Dear Mr. Richardson,

We are writing to inform you that the Centers for Medicare & Medicaid Services (CMS) is approving Missouri's request to amend the following 1915(c) Home and Community-Based Services (HCBS) waiver with the Emergency Preparedness and Response Appendix K in order to respond to the COVID-19 pandemic:

WAIVER TITLE	CMS AMENDMENT CONTROL NUMBER
Brain Injury Waiver	MO.1406.R00.07

The state's approved Appendix K is effective from January 27, 2020 through six months after the end of the Public Health Emergency (PHE). The amendments that the state has requested in the Appendix K are additive to those previously approved. CMS notes the state is increasing the cost limit for waiver entry from \$27,500 to \$32,000 effective July 1, 2022 through six months after the end of the PHE. In addition, the state is increasing the unduplicated number of waiver participants (Factor C) effective July 1, 2022 through six months after the end of the PHE. The amendments apply in all locations served by the individual waivers for anyone impacted by COVID-19.

CMS reminds the state that the state must have an approved spending plan in order to use the money realized from section 9817 of the American Rescue Plan. Approval of this action does not constitute approval of the state's spending plan.

We have included the approved Appendix K pages with this correspondence. Please utilize the waiver management system for HCBS waivers for any further amendments to these waiver programs other than Appendix K.
