information regarding service options and choice of providers. Case managers and consultation service providers offer information regarding:

1) Service types that would meet the level of need and frequency of services required by the recipient and the location of services;

2) Enrolled service providers listed and, as needed, additional local providers qualified to deliver Housing Stabilization Services;

3) Provider capacity to meet assessed needs and preferences of the recipient, or to connect the recipient with a community partner if the provider does not provide the necessary service, or does not have immediate capacity.; and,

4) Other community resources or services necessary to meet the recipient's needs.

8. Process for Making Person-Centered Service Plan Subject to the Approval of the Medicaid Agency. (Describe the process by which the person-centered service is made subject to the approval of the Medicaid agency):

The State Medicaid Agency will review a sample of approved service plans annually to assess whether the needs of the participants are being addressed, identify best practices and quality improvement opportunities, and identify areas of technical assistance. Annual reviews will be incorporated into the annual Coordinated Entry System evaluation schedule, and will follow the standard followed by the Balance of State Continuum of Care, which reviews 25% of files for the given time period. Additional reviews will occur as needed to address issues of quality improvement that develop.

9. Maintenance of Person-Centered Service Plan Forms. Written copies or electronic facsimiles of service plans are maintained for a minimum period of 3 years as required by 45 CFR §74.53. Service plans are maintained by the following (check each that applies):

## Services

1. State plan HCBS. (Complete the following table for each service. Copy table as needed):

**Service Specifications** (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):

<table>
<thead>
<tr>
<th>Service Title:</th>
<th>Housing Stabilization Service - Transition</th>
</tr>
</thead>
</table>

| Service Definition (Scope): | |
|-----------------------------| |
Community supports that assist individuals to plan for, find, and move to homes of their own in the community including:

- Supporting the person in applying for benefits to afford their housing
- Identifying services and benefits that will support the person with housing instability
- Assisting the person with the housing search and application process
- Assisting the person with tenant screening and housing assessments
- Helping a person understand and develop a budget
- Helping recipients understand and negotiate a lease
- Helping the recipient meet and build a relationship with a prospective landlord
- Identifying resources to cover moving expenses
- Helping the person arrange deposits
- Ensuring the new living arrangement is safe and ready for move-in
- Remote support when required to ensure their housing transition
- Helping a person organize their move

Remote support means a real-time, two-way communication between the provider and the participant. The service meets intermittent or unscheduled needs for support for when a participant needs it to live and work in the most integrated setting, supplementing in-person service delivery. Remote support is limited to check-ins and consultations within the scope of housing stabilization services. Remote support may be utilized when it is chosen by the participant and approved in the service plan as a method of service delivery. To meet the real-time, two-way exchange definition, remote support includes the following methods: telephone and secure video conferencing. All transmitted electronic written messages must be retrievable for the review. Providers must document the staff who delivered services, the date of service, the start and end time of service delivery, length of time of service delivery, method of contact, and place of service (i.e. office or community) when remote support service delivery occurs. At the beginning of all remote support telephone or video calls, the participant will be asked their physical location and phone number in the event that either the call is dropped, or an emergency occurs and the provider needs to call emergency services. All services delivered via telehealth shall comply with all applicable state and federal law or regulation as allowed by the Medicaid program, and shall be reviewed and approved by the NH HIPAA compliance officer. Any conflict with the provisions of this section and federal law or regulation shall preempt and supersede any provision of this section.

Telehealth service delivery will facilitate community integration through support with referrals and connections to community resources. This can be done via telephone or video conference. Telehealth will ensure successful delivery of services for individuals that need hands-on assistance/physical assistance through ensuring those in-person supports are available either during telehealth session through the support of a pre-established support or assisting in establishing additional supports in the community. In-person support will also be offered by case managers functioning under the current benefit following the telehealth session when needed. Providers administering the service will provide any assistance needed with using technology for telehealth delivery of services. The assistance available will range from providing instructions on how to use available technology at home to providing connection to a community resource for access to technology needed for telehealth delivery of the service. Those who do not have the necessary technology nor are able to utilize community resource for access to technology will be offered the in-person option for service. Telehealth will ensure health and safety of an individual through targeted interview questions asking the individual for
this information. If the individual reports lack of health and safety, providers will call local emergency resource together with the individual. Transition services do not cover:

- Deposits
- Food
- Furnishings
- Rent
- Utilities
- Room and board
- Moving expenses

Transition services cannot duplicate other services or assistance available to the person.
Specify limits (if any) on the amount, duration, or scope of this service. Per 42 CFR Section 440.240, services available to any categorically needy recipient cannot be less in amount, duration and scope than those services available to a medically needy recipient, and services must be equal for any individual within a group. States must also separately address standard state plan service questions related to sufficiency of services.

