f(1). Supplemental Medicaid Nursing Home Payment

Licensed CMS nursing facilities, both private and county operated, which provide Medicaid nursing home services shall be eligible to receive a supplemental nursing home payment. Payments are made quarterly in the quarter following the service quarter. Payments are based on the applicable Medicaid dates of service paid in the prior quarter. The purpose of the supplemental payment is to eliminate or reduce to the maximum extent possible the difference between the facility's allowable Medicaid costs and the per diem payments made to such facility which are derived from the nursing facility Medicaid acuity rate setting system multiplied by the budget adjustment factor in Section 9999.8, page 29(f), item 8 b.

The quarterly payment methodology is as follows:

1. The Department will allocate the supplemental pool quarterly among the eligible licensed nursing facilities. The pool for service quarter of October through December 2023 payment is \$20,991,168.82. On a quarterly basis, the Department shall furnish to the facilities, before supplemental payments are processed, a calculation exhibit which identifies each facility's calculated rate and supplemental payment for that quarter.
2. The supplemental pool shall be distributed based on each nursing facility's relative share of total Medicaid paid nursing home days as calculated by the NH Medicaid Management Information System (MMIS). The total paid Medicaid nursing home days for the service quarter of October through December 2023 payment is 317,038. Relative share shall equal each facility's total paid Medicaid nursing home days per the MMIS divided by the total of all nursing home paid Medicaid days (per the MMIS) for all facilities. $(\text{Facility total paid Medicaid nursing home days} \div \text{total Medicaid nursing home paid days}) = \text{relative share}$ x (supplemental pool \$\$) = supplemental payment.
