OMB Expiration date: 10/31/2014

Voluntary Benefit Package Selection Assurances - Eligibility Group under Section 1902(a)(10)(A) (i)(VIII) of the Act ABP2a

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan.

No

These assurances must be made by the state/territory if the Adult eligibility group is included in the ABP Population.

- The state/territory shall enroll all participants in the "Individuals at or below 133% FPL Age 19 through 64" (section 1902(a)(10)(A) (i)(VIII)) eligibility group in the Alternative Benefit Plan specified in this state plan amendment, except as follows: A beneficiary in the eligibility group at section 1902(a)(10)(A)(i)(VIII) who is determined to meet one of the exemption criteria at 45 CFR 440.315 will receive a choice of a benefit package that is either an Alternative Benefit Plan that includes Essential Health Benefits and is subject to all 1937 requirements or an Alternative Benefit Plan that is the state/territory's approved Medicaid state plan not subject to 1937 requirements. The state/territory's approved Medicaid state plan includes all approved state plan programs based on any state plan authority, and approved 1915(c) waivers, if the state has amended them to include the eligibility group at section 1902(a)(10)(A) (i)(VIII).
- The state/territory must have a process in place to identify individuals that meet the exemption criteria and the state/territory must comply with requirements related to providing the option of enrollment in an Alternative Benefit Plan defined using section 1937 requirements, or an Alternative Benefit Plan defined as the state/territory's approved Medicaid state plan that is not subject to section 1937 requirements.
- Once an individual is identified, the state/territory assures it will effectively inform the individual of the following:
- a) Enrollment in the specified Alternative Benefit Plan is voluntary;
 - b) The individual may disenroll from the Alternative Benefit Plan defined subject to section 1937 requirements at any time and instead receive an Alternative Benefit Plan defined as the approved state/territory Medicaid state plan that is not subject to section 1937 requirements; and
 - c) What the process is for transferring to the state plan-based Alternative Benefit Plan.
- The state/territory assures it will inform the individual of:
- a) The benefits available as Alternative Benefit Plan coverage defined using section 1937 requirements as compared to Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan and not subject to section 1937 requirements; and
 - b) The costs of the different benefit packages and a comparison of how the Alternative Benefit Plan subject to 1937 requirements differs from the Alternative Benefit Plan defined as the approved Medicaid state/territory plan benefits.

How will the state/territory inform individuals about their options for enrollment? (Check all that apply)

- Letter
- Email
- Other

Alternative Benefit Plan

Provide a copy of the letter, email text or other communication text that will be used to inform individuals about their options for enrollment.

An attachment is submitted.

When did/will the state/territory inform the individuals?

After the state receives a member survey from the member, the state will determine whether the member has an exempt individual status as defined at 45 CFR 440.315. Iowa will then mail the member a letter informing them of their enrollment options.

Please describe the state/territory's process for allowing individuals in the Section 1902(a)(10)(A)(i)(VIII) eligibility group who meet exemption criteria to disenroll from the Alternative Benefit Plan defined using section 1937 requirements and enroll in the Alternative Benefit Plan defined as the state/territory's approved Medicaid state plan.

Members will simply need to call the Iowa Medicaid Member Services unit and request to change plans. The member can change plans at any time. Iowa would like to clarify, however, that the ABP defined using the section 1937 requirements does not actually cover all the 1937 requirements. Exemptions to the 1937 requirements are included in the Iowa Marketplace Choice Plan Special Terms and Conditions document, and include waiver of NEMT services. Iowa's attestations about this ABP are not meant to indicate that the ABP will comply with the requirements of 1937, only that the benefit plan is defined statutorily in section 1937.

The state/territory assures it will document in the exempt individual's eligibility file that the individual:

- a) Was informed in accordance with this section prior to enrollment;
- b) Was given ample time to arrive at an informed choice; and
- c) Chose to enroll in Alternative Benefit Plan coverage subject to section 1937 requirements or defined as the state/territory's approved Medicaid state plan, which is not subject to section 1937 requirements.

Where will the information be documented? (Check all that apply)

- In the eligibility system.
- In the hard copy of the case record.
- Other

Describe:

Iowa will keep all correspondence regarding the member (whether sent from or received by Iowa) in a secure computer system.

What documentation will be maintained in the eligibility file? (Check all that apply)

- Copy of correspondence sent to the individual.
- Signed documentation from the individual consenting to enrollment in the Alternative Benefit Plan.
- Other

Describe:

Only eligibility information will be in the member's eligibility file. Iowa has other systems that maintain correspondence and documentation about the member.

