RE: AHCCCS 1115 Demonstration Waiver Amendment Request - KidsCare Expansion

Dear Administrator Brooks-LaSure:

On behalf of the State of Arizona and the Arizona Health Care Cost Containment System (AHCCCS), I am pleased to submit the enclosed application for Arizona's KidsCare Expansion demonstration waiver proposal under Section 1115 of the Social Security Act. Arizona's current 1115 waiver is in place through September 30, 2027, and if approved, this amendment will run concurrently with AHCCCS' requested renewal period through September 30, 2027.

Arizona has long demonstrated its commitment to innovation in Medicaid. Building on that history and experience, the KidsCare Expansion Amendment is designed to reduce the number of uninsured children in Arizona by raising the Children's Health Insurance Program (CHIP) eligibility thresholds from 200% of the federal poverty level (FPL) to 225% FPL, or as further expanded in future state legislation and appropriation.

This request is in alignment with Arizona Senate Bill (SB) 1726 which, subject to CMS approval, provided state authority to expand KidsCare eligibility to include members with income at or below 225% of the FPL. Prior to submitting this 1115 Waiver Amendment Request, AHCCCS sought CMS approval to expand KidsCare (CHIP) financial eligibility through a State Plan Amendment (SPA). However, CMS informed AHCCCS that the State had maxed out its eligibility levels using Title XXI funds under regulatory parameters for CHIP coverage expansions established at Section 2110(b)(1)(B)(ii)(II) of the Social Security Act and 42 CFR 457.310(b)(1)(iii)(A).

The initiatives proposed in this waiver request were informed by a robust public input process that engaged stakeholders throughout the legislative and original state plan amendment processes. Stakeholders were engaged through tribal consultation, the State Medicaid Advisory Committee, and AHCCCS Hot Topics Community Forums in which only positive support was received for the amendment.

Thank you again for your consideration of the KidsCare Expansion waiver request. We appreciate your shared commitment to the innovations advanced in the proposal and your recognition of the positive impact this can have on the health and wellness of those served by AHCCCS.

Sincerely,

Carmen Heredia

## I. SUMMARY

The Arizona Health Care Cost Containment System (AHCCCS) is requesting an amendment to the State's current Demonstration project, "Arizona Medicaid Section 1115 Demonstration" under section 1115 of the Social Security Act (Project Number 11-W-00275/9), to seek authority to raise the Children's Health Insurance Program (CHIP) eligibility thresholds from 200% of the federal poverty level (FPL) to 225% FPL, or as further expanded in future state legislation and appropriation. This separate CHIP program, authorized under Title XXI of the Social Security Act, is also known in Arizona as "KidsCare." AHCCCS estimates that an additional 9,700 children under age 19 in Arizona will be eligible for KidsCare health insurance with this expansion.

This request is in alignment with Arizona Senate Bill (SB) 1726 which, subject to CMS approval, provided state authority to expand KidsCare eligibility to include members with income at or below 225% of the FPL. Prior to submitting this 1115 Waiver Amendment Request, AHCCCS sought CMS approval to expand KidsCare (CHIP) financial eligibility through a State Plan Amendment (SPA). However, CMS informed AHCCCS that the State had maxed out its eligibility levels using Title XXI funds under regulatory parameters for CHIP coverage expansions established at Section 2110(b)(1)(B)(ii)(II) of the Social Security Act and 42 CFR 457.310(b)(1)(iii)(A).

Under this Demonstration proposal, AHCCCS seeks to expand CHIP financial eligibility and update CHIP premium amounts in accordance with the updated financial eligibility standards. Additionally, AHCCCS seeks authority to expand the FPL level contingent upon future State legislation and appropriation.

This 1115 Waiver Amendment will advance the following strategic objectives of the KidsCare Program:

- Reduce the number of uninsured children,
- Maintain or increase annual dental visits,
- Maintain or increase child and adolescent well-care visits, and
- Maintain or increase metabolic monitoring for children and adolescents on antipsychotics.

