State Nebraska

---

When services which are reimbursed per a fee schedule, except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers. Except for Clinical Laboratory services and Injectable Drugs, the agency's rates were set as of July 1, 2021, and are effective for services on or after that date. All rates are published at: <http://dhhs.ne.gov/Pages/Medicaid-Provider-Rates-and-Fee-Schedules.aspx>. From the landing page, scroll down to the fee schedule for the specific program.

The fee schedule amounts for Injectables are based on 100% Medicare Drug fee schedule. The Department shall update the Injectables Fee Schedule using the most current calendar update as published by the Centers for Medicare and Medicaid Services. Injectable medications approved by the Medicaid Medical Director but not included on the Medicare Drug Fee Schedule will be reimbursed at the estimated acquisition cost (EAC) used to reimburse pharmacy claims.

The agency's fee schedule rate was set as of July 1, 2021 and is effective for services provided on or after that date.

Payment methods for each service are defined in Attachment 4.19-B, Methods and Standards for Establishing Payment Rates, as referenced below.

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

---

Payment for Outpatient Hospital and Emergency Room Services: For services provided on or after July 1, 2021, the Department pays for outpatient hospital and emergency services with a rate which is the product of:

1. Eighty six percent (88%) of the cost-to-charges ratio from the hospital's latest Medicare cost report (Form CMS-2552-89, Pub. 15-II, Worksheet C); multiplied by
2. The hospital's submitted charges on Form CMS-1450 (UB-04).

The effective date of the cost-to-charges percentage is the first day of the month following the Department's receipt of the cost report.

Providers shall bill outpatient hospital and emergency room services on Form CMS-1450 (UB-04) in a summary bill format. Providers shall not exceed their usual and customary charges to non-Medicaid patients when billing the Department.

Exception: All outpatient clinical laboratory services must be itemized and identified with the appropriate HCPCS procedure codes. The Department pays for clinical laboratory services based on the fee schedule determined by Medicare.

Payment for Outpatient Hospital and Emergency Room Services Provided by Critical Access Hospitals: Effective for cost reporting periods beginning after July 1, 2016, payment for outpatient services of a CAH is one hundred percent (100%) of the reasonable cost of providing the services, as determined under applicable Medicare principles of reimbursement, except that the following principles do not apply: the lesser of costs or charges (LCC) rule and the reasonable compensation equivalent (RCE) limits for physician services to providers. Nebraska Medicaid will adjust interim payments to reflect elimination of any fee schedule methods for specific services, such as laboratory services, that were previously paid for under those methods. Payment for these and other outpatient services will be made at one hundred percent (100%) of the reasonable cost of providing the services. Professional services must be billed by the physician or practitioner using the appropriate physician/practitioner provider number, not the facility's provider number. To avoid any interruption of payment, Nebraska Medicaid will retain and continue to bill under existing provider numbers until new CAH numbers are assigned.

  - a. The unit value multiplied by the conversion factor;
  - b. The invoice cost (indicated as "IC" in the fee schedule);

Payment for Telehealth Services: Payment for the professional service performed by the distant site practitioner (i.e., where the expert physician or practitioner is physically located at time of telehealth encounter) will be equal to what would have been paid without the use of telehealth. If a core service is provided via telehealth and the center/clinic is the distant site, the FQHC will be reimbursed at the PPS or the APM encounter rate (whichever was chosen at the time of the service). Non FQHC services provided via telehealth would not be eligible for PPS/APM payment. Non-FQHC services will be paid according to the Nebraska Medicaid Physician and Mental Health and Substance Use Fee Schedule, as authorized elsewhere in the plan.

Payment for Telehealth Transmission Costs: Payment for telehealth transmission is set at the lower of: (1) the provider's submitted charge; or (2) the maximum allowable amount.

The Department reimburses transmission costs for line charges when directly related to a covered telehealth service. The provider must be in compliance with the standards for real time, two way interactive audiovisual transmission as set forth in state regulations, as amended.

Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers of Telehealth services. Telehealth transmission cost and originating site fee are found on the Physician and Mental Health and Substance Use Fee Schedules, as authorized elsewhere in the plan.

The agency's fee schedule rate was set as of July 1, 2021 and is effective for telehealth transmission cost and originating site services provided on or after that date. Under special circumstances, the per diem reimbursement may exceed this maximum for a short period of time - for example, a recent return from a hospital stay. However, in these cases, the 30 day average of the in-home nursing per diems shall not exceed the maximum above. (The 30 days are defined to include the days which are paid in excess of the maximum plus those days immediately following, totaling 30.)
