700 Governors Drive
Pierre, South Dakota 57501-2291

Re: South Dakota State Plan Amendment (SPA) 24-0014

Dear Director Petermann:

The Centers for Medicare & Medicaid Services (CMS) reviewed your Medicaid State Plan Amendment (SPA) submitted under transmittal number (TN) 24-0014. This amendment proposes an inflationary rate increase and various coverage and service updates.

We conducted our review of your submittal according to statutory requirements in Title XIX of the Social Security Act and the implementing regulations. This letter is to inform you that South Dakota Medicaid SPA 24-0014 was approved on October 23, 2024, with an effective date of July 1, 2024.

If you have any questions, please contact Tyler Deines at 202-571-8533 or via email at tyler.deines@cms.hhs.gov.

Sincerely,

James G. Scott, Director
Division of Program Operations

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: SOUTH DAKOTA

ELIGIBILITY CONDITIONS AND REQUIREMENTS

Citation(s)

Condition or Requirement

(B) Post-eligibility Treatment of Institutionalized Individuals' Incomes
(continued)

Section 1924 of the
Act 42 CFR 435.725
42 CFR 435.733
42 CFR 435.832

2. The following monthly amounts for personal needs are deducted from total monthly income in the application of an institutionalized individual's or couple's income to the cost of institutionalized care:

Personal Needs Allowance (PNA) of not less than \$30 for individuals and \$60 for couples for all institutionalized persons.

- a. Aged, blind, disabled:

Individuals \$ 100.00
Couples \$200.00

For the following persons with greater need:

SUPPLEMENT 12 TO ATTACHMENT 2.6-A describes the basis or formula for determining the deductible amount when a specific amount is not listed above; lists the criteria to be met and, where appropriate, identifies the organization unit which determines that a criterion is met.

- b. AFDC related:

Children \$ 60.00
Adults \$ 60.00

For the following persons with greater need:

SUPPLEMENT 12 TO ATTACHMENT 2.6-A describes the basis or formula for determining the deductible amount when a specific amount is not listed above; lists the criteria to be met and, where appropriate, identifies the organization unit which determines that a criterion is met.

- c. Individual under age 21 covered in the plan as specified in Item B.7 of ATTACHMENT 2.2-A:

\$60.00

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: SOUTH DAKOTA

VARIATIONS FROM THE BASIC PERSONAL NEEDS ALLOWANCE

In addition to the personal needs allowance of \$100 (individual) / \$200 (couples), the personal needs allowance will include the following:

For institutionalized individuals with earned income, the personal needs allowance will also be the gross earnings up to \$75.00.

For individuals paying court ordered child or spousal support, the personal needs allowance will also be the amount actually paid out for the support payment, up to the court ordered amount.

For individuals with a trust, the personal needs allowance will also be the amount paid for attorney, guardian or conservator fees to maintain the trust up to the amount specified by the courts; or, if the court does not specify an amount, up to an amount considered reasonable by the State Medicaid agency.

Disclosure Statement for Post-Eligibility Preprint

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is #0938-0673. The time required to complete this information collection is estimated at 3 hours per response, including the time to review instructions, searching existing data resources, gathering the data needed and completing and reviewing the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, 7500 Security Boulevard, N2-14-26, Baltimore, MD, 21244-1850 and to the Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC, 20503.

Effective Date 7/01/24

SUPPLEMENT TO ATTACHMENT 3.1-A

6a. Podiatrist Services

Covered services are limited to surgical and nonsurgical podiatry services within the licensed podiatrist's scope of practice under state law.

Podiatrists' services must be determined medically necessary by the state. Routine foot care, including cutting or removal of corns or calluses, trimming of nails and preventative or hygienic care of the feet, is covered for recipients diagnosed with metabolic, neurologic, or peripheral vascular disease.

Services not covered include stock orthopedic shoes unless they are part of a leg brace, treatment of flatfoot, treatment of fungal infection of the toenail, and surgical or non-surgical treatment of subluxations of the foot undertaken for the sole purpose of correcting a subluxated structure in the foot as an isolated entity.

SUPPLEMENT TO ATTACHMENT 3.1-A

7C. Medical supplies, equipment, and appliances suitable for use in any setting in which normal life activities take place are provided in accordance with federal regulations at 42 CFR 440.70(b)(3) based on medical necessity.

Rental equipment is no longer covered when any of the following conditions exist:

1. The prescription for the equipment is not valid;
2. The equipment has been returned to the provider; or
3. The recipient is no longer using the equipment.

Supplies necessary for the effective use or proper functioning of covered medical equipment are covered when:

1. The equipment is covered by Medicaid;
2. The recipient's condition meets the coverage criteria for equipment; and
3. The equipment is owned by the recipient.

Supplies for rented durable medical equipment are included in the Medicaid rental payment, unless specifically listed on the department's billing guidance website.

Replacement of medical equipment is allowed only when a medical condition exists which necessitates the replacement of the particular piece of equipment. The prescribing physician must determine whether a medical necessity exists and must document the need on the prescription for the replacement equipment.

Non-covered items may be requested by the recipient's physician. Requests for non-covered items must demonstrate medical necessity and be prior authorized by the department.

SUPPLEMENT TO ATTACHMENT 3.1-A

24. Any Other Medical Care and Any Other Type of Remedial Care Recognized Under State Law, Specified by the Secretary

a. Transportation.

Ground and air ambulance services are covered if other methods of transportation are contraindicated by the recipient's condition.