## II. OVERVIEW

Since 1982, AHCCCS has been delivering high-quality, cost-effective health care services to Arizonans through a comprehensive 1115 Demonstration Waiver. This waiver has extended AHCCCS the authority to implement innovative programs including integrated managed care for AHCCCS populations through AHCCCS Complete Care (ACC); the Arizona Long Term Care System (ALTCs); the Comprehensive Health Plan (CHP) for children in foster care; and Regional Behavioral Health Agreements (RBHAs) which provide integrated care for individuals with a Serious Mental Illness (SMI). Most recently, the Centers for Medicare and Medicaid Services (CMS) approved a five-year extension of this 1115 waiver, continuing many long-standing authorities and programs and also including new innovative programs such as Targeted Investments 2.0 and Housing and Health Opportunities (H2O) to further advance member health outcomes.

In 1998, Senate Bill 1008 was approved by the Arizona Legislature and authorized the implementation of a Title XXI Child Health Insurance Program (CHIP) otherwise referred to as KidsCare. To prepare for the implementation of this program, Arizona submitted a Title XXI State Plan to extend health coverage in Arizona for children up to the age of 19 with services first rendered in November of 1998. Initially,

income thresholds were set at 150% of FPL with an increase to 200% FPL shortly after in 1999. In January 2010, during the economic recession, the KidsCare program was frozen for new members due to insufficient State funds available for the State match. In May 2012, CHIP enrollment was opened to 21,700 individuals on the KidsCare waiting list with incomes between 100% and 175% FPL through an 1115 waiver. The waiver program, KidsCare II, was approved through December 2013. In April 2013, this waiver was amended to extend KidsCare II coverage to an additional 33,000 individuals with family incomes up to 200% FPL. In 2016, the KidsCare enrollment freeze was lifted through AZ Senate Bill 1457. As of FFY 2022, 73,032 children were enrolled in Arizona's KidsCare Medicaid Expansion CHIP and 68,275 children in the separate CHIP program.

Over the 40 years of operating its comprehensive 1115 Waiver, AHCCCS has learned that just as populations change, a health care system is most effective when it continually evolves and innovates. Increasing access to health care coverage is a critical driver of health outcomes for children. AHCCCS' request to expand KidsCare eligibility to 225% FPL is built on a substantial body of research which demonstrates that children's health care coverage corresponds with improved health and social outcomes. It is also in alignment with CMS' commitment to continue strengthening the CHIP program over the next 25 years.<sup>1</sup> A 2022 CMS Report notes that "children with health insurance are more likely to experience healthy physical and emotional growth."<sup>1</sup>

Additionally, results from a 2014 CHIPRA Mandated Evaluation found that children in Medicaid and CHIP had better access to care and fewer unmet needs.<sup>2</sup> Research also shows that having health care coverage as a child not only leads to improved health outcomes over one's lifetime but also leads to better educational outcomes and higher-paying jobs as an adult.<sup>3</sup> Providing families with increased coverage for their children also means a reduction in school absenteeism for children and, potentially, lost work days for their parents.<sup>4</sup> Furthermore, children's eligibility for Medicaid and CHIP has been linked to a decrease in high school drop-out rates and an improved probability of completing high school on time, in four years.<sup>5</sup>

In addition to the benefits of expanding financial eligibility noted above, this waiver amendment will help children maintain health care coverage as AHCCCS continues the process of unwinding from the Consolidated Appropriations Act (CAA) 2023 continuous enrollment (CE) condition. It establishes a new coverage option for children who would not have otherwise qualified for CHIP, Medicaid or private insurance. In consideration of the urgent need for health care options for such children and to reduce the number of uninsured children in Arizona, AHCCCS is eager to receive timely CMS approval of this request.

### III. WAIVER AMENDMENT PROPOSAL DETAILS

#### A. Proposed Cost Sharing Requirements under the Demonstration as Amended

This Demonstration does not change the Medicaid benefit package design; there is no new cost-sharing, copayments, or coinsurance for any benefit provided under the waiver. State Plan benefits will continue to be applied in accordance with the State Plan and all eligibility groups will continue to receive all State Plan benefits. However, this Demonstration does apply existing CHIP State Plan cost sharing standards to CHIP beneficiaries who qualify under the expanded financial eligibility standards (201% - 225% FPL). These new beneficiaries will have the same cost sharing responsibilities as individuals who meet the criteria in the state’s third premium tier. The specific cost sharing requirements are:

Federal Poverty Levels (FPL)	1st Child	More than 1 Child
>200% to 225%	\$50.00	\$70.00 Total

#### B. Proposed Changes to the Delivery System under the Demonstration as Amended

The delivery system for persons impacted by this proposed 1115 Waiver amendment will not vary from AHCCCS’ current program features as described in the current State Plan and Demonstration.

