

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT  
State/Territory: OREGON

AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL  
CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

---

13.d. Rehabilitative: Substance Use Disorder Services:

Substance Use Disorder (SUD) treatment services include; screening, assessment, individual counseling, group counseling, individual family and/or couple counseling, group family and/or couple counseling, care coordination, medication assisted treatment, medication management, collection and handling of specimens for substance analysis, interpretation services, acupuncture, detoxification and peer support.

The Oregon Health Authority (OHA) provides SUD treatment services through approved managed care organizations; Coordinated Care Organizations (CCOs), Fully Capitated Health Plans (FCHPs), and Physician Care Organization (PCO), Community Mental Health Programs (CMHPs) or through direct contracted providers. The CCOs, FCHPs and PCO may provide services directly, or through subcontract providers in a variety of settings. Providers must obtain a certificate of approval or license from the Addictions and Mental Health Division (AMH) for the scope of services to be reimbursed.

OHA requires that CCOs, FCHPs, PCO, CMHPs and providers use the American Society of Addiction Medicine (ASAM) Patient Placement Criteria second edition-revised (PPC-2R) to determine the appropriate level of SUD treatment of care.

Rehabilitative services must be recommended by a physician or licensed practitioner of the healing arts within the scope of their practice under state law and that the purpose of the services are for the "maximum reduction of physical or mental disability and restoration of a recipient to his best possible functional level".

SUDs TREATMENT SERVICE COMPONENTS

**Screening** is a brief process that occurs soon after the individual seeks services. It indicates whether the individual is likely to have a substance use disorder and mental disorder. Individuals who screen positive for substance use disorders are given a full in-depth assessment, those who screen positive for a mental disorder receive or are referred on to receive a full in-depth assessment.

AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL  
CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

---

13.d. Rehabilitative: Substance Use Disorder Services:

**Screening (Cont):** Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

**Assessment** consists of gathering key information and engaging in a process with the individual that enables the healthcare professional to establish the presence or absence of a disorder, determine the individual's readiness for change, identify the individual's strengths or problem areas that may affect the processes of treatment and recovery. This process results in a diagnosis and completion of an integrated service and support plan (ISSP) with the individual's input in setting their treatment goals. The duration/frequency of the treatment services are determined utilizing ASAM PPC-2R, the ISSP and the individual's needs. Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

**Individual counseling therapy/Individual family and/or couple counseling** provides individual counseling therapy in a private setting as identified by their ISSP. The duration/frequency of the treatment services are determined utilizing ASAM PPC-2R, the ISSP and the individual's needs. . Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

**Group counseling/ Group family and/or couple counseling** therapy services provided is designed to assist in the attainment of goals described in the ISSP. Goals of Individual, Group or Family level treatment may include enhancing interpersonal skills, mitigating the symptoms of SUDs, and lessening the results of traumatic experiences, learning from the perspective and experiences of others and counseling/psychotherapy to establish and /or maintain stability in living, work or educational environment. Individuals eligible for group therapy must demonstrate an ability to benefit from experiences shared by others, demonstrate the ability to participate in a group dynamic process in a manner that is respectful of other's right to confidential treatment and must be able to integrate feedback from other group members. Duration/frequency of this service is determined by the individual's needs and documented in their ISSP.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT  
State/Territory: OREGON

AMOUNT, DURATION, AND SCOPE OF MEDICAL AND REMEDIAL  
CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

---

13.d. Rehabilitative: Substance Use Disorder Services:

**Group counseling/ Group family and/or couple counseling (Cont)** Family treatment may take place without the consumer present in the room but service must be for the benefit of attaining the goals identified for the individual in their ISSP. Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

**Care coordination** is provided to an individual with complex needs in order to ensure timely and appropriate treatment and care. Activities include assessment and ongoing re-assessment, assists in treatment goal planning, integrated treatment planning, resource identification, referral and linkage to rehabilitative services and informal resources such as family and self- help support, and collaborative development of individualized services that promote continuity of care. These specialized activities are intended to promote treatment retention and to minimize the risk of relapse and to increase the community tenure for the individual. Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

**Medication assisted treatment (MAT)** is the use of medications, in combination with counseling and behavioral therapies, to provide a whole-patient approach to the treatment of SUDs. MAT is clinically driven with a focus on individualized patient care identified in their ISSP. Providers authorized to provide these services include LMP, QMHP, CADC.

**Medication management and monitoring** is for the prescribing and/or administering and reviewing of medications and their side effects, including both pharmacological management as well as supports and training to the individual. This service shall be rendered by a person licensed to perform such services. This service may be provided in consultation with collateral, primary therapists, and/or care coordination managers, but includes only minimal psychotherapy. Also includes medication monitoring, reporting back to persons licensed to perform medication management services for the direct benefit of the Medicaid enrolled individual. This activity may take place at any location and for as long as it is clinically necessary. This service is designed to facilitate medication compliance and positive outcomes.

