

APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

Providers of customized living services that have had at least one confirmed case of COVID-19 (among residents or staff), as determined by the Minnesota Department of Health, are eligible for a temporary 50 percent increase to their approved rates for 45 days. The rate increase will help providers absorb costs related to COVID-19, including, but not limited to, the following:

- staffing;
- purchase of personal protective equipment; and
- implementation of infection control measures as needed.

This change is effective retroactive to 3/13/20 and through 7/31/20. Providers determined eligible for the rate increase on or before 7/31/20 will receive the rate increase for 45 days. Providers receiving this temporary rate add-on must agree to terms and conditions developed by the Department to ensure this rate add-on does not duplicate other funding sources available to the provider. Providers must also deliver documentation to the Department upon request for purposes of post-pandemic audit review. No rate add-on will be provided for costs otherwise reimbursed by FEMA, Medicare, or another source of funding.

This change is additive to the Appendix K(s) already approved for the COVID-19 pandemic.

ⁱ Numerous changes that the state may want to make may necessitate

authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