(Choose each that applies):

X Categorically needy (specify limits):

**Housing Stabilization - Transition services** are limited to 150 hours per transition. Additional hours beyond this threshold may be authorized by DHHS.

Recipients must be planning to transition from their current setting to a new home in a community-based setting. These services may be provided in a non-compliant setting if the person will be moving into a setting that is HCBS compliant at move-in. This service will only be provided to individuals transitioning to a less restrictive setting, and for individuals transitioning from provider-operated settings, the service is only provided to those transitioning to a private residence where the individual will be directly responsible for his or her own living expense. For persons residing in an institutional setting, services may be furnished no more than 180 consecutive days prior to discharge and providers may not bill for services until the recipient has transitioned to a community-based setting.

Transition services are not covered when a recipient is concurrently receiving sustaining services.

Limitations applicable to remote support service delivery of housing stabilization services:
- Remote support shall be limited to one hour per month for all housing stabilization services in a calendar month. Requests for additional time will be reviewed by DHHS.
- Providers may not:
  - Bill direct support delivered remotely when the exchange between the service participant and the provider is social in nature;
  - Bill direct support delivered remotely when real-time, two-way communication does not occur;
  - Bill for the use of Global Positioning System (GPS), Personal Emergency Response System (PERS) and video surveillance to provide remote check-ins or consultative supports.

An example of an exchange between the service participant and the provider being social in nature would be: the service participant and provider saw each other while out in the community outside of designated time working together on housing goals, and a verbal exchange/interaction took place.

X Medically needy (specify limits):
**Housing Stabilization - Transition services** are set to a standard of 150 hours per transition. Additional hours beyond this threshold may be authorized by DHHS.

Recipient must be planning to transition from their current setting to a new home in a community-based setting. These services may be provided in a non-compliant setting if the person will be moving into a setting that is HCBS compliant at move in. For persons residing in an institutional setting, services may be furnished no more than 180 consecutive days prior to discharge and providers may not bill for services until the recipient has transitioned to a community-based setting. Providers must develop policies and procedures that shall be authorized by the State Medicaid Agency that ensure safeguards are in place to ensure providers do not bill for services until the recipient has transitioned. The State Medicaid Agency will confirm in MMIS that duplicate services are not being billed prior to authorizing payment. Annual reviews of financial records will take place during annual monitoring.

Transition services are not covered when a recipient is concurrently receiving sustaining services.

Limitations applicable to remote support service delivery of housing stabilization service:
Remote support shall be limited to one hour per month for all housing stabilization services in a calendar month. Requests for additional time will be reviewed by DHHS.

- Providers may not:
  - Bill direct support delivered remotely when the exchange between the service participant and the provider is social in nature;
  - Bill direct support delivered remotely when real-time, two-way communication does not occur;
  - Bill for the use of Global Positioning System (GPS), Personal Emergency Response System (PERS) and video surveillance to provide remote check-ins or consultative supports.

An example of an exchange between the service participant and the provider being social in nature would be: the service participant and provider saw each other while out in the community outside of designated time working together on housing goals, and a verbal exchange/interaction took place.

  - X  
  - Provider managed

**Service Specifications (Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover):**

| Service Title: | Housing Stabilization Service - Sustaining |

**Service Definition (Scope):**

Community supports that assist an individual to maintain living in their own home in the community including:

- Developing, updating and modifying the housing support and crisis plan on a regular basis. A regular basis means, at the time of any change in housing status and at a minimum on an annual basis.
- Prevention and early identification of behaviors that may jeopardize continued housing
- Education and training on roles, rights, and responsibilities of the tenant and property manager
- Coaching to develop and maintain key relationships with property managers and neighbors
- Advocacy with community resources to prevent eviction when housing is at risk
- Assistance with the housing recertification processes
- Continuing training on being a good tenant, lease compliance, and household management
- Supporting the person to apply for benefits to retain housing
- Supporting the person to understand and maintain income and benefits to retain housing
- Supporting the building of natural housing supports and resources in the community
- Remote support when required to help the person retain their housing

