Amir Bassiri Medicaid Director Office of Health Insurance Programs New York State Department of Health One Commerce Plaza Rm. 1605 Albany, NY 12237

Re: State Plan Amendment (SPA) NY-22-0042

Dear Director Bassiri:

The Centers for Medicare & Medicaid Services (CMS) reviewed your Medicaid State Plan Amendment (SPA) submitted under transmittal number (TN) NY-22-0042. This amendment, in accordance with federal requirements, formalizes Alternative Benefit Plans (ABP) coverage of routine patient costs for items and services furnished in connection with participation by beneficiaries in qualifying clinical trials.

We conducted our review of your submittal according to statutory requirements in Title XIX of the Social Security Act. This letter is to inform you that NY Medicaid SPA 22-0042 was approved on September 9, 2022, with an effective date of April 1, 2022.

If you have any questions, please contact LCDR Frankeena McGuire via email at Frankeena.McGuire@cms.hhs.gov.

Sincerely,

James G. Scott, Director Division of Program Operations

cc: Regina Deyette, NYDOH

#### Voluntary Benefit Package Selection Assurances - Eligibility Group under Section 1902(a)(10)(A)(i)(VIII) of the Act

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan.

Explain how the state has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements.

The state first chose the Standard Blue Cross/Blue Shield Preferred Provider Option offered through the Federal Employee Health Benefit Program as the benchmark plan and compared it to the Essential Health Benefits and to the Medicaid State Plan. The Medicaid State Plan covers all the benefits in the benchmark plan except chiropractic services. The state is proposing to substitute personal care services from the Medicaid State Plan for this benchmark covered benefit. In addition to EHBs, the ABP includes the 1937 covered benefits in the Medicaid State Plan.

#### PRA Disclosure Statement

○ The state/territory offers a partial list of	benefits provided in the approve	ed state plan plus additional b	enefits.
Please briefly identify the benefits, the source of	f benefits and any limitations:		
Medicaid State Plan section 3.1 A Categorically	y Needy		
Selection of Base Benchmark Plan			

The state/territory must select a Base Benchmark Plan as the basis for providing Essential Health Benefits in its Benchmark or Benchmark-Equivalent Package.
The Base Benchmark Plan is the same as the Section 1937 Coverage option. No
Indicate which Benchmark Plan described at 45 CFR 156.100(a) the state/territory will use as its Base Benchmark Plan:
C Largest plan by enrollment of the three largest small group insurance products in the state's small group market.
○ Any of the largest three state employee health benefit plans by enrollment.
• Any of the largest three national FEHBP plan options open to Federal employees in all geographies by enrollment.
○ Largest insured commercial non-Medicaid HMO.
Plan name: Standard Blue Cross Blue Shield Federal Employee
Other Information Related to Selection of the Section 1937 Coverage Option and the Base Benchmark Plan (optional):
The state assures that all services in the base benchmark have been accounted for throughout the benefit chart found in ABP5. The state assures the accuracy of all information in ABP5 depicting amount, duration and scope parameters of services authorized in the currently approved Medicaid state plan.

#### Alternative Benefit Plan Cost-Sharing

Any cost sharing described in Attachment 4.18-A applies to the Alternative Benefit Plan.

Attachment 4.18-A may be revised to include cost sharing for ABP services that are not otherwise described in the state plan. Any such cost sharing must comply with Section 1916 of the Social Security Act.

The Alternative Benefit Plan for individuals with income over 100% FPL includes cost-sharing other than that described in Attachment 4.18-A.

Other Information Related to Cost Sharing Requirements (optional):

Existing state plan cost-sharing rules apply to the Adult Group the same as applied to all other Medicaid populations.

Medicaid state plan attachment 3.1A, (9)

