About This Toolkit and Background

Faith-based leaders, like you, are trusted partners in the community and often share important health information with their congregations and communities.

During the COVID-19 Public Health Emergency, states were required to maintain enrollment of nearly all Medicaid enrollees. On March 31, 2023, the Medicaid continuous enrollment condition ended. States are now resuming normal operations, including restarting full Medicaid and Children’s Health Insurance Program (CHIP) eligibility renewals and terminations of coverage for individuals who are no longer eligible. As of April 1, 2023, states were able to terminate Medicaid enrollment for individuals no longer eligible. States will have up to 12 months to return to normal eligibility and enrollment operations.

Medicaid provides health coverage to over 86 million Americans, which include low-income adults, children, pregnant women, elderly adults, and people with disabilities. Medicaid is also the single largest source of health coverage in the United States. Each state runs its own Medicaid program, and they could have different names. For example, in Tennessee, Medicaid is called TennCare. CHIP provides health coverage to over 7 million uninsured kids in low-income families. Just like Medicaid, each state runs its own CHIP program, and they may have different names. For example, in Georgia, CHIP is called PeachCare for Kids®.

People with Medicaid and CHIP will need to renew their coverage by following instructions outlined in letters they receive in the mail from their state program. If they don’t fill out the paperwork, they will lose coverage. There are other health insurance options for people who are no longer eligible for Medicaid or CHIP.

You can help spread the word about this important issue with your congregation. Below, you’ll find the following ready-to-use resources:

- Bulletin Inserts
- Pulpit Messages
- Social Media Messages
- Email Signature Options
- Text/SMS Messaging
- Fact Sheet

*How to Use*: Enclose this insert in your weekly bulletin/newsletter/blog to help spread the word.

**BULLETIN INSERT #1A: LONG VERSION**

Do you have [name of your state Medicaid/CHIP program]? If so, have you received a [name of your state Medicaid/CHIP program] renewal letter?

*Protect Yourself and Your Family: Renew Your Coverage*

Do you or a family member currently have health insurance through [name of your state Medicaid/CHIP program]? If so, it’s important to make sure your home address is up to date with them, so you receive your renewal letter in the mail.

Medicaid and CHIP programs are restarting renewals to determine who is still eligible for coverage. This renewal process is underway. If you have coverage through Medicaid or CHIP, it’s critical for you to update your contact information, check your mail, and fill out and return the forms. If this isn’t done, you risk losing these health care benefits.

It’s easy to update your information:

- **UPDATE** your contact information with [name of your state Medicaid/CHIP program].
- **RESPOND** to the Medicaid/CHIP renewal form when it arrives, so you can keep your coverage.
- **PARENTS**, you should respond even if you don’t think you’re eligible—your kids could still be eligible.
- **CONSIDER OTHER COVERAGE OPTIONS**. If you are no longer eligible for Medicaid or CHIP, find out if you can get coverage through your employer, through the Affordable Care Act Marketplace at [HealthCare.gov](HealthCare.gov), or through Medicare.

Making sure that you and your family have health care coverage is important.

Thank you for your attention to this important matter. Let us continue to take care of each other’s health.

Pulpit Message #1:
Update Your [name of your state Medicaid/CHIP program] Contact Information

How to Use: Share this message with your congregation at the beginning of your service, prior to your sermon, at the end of the service, or during congregation functions, luncheons, etc.; insert it in your newsletter; or post on your website/blog.

Dear Friends,

We care about you and your health, and so, I stand before you today with an important message about health insurance coverage—specifically, [name of your state Medicaid/CHIP program].

[name of your state Medicaid/CHIP program] offers essential programs that provide health coverage to people who otherwise may not be able to afford it. This coverage is no longer automatically ongoing—the Medicaid and CHIP renewal process includes an annual review to find out who is still eligible.

It’s important that we get the word out, so people don’t lose access to these vital programs. Make sure your family and friends who have Medicaid or CHIP know about this.

About half of the kids in the U.S. get their health care coverage through Medicaid or CHIP. Many people could lose coverage even though they’re still eligible. We don’t want this to happen to you or your loved ones!

If you have [name of your state Medicaid/CHIP program] coverage, act today. When you go home, turn on your computer or use your local library computer to go to your [name of your state Medicaid/CHIP program] website and follow the steps provided there to update your contact information. Make sure [name of your state Medicaid/CHIP program] has your current mailing address, phone number, email, or other contact information. This way, they’ll be able to contact you about your Medicaid or CHIP coverage.

Be on the lookout for a letter from [name of your state Medicaid/CHIP program]. The letter will state if you need to fill out a form to renew your coverage. Fill it out and mail it in right away to help avoid a gap in your Medicaid or CHIP coverage.

If you don't receive a renewal letter, contact [name of your state Medicaid/CHIP program] to make sure you don’t have a gap in coverage.

The urgency here cannot be overstated—ensuring that you and your family have health insurance coverage is vitally important. Even if you think you may not qualify for Medicaid or CHIP, your children might still be eligible. Act today, and help each other by spreading this message.

Losing Medicaid or CHIP?

3 Things to know about your health care options

During the COVID-19 pandemic, states were able to stop reviewing eligibility for Medicaid and the Children’s Health Insurance Program (CHIP), and couldn’t remove anyone who was enrolled in this coverage. As of February 1, 2023, states are allowed to restart these reviews. This means some adults and children may lose their Medicaid or CHIP coverage.

If your state tells you that you’ve lost or may soon lose health coverage through Medicaid or CHIP, you have other health care options. Here are 3 important things to know:

1. You can re-apply for Medicaid or CHIP to find out if you still qualify.
   - In all states, Medicaid and CHIP offer health coverage to some low-income people, families and children, pregnant women, the elderly, and people with disabilities. If your income level or medical needs change, you might qualify for Medicaid or CHIP in your state.
   - You can apply any time, and there’s no limit to the number of times you can apply.
   - To re-apply for Medicaid or CHIP, visit Medicaid.gov/apply and find your state for next steps.

2. You may be able to get lower-cost, quality health coverage through the Health Insurance Marketplace.
   - Most people qualify for savings on a health plan to lower their monthly premium and what they pay when they get care. Savings are based on household income and size.
   - All Marketplace plans cover doctor visits, prescription drugs, emergency care, mental health, hospitalizations, and more.
   - Visit HealthCare.gov to find and enroll in a health plan, or call the Marketplace Call Center at 1-800-318-2396. TTY users can call 1-855-488-4125.
   - Submit a new or updated Marketplace application to see if you or other members of your household qualify to enroll in a Marketplace plan and get help with costs.

3. You may be able to sign up for Medicare without paying a late enrollment penalty.
   - If you now qualify for Medicare, but didn’t sign up for it when you first became eligible, you have a limited time (called a “Special Enrollment Period”) to sign up without paying the usual penalty.
   - Your Special Enrollment Period starts the day your state notifies you that your Medicaid coverage is ending, and continues for 6 months after your Medicaid coverage ends.
   - To sign up for Medicare during this Special Enrollment Period, fill out a CMS-10977 form and mail or fax it to your local Social Security office. You can also call Social Security at 1-800-772-1213. TTY users can call 1-800-T82-0778.
   - For more information about Medicare, visit Medicare.gov or call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-889-4242.