Secure medical transportation to or from a covered medically necessary service is covered for recipients who are confined to a wheelchair or stretcher. Community transportation to or from a covered medically necessary service is covered. Purchase of tickets from commercial carriers (airlines, bus, etc.) to or from a covered medically necessary appointment outside the recipient's city of residence is covered. Mileage incurred by the recipient or a volunteer driver to or from a covered medically necessary service outside the recipient's city of residence is covered. Meals and Lodging incurred as a result of travel of at least 150 miles or more one way from the recipient's city of residence to receive covered specialty care or treatments and that results in an overnight stay is covered for the recipient and if necessary one escort or volunteer driver.

Transportation must be to the closest medical facility or medical provider capable of providing the necessary services, unless the recipient has a written referral or a written authorization from the recipient's medical provider to seek treatment at a different facility or from a different provider.

b. Services provided in religious non-medical home health care institutions.
Not provided.

c. Reserved.

d. Nursing facility services for patients under 21 years of age.

No limitations.

e. Emergency hospital services.

No limitations.

INPATIENT HOSPITAL PAYMENT METHODOLOGY

GENERAL

The South Dakota Medicaid program has reimbursed hospitals for inpatient services under a prospective Diagnosis Related Groups (DRGs) methodology, with a few exceptions, since January 1, 1985. The State uses the federal definitions of DRGs, classifications, weights, geometric mean lengths of stay, and outlier cutoffs. The DRG Grouper is updated annually effective January 1 each year each year. The agency provides a link to Medicare's DRGs on its website at <http://dss.sd.gov/sdmedx/includes/providers/feeschedules/dss/index.aspx>. The agency calculates Medicaid-specific weight and geometric mean length of stay factors annually using the latest three years of non-outlier claim data, this three-year claims database updated annually to establish new weight and geometric length of stay factors with each new grouper.

The agency developed hospital-specific costs per Medicaid discharge amounts for all instate hospitals using Medicare cost reports and non-outlier claims data for the hospitals' fiscal years ending after June 30, 1996 and before July 1, 1997. The agency applied an inflation factor, specific to each hospital's fiscal year end, to the cost per discharge amounts of all hospitals with more than thirty (30) Medicaid discharges during the base year to establish target amounts for the most recently completed federal fiscal year. There is a cap on the hospitals' target amounts, under which no hospital is allowed a target amount that exceeds 110% of the statewide weighted average of all target amounts.

South Dakota Medicaid reimburses out-of-state hospitals at 44.15% of the provider's usual and customary charges unless otherwise approved by the State. The State may reimburse out-of-state hospitals on the same basis as the Medicaid agency where the hospital is located if the hospital's home state Medicaid agency agrees to calculate the claim payment.

Payment is for individual discharge or transfer claims only. Out of state specialty hospitals are reimbursed at 44.15% of billed charges unless otherwise approved by the state. There is no annual cost settlement with out-of-state hospitals or instate DRG hospitals unless an amount is due the South Dakota Medicaid program.

For claims with dates of service beginning July 1, 2024, instate DRG hospitals' target and capital/education amounts are increased by 4.0 percent. OPPS hospitals that did not receive an inflationary increase to their OPPS conversion factor are receiving DRG target and capital/education increase of 4.0 percent plus an additional hospital specific DRG target and capital/education increase. The hospital specific DRG rate increase was calculated to provide the hospital the equivalent of the additional annual reimbursement amount the hospital would have received if their OPPS conversion factor was increased by 4.0 percent.

SPECIFIC DESCRIPTION

Each year the agency calculates a hospital's target amounts for non-outlier claims by dividing the hospital's average cost per discharge for non-outlier claims by the hospital's case mix index. To ensure budget neutrality, the agency adjusts annually a hospital's target amount for any change in that hospital's case mix index resulting from the establishment of new program specific weight factors. For each hospital, the case mix index is the calculated result of accumulating the weight factors for all claims submitted during the base period and dividing by the number of claims.

SERVICES COVERED BY DIAGNOSTIC RELATED GROUP PAYMENTS

The State agency has adopted Medicare's definition of inpatient hospital services covered by DRG payment. Providers must submit claims for reimbursement for physician services on a separate CMS 1500 form.

OUTLIER PAYMENTS

The State agency will calculate additional payments to hospitals for discharges which meet the criteria of an "outlier," a case with extremely high charges which exceed cost outlier thresholds set by the agency. To qualify for a cost outlier payment, 70% of the claim's total billed charges must exceed the larger of the cost outlier amount published on the agency's website at <http://dss.sd.gov/sdmedx/includes/providers/feeschedules/dss/index.aspx> or 1.5 times the DRG payment for the claim. The additional payment allowed for a cost outlier will be 90% of the difference between 70% of billed charges and the larger of the published outlier amount or 1.5 times the DRG payment.

The total payment allowed for an outlier claim will be the DRG payment plus the outlier payment plus the daily capital/education amount for each day of the hospital stay.

SURGICALLY-IMPLANTED DEVICES AND APPLIANCES

The Medicaid program will reimburse claims submitted for inpatient hospital services by in-state acute care hospitals that had more than 30 Medicaid discharges during the hospitals' fiscal year ending after June 30, 1996, and before July 1, 1997, that are considered to be cost outlier claims as defined by ARSD 67:16:03:01(3) and contain revenue codes 275 or 278 according to the following guidelines:

1. The State agency will limit reimbursements for aggregate charges in excess of \$50,000 associated with revenue codes 275 or 278 to the providers' actual costs plus 10%; and
2. The agency will remove the aggregate charges for revenue codes 275 or 278 in excess of \$50,000 from the calculation of the claim and charges associated with the remainder of the claim will be reimbursed according to ARSD 67:16:03:06.

