22. REMARKS

Instructions on Back
1. The State makes a one-time payment to the providers referenced in South Dakota’s American Rescue Plan Act Home and Community Based Services Enhanced Funding Spending Plan and that are listed in Appendix B., or could be listed in Appendix B., of the American Rescue Plan Act, State Medicaid Director Letter, SMD# 21-003 Implementation of American Rescue Plan Act of 2021 Section 9817 including:
   a. Home Health Services
   b. Rehabilitative Services – Community Mental Health Centers and Substance Use Disorder Agencies
   c. Early Periodic Screening Diagnosis and Treatment, Private Duty Nursing

Providers must have provided services during the period of April 1, 2021 to December 31, 2021.

2. One-time supplemental payments will be made based on the following criteria:
   a. Eligibility for the supplemental payment requires providers to attest to the following:
      i. An understanding these are one-time payments;
      ii. The payments will be used to expand, enhance, or strengthen Medicaid Home and Community Based Services as described in b.
   b. Payment is made through a supplemental payment:
      i. The State will make a supplemental payment to qualified providers in March 2022.
      ii. Eighty percent of the total payment is for direct care workforce activities. Direct care workforce may include one-time compensation payments, including temporary shift differentials; a one-time compensation adjustment to direct care staff as a method of retention; other types of retention incentives such as paid family leave and paid sick leave; and activities to recruit direct care workers.
      iii. Twenty percent of the total payment is for equipment and supplies. Equipment and supplies may include expenses related to COVID-19 related equipment, testing supplies, and infection control; telehealth equipment and assistive technology for providers; and other supplies and equipment that enhance the delivery of HCBS.
      iv. Providers may request in writing an exception from the State to reallocate the percent of the supplemental payment that is designated for each activity. The request must include the proposed use of the funds, justification for the exception, and a report of to date use of supplemental payment funds. The State will determine whether to approve requests based on the merits of the exception request including whether granting the exception furthers the goal of expanding, enhancing, or strengthening HCBS services.
      v. The one-time payment will equal approximately 56 percent of the claim expenditures from SFY 21.
      vi. Providers will provide the State with a report of funds expended and for what purpose in the form and manner designated by the State.