Alternative Benefit Plan

- The state/territory assures that it will maintain data that tracks the total number of individuals who have voluntarily enrolled in either Alternative Benefit Plan coverage subject to section 1937 requirements or Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan, which is not subject to section 1937 requirements.

Other information related to benefit package selection assurances for exempt participants (optional):

Enrollment Assurances - Mandatory Participants

ABP2c

These assurances must be made by the state/territory if enrollment is mandatory for any of the target populations or sub-populations.

When mandatorily enrolling eligibility groups in an Alternative Benefit Plan (Benchmark or Benchmark-Equivalent Plan) that could have exempt individuals, prior to enrollment:

- The state/territory assures it will appropriately identify any individuals in the eligibility groups that are exempt from mandatory enrollment in an Alternative Benefit Plan or individuals who meet the exemption criteria and are given a choice of Alternative Benefit Plan coverage defined using section 1937 requirements or Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan, not subject to section 1937 requirements.

How will the state/territory identify these individuals? (Check all that apply)

- Review of eligibility criteria (e.g., age, disorder/diagnosis/condition)

Describe:

Iowa has created a referral form to be used by providers or other entities with a relationship with the member. The form will ask for attestation of the conditions that qualify a person as an exempt individual. When providers submit this form, Iowa will review the form to determine whether the individual meets the criteria of an exempt individual.

- Self-identification

Describe:

Iowa will utilize a self-attestation method of screening via affirmative answers to two questions on the single-streamlined application regarding receipt of Social Security income and/or having a physical, mental, or emotional health condition that causes limitations in activities of daily living. If an individual answers affirmatively to either or both questions, they will receive a questionnaire to assess whether they may have an exempt individual status as described 42 CFR 440.315. When the member completes/returns the questionnaire, the responses will be reviewed to calculate (based on a weighted scoring algorithm) whether or not the member meets the criteria of an exempt individual. The member can return this form at any time for a determination of their status. If the member does not return the form, s/he will remain in the Marketplace Choice plan.

- Other

- The state/territory must inform the individual they are exempt or meet the exemption criteria and the state/territory must comply with all requirements related to voluntary enrollment or, for beneficiaries in the "Individuals at or below 133% FPL Age 19 through 64" eligibility group, optional enrollment in Alternative Benefit Plan coverage defined using section 1937 requirements or Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan.
- The state/territory assures that for individuals who have become exempt from enrollment in an Alternative Benefit Plan, the state/territory must inform the individual they are now exempt and the state/territory must comply with all requirements related to voluntary enrollment or, for beneficiaries in the "Individuals at or below 133% FPL Age 19 through 64" eligibility group, optional enrollment in Alternative Benefit Plan coverage defined using section 1937 requirements, or Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan.

How will the state/territory identify if an individual becomes exempt? (Check all that apply)

- Review of claims data
- Self-identification

Alternative Benefit Plan

- Review at the time of eligibility redetermination
- Provider identification
- Change in eligibility group
- Other

How frequently will the state/territory review the Alternative Benefit Plan population to determine if individuals are exempt from mandatory enrollment or meet the exemption criteria?

- Monthly
- Quarterly
- Annually
- Ad hoc basis
- Other

Describe:

Self identification will be done at enrollment and annual re-enrollment. However, persons may self-identify at any time by completing the questionnaire or contacting the Iowa Medicaid Enterprise for assistance in doing so. Additionally, provider/entity referrals may be made at any time.

- The state/territory assures that it will promptly process all requests made by exempt individuals for disenrollment from the Alternative Benefit Plan and has in place a process that ensures exempt individuals have access to all standard state/territory plan services or, for beneficiaries in the "Individuals at or below 133% FPL Age 19 through 64" eligibility group, optional enrollment in Alternative Benefit Plan coverage defined using section 1937 requirements, or Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan.

Describe the process for processing requests made by exempt individuals to be disenrolled from the Alternative Benefit Plan:

If an exempt individual contacts the Iowa Medicaid Enterprise requesting to be disenrolled from the ABP, the IME will disenroll and provide him or her with the other Alternative Benefit Plan available to the member. Coverage in the new plan will be effective on the 1st of the following month.

Other Information Related to Enrollment Assurance for Mandatory Participants (optional):

If an individual is determined by Iowa to be exempt as defined by 45 CFR 440.315, the member will be enrolled in the Alternative Benefit Plan defined as the state/territory's approved Medicaid state plan and will have the option to change coverage to the Alternative Benefit Plan known as the Iowa Wellness Plan.

