

# APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

**Background:**

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.<sup>1</sup> This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

## Appendix K-2: Temporary or Emergency-Specific Amendment to Approved Waiver

**Temporary or Emergency-Specific Amendment to Approved Waiver:**

*These are changes that, while directly related to the state's response to an emergency situation, require amendment to the approved waiver document. These changes are time limited and tied specifically to individuals impacted by the emergency. Permanent or long-ranging changes will need to be incorporated into the main appendices of the waiver, via an amendment request in the waiver management system (WMS) upon advice from CMS.*

**a. \_\_\_ Access and Eligibility:**

**i. \_\_\_ Temporarily increase the cost limits for entry into the waiver.**

[Provide explanation of changes and specify the temporary cost limit.]

**ii. \_\_\_ Temporarily modify additional targeting criteria.**

[Explanation of changes]

**b. \_\_\_ Services**

**i. \_\_\_ Temporarily modify service scope or coverage.**

[Complete Section A- Services to be Added/Modified During an Emergency.]

[Complete Section A-Services to be Added/Modified During an Emergency]

**iv. X Temporarily expand setting(s) where services may be provided (e.g. hotels, shelters, schools, churches). Note for respite services only, the state should indicate any facility-based settings and indicate whether room and board is included:**

[Explanation of modification, and advisement if room and board is included in the respite rate]:

Residential Habilitation

Allow Residential Habilitation to be temporarily provided in licensed residential homes located on a campus setting for quarantine purposes when the provider is unable to safely quarantine the individual(s) in their home(s). Use of licensed residential homes on a campus is permissible only for the length of time a participant is required to be quarantined as outlined in the most current guidance from the Department of Health.

Community Participation Support

Allow direct Community Participation Support to be provided in a setting owned, leased or operated by a provider of other ODP Services, excluding Personal Care Homes and homes where Residential Habilitation is provided.

Allow remote Community Participation Support to be provided for individuals receiving Residential Habilitation when all of the following conditions are met:

- The participant chooses to receive remote Community Participation Support. The service cannot be provided solely for the convenience of the Residential Habilitation provider;
- ISP team discussion occurred and the ISP reflects that the activity to be provided remotely supports the participant’s preferences and needs;
- The remote services meet HIPAA requirements;
- The remote service includes a component of skill building for use of technology so that, in the long term, individuals can use technology independently or with minimal support to continue on-line learning activities or enhance communication with friends and family; and
- The skills being taught remotely are of a specialized nature and cannot be taught by residential staff (examples include remote instruction conducted by artists, therapists, counselors, physical trainers or yoga instructors) or the remote service supports personal relationships by connecting the participant to peers from the Community Participation Support facility or friends met through the Community Participation Support service. When supporting personal relationships, the remote service must be part of a larger plan for participants to connect in community settings.

When remote Community Participation Support meet these criteria, a maximum of 10 hours per week of remote support may be authorized/billed on the ISP.

**v. \_\_\_ Temporarily provide services in out of state settings (if not already permitted in the state’s approved waiver). [Explanation of changes]**

**c. \_\_\_ Temporarily permit payment for services rendered by family caregivers or legally responsible individuals if not already permitted under the waiver.** Indicate the services to which this will apply and the safeguards to ensure that individuals receive necessary services as authorized in the plan of care, and the procedures that are used to ensure that payments are made for services rendered.

**d. X Temporarily modify provider qualifications (for example, expand provider pool, temporarily modify or suspend licensure and certification requirements).**

**i. X Temporarily modify provider qualifications.**

[Provide explanation of changes, list each service affected, list the provider type, and the changes in provider qualifications.]

Allow Supports Coordination Organizations to be Organized Health Care Delivery Systems (OHCDS) for any vendor service authorized in the participant's ISP. When a Supports Coordination Organization chooses to be an Organized Health Care Delivery System, the Supports Coordination Organization must enroll and qualify as an OHCDS and comply with all requirements regarding OHCDS in the appendix I-3-g-ii of the current approved waivers.

**g. \_\_\_ Temporarily modify person-centered service plan development process and individual(s) responsible for person-centered service plan development, including qualifications.**

[Describe any modifications including qualifications of individuals responsible for service plan development, and address Participant Safeguards. Also include strategies to ensure that services are received as authorized.]

**h. \_\_\_ Temporarily modify incident reporting requirements, medication management or other participant safeguards to ensure individual health and welfare, and to account for emergency circumstances.** [Explanation of changes]

**i. \_\_\_ Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.**

[Specify the services.]

**j. \_\_\_ Temporarily include retainer payments to address emergency related issues.**

<sup>i</sup> Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