#### C. Proposed Changes to Benefit Coverage under the Demonstration as Amended

This demonstration does not change the Medicaid benefit package design; there are no new or fewer services, cost-sharing, copayments, or coinsurance for any benefit provided under the waiver. State Plan benefits will continue to be applied in accordance with the State Plan and all eligibility groups will continue to receive all State Plan benefits.

#### D. Proposed Changes to Eligibility Requirements

This demonstration proposes to expand financial eligibility for the KidsCare (CHIP) program for beneficiaries who meet all other criteria for a targeted low-income child established at 42 CFR 457.310. The proposed new eligibility standards are detailed in the table below (and may be further expanded should future state legislation and appropriations allow):

From Age	To Age	Above (% FPL)	Up to and including (% FPL)
0	1	147	225
1	6	141	225
6	18	133	225

The following provisions apply to these eligibility requirements:

- Age: Must be under age 19
- Income standards are applied statewide
- There are no exceptions (e.g. populations in a county which may qualify under either a statewide income standard or a county income standard)

## IV. REQUESTED WAIVER & EXPENDITURE AUTHORITIES

### REQUESTED WAIVER & EXPENDITURE AUTHORITIES

**Targeted low-income child**

**(2110)(b)(1)(B)(ii)(II)  
(42 CFR 457.310(b)(1)(iii)(A)**

To permit the State to expand CHIP eligibility to include beneficiaries whose household income exceeds the Medicaid applicable income level, as defined in (2110)(b)(4), for the age of such child by more than 50 percentage points.

**Targeted low-income child**

Expenditures for child health assistance for beneficiaries whose household income exceeds the Medicaid applicable income level, as defined in (2110)(b)(4), for the age of such child by more than 50 percentage points.

## V. EVALUATION DESIGN

Arizona’s 1115 Waiver Evaluation design will be modified to incorporate the KidsCare waiver amendment. The demonstration will test whether this amendment, if approved, effectively promotes a reduction in the number of uninsured children and improved health care service utilization. The table below outlines the proposed hypotheses for this 1115 Waiver amendment and potential performance measures that would allow AHCCCS to effectively test each of the specific hypotheses.

### KidsCare Expansion Objectives, Hypothesis, and Approaches

Objectives	Proposed Hypothesis	Potential Approaches
The AHCCCS Kidscare Expansion demonstration will reduce the number of uninsured children, and maintain or increase the number of annual dental visits, child and adolescent well-care visits, and metabolic monitoring for children and adolescents on antipsychotics.	The AHCCCS Kidscare Expansion Amendment will maintain or improve health outcomes for AHCCCS members.	Data will be drawn from a variety of sources including, but not limited to: <ul style="list-style-type: none"> <li>• Member surveys,</li> <li>• State eligibility and enrollment data,</li> <li>• Claims/encounter data,</li> <li>• Administrative program data (PMMIS),</li> <li>• T-MSIS, and</li> <li>• National/regional benchmarks.</li> </ul>
	The AHCCCS Kidscare Expansion Amendment will maintain or improve the management of chronic conditions for AHCCCS members.	
	The AHCCCS Kidscare Expansion Amendment will maintain or improve access to care for AHCCCS members.	
	The AHCCCS Kidscare Expansion Amendment will maintain or increase the utilization of primary care and preventative health services.	
	The AHCCCS Kidscare Expansion	

	Amendment will maintain or improve member satisfaction with care.	
	The AHCCCS KidsCare Expansion Amendment will promote continuity of care for its members.	
	The AHCCCS KidsCare Expansion Amendment will yield cost-effective care for AHCCCS members.	

## VI. PUBLIC NOTICE PROCESS

Pursuant to the terms and conditions that govern Arizona’s Demonstration, Arizona must provide documentation of its compliance with the Demonstration of Public Notice process with 59 Federal Regulation 49249, the tribal consultation requirements pursuant to Section 1902(a)(73) of the Act as amended by Section 5006(e) of the American Recovery and Reinvestment Act of 2009, and the tribal consultation requirements outlined in STC 13.