For use by the agency in the reimbursement calculations, the provider must submit to the agency as documentation copies of the suppliers' invoices for items associated with revenue codes 275 and 278.

5. Rehabilitation Units (only upon request and justification);
6. Children's Care Hospitals;
7. Indian Health Service Hospitals;
8. Hospitals with less than 30 Medicaid discharges during the hospital's fiscal year ending after June 30, 1993, and before July 1, 1994;
9. Specialized Surgical Hospitals;
10. Long-Term Acute Care Hospital.

Payment for rehabilitation hospitals and units, perinatal units, and children's care hospitals will continue on the Medicare retrospective cost base system with the following exceptions:

1. Costs associated with certified registered nurse anesthetist services that relate to exempt hospitals and units will be included as allowable costs.
2. Malpractice insurance premiums attributable to exempt units or hospitals will be allowed using 7.5% of the risk portion of the premium multiplied by the ratio of inpatient charges to total Medicaid inpatient charges for these hospitals or units.

The agency provides a link to Medicare's DRGs on its website at <http://dss.sd.gov/sdmedx/includes/providers/feeschedules/dss/index.aspx>

Payment for psychiatric hospitals, psychiatric units, rehabilitation hospitals, rehabilitation units, perinatal units, long-term acute care hospitals and children's care hospitals is on a per diem basis based on the facility's reported, allowable costs, as established by the State. This per diem amount is updated annually as directed by the Legislature based on review of economic indices and input from interested parties not to exceed the rate as established by the medical care component of the Consumer Price Index of the most recent calendar year. The per diem for state operated psychiatric hospitals is updated annually based on facility's reported allowable costs, as established by the state.

Specialized surgical hospitals payments for payable procedures will be 66 percent of usual and customary charges for ancillary services and 60 percent of usual and customary charges for room and board. Payable procedures include, but are not limited to: nursing, technician, and related services; patient's use of facilities; drugs, biologicals, surgical dressings, supplies, splints, casts, and appliances and equipment directly related to the surgical procedures; diagnostic or therapeutic services or items directly related to the surgical procedures; administrative and recordkeeping services; housekeeping items and supplies; and materials for anesthesia. Items not reimbursable include those payable under other provisions of State Plan, such as physician services, laboratory services, X-ray and diagnostic procedures, prosthetic devices, ambulance services, orthotic devices, and durable medical equipment for use in the patient's home, except for those payable as directly related to the surgical procedures.

Payments to Indian Health Service inpatient hospitals will be per diem and based upon the approved rates published each year in the Federal Register by the Department of Health and Human Services, Indian Health Service, under the authority of sections 321(a) and 322(b) of the Public Health Service Act (42 U.S.C. 248 and 249(b)), Public Law 83-568 (42 U.S.C. 2001(a)), and the Indian Health Care Improvement Act (25 U.S.C. 1601 et seq.).

Instate hospitals with less than 30 discharges during the hospital's fiscal year ending after June 30, 1993, and before July 1, 1994, are paid 95% of billed charges.

For claims with dates of service on and after July 1, 2024, the amount of reimbursement for psychiatric hospitals, rehabilitation hospitals, perinatal units, psychiatric units, rehabilitation units, children's care hospitals, and long-term acute care hospitals will be increased 4.0% over the July 1, 2023 calculations after any third-party liability amounts have been deducted and other computation of any cost outlier payment.

EXCEPTION TO PAYMENT METHODOLOGIES FOR ACCESS-CRITICAL AND AT-RISK HOSPITALS

South Dakota Medicaid will reimburse hospitals classified as Medicare Critical Access or Medicaid Access Critical at the greater of actual allowable cost or the payment received under the provisions contained in this Attachment.

Group 2, psychiatric hospitals operated by the State of South Dakota; and
Group 3, other hospitals (any hospital not in Group 1 or 2).

Payments to Group 1 hospitals qualifying under the Medicaid inpatient utilization method are based on the standard deviation that a facility's qualifying rate exceeds the Medicaid inpatient utilization mean for all participating hospitals. Payments to Group 1 hospitals qualifying under the low-income utilization method are based on the standard deviation that a facility's qualifying rate exceeds the low-income utilization mean for all participating hospitals. Payments to Group 1 hospitals will be made according to the payment schedule on the Department's website, <http://dss.sd.gov/medicaid/providers/feeschedules/>, effective July 1, 2024.

The amount of payment for each hospital is calculated as follows:

The Department determines the number of facilities qualifying at greater than the mean, greater than 1 standard deviation above the mean, greater than 2 standard deviations above the mean, and greater than 3 standard deviations above the mean. The total amount of funding budgeted for disproportionate share payments is then allocated starting with those facilities qualifying at greater than the mean. Facilities qualifying at greater than 1 standard deviation, greater than 2 standard deviations, and greater than 3 standard deviations above the mean are paid double, triple, and quadruple, respectively, the amount for facilities qualifying at greater than the mean. The payment amounts are adjusted until all the budgeted funds are spent.

The proposed disproportionate share payment for each facility is then compared to the payment limit that has been established for each facility. If the payment limit is less than the proposed disproportionate share payment, then the payment limit amount will be the disproportionate share payment for that particular facility. The sum of the payments made to the facilities where the payment limit was met is then subtracted from the total amount budgeted. The remaining budgeted funds are then allocated equally among the facilities where the payment limits have not been met. The subsequent allocation again is determined to ensure that facilities qualifying at greater than 1 standard deviation, greater than 2 standard deviations, and greater than 3 standard deviations above the mean are paid double, triple, and quadruple, respectively, the amount for facilities qualifying at greater than the mean.