F
Clinic services provided to Medicaid recipients enrolled in managed care plans are exempt from the NYS
Utilization Threshold program. Individuals in the new adult group will be enrolled in managed care plans.
This population will not be subject to the service limits defined in the UT Program.
Medicaid enrollees who access their covered benefits via the Fee-For-Service delivery system are subject to
service limits for non-exempt clinic services as defined in the NYS Medicaid Utilization Threshold (UT)
Program. The UT Program places limits on the number of non-exempt clinic services a Medicaid member
may receive in a benefit year. These service limits are established based on each member's clinical
information. This information includes diagnoses, procedures, prescription drugs, age and gender. As a
result, most Medicaid members have clinically appropriate service limit levels and will not need additional
services authorized through the Threshold Override Application (TOA) process. Medicaid enrollees may
receive services in excess of the UT Program limits upon the request of the licensed provider for additional
services and the submission of documentation supporting the need for continued medical care above the
threshold limit. Non-exempt clinic services may be provided to an enrollee who has exceeded the threshold
without a request for additional services submitted by the licensed provider (outside the TOA process) in
the following instances: immediate/urgent need, services rendered in retroactive period, emergency care,
member has temporary Medicaid, request from county for second opinion to determine if member can
work, or a request for UT override is pending. These exemptions along with the TOA process ensures that
no one receives less than the benchmark benefit or the Medicaid state plan benefit, whichever is greater.
Clinic services, by specialty code that are subject to the UT Program threshold (non-exempt) in the FFS
delivery system are: 321, 901, 902, 903, 905, 909, 914 THRU 917, 919 THRU 921, 923 THRU 933, 935,
950 THRU 958, 965, 966, 999. For code definitions see: DATA DICTIONARY, NEW YORK STATE
DEPARTMENT OF HEALTH Office of Health Insurance Programs, Provider Network Data System
(PNDS), Version 6.7 revised (January 2014)
Clinic services exempt from the UT Program: pediatric general medicine and specialties, child teen health
program (CTHP), school supportive health services program, dialysis, oncology, OPWDD clinic treatment
and specialty programs, TB/Directly Observed Therapy, Prenatal Care.

#### **7**. Essential Health Benefit: Rehabilitative and habilitative services and devices

Collapse All

The state/territory assures that it is not imposing limits on habilitative services and devices that are more stringent than imits on rehabilitative services (45 CFR 156.115(a)(5)(ii)). Further, the state/territory understands that separate coverage limits must also be established for rehabilitative and habilitative services and devices. Combined rehabilitative and habilitative limits are allowed, if these limits can be exceeded based on medical necessity.

Attachment 3.1-L-

State Name:	New	York
-------------	-----	------

Transmittal Number: NY - 22 - 0042

#### Service Delivery Systems

Provide detail on the type of delivery system(s) the state/territory will use for the Alternative Benefit Plan's benchmark benefit package or benchmark-equivalent benefit package, including any variation by the participants' geographic area.

Type of service delivery system(s) the state/territory will use for this Alternative Benefit Plan(s).

Select one or more service delivery systems:

Managed care.

Managed Care Organizations (MCO).

- Prepaid Inpatient Health Plans (PIHP).
- Prepaid Ambulatory Health Plans (PAHP).

Primary Care Case Management (PCCM).

Fee-for-service.

Other service delivery system.

#### Managed Care Options

#### **Managed Care Assurance**

The state/territory certifies that it will comply with all applicable Medicaid laws and regulations, including but not limited to sections 1903(m), 1905(t), and 1932 of the Act and 42 CFR Part 438, in providing managed care services through this Alternative Benefit Plan. This includes the requirement for CMS approval of contracts and rates pursuant to 42 CFR 438.6.

#### Managed Care Implementation

Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts.

The State has provided Medicaid recipients enrollment in managed care plans since 1997. At the time the Alternative Benefits Plan (ABP) was initiated, Medicaid Managed Care enrollment statewide was three million households. Another 400,000 adults were enrolled in managed care through an 1115 waiver program, Family Health Plus. Over 90 percent of Family Health Plus enrollees were eligible for Medicaid under the new eligibility levels and are already enrolled in managed care. The state anticipated that only 77,000 enrollees would be newly eligible statewide in the adult group. As such, there was no need for an implementation plan for member or provider outreach. The state engaged stakeholders in all aspects of the Affordable Care Act (ACA) implementation, including the Medicaid expansion and the ABP. Due to changes under the ACA, the Family Health Plus Program was eliminated on December 31, 2014. In April 2021, there were 5,066,688 enrollees in Medicaid Managed Care inclusive of the ABP.

#### MCO: Managed Care Organization

The managed care delivery system is the same as an already approved managed care program.

The managed care program is operating under (select one):

• Section 1915(a) voluntary managed care program.

○ Section 1915(b) managed care waiver.

Section 1932(a) mandatory managed care state plan amendment/09/2022 Superseded TN: NY-20-0076

Effective Date: 04/01/2022

Yes

OMB Control Number: 0938-1148

ABP8

• Section 1115 demonstration.	
C Section 1937 Alternative (Benchmark) Benefit Plan state plan ame	endment.
Identify the date the managed care program was approved by CMS:	07/15/1997
Describe program below:	
The Section 1115 demonstration Medicaid Redesign Team Waiver's	transfer of authority advanced the statewide managed care
delivery system to create efficiencies in the Medicaid program and en	nable the extension of coverage to certain individuals who
would otherwise be without health insurance.	
Additional Information: #type# (Optional) Provide any additional details regarding this service delivery system (opti	onal):

#### **Fee-For-Service Options**

Indicate whether the state/territory offers traditional fee-for-service and/or services managed under an administrative services organization:

Traditional state-managed fee-for-service

Services managed under an administrative services organization (ASO) arrangement

Please describe this fee-for-service delivery system, including any bundled payment arrangements, pay for performance, fee-forservice care management models/non-risk, contractual incentives as well as the population served via this delivery system.