### Public Website

The KidsCare financial eligibility expansion proposal was posted on the AHCCCS website at <https://www.azahcccs.gov/AHCCCS/Downloads/PublicNotices/KidsCareIncomeEligibility23.pdf> on August 16, 2023, for public comment. This proposal was also posted on the 1115 Demonstration Waiver page at <https://www.azahcccs.gov/Resources/Federal/PendingWaivers/KidsCareExpansionWaiver.html>. The web page includes a summary of the proposal and instructions on how public comments may be submitted.

### Stakeholder Meetings

AHCCCS presented the details of Arizona’s KidsCare Expansion amendment proposal at two virtual public forum meetings on July 12, 2023, and August 21, 2023, and at Tribal Consultation held on August 29, 2023. Stakeholders were able to submit comments and questions on the proposed request during any of the forums, by email to: [publicinput@azahcccs.gov](mailto:publicinput@azahcccs.gov), or by mail to: AHCCCS, c/o Division of Community Advocacy and Intergovernmental Relations (DCAIR); 801 E. Jefferson Street, MD 4200, Phoenix, AZ 85034. All comments were due by September 30, 2023. More information about the proposed request, including the proposal and full public notice and public input process, can be found at <https://www.azahcccs.gov/AHCCCS/Downloads/PublicNotices/KidsCareIncomeEligibility23.pdf>. Details regarding the public forum meetings can be found in **Appendix C**.

### Enactment By State Legislature

The KidsCare Expansion Proposal was enacted through Arizona Senate Bill (SB) 1726 by the State Legislature before the submission of this demonstration proposal. During this process, the chaptered version of the bill, outlining the proposal, was made publically available and the Arizona State Legislature opened a public comment period on the proposal. Public comment from the State Legislature’s public process can be found in Appendix D and demonstrates a vast majority of positive support for the proposal.

### **Additional Public Comment**

Upon submission of this waiver amendment to CMS, AHCCCS will post this proposal to the AHCCCS website for an additional 30 day public comment period that will run parallel to the federal 30 day public comment period. Any additional public comments received on this proposal will be collected and reported to CMS for consideration.

## **VII. PUBLIC COMMENT SUMMARY**

As part of Arizona's KidsCare Expansion Amendment, AHCCCS acknowledged, reviewed, and considered all comments received throughout the public input process. These responses were obtained from a variety of stakeholders including, but not limited to, providers, public health organizations, legal advocates, tribal organizations, hospitals, and consumer advocacy groups. Copies of written comments are included in **Appendix D**.

All input received from various stakeholder engagement sessions was in support of the proposal to expand KidsCare financial eligibility. As previously noted, the proposal was first introduced during the State legislative session and the public had an opportunity to submit public comments during the legislative session. The public comments received during the legislative session indicated tremendous support for the expansion of KidsCare financial eligibility, with many comments expressing that the expansion is needed to support this vulnerable population. In total, 118 comments of support were obtained through the legislative input process with no comments opposing the expansion.

In addition to the written comments received during the legislative session, AHCCCS also received many verbal comments of support during the public meetings in which the proposal was discussed.

**AHCCCS NOTICE OF PUBLIC INFORMATION  
INTENT TO SUBMIT A STATE PLAN AMENDMENT (SPA)**

**Name of the Agency:** Arizona Health Care Cost Containment System (AHCCCS)

**The topic of the public information notice:** Inform the public of AHCCCS's intent to submit a State Plan Amendment.

**SPA Title:** KidsCare (CHIP) Income Eligibility and Strategic Objectives

**SPA Overview:** This SPA updates KidsCare (CHIP) income eligibility to establish that the gross income of the family household members may not exceed 225% FPL. In addition, it updates the KidsCare (CHIP) Strategic Objectives and Performance Goals.

**State Plan Amendment and Public Comment Period**

The proposed SPA is located on the next page of this document.