Payments to Group 2 hospitals qualifying under the Medicaid inpatient utilization method will be based on the standard deviation that a facility's qualifying rate exceeds the Medicaid inpatient utilization mean for all participating hospitals. Payments to Group 2 hospitals qualifying under the low-income utilization method will be based on the standard deviation that a facility's qualifying rate exceeds the low-income utilization mean for all participating hospitals.

Payments to Group 2 hospitals will be made according to the payment schedule on the Department's website, <http://dss.sd.gov/medicaid/providers/feeschedules/>, effective July 1, 2024.

Payments to Group 3 hospitals qualifying under the Medicaid inpatient utilization method will be based on the standard deviation that a facility's qualifying rate exceeds the Medicaid inpatient utilization mean for all participating hospitals. Payments to Group 3 hospitals qualifying under the low-income utilization method will be based on the standard deviation that a facility's qualifying rate exceeds the low-income utilization mean for all participating hospitals. Payments to Group 3 hospitals will be made according to the payment schedule on the Department's website, <http://dss.sd.gov/medicaid/providers/feeschedules/>, effective July 1, 2024.

If necessary, payments to qualified hospitals will be adjusted for the projected impact of the hospital's specific disproportionate share hospital payment limit as required by OBRA '93.

The agency will make disproportionate share hospital program payments to qualifying hospitals prior to the end of the State fiscal year. If the total of disproportionate share payments to all qualified hospitals for a year is going to exceed the State disproportionate share hospital payment limit, as established under 1923(f) of the Act, the following process will be used to prevent overspending the limit: First, the amount of over- expenditure will be determined; Then the over-expenditure amount will be deducted from the total payments to Group 2 hospitals; and Payments to individual Group 2 hospitals will be reduced based on their percentage of Group 2 total payments.

The Department will recover any disproportionate share payments in excess of hospital-specific limits made to qualifying hospitals from those qualifying hospitals. The federal share of the amount recovered may either be returned or redistributed to the remaining qualifying hospitals proportionately based upon their low-income utilization rate or Medicaid inpatient utilization rate (whichever utilization rate results in a higher payment) by using how many standard deviations above the mean the hospital qualified.

The State has in place a public process which complies with the requirements of Section 1902 (a) (13) (A) of the Social Security Act.

Psychiatric Residential Treatment Facilities

The Department will pay facilities based on a per diem rate prospectively calculated based upon the State fiscal year. The Department will use the same methodology for governmental and private facilities.

Providers must submit a cost report on forms designated by the Department identifying allowable costs incurred during the fiscal year. The Department will calculate rates for the facilities based upon each facility's actual allowable costs. Allowable costs include those costs that are ordinary, necessary, reasonable, and adequate to meet costs incurred by those facilities that are related to resident care services in conformance with State and Federal laws and regulations. Allowable cost centers include salaries and benefits for facilities' personnel, payroll taxes, professional fees and contract services, travel/transportation, supplies, occupancy, equipment, depreciation, and other. Non-allowable costs include bad debt, advertising, public relations, and costs not incurred by the facility including the value of donated goods and services.

Providers must maintain a daily census report that identifies the number of residents that received services on any particular day. The Department divides allowable and reasonable costs by the census data to calculate the payment rate for the next rate setting period. The census data for a resident is limited to those days in which the resident is actually present in the facility, and is subject to audit by the Department to verify its accuracy in conjunction with the submitted cost report.

Each facility must submit an annual Department-approved cost report by September 30 of each year identifying actual, previous State fiscal year historical costs. All cost reports are subject to desk review by the Department. If audit adjustments are made, the facility is notified immediately either by telephone, in writing, or electronic mail. The Department will establish desk audit rates for each facility based on the cost report desk review.

The Department calculates the final rate using a minimum occupancy limit of 90% so facilities with occupancy less than 90% will receive per diem rates based upon 90% occupancy. The rate calculated is considered payment in full for all allowable services delivered by the provider to eligible Medicaid recipients.

South Dakota Medicaid will pay out-of-state facilities based upon the rate for comparable services established by the Medicaid agency in the state where the facility is located. If no rate is established by the Medicaid agency in that state, then the per diem rate payable to the out-of-state facility will be the lower of billed charges or the average of the per diem rates in effect for in-state facilities at the time the services are first provided by the out-of-state facility.

For extraordinary or unusual circumstances South Dakota Medicaid may negotiate a higher per diem on a case-by-case basis. Negotiated per diem rates may not exceed the cost of the services provided by the facility.

HEALTH PROFESSION EDUCATION

The Department of Social Services supports the direct graduate medical education (GME) of health professionals through the use of Medicaid funds. All in-state, private hospitals which are accredited by the Accreditation Council for Graduate Medical Education (ACGME) are eligible for health profession education payments. Those hospitals are identified through the use of their most recently-filed Medicare 2552-10, cost reports. Specifically, worksheet E-4 (Line 1.00) is utilized to identify the number of weighted full-time equivalents for primary care physicians at participating facilities. The agency calculates the Medicaid hospital patient days using the Division of Medical Services (DMS) Cost Settlement Details report of adjudicated claims for the same period as the Medicare 2552 cost report.