Traditional fee-for-service payment model. Providers are reimbursed at established rates for covered medically necessary services provided to enrollees prior to enrollment in managed care. Persons determined eligible for coverage have ten (10) days to select a health plan prior to auto assignment to a health plan. Enrollees may access state certified fee-for-service providers for medically necessary covered services not included in the managed care benefit package or not covered by the enrollee's health plan. These services are includes in the "Additional Information: Fee For Service" section below. Managed care plans do not impose treatment limitations on MH/SUD services that are more restrictive than limitations defined in 3.1 A of the New York Medicaid state plan. MH and SUD benefits in the managed care benefit package are aligned with the state plan, in addition, the 1115 Medicaid Redesign Team Waiver authorizes demonstration-only MH and SUD benefits for managed care members.

#### Additional Information: Fee-For-Service (Optional)

Provide any additional details regarding this service delivery system (optional):

All New York Medicaid Managed Care health plans provide members with a Member Handbook. The handbook explains the services covered by the health plan and the non-plan covered services that the enrollee must access via the fee for service delivery system. The New York Medicaid Managed Care Model Member Handbook is used by all participating health plans as an enrollee resource tool. Language in the handbook explains how to access both health plan covered services and services covered in the state plan that are not covered by the MMC plan contract; "Medicaid managed care provides a number of services you get in addition to those you get with regular Medicaid. [Insert Plan Name] will provide or arrange for most services that you will need. You can get a few services, however, without going through your PCP. These include emergency care; family planning/HIV testing and counseling; and specific self referral services, including those you can get from within the plan and some that you can choose to go to any Medicaid provider of the service."

There are medical services managed care enrollees must access via the FFS delivery system, as follows:

A) Nursing Home Services - Services provided in a nursing home to an enrollee under age 21 who is determined by the LDSS to be in Long Term Placement Status.

B) Emergency and Non-Emergency Transportation

C) Mental Health Services

1. Day Treatment Programs Serving Children

2. Rehabilitation Services Provided to Residents of OMH Licensed Community Residences and Family Based Treatment Approval Date: 09/09/2022 Programs Superseded TN: NY 20 0076

Effective Date: 04/01/2022

Residential Treatment Facilities for Children and Youth
 D) SUD Services - Residential Rehabilitation Services for Youth (RRSY)
 E) OPWDD Services (Office of Persons with Developmental Disabilities)
 1. Long Term Article 16 Clinic Services
 2. Day Treatment
 3. Care Coordination Organization (CCO)
 4. Home and Community Based Services Waiver (HCBS)
 F) Other Non-Covered Services:
 1. The Early Intervention Program
 2. Preschool Supportive Health Services
 3. School Supportive Health Services
 4. School Based Health Centers

#### PRA Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-1148. The time required to complete this information collection is estimated to average 5 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, Attn: PRA Reports Clearance Officer, Mail Stop C4-26-05, Baltimore, Maryland 21244-1850.

OMB Expiration date: 10/31/2014

Attachment 3.1-C-

#### **Employer Sponsored Insurance and Payment of Premiums**

The state/territory provides the Alternative Benefit Plan through the payment of employer sponsored insurance for participants with such coverage, with additional benefits and services provided through a Benchmark or Benchmark-Equivalent Benefit Package.

Provide a description of employer sponsored insurance, including the population covered, the amount of premium assistance by population, employer sponsored insurance activities including required contribution, cost-effectiveness test requirements, and benefit information:

Medicaid will pay the cost of employer sponsored insurance if it is cost effective. The scope of the employer sponsored benefit package is provided by the applicant. The employer's health plan must meet certain standards for covered benefits and costs. The state assesses cost effectiveness by comparing the ESI premium to the average Medicaid managed care rate which can vary by sex, age and location in the state. Medicaid fee-for-service will reimburse providers for any medically necessary service covered in the ABP that is not covered by the employer sponsored plan. No employer contribution is required.

The state/territory otherwise provides for payment of premiums.

Other Information Regarding Employer Sponsored Insurance or Payment of Premiums:

Section 4.22 C of the New York Medicaid State Plan defines the state method for determining the cost effectiveness of employer sponsored health insurance.

ESI enrollees may access fee-for-service providers for medically necessary services covered in the Medicaid state plan that are limited by their employer sponsored benefit package. ESI enrollees are not enrolled in the NYS Medicaid Managed Care Program. All ESI enrollees receive an program guide that explains how to access medically necessary services via the FFS delivery system.
