Jennifer S. Lee, M.D., Director Department of Medical Assistance Services 600 East Broad Street, Suite 1300 Richmond, VA 23219

Dear Dr. Lee:

The Centers for Medicare & Medicaid Services (CMS) has reviewed Virginia's State Plan Amendment (SPA) 18-0008, Alternative Benefit Plan - Medicaid Expansion. This SPA proposes an Alternative Benefit Plan (ABP) that will align benefits between the ABP and amendments to Attachment 3.1A, and will authorize enrollment of expansion population into the Virginia Medicaid Managed Care (Medallion 4.0) program and the Commonwealth Coordinated Care (CCC) Plus program. The population group for this ABP includes only the adult group under section 1902(a)(10)(A)(i)(VIII) of the Social Security Act.

All requirements pertaining to ABPs must be met including, but not limited to: benefits, payment rates, reimbursement methodologies, cost-sharing State Plan pages, and (if applicable) managed care service delivery systems (waivers and contracts). Amendments to the State's approved Medicaid program (SPAs, waivers, contracts) may require corresponding amendments to the ABP if the change to the benefit in the approved State Plan will be mirrored in the ABP.

Please note that the section 1915(b) waiver amendments authorizing the state to enroll the expansion population into the Medallion 4.0 and CCC Plus programs must also be approved before the population can be formally enrolled in Medicaid managed care programs. These waiver amendments have been submitted to CMS and are currently under review.

This SPA is acceptable. Therefore, we are approving SPA 18-0008 with an effective date of January 1, 2019. Enclosed are the approved SPA pages and the Summary Page/CMS-179 Form.

If you have further questions about this SPA, please contact Margaret Kosherzenko of my staff at 215-861-4288.

Sincerely,

/S/

Francis McCullough Associate Regional Administrator

CMS requires that DMAS develop an ABP for the Medicaid expansion population. DMAS developed an ABP that meets all of the federal requirements for the amount, duration, and scope of benefits. The benefits under the approved ABP will be available to all individuals eligible pursuant to section 1902(a)(10) (A)(i)(VIII) of the Social Security Act and will be delivered through managed care organizations. Beneficiaries may also receive services through the Medicaid fee-for-service program on a transitional basis. The ABP coverage will include essential health benefits (ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, rehabilitation and habilitative services, prescription drugs, laboratory, preventive services, and pediatric services). Any service limits or cost sharing currently authorized under the approved Medicaid State Plan will apply to the ABP. The proposed ABP will include the full range of Early Periodic Screening, Diagnoses, and Treatment (EPSDT) program benefits available under the Virginia State Plan for individuals under the age of 21.

DMAS is soliciting input from stakeholders, providers and beneficiaries on the potential impact of the proposed state plan amendment to establish the ABP for individuals aged 19 to 64 who are eligible for Medicaid pursuant to section 1902(a)(10)(A)(i)(VIII) of the Social Security Act. Written comments or inquiries may be submitted within 14 days of this notice publication to Emily McClellan, Policy and Research Division, Department of Medical Assistance Services, 600 East Broad Street, Richmond, VA 23219, Emily.McClellan@dmas.virginia.gov or may be submitted on the Regulatory Town Hall website: http://townhall.virginia.gov/L/Forums.cfm

The State assures compliance with the provisions of Section 5006 (e) of the American Recovery and

Reinvestment Act of 2009 related to Tribal populations. (There are no Indian Health Providers or Indian Health Services in the Commonwealth of Virginia.)

#### Voluntary Benefit Package Selection Assurances - Eligibility Group under Section 1902(a)(10)(A)(i)(VIII) of the Act

The state/territory has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements. Therefore the state/territory is deemed to have met the requirements for voluntary choice of benefit package for individuals exempt from mandatory participation in a section 1937 Alternative Benefit Plan.

Explain how the state has fully aligned its benefits in the Alternative Benefit Plan using Essential Health Benefits and subject to 1937 requirements with its Alternative Benefit Plan that is the state's approved Medicaid state plan that is not subject to 1937 requirements.

Virginia has fully aligned the benefits in the ABP with its approved Medicaid State Plan by using duplication, substitution and including remaining Medicaid State Plan services as other Section 1937 covered benefits while still meeting the requirements of all Essential Health Benefits.