Public notice was posted on August 16, 2023

Comments will be accepted through September 30, 2023

**Original Implementation Date:** November 1, 1998

**Amendment Effective Date:** February 1, 2004 (premiums >150% FPL)  
July 1, 2004 (premiums 100%-150% FPL)  
May 1, 2009 (premiums >150% FPL) January 1, 2010 (enrollment cap)  
October 10, 2013 (remove wait list)  
July 26, 2016 (remove enrollment cap)  
August 6, 2016 (premium lock out period)  
October 1, 2017 (mental health parity)  
July 1, 2018 (Managed Care Regulations)  
July 1, 2019 (COVID-19 Disaster Response)  
March 11, 2021 (ARP Coverage of COVID-19 Vaccines, Testing and Treatment)  
[November 1, 2023 \(CHIP Income Eligibility and Strategic Objectives\)](#)

Discontinuation of coverage of children aging out of CHIP during the COVID public health emergency became effective on June 26, 2020.

In the event of a disaster, the State will notify CMS of its intent to provide temporary adjustments to; flexibilities around delays in processing applications and renewals, the ability to waive the three month waiting period for applicants, the ability to waive existing premiums, and the ability to waive the premium lock-out period. In addition, the state is requesting to temporarily provide continuous eligibility to its CHIP population.

#### **1.4-TC Tribal Consultation.**

Describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment, when it occurred, and who was involved. The State of Arizona seeks advice on a regular, ongoing basis from all of the federally-recognized tribes, Indian Health Service (IHS) Area Offices, tribal health programs operated under P.L. 93- 638, and urban Indian health programs in Arizona regarding Medicaid and CHIP matters. These matters include but are not limited to State Plan Amendments, waiver proposals, waiver extensions, waiver amendments, waiver renewals, and proposals for demonstration projects. The AHCCCS Tribal Consultation Policy serves as a guidance document that includes the process by which reasonable notice and opportunity for consultation should occur and scenarios in which AHCCCS shall engage in the consultative process. The frequency of consultation is dependent on the frequency in which policy changes are proposed. When a proposed policy change requires consultation, the State will to its best ability provide notice of the tribal consultation meeting date as well as a description of the proposed policy change to be discussed. Ideally, a consultation meeting, which provides an opportunity for discussion and verbal comments to be made regarding a proposed change, will occur either in-person or by conference call 45 days prior to the submission of the policy change to CMS. The State will also provide an opportunity for written comments. Ideally, during the 45-day period, tribes and I/T/U will be provided at least 30 days to submit written comments regarding the policy change for consideration. Verbal comments presented at the meeting as well as written comments will be included in an attachment to accompany the submission of a State Plan Amendment, waiver proposal, waiver renewal, or proposal for a demonstration project.

Effective Date: ~~March 11, 2021~~ November 1, 2023 3 Approval Date: July 13, 2022

**Section 4. Eligibility Standards and Methodology. (Section 2102(b))**

Check here if the state elects to use funds provided under Title XXI only to provide expanded eligibility under the state’s Medicaid plan, and continue on to Section 5.

**4.1 The following standards may be used to determine eligibility of targeted low-income children for child health assistance under the plan. Please note whether any of the following standards are used and check all that apply. If applicable describe the criteria that will be used to apply the standard. (Section 2102)(b)(1)(A)) (42 CFR 457.305(a) and 457.320(a))**

4.1.1.	X	<b>Geographic area served by the Plan:</b> Statewide
4.1.2.	X	<b>Age:</b> KidsCare is available to children under 19 years of age. A child is considered to be under age 19 through the day before the child’s 19 <sup>th</sup> birthday. Coverage will continue through the month in which the child turns age 19.
4.1.3.	X	<b>Income:</b> The combined gross income of the family household members may not exceed <del>200</del> 225% of the FPL. As required by CMS, certain payments and grants as specified in 20 CFR Part 416, the Appendix to Subpart K, are excluded when determining gross income. All wages paid by the Census Bureau for temporary employment related to census activities are excluded.  See Attachment G for a description of family household income and the methodology for evaluating family income.
4.1.4.		Resources (including any standards relating to spend downs and disposition of resources):  No resource text.
4.1.5	X	<b>Residency:</b> Arizona residency is required. An Arizona resident is a person who currently lives in Arizona and intends to remain in the state indefinitely. AHCCCS requires a signature on the application declaring that the child is an Arizona resident.
4.1.6		Disability Status (so long as any standard relating to disability status does not restrict eligibility):

Effective ~~May 1, 2009~~ November 1, 2023, the premium amounts for children when parents are no enrolled are as follows:

