APPENDIX K: Emergency Preparedness and Response and COVID-19 Addendum

Background:

This standalone appendix may be utilized by the state during emergency situations to request amendments to its approved waiver, to multiple approved waivers in the state, and/or to all approved waivers in the state. It includes actions that states can take under the existing Section 1915(c) home and community-based waiver authority in order to respond to an emergency. Other activities may require the use of various other authorities such as the Section 1115 demonstrations or the Section 1135 authorities. This appendix may be applied retroactively as needed by the state. Public notice requirements normally applicable under 1915(c) do not apply to information contained in this Appendix.

Appendix K-1: General Information

E. Brief Description of Emergency. *In no more than one paragraph each,* briefly describe the: 1) nature of emergency; 2) number of individuals affected and the state’s mechanism to identify individuals at risk; 3) roles of state, local and other entities involved in approved waiver operations; and 4) expected changes needed to service delivery methods, if applicable. The state should provide this information for each emergency checked if those emergencies affect different geographic areas and require different changes to the waiver.

   COVID-19 pandemic. This amendment will apply waiver-wide for each waiver included in this Appendix, to all individuals impacted by the virus or the response to the virus (e.g. closure of day programs, etc.)
F. Proposed Effective Date: Start Date: January 27, 2020 Anticipated End Date: January 26, 2021

G. Description of Transition Plan.

All activities will take place in response to the impact of COVID-19 as efficiently and effectively as possible based upon the complexity of the change.

H. Geographic Areas Affected:

These actions will apply across the waiver to all individuals impacted by the COVID-19 virus

I. Description of State Disaster Plan (if available) Reference to external documents is acceptable:

Appendix K-2: Temporary or Emergency-Specific Amendment to Approved Waiver

Temporary or Emergency-Specific Amendment to Approved Waiver:

These are changes that, while directly related to the state’s response to an emergency situation, require amendment to the approved waiver document. These changes are time limited and tied specifically to individuals impacted by the emergency. Permanent or long-ranging changes will need to be incorporated into the main appendices of the waiver, via an amendment request in the waiver management system (WMS) upon advice from CMS.

a. Access and Eligibility:

i. Temporarily increase the cost limits for entry into the waiver.
[Provide explanation of changes and specify the temporary cost limit.]

ii. Temporarily modify additional targeting criteria.
[Explanation of changes]

b. Services
i. ___ Temporarily modify service scope or coverage.
[Complete Section A- Services to be Added/Modified During an Emergency.]

ii. ___ Temporarily exceed service limitations (including limits on sets of services as described in Appendix C-4) or requirements for amount, duration, and prior authorization to address health and welfare issues presented by the emergency.
[Explanation of changes]

iii. ___ Temporarily add services to the waiver to address the emergency situation (for example, emergency counseling; heightened case management to address emergency needs; emergency medical supplies and equipment; individually directed goods and services; ancillary services to establish temporary residences for dislocated waiver enrollees; necessary technology; emergency evacuation transportation outside of the scope of non-emergency transportation or transportation already provided through the waiver).
[Complete Section A-Services to be Added/Modified During an Emergency]

iv. ___ Temporarily expand setting(s) where services may be provided (e.g. hotels, shelters, schools, churches). Note for respite services only, the state should indicate any facility-based settings and indicate whether room and board is included:
[Explanation of modification, and advisement if room and board is included in the respite rate]:

| Habilitation services, including residential, day, career exploration and supported employment, may be provided in an alternative setting necessary to ensure the health and safety of participants. Alternative settings include hotels, shelters, schools, churches and other settings which have not been determined to fully meet the HCBS Settings Rule criteria. This does not include Respite services. |

v. ___ Temporarily provide services in out of state settings (if not already permitted in the state’s approved waiver). [Explanation of changes]

| c. ___ Temporarily permit payment for services rendered by family caregivers or legally responsible individuals if not already permitted under the waiver. Indicate the services to which this will apply and the safeguards to ensure that individuals receive necessary services as authorized in the plan of care, and the procedures that are used to ensure that payments are made for services rendered. |

d. ___ Temporarily modify provider qualifications (for example, expand provider pool, temporarily modify or suspend licensure and certification requirements). |
i. Temporarily modify provider qualifications.
   [Provide explanation of changes, list each service affected, list the provider type, and the changes in provider qualifications.]

   When needed, current qualified provider certification may be extended for up to one year when COVID-19 pandemic impacts the ability for providers to obtain/renew license or certification. Currently, qualified providers are required to maintain a two-year certification. Certification is determined by the Division of Developmental Disabilities at a biennial review which occurs prior to the end of the qualified provider’s certification period on May 31. This extension will allow qualified providers certifications to remain valid until DDD staff are able to safely complete an onsite review. All qualified providers have received an onsite certification review within the last two years. This request allows for those already certified providers to maintain their certification until the pandemic precautions are lifted. Individual’s on the OIG exclusionary list may not receive Medicaid payment during and after the pandemic.