Remote support means real-time, two-way communication between the provider and the participant. The service meets intermittent or unscheduled needs for support for when a participant needs it to live and work in the most integrated setting, supplementing in-person service delivery. Remote support is limited to check-ins and consultations within the scope of housing stabilization services. Remote support may be utilized when it is chosen by the participant as a method of service delivery. To meet the real-time, two-way exchange definition, remote support includes the following methods: telephone and secure video conferencing. Providers must document the staff who delivered services, the date of service, the start and end time of service delivery, length of time of service delivery, method of contact, and place of service (i.e., office or community) when remote support service delivery occurs. At the beginning of all remote support telephone or video calls, the participant will be asked their physical location and phone number in the event that either the call is dropped, or an emergency occurs and the provider needs to call emergency services. Providers will ask recipients who else is present in the room prior to starting the conversation to ensure participant privacy. Providers will remind participants that sensitive activities including toileting, dressing, etc., should not be occurring during remote calls to ensure privacy. All services delivered via telehealth shall comply with all applicable state and federal law or regulation as allowed by the Medicaid program, and shall be reviewed and approved by the NH HIPAA compliance officer. Any conflict with the provisions of this section and federal law or regulation shall preempt and supersede any provision of this section. Telehealth service delivery will facilitate community integration through support with referrals and connections to community resources. This can be done via telephone or video conference. Telehealth will ensure successful delivery of services for individuals that need hands-on assistance/physical assistance through ensuring those in-person supports are available either during telehealth session through the support of a pre-established support or assisting in establishing additional supports in the community. In-person support will also be offered by case managers functioning under the current benefit following the telehealth session when needed. Providers administering the service will provide any assistance needed with using technology for telehealth delivery of services. The assistance available will range from providing instructions on how to use available technology at home to providing connection to a community resource for access to technology needed for telehealth delivery of the service. Those who do not have the necessary technology nor are able to utilize community resource for access to technology will be offered the in-person option for service. Telehealth will ensure health and safety of an individual through targeted interview questions asking the individual for this information. If the individual reports lack of health and safety, providers will call local emergency resource together with the individual.

Sustaining services do not include:
- Deposits
- Food
- Furnishings
- Rent
- Utilities
- Room and board
- Moving expenses

Sustaining services cannot duplicate other services or assistance available to the person.

Additional needs-based criteria for receiving the service, if applicable (specify):
Specify limits (if any) on the amount, duration, or scope of this service. ---

**Service Specifications** *(Specify a service title for the HCBS listed in Attachment 4.19-B that the state plans to cover)*:

- **Service Title**: Housing Consultation Services

**Service Definition (Scope):**

**Housing Consultation**: Annual planning services that are person-centered and assist an individual with the creation of the person-centered plan. This annual service is separate from the work of the case manager on Housing Stabilization services, though the case managers will conduct Housing Stabilization services based on the person-centered plan. Recipients may also receive referrals to other needed services and supports based on the person-centered plan. The consultant monitors and updates the plan annually or more frequently if the person requests a plan change or experiences a change in circumstance. This service shall be separate and distinct from all other services and shall not duplicate other services or assistance available to the participant. Housing consultation services may only be billed after approval of the plan by DHHS. System edits will be in place to prevent the payment of targeted case management services in the same month in which housing consultation services are billed.

**Additional needs-based criteria for receiving the service, if applicable (specify):**

---

**Specify limits (if any) on the amount, duration, or scope of this service. 2. Policies Concerning Payment for State plan HCBS Furnished by Relatives, Legally Responsible Individuals, and Legal Guardians. (By checking this box the state assures that): There are policies pertaining to payment the state makes to qualified persons furnishing State plan HCBS, who are relatives of the individual. There are additional policies and controls if the state makes payment to qualified legally responsible individuals or legal guardians who provide State Plan HCBS. (Specify (a) who may be paid to provide State plan HCBS; (b) the specific State plan HCBS that can be provided; (c) how the state ensures that the provision of services by such persons is in the best interest of the individual; (d) the state’s strategies for ongoing monitoring of services provided by such persons; (e) the controls to ensure that payments are made only for services rendered; and (f) if legally responsible individuals may provide personal care or similar services, the policies to determine and ensure that the services are extraordinary (over and above that which would ordinarily be provided by a legally responsible individual):

Participant-Direction of Services

Definition: Participant-direction means self-direction of services per §1915(i)(1)(G)(iii).

