RE: Washington State Plan Amendment (SPA) 22-0025

Dear Ms. Fontinos:

We have reviewed the proposed amendment to Attachment 4.19-D of your Medicaid state plan submitted under transmittal number (TN) 22-0025 effective for services on or after April 1, 2022. The purpose is to update the statutory reference authorizing a hospital opting out of the inpatient “Full Cost” Payment Program if the hospital meets the criteria for the inpatient rate enhancement. The reference to WAC 182-550-3830 is outdated and is being replaced with RCW 74.09.5225.

We conducted our review of your submittal according to the statutory requirements at sections 1902(a)(2), 1902(a)(13), 1902(a)(30), 1903(a), and 1923 of the Social Security Act. We hereby inform you that Medicaid State plan amendment 22-0025 is approved effective April 1, 2022.

We are enclosing the CMS-179 and the amended plan pages.

If you have any questions, please call Tom Caughey at (517) 487-8598.

Sincerely,

Rory Howe
Director

Enclosure
## Transmittal and Notice of Approval of State Plan Material

**FOR: CENTERS FOR MEDICARE & MEDICAID SERVICES**

### 1. Transmittal Number
22-0025

### 2. State

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES FOR INPATIENT HOSPITAL SERVICES (cont.)

A. INTRODUCTION (cont.)

Other payment methods used include fixed per diem, cost settlement, per case rate (effective August 1, 2017, through September 30, 2018, only, for Medicaid agency-approved bariatric surgery), disproportionate share hospital (DSH), and proportionate share hospital. All are prospective payment methods except the cost settlement payment method used to reimburse critical access hospitals. The DRG, full cost, “per diem,” and RCC payment methods are augmented by trauma care payment methods at state-approved trauma centers. The trauma care enhancement provides reimbursement to Level I, II, and III trauma centers through lump-sum supplemental payments made quarterly.

A fixed per diem payment method is used in conjunction with the LTAC program. A cost settlement payment method is used to reimburse hospitals participating in the state’s Title XIX Critical Access Hospital (CAH) program.

Effective for admissions on and after July 1, 2005, participating public hospitals located in the State of Washington that are not Agency-approved and DOH-certified as CAH, are paid using the “full cost” payment method for inpatient covered services as determined through the Medicare Cost Report, using the Agency’s Medicaid RCC to determine cost. Each public hospital district, for its respective non-CAH participating public hospital district hospital(s), the Harborview Medical Center, and the University of Washington Medical Center, provide certified public expenditures which represent the costs of the patients’ medically necessary care.

A hospital may opt-out of the inpatient “Full Cost” Payment Program if the hospital meets the criteria for the inpatient rate enhancement under RCW 74.09.5225 or is not eligible for public hospital disproportionate share hospital (PHDSH) payments under WAC 182-550-5400. To opt-out, the hospital must submit a written request to opt-out to the agency’s Chief Financial Officer by July 1st in order to be effective for January 1st of the following year.

Hospitals and services exempt from the DRG payment methods are reimbursed under the per diem, per case rate, (effective August 1, 2017, through September 30, 2018, only); RCC, “full cost”, cost settlement, or fixed per diem payment method for dates of admission on or after August 1, 2007. For dates of admission before August 1, 2007, reimbursement is under, RCC, “full cost” methods, and a base community psychiatric hospitalization payment rate used to determine the allowable for certain psychiatric claims.