PREMIUM AMOUNTS

Federal Poverty Levels (FPL)	1 <sup>st</sup> Child	More than 1 Child
100% to 150%	\$10.00	\$15.00
151% - 175%	\$40.00	\$60.00 Total
176% - <del>200</del> <u>225</u> %	\$50.00	\$70.00 Total

**8.2.2 Deductibles:** Not Applicable

**8.2.3. Coinsurance or copayments:** No copayments are charged.

**8.2.4. Other:** N/A

**8.3 Describe how the public will be notified, including the public schedule, of this cost-sharing (including the cumulative maximum) and changes to these amounts and any differences based on income. (Section 2103(e)((1))(B)) (42 CFR 457.5805(b))**

Information about cost sharing is included in the following:

- Member notices will be sent prior to implementation
- Education and application materials.
- Member handbooks provided by KidsCare contractors.
- Arizona Administrative Register and other rulemaking activities conducted by the AHCCCS Administration.
- Native American newsletters and meetings make it clear that the Native American and Alaskan Native populations are exempt from paying any cost sharing.
- Posted on the AHCCCS public website
- Presented to the State Medicaid Advisory Committee

**8.4 The state assures that it has made the following findings with respect to the cost sharing in its plan: (Section 2103(e))**

**8.4.1. X Cost-sharing does not favor children from higher income families over lower income families (Section 2103(e)(1)(B)) (42 CFR 457.530)**

**8.4.2. X No cost sharing applies to well-baby and well-child care, including age-appropriate immunizations (Section 2103(e)(2)) (42 CFR 457.520)**

Effective Date: 05-01-09

Approval Date: 04/13/09

Implementation date: ~~June 1, 2009~~ November 1, 2023

## Section 9. Strategic Objectives and Performance Goals and Plan Administration (Section 2107)

### 9.1. Describe strategic objectives for increasing the extent of creditable health coverage among targeted low-income children and other low-income children: (Section 2107(a)(2)) (42CFR 457.710(b))

Arizona has established the following strategic objectives for the KidsCare Program:

- ~~Decrease the percentage of children in Arizona who are uninsured or who do not have a regular source of health care.~~
- ~~Improve the health status of children enrolled in KidsCare in Arizona through a focus on early preventive and primary care.~~
- ~~Ensure that KidsCare eligible children in Arizona have access to a regular source of care and ensure utilization of health care by enrolled children.~~
- ~~Avoid "crowd out" of employer coverage.~~
- ~~Coordinate with other health care programs providing services to children to ensure a seamless system of coverage.~~

1. ~~Reduce the number of uninsured children.~~
2. ~~Maintain or increase annual dental visits.~~
3. ~~Maintain or increase child and adolescent well-care visits~~
4. ~~Maintain or increase metabolic monitoring for children and adolescents on antipsychotics~~

### 9.2. Specify one or more performance goals for each strategic objective identified: (Section 2107(a)(3)) (42CFR 457.710(c))

- ~~Decrease the percentage of children in Arizona who are uninsured. (In the first year of the KidsCare Program, decrease the percentage of children with income under 150% of FPL who are uninsured and, in subsequent years, decrease the number of children with income under 200% of FPL who are uninsured.)~~
- ~~Screen 100 percent of applications to determine if the child was covered by employer sponsored insurance within the last three months. If however, a child has exceeded the lifetime limit to his or her employer sponsored insurance policy, the child will not be required to go bare for three months.~~
- ~~Improve the number of KidsCare eligible children who receive preventive and primary care by meeting goals according to Health People 2010:~~

1. ~~90 percent of children under two will receive age appropriate immunizations;~~
2. ~~90 percent of children under 15 months will receive the recommended number of well child visits;~~
3. ~~90 percent of three, four, five, and six year olds will have at least one well child visit during the year;~~
4. ~~90 percent of children will have at least one dental visit during the year; and~~

- ~~Ensure that KidsCare enrolled children receive access to a regular source of care:~~

1. ~~100 percent of enrolled children will be assigned a PCP; and~~
2. ~~90 percent of KidsCare children will see a PCP at least once during the first 12 months of enrollment.~~

Formatted: Numbered + Level: 1 + Numbering Style: 1, 2, 3, ... + Start at: 1 + Alignment: Left + Aligned at: 0.25" + Indent at: 0.5"

1. Objective 1: Reduce the number of uninsured children

Goal: Reduce the percentage of children losing Medicaid or CHIP eligibility at renewal for procedural reasons.