Hospitals seeking GME payments must submit an application for the previous state fiscal year's costs to DMS prior to the end of the current state fiscal year. The agency will make payments for costs incurred in the previous state fiscal year, as defined below, annually prior to the end of the current state fiscal year. Payments will be made through the state's Medicaid Management Information System (MMIS) payment system. Payments will be made directly to the qualifying hospitals through a supplemental payment mechanism. The payment will appear on the facility's remittance advice. Each hospital will also receive written notification at the time of payment of the payment amount from DMS.

GME payments made in error will be recovered via a supplemental recovery mechanism and will appear on the facility's remittance advice. The agency will notify the facility in writing explaining the error prior to the recovery. The Federal share of payments made in excess will be returned to CMS in accordance with 42 CFR Part 433, Subpart F.

A hospital that applied for GME funding in the previous 24 months must provide written notice to DMS no less than 30 days prior to the effective date it intends to terminate operation of a GME program. A hospital must provide written notice to DMS by January 1 if it will not be applying for GME funding for the previous state fiscal year's costs.

The agency will determine the annual lump sum, onetime payment pool. The annual payment will be made during the last quarter of the state fiscal year. The pool will be distributed based upon the allocation percentage of each hospital. The hospital allocation percentage will be developed using prior year total Medicaid inpatient days and weighted intern and resident (I & R) full time equivalency (FTE). The state uses the prior year's cost report data as a proxy for the current year. For example, the state fiscal year 2008 calculation of allocations from the payment pool was the following:

	(a) Weighted I & R FTEs	(b) Medicaid Hospital Patient Days	(c) (a*b) Weighted FTE Days	(d) Hospital Allocation Percentage	Payment Pool Total
Hospital A	17	11,450	194,650	35.34%	\$1,052,009
Hospital B	22	10,692	232,230	42.16%	\$1,255,116
Hospital C	23	5,342	123,988	22.51%	\$670,107
Totals	62	27,484	550,868	100.00%	\$2,977,233

Total state funds available for payment through the pool are listed on the department's website, <http://dss.sd.gov/medicaid/providers/feeschedules/>, effective July 1, 2024. The FMAP at the time the annual payment is made will be applied to the state portion of the payment.

Approval Date 10/23/24

Effective Date 07/01/24

Rural Residency Program

The Center for Family Medicine is eligible for payment of direct GME via a separate funding pool for its operation of a rural family medicine residency program. The Center for Family Medicine must be accredited by the ACGME to be eligible for health profession education payments.

The state will make equal interim payments to providers on a quarterly basis. Costs must be submitted on a quarterly basis to validate costs for the previous quarter using the state developed South Dakota Rural Residency Program Cost Report and Rural Residency Cost Report Guidelines. The payment will be made to the Center for Family Medicine through the MMIS system. Payments will be made directly to the provider through a supplemental payment mechanism and will appear on their remittance advice. The Center for Family Medicine will receive written notification at the time of payment of the payment amount from DMS.

GME payments made in error that cannot be adequately addressed through adjustment of future quarterly payments will be recovered via a supplemental recovery mechanism and will appear on the provider's remittance advice. The agency will notify the provider in writing explaining the error prior to the recovery. The Federal share of payments made in excess will be returned to CMS in accordance with 42 CFR Part 433, Subpart F.

The Center for Family Medicine must provide written notice to DMS no less than 30 days prior to the effective date it intends to terminate operation of its GME program or written notice to DMS no less than 30 days prior to the effective date it will no longer be applying for GME funding.

The agency will determine the annual rural residency program payment pool for the upcoming state fiscal year prior to the start of the fiscal year on July 1. The total state funds available for payment through the rural residency program pool are listed on the department's website, <http://dss.sd.gov/medicaid/providers/feeschedules/>, effective July 1, 2024. The FMAP at the time the quarterly payment is made will be applied to the state portion of the payment.

ATTACHMENT 4.19-B
INTRODUCTION

Payment rates for the services listed below are effective for services provided on or after the corresponding date. Fee schedules are published on the Department's website at <http://dss.sd.gov/medicaid/providers/feeschedules/>. Effective dates listed on the introductory page supersede the effective dates listed elsewhere in Attachment 4.19-B. Unless otherwise noted in the referenced state plan pages, reimbursement rates are the same for both governmental and private providers.

ATTACHMENT 4.19-B PAYMENTS FOR MEDICAL AND REMEDIAL CARE AND SERVICES

South Dakota Medicaid will make payments to medical providers who sign agreements with the State under which the provider agrees: (a) to accept as payment in full the amounts paid in accordance with the payment structures of the State; (b) to keep such records as are necessary to fully disclose the extent of the services provided to individuals receiving assistance under the State Plan; and (c) to furnish the State Agency with such information, regarding any payments claimed by such person or institution for services provided under the State Plan, as the agency may request from time to time.

The following describes policy and methods the agency uses to establish payment rates for each type of care and service, other than inpatient hospital or nursing home services, included in the State Plan. In no instance will the amount of payment under the provisions of this attachment exceed the payment made by the general public for identical services.

1. Inpatient Hospital Services (See Attachment 4.19-A)

2a. Outpatient Hospital Services

Effective August 2, 2016, Medicare Prospective Payment System hospitals will be paid using the Medicaid Agency's Outpatient Prospective Payments System (OPPS). Under OPPS, services are reimbursed using Ambulatory Payment Classifications. Effective August 2, 2016, the Department will establish a conversion factor and discount factor specific to each hospital. The hospital specific conversion factor and discount factors are published on the State agency's website at <http://dss.sd.gov/medicaid/providers/feeschedules/dss/>. Effective July 1, 2024, the conversion factor for Medicare Prospective Payment System hospitals paid using the Medicaid Agency's OPPS will be increased by 4.0 percent for hospitals with a conversion factor less than the Medicare conversion factor.

