Effective November 1, 2021 through March 31, 2022, the State will provide a temporary rate increase for the services below to improve access to care through direct care workforce recruitment and retention initiatives. Additional funding provided through rate increases shall be used to increase compensation (direct pay and benefits) to direct care workforce through March 31, 2023. Providers will attend a training, sign attestation forms agreeing to this use of funds, and submit quarterly reports on their use of these funds to the State Medicaid office for the duration of the funding period.

Effective April 1, 2022, this temporary rate increase will end and the rates will return to those listed in the fee schedule effective July 1, 2021 available at https://eohhs.ri.gov/providers-partners/fee-schedules

Effective July 1, 2019, and each July 1 thereafter, the base rates for personal care attendant services and skilled nursing and therapeutic services, provided by home care providers and home nursing care providers, will be increased by the New England Consumer Price Index card as determined by the United States Department of Labor for medical care.

Home Health Base Rate methodology: Minimum reimbursement rates will be adjusted based on the following qualifications:

1. Staff Education and Training
   - Enhanced Reimbursement per 15-minutes for all Personal Care and Combination Personal Care/Homemaker services provided by a qualified agency.
   - Qualifications: The qualified agency must offer in-services at a frequency at least 20% over the RI Department of Health’s licensure requirement. This means that at least fourteen (14) one-hour in-services will be required in a year.
   - How to Receive Enhancement: A plan of scheduled in-service topics, dates, times and instructors should be submitted to EOHHS for the six month period following initial application for this enhancement. To continue receiving the enhanced base rate beyond the initial six-month period, the agency must submit for each in-service the title, training objectives, number of CNAs on the payroll on the date of the in-service, and a copy of the in-service sign-in sheet. Submissions should be for at least seven (7) in-services over a six-month period.

2. National Accreditation or State Agency Accreditation
   - Enhanced Reimbursement per 15-minutes of Personal Care and Combination Personal Care/Homemaker services provided by a qualified agency.
   - Qualifications: An agency with current National Accreditation is entitled to this enhancement.
     - Community Health Accreditation Program (CHAP) or
     - Council on Accreditation (COA) or
     - Joint Commission for Accreditation of Healthcare Facilities (JCAHO)
   - How to Receive Enhancements: Submit current CHAP, COA or JCAHO Accreditation certificate, and copy of the most recent survey results. Submit new certificate(s) and survey results as they are completed to continue payment of the enhanced base rate.

Note: Agencies can either receive State Accreditation or National Accreditation, not both.
• Enhanced Reimbursement per 15-minutes of Personal Care and Combination Personal Care/Homemaker services provided by a qualified agency. The goal of this standard is to encourage home health agencies to development and implement initiatives that result in high value, client-oriented, effective care and services.
• Qualifications: Available to home health agencies with National Accreditation (CHAP, COA or JCAHO).
• How to Receive Enhancement: Submit application for an on-site review and successfully meet Accreditation Standards. In addition, at the request of the home health agency, DHS will review evidence provided that demonstrates exceeding Department of Health Regulations. Evidence may be demonstrated through policy, procedures, client records, personnel records, meeting minutes, strategic plans, etc. Emphasis will be placed on how the evidence is linked between the different sources i.e. policy/procedure compliance noted in record documentation.

3. Client Satisfaction, Continuity of Care, and Worker Satisfaction
• Enhanced Reimbursement per 15-minutes of Personal Care and Combination Personal Care and Homemaker Services for each of these three areas (client satisfaction, continuity of care, and worker satisfaction) based on former enhanced standards.
• Qualifications: Maintain compliance with applicable standards. If found out of compliance during random site visits, providers may lose the enhancement for the area out of compliance or be asked to submit a corrective action plan.