2. Objective 2: Maintain or increase annual dental visits

Goal: The percent of members having Annual Dental Visits will meet or exceed the associated National Committee for Quality Assurance (NCQA) Medicaid Mean for the associated reporting period.

3. Objective 3: Maintain or increase child and adolescent well-care visits

Goal: The percent of members having a Child and Adolescent Well Visit will meet or exceed the associated NCQA Medicaid Mean for the associated reporting period.

4. Objective 4: Maintain or increase metabolic monitoring for children and adolescents on antipsychotics

Goal: The percent of members on antipsychotics having metabolic monitoring will meet or exceed the associated NCQA Medicaid Mean for the associated reporting period.

# Transforming Policy: The Medicaid State Plan and Role of Lived Experience in Public Comments

Ruben Soliz, Federal Relations and Health Policy Advisor

# Welcome

The purpose of today's presentation is to:

1. Provide an overview of AHCCCS' State Plans and federal policy, and
2. Describe the important role of lived experience in shaping health policy.

# What is health policy?

- The laws, regulations, actions, and decisions implemented within society in order to promote wellness and ensure that specific health goals are met.
- Notable events in health policy include:
  - 1965: Medicaid established
  - 1992: SMI rights established in AZ in Laws 1992, Ch. 301, § 61
  - 1997: CHIP established for low-mind income children
  - 2014: The Affordable Care Act expanded Medicaid eligibility (up to 133% FPL)

# Why does health policy matter?

- Issues of health policy affect:
  - Who receives health care.
  - The kind of health care services available.
  - The quality of health care.
  - The amount (\$\$\$) that health care providers are paid for services.
  - The amount (\$\$\$) that you pay for health care.

# What is the State Plan?

- The State Plan is AHCCCS' core health policy document.
- It describes Arizona's Medicaid program and how it operates.
- It is a legal contract between the State of Arizona and the federal government, authorizing Arizona to implement Medicaid within the limits of federal regulations.
- It is also the basis for the state to receive federal matching funds to implement Medicaid.

# How is the State Plan Organized?

- The State Plan is approximately 1,000 pages.
- It is organized into 7 sections which cover topics such as:
  - Eligibility Criteria
  - Services Offered
  - Payment Rates
  - Legal Requirements
- It is posted to AHCCCS' website:  
[www.azahcccs.gov/Resources/StatePlans/](http://www.azahcccs.gov/Resources/StatePlans/)

The screenshot shows the AHCCCS website interface. At the top is the AHCCCS logo (Arizona Health Care Cost Containment System). Below it is a search bar and a navigation menu with links: HOME, AHCCCS INFO, MEMBERS/APPLICANTS, PLANS/PROVIDERS, AMERICAN INDIANS, RESOURCES, FRAUD PREVENTION, and CRISIS?. The main content area is titled "State Plan" and includes a description: "The State Plan is a comprehensive written contract between AHCCCS and the Centers for Medicare and Medicaid Services (CMS) that describes the nature and scope of its Medicaid program. Arizona has a State Plan for Medicaid and a State Plan for the Children's Health Insurance Program (KidsCare)." It also lists sections: "The Purpose of the State Plan", "AHCCCS Responsibility", "State Plan for Medicaid", and "State Plan for Children's Health Insurance Program (KidsCare)". A sidebar on the left contains a "Governmental Oversight" menu with sub-items: Federal and State Requirements, Legislative Sessions, Moratoriums, Waiver, Mental Health Parity, County Acute Care Contributions, Grants, and Hospital Finance & Utilization Information.

# Why does the State Plan matter?

## The State Plan...

- Establishes **who** may receive Medicaid in Arizona.
- Establishes the **services available** to Medicaid members.
  - E.g. Psychiatry, Lifeskills, Peer Support, Individual/Group Therapy
- Establishes how much **providers are paid** for providing services
- Establish health care **quality and treatment standards**
  - E.g. Provider qualifications, Medication Assisted Treatment, etc.

# How is the State Plan updated?

- The State Plan is a living document.
- It is regularly updated for many reasons such as adding new services, updating eligibility criteria and changing payment rates.
- To change the State Plan, for reasons such as those noted above, we must prepare and receive CMS approval of a State Plan Amendment (SPA).