South Dakota Medicaid will pay remaining participating outpatient hospitals with more than 30 Medicaid inpatient discharges during the hospital's fiscal year ending after June 30, 1993 and before July 1, 1994 on the basis of Medicare principles of reasonable reimbursement with the following exceptions:

1. Costs associated with certified registered nurse anesthetist services are allowable costs. These costs are identified on the CMS 2552-10 on Worksheet A-8 and included in the facilities' costs.
2. All capital and education costs incurred for outpatient services are allowable costs. These costs are identified on the CMS 2552-10 on Worksheet D Part III and included in the facilities' costs.
3. Payments to Indian Health Service outpatient hospitals will be per visit and based upon the approved rates published each year in the Federal Register by the Department of Health and Human Services, Indian Health Service, under the authority of sections 321(a) and 322(b) of the Public Health Service Act (42 U.S.C. 248 and 249(b)), Public Law 83-568 (42 U.S.C. 2001(a)), and the Indian Health Care Improvement Act (25 U.S.C. 1601 et seq.). The State agency will make payments for visits of the same type of service on the same day at the same provider location only if the services provided are different or if they have different diagnosis codes.

ATTACHMENT 4.19-B
PAYMENTS FOR MEDICAL AND REMEDIAL CARE AND SERVICES

4. The agency will make prospective payments to outpatient hospitals based upon Medicare principles and the above exceptions using the CMS 2552-10 Report, Worksheet C, Part 1 lines 50-200 as submitted by the hospitals to determine the Medicare outpatient cost-to-charge ratios (CCRs) for the ancillary cost centers for each hospital. All participating hospitals must submit their Medicare cost reports to the agency within 150 days following the end of their fiscal year. For each hospital, the agency will use average of the ancillary CCRs for that hospital to calculate the hospital-specific reimbursement percentage to apply to outpatient charges from that hospital to determine the prospective Medicaid payment.

The remaining in-state hospitals will be reimbursed at 90% of billed charges. Hospitals' charges shall be uniform for all payers and may not exceed the usual and customary charges to private pay patients.

Reimbursement for outpatient services at out-of-state hospitals is calculated at 38.2% of the hospitals' usual and customary charges unless otherwise approved by the State.

Reimbursement for outpatient hospital dialysis units will be based on the applicable above-stated outpatient payment methodology.

ATTACHMENT 4.19-B
PAYMENTS FOR MEDICAL AND REMEDIAL CARE AND
SERVICES

5a. Physician Services

The rates below are effective for services on or after the date listed on the Attachment 4.19-B Introduction Page, Page 1.

- a. Services other than clinical diagnostic laboratory tests.
 1. Payment will be the lower of the provider's usual and customary charge or the amount established on the State agency's fee schedule published on the agency's website <https://dss.sd.gov/medicaid/providers/feeschedules/dss/>. If there is no fee established, the payment will be 40% of the provider's usual and customary charge.
 2. If there is no fee established for supplies furnished incidental to the professional services of a physician, the payment will be paid 90% of the provider's usual and customary charge.
- b. Anesthesia services. Payment will be the lower of the provider's usual and customary charge or the amount established on the State agency's fee schedule published on the agency's website <https://dss.sd.gov/medicaid/providers/feeschedules/dss/>. Effective July 1, 2024, the anesthesia conversion factor will be reimbursed at 100% of Medicare's established rate. The rate will be rebased annually on January 1. Anesthesia modifiers AD, QK, QX, and QY will be reimbursed in alignment with Medicare's payment effect over a two year implementation period as follows: For the period of July 1, 2024 to June 30, 2025 the payment effect will be 75% of the allowable amount. For the period of July 1, 2025 or later the payment effect will be 50%.
- c. Clinical diagnostic laboratory tests.
 1. Payment will be the lower of the provider's usual and customary charge or the amount established on the State agency's fee schedule published on the agency's website <https://dss.sd.gov/medicaid/providers/feeschedules/dss/>. The established fee will not exceed Medicare's fee on a per test basis as required by Section 1903(l)(7) of the Social Security Act.
 2. Tests for which Medicare has not established a fee will be paid the lower of a fee established by the State agency or priced by report. The reimbursement rate for these services is determined using one of a variety of different reimbursement methodologies. The reimbursement rates for services priced by report are determined using a similar service, product, or procedure that has an established rate, or a percentage of the provider's usual and customary charge. The specific methodology depends on the service, product, or procedure performed.
- d. Payment for physician services provided via telemedicine is made as follows:
 1. Only providers eligible to enroll in the Medicaid program are eligible for payment of telemedicine services. Providers must bill the appropriate CPT procedure code with the modifier "GT" indicating the services were provided via telemedicine.
 2. Originating sites, the physical location of the recipient at the time the service is provided, will be paid the lower of the provider's usual and customary charge or the amount established on the State agency's fee schedule published on the agency's website <https://dss.sd.gov/medicaid/providers/feeschedules/dss/>. All originating sites must be an enrolled provider. Approved originating sites are:
 - i. Office of a physician or practitioner.
 - ii. Outpatient Hospitals.
 - iii. Critical Access Hospitals.
 - iv. Rural Health Clinics. The facility fee is not considered an encounter and will be reimbursed according to the fee schedule.
 - v. Federally Qualified Health Centers. The facility fee is not considered an encounter and will be reimbursed according to the fee schedule.
 - vi. Indian Health Service (IHS) Clinics. The facility fee is not considered an encounter and will be reimbursed according to the fee schedule.
 - vii. Community Mental Health Centers.
 - viii. Substance Use Disorder Agencies.
 - ix. Nursing Facilities.
 - x. School Districts.
 3. Distant sites, the physical location of the practitioner providing the service, will be paid the lower of the provider's usual and customary charge or the amount established on the State agency's fee schedule published on the agency's website <https://dss.sd.gov/medicaid/providers/feeschedules/dss/>.