1. Election of Participant-Direction. (Select one):

X The state does not offer opportunity for participant-direction of State plan HCBS.

O Every participant in State plan HCBS (or the participant’s representative) is afforded the opportunity to elect to direct services. Alternate service delivery methods are available for participants who decide not to direct their services.

O Participants in State plan HCBS (or the participant’s representative) are afforded the opportunity to direct some or all of their services, subject to criteria specified by the state. (Specify criteria):

2. Description of Participant-Direction. (Provide an overview of the opportunities for participant direction under the State plan HCBS, including: (a) the nature of the opportunities afforded; (b) how participants may take advantage of these opportunities; (c) the entities that support individuals who direct their services and the supports that they provide; and, (d) other relevant information about the approach to participant-direction):
3. **Limited Implementation of Participant-Direction.** *(Participant direction is a mode of service delivery, not a Medicaid service, and so is not subject to statewideness requirements. Select one):*

- [ ] Participant direction is available in all geographic areas in which State plan HCBS are available.
- [ ] Participant-direction is available only to individuals who reside in the following geographic areas or political subdivisions of the state. Individuals who reside in these areas may elect self-directed service delivery options offered by the state, or may choose instead to receive comparable services through the benefit’s standard service delivery methods that are in effect in all geographic areas in which State plan HCBS are available. *(Specify the areas of the state affected by this option):*  

4. **Participant-Directed Services.** *(Indicate the State plan HCBS that may be participant-directed and the authority offered for each. Add lines as required):*

<table>
<thead>
<tr>
<th>Participant-Directed Service</th>
<th>Employer Authority</th>
<th>Budget Authority</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

5. **Financial Management.** *(Select one):*

- [x] Financial Management is not furnished. Standard Medicaid payment mechanisms are used.
- [ ] Financial Management is furnished as a Medicaid administrative activity necessary for administration of the Medicaid State plan.

6. **Participant-Directed Person-Centered Service Plan.** *(By checking this box the state assures that):*

Based on the independent assessment required under 42 CFR §441.720, the individualized person-centered service plan is developed jointly with the individual, meets federal requirements at 42 CFR §441.725, and:

- Specifies the State plan HCBS that the individual will be responsible for directing;
- Identifies the methods by which the individual will plan, direct or control services, including whether the individual will exercise authority over the employment of service providers and/or authority over expenditures from the individualized budget;
- Includes appropriate risk management techniques that explicitly recognize the roles and sharing of responsibilities in obtaining services in a self-directed manner and assures the appropriateness of this plan based upon the resources and support needs of the individual;
- Describes the process for facilitating voluntary and involuntary transition from self-direction including any circumstances under which transition out of self-direction is involuntary. There must be state procedures to ensure the continuity of services during the transition from self-direction to other service delivery methods; and
- Specifies the financial management supports to be provided.
7. **Voluntary and Involuntary Termination of Participant-Direct**on. *(Describe how the state facilitates an individual's transition from participant-direction, and specify any circumstances when transition is involuntary):*

---

### 8. Opportunities for Participant-Direct

#### a. Participant-Employer Authority (individual can select, manage, and dismiss State plan HCBS providers). *(Select one):

<table>
<thead>
<tr>
<th></th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>X</td>
<td>The state does not offer opportunity for participant-employer authority.</td>
</tr>
</tbody>
</table>

|   | Participants may elect participant-employer Authority *(Check each that applies)*: |

<table>
<thead>
<tr>
<th></th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Participant/Co-Employer. The participant (or the participant’s representative) functions as the co-employer (managing employer) of workers who provide waiver services. An agency is the common law employer of participant-selected/recruited staff and performs necessary payroll and human resources functions. Supports are available to assist the participant in conducting employer-related functions.</td>
</tr>
<tr>
<td></td>
<td>Participant/Common Law Employer. The participant (or the participant’s representative) is the common law employer of workers who provide waiver services. An IRS-approved Fiscal/Employer Agent functions as the participant’s agent in performing payroll and other employer responsibilities that are required by federal and state law. Supports are available to assist the participant in conducting employer-related functions.</td>
</tr>
</tbody>
</table>