Non-Emergency Medical Transportation (NEMT) covers transportation for Medicaid enrollees to and from Medicaid-covered services. This service is provided through a broker for fee-for-service Medicaid recipients and through the Medicaid Managed Care Organizations for Medicaid recipients in managed care. Transportation is arranged through the most appropriate mode, including non-emergency ambulance, stretcher van, wheelchair van, common carrier bus services, commercial taxicab services, public transit services, and mileage reimbursement for private vehicles. Transportation services are covered when the recipient does not have an operable automobile and no transportation is available from a spouse or parent. (Exceptions are granted for specified critical services.) Transportation is provided for the nearest available source of care capable of providing the patient's medical needs. Curb-to-curb, door-to-door, and hand-to-hand service is provided based on the patient's needs. Non-covered transportation services; to a mental institution when the admission is court-ordered; for routine physicals and immunizations (except EPSDT services); for picking up prescriptions at a pharmacy when the drugs can be delivered or mailed; for picking up WIC vouchers; for services outside Virginia except for border areas; and for any non-covered service.

DMAS is currently operating a managed care delivery system for most of the Virginia Medicaid population. As such, it already has well-established member, stakeholder, and provider outreach efforts under way. DMAS and its stakeholder partners will ensure that the existing program is able to handle the new Medicaid Adult Expansion Group efficiently and effectively. DMAS' contracted Medicaid Managed Care Organizations have years of experience providing services to similar Medicaid populations in Virginia. DMAS is confident that previous successful implementation of new managed care programs (as well as the expansion of existing program) have provided the experience needed to ensure the smooth roll-out of managed care services to this new population.

	C Section 1937 Alternative (Benchmark) Benefit Plan state plan amendment.				
	Identify the date the managed care program was approved by CMS: Jul 1, 2013				
	Describe program below:				
	There are two 1915(b) waivers utilized by the populations in the ABP. Most of the Medicaid Expansion population will be enrolled in Medallion 4.0 which serves infants, children and adolescents, foster care individuals, pregnant women and parents, or the Commonwealth Coordinated Care (CCC) Plus program serving older adults and disabled individuals.				
	The Virginia Medicaid Managed Care program (Medallion) operating with contracted MCOs was initially approved by CMS January 1, 1996. The latest CMS re-approval of this program was July 1, 2013. Since its inception, this program has continued to expand the number of populations covered as well as the geographical area served. In July 2013, the managed care program expanded to cover the entire state of Virginia and the CMS authorized this waiver through July 1, 2018. The latest waiver amendment was submitted to CMS on April 30, 2018.				
	The CCC Plus waiver was approved April 27, 2017 with an effective date of July 1, 2017 and was approved for five years. An amendment was submitted on May 30, 2018.				
	Medically frail individuals will be enrolled in CCC Plus; individuals who are not medically frail will be enrolled in Medallion 4.0. The following populations will be excluded from managed care and will remain in fee-for-service: the incarcerated, presumptive hospital eligibility adults less than or equal to 133 percent of FPL, those in government-owned nursing facilities, residents of Tangier island, those related to the birth injury fund, and the portion of Plan First members who do not meet the criteria.

Fe	e-For-Service Options				
ndi	cate whether the state/territory offers traditional fee-for-service and/or services managed under an administrative services anization:				
•	Traditional state-managed fee-for-service				
$\widehat{}$	Services managed under an administrative services organization (ASO) arrangement				
	Please describe this fee-for-service delivery system, including any bundled payment arrangements, pay for performance, fee-for- service care management models/non-risk, contractual incentives as well as the population served via this delivery system.				
	The Medicaid fee-for-service (FFS) system provides services to Medicaid-eligible individuals state-wide. The program covers newly-Medicaid-enrolled individuals until they can enroll in a Medicaid-contracted MCO in the managed care program. It also covers the following services and individuals that are carved out of or excluded from the managed care programs that will be serving the Medicaid expansion population: the incarcerated, presumptive hospital eligibility adults less than or equal to 133 perce of FPL, those in government-owned nursing facilities, residents of Tangier island, those related to the birth injury fund, and the portion of Plan First members who do not meet the criteria.

#### Employer Sponsored Insurance and Payment of Premiums

The state/territory provides the Alternative Benefit Plan through the payment of employer sponsored insurance for participants with such coverage, with additional benefits and services provided through a Benchmark or Benchmark-Equivalent Benefit Package.

Provide a description of employer sponsored insurance, including the population covered, the amount of premium assistance by population, employer sponsored insurance activities including required contribution, cost-effectiveness test requirements, and benefit information:

All individuals eligible under Section 1902(a)(10)(A)(i)(VIII) with access to cost-effective health insurance plans (group health plans described in section 1906 or qualified employer-sponsored plans in section 1906A of the Social Security Act) may elect to receive coverage through the State's Health Insurance Premium Payment program. The state assures that health insurance plan coverage is established in sections 3.2 and Attachment 4.22-C of the state's approved Medicaid State Plan. The beneficiary will receive a benefit package that includes a wrap of benefits around the health insurance plan that equals the benefit package to which the beneficiary is entitled. The beneficiary will not be responsible for payment of premiums or other cost sharing that exceeds nominal levels as established at 42 CFR 447 subpart A.

The state/territory otherwise provides for payment of premiums.
