APPENDIX K: Emergency Preparedness and Response

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendment to its approved waiver. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities. This appendix may be completed retroactively as needed by the state.

Appendix K-1: General Information

General Information:

A. State: Ohio

B. Waiver Title: Assisted Living, Ohio Home Care Waiver, My Care Ohio, PASSPORT

C. Control Number: 0446.R03.02, 0337.R04.07, 1035.R01.03, 0198.R06.04.

D. Type of Emergency (The state may check more than one box):

- X Pandemic or Epidemic
- ○ Natural Disaster
- ○ National Security Emergency
- ○ Environmental
- ○ Other (specify):

E. Brief Description of Emergency. In no more than one paragraph each, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state’s mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

On March 11, 2020, the World Health Organization declared the rapidly spreading coronavirus (COVID-19) outbreak will likely spread to all countries around the globe. Earlier, on March 9, 2020, Ohio Governor Mike DeWine declared a statewide state of emergency to protect the health, safety and well-being of Ohioans from the dangerous effects of COVID-19. All citizens have been urged to heed the advice of the Ohio Department of Health (ODH) and other emergency officials regarding this public health crisis.

health emergency. State agencies, including those serving individuals through Ohio Medicaid, are authorized to coordinate the State response to COVID-19, and to develop and implement procedures, including suspending or adopting temporary rules within an agency’s authority, consistent with recommendations from ODH designed to prevent or alleviate this public health threat. The Ohio Department of Medicaid (ODM) is submitting this Appendix K for the purpose of establishing processes aimed at reducing risks and ensuring access to home and community-based services (HCBS) to individuals through the Assisted Living, Ohio Home Care, MyCare Ohio, and PASSPORT waiver programs who are at greatest risk from COVID-19.

Current enrollment on each of the three waivers is as follows:
- Assisted Living: 3,310
- Ohio Home Care: 7,134
- MyCare Ohio: 32,890
- PASSPORT: 20,429

Slots for the respective waivers are as follows:
- Assisted Living: 5,391 in waiver year 2
- Ohio Home Care: 9,800 in waiver year 5
- MyCare Ohio: 33,938 in waiver year 3
- PASSPORT: 35,919 in waiver year 3

The Ohio Home Care serves individuals birth through age 59, and the MyCare Ohio waiver programs serve individuals ages 18 and older. The Assisted Living program serves individuals age 21 and older and the PASSPORT program serves individuals aged 60 and older. All these waivers require a skilled or intermediate level of care (considered by the State to meet nursing facility (NF) level of care) for enrollment. The State is assuming all enrolled individuals on the Assisted Living, Ohio Home Care, MyCare Ohio, and PASSPORT programs are currently at risk of contracting the infection which causes COVID-19.

The Ohio Department of Medicaid (ODM), the State Medicaid agency, is responsible for administration and oversight of the Ohio Home Care Waiver and MyCare Ohio Waiver programs. ODM contracts with multiple case management agencies (CMA) to provide assessment and case management services. The CMAs operate regionally around the state and are responsible for interfacing with individuals at the local level to assure access to services. CMA staff perform level of care assessments, as well annual and event-based reassessments, work with each waiver individual to develop/update person-centered service plans tailored to meet their specific needs, monitor health and welfare, and provide ongoing case management and support. ODM also contracts with a single entity to perform provider management and oversight functions and to conduct provider oversight and incident investigations.

The Ohio Department of Medicaid (ODM) maintains oversight of operational and policy development at Ohio Department of Aging (ODA) through an interagency agreement between ODM and ODA, and thirteen three party agreements with ODM, ODA and the PAAs. These agreements provide for ODM reviews of programmatic compliance with federal and state laws and regulations and both auditing and fiscal compliance. The PAAs, which serve as ODA’s designee as outlined in the agreement, are delegated responsibility for the daily operation of the Assisted Living and PASSPORT waiver as designated regional entities. ODA is primarily responsible for monitoring the PAAs compliance with state and federal law and policies relative to waiver operations.

The State is seeking approval from CMS to make changes to Section K-1-F, updating the end date to “six months after the conclusion of the public health emergency.” This Appendix K is additive to the previously approved Appendix K submissions.
F. Proposed Effective Date: Start Date: 1/27/2020 Anticipated End Date: __ End date is six months after the conclusion of the PHE

G. Description of Transition Plan.
   All activities will take place in response to the impact of COVID-19 as efficiently and effectively as possible based upon the complexity of the change

H. Geographic Areas Affected:
   These actions will apply across the waiver to all individuals impacted by the COVID-19 virus

Numerous changes that the state may want to make necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