Provide detail on the type of delivery system(s) the state/territory will use for the Alternative Benefit Plan's benchmark benefit package or benchmark-equivalent benefit package, including any variation by the participants' geographic area.

Type of service delivery system(s) the state/territory will use for this Alternative Benefit Plan(s).

Select one or more service delivery systems:

- Managed care.
- Managed Care Organizations (MCO).
 - Prepaid Inpatient Health Plans (PIHP).
 - Prepaid Ambulatory Health Plans (PAHP).
 - Primary Care Case Management (PCCM).

Managed Care Options

Managed Care Assurance

- The state/territory certifies that it will comply with all applicable Medicaid laws and regulations, including but not limited to sections 1903(m), 1905(t), and 1932 of the Act and 42 CFR Part 438, in providing managed care services through this Alternative Benefit Plan. This includes the requirement for CMS approval of contracts and rates pursuant to 42 CFR 438.6.

Managed Care Implementation

Please describe the implementation plan for the Alternative Benefit Plan under managed care including member, stakeholder, and provider outreach efforts.

Iowa Wellness Plan members will be required to participate in medical managed care through enrollment in a PCCM program as described in the state's 1932(a) state plan amendment. Iowa Wellness Plan members who are enrolled into managed care under this authority be given the choice of enrolling with a patient manager under the PCCM program or an MCO if they reside in a county where an MCO is an additional choice. For residents in those counties where an adequate panel of PCCM providers is not available they may receive services from any provider who is participating in the Iowa Medicaid program. For these residents, services will be claimed as Fee for Services (FFS). Enrollment will only be mandatory for those persons residing in a county where there is PCCM adequacy. An MCO may be an option in some counties when the Department of Human Services has determined that the MCO has presented a panel sufficient to meet the needs of the potential enrolled population. The enrollment algorithm will assure an even distribution between the PCCM program and the MCO, where applicable. Members will have the choice of changing the default selection in the same manner as described in the state's 1932(a) state plan amendment. The payment methodology for the PCCM program is detailed in Attachment 3.1F.

In developing its waiver for the expansion population the state of Iowa has followed the Iowa enabling legislation. In addition, multiple public meetings of all stakeholders have been held to explain the process, the program and gather input. Tribal notification has been issued in this process as well.

MCO: Managed Care Organization

The managed care delivery system is the same as an already approved managed care program.

 Yes

Alternative Benefit Plan

The managed care program is operating under (select one):

- Section 1915(a) voluntary managed care program.
- Section 1915(b) managed care waiver.
- Section 1932(a) mandatory managed care state plan amendment.
- Section 1115 demonstration.
- Section 1937 Alternative (Benchmark) Benefit Plan state plan amendment.

Identify the date the managed care program was approved by CMS:

Describe program below:

The MCO will be allowed to participate in a county where the Department of Human services has determined that a sufficient provider panel exists to provide covered services to the potential enrolled population. This is consistent with the state's 1932(a) state plan.

Where medical managed care is required because of the availability of the PCCM program AND where an MCO is an option, the department will use a default algorithm to tentatively enroll members with as close to a 50% split between the PCCM program and the available MCO. If there are multiple MCOs, the split will be adjusted as possible to provide an even distribution of default enrollments. Members will have a period of time to change their enrollment before being required to stay in a program for 6 months, consistent with the state's 1932(a) state plan. Certain services will not fall within the management of the program. These will mirror those excluded under the state's 1932(a) state plan amendment.

Additional Information: MCO (Optional)

Provide any additional details regarding this service delivery system (optional):

PIHP: Prepaid Inpatient Health Plan

The managed care delivery system is the same as an already approved managed care program.

The managed care program is operating under (select one):

- Section 1915(a) voluntary managed care program.
- Section 1915(b) managed care waiver.
- Section 1115 demonstration.
- Section 1937 Alternative (Benchmark) Benefit Plan state plan amendment.

Identify the date the managed care program was approved by CMS:

Describe program below:

Mental Health and Substance Abuse (MH/SA) treatment services will be provided through a contract with a PIHP which is competitively bid through a process approved by CMS. The PIHP has developed a provider panel sufficient to meet the needs of the population to be enrolled. All MH/SA services allowed under the enabling legislation and subsequent 1115 waiver that allows eligibility will be provided through the PIHP. The waiver allows for freedom of choice within the panel of providers. Services that are not covered within the benefit package are not included in capitation payments to the PIHP. This will mirror, with the exception of the benefit package, the same process for services delivery as is currently performed for Medicaid members under the Iowa Plan, the title of the current waiver program.
