Kelly Cunningham Director Illinois Department of Healthcare and Family Services 201 South Grand Avenue East, 3rd Floor Springfield, IL 62763-0001

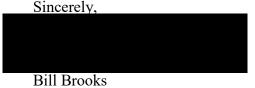

Re: Illinois State Plan Amendment (SPA) 22-0046

Dear Director Cunningham:

The Centers for Medicare & Medicaid Services (CMS) completed review of Illinois' State Plan Amendment (SPA) Transmittal Number 22-0046 submitted on December 28, 2022. The purpose of this SPA is to implement the Program of All-inclusive Care for the Elderly (PACE) program in the state.

We conducted our review of this amendment according to statutory requirements of Title XIX of the Social Security Act and implementing Federal regulations. This letter is to inform you that Illinois Medicaid SPA Transmittal Number 22-0046 is approved effective June 1, 2024.

If you have any questions regarding this amendment, please contact Elizabeth Lazzaro at (410) 786-8759 or Elizabeth.Lazzaro@cms.hhs.gov.

PACE STATE PLAN AMENDMENT PRE-PRINT

State: Illinois

PACE STATE PLAN AMENDMENT PRE-PRINT

II. Rates and Payments

- A. The State assures CMS that the capitated rates will be less than the cost to the agency of providing State plan approved services to an equivalent non-enrolled population group based upon the following methodology. Please attach a description of the negotiated rate setting methodology and how the State will ensure that rates are less than the amount the state would have otherwise paid for a comparable population.
 - 1. X Rates are set at a percent of the amount that would otherwise been paid for a comparable population.
 - 2___ Experience-based (contractors/State's cost experience or encounter date)(please describe)
 - 3 Adjusted Community Rate (please describe)
 - 4 Other (please describe)

Rate Setting Methodology

The IL PACE AWOPs are developed separately for the Medicaid Only and Dual Eligible populations with a stratification for the Dual Eligible populations for ages from 55 to 64 and for ages 65+. Mandatory enrollment in the state's risk-based managed care program, HealthChoice Illinois (HealthChoice), is required in all counties in the state. The managed care program experience and rate development serve as the basis for the AWOP methodology since PACE enrollees would otherwise be enrolled in the HealthChoice program if the PACE program did not exist. Additionally, the AWOP methodology utilizes certain components of the state's Medicare-Medicaid Alignment Initiative (MMAI) rate development to account for certain services that are carved-out of the HealthChoice program.

State: Illinois

PACE STATE PLAN AMENDMENT PRE-PRINT

Both the HealthChoice and MMAI capitation rates are developed on a calendar year basis. Note that both of these capitation rate sources are based on capitation rates developed by the State of Illinois' contract actuary and have been the basis for the established AWOPs, with certain adjustments as necessary such as those outlined further in this section; this is because the majority of expenditures that comprise the AWOPs are covered within the HealthChoice capitation rates or are outlined within the development of the MMAI rates in the case of acute care services for the dual-eligible MLTSS populations. The AWOPs will be updated annually.

The base data for the development of the AWOPs consists of the HealthChoice experience used to develop the HealthChoice capitation rates, limited to the PACE comparable populations and aggregated into two regions: Cook-Collar Counties, and Rest of State. The following HealthChoice rate setting adjustments are utilized and applied to develop the AWOPs:

- Prospective trend
- Prospective program adjustments
- Pharmacy contracting adjustments
- Managed care efficiency adjustments
- Patient liability reduction
- Service add-ons
- Non-medical load

State: Illinois

PACE STATE PLAN AMENDMENT PRE-PRINT

The AWOPs must be developed to account for the amount that the state would pay if the member was not enrolled in PACE and must be inclusive of all state plan services. The following additional adjustments were applied to ensure that the AWOPs accounted for all covered state plan services and reflected costs for a PACE comparable population:

- Pharmacy rebate reduction
- MLTSS acute care HealthChoice carve-out addition, with consideration for program changes, trend, and state administrative costs
- Other FFS carve-out addition
- Age factor adjustment
- Facility/waiver blend

After all the preceding adjustment are made, the PACE payment rates are established. The state assures that the rates will be below the AWOPs.

- B. The State Medicaid Agency assures that the rates were set in a reasonable and predictable manner.
- C. The State will submit all capitated rates to the CMS Regional Office for prior approval, and will include the name, organizational affiliate of any actuary used, and attestation/description of the capitation rates.

III. Enrollment and Disenrollment

The State assures that there is a process in place to provide for dissemination of enrollment and disenrollment data between the State and the State Administering Agency. The State assures that it has developed and will implement procedures for the enrollment and disenrollment of participants in the State's management information system, including procedures for any adjustment to account for the difference between the estimated number of participants on which the prospective monthly payment was based and the actual number of participants in that month.