# What is the SPA Process?

# What is the SPA Process? (Cont'd)

**Informal Questions  
from CMS**  
(90 day clock)

**Approval/Denial**

**Formal Request for  
Additional Information**  
(stops clock)

# What are some notable SPAs in AZ?

- Peer and Family Support Services (2010)
- Medicaid Expansion in Arizona (2013/2014)
- Public Health Emergency (PHE) Flexibilities (2020-current)
- Medicaid School Based Care (2021)
- Postpartum Coverage Expansion (2023)
- Community Health Worker Services (2023)

# What are some upcoming SPAs?

- Expansion of CHIP Income Eligibility Limits (225% FPL)
- CHIP 12-month Continuous Eligibility
- Medicaid Children 12-month Continuous Eligibility

# How does lived experience fit within health policy?

- Lived experience plays a vital role in shaping health policy.
- A [2021 Report](#) from the US Dept of Health and Human Services describes how to incorporate lived experience in policy through:
  - Storytelling: Telling one's unique story and highlighting one's experience in the health care system.
  - Advising: Making policy recommendations and suggestions based on lived experience

# What is a public comment?

- Definition: Input given by the public on certain proposed government actions.
- A public comment can be sent on behalf of yourself or can be sent on behalf of a group (e.g., an organization, a community).
- A public comment can be a simple email to the public comment email address.
- A public comment can also be a more formal letter.

Who is qualified to submit a public comment?

**EVERYONE!**

# What opportunities for public comment does AHCCCS have?

- AHCCCS has [a website](#) with Public Notices and Opportunities for Public Comment.
- Each State Plan Amendment (SPA) [is posted](#) for public comment.
- The Public Comment Period for each SPA lasts 45 days.
- Public comments may be submitted via email or postal mail.

# How does AHCCCS use SPA public comments?

- The public comments help AHCCCS to better understand the needs of AHCCCS members and stakeholders.
- All SPA comments are reviewed, summarized, and presented to AHCCCS Executive Leadership.
- The public comments may affect how a policy is operationalized.
- The public comments may also inspire the creation of entirely new policies and services.

# What sort of experience should I share in my public comment?

Share whatever is important to you!

This might include:

- Cultural background
- Community connections
- Needs and preferences
- Experience in the healthcare system
- Recommendations based on experience

# What are some examples of public comments?

- “As someone who has been on AHCCCS, I understand the difficulties of...”
- “Living in a community where 75% of the population speaks only Spanish, I recommend that...”
- “As the father of child with a diagnosed mental health condition, I believe that this policy is...”

# How can I stay updated on opportunities for public comment?

- Check the AHCCCS web page titled “Public Notices and Opportunities for Public Comment”
- Follow AHCCCS on Social Media
- Attend the State Medicaid Advisory Committee (SMAC) as a public member

Questions?

Thank You.

# State Plan Amendments

Ruben Soliz, Federal Relations and Health Policy  
Advisor (for the State Plan)

Division of Community Advocacy and  
Intergovernmental Relations

# Overview of State Plan/ State Plan Amendments (SPAs)

- Each state has a Medicaid state plan that describes how the state will administer its Medicaid program.
- The State Plan is the basis for federal financial participation in the Medicaid program, attesting to the State's compliance with federal regulations.
- In order to alter a State Plan, states must submit State Plan Amendments (SPAs), and receive approval from CMS.

# SPA Updates - Recent Approvals

- Former Foster Care Children (FFCC) Eligibility Group  
Attests to the state's compliance with the SUPPORT Act (2018) requirements for mandatory coverage of the FFCC group.
- Postpartum Continuous Coverage  
Allows for 12-months of postpartum continuous coverage in Medicaid and CHIP.
- Community Health Worker (CHW) Services  
Establishes Medicaid reimbursement for CHW services.

## SPA Updates - Recent Submissions

- Other Provider Rates: This SPA updates the reimbursement methodology for calculating the FFS rate for alcohol and/or drug services; intensive outpatient.
  - The rate was previously calculated as a percentage of provider charges.
  - The new rate is \$157.86.
  - The new rate is comparable to the rate set by MCOs.
- Long Acting Reversible Contraception (LARC) Rates: Updates the rate for LARC to align with their wholesale acquisition cost.

# Public Comment Process

All SPAs are posted for Public Notice at the following website:
