Re: Texas State Plan Amendment (SPA) 21-0024

Dear Ms. Stephens:

We have reviewed the proposed amendment and accompanying section 1135 waivers to add section 7.4 Medicaid Disaster Relief for the COVID-19 National Emergency to your Medicaid state plan, as submitted on March 31, 2021 under transmittal number (TN) TX 21-0024. This amendment proposes to implement temporary policies, which are different from those policies and procedures otherwise applied under your Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof).

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences of the COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and this state plan provision will no longer be in effect, upon termination of the public health emergency, including any extensions.

Pursuant to section 1135(b)(5) of the Act, for the period of the public health emergency, CMS is modifying the requirement at 42 C.F.R. 430.20 that the state submit SPAs related to the COVID-19 public health emergency by the final day of the quarter, to obtain a SPA effective date during the quarter, enabling SPAs submitted after the last day of the quarter to have an effective date in a previous quarter, but no earlier than the effective date of the public health emergency.

The State of Texas also requested a waiver of public notice requirements applicable to the SPA submission process. Pursuant to section 1135(b)(1)(C) of the Act, CMS is waiving public notice requirements applicable to the SPA submission process. Public notice for SPAs is required under 42 C.F.R. §447.205 for changes in statewide methods and standards for setting Medicaid payment rates, 42 C.F.R. §447.57 for changes to premiums and cost sharing, and 42 C.F.R. §440.386 for changes to Alternative Benefit Plans (ABPs). Pursuant to section 1135(b)(1)(C) (to waive), CMS is approving the state's request to waive these notice requirements otherwise applicable to SPA submissions.

The State of Texas also requested a waiver to modify the tribal consultation timeline applicable to this SPA submission process. Pursuant to section 1135(b)(5) of the Act, CMS is also allowing states to modify the timeframes associated with tribal consultation required under section 1902(a)(73) of the Act, including shortening the number of days before submission or conducting consultation after submission of the SPA.

These waivers or modifications of the requirements related to SPA submission timelines, public notice, and tribal consultation apply only with respect to SPAs that meet the following criteria: (1) the SPA provides or increases beneficiary access to items and services related to COVID-19 (such as by waiving or eliminating cost sharing, increasing payment rates or amending ABPs to add services or providers); (2) the SPA does not restrict or limit payment or services or otherwise burden beneficiaries and providers; and (3) the SPA is temporary, with a specified sunset date that is not later than the last day of the declared COVID-19 public health emergency (or any extension thereof). We nonetheless encourage states to make all relevant information about the SPA available to the public so they are aware of the changes.

We conducted our review of your submittal according to the statutory requirements at section 1902(a) of the Act and implementing regulations. This letter is to inform you that Texas Medicaid SPA Transmittal Number TX 21-0024 is approved effective December 11, 2020. This SPA is in addition to all previous approved Disaster Relief SPAs, and does not supersede anything approved in those SPAs.

Enclosed is a copy of the CMS-179 summary form and the approved state plan pages.

Section 7 – General Provisions 7.4. Medicaid Disaster Relief for the COVID-19 National Emergency

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

The State will pay Rural Health Clinics (RHCs) a Medical Assistance (MA) Fee Schedule rate, equivalent to the Medicare rate, for administration of COVID-19 vaccines beginning December 11, 2020 as described below in Section E – Payments.

NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

Request for Waivers under Section 1135

Other:	
4.	XOther payment changes:
	Effective for dates of service beginning December 11, 2020, through the end of the public health emergency, the State will pay only Rural Health Clinics (RHCs) that agree to accept this alternate payment methodology (APM) following approval of this SPA, the Medical Assistance (MA) Fee Schedule rate for the administration of COVID-19 vaccines administered during a COVID-19 vaccine-only visit by staff who have authority under state law to administer the vaccine and are covered under Texas' Medicaid State Plan. The payments made under this APM are separate from the Prospective Payment System (PPS) paid to RHCs providing COVID-19 vaccine administration along with other eligible RHC services as part of an encounter.
	This APM was developed to support RHCs, as a key COVID-19 vaccine provider identified in Texas' COVID-19 Vaccination Plan. Payments under this APM are to cover the costs associated with the administration of COVID-19 vaccines by RHCs during the COVID-19 vaccine-only visits during the public health emergency (PHE). If the RHC bills the vaccine as part of a medical visit, the RHC would be paid the PPS rate only.
	The amount paid under this APM is the Medicaid Fee Schedule rate for the administration of COVID-19 vaccines, which is equivalent to the Medicare rate developed by CMS to account for the additional costs associated with the administration of COVID-19 vaccines. This rate is being used for COVID-19 vaccine -only visits as RHC cost data history is not available for the rate development.
	RHCs will receive the MA Fee Schedule rate for each administration of a COVID-19 vaccine administration during a COVID-19 vaccine-only visit, effective with dates of service beginning December 11, 2020, through the end of the public health emergency.
	The payments under this APM are only for COVID-19 vaccine-only visits and result in payments that are at least equal to what would be paid for these services under the PPS methodology.

Please describe the group or groups of individuals with greater needs and the amount(s) protected for each group or groups.

Section G – Other Policies and Procedures Differing from Approved Medicaid State Plan /Additional Information

Rural Health Clinics (RHC) services are reimbursed using encounter rate methodology. They receive the per provider encounter rate for services and these services are all inclusive in the encounter rate. This request is to allow for the <u>administration of the COVID 19 vaccine only visit</u> to be reimbursed at a set fee equal to the same amount approved for the vaccine administration in a physician's office and not the encounter rate.