ATTACHMENT 4.19-B
PAYMENTS FOR MEDICAL AND REMEDIAL CARE AND SERVICES

7c. Durable Medical Equipment, Medical Supplies, and Orthotic Devices

Payment will be the lower of the provider's usual and customary charge or the amount established on the State agency's fee schedule published on the agency's website <http://dss.sd.gov/sdmedx/includes/providers/feeschedules/dss/index.aspx>. The rates are effective for services on or after the date listed on the Attachment 4.19B Introduction Page, Page 1.

Durable medical equipment (DME) subject to the limit described in Section 1903(i)(27) of the Social Security Act are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota rural rate as published by Medicare effective January 2019 and then January of each year starting after 2019. If no rural rate exists, items subject to this limit will be reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota non-rural rate as published by Medicare effective January 2019 and then January of each year starting after 2019.

DME items not subject to Section 1903(i)(27) of the Social Security Act, are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. If no rural rate exists, supplies are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota non-rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. DME items for which Medicare has not established a fee will be paid using a fee established by the State agency or priced by report. The reimbursement rate for these items is determined using one of a variety of different reimbursement methodologies. The reimbursement rates for DME items priced by report are determined using a similar DME item that has an established rate or a percentage of the provider's usual and customary charge. The specific methodology depends on the DME item.

Reimbursement for rental items are reimbursed at the lesser of the provider's usual and customary amount or the amount established on the State agency's fee schedule. Rent to purchase equipment is considered purchased when 12 rental payments have been made without a break in the rental of 3 or more consecutive months. A new rental period begins following a break of 3 or more consecutive months. Items considered a continuous rental by the department are identified on the fee schedule.

Payment for equipment maintenance and repairs is the lesser of the provider's usual and customary charge or the purchase price of a new piece of equipment. Purchase price is established according to this section.

Payment for supplies necessary for the effective use or proper functioning of covered medical equipment are reimbursed at the lesser of the provider's usual and customary charge or the amount established on the State agency's fee schedule. Effective July 1, 2024, payment for supplies are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. If no rural rate exists, supplies are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota non-rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. Supplies for which Medicare has not established a fee will be paid the using a fee established by the State agency or priced by report. The reimbursement rate for these services is determined using one of a variety of different reimbursement methodologies. The reimbursement rates for supplies priced by report are determined using a similar supply that has an established rate or a percentage of the provider's usual and customary charge. The specific methodology depends on the supply.

Orthotic devices are reimbursed at the lesser of the provider's usual and customary charge or the amount established on the State agency's fee schedule. Effective July 1, 2024, payment for orthotic devices are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. If no rural rate exists, orthotic devices are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota non-rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. Orthotic devices for which Medicare has not established a fee will be paid a fee established by the State agency or priced by report. The reimbursement rate for these services is determined using one of a variety of different reimbursement methodologies. The reimbursement rates for services priced by report are determined using a similar device that has an established rate or a percentage of the provider's usual and customary charge. The specific methodology depends on the device.

ATTACHMENT 4.19-B
PAYMENTS FOR MEDICAL AND REMEDIAL CARE AND SERVICES

12c. Prosthetic Devices

The agency's rates were set as of July 1, 2012, and are effective for prosthetic devices on or after that date. The agency-developed fee schedule is based upon review of the most recent year's paid claims information, national coding lists, and documentation submitted by providers and associated medical professional organizations. The fee schedule is published on the agency's website <http://dss.sd.gov/sdmedx/includes/providers/feeschedules/dss/index.aspx>.

Effective July 1, 2024, payment for prosthetic devices are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. If no rural rate exists, supplies are reimbursed at the lesser of the provider's usual and customary amount or 90% of the Medicare South Dakota non-rural rate as published by Medicare effective July 2024 and then January of each year starting in 2025. Prosthetic devices for which Medicare has not established a fee will be paid a fee established by the State agency or priced by report. The reimbursement rate for these services is determined using one of a variety of different reimbursement methodologies. The reimbursement rates for services priced by report are determined using a similar device that has an established rate or a percentage of the provider's usual and customary charge. The specific methodology depends on the device. Except as otherwise noted in the plan, the agency-developed fee schedule rates are the same for all governmental and private providers. Payments are based upon the published fee schedule unless the provider bills a lower amount.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: SOUTH DAKOTA

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES—
OTHER TYPES OF CARE

Payment of Medicare Part A, Part B, and Part C Deductible/Coinsurance

1. Payments are limited to State plan rates and payment methodologies for the groups and payments listed below and designated with the letters "SP".