#### b. Participant-Budget Authority (individual directs a budget that does not result in payment for medical assistance to the individual). *(Select one):**

<table>
<thead>
<tr>
<th></th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>X</td>
<td>The state does not offer opportunity for participants to direct a budget.</td>
</tr>
</tbody>
</table>

|   | Participants may elect Participant-Budget Authority. |

**Participant-Directed Budget.** *(Describe in detail the method(s) that are used to establish the amount of the budget over which the participant has authority, including the method for calculating the dollar values in the budget based on reliable costs and service utilization, is applied consistently to each participant, and is adjusted to reflect changes in individual assessments and service plans. Information about these method(s) must be made publicly available and included in the person-centered service plan.)*:

**Expenditure Safeguards.** *(Describe the safeguards that have been established for the timely prevention of the premature depletion of the participant-directed budget or to address potential service delivery problems that may be associated with budget underutilization and the entity (or entities) responsible for implementing these safeguards.)*: 

Quality Improvement Strategy

Quality Measures

(Describe the state’s quality improvement strategy. For each requirement, and lettered sub-requirement, complete the table below):

1. Service plans a) address assessed needs of 1915(i) participants; b) are updated annually; and (c) document choice of services and providers.

2. Eligibility Requirements: (a) an evaluation for 1915(i) State plan HCBS eligibility is provided to all applicants for whom there is reasonable indication that 1915(i) services may be needed in the future; (b) the processes and instruments described in the approved state plan for determining 1915(i) eligibility are applied appropriately; and (c) the 1915(i) benefit eligibility of enrolled individuals is reevaluated at least annually or if more frequent, as specified in the approved state plan for 1915(i) HCBS.

3. Providers meet required qualifications.

4. Settings meet the home and community-based setting requirements as specified in this SPA and in accordance with 42 CFR 441.710(a)(1) and (2).

5. The SMA retains authority and responsibility for program operations and oversight.

6. The SMA maintains financial accountability through payment of claims for services that are authorized and furnished to 1915(i) participants by qualified providers.

7. The state identifies, addresses, and seeks to prevent incidents of abuse, neglect, and exploitation, including the use of restraints.

(Table repeats for each measure for each requirement and lettered sub-requirement above.)

Sample Size: All cases with an annual re-evaluation.

---

1. 8/30 file review methodology is used by the National Committee for Quality Assurance (NCQA) of health plans in evaluating health plan accreditation. Through this methodology a random sample of 30 files are selected. If all 8 files meet the standard, then the standard has passed. If less than 8 meet the standard, an additional 22 files are reviewed to evaluate the standard.

https://www.ncqa.org/Portals/0/Programs/Accreditation/8_30%20Methodology.pdf?ver=2018-01-10-154243-267

When applicable performance standards are listed, the Department reserves the right to adjust standards after initial baseline data is collected.

| **Discovery** |
### Discovery Evidence (Performance Measure)

Percentage of plans reviewed that document the recipient’s choice between/among services and providers.

- Numerator: Number of plans reviewed in which participant choice was documented
- Denominator: Number of plans reviewed by DHHS staff

Performance Standard: 90%

### Discovery Activity (Source of Data & sample size)

Data Source: Referral and eligibility data manually tracked by DHHS staff through MMIS and the Homeless Management Information System.

Sample Size: 8/30 methodology

### Monitoring Responsibilities (Agency or entity that conducts discovery activities)

State Medicaid Agency

### Frequency

every 5 years

### Remediation

DHHS will be responsible for monitoring service plans. For those service plans that do not comply with the performance indicators, DHHS will work with providers to ensure remediation compliance takes place within 30 days of notice of the finding. Performance issues that require remediation will result in corrective action plans developed by the provider within 30 days of being informed of the finding. DHHS will review and approve all corrective action plans and will continuously monitor providers’ performance until the issue is resolved.