   Temporarily suspend direct support provider staff training requirements except for techniques for identifying ANE, procedures for reporting alleged ANE, implementation of the person’s ISP and positive behavior support plan and medication administration training for new employees.

ii. Temporarily modify provider types.
    [Provide explanation of changes, list each service affected, and the changes in the provider type for each service].

iii. Temporarily modify licensure or other requirements for settings where waiver services are furnished.
    [Provide explanation of changes, description of facilities to be utilized and list each service provided in each facility utilized.]

iv. Temporarily modify processes for level of care evaluations or re-evaluations (within regulatory requirements). [Describe]

f. Temporarily increase payment rates.
   [Provide an explanation for the increase. List the provider types, rates by service, and specify whether this change is based on a rate development method that is different from the current approved waiver (and if different, specify and explain the rate development method). If the rate varies by provider, list the rate by service and by provider.]
g. Temporarily modify person-centered service plan development process and individual(s) responsible for person-centered service plan development, including qualifications.
[Describe any modifications including qualifications of individuals responsible for service plan development, and address Participant Safeguards. Also include strategies to ensure that services are received as authorized.]

- Temporarily suspend all requirements for face to face meetings involving the development, implementation and monitoring of the ISP. All face to face requirements shall be performed by way of remote/electronic means.
- Temporarily suspend requirements for allowing visitors (providers may prohibit / restrict visitation in line with CMS recommendations for long-term care facilities). Suspend requirements for right to choose whom to share a bedroom with.
- Temporarily suspend or identify alternative approaches to all non-essential medical appointments and assessments as determined by the person’s ISP team and the person’s health care provider.

h. Temporarily modify incident reporting requirements, medication management or other participant safeguards to ensure individual health and welfare, and to account for emergency circumstances. [Explanation of changes]

i. Temporarily allow for payment for services for the purpose of supporting waiver participants in an acute care hospital or short-term institutional stay when necessary supports (including communication and intensive personal care) are not available in that setting, or when the individual requires those services for communication and behavioral stabilization, and such services are not covered in such settings.
[Specify the services.]

j. Temporarily include retainer payments to address emergency related issues.
[Describe the circumstances under which such payments are authorized and applicable limits on their duration. Retainer payments are available for habilitation and personal care only.]
Agencies that provide day services (facility-based day habilitation, career exploration, supported employment) and residential services, both of which includes personal care, will be eligible to receive retainer payments when individuals receiving services are displaced from those settings due to the COVID-19 pandemic. Retainer payment can only be billed for participants receiving day or residential services and only for the amount authorized. Retainer payments may not exceed the lessor of 30 consecutive days. Retainer payments can only be billed when the individual is not receiving day or residential services in another setting by the provider authorized to receive retainer payments.

k. __ TEMPORARILY INSTITUTE OR EXPAND OPPORTUNITIES FOR SELF-DIRECTION.
[Provide an overview and any expansion of self-direction opportunities including a list of services that may be self-directed and an overview of participant safeguards.]

l. __ INCREASE FACTOR C.
[Explain the reason for the increase and list the current approved Factor C as well as the proposed revised Factor C]

m. __ OTHER CHANGES NECESSARY [For example, any changes to billing processes, use of contracted entities or any other changes needed by the State to address imminent needs of individuals in the waiver program]. [Explanation of changes]

Appendix K Addendum: COVID-19 Pandemic Response

1. **HCBS Regulations**
   a. ☒ Not comply with the HCBS settings requirement at 42 CFR 441.301(c)(4)(vi)(D) that individuals are able to have visitors of their choosing at any time, for settings added after March 17, 2014, to minimize the spread of infection during the COVID-19 pandemic.

2. **Services**
   a. ☒ Add an electronic method of service delivery (e.g., telephonic) allowing services to continue to be provided remotely in the home setting for:
      i. ☒ Case management
      ii. ☒ Personal care services that only require verbal cueing
      iii. ☒ In-home habilitation
iv. ☒ Monthly monitoring (i.e., in order to meet the reasonable indication of need for services requirement in 1915(c) waivers).

v. ☐ Other [Describe]:

b. ☐ Add home-delivered meals
c. ☐ Add medical supplies, equipment and appliances (over and above that which is in the state plan)
d. ☐ Add Assistive Technology

3. Conflict of Interest: The state is responding to the COVID-19 pandemic personnel crisis by authorizing case management entities to provide direct services. Therefore, the case management entity qualifies under 42 CFR 441.301(c)(1)(vi) as the only willing and qualified entity.

   a. ☒ Current safeguards authorized in the approved waiver will apply to these entities.
b. ☐ Additional safeguards listed below will apply to these entities.

4. Provider Qualifications

   a. ☐ Allow spouses and parents of minor children to provide personal care services
   b. ☐ Allow a family member to be paid to render services to an individual.
c. ☐ Allow other practitioners in lieu of approved providers within the waiver. [Indicate the providers and their qualifications]

   d. ☐ Modify service providers for home-delivered meals to allow for additional providers, including non-traditional providers.

5. Processes

   a. ☐ Allow an extension for reassessments and reevaluations for up to one year past the due date.
b. ☒ Allow the option to conduct evaluations, assessments, and person-centered service planning meetings virtually/remotely in lieu of face-to-face meetings.
c. ☐ Adjust prior approval/authorization elements approved in waiver.
d. ☒ Adjust assessment requirements
e. ☒ Add an electronic method of signing off on required documents such as the person-centered service plan.

Numerous changes that the state may want to make may necessitate authority outside of the scope of section 1915(c) authority. States interested in changes to administrative claiming or changes that require section 1115 or section 1135 authority should engage CMS in a discussion as soon as possible. Some examples may include: (a) changes to administrative activities, such as the establishment of a hotline; or (b) suspension of general Medicaid rules that are not addressed under section 1915(c) such as payment rules or eligibility rules or suspension of provisions of section 1902(a) to which 1915(c) is typically bound.
