

APPENDIX K: Emergency Preparedness and Response

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendment to its approved waiver. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities.ⁱ This appendix may be completed retroactively as needed by the state.

Appendix K-1: General Information

General Information:

A. State: Pennsylvania

B. Waiver Title: OBRA

C. Control Number: #0235.R05.12

D. Type of Emergency (The state may check more than one box):

<input checked="" type="checkbox"/>	Pandemic or Epidemic
<input type="checkbox"/>	Natural Disaster
<input type="checkbox"/>	National Security Emergency
<input type="checkbox"/>	Environmental
<input type="checkbox"/>	Other (specify):

E. **Brief Description of Emergency.** *In no more than one paragraph each*, briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state’s mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

COVID-19 pandemic. This amendment will apply waiver-wide to all individuals impacted by the virus or the response to the virus (e.g. closure of day programs, etc.). This amendment is in addition to the Appendix K approvals on March 18, 2020 and May 6, 2020. This amendment extends the anticipated end date to December 31, 2020 and includes a minor update to the transition plan.

F. **Proposed Effective Date:** Start Date: March 6, 2020 Anticipated End Date: December 31, 2020

G. Description of Transition Plan.

All activities will take place in response to the impact of COVID-19 as efficiently and effectively as possible based upon the complexity of the change.

Participants will transition back to pre-emergency service levels upon a date determined by the Office of Long-Term Living and in conjunction with the timeframes federal and/or state health officials have determined that the virus outbreak is adequately contained and possesses minimal risks to revert to existing, approved waiver practices. This transition will be implemented no sooner than 48 hours, but no later than 7 business days, or a timeframe determined by OLTL based upon the complexity of the change, after the public has been made aware of pandemic containment and Medicaid providers have been notified of the intent to repeal emergency-based standards described herein.

As all changes in this Appendix K are specific to COVID-19 impacts, once the emergency has abated, there will no longer be a need for participants to maintain service changes allowable through Appendix K. In the event services on the Individual Service Plan (ISP) are increased or provided in a modified manner to address COVID-19-related needs, participants will be notified that services will revert back to service levels and modalities that were in place prior to being impacted by COVID-19.

In keeping with existing practices, individualized needs will be reassessed on a case-by-case basis, as needed, if any long-term changes are required to a participant’s ISP once the Commonwealth resumes standard program rules and policies approved in the active OBRA 1915(c) HCBS waiver application.

ⁱ Numerous changes that the state may want to make necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