### Frequency (of Analysis and Aggregation)

Annually

### Requirement

Providers meet required qualifications

### Discovery Evidence (Performance Measure)

Percentage of provider applications that meet required qualifications.

- Numerator: Number of provider applications that meet all required standards
- Denominator: Total number of providers who have applied for 1915(i) services
Performance Standard: 100%

**Discovery Activity**
(Source of Data & sample size)

All provider agency applications are reviewed prior to approval.

Data Source: Provider enrollment data tracked by DHHS staff through MMIS.
Sample Size: All providers applying to deliver 1915(i) services.

**Monitoring Responsibilities**
(Agency or entity that conducts discovery activities)

State Medicaid Agency

**Frequency**

Every 5 years

---

**Remediation**

**Remediation Responsibilities**
(Who corrects, analyzes, and aggregates remediation activities; required timeframes for remediation)

DHHS verifies that providers initially and continually meet required certification standards and adhere to other standards prior to their furnishing housing stabilization services. DHHS will review provider qualifications upon initial enrollment, and every five years thereafter, to ensure providers meet compliance standards. Providers who do not meet required certification standards will not qualify to provide housing stabilization services.

**Frequency**

Annually

---

**(of Analysis and Aggregation)**

**Requirement**

Settings meet the HCBS setting requirements as specified in this SPA

**Discovery**
### Discovery Evidence

**Performance Measure**

In order to provide housing stabilization-sustaining services, the case manager must submit documentation attesting that the recipient lives in a HCBS-compliant setting.

**Measure #1:** Percentage of recipients determined eligible in the past 12 months that have a provider attestation that recipient lives in an HCBS-compliant setting.

- **Numerator:** Number of recipient files with the provider attestation.
- **Denominator:** Total number of recipient files reviewed.

**Performance Standard:** 100%

**Measure #2:** Percentage of recipients who had a recertification in the past 12 months that have a provider attestation that meets HCBS settings requirements.

- **Numerator:** Number of recipient files with the provider attestation.
- **Denominator:** Total number of recipient files reviewed.

**Performance Standard:** 100%

### Discovery Activity

**Source of Data & Sample Size**

Department staff will review service plans to verify the recipient lives in a compliant setting. The case manager that is rendering the waiver covered services, will provide a completed Housing Status Documentation form. Services are provided in private residences- rentals. The Housing Quality Standards form will be used to determine validity of attestations. Ongoing compliance monitoring of individual’s private homes will be conducted at time of enrollment, move in, and on a monthly basis by the provider utilizing the Housing Quality Standards form.

**Data Source:** Referral and eligibility data manually tracked by DHHS staff through MMIS and the Homeless Management Information System.

**Sample Size:** All recipients of state plan HCBS.

**State Medicaid Agency**

### Monitoring Responsibilities

**Agency or entity that conducts discovery activities**

**Frequency**

Ongoing

### Remediation

**Remediation Responsibilities**

Recipients residing in settings that do not meet the requirements described in this plan may not receive housing stabilization- sustaining services.

The state Medicaid agency will survey recipients, stakeholders, providers and organizations regarding the quality, design, and implementation of the services annually, in collaboration with the annual survey of the Coordinated Entry System. A team of program and policy staff from the State Medicaid Agency will review and analyze collected survey, performance measure, and remediation data. This team will make recommendations for systems and program improvement strategies. Problems or concerns requiring intervention beyond existing remediation processes will be targeted for new/improved policy and/or procedure development, testing, and implementation.
Methods and Standards for Establishing Payment Rates

1. **Services Provided Under Section 1915(i) of the Social Security Act.** For each optional service, describe the methods and standards used to set the associated payment rate. *(Check each that applies, and describe methods and standards to set rates):*

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Payment for these 1915(i) services shall be made in accordance with a fee schedule established by the Department. Rates were set as of July 1, 2021, and are effective for services provided on or after that date. The rate set was based on cost data that took into account the salaries, fringe benefits, indirect costs, and transportation costs required to deliver the service. No provider shall bill or charge the department more than the provider’s usual and customary charge. Medicaid payment shall be made at the lesser of Medicaid’s applicable fee schedule amount or the provider’s usual and customary charge. All fee schedules are accessible at www.nhmmis.nh.gov (go to “documents and forms” under the “documentation” tab) and are applicable to all public and private providers.
