22. REMARKS

4.19 Payments for Medical and Remedial Care Services

health agencies only is based on payment rates for each service by units of time with limitations established for occurrences. The payment upper limit is established by arraying charges of providers for the services to establish a reasonable and customary and prevailing charge. Effective for dates of service on or after April 1, 2022, the behavioral health services rates will be increased by five (5) percent. Unless specifically noted otherwise in the plan, the state-developed fee schedule rate is the same for both governmental and private providers. The BMS fee schedule is published at: <https://dhhr.wv.gov/bms/fees/pages/default.aspx>.

Reimbursement for Assertive Community Treatment (ACT) is based on an assessment of the fees of those service codes included in the ACT array of services together with a review of the staff level and hours of the professionals included in the ACT team. A per diem or a monthly rate will be based on the historical data of the frequency of those service codes included in ACT and the number of staff and average wages of the professional team. Effective for dates of service on or after April 1, 2022, the ACT services rates will be increased by five (5) percent. Unless specifically noted otherwise in the plan, the state-developed fee schedule rate is the same for both governmental and private providers. The BMS fee schedule is published at: <https://dhhr.wv.gov/bms/fees/pages/default.aspx>.