CARE AND SERVICES PROVIDED TO THE CATEGORICALLY NEEDY

---

13.d. Rehabilitative: Substance Use Disorder Services:

**Medication management and monitoring (Cont)** Enrollees with low medication compliance history or persons newly on medication are most likely to receive this service. Time spent with the enrollee is the only direct service billable component of this modality. Duration/frequency of this service is determined by the individual's needs and documented in their ISSP. Collection and handling of specimens for substance analysis are included in this service. Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

**Acupuncture** is used in combination with counseling and behavioral therapies to reduce withdrawal symptoms, decreases SUDs cravings acupuncture is used as part of a comprehensive treatment plan, duration and frequency is determined by the ISSP. Providers authorized to provide these services include Acupuncturist, LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

**Detoxification** refers not only to the reduction of the physiological and psychological features of withdrawal syndromes, but also the process of interrupting the momentum of compulsive use. This service component is for two ASAM treatment levels of detoxification services, clinically managed and medically monitored detoxification.

Clinically managed detoxification is an organized service that provides 24-hour structure, support, supervision, and observation for individuals who are intoxicated or experiencing withdrawal symptoms. Emphasis is on peer and social support, this level of care does not require medical professionals. Providers include peer support and other non-clinical staff.

Medically monitored detoxification is delivered by licensed medical and nursing professionals, who have specialized training in substance use disorders and which provides 24-hour medically supervised evaluation and withdrawal management in a permanent facility with inpatient beds. This level of care is for individuals whose withdrawal signs and symptoms are sufficiently severe to require medical professionals but not an acute care general hospital. Providers authorized to provide these services include LMP, QMHP, CADC and interns under appropriate supervision as defined in the provider qualification section.

---

13.d. Rehabilitative: Substance Use Disorder Services:

**Peer Support** services can be provided to individuals who are under the consultation, facilitation or supervision of a competent SUDs treatment professional who understands rehabilitation and recovery. Peer Support services promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills in order to facilitate the recovery of others with substance use disorders. Peer services include self-help support groups by sharing the peer counselor's own life experiences related to SUDs and will build support mechanisms that enhance the consumers' recovery and restores their ability to function in the community. These services may occur at locations where consumers are known to gather (e.g., churches, parks, community centers, etc.). Services provided by peer supports are described in the individualized ISSP which uses a person centered planning process to promote participant ownership of the plan of care and delineates specific goals.

LIMITATION ON SERVICES

Limitation and duration/frequency of services are dependent upon each individual's medical needs and outlined in their ISSP. Medically necessary rehabilitative services are provided without limitation in amount, duration and scope in accordance with clinical treatment guidelines, indications and usage.

PROVIDER QUALIFICATIONS

Substance Use Disorder treatment must be provided by an AMH certified or licensed health provider. Providers outlined below are authorized to provide substance use disorder rehabilitative services:

A. Licensed Medical Practitioners (LMPs) provide ongoing medical oversight as appropriate. A Licensed Medical Practitioners (LMP) means a person who meets the following minimum qualifications as documented by the Local Mental Health Authority (LMHA) or designee:

METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES

---

13.d. Rehabilitative Mental Health Services

Payment methods for Rehabilitative Mental Health Services are a state-wide fee schedule effective for services provided on or after 8/1/2011. The fee schedule is posted on the agency web at: <http://www.oregon.gov/OHA/amh/tools-providers.shtml>. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of rehabilitative mental health services.

The provider types, as outlined in section 13.d, pages 6-d.6 to 6-d.9, can bill, depending on the services provided, in 15 minute units, daily or monthly frequency, accordingly to the CPT/HCPCS billing code utilized.

Interpretive services are billed by the mental health providers and reimbursed an add-on payment as part of the delivery of a Medicaid service. Providers authorized must be qualified interpreters and not immediate family members. Interpretive services (T1013) are included in the fee scheduled referenced above.

13.d. Rehabilitative Services: Substance Use Disorder (SUD)

Payment methods for Rehabilitative SUD Services are a state-wide fee schedule effective for services provided on or after 8/1/2011. The fee schedule is posted on the agency web at: <http://www.oregon.gov/OHA/amh/tools-providers.shtml>. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of Rehabilitative SUD Services.

Interpretive services are provided as an optional medical service under the rehabilitative SUD Services. Interpretive services are billed by the SUD Services providers and reimbursed an add-on payment as part of the delivery of a Medicaid service. Providers authorized must be qualified interpreters and not immediate family members. Interpretive services (T1013) are included in the fee scheduled referenced above.