For specific Medicare services which are not otherwise covered by this State plan, the Medicaid agency uses Medicare payment rates unless a special rate or method is set out on Page 3 in item ____ of this attachment (see 3. below).
2. Payments are up to the full amount of the Medicare rate for the groups and payments listed below, and designated with the letters "MR".
3. Payments are up to the amount of a special rate, or according to a special method, described on Page 3 in item _____ of this attachment, for those groups and payments listed below and designated with the letters "NR".
4. Any exceptions to the general methods used for a particular group or payment are specified on Page 3 in item _____ of this attachment (see 3. above).

N/A

Any costs in excess of the 110% limitation will not be recognized. The ceiling limitations will apply to all nursing facilities participating in the State Medicaid Program.

- d) Capital costs shall be limited to \$20.95 per resident day, effective July 1, 2023, for all nursing facilities participating in the State Medicaid Program. (See Section C, Provision Number(s) 3, 4, 5, and 6). Effective July 1, 2024, the capital cost limitation will be inflated by 4.3 percent as provided for in the State legislative appropriation. The appropriation for the inflationary percentage adjustment is included as part of the annual appropriation act for the ongoing and current expenses of state government. The act is approved by the legislative appropriation committee, the legislature, and Governor. The state plan will be updated to incorporate the actual adjustments once the adjustments are officially determined by the state's legislature.
3. A return on net equity shall be an allowable cost for proprietary facilities. The allowable rate of return shall be the average mid-point of the prime interest rate and the rate of 180-day U.S. Treasury Bills, as reported on the last business day of June, September, December, and March. The rate of return shall not exceed 10% and will be calculated on the provider's fiscal year-end balance sheet of the cost report required in Section A, Provision Number 3.
4. Building depreciation shall be limited to 3% on masonry and 4% on frame buildings and shall be calculated on the straight-line method. Generally-accepted accounting procedures will be used in determining the life of any addition(s) and improvements to primary structures. Effective July 1, 1999, the capital basis for depreciation of new construction, major renovation, and or any facilities acquired through purchase, must be subject to a salvage value computation of at least 15% (Section C, Provision Number 6).
5. Depreciation on fixed equipment shall be calculated on the straight-line method, following the American Hospital Association (AHA) Guidelines for any item(s) purchased after January 1, 1987.
6. Depreciation on major moveable equipment, furniture, automobiles, and specialized equipment shall be calculated on the straight-line method, following the American Hospital Association (AHA) Guidelines for any item purchased after January 1, 1987. Deviation from the AHA Guidelines may be granted in those instances in which facilities can provide the Department with documented historical proof of useful life.

b) Capital Cost—Dollar Limitation

The Capital Cost Components will consist of: (1) Building insurance, (2) Building Depreciation, (3) Furniture and Equipment Depreciation, (4) Amortization of Organization and Pre-Operating Costs, (5) Mortgage Interest, (6) Rent on Facility and Grounds, (7) Equipment Rent and, (8) Return on Net Equity. The Capital Cost will be limited to \$20.95 per resident day for all participating nursing facilities, effective July 1, 2023. Effective July 1, 2024, the capital cost limitation will be inflated 4.3 percent as provided for in the State legislative appropriation. The appropriation for the inflationary percentage adjustment is included as part of the annual appropriation act for the ongoing and current expenses of state government. The act is approved by the legislative appropriation committee, the legislature, and Governor. The state plan will be updated to incorporate the actual adjustments once the adjustments are officially determined by the state's legislature.

1. Leased Facility—maximum capital costs for a leased facility are limited to the following:

- a) The maximum capital costs is limited to the lower of actual costs or to the capital cost limitation per Section C, Provision Number 2.b. The capital cost components for computing the above limit shall consist of: (a) rent on facility/grounds and equipment; (b) building insurance; (c) building depreciation; (d) furniture and equipment depreciation; (e) amortization of organization and pre-operating costs; (f) capital related interest; and, (g) return on net equity. The capital cost items are allowable only if incurred and paid by the lessee. Capital costs will not be recognized in any other manner than as outlined in this section if incurred by the lessor (owner) and passed on to the lessee.
- b) The maximum allowable for lease payment(s) for facilities negotiating a new lease and facilities renewing existing leases after June 30, 1999, are limited to the lower of actual lease costs or 70% of the average per diem cost of the capital costs for owner managed facilities, excluding hospital affiliated facilities.

- c) No reimbursement shall be allowed for additional costs related to sub-leases.
2. For reimbursement purposes outlined under this plan, any lease agreement entered into by the operator and the landlord shall be binding on the operator or his successor(s) for the life of the lease, even though the landlord may sell the facility to a new owner. For reimbursement purposes outlined under this plan, the only exceptions for permitting the breaking of a lease prior to its natural termination date shall be:
- a) The new owner becomes the operator; or
 - b) The owner secures written permission from the Secretary to break the lease.
3. The maximum allowable capital cost for an owner-managed facility shall be limited to \$20.95 per resident day for all nursing facilities. Effective July 1, 2024, the capital cost limitation will be inflated by 4.3% as provided for in the State legislative appropriation. The appropriation for the inflationary percentage adjustment is included as part of the annual appropriation act for the ongoing and current expenses of state government. The act is approved by the legislative appropriation committee, the legislature, and Governor. The state plan will be updated to incorporate the actual adjustments once the adjustments are officially determined by the state's legislature.
4. New construction notification—Effective July 1, 1999, all nursing facilities that are planning to undertake new construction of a nursing facility, and/or a major expansion, and/or renovation project are required to notify the Department in writing prior to the start of construction, regarding the scope and estimated cost(s) of the project. For purposes of this, notification requirement any improvement, repair or renovation project will be defined as any improvement or repair with an estimated cost of \$125,000 or more.
