

# APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

## Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.<sup>i</sup> This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

E. **Brief Description of Emergency.** *In no more than one paragraph each*, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state's mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

Oklahoma has included the following temporary changes to this waiver to accommodate the need for service provision outside of approved service descriptions to ensure participant health and safety needs can be accommodated for the duration of the emergency.

While the retroactive rate increase starts January 1, 2021, Oklahoma intends to utilize 9817 ARP funds for the retroactive rate increase beginning 4/1/2021.

This Appendix K is additive to the previously approved Appendix K's and includes the following:

- Oklahoma has included a retroactive COVID-19 add on payment.
- Retroactive payment cannot be applied to retainer payments.

The state has implemented these flexibilities to avoid any adverse effect on member health and safety and provider capacity to deliver services. The amount of the retroactive add on payment rate for the period beginning January 1, 2021, does not exceed 20% of the provider's current rate. Should a provider be unable to deliver services during this emergency, another active Department of Disability Services (DDS) waiver service provider will be authorized immediately, and the member's service plan will be updated.

**F. Proposed Effective Date: Start Date:** January 27, 2020 **Anticipated End Date:** Six months after Public Health Emergency expiration.

**G. Description of Transition Plan.**

Any temporary modifications made during the state of emergency will revert back to original form six months after the Public Health Emergency expiration. All members directly impacted by the temporary modifications will be notified 10 days prior to the date of action. In the event it is determined this change may adversely affect a member, the member and his/her Team will discuss the member's needs and options available to meet those needs. Person-centered planning is used in all phases of the service development process.

In response to the COVID-19 pandemic, the State has adjusted provider rates to account for increased risk factors, overtime and to ensure that essential services remain available for service recipients. Oklahoma has deemed it necessary to reimburse providers with retroactive add-on COVID-19 rates. These add-on payments are applied to all services in which face to face contact is essential for beneficiary health and safety. While the retroactive rate increase starts January 1, 2021, Oklahoma intends to utilize 9817 ARP funds for the retroactive rate increase beginning 4/1/2021. The amount of the retroactive add on payment rate for the period beginning January 1, 2021 does not exceed 20% of the provider's current rate.

This increase in rates does not overlap with any retainer payments being rendered. Oklahoma's COVID-19 add-on payments may be made for the following services:

- Adult Day
- Habilitation Training Specialist
- Homemaker
- Prevocational
- Respite
- Supported Employment

**i. \_\_\_ Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.**

[Specify the services.]

**j. \_\_\_ Temporarily include retainer payments to address emergency related issues.**

[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]

**k. \_\_\_ Temporarily institute or expand opportunities for self-direction.**

[Provide an overview and any expansion of self-direction opportunities including a list of services that may be self-directed and an overview of participant safeguards.]

**l. \_\_\_ Increase Factor C.**

[Explain the reason for the increase and list the current approved Factor C as well as the proposed revised Factor C]

<sup>i</sup> Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
