STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES FOR NON INSTITUTIONAL SERVICES

Reimbursement for Preventive Services: Doula Services

The Doula reimbursement timeframe can run from the date of confirmed conception through 180 days (six months) after delivery, contingent on the client maintaining Medicaid eligibility. New Jersey will reimburse up to $1,065 for clients with up to 8 service visits, and up to $1,331 for clients with 12 service visits.

Each perinatal service visit will be billed for and reimbursed separately. All visits are reimbursed at fifteen (15) minute increments at $16.62 per unit rate. An initial prenatal visit has a maximum unit capacity of six (6) units to account for assessment while all other visits have a maximum capacity of four (4) units. Reimbursement for attendance during delivery is set at a flat rate of $500.00.

During the postpartum period, there will be a $100.00 additional value-based incentive payment made to the Doula if the Doula performs at least one (1) postpartum service visit and the client is seen by an obstetric clinician for one (1) postpartum visit after a labor and delivery claim.

The effective date, the applicable fee schedules, and link to their electronic publication, can be found on page 36 of Attachment 4.19-B of the State Plan. The rates are the same for both governmental and private providers. All applicable procedure code listings and/or rates are published on the State’s website at www.njmmis.com under the link for “Rates and Code Information” and Medicaid fee for services sections.
