

APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.ⁱ This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

Appendix K-1: General Information

General Information:

A. State: Louisiana

B. Waiver Title(s): Community Choices Waiver & Adult Day Health Care Waiver

C. Control Number(s): Reference LA. 0866.R02.10 & LA.0121.R07.10

D. Type of Emergency (The state may check more than one box):

<input checked="" type="radio"/>	Pandemic or Epidemic
<input type="radio"/>	Natural Disaster
<input type="radio"/>	National Security Emergency
<input type="radio"/>	Environmental
<input type="radio"/>	Other (specify):

E. **Brief Description of Emergency.** *In no more than one paragraph each*, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state's mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

This Appendix K is additive to the previously approved Appendix K documents and has the same start date as the other previously approved Appendix K documents.

This Appendix K approval is necessary because the COVID-19 Public Health Emergency (PHE) negatively affected staffing levels at Support Coordination Agencies and they are unable to certify individuals in the waiver programs in a timely manner. This delay results in slots vacated through attrition to remain vacant longer than desired. Attrition in the Community Choices Waiver and the Adult Day Health Care (ADHC) Waiver can be as much as 76 per month and there are over 11,000 individuals on the Request for Services Registries (waiting lists). Therefore, the State may assist these agencies with completing level of care evaluations/re-evaluations and person-centered service plans as well as utilizing the state's Long Term Care Access contractor to conduct initial level of care evaluations only for these waiver cases.

F. Proposed Effective Date: Start Date: January 27, 2020 **Anticipated End Date:** 6 months after the conclusion of the Public Health Emergency (PHE)

G. Description of Transition Plan.

All activities will take place in response to the impact of COVID-19 as efficiently and effectively as possible based upon the complexity of the change.

H. Geographic Areas Affected:

These actions will apply across the waivers to all individuals impacted by the COVID-19 virus.

ⁱNumerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
