APPENDIX K:  Emergency Preparedness and Response and COVID-19 Addendum

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities. This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

NM.0173.R06.02:
For the following services, immediate rate increases based on the State’s 2019 rate study will be effective to alleviate overtime and PPE costs.

Rate increases will be temporary during the pandemic:

   • Intensive Medical Living Services - $468.00
   • Family Living - $140.99; Jackson class only $152.77

Rates will be increased to enable the provider to maintain the direct support professional (DSP) workforce due to increased risk to the DSPs and nurses who are required to support COVID-19 positive members, to cover DSPs and nurses who must work higher than normal overtime that is not already factored into the provider rate, and to cover additional expenditures for cleaning and PPE.

[Specify the services.]

j. X_ Temporarily include retainer payments to address emergency related issues.  
[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]

The State will temporarily include retainer payments for day habilitation and community integration services which include a component of personal care services on a participant’s budget in any of the waivers covered under this Appendix K when these services cannot be rendered due to COVID-19 containment efforts. The personal assistance retainer time limit may not exceed the lesser of 30 consecutive days or the number of days for which the State authorizes a payment for “bed-hold” in nursing facilities. Retainer payments will not be authorized when a provider is providing services and will only occur on a case by case basis when a provider is directly impacted by the emergency.

Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
